(the "Company") issued convertible promissory notes in the aggregate principal amount of \$755,000 for aggregate cash proceeds of \$676,480. The convertible notes bear interest at a rate of 12% per annum payable at maturity with original maturity dates ranging between April 2019 to October 2019. The convertible notes and respective accrued interest are convertible into shares of the Company's common stock at the election of the holder after the 180th day following the issue date at a conversion price equal to 58% of the fair value of the Company's common stock. In connection with the issuances of certain convertible promissory notes in the aggregate principal amount of \$635,000, the Company issued to certain lenders an aggregate of 24,916 shares of common stock of the Company.

Pursuant to the note, the holder has the right, at its election, at certain times, to convert all or part of the outstanding and earned principal and accrued interest into shares of common stock of the Company at a price generally equal to the lesser of (i) \$1.27 per share and (ii) 65% of the fair market value of the Company's common stock.

For each of the securities issuances, the Company relied upon Section 4(a)(2) of the Securities Act of 1933, as amended (the "Act"), as transactions by an issuer not involving any public offering or Section 3(a)(9) of the Act as a security exchanged by an issuer with its existing security holders exclusively where no commission or other remuneration is paid or given directly or indirectly for soliciting such exchange. For each such transaction, the Company did not use general solicitation or advertising to market the securities, the securities were offered to a limited number of persons, the investors had access to information regarding the Company (including information contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, Quarterly Reports on Form 10-Q for the periods ended March 31, 2018 and June 30, 2018, Current Reports on Form 8-K filed with the Securities and Exchange Commission and press releases made by the Company), and management of the Company was available to answer questions from prospective investors. The Company reasonably believes that each of the investors is an accredited investor.
