earnings statement.

On November 1, 2007 the Company announced the signing of a definitive Asset Purchase Agreement ("Agreement") to sell its Island Pacific Retail Management Solutions (IPMS) business unit with the "Island Pacific" name and related trademarks, service marks, trade names and all goodwill associated with the name "Island Pacific". The Agreement transaction closed on December 21, 2007. This operation is considered to be discontinued as defined under Financial Accounting Standard No. 144 ("FAS No. 144"), "Accounting for the Impairment or Disposal of Long-Lived Assets" and require specific accounting and reporting for this quarter which differs from the approach used to report the Company's results in prior years.

The Company's financial statements will reflect the accounting and disclosure requirements of FAS No. 144 which mandates the segregation of operating results for the current year and the balance sheet related to the operation to be sold from those related to ongoing operations. Accordingly, the consolidated statements of operations for the year ended March 31, 2008 will reflect this segregation as a gain or loss from discontinued operations.

The Company has evaluated the determination of its reporting segments as a result of the changes in its organizational structure and the classification of IPMS ("the Retail Management segment") to discontinued operations during the third quarter of 2008 in accordance with Financial Accounting Standards No. 131 ("FAS No. 131'), Disclosures about Segments of an Enterprise and related Information". The Company has determined it has two rather than three reportable segments for continuing operations, Store Solutions and Multi-Channel Retail.

As a result of the discontinued operation accounting treatment, \$11.6 million of revenue and \$2.3 million of gain from continuing operations will be reclassified as a non-operating income from discontinued operations.
