PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON APRIL 25, 2003

This Proxy Statement is furnished to stockholders of Apartment Investment and Management Company ("AIMCO" or the "Company"), a real estate investment trust ("REIT"), in connection with the solicitation of proxies in the form enclosed herewith for use at the Annual Meeting of Stockholders of the Company (the "Meeting") to be held on Friday, April 25, 2003, at 9:00 a.m. at the principal executive offices of the Company at 4582 South Ulster Street Parkway, Suite 1100, Denver, Colorado 80237, and at any and all adjournments or postponements thereof, for the purposes set forth in the Notice of Meeting. This Proxy Statement and the enclosed form of proxy are first being mailed to stockholders on or about March 28, 2003.

This solicitation is made by mail on behalf of the Board of Directors of the Company. Costs of the solicitation will be borne by the Company. Further solicitation of proxies may be made by telephone, fax or personal interview by the directors, officers and employees of the Company and its affiliates, who will not receive additional compensation for the solicitation. The Company has retained the services of The Altman Group, Inc., for an estimated fee of \$4,000, plus out-of-pocket expenses, to assist in the solicitation of proxies from brokerage houses, banks, and other custodians or nominees holding stock in their names for others. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material to stockholders.

Holders of record of the Class A Common Stock of the Company ("Common Stock") as of the close of business on the record date, March 5, 2003 (the "Record Date"), are entitled to receive notice of, and to vote at, the Meeting. Each share of Common Stock entitles the holder to one vote. At the close of business on the Record Date, there were 94,219,270 shares of Common Stock issued and outstanding.

Shares represented by proxies in the form enclosed, if the proxies are properly executed and returned and not revoked, will be voted as specified. Where no specification is made on a properly executed and returned proxy, the shares will be voted: **FOR** the election of all nominees for director; **FOR** the ratification of the selection of Ernst & Young LLP as independent auditors for the calendar year ending December 31, 2003; and **FOR** the approval of the sale of an aggregate of 5,000 High Performance Partnership Units of AIMCO Properties, L.P. (the "Operating Partnership"). To be voted, proxies must be filed with the Secretary of the Company prior to voting. Proxies may be revoked at any time before voting by filing a notice of revocation with the Secretary of the Company, by filing a later dated proxy with the Secretary of the Company or by voting in person at the Meeting. Shares represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee which are represented at the Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form DEF 14A

The Company's 2002 Annual Report to Stockholders is being mailed with this Proxy Statement. The principal executive offices of the Company are located at 4582 South Ulster Street Parkway, Suite 1100, Denver, Colorado 80237.

PROPOSAL 1: ELECTION OF DIRECTORS

Pursuant to the Company's Charter, directors are elected at each Annual Meeting of Stockholders and hold office for one year, and until their successors are duly elected and qualify. The Company's Bylaws currently authorize a Board of Directors consisting of not fewer than three nor more than nine persons.

The nominees for election to the six positions on the Board of Directors selected by the Nominating and Corporate Governance Committee of the Board of Directors to be voted upon at the Meeting are James N. Bailey, Terry Considine, Richard S. Ellwood, Peter K. Kompaniez, J. Landis Martin and Thomas L. Rhodes, all of whom were elected to the Board of Directors at the last Annual Meeting of Stockholders. Messrs. Bailey, Ellwood, Martin, and Rhodes (the "Independent Directors") are not employed by, or affiliated with, the Company, other than by virtue of serving as directors of the Company. Unless authority to vote for the election of directors has been specifically withheld, the persons named in the accompanying proxy intend to vote for the election of Messrs. Bailey, Considine, Ellwood, Kompaniez, Martin and Rhodes to hold office as directors for a term of one year until their successors are elected and qualify at the next Annual Meeting of Stockholders. All nominees have advised the Board of Directors that they are able and willing to serve as directors.

If any nominee becomes unavailable for any reason (which is not anticipated), the shares represented by the proxies may be voted for such other person or persons as may be determined by the holders of the proxies (unless a proxy contains instructions to the contrary). In no event will the proxy be voted for more than six nominees.

Directors will be elected by a favorable vote of a plurality of the shares of voting stock present and entitled to vote, in person or by proxy, at the Meeting. Accordingly, abstentions or broker non-votes as to the election of directors will not affect the election of the candidates receiving the plurality of votes. Unless instructed to the contrary in the proxy, the shares represented by the proxies will be voted FOR the election of the six nominees named above as directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE SIX NOMINEES.

PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The firm of Ernst & Young LLP, the Company's independent auditors for the year ended December 31, 2002, was selected by the Audit Committee, and approved by the Board of Directors, to act in the same capacity for the fiscal year ending December 31, 2003, subject to ratification by the Company's stockholders. The aggregate fees billed for services rendered by Ernst & Young LLP during the years ended December 31, 2002 and 2001 are as follows:

Audit Fees

Fees for audit services totaled approximately \$6.3 million in 2002 and approximately \$7.1 million in 2001. These amounts include fees associated with the annual audit of the financial statements of the Company and certain of its consolidated subsidiaries and unconsolidated investees. Fees for audit services also include fees for the reviews of the Company's quarterly reports on Form 10-Q, registration statements filed with the Securities and Exchange Commission ("SEC"), other SEC filings, equity or debt offerings, comfort letters and consents.

Audit-Related Fees

Fees for audit-related services totaled approximately \$3.9 million in 2002 and approximately \$3.5 million in 2001. Audit-related services principally include various audit and attest work not required by statute or regulation, due diligence in connection with acquisitions, and accounting consultations.

Tax Fees

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form DEF 14A

Fees for tax services, including tax compliance services for over 600 subsidiaries or affiliates of the Company, tax advice and tax planning totaled approximately \$4.8 million in 2002 and \$6.5 million in 2001.

3

All Other Fees

Fees for all other services not included above totaled approximately \$1.2 million in 2002 and \$0.5 million in 2001, principally consisting of real estate advisory services and risk management advisory services. There were no fees billed or incurred in 2002 or 2001 related to financial information systems design and implementation.

Representatives of Ernst & Young LLP will be present at the Meeting and will be given the opportunity to make a statement if they so desire and to respond to appropriate questions.

The affirmative vote of a majority of the votes cast regarding the proposal is required to ratify the selection of Ernst & Young LLP. Accordingly, abstentions or broker non-votes will not affect the outcome of the vote on the proposal. Unless instructed to the contrary in the proxy, the shares represented by the proxies will be voted FOR the proposal to ratify the selection of Ernst & Young LLP to serve as independent auditors for the Company for the fiscal year ending December 31, 2003.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP.

PROPOSAL 3: APPROVAL OF THE SALE OF HIGH PERFORMANCE UNITS

As an additional step in furtherance of the Company's goal of increasing the Company's adjusted funds from operations, dividend income and share price by making share ownership the primary economic motivation of its officers and directors, in January 1998, AIMCO Properties, L.P. (the "Operating Partnership") sold an aggregate of 15,000 Class I High Performance Partnership Units (the "Class I Units") to a joint venture formed by fourteen of the Company's officers and to three of the Company's Independent Directors. Based on the success of the Class I Units, in January 2001, the Board of Directors decided to offer to sell to the Company's employees additional High Performance Units. In 2001, upon approval of stockholders, the Operating Partnership sold an aggregate of 15,000 of its Class II, III, and IV High Performance Partnership Units (the "Class II Units", "Class III Units" and "Class IV Units") to a joint venture formed by over 50 employees of the Company. In 2002, upon approval of stockholders, the Operating Partnership sold an additional 4,398 of its Class V High Performance Partnership Units (the "Class V Units") to a joint venture formed by over 40 employees of the Company. Unlike Common Stock, common partnership units in the Operating Partnership ("OP Units") and options to purchase Common Stock, the High Performance Units provide the following advantages to the Company:

the Operating Partnership receives cash consideration for an interest that will have nominal cost to the Company unless the total return to the Company's stockholders for the relevant measurement period exceeds a minimum hurdle rate and is significantly better than the industry average (as measured by the Morgan Stanley REIT Index); and

any value received by the purchasers of the High Performance Units is not readily transferable and constitutes a long-term investment in the Company, providing a further substantial and enduring alignment of the long-term economic interests of the Company and its officers and employees.

The following table details the results of the High Performance Units that have been previously issued and for which the relevant measurement period has ended:

	Class I Units	Class II Units	Class III Units
Measurement Period	1/1/98 - 12/31/00	1/1/01 - 12/31/01	1/1/01 - 12/31/02
AIMCO Total Return	59.24%	0.21%	(11.40%)
MS REIT Index Total Return	0.58%	12.83%	16.94%
Minimum Return for Measurement Period	30.00%	11.00%	23.21%
Excess (Outperformance) Return	29.24%	0.00%	0.00%

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form DEF 14A

	Class I Units	Class II Units	Class III Units
Weighted Average Market Value of Outstanding Equity (in millions)	\$2,623	\$3,858	\$4,063

Value of Units (in millions, at end of measurement period)	\$ 115	\$ 0	\$ 0

4

As shown in the above table, the Class II Units and the Class III Units were valued at \$0, and therefore, the allocable investments made by the holders of \$1.275 million and \$1.793 million, respectively, were lost.

In addition to the Class I, Class II and Class III High Performance Partnership Units described above, the Operating Partnership has also sold 5,000 Class IV Units and 4,398 Class V Units, which have measurement periods of January 1, 2001 through December 31, 2003 and January 1, 2002 through December 31, 2004, respectively.

The following table details the results of the High Performance Units that have been previously issued and for which the relevant measurement periods have not yet ended:

	Class IV Units	Class V Units
Measurement Period	1/1/01 - 12/31/03	1/1/02 - 12/31/04
AIMCO Total Return (for period from 1/1/01 through 12/31/02 for Class IV Units and 1/1/02 through 12/31/02 for Class V Units)	(11.40%)	(11.58%)
MS REIT Index Total Return (for period from 1/1/01 through 12/31/02 for Class IV Units and 1/1/02 through 12/31/02 for Class V Units)	16.94%	3.64%
Minimum Return for Measurement Period	23.21%	11.00%
Outperformance Return (for period from 1/1/01 through 12/31/02 for Class IV Units and 1/1/02 through 12/31/02 for Class V Units)	0.00%	0.00%
Weighted Average Market Value of Outstanding Equity (in millions, for the period from 1/1/01 through 12/31/02 for Class IV Units and 1/1/02 through 12/31/02 for Class V Units)	\$4,063	\$4,270
Outperformance Shareholder Value Added (in millions, at 12/31/02)	\$ 0	\$ 0
Value of Units (in millions, at 12/31/02)	\$ 0	\$ 0

As shown in the above table, the Class IV Units and Class V Units were valued at \$0 for the portion of the measurement period through December 31, 2002, however, the full measurement period for the Class IV Units ends on December 31, 2003 and the Class V Units ends on December 31, 2004.

This year, the Board of Directors has decided to sell a new class of High Performance Units (Class VI High Performance Partnership Units), which have identical characteristics to the Class V Units sold in 2002 except for a different three year measurement period. The specific characteristics of the Class VI High Performance Partnership Units are shown below:

The new High Performance Units will have a three-year measurement period starting on January 1, 2003 and ending December 31, 2005.

The new High Performance Units will have nominal value unless the AIMCO total return (dividend income plus share price appreciation) exceeds 115% of the cumulative total return of the Morgan Stanley REIT Index and has a cumulative total return for the three year period of at least 36.8% (equivalent to 11% per year).

The amount, if any, by which the total return of the Common Stock over the measurement period exceeds the applicable total return hurdle will be considered the "Outperformance Return."

Outperformance Return multiplied by AIMCO's average market capitalization will be considered "Outperformance Shareholder Value Added" for stockholders.

If the minimum total return hurdle is met as of December 31, 2005, the holders of the new High Performance Units will thereafter receive distributions and allocations of income and loss at the same time and in the same amount (subject to certain exceptions upon liquidation of the Operating Partnership) as a number of OP Units equal to (i) 5% of Outperformance Value Added divided by (ii) the average volume weighted price of Common Stock over the 20 trading days ending on the determination date (subject to the limits on dilution described below).

Investment in the joint venture that will purchase the new High Performance Units will be offered to approximately 40 employees of the Company, and there will be no participation by the independent board members.

After the measurement period, the High Performance Units may be distributed to the joint venture participants. Thereafter, the new High Performance Units are not transferable (except to family trusts or partnerships) until the holder of the units dies, and are not exchangeable for Common Stock unless there is a change of control of the Company.

5

The dilutive impact to AIMCO's stockholders from the new High Performance Units will be limited to 1.0%.

In calculating the AIMCO total returns for the new High Performance Units, the initial value of the Common Stock will be \$37.00. It is an average of the volume-weighted daily trading price of the Common Stock for the 20 consecutive trading days immediately preceding the end of the period on December 31, 2002. This was also the price used to determine the total return of the Common Stock for purposes of valuing the Class III High Performance Partnership Units issued in January 2001, for which the measurement period ended December 31, 2002.

The Company's Board of Directors has determined, based upon the advice of an independent valuation expert, that the fair value of the 5,000 new High Performance Units is \$985,000 in the aggregate. The employees who are offered the opportunity to invest in the new High Performance Units will do so through a senior management partnership, SMP 2006, L.L.C., a Delaware limited liability company (the "SMP"), which will hold the new High Performance Units until their valuation date. The terms of the limited liability company agreement of the SMP will restrict the employees' ability to transfer their interests, and provides the SMP with a right to repurchase the interest of any employee at the original purchase price if such employee's employment with the Company is terminated for any reason (other than by death or disability) before the end of the measurement period. As with previous High Performance Units, the employees are investing through a limited liability company to ensure that there is no opportunity to profit from the ownership of High Performance Units before the valuation date.

A family partnership controlled by Terry Considine, the Chairman of the Board and Chief Executive Officer of the Company, and Peter K. Kompaniez, the Vice Chairman of the Board and President of the Company, will own approximately 40% and 10%, respectively, of the SMP. The remaining interests in the SMP may be owned by other employees of the Company. Accordingly, Messrs. Considine and Kompaniez will beneficially own approximately 50% of the High Performance Units purchased by the SMP. The \$985,000 million aggregate purchase price to be paid by the SMP for the High Performance Units will be funded with cash contributions from the employees participating in the SMP. The Company may make loans to fund these cash contributions to the SMP, which loans will not be made to any of the Company's executive officers, will be full recourse, will be payable through payroll deductions and will be required to be paid in full by September 30, 2003. To the extent that offerees elect not to participate, their interests will be offered to other participants on a proportionate basis.

Holders of the new High Performance Units will not be able to redeem their High Performance Units prior to the date (the "Valuation Date") that is the earlier of (i) January 1, 2006, or (ii) to the date on which a change of control (as defined in the Operating Partnership's Agreement of Limited Partnership) occurs. Holders of the new High Performance Units will be entitled to receive distributions and allocations of income and loss from the Operating Partnership in the same amounts and at the same times (subject to certain exceptions upon liquidation of the Operating Partnership) as would holders of a number of OP Units (the "OP Unit Equivalent"). Prior to the relevant Valuation Date, the OP Unit Equivalent will be 0.01 for each new High Performance Unit. If, on the Valuation Date, the cumulative Total Return of the Common Stock from January 1, 2003 to December 31, 2005 (the "Measurement Period") exceeds 115% of the cumulative Total Return of a peer group index over the same period, and is at least the equivalent of a 36.8% cumulative Total Return over the three year period (the "Minimum Return"), then, on and after the Valuation Date, the OP Unit Equivalent for each new High Performance Unit will be revised to equal (i) the product of (A) 5% of the amount by which the cumulative Total Return of the Common Stock over the Measurement Period exceeds the greater of the Minimum Return or 115% of a peer group index (such excess being the "Outperformance Return"), multiplied by (B) the weighted average market value of the Company's equity capitalization (including Common Stock and OP Units but not preferred stock or preferred units), divided by (ii) the product of (A) the market value of one share of Common Stock on the Valuation Date and (B) the number of High Performance Units originally issued. However, the number of OP Unit Equivalents for the 5,000 new High Performance Units may not exceed 1.0% of the number of shares

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form DEF 14A

of Common Stock and OP Units outstanding, on a fully diluted basis (based on the fully diluted share count used to determine Adjusted Funds From Operations ("AFFO") per share), on the Valuation Date. If, on the Valuation Date, the cumulative Total Return of the Common Stock does not satisfy these criteria, then the OP Unit Equivalent for the new High Performance Units will remain at 0.01 per Unit. For purposes of determining the market value of Common Stock or OP Units as of any date, the average of the volume-weighted daily trading price of the Common Stock for the 20 consecutive trading days immediately preceding such date is used, except that the value of a share of Common Stock as of January 1, 2003 will be \$37.00, the price used to determine the value of the Class III High Performance Partnership Units as of December 31, 2002.

As with previously-issued High Performance Units, the Morgan Stanley REIT Index will be used as the peer group index (the "Peer Group Index") for purposes of the new High Performance Units. The Morgan Stanley REIT Index is a capitalization-weighted index, with dividends reinvested, of the most actively traded real estate investment trusts. As of December 31, 2002, the Morgan Stanley REIT Index was comprised of 114 real estate investment trusts selected by Morgan Stanley Incorporated. The Board of Directors of the Company has selected this index because it believes that it is the real estate investment trust index most widely reported and accepted among institutional investors. The Board of Directors may select a different index if it determines that the Morgan Stanley REIT Index is no longer an appropriate comparison for the Company; if

6

the Morgan Stanley REIT Index is not maintained throughout the Measurement Period; or for any other reason that the Board of Directors determines.

"Total Return" means, for any security and for any period, the cumulative total return for such security over such period, as measured by (i) the sum of (a) the cumulative amount of dividends paid in respect of such security for such period (assuming that all cash dividends are reinvested in such security as of the payment date for such dividend based on the security price on the dividend payment date), and (b) an amount equal to (x) the security price at the end of such period, minus (y) the security price at the beginning of such period, divided by (ii) the security price at the beginning of the measurement period; provided, however, that if the foregoing calculation results in a negative number, the Total Return shall be equal to zero.

The new High Performance Units are subject to certain restrictions on transfer. The SMP may not transfer its High Performance Units until after the Valuation Date, and then only to its participants or to one of their family members (or a family-owned entity). Individuals may not transfer High Performance Units except to a family member (or a family-owned entity) or in the event of death or disability. The new High Performance Units are not convertible into Common Stock. However, in the event of a change of control of the Company, holders of the new High Performance Units will have redemption rights similar to those of holders of OP Units. Upon the occurrence of a change of control, any holder of the new High Performance Units may, subject to certain restrictions, require the Operating Partnership to redeem all or a portion of the High Performance Units held by such party in exchange for a cash payment per unit equal to their market value at the time of redemption. However, in the event that any High Performance Units are tendered for redemption, the Operating Partnership's obligation to pay the redemption price is subject to the prior right of the Company to acquire such High Performance Units in exchange for an equal number of shares of Common Stock (subject to certain adjustments).

Although the Company does not believe that the sale of the new High Performance Units will have an anti-takeover effect, the High Performance Units could increase the potential cost of acquiring control of the Company and thereby discourage an attempt to take control of the Company. However, the Board of Directors is not aware of any attempt to take control of the Company and the Board of Directors has not approved the sale of the new High Performance Units with the intention of discouraging any such attempt.

If the Company's Total Return over the Measurement Period exceeds 115% of the Total Return of the Morgan Stanley REIT Index and exceeds the Minimum Return of 36.8% over three years, then the holders of new High Performance Units could be entitled to a significant percentage of future distributions made by the Operating Partnership. This would have a dilutive effect on future earnings per share of Common Stock, and on the Company's equity ownership in the Operating Partnership after the Valuation Date. However, the maximum dilutive effect for the new class of High Performance Units will be 1.0% of the number of shares of Common Stock and OP Units outstanding, on a fully diluted basis (based on the fully diluted share count used to determine AFFO per share), on the Valuation Date.

The following table sets forth the cumulative Total Returns of the Common Stock and the Morgan Stanley REIT Index, respectively, for each year in the period from January 1, 1998 through December 31, 2000, which were the returns used for the valuation of the Class I Units. However, such historical results are not necessarily indicative of future performance.

The table below illustrates the value of the new High Performance Units on the Valuation Date under different circumstances. The table demonstrates the value of the new High Performance Units at given prices for Common Stock and the total return calculated at that price compared to both the Minimum Return and 115% of the peer group total return. For purposes of this illustration, the "value" of the new High Performance Units is calculated by multiplying (a) 5% of the Outperformance Return, by (b) the weighted average market value of the Company's equity capitalization (including Common Stock and OP Units not held by the Company) over the Measurement Period. However, this determination of value does not represent the actual fair market value of the High Performance Units on the Valuation Date because the High Performance Units are subject to substantial restrictions on transfer and, in the absence of a change of control, do not entitle the holders thereof to any redemption rights. Except as otherwise indicated, it is assumed, for purposes of the illustration, that the Valuation Date is January 1, 2005, the Peer Group Index has an annual Total Return of 36.8%; and the weighted average market value of outstanding equity (Common Stock and OP Units not held by the Company) during the Measurement Period is \$3.967 billion. Other important assumptions are set forth in the footnotes below the following table.

The table below is for illustrative purposes only and there can be no assurance that actual outcomes will be within the ranges used. - (1) If "Outperformance Shareholder Value Added" is \$0, the "Cash Proceeds to Company from Initial Investment" is calculated by subtracting the "Value of High Performance Units" from \$985,000, which is the purchase price of 5,000 Class VI Units.
- (2) AIMCO Total Return is calculated in the above example as follows: $((\text{Stock Price} + 2003 \text{ Annual Dividend} + 2004 \text{ Annual Dividend} + 2005 \text{ Annual Dividend}) - \$37.00) / \$37.00$, where 2003 Annual Dividend equals \$3.28, 2004 Annual Dividend equals \$3.28 and 2005 Annual Dividend equals \$3.28.
- (3) "Outperformance Return" is the amount, if any, by which the total return of the Common Stock over the measurement period exceeds the Minimum Return or 115% of the MS REIT Index Total Return.
- (4) Assumes the market value of outstanding equity (Common Stock and common OP Units) at December 31, 2002 throughout the measurement period.
- (5) "Outperformance Shareholder Value Added" is calculated by multiplying the Outperformance Return by the average market capitalization.
- (6) The "Value of High Performance Units" is calculated by multiplying the Outperformance Shareholder Value Added by 5%. If Outperformance Shareholder Return is \$0, the Value of High Performance Units is calculated by multiplying the stock price by 50 OP Units. The initial investment of \$985,000 for the Class VI Units will continue to be treated as contributed equity on the balance sheet of the Operating Partnership.
- (7) The "OP Unit Dilution" is calculated by dividing the Value of High Performance Units by the stock price at the end of the period.
- (8) "OP Unit Dilution as a Percentage of Total Diluted Shares Outstanding" is calculated by dividing the OP Unit Dilution by the total diluted shares outstanding as of December 31, 2002, used for the determination of AFFO per share (110.2 million shares).
- (9) The maximum dilution for the Class VI Units is 1.0% of the total diluted units outstanding on the Valuation Date.

Pursuant to Section 312.03 of the New York Stock Exchange listing requirements, the affirmative vote of a majority of the votes cast regarding the proposal is required for approval of the sale of the new High Performance Units. AUDIT COMMITTEE REPORT TO STOCKHOLDERS

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. A written charter approved by the Board of Directors governs the Audit Committee.

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form DEF 14A

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee also has discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61 relating to communication with audit committees. In addition, the Audit Committee has received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1 relating to independence discussions with audit committees, has discussed with the independent auditors their independence from the Company and its management, and has considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held six meetings during fiscal year 2002.

None of the Audit Committee members have a relationship with the Company that might interfere with exercise of his independence from the Company and its management.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission. The Committee has also determined that provision by Ernst & Young LLP of other non-audit services is compatible with maintaining Ernst & Young LLP's independence. The Committee and the Board have also recommended, subject to stockholder approval, the selection of the Company's independent auditors.

Through wholly owned subsidiaries, the Company acts as general partner of, and, as of March 1, 2003, holds approximately 89% of the interests in the Operating Partnership. After a one-year holding period, OP Units may be tendered for redemption and, upon tender, may be acquired by the Company for shares of Common Stock at an exchange ratio of one share of Common Stock for each OP Unit (subject to adjustment). If all OP Units were acquired by the Company for Common Stock (without regard to the ownership limit set forth in AIMCO's Charter) these shares of Common Stock would constitute approximately 11% of the then outstanding shares of Common Stock. OP Units are subject to certain restrictions on transfer. Class I Units are not convertible into Common Stock. However, in the event of a change of control of the Company, holders of the Class I Units will have redemption rights similar to those of holders of OP Units.

The value of the 2001 restricted stock awards at December 31, 2002 was \$404,034 and \$171,958 for Messrs. McAuliffe and Graber, respectively. Such value is determined by the market price, \$37.48, for the Common Stock at the last day of the last fiscal year. The number of shares subject to 2001 restricted stock awards held by Messrs. McAuliffe and Graber at the end of fiscal year 2002 was 10,780 shares and 4,588 shares, respectively. With respect to Mr. McAuliffe's 10,780 shares, 8,028 are subject to restrictions that lapse on the second (40%), third (20%), fourth (20%) and fifth (20%) anniversaries of the award and 2,752 are subject to restrictions that lapse on the first (34%), second (33%) and third (33%) anniversaries of the award, thus restrictions have lapsed with respect to 935 shares of this award. The value of the 2000 restricted stock awards at the end of the last fiscal year was \$944,308 for Mr. McAuliffe. Such value is determined by the market price, \$37.48, for the Common Stock at the last day of the last fiscal year. The number of shares subject to 2000 restricted stock awards held by Mr. McAuliffe at the end of the last fiscal year was 25,195 shares. Restrictions lapse on the first (34%), second (33%) and third (33%) anniversaries of the award, thus restrictions have lapsed with respect to 16,880 shares of this award. Holders of restricted stock awards are entitled to receive the dividends thereto commencing on the date of grant.

- (4) This number reflects two option grants, each of which were made on February 3, 2003. Of the total, 150,442 vest 34% on the first anniversary of the award and 33% vests on each of the second and third anniversaries of the award, and 464,602 vest 40% on the second anniversary of the award and 20% on each of the third, fourth and fifth anniversaries of the award.
- (5) As part of 2002 compensation, on May 1, 2003, Mr. Kompaniez will be granted a restricted stock grant of 11,210 shares, which shares will vest 40% on the second anniversary of the award and 20% on each of the third, fourth and fifth anniversaries of the award. Because the closing market price on date of grant is not known, the dollar value of the grant cannot be calculated at this time. At December 31, 2002, such an award would have had a value of \$420,151 based on the market price, \$37.48, for the Common Stock at the last day of the last fiscal year. Holders of restricted stock awards are entitled to receive the dividends thereto commencing on the date of grant.

Because the closing market price on date of grant is not known, the dollar value of the grant cannot be calculated at this time. - (1) Under the terms of the Apartment Investment and Management Company 1997 Stock Award and Incentive Plan (the "1997 Stock Plan"), the plan administrator retains discretion, subject to certain restrictions, to modify the terms of outstanding options. The exercise price of incentive options granted under the 1997 Stock Plan equal the fair market value of a share of Common Stock on the date of grant. The exercise price of non-qualified options issued under the 1997 Stock Plan generally equals the fair market value of a share of Common Stock on the date of grant.
- (2) For 150,442 options and 139,381 options for Messrs. Considine and Kompaniez, respectively and for 84,071 options for each of Messrs. McAuliffe, Robertson and Graber, vesting is on the first (34%), second (33%) and third (33%) anniversaries of the grant date of February 3, 2003. For 464,602 options, 40,929 options, 66,372 options, 77,434 options and 123,894 options for Messrs. Considine, Kompaniez, McAuliffe, Robertson and Graber, respectively, vesting is on the second (40%), third (20%), fourth (20%) and fifth (20%) anniversaries of the grant date of February 3, 2003.
- (3) The estimated present value at grant date of option grants in 2003 has been calculated using the Black-Scholes option pricing model based on the following assumptions: an estimated time until exercise of 5 years, a volatility of 19.5%, a risk-free interest rate of 3.52% and a dividend yield of 9.0%. The real value of these options depends on the actual performance of the Company's Common Stock during the applicable period and upon when options are exercised. No gain to the optionee is possible without an increase in the share price, which would benefit all shareholders as well.

COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT TO STOCKHOLDERS

The four members of the Board of Directors who are not members of management constitute the Compensation and Human Resources Committee. The Compensation and Human Resources Committee determines the compensation of the Chief Executive Officer and the President; reviews and approves compensation of other corporate officers holding the title of Executive Vice President ("Other Senior Management" and together with the Chief Executive Officer and the President, "Senior Management"); reviews the general compensation and benefit practices of the Company; and administers the Company's stock option and other stock related plans.

In conducting its review and in making its determination and granting approvals, the Committee considers various factors: the alignment of management financial awards with shareholder objectives for Total Return (dividend income plus share price appreciation); reasonability of compensation in consideration of all the facts, including Total Return, the size and complexity of the Company, and practices of other real estate investment trusts; and recruitment and retention of the Company's management.

Compensation of Senior Management is comprised of Base Compensation, Bonus Compensation and Long Term Incentive Compensation (collectively "Total Compensation"). The policy of the Compensation and Human Resources Committee is to set Base Compensation at or below the median paid by comparable companies to executive officers with comparable responsibilities; to use Bonus Compensation with a mixture of cash and stock options and/or restricted stock to reward specific achievements with reference to the median levels of the peer group; and to use Long Term Incentive Compensation (which is a mixture of stock options and restricted stock), at levels dependant upon the Company's performance. In years when the Company's financial performance is superior to its peer group (REITs with market capitalization of greater than \$4 billion), it is the policy of the Compensation and Human Resources Committee to set Total Compensation at levels that reward such performance. If Company performance is not superior to the peer group it is the Compensation and Human Resources Committee's policy to maintain aggregate Total Compensation of Senior Management at levels equal to or below the median level of the peer group, balanced by individual performance. The comparable companies reviewed by the Compensation and Human Resources Committee are among those included in the SNL indices used in the stock price performance graph under the heading "Stock Price Performance Graph" in this Proxy Statement. Among the factors considered by the Compensation and Human Resources Committee, in addition to Total Return, are various metrics of the Company, measured against the peer group, such as Adjusted Funds From Operations, and the scale of the business.

Base Compensation. The Compensation and Human Resources Committee determined 2002 Base Compensation for the Chief Executive Officer and for the President; reviewed and approved 2002 Base Compensation for Other Senior Management based upon the recommendation of the Chief Executive Officer and President; and considered such 2002 Base Compensation reasonable and in line with Company policy. The Base Compensation for Messrs. Considine and Kompaniez has been set to be equal or below the median compensation paid to executives with similar responsibilities at comparable companies reviewed by the Compensation and Human Resources Committee.

Bonus and Long Term Incentive Compensation. In assessing Bonus and Long Term Incentive Compensation for 2002, the Compensation and Human Resources Committee considered, among other things:

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form DEF 14A

Adjusted Funds From Operations and Funds From Operations per share decreased to \$3.77 and \$4.64, respectively, a decrease of 18.6% and 10.9%, respectively, against the prior year's results.

Total market capitalization increased to approximately \$11.2 billion (\$4.0 billion in equity capitalization) as of December 31, 2002, compared to approximately \$9.9 billion (\$4.0 billion in equity capitalization), as of December 31, 2001, an increase of 13%.

Property sales activity totaled approximately \$552 million for the year, consisting of 53 conventional properties, 26 affordable properties, seven senior living facilities, and one commercial property, generating net proceeds to AIMCO in excess of \$137 million.

AIMCO completed two acquisitions - Casden in southern California (\$1.1 billion) and the New England Properties acquisition in greater Boston (\$500 million).

AIMCO raised \$369 million of common equity through its public issuance of Common Stock at \$46.17 per share (net) and converted \$270 million of convertible preferred securities into Common Stock and Partnership Units.

22

AIMCO's 2002 Total Return of (11.5)% was less than that of the Morgan Stanley REIT Index, which had a return of 3.6%, and less than that of the peer group.

AIMCO's five year Total Return was 7.4% on an annualized basis, which exceeded the per group average of 6.8% annualized and the Morgan Stanley REIT Index Return of 3.3% annualized over the same period.

Although there were a number of significant accomplishments by the Company during 2002, the Company's financial performance was not considered superior by the Compensation and Human Resources Committee. Thus, the Compensation and Human Resources Committee approved Total Compensation to Mr. Considine and Mr. Kompaniez as follows:

<u>Name</u>	<u>Base Compensation</u>	<u>Bonus Compensation</u>	<u>Long Term Incentive Compensation</u>	<u>Total Compensation</u>
Terry Considine	\$ 200,000	\$ 850,000	\$ 1,050,000	\$ 2,100,000
Peter K. Kompaniez	200,000	800,000	500,000	1,500,000

Mr. Considine's and Mr. Kompaniez' Total Compensation is comprised of \$710,000 and \$685,000 in cash and \$1,390,000 and \$815,000 in equity compensation, respectively.

The Compensation and Human Resources Committee approved \$10,380,000 in Total Compensation to nine other members of Senior Management, consisting of \$4,329,000 in cash (includes salary and bonus) and \$6,051,000 in stock options and restricted stock. For the purpose of calculating the number of shares to be granted, restricted stock was valued at \$36.35 per share, the closing price of the Common Stock on January 31, 2003 and will be granted on May 1, 2003. The options, which were granted February 3, 2003, have an exercise price of \$36.35. The Compensation and Human Resources Committee valued the options at approximately \$2.26 per underlying share, based on the advice of a nationally recognized independent investment bank that valued the options consistent with the approach and using the parameters defined in Statement of Financial Accounting Standards No. 123, *Accounting for Stock-Based Compensation*.

The aggregate amount of Total Compensation of \$8,625,000, consisting of \$3,075,000 in cash and \$5,550,000 in options and restricted stock, for the Company's CEO and four most highly compensated executive officers is below the average amount paid in 2001 to the CEO and four most highly compensated executive officers of REITs having market capitalization rates of \$4 billion or greater.

EMPLOYMENT ARRANGEMENTS

Each of Messrs. Considine and Kompaniez receive annual cash compensation pursuant to employment contracts with the Company. The initial two-year term of each of these contracts expired in July 1996 but the contracts are automatically renewed for successive one-year terms unless the officer is terminated by the Company. The base salary payable under the employment contracts is subject to annual review and adjustment by the Compensation and Human Resources Committee. The base annual salaries of Messrs. Considine and Kompaniez were \$200,000 each for 2002. Each of Messrs. Considine and Kompaniez are also eligible for a bonus set by the Compensation and Human Resources Committee. See "Compensation and Human Resources Committee Report to Stockholders."

The employment contracts provide that upon a change in control of the Company or a termination of employment under certain circumstances, the employee will be entitled to a payment equal to three times the average annual salary for the previous three years. The contracts provide that during the term of the contract and for one year thereafter in no event will the employees engage in the acquisition, development, operation or management of other multifamily rental apartment properties outside of the Company. In addition, the contracts provide that the employees will not engage in any active or passive investment in property relating to multifamily rental apartment properties, with the exception of the ownership of up to 1% of the securities of any publicly-traded company involved in those activities.

Effective in January 2002, the Company entered into certain non-competition and non-solicitation agreements with a number of employees, including Messrs. Considine, Kompaniez, McAuliffe, Robertson and Graber. Pursuant to the agreements, in consideration for payment of certain bonus and restricted stock, each of these executives agreed that during the term of his employment with the Company and for a period of two (2) years following the termination of his employment, except in circumstances where there was a change in control of the Company, he could not (i) be employed by a competitor of the Company named on a schedule to the agreement, (ii) solicit other AIMCO employees to leave the

Company's employ or (iii) solicit customers of AIMCO to terminate their relationship with the Company. The agreements further required that the executives protect the Company's trade secrets and confidential information.

The agreements provide that in order to enforce the above-noted non-competition condition following the executive's termination of employment by the Company without cause, each of Messrs. Considine, Kompaniez, McAuliffe, Robertson and Graber will receive, for a period not to exceed the earlier of twenty-four (24) months following such termination or the date of acceptance of employment with a non-competitor, (i) severance pay in an amount, if any, to be determined by the Company in its sole discretion, and (ii) following payment of such severance, a monthly payment equal to two-thirds ($\frac{2}{3}$) of such executive's monthly base salary at the time of termination.

For purposes of these agreements, "cause" is defined to mean, among other things, the executive's (i) breach of the agreement, (ii) failure to perform required employment services, (iii) misappropriation of Company funds or property, (iv) indictment, conviction, plea of guilty or plea of no contest to a crime involving fraud or moral turpitude, or (v) negligence, fraud, breach of fiduciary duty, misconduct or violation of law.

STOCK PRICE PERFORMANCE GRAPH

The following graph compares cumulative total returns for the Company's Common Stock ("AIMCO"), the Standard & Poor's 500 Total Return Index (the "S&P 500"), the NASDAQ, the SNL Residential REIT Index and the Morgan Stanley REIT Index. The SNL Residential REIT Index was prepared by SNL Securities, an independent research and publishing firm specializing in the collection and dissemination of data on the banking, thrift and financial services industries. The Morgan Stanley REIT Index is published by Morgan Stanley Incorporated, an investment banking company. The indices are weighted for all companies that fit the definitional criteria of the particular index and are calculated to exclude companies as they are acquired and add them to the index calculation as they become publicly traded companies. All companies of the definitional criteria in existence at the point in time presented are included in the index calculations. The graph assumes the investment of \$100 in the Company's Common Stock and in each index on December 31, 1997, and that all dividends paid have been reinvested.

The sale was approved by the Company's stockholders at the 2002 Annual Stockholders' Meeting.

STOCK PURCHASE LOANS

From time to time, prior to the effectiveness of the Sarbanes-Oxley Act of 2002 in July 2002, the Company made loans to its executive officers to finance their purchase of shares of Common Stock from the Company. In February 2002, the Company sold to Mr. Robertson 68,603 shares of Common Stock for a purchase price of \$3,000,009. The purchase price was equal to the closing price of the Common Stock on the New York Stock Exchange on the date of sale. In payment for such shares, Mr. Robertson executed a promissory note payable to the Company bearing interest at 6.75% per annum, payable quarterly, and due in 2012. In order to comply with the Sarbanes-Oxley Act of 2002, the Company no longer provides loans to executive officers and will not make any material modification to any existing loans to executive officers. The following table sets forth certain information with respect to stock purchase loans to executive officers.

LOANS RELATED TO HIGH PERFORMANCE UNITS

From time to time, prior to the effectiveness of the Sarbanes-Oxley Act of 2002 in July 2002, the Company made loans to certain of its executive officers and employees to finance their investment in High Performance Units through a limited liability company owned by a limited number of AIMCO employees. Each loan is a full recourse loan repayable pursuant to an installment payment or a payroll deduction plan. No such loans have been made to Messrs. Considine or Kompaniez. The following table sets forth certain information with respect to these loans. The employees named below are the Named Executive Officers. Other executive officers and non-executive officers who received loans are grouped in the "other employees" category. In order to comply with the Sarbanes-Oxley Act of 2002, the Company no longer provides loans to executive officers and will not make any material modification to any existing loans to executive officers. OTHER MATTERS

Section 16(a) Compliance. Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports (Forms 3, 4 and 5) of stock ownership and changes in ownership with the SEC and the New York Stock Exchange. Officers, directors and beneficial owners of more than ten percent of the Company's stock are required by SEC regulations to furnish the Company with copies of all such forms that they file.

Based solely on the Company's review of the copies of Forms 3, 4 and 5 and the amendments thereto received by it for the year ended December 31, 2002, or written representations from certain reporting persons that no Forms 5 were required to be filed by those persons, the Company believes that during the period ended December 31, 2002, all filing requirements were complied with by its executive officers, directors and beneficial owners of more than ten percent of the Company's stock, except that Mr. Ellwood inadvertently omitted a report for a purchase by his wife of 200 shares on November 26, 2002, which was reported on December 31, 2002.

Stockholders' Proposals. Proposals of stockholders intended to be presented at the Company's Annual Meeting of Stockholders to be held in 2004, must be received by the Company, marked to the attention of the Secretary, no later than November 28, 2003 to be included in the Company's Proxy Statement and form of proxy for that meeting. Proposals must comply with the requirements as to form and substance established by the SEC for proposals in order to be included in the proxy statement. Proposals of stockholders submitted to the Company for consideration at the Company's Annual Meeting of Stockholders to be held in 2004 outside the processes of Rule 14a-8 (i.e., the procedures for placing a shareholder's proposal in the Company's proxy materials) will be considered untimely if received by the Company after February 17, 2004.

Other Business. The Company knows of no other business that will come before the Meeting for action. As to any other business that comes before the Meeting, the persons designated as proxies will have discretionary authority to act in their best judgment.
