-

**Item 7.01. Regulation FD Disclosure**

On September 6, 2005, Tyson Foods, Inc. issued a press release announcing its expected fully diluted GAAP earnings per share for the full year ending October 1, 2005. The press release is furnished herewith as Exhibit 99.1 and incorporated by reference herein.

The Company's press release includes certain non-GAAP financial measures. A non-GAAP financial measure is defined as a numerical measure of a company's financial performance, financial position or cash flows that excludes (or includes) amounts that are included in (or excluded from) the most directly comparable measure calculated and presented in accordance with GAAP in the Company's financial statements.

Non-GAAP financial measures utilized by the Company in the press release related to the anticipated financial impact of Hurricane Katrina on the company's operations. The Company's management believes these non-GAAP financial measures provide useful information to investors by removing the effect of variances in GAAP reported results of operations that are not indicative of fundamental changes in the earnings capacity of the Company's operations. Management also believes that the presentation of the non-GAAP financial measure is consistent with its past practice, as well as industry practice in general, and will enable investors and analysts to compare current non-GAAP measures with non-GAAP measures presented in prior periods. The non-GAAP financial measures used by the Company should not be considered in isolation or as a substitute for measures of performance prepared in accordance with GAAP.

**SIGNATURE**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
