PART I-FINANCIAL INFORMATION

The balance sheet as of March 31, 2001; statements of operations; statement of cash flows for the first quarters ended March 31, 2001 and 2000 respectively and the period from inception (March 12, 1991) to March 31, 2001 were taken from the Company's books and records without audit. However, in the opinion of management, such information includes all adjustments (consisting only of normal recurring accruals) which are necessary to properly reflect the financial position of the Company as of March 31, 2001 and results of operations for the first quarter ended March 31, 2001 and 2000. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed and omitted, although management believes the disclosures are adequate to make the information presented not misleading. These interim unaudited financial statements should be read in conjunction with the Company's audited annual financial statements for the years ended December 31, 2000 and 1999 located in the Company's Form 10-KSB annual report filed with the Securities and Exchange Commission on April 15, 2001.

Citizens Capital Corp.
(a development stage company)

Notes to Consolidated Financial Statements
(Unaudited)

1. Unaudited Information

The consolidated balance sheet as of March 31, 2001 and the consolidated statements of operations for the three month periods ended March 31, 2001 and 2000 were taken from the Company's books and records without audit. However, in the opinion of management, such information includes all adjustments (consisting only of normal recurring accruals) which are necessary to properly reflect the consolidated financial position of the Company as of March 31, 2001 and the results of operations for the three months ended March 31, 2001 and 2000.

Item 2. Management's Discussion and Analysis of Financial Conditions and Results of Operations

Citizens Capital Corp. (the "Company") is a development stage, acquisition oriented, holding company whose objectives are to acquire and/or develop operating entities, assets and/or marketing rights which provide the Company with an initial entry into new markets or serve as complementary additions to existing operations, assets and/or products.

Currently, the Company is engaged in commercial printing. The Company's plans contemplate operating and taking acquisition initiatives in the following three market segments: 1) commercial and residential real estate investment and development; 2) media sales and print publishing 3) the design, marketing and distribution of branded athletic shoes and apparel, through its three 97% owned subsidiaries: Landrush Realty Corporation ("Landrush"); Media Force Sports & Entertainment, Inc. ("Media Force"); and SCOR Brands, Inc. ("SCOR"). Operations since inception have primarily included expenditures related to development of

Edgar Filing: CITIZENS CAPITAL CORP - Form 10QSB

the Company's planned business ventures.

During fiscal year 2001, it is the Company's objective to pursue opportunities to strategically expand its commercial printing operations by adding additional locations.

The Company has completed development of its SCOR Brand footwear products and expects to introduce said products into the consumer marketplace during fiscal year 2001. The Company has placed orders for initial product inventories of \$1,622,135 to be delivered during fiscal year 2001.

Results of Operations

Three Months Ended March 31, 2001

REVENUES. Revenue of \$23,253 for the first quarter of 2001 compares to \$0 for the first quarter of 2000. For the first quarter end 2000, the Company's products and services had not been introduced into their respective markets. As such, the Company generated no revenue for this period. The Company's commercial printing operations, acquired June 1, 2000, was primarily responsible for revenues generated for the quarter ended March 31, 2001. The Company has completed primary development of its initial products and services and is currently preparing said products and services for entry into their respective markets. The Company believes that the markets for each of its products and services remain strong. In order to facilitate the entry of its initial products and services into their respective markets, the Company has implemented a strategy of purchasing revenue streams through the acquisition of those certain operating entities, assets and/or marketing rights which may provide the Company with complementary additions to its existing operations, assets, products and/or services.

In addition to introducing its own products and services into their respective markets, the Company intends to utilize the remainder of its 2001 fiscal year focusing on identifying, evaluating and pursuing suitable merger and/or the acquisition of those operating, revenue producing entities which offer products and/or services similar to, or the same as, those proposed by the Company. The Company continues in direct contact with various companies who may be suitable acquisition candidates for the Company. Moreover, the Company maintains ongoing relationship with investment banks and business intermediaries who represent companies operating in various industries who are seeking to be acquired.

7

GROSS PROFIT. Gross profit of \$18,829 the first quarter of 2001 compares to \$0 for the first quarter of 2000. The Company's commercial printing operations, acquired June 1, 2000, was primarily responsible for gross profit generated for the quarter ended March 31, 2001. The lack of gross profit for the comparative period ended March 31, 2000 is attributable to a the lack of revenue and cost of revenue generated for the period. For the first quarter ended 2000, the Company's products and services were not introduced into their respective markets, as such, the Company did not report any gross profit for the period.

SELLING, GENERAL AND ADMINISTRATIVE EXPENSE. Selling, general and administrative expenses of \$51,297 for the first quarter of 2001 compares to \$3,333 for the first quarter of 2000. The increase in selling, general and administrative expenses for the period ended March 31, 2001 primarily reflects the general expenses associated with the Company's acquisition, integration and operation of its commercial printing operations, acquired June 1, 2000. As the Company introduces its products and services into the market place during the remainder of its 2001 fiscal year, the Company expects its selling, general and administrative cost shall increase. In addition, for the remainder of its 2001

Edgar Filing: CITIZENS CAPITAL CORP - Form 10QSB

fiscal year, the Company expects selling, general and administrative cost shall increase as it continues its ongoing identification, evaluation and pursuit of suitable merger, acquisition and/or joint venture candidates.

OTHER INCOME (EXPENSES). The Company did not generate any other items of income or expense for the first quarter of 2001 nor the first quarter of 2000.

NET INCOME (LOSS). A net loss of (\$32,468) on revenue of \$23,253 for the first quarter of 2001 compares to a net loss of (\$3,333) on revenue of \$0 for the first quarter ended March 31, 2000. The net loss generated for the first quarter ended March 31, 2001 is due to an increase in general and administrative expenses associated with the Company's acquisition, integration and operation of its commercial printing operations, acquired June 1, 2000. The net loss reported by the Company for the period ended March 31, 2000 is due to a lack of revenue generated while general administrative expenses associated with operations remained constant.

Liquidity And Capital Resources

To continue its plan of operation for the remainder of its 2001 fiscal year, the Company expects to undertake capital obligations in order to market, distribute and expand the products and/or services proposed by its Landrush Realty Corporation (Landrush); Media Force Sports & Entertainment Inc. (Media Force) and SCOR Brands Inc. (SCOR) subsidiaries.

The Company expects to consummate trade finance obligations during fiscal year 2001 of approximately \$1,600,000 related to the production of initial footwear inventories associated with its SCOR unit. The Company expects to incur additional capital obligations of \$100,000 and \$100,000 to hire management, general administration, marketing and sales personnel for its Media Force and SCOR units respectively. In order to fund the continuance of its operations and further the development of its respective units, the Company expects to pursue working capital lines of credit of \$50,000 for itself and \$100,000 each for Landrush; Media Force and SCOR respectively.

The Company expects to initiate and/or expand the products and services now offered or proposed to be offered by Landrush; Media Force and SCOR primarily by acquiring those existing, income producing operating entities that offer products and services similar to, or the same as, those now offered or proposed to be offered. To facilitate its growth and expansion plans for Landrush; Media Force and SCOR, the Company intends to pursue loans from affiliates of the Company and/or third party lenders in the amounts of \$415,000; \$100,000 and \$1,622,000 respectively for each of its three subsidiaries. The Company itself or its subsidiary units separately may seek to raise capital through the sale of equity in a private placement or public offering.

8

Plan of Operation

The Company's plan of operation for the remainder of its 2001 fiscal year is to: (1) introduce its branded footwear products into the consumer marketplace through its SCOR unit and to expand the commercial printing and media operations of its Media Force unit (2) continue to identify, evaluate and pursue suitable merger and/or acquisition of those operating, income producing entities which offer products and/or services similar to, or the same as, those proposed by the Company.
