intended that votes will be cast, pursuant to the enclosed proxy, for such substitute nominee as may be nominated by the Board of Directors, or the Board of Directors may reduce the number of Directors. Each nominee has consented to being named in this Proxy Statement and to serve if elected.

### Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's Directors and executive officers and persons who own more than 10% of the Company's Common Stock to file initial reports of ownership and reports of changes in ownership of Common Stock with the Commission. Such persons are required by Commission regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that applicable Section 16(a) filing requirements were satisfied for transactions that occurred in 2001.

### COMMITTEES

The standing committees of the Board of Directors are the Executive Committee, the Audit Committee, the Executive Compensation Committee, the Investment Funds Committee, the Finance Committee and the Corporate Governance Committee. The Executive Committee has the authority to act for the Board of Directors on most matters during the intervals between Board meetings. The

functions of the Audit Committee are discussed below under "Audit Information." The functions of the Executive Compensation Committee are discussed below under "Report of Executive Compensation Committee." The Investment Funds Committee establishes the investment policy and monitors the performance of pension and portfolio investments of the Company and its subsidiaries. The Finance Committee advises the Board of Directors with respect to financing needs, capital structure and other financial matters. The Corporate Governance Committee develops qualifications for Director candidates, recommends to the Board of Directors persons to serve as Directors of the Company and monitors developments in, and makes recommendations to the Board concerning corporate governance practices. Shareholders entitled to vote for the election of Directors may nominate candidates for consideration by the Corporate Governance Committee. See "Proposals for 2003 Annual Meeting."

During the fiscal year ended December 31, 2001, there were eight meetings of the Board of Directors, one meeting of the Executive Committee, five meetings of the Audit Committee, five meetings of the Executive Compensation Committee, five meetings of the Investment Funds Committee, two meetings of the Finance Committee and one meeting of the Corporate Governance Committee. All Directors attended 75% or more of the total aggregate number of meetings of the Board of Directors and of the committees on which they served.

### DIRECTORS' COMPENSATION

Each Director who is not an officer of the Company receives a quarterly retainer of \$3,750, a fee of \$1,500 for attendance at each Board meeting, and a fee of \$750 for attendance at each meeting of a Board committee of which he is a member. Effective December 1, 1998, each such non-employee Director may elect to receive all or part of his compensation in stock. The number of shares of the Company's Common Stock issuable to a Director who makes an annual irrevocable election to receive all stock in lieu of cash compensation is increased by 20%. A Director who is also an officer of the Company receives no compensation for his or her services as a Director.

The Outside Directors Deferral Plan, as amended and restated in 1998, permits non-employee Directors to defer all or a portion of their cash compensation in Deferred Stock Units. Each Deferred Stock Unit represents a hypothetical share of the Company's Common Stock and fluctuates in value with the market price of such

6

stock. A Participant's Deferred Stock Unit Account is increased by Common Stock dividends paid by the Company. Those Directors who elect to defer 100% of their total cash compensation into Deferred Stock Units for a given year shall receive additional compensation in the form of Deferred Stock Units equal to 20% of their total compensation. Any amounts deferred under the original Outside Directors Deferral Plan may be transferred into the amended and restated Plan by making a one time election to do so. If such amounts are not transferred, the Director's Deferred Cash Account will continue to be credited with interest annually. The interest paid is based on the Rate of Return set forth in the amended and restated Plan, which is currently 9%. Under the original Plan and the amended and restated Plan, benefits are paid in cash in a lump sum or in installments and include survivor's benefits on the benefit commencement date chosen by the Participant. A Participant may also postpone receipt of benefit payments by making a timely election. Accelerated payment of deferred benefits may occur under certain conditions, including a change of control of the Company.

Prior to 1997 pursuant to the Company's 1992 Stock Option Plan for

## Edgar Filing: LANDAMERICA FINANCIAL GROUP INC - Form DEF 14A

Non-Employee Directors (the "Directors' Option Plan"), and in 1997 pursuant to the Company's 1991 Stock Incentive Plan, as amended (the "1991 Stock Incentive Plan"), each non-employee Director was granted an option to purchase 1,500 shares of Common Stock of the Company on the first business day following each annual meeting of shareholders. Beginning in 1998, pursuant to the 1991 Stock Incentive Plan, the annual option grant to each non-employee Director was increased to 2,000 shares of the Company's Common Stock. Since 2001, the annual option grants have been made pursuant to the Company's 2000 Stock Incentive Plan (the "2000 Stock Incentive Plan"). The exercise price of all options granted to non-employee Directors is the fair market value of the Company's Common Stock on the date of grant. All of the options are exercisable six months after the date of grant and expire ten years from the date of grant. Shorter expiration periods may apply in the event an optionee dies, becomes disabled or resigns from or does not stand for reelection to the Board. The options will be adjusted for stock dividends, stock splits and certain other corporate events that may occur in the future.

### REPORT OF EXECUTIVE COMPENSATION COMMITTEE

Decisions on compensation of the Company's executive officers as well as those officers of its subsidiaries who are members of executive management (collectively "senior management") are made by the Executive Compensation Committee of the Board. The Committee determines the salaries of the Company's senior management and reviews and approves annual management incentive programs and executive benefits for senior management. It also administers the 1991 and 2000 Stock Incentive Plans, the Directors' Option Plan, the Executive Voluntary Deferral Plan, the Outside Directors Deferral Plan and the Executive Target Ownership Program. The Committee reviews any significant changes in the tax qualified employee pension benefit plans and the Regional Management Incentive Programs. All decisions by the Executive Compensation Committee relating to the compensation of the Company's senior management are reported to the full Board.

Under rules established by the Commission, the Company is required to provide certain information with respect to the compensation and benefits provided to the Company's Chairman and Chief Executive Officer, Charles H. Foster, Jr., and the other executive officers of the Company, including the Named Executive Officers. The report of the Executive Compensation Committee set forth below addresses the Company's compensation policies in effect for 2001.

#### Executive Compensation Policies

The Executive Compensation Committee's executive compensation policies are designed to provide competitive levels of compensation that integrate pay with the Company's annual and long-term performance goals, recognize individual initiative and achievements, and assist the Company in attracting and retaining highly qualified executives. They provide for competitive base salaries which reflect individual performance and level of responsibility; annual variable performance opportunities payable in cash on the basis of merit and

7

for the achievement of financial and operating performance goals established by the Committee; and long-term, stock-based incentive opportunities which strengthen the mutuality of interests between senior management and the Company's shareholders.

In furtherance of its responsibility to determine executive compensation, the Executive Compensation Committee annually, or more frequently, reviews the Company's executive compensation program. The Committee evaluates compensation structures and the financial performance of other publicly held companies in the title insurance industry, of publicly held companies in certain other financial

## Edgar Filing: LANDAMERICA FINANCIAL GROUP INC - Form DEF 14A

services sectors and in companies of similar size as well as the compensation of executive officers in those companies in order to establish general parameters within which it may fix competitive compensation for its executive officers. The Committee may also review data from published compensation surveys. The insurance industry peer group used for compensation analysis is included within, but is narrower than, the peer group index in the performance graph included in this proxy statement due to the small number of title companies on which compensation data is publicly available. The Executive Compensation Committee believes that compensation comparisons are most appropriately made to executives within the insurance industry peer group, with particular emphasis on comparable title insurance companies. This group may change as the Company or its competitors change their focus, merge or consolidate or as new competitors emerge.

The Executive Compensation Committee then determines the appropriate salary and management incentive using a number of factors, including the executive officer's individual duties and responsibilities in the Company, relative importance to the overall success of the Company's short-term and long-term goals and attainment of individual performance goals, if appropriate. With respect to Mr. Foster, the Committee specifically considers the following factors: integrity, vision, leadership, ability to meet agreed upon corporate performance objectives, succession planning, shareholder relations and CEO-Board relations, and it evaluates the overall performance of the Company, including revenues, earnings, development of the organization and return on shareholders' equity. With respect to the other executive officers, including the Named Executive Officers, the Committee reviews goals and accomplishments for the year as they pertain to the area or areas of Company operations for which the executive is personally responsible and accountable.

Combining subjective and objective policies and practices, this assessment process is undertaken annually, or more frequently, by the Executive Compensation Committee in order to implement the Company's pay-for-performance policy, which focuses on an executive officer's total compensation, including cash and non-cash compensation, from all sources.

### Base Salaries and Annual Incentives

The Company's executive compensation program stresses incentive opportunities linked to financial and operating performance and incorporates competitive base salaries for senior management targeting the median for comparable positions at comparable companies during 2001. After a review and evaluation by the Committee in 2001 of Mr. Foster's personal performance in light of his management responsibilities, the Company's profitability levels in 2000 and the competitiveness of Mr. Foster's annual base salary to those of other chief executive officers of comparable companies, Mr. Foster's salary for 2001 was increased to \$525,000.

The executive officers of the Company, including the Named Executive Officers, were eligible for incentive compensation for their 2001 performance. Annual incentive awards for 2001 were made to certain members of senior management, including the Named Executive Officers. The Committee intends to award annual incentives based on comparisons to peer group and individual performance. The Executive Compensation Committee review included an assessment of the performance of selected individuals in achieving objective and subjective quarterly and annual goals in his or her respective area of responsibility.

Based on the performance of the Company and his individual performance, Mr. Foster's annual incentive award for 2001 was \$304,566.

## Edgar Filing: LANDAMERICA FINANCIAL GROUP INC - Form DEF 14A

### Long-Term Incentives

The Committee administers the 1991 and 2000 Stock Incentive Plans under which it has granted to key executives stock options and shares of restricted Common Stock based upon a determination of competitive aggregate compensation levels. The primary objective of issuing stock-based incentives is to encourage significant investment in stock ownership by management and to provide long-term financial rewards linked directly to market performance of the Company's stock. The Committee believes that significant ownership of stock by senior management is the best way to align the interests of management and the shareholders, and the Company's stock incentive program is effectively designed to further this objective.

Effective February 20 and December 20, 2001, the Executive Compensation Committee granted stock options (the "2001 Options") to various executives, including the Named Executive Officers. The December 2001 option grants were intended to be in lieu of grants that otherwise would have been made in February 2002. The Committee granted Mr. Foster 2001 Options to acquire an aggregate of 160,000 shares of Common Stock. The Committee initially determined the aggregate number of options to be granted to executives by using a calculation based upon the Company's issued and outstanding shares on a fully diluted basis, with a goal of granting aggregate options in an amount equal to 1.5% to 2% of fully diluted issued and outstanding shares each year. In deciding to use such a calculation, the Committee assessed data with respect to option grants to executives in the insurance industry peer group and considered the executive compensation structure of companies of comparable size and performance characteristics. With respect to the options granted to Mr. Foster, the Committee evaluated Mr. Foster's overall compensation package relative to that of other chief executives in the peer group. With respect to the allocation of available options among the Named Executive Officers and other executives, the Committee is of the view that, as a person's level of responsibility increases, greater portions of his or her total compensation should be linked to the long-term performance of the Company's Common Stock and return to its shareholders.

The exercise price of the 2001 Options is based on the closing price of the Common Stock on the date of grant. The 2001 Options vest at the rate of 25% each year in each of the four years following the date of grant and expire seven years from such date. Earlier vesting and expiration dates may apply in the event of an optionee's termination of employment, retirement, death or disability.

### Executive Target Ownership Program

In 1998, the Company adopted the Executive Target Ownership Program which requires senior management to attain certain stock ownership levels and therefore maintain a vested interest in the equity performance of the Company. Over a five year period, the executives covered by the program are expected to reach certain ownership levels, which are expressed as a multiple of the executive's base salary and which range from five times base salary, the level applicable to Mr. Foster, to two times base salary depending on the executive's position. Stock ownership for purposes of this program includes (1) shares owned outright by the executive, the executive's immediate family or a trust for the executive's benefit, (2) vested shares held in a qualified benefit plan, (3) the vested portion of restricted shares, (4) shares retained from the exercise of options and (5) Deferred Stock Units under the Executive Voluntary Deferral Plan. Unexercised stock options do not count for purposes of this program.

The tables which follow this report, and the accompanying narrative and footnotes, reflect the decisions covered by the above discussion.

## Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), provides certain criteria for the tax deductibility of annual compensation in excess of \$1 million paid to certain executives of public companies. The Company intends to qualify executive compensation for deductibility under Section 162(m) to the extent consistent with the best interests of the Company. Since corporate objectives may not always be consistent with the requirements of full deductibility, it is conceivable that the Company may enter into compensation arrangements in the future under which payments are not deductible under Section 162(m). Deductibility will not be the sole factor used by the Committee in ascertaining appropriate levels or modes of compensation.

To meet the criteria applicable to deductible performance-based compensation (as defined in Section 162(m)), the Company has taken appropriate action to cause grants of stock options and stock appreciation rights under the 1991 and 2000 Stock Incentive Plans to be performance-based.

1 The dollar value of perquisites and other personal benefits received by each of the Named Executive Officers during each of the fiscal years ended December 31, 2001, 2000 and 1999, did not exceed the lesser of \$50,000 or 10% of the total amount of salary and bonus reported for each in such years.

2 "All Other Compensation" includes the following amounts for the fiscal year ended December 31, 2001: (a) \$5,440, \$5,440, \$5,390 and \$5,440 for Mr. Foster, Ms. Alpert, Mr. Chandler and Mr. Evans, respectively, representing the employer contribution to the 401(k) Plan on behalf of each of these executive officers to match the 2001 pre-tax elective deferral contribution (which is included under the "Salary" column) made by each to such plan; (b) \$4,589 and \$4,392 of accrued interest on income deferred in 1986, 1987 or 1988 by Mr. Foster and Ms. Alpert, respectively, under the Lawyers Title Deferred Income Plan (computed assuming that each of the participating Named Executive Officers satisfies all conditions necessary to earn the highest interest rate payable under such plan), to the extent the total interest accrued with respect to such income amounts during 2001 exceeded 120% of the applicable federal long term rate provided under Section 1274(d) of the Internal

Revenue Code; and (c) \$23,961, \$17,358, \$19,551, \$13,086 and \$15,240 for Mr. Foster, Ms. Alpert, Mr. Chandler, Mr. Evans and Ms. Schmidt, respectively, representing compensation attributable to life insurance premiums paid by the Company in 2001 pursuant to the Company's split-dollar life insurance plan.

3 The 2001 amounts shown in this column for Mr. Foster, Ms. Alpert, Mr. Chandler and Mr. Evans are the sum of equal option grants made to each of these executive officers in February and December 2001. The December 2001 option grants were intended to be in lieu of grants that otherwise would have been made in February 2002.

4 Mr. Chandler was elected Senior Executive Vice President of the Company effective January 31, 2000.

5 This amount is the dollar value, based on the \$17.8125 closing price of a share of Common Stock on January 31, 2000, as reported on the New York Stock Exchange, of 10,000 shares of restricted Common Stock awarded on such date to Mr. Chandler. On January 31, 2001, and on each of the three successive anniversary dates of such date, the award vests for 25% of the shares of Common

## Edgar Filing: LANDAMERICA FINANCIAL GROUP INC - Form DEF 14A

Stock covered by the award. The dollar value of the 10,000 shares of restricted Common Stock held by Mr. Chandler on December 31, 2001, was \$287,000, based on the \$28.70 closing price of a share of Common Stock on such date, as reported on the New York Stock Exchange.

6 Ms. Schmidt was elected Executive Vice President - Markets of the Company effective January 8, 2001.

### Stock Options

The following tables contain information concerning grants of stock options to the Named Executive Officers during the fiscal year ended December 31, 2001, exercises of stock options by the Named Executive Officers in such fiscal year and the fiscal year-end value of all unexercised stock options held by the Named Executive Officers.

#### Option Grants in Last Fiscal Year

Name -----	Individual Grants			
	Number of Securities Underlying Options Granted (#) (1) -----	% of Total Options Granted to Employees in Fiscal Year -----	Exercise or Base Price (\$/Sh) (2) -----	Expiration Date(3) -----
Charles H. Foster, Jr.	80,000 80,000	11.6% 11.6	\$36.80 26.50	2/20/08 12/20/08
Janet A. Alpert	40,000 40,000	5.8 5.8	36.80 26.50	2/20/08 12/20/08
Theodore L. Chandler, Jr.	40,000 40,000	5.8 5.8	36.80 26.50	2/20/08 12/20/08
G. William Evans	30,000 30,000	4.3 4.3	36.80 26.50	2/20/08 12/20/08
Karen L. Schmidt	15,000	2.2	26.50	12/20/08

1 The options granted to the Named Executive Officers become exercisable for 25% of the shares of Common Stock of the Company covered by such options on each of the first four successive anniversary dates of the date of grant.

2 The exercise price for the options listed in the table was the fair market value on the date of grant. The exercise price may be paid in cash, in shares of Common Stock of the Company valued at fair market value on the date of exercise or pursuant to a cashless exercise procedure under which the optionee provides irrevocable instructions to a brokerage firm to sell the purchased shares and to remit to the Company, out of the sale proceeds, an amount equal to the exercise price plus all required withholding taxes and other deductions.

## Edgar Filing: LANDAMERICA FINANCIAL GROUP INC - Form DEF 14A

3 The options listed in the table expire seven years from the date of grant. An earlier expiration date may apply in the event of the optionee's termination of employment, retirement, death or disability.

4 The Black-Scholes option pricing model was used to determine the "Grant Date Present Value" of the options listed in the table. For options with an expiration date of February 20, 2008, the model assumed a volatility measure of .5266, which is the variance on the rate of return on the Common Stock of the Company over the most recent 504 trading day period prior to the grant of the option, a risk free interest rate of 5.013% and a dividend yield of .543%. For options with an expiration date of December 20, 2008, the model assumed a volatility measure of .4836, which is the variance on the rate of return on the Common Stock of the Company over the most recent 497 trading day period prior to the grant of the option, a risk free interest rate of 4.457% and a dividend yield of .755%. In all cases, the model assumed an exercise date approximately four years after the option vests. Because the magnitude of any non-transferability discount is extremely difficult to determine, none was applied in determining the value of the reported options. The grant date present values set forth in the table are only theoretical values and may not accurately determine present value. The actual value, if any, an optionee will realize will depend on the excess of market value of a share of the Company's Common Stock over the exercise price on the date the option is exercised.

### Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

Name	Shares Acquired on Exercise (#)	Value Realized (\$) (1)	Number of Securities Underlying Unexercised Options at FY-End (#)		Value of In-the-M at FY
			Exercisable	Unexercisable	Exercisable
Charles H. Foster, Jr.	99,500	\$1,633,572	82,500	242,500	\$432,313
Janet A. Alpert	49,500	786,450	41,750	121,250	219,756
Theodore L. Chandler, Jr.	0	0	23,000	110,000	237,070
G. William Evans	22,750	316,304	14,000	86,000	58,602
Karen L. Schmidt	0	0	0	15,000	0

1 The value realized represents the difference between the exercise price of the option and the fair market value of the Company's Common Stock on the date of exercise.

2 The value of unexercised in-the-money options at fiscal year-end represents the difference between the exercise price of the options and \$28.70, the fair market value of the Company's Common Stock on December 31, 2001.

### Retirement Benefits

All of the Named Executive Officers participate in the Company's Cash Balance Plan, a qualified defined benefit retirement plan. Under the plan, a hypothetical cash balance account is established for each participant

## Edgar Filing: LANDAMERICA FINANCIAL GROUP INC - Form DEF 14A

for record keeping purposes. Each year a participant's cash balance account is credited with (a) a compensation credit based on the participant's age, service and compensation for that year and (b) an interest credit based on the participant's account balances at the end of the prior year. The compensation credit percentage is determined by the sum of the participant's age and service at the beginning of the year, and ranges from 2% for a sum of less than 35 to 5% for a sum of 80 or more. Interest credits for the year are based on the average of 10-year Treasury bond rates in effect for the month of November of the prior year. At retirement, the account balance may be converted to various monthly benefit options based on actuarial factors defined in the plan or may be paid in a lump sum benefit. Benefits for participants who were eligible for early retirement on December 31, 1998, under the terms of the former Lawyers Title Retirement Plan or the former Commonwealth Pension Plan will be no less than benefits calculated under the provisions of such former plan.

The Internal Revenue Code limits (a) the annual retirement benefit that may be paid under the Cash Balance Plan and (b) the compensation that may be used in computing a benefit. The maximum benefit limitation is adjusted each year to reflect the cost of living. For 2001, the maximum benefit limitation was \$140,000 (based on a life annuity) and the earnings limitation was \$170,000.

All of the Named Executive Officers are also covered by the Company's 1999 Benefit Restoration Plan, an unfunded plan designed to restore to selected participants the benefits that cannot be paid under the Cash Balance Plan due to the Internal Revenue Code maximum benefit limitation, the earnings limitation, or both. The benefit payable under the 1999 Benefit Restoration Plan is the difference between the benefit that would be payable under the Cash Balance Plan, but for either or both of the Internal Revenue Code limitations, and the amount actually payable under the Cash Balance Plan. The benefits under the 1999 Benefit Restoration Plan are payable for a period of 15 years.

Assuming current salary and bonus levels (as reported in the Summary Compensation Table) and participation until normal retirement at age 65, (i) for the first 15 years after normal retirement the estimated total annual benefit payable to each of the Named Executive Officers under both the Cash Balance Plan and the 1999 Benefit Restoration Plan is as follows: Mr. Foster, \$316,000; Ms. Alpert, \$260,000; Mr. Chandler, \$43,000; Mr. Evans, \$172,000; and Ms. Schmidt, \$24,000; and (ii) thereafter, the estimated annual benefit payable to each of these executive officers under only the Cash Balance Plan is as follows: Mr. Foster, \$115,000; Ms. Alpert, \$108,000; Mr. Chandler, \$18,000; Mr. Evans, \$103,000; and Ms. Schmidt, \$19,000.

### Contractual Obligations

To ensure that the Company will have the continued dedicated service of certain executives notwithstanding the possibility, threat or occurrence of a change of control, the Company has entered into change of control employment agreements with certain executives, including the Named Executive Officers. The agreements generally provide that if the executive is terminated other than for cause within three years after a change of control of the Company, or if the executive terminates his employment for good reason within such three-year period or voluntarily during the 30-day period following the first anniversary of the change of control, the executive is entitled to receive "severance benefits." Severance benefits include a lump sum severance payment equal to up to three times the sum of the officer's base salary and highest annual bonus, together with certain other payments and benefits, including continuation of employee welfare benefits and, under most of the agreements, an additional payment to compensate the executive for certain excise taxes imposed on certain change of control payments.

The Board of Directors believes that the change of control employment

Edgar Filing: LANDAMERICA FINANCIAL GROUP INC - Form DEF 14A

agreements benefit the Company and its shareholders by securing the continued service of key management personnel and by enabling management to perform its duties and responsibilities without the distracting uncertainty associated with a change of control.

Management is responsible for the Company's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. The independent auditor is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes on behalf of the Board of Directors.

In this context, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. Moreover, the Audit Committee has considered whether the non-audit services provided by the independent auditors are compatible with maintaining the auditors' independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001, for filing with the Securities and Exchange Commission. By recommending to the Board of Directors that the audited financial statements be so included, the Audit

LANDAMERICA FINANCIAL GROUP, INC.  
AUDIT COMMITTEE CHARTER

Organization

The audit committee shall be appointed by the board of directors and shall consist of at least three directors all of whom are independent of management and of the Company. Members of the committee shall be considered independent if they have no relationship to the Company that may interfere with the exercise of their independence from management and from the Company. All committee members shall be financially literate, or shall become financially literate within a reasonable period of time after appointment to the committee, and at least one member shall have accounting or related financial management expertise.

Statement of Policy

The audit committee shall assist the board of directors in fulfilling the board's oversight responsibility to the shareholders relating to (A) the Company's financial reporting process, systems of internal accounting and financial controls, and internal audit function and (B) the annual independent audit of the Company's financial statements. In so doing, the committee will benefit from free and open communication between the committee, the directors, the independent auditors, the internal auditors, and the financial management of the Company. The committee may adopt such policies and procedures as it may deem necessary or appropriate to carry out its responsibilities under this charter. The committee's policies and procedures should be flexible in order to best react to changing conditions and circumstances.

Processes

The following shall be the recurring processes of the audit committee in carrying out its oversight function. The committee may supplement these processes as appropriate.

- \* The committee shall review and reassess the audit committee charter at least annually and the charter shall be approved by the board of directors. The Company shall include a copy of the charter in its proxy statement at least triennially or the year after any significant amendment to the charter and shall disclose in all proxy statements whether committee members are independent. Approximately once each year and, with respect to any changes in the composition of the committee, the Company must provide the New York Stock Exchange written confirmation regarding the board's determination of committee members' independence, the financial literacy of committee members, the determination that at least one member of the committee has accounting or related financial management expertise, and the annual review and reassessment of the adequacy of the charter.
- \* The committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the board and to the committee, both of which are representatives of the Company's shareholders. The committee and the board shall have the ultimate authority and responsibility to engage, evaluate, and, where appropriate, replace the independent auditors. The committee shall discuss with the auditors their independence from management and from the Company and shall discuss all relationships

## Edgar Filing: LANDAMERICA FINANCIAL GROUP INC - Form DEF 14A

between the auditors and their related entities and the Company and its related entities that may reasonably be thought to bear on the auditors' independence. The independent auditors shall confirm that, in their view, they are independent of the Company. In this regard, the committee shall obtain a formal written statement from the independent auditors delineating all

A-1

relationships between the auditors and the Company and shall, when necessary, recommend that the board take any appropriate action to satisfy itself of the auditors' independence. In addressing the auditor's independence, the committee shall consider any non-audit services performed by the auditor for the Company and the impact such services may have on the auditor's independence. The committee may adopt policies regarding auditor independence including, but not limited to, policies regarding the auditor's performance of non-audit services.

- \* The committee shall discuss with the internal auditors and the independent auditors the overall scope and plans for their respective audits. Also, the committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls and may elicit any recommendations for the improvement of such internal controls or particular areas where new or more detailed controls or procedures are desirable. Further, the committee shall meet separately with the internal auditors and the independent auditors, with and without management present, to discuss the results of its examinations.
- \* The committee shall review interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. The committee shall discuss the results of the quarterly review and any other matters required under generally accepted auditing standards to be communicated to the committee by the independent auditors. The chair of the committee may represent the entire committee for the purposes of this review.
- \* The committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of the Form 10-K). The independent auditors shall provide their judgment about the quality, not merely the acceptability, of accounting principles, the reasonableness of any significant judgments, and the clarity of disclosures in the financial statements as part of such review. The committee shall also discuss the results of the annual audit and any other matters required under generally accepted auditing standards to be communicated to the committee by the independent auditors.
- \* In discharging its role, the committee is free to consider an investigation into any matter brought to its attention and shall have both full access to all books, records, facilities, and personnel of the Company and the power to retain outside counsel or other experts for this purpose if, in its judgment, that is appropriate, without obtaining the prior permission of the board of directors.

This charter shall not be construed in a manner that imposes upon the audit committee a higher standard of care than that imposed upon committees of boards of directors generally, pursuant to applicable law. It is not the duty of the committee to plan or conduct audits or to determine that the Company's financial

Edgar Filing: LANDAMERICA FINANCIAL GROUP INC - Form DEF 14A

statements are complete or accurate or are in accordance with generally accepted accounting principles. These are the collective responsibilities of management and the independent auditors. Nor is it the duty of the committee to resolve disagreements, if any, between management and the independent auditors or to assure compliance with laws or regulations or the Company's compliance policies and programs.
