Short-Term Incentive Plan Awards

On February 11, 2008, the Human Capital and Compensation Committee (the "Committee") of the Board of Directors of Sprint Nextel Corporation (the "Company") established the performance objectives and other terms of the Company's Short-Term Incentive Plan for the first quarter 2008 for officers and other eligible employees of the Company (the "First Quarter 2008 STI Plan"). The First Quarter 2008 STI Plan provides for a payment of incentive compensation to officers and other eligible employees based on the achievement of the following specified performance objectives for the first quarter 2008: adjusted OIBDA (operating income plus depreciation, amortization and special items), weighted at 30%; volume of inbound customer calls to customer care, measured at 30%; a measure of retention of our post-paid wireless subscribers, which we refer to as post-paid churn, weighted at 20%; and net iDEN subscriber additions, weighted at 20%. The HC&CC has established a short-term incentive plan only for the first quarter 2008, and the terms for any short-term incentive plan for remaining portion of 2008, including any performance objectives, will be determined at a future date. The introduction of performance objectives for volume of inbound customer calls to customer care and net iDEN subscriber additions reflect our focus on reducing calls to care by removing the reasons customers call care and our commitment to enhancing Nextel Direct Connect subscriber performance.

The award payment under the First Quarter 2008 STI Plan will be determined based on the Company's results using three variables: (1) one quarter of each individual's annual incentive target opportunity, which is based on a percentage of the individual's base salary; (2) Company performance compared with each performance objective; and (3) relative weightings for each performance objective. Each of the performance objectives will have a threshold, target and maximum level of payment opportunity, with the maximum payment opportunity equal to 200% of the individual's target opportunity. To calculate each incentive award amount, an eligible employee's incentive target opportunity will be multiplied by the weightings and the payout results for each performance objective.

The actual incentive amounts paid under the First Quarter 2008 STI Plan will be based on the Company's actual results during the first quarter 2008 in relation to the established performance objectives, and these payments may be greater or less than the target amounts that have been established.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) Paul Saleh, Sprint Nextel's former Chief Financial Officer, served as interim Chief Executive Officer from October 8, 2007 through December 16, 2007. In recognition of his service as interim Chief Executive Officer, Sprint Nextel will compensate Mr. Saleh with a lump sum payment of \$250,000, pursuant to an amendment to Mr. Saleh's employment agreement.
