Item 2.02. Results of Operations and Financial Condition.

On July 10, 2008, AGL Resources Inc. (the “Company”) issued a press release announcing and reminding the investment community that it expects its second quarter 2008 reported earnings results to be significantly impacted by pre-tax hedge losses in the range of \$53 to \$57 million (\$33 to \$36 million after-tax), or an approximate \$0.43 to \$0.47 reduction to diluted earnings per share. The Company expects a significant portion of the reported hedge losses to be recovered in the third and fourth quarters of 2008 as the natural gas inventory is withdrawn from storage and delivered to customers and the hedging instruments are settled, assuming all factors remain the same. A copy of the press release is attached hereto as Exhibit 99.1 and incorporated by reference herein.

The information in the preceding paragraph, as well as Exhibit 99.1 referenced therein, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor incorporated by reference in any filing under the Securities Act of 1933, as amended, unless AGL Resources Inc. expressly so incorporates such information by reference.
