CHAIRMAN AND PRESIDENT'S LETTER

Dear Shareholder:

We are pleased to present to you this semi-annual report of the Lehman Brothers First Trust Income Opportunity Fund for the period ending June 30, 2005. The report includes portfolio commentary, a listing of the Fund's investments, and its financial statements for the reporting period.

The high yield segment of the bond market posted modestly positive returns during the reporting period, despite a challenging environment. During the period, high yield bonds were affected by major market factors, including the expected downgrade of General Motors corporate debt to high yield status, which came to pass in early May, and the Fed's continued interest rate increases. Looking ahead, we expect the Fed to continue raising interest rates at a measured pace, but believe these increases will not prevent modest improvements in economic growth. Overall, we remain optimistic about the prospects for high yield bonds, although we recognize that general uncertainty over interest rates, economic growth, and continued fallout from the GM downgrade are likely to result in ongoing volatility throughout the remainder of the year.

The Fund's investment objective is to seek high total return through income plus capital appreciation. The Fund pursues this investment objective by investing primarily in high yield debt securities. Its performance will be dependent on several factors, including the rate of interest received on securities held by the Fund, the interest cost of Money Market Cumulative Preferred Shares issued by the Fund, and the credit quality of securities held by the Fund of interest rate hedges used by the Fund in seeking to manage short-term interest rate costs.

Edgar Filing: LEHMAN BROTHERS FIRST TRUST INCOME OPPORTUNITY FUND - Form N-CSRS

Portfolio manager Ann H. Benjamin and her team of seasoned investment professionals at Lehman Brothers Asset Management LLC manage the portfolio. A review of the portfolio's performance and Ann's outlook for the high yield markets may be found on the following page.

Ann and her team take a proactive approach to high yield asset management and integrate detailed security and industry analysis within the context of a global economic outlook. Ann's research analysts are industry specialists who carry out independent primary research on companies and industries. In addition to seeking value from specific issue selections, they also implement strategies seeking to take advantage of valuation opportunities across industry sectors and credit quality tiers.

We thank you for your trust in the Lehman Brothers First Trust Income Opportunity Fund. We will continue to do our best to keep earning it.

Sincerely,

/s/ Kurt A. Locher

/s/ Brad Tank

PORTFOLIO MANAGER'S REPORT

For the semi-annual reporting period ended June 30, 2005, the Lehman Brothers First Trust Income Opportunity Fund (NYSE: LBC) returned 1.07% on a Net Asset Value (NAV) basis and -2.40% on a market value basis.

The high yield segment of the bond market ended 2004 on a reasonably strong note, but saw a great deal of volatility in the first six months of 2005. High yield posted negative absolute returns in the first quarter of the year, fueled primarily by increased speculation that certain auto issuers would be downgraded to below investment grade at an accelerated pace.

With the uncertainties concerning the auto issuers behind it, the high yield market rebounded in the second quarter, leaving the six-month period in positive territory overall. As the market focuses on an improving economy and low default rates, we would expect the next six months to produce coupon-like returns of 4% to 5%.

We expect moderate economic activity for the second half of 2005. Our expectations are for GDP to average at or above trend -- in the neighborhood of 3.5% to 4.0%. We expect interest rates to remain reasonably stable, with the 10-year Treasury trading in a range of 3.75% to 4.75%. The Fed has not given any indication that it plans to stop raising interest rates in the near future. In our view, it will continue to raise the fed funds rate at a measured pace, ending 2005 at a level closer to 4.0%, thereby allowing the economy to remain on its current trajectory. In addition, given our economic outlook, we believe that default rates for high yield issuers will hold below 2.0% for the rest of 2005 and potentially well into 2006.

Over the six-month reporting period, our holdings in the wireless, retail, paper, and media sectors contributed positively to performance. Negative contributors to returns included companies in the metals and mining industry and cable holdings.

We expect to continue to slowly upgrade the aggregate credit quality of the Fund in recognition that we are moving into the later stages of the economic cycle. We are willing to be patient in this process, as we do not envision a

Edgar Filing: LEHMAN BROTHERS FIRST TRUST INCOME OPPORTUNITY FUND - Form N-CSRS

precipitous decline in economic activity. In the same vein, we have been slowly rotating away from cyclical and into more stable industries.

We expect to continue to underweight the automotive sector. While the markets have handled the post-downgrade of General Motors and Ford reasonably well, we believe that the sector will continue to face very difficult conditions throughout 2005 and beyond.

Fundamental business knowledge, credit research and proprietary financial modeling have been essential to our success in managing this portfolio. Relative value analysis across issuers, business sectors, and credit sectors drives our portfolio positioning. By maintaining this investment approach, we will seek to continue providing high total returns to our shareholders.

Sincerely,

/s/ Ann H. Benjamin

LEHMAN BROTHERS FIRST TRUST INCOME OPPORTUNITY FUND
NOTES TO SCHEDULE OF INVESTMENTS (UNAUDITED)

(a) See Note 2a of Notes to Financial Statements.

(b) Federal Tax Information:

At June 30, 2005, the net unrealized appreciation on investments based on cost of \$255,404,566 for federal income tax purposes was as follows:

Aggregate gross unrealized appreciation for all investments in which there is an excess of value over tax cost
Aggregate gross unrealized depreciation for all investments in which there is an excess of tax cost over value
Net unrealized appreciation

(c) Denotes a step-up bond: a zero coupon bond that converts to a fixed rate of interest at a designated future date.

FRN Floating Rate Note

144A Securities exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers. At the period end, the value of 144A Securities amounted to \$62,015,092 or 33.9% of net assets.

Quality Profile

The quality ratings of securities in the Fund as of June 30, 2005 were as follows:

S&P RATING/MOODY'S RATING/FITCH RATING	PERCENT OF TOTAL INVESTMENTS AND CASH**
BBB/Baa/BBB	5.5
BB/Ba/BB	34.9
B/B/B	43.0
CCC/Caa/CCC	12.6
NR (Not Rated)***	1.4
Cash	2.6

** Percentages compiled using the highest rating for each security.
 *** Securities not rated are of quality that is permitted to be invested in by the Fund.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2005 (UNAUDITED)

NOTE 1 -- ORGANIZATION

Lehman Brothers First Trust Income Opportunity Fund (the "Fund") was organized as a statutory trust under the laws of the state of Delaware on April 8, 2003, and is registered under the Investment Company act of 1940, as amended (the "1940 Act"), as a diversified, closed-end management investment company. Lehman Brothers Asset Management Inc. (the "Adviser") is investment adviser to the Fund. Lehman Brothers Asset Management LLC (formerly Lincoln Capital Fixed Income Management Company, LLC) is the sub-adviser to the Fund. The Fund's common shares are listed on the New York Stock Exchange under the symbol LBC.

The Fund's investment objective is to seek high total return (income plus capital appreciation). The Fund will pursue its investment objective by investing its assets primarily in high yield debt securities.

NOTE 2 -- SIGNIFICANT ACCOUNTING POLICIES

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates. The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements.

a) VALUATION: Debt securities are valued using an independent pricing service approved by the Board of Trustees, which utilizes closing market prices, market quotations and transactions, quotations from dealers and various relationships among securities in determining value. Securities for which closing market prices or market quotations are not available or are not considered by the Adviser to be reflective of a security's market value, are valued at fair value as determined in good faith under consistently applied procedures established by and under the supervision of the Board of Trustees. Criteria considered in making this determination may include, but is not limited to, a review of other securities by the same issuer for which market quotations are available, recent bid and ask prices for the security, the issuer's position in and economic outlook of the industry and, if necessary, a review of similar securities in similar industries. Securities with remaining maturities of 60 days or less are valued at amortized cost. This method involves valuing a portfolio security initially at its cost and thereafter assumes a constant amortization to maturity of any discount or premium.

b) SECURITY TRANSACTIONS AND RELATED INVESTMENT INCOME: Security transactions are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income, including amortization of premium and accretion of discount on securities, is recorded on the accrual basis. Realized gains and losses on investments are recorded on the basis of identified cost.

c) FEDERAL INCOME TAXES: It is the policy of the Fund to continue to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and distribute all of its net taxable income, including any net realized gains on investments, to its shareholders. Therefore, no federal income tax provision is required.

d) REVERSE REPURCHASE AGREEMENTS: The Fund is permitted to enter into reverse repurchase agreements with banks or securities firms deemed creditworthy by the Adviser. A reverse repurchase agreement involves the sale of a security by the Fund, with an agreement to repurchase the same or substantially similar security at an agreed upon price and date. Securities purchased subject to repurchase agreements must have an aggregate market value greater than or equal to the repurchase price plus accrued interest at all times. Reverse repurchase agreements involve the risk that the market value of the securities purchased with the proceeds from the sale of securities received by the Fund may decline below the price of the securities that the Fund is obligated to repurchase. There were no reverse repurchase agreements outstanding at June 30, 2005.

e) SWAP AGREEMENTS: The Fund may invest in swap agreements. A swap is an agreement to exchange the return generated by one instrument for the return generated by another instrument. The Fund may enter into interest rate swap agreements to manage its exposure to interest rates and credit risk. Interest rate swap agreements involve the exchange by the Fund with another party of their respective commitments to pay or receive interest. Swaps are marked to market daily based upon quotations from market makers and the change in value, if any, is recorded as unrealized gain or loss in the Statement of Operations. Net payments of interest on interest rate swap agreements are included as part of realized gain or loss. Entering into these agreements involves, to varying degrees, elements of credit, market and documentation

risk in excess of the amounts recognized on the Statement of Assets and Liabilities. Such risks involve the possibility that there will be no liquid market for these agreements, that the counterparty to these agreements may default on its obligation to perform and that there may be unfavorable changes in interest rates. At June 30, 2005, the Fund had the following open swap agreements:

NOTIONAL AMOUNT	EXPIRATION DATE	DESCRIPTION
\$ 22,500,000	03/15/06	Agreement with Citibank N.A. dated 03/11/04 to pay the notional amount multiplied by 1.78% and to receive the notional amount multiplied by the 1 month U.S. Dollars -- London Interbank Offered Rate - British Bankers Association (USD -- LIBOR -- BBA) adjusted for compounding.
\$ 22,500,000	03/15/07	Agreement with Citibank N.A. dated 03/11/04 to pay the notional amount multiplied by 2.27% and to receive the notional amount multiplied by the 1 month U.S. Dollars -- London Interbank Offered Rate -- British Bankers Association (USD -- LIBOR -- BBA) adjusted for compounding.
\$ 22,500,000	09/28/07	Agreement with Citibank N.A. dated 09/24/04 to pay the notional amount multiplied by 3.22% and to receive the notional amount multiplied by the 1 month U.S. Dollars -- London Interbank Offered Rate -- British Bankers Association (USD -- LIBOR -- BBA) adjusted for compounding.

NOTE 3 -- FEES AND TRANSACTIONS WITH RELATED PARTIES

The Fund pays all expenses incurred in connection with the operations of the Fund. These expenses, among others, include custodian and fund accounting and administrative fees, legal and audit fees, fees and expenses of the disinterested Trustees, registration fees, and printing expenses.

The Fund pays the Adviser a monthly fee computed at an annual rate of 0.60% of the Fund's average daily "Managed Assets" (net assets, including assets attributable to any outstanding preferred shares, plus the aggregate principal amount of any borrowings). The Adviser is responsible for developing, implementing and supervising the Fund's investment program and providing certain administrative services to the Fund. The Adviser has retained Lehman Brothers Asset Management LLC ("LBAM LLC") to serve as the sub-adviser of the Fund and to manage the Fund's investment portfolio. The Adviser compensates LBAM LLC for its services as sub-adviser. The Adviser pays LBAM LLC a monthly sub-advisory fee calculated at the following annual percentage rates of the Fund's average daily Managed Assets: 0.55% on the Fund's first \$25 million of Managed Assets, 0.45% on the next \$25 million of Managed Assets, 0.35% on the next \$50 million of Managed Assets, and 0.30% on Managed Assets that are in excess of \$100 million. The Adviser and LBAM LLC are wholly owned subsidiaries of Lehman Brothers Holdings Inc., a publicly traded corporation.

First Trust Portfolios L.P. ("First Trust") serves as the Fund's distribution and marketing agent, and investor servicing agent. As the Fund's distribution and marketing agent, First Trust

provides certain distribution and marketing services for the Fund's common shares including preparing marketing materials and presentations, developing contacts with brokers whose clients may have an interest in acquiring Fund shares and replying to information requests from prospective investors. In consideration for these services, First Trust receives a fee paid by the Adviser.

First Trust, as the investor servicing agent, developed and maintains a website for the Fund, assists in the review of shareholder materials, assists in the dissemination of the Fund's net asset value and market price, provides ongoing shareholder and account maintenance services, replies to information requests from shareholders and aids in secondary market support. In consideration for these services, the Fund pays First Trust a monthly fee computed at the annual rate 0.05% of the Fund's average daily Managed Assets. For the six months ended June 30, 2005, the Fund paid First Trust, as the investor servicing agent, a fee equal to \$68,133.

The Fund pays no compensation to its officers or to its Trustees who are interested Trustees of the Adviser or its affiliates.

NOTE 4 -- INVESTMENT IN SECURITIES

For the six months ended June 30, 2005, purchases and sales of investments, other than short-term securities, aggregated \$122,260,206 and \$129,514,471, respectively.

NOTE 5 -- MONEY MARKET CUMULATIVE PREFERRED SHARES

The Fund is authorized to issue 3,750 Money Market Cumulative Preferred Shares ("MMP"), each without par value. On October 22, 2003, the Fund issued 3,600 MMP with proceeds of \$90,000,000 in a public offering. The underwriting commissions and offering costs of \$1,236,545 were incurred in connection with the offering and were charged directly to paid-in capital of the common shares. Dividends on the MMP are cumulative at a rate which was established at the offering and have been reset every twenty-eight days thereafter by an auction. The Fund pays commissions to certain broker-dealers at the end of each auction at an annual rate of 0.25%. For the six months ended June 30, 2005, Lehman Government Securities, Inc., an affiliate of the Adviser, earned \$111,274 in commissions.

The MMP are redeemable at the option of the Fund at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends, on any dividend payment date. The MMP are also subject to mandatory redemption at a redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends, if the Fund defaults on its asset maintenance requirements with respect to the MMP and fails to cure such a default within the time permitted. If the dividends on the MMP shall remain unpaid in an amount equal to two full years' dividends, the holders of the MMP, as a class, have the right to elect a majority of the Board of Trustees. In general, the holders of the MMP and the common shares have equal voting rights of one vote per share, except that the holders of the MMP, as a separate class, have the right to elect at least two members of the Board of Trustees and to vote under certain other circumstances specified in the Fund's Amended By-Laws. The MMP have a liquidation preference of \$25,000 per share, plus accumulated and unpaid dividends. The Fund is required to maintain certain asset coverage with respect to the MMP as defined in the Fund's Amended By-Laws and the Investment Company Act of 1940.

NOTE 6 -- DISTRIBUTIONS TO SHAREHOLDERS

The Fund intends to make monthly distributions of net investment income to common shareholders, after payments of any dividends on outstanding MMP. Distributions to common shareholders are recorded on the ex-dividend date. Distributions to preferred shareholders are recorded daily and are payable at

Edgar Filing: LEHMAN BROTHERS FIRST TRUST INCOME OPPORTUNITY FUND - Form N-CSRS

the end of each dividend period. Each dividend payment period for the MMP is generally twenty-eight days. For the six months ended June 30, 2005, the dividend rates for MMP ranged from 2.41% to 3.35%. The dividend rate for MMP on June 30, 2005 was 3.35%. In addition, at least annually, the Fund intends to distribute net capital gains, if any. The timing and characterization of certain income and capital gains distributions are determined in accordance with federal tax regulations which may differ from accounting principles generally accepted in the lehman brothers first trust income opportunity fund semi-annual report 2005 United States of America. Permanent differences between book and tax accounting relating to distributions are reclassified to paid-in capital.

NOTE 7 -- SHARES OF BENEFICIAL INTEREST

The Fund's Declaration of Trust authorizes the Trustees to issue an unlimited number of common shares for the Fund, each without par value. Transactions in common shares were as follows:

	SIX MONTHS ENDED JUNE 30, 2005 (UNAUDITED)		YEAR ENDED DECEMBER 31, 2004	
	SHARES	AMOUNT	SHARES	AMOUNT
Shares issued pursuant to the Fund's dividend reinvestment plan	2,609	\$ 38,757	8,448	\$ 128,71
Increase derived from capital share transactions	2,609	\$ 38,757	8,448	\$ 128,71

NOTE 8 -- CONCENTRATION OF CREDIT RISK

The Fund will normally invest at least 80% of its Managed Assets in investments offering high current income, which generally will be in the lower rating categories of recognized rating agencies. These investments are regarded as predominantly speculative with respect to capacity to pay interest and repay principal in accordance with the terms of the obligations and will generally involve more credit risk than securities in the higher rating categories. In addition, the trading market for high yield investments may be relatively less liquid than the market for higher-rated investments.

NOTE 9 -- RISK ASSOCIATED WITH THE USE OF LEVERAGE

The Fund's use of leverage through the issuance of preferred shares and borrowings, as well as the economic leverage inherent in certain derivatives, including credit default swaps, creates risks for holders of common shares. There is no assurance that the Fund's leveraging strategies will be successful. If the Fund issues preferred shares or borrows money to make additional investments and the income and capital appreciation from those investments exceed the dividends payable on the preferred shares or the costs of borrowing, the Fund's investment return will be greater than if leverage had not been used. However, if the dividends payable on the preferred shares or the costs of borrowing exceed the income and capital appreciation from the additional investments, the Fund would lose money and its investment return will be lower than if leverage had not been used. An increase in interest rates, which would increase the costs of leverage, may be likely because market rates of interest

Edgar Filing: LEHMAN BROTHERS FIRST TRUST INCOME OPPORTUNITY FUND - Form N-CSRS

are currently near their lowest levels in recent years. Leverage creates risks which may adversely affect the return for holders of common shares, including:

- (a) the likelihood of greater volatility of net asset value and market price of the Fund's common shares;
- (b) the possibility either that common share income will fall if the preferred share dividend rate rises or the Fund's borrowing costs increase, or that common share income will fluctuate because of changes in the preferred share dividend rates or borrowing costs.

NOTE 10 -- INDEMNIFICATIONS

In the ordinary course of business, the Fund enters into contracts that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

NOTE 11 -- UNAUDITED FINANCIAL INFORMATION

The financial information included in this interim report is taken from the records of the Fund without audit by independent auditors. Annual reports contain audited financial statements.

23

OTHER INFORMATION

SHAREHOLDER VOTING RESULTS (UNAUDITED)

The annual meeting of the Trust's shareholders was held on May 25, 2005 at which shareholders considered and approved the following proposals. The voting results were the following:

With respect to the election of Stephanie E. Dolan as a Trustee of the Fund:

11,799,430.812 shares of Common Shares and MMP Shares, voting together as a single class, or 99.514% of shares cast, in the affirmative, with 57,670 shares, or 0.486% of shares cast, withheld;

With respect to the election of Scott Hall as a Trustee of the Fund:

11,803,145.812 shares of Common Shares and MMP Shares, voting together as a single class, or 99.545% of shares cast, in the affirmative, with 53,955 shares, or 0.455% of shares cast, withheld; and

With respect to the election of Michael M. Knetter as a Trustee of the Fund:

1,917 MMP shares, or 100% of shares cast, in the affirmative, with 0 shares or 0% of shares cast withheld.

DIVIDEND REINVESTMENT PLAN (UNAUDITED)

The Fund has a Dividend Reinvestment Plan (the "Plan") commonly referred to as an "opt-out" plan. Each common shareholder will have all distributions of

dividends and capital gains automatically reinvested in additional common shares by Investors Bank & Trust Company, as agent for shareholders pursuant to the Plan (the "Plan Agent"), unless the shareholder elects to receive cash or unless the shares are registered in the name of a broker-dealer or other nominee (that is, in "street name") and the respective nominee does not participate in the Plan. For Plan participants, the Plan Agent will either (i) effect purchases of common shares under the Plan in the open market or (ii) distribute newly issued common shares of the Fund. Shareholders who elect not to participate in the Plan will receive all distributions in cash paid by check mailed directly to the shareholder of record (or if the shares are held in street or other nominee name, then to the nominee) by the Plan Agent, as dividend disbursing agent. Certain broker-dealers and nominees do not permit their clients to participate in dividend reinvestment plans. Shareholders whose common shares are held in the name of a broker or nominee should contact the broker or nominee to determine whether and how they may participate in the Plan.

The Plan Agent serves as agent for the shareholders in administering the Plan. After the Fund declares a dividend or makes a capital gain distribution, the Plan Agent will, as agent for the participants, either (i) receive the cash payment and use it to buy common shares in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts or (ii) distribute newly issued common shares of the Fund on behalf of the participants. The Plan Agent will receive cash from the Fund with which to buy common shares in the open market if, on the determination date, the net asset value per share exceeds the market price per share plus estimated brokerage commissions on that date. The Plan Agent will receive the dividend or distribution in newly issued common shares of the Fund if, on the determination date, the market price per share plus estimated brokerage commissions equals or exceeds the net asset value per share of the Fund on that date. The number of shares to be issued will be computed at a per share rate equal to the greater of (i) the net asset value or (ii) 95% of the closing market price per share on the payment date.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent. Such withdrawal will be effective immediately if received not less than ten days prior to a distribution record date; otherwise, it will be effective for all subsequent dividend record dates. When a participant withdraws from the Plan or upon termination of the Plan as provided below, certificates for whole common shares credited to his or her account under the Plan will be issued and a cash payment will be made for any fraction of a common share credited to such account. In the alternative, upon receipt of the participant's instructions, common shares will be sold and the proceeds sent to the participant less brokerage commissions and any applicable taxes.

The Plan Agent maintains each shareholder's account in the Plan and furnishes confirmations of all acquisitions made for the participant. Common shares in the account of each Plan participant will be held by the Plan Agent on behalf of the participant. Proxy material relating to shareholders' meetings of the Fund will include those shares purchased as well as shares held pursuant to the Plan.

In the case of shareholders, such as banks, brokers or nominees, which hold common shares for others who are the beneficial owners, the Plan Agent will administer the Plan on the basis of the number of common shares certified from time to time by the record shareholders as representing the total amount registered in the record shareholder's name and held for the account of beneficial owners who are participants in the Plan.

The Plan Agent's fees for the handling of reinvestment of dividends and other distributions will be paid by the Fund. Each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of distributions. There are no other charges to participants for reinvesting dividends or capital gain distributions; however, the Fund reserves the right to amend the Plan to include

Edgar Filing: LEHMAN BROTHERS FIRST TRUST INCOME OPPORTUNITY FUND - Form N-CSRS

a service charge payable by the participants.

The automatic reinvestment of dividends and other distributions will not relieve participants of any income tax that may be payable or required to be withheld on such dividends or distributions.

The Fund and the Plan Agent reserve the right to amend or terminate the Plan. All correspondence concerning the Plan should be directed to: Investors Bank & Trust Company, 200 Clarendon Street, Mail Stop OPS22, Boston, MA 02116 (Telephone) 800-988-5196.

27

Set forth below is information about the officers of the Fund. Each officer serves for a one-year term. The address for each officer is Lehman Brothers Asset Management Inc., 399 Park Avenue, New York, NY 10022.

NAME AND DATE OF BIRTH	POSITION WITH FUND	PRINCIPAL OCCUPATION FOR LAST FIVE YEARS

Bradley Tank 9/29/1957	President	Chief Executive Officer of Lehman Brothers Asset Management; Managing Director and Global Head of Fixed Income Asset Management for Lehman Brothers (since 2002); Chief Executive Officer and Managing Director of Lehman Brothers Asset Management LLC; formerly, Director of Fixed Income for Strong Capital Management in Menomonee Falls, Wisconsin (1990-2002).
Edward Grieb 9/22/1961	Treasurer	Chief Financial Officer of Lehman Brothers Asset Management Inc.; Managing Director (since 2003) and Assistant Controller for Lehman Brothers (since 1997).
Stephanie Dolan 4/4/1963	Assistant Treasurer	Senior Vice President of Lehman Brothers Inc.; Controller of Lehman Brothers Asset Management.
Jonathan Morris 3/1/1956	Secretary	Senior Vice President of Lehman Brothers Asset Management Inc.; Senior Vice President and General Counsel for Lehman Brother's Investment Management Division which includes Lehman Brothers private investment management business and asset management and investment advisory business (since 1997).
Philip R. Carroll 12/2/1934	Chief Compliance Officer	Vice President, Neuberger Berman since 2002; Associate General Counselor, Neuberger Berman since 2001; Director -- Mutual Fund Compliance, NB Management since 1995; Chief Legal Officer, fourteen registered investment companies for which NB Management acts as an investment manager and administrator (ten since 2003, four since 2004); Chief Compliance Officer, fourteen registered investment companies for which NB Management acts as investment manager and

administrator (fourteen since 2004).

The Fund's Statement of Additional Information includes additional information about the Trustees of the Fund and is available without charge, upon request, by calling 1-800-988-5196 or visiting the Fund's website at www.lbftincomeopportunity.com.

A description of the Fund's proxy voting policies and procedures is available (1) without charge, upon request, by calling 1-800-988-5196 (2) on the Fund's website at www.lbftincomeopportunity.com and (3) on the Commission's website at www.sec.gov.

Information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12 month period ended June 30, 2005 is available (1) on the Fund's website at www.lbftincomeopportunity.com and (2) on the Commission's website at www.sec.gov.

In accordance with Section 303A.12 (a) of the New York Stock Exchange Listed Company Manual, the Fund's Annual CEO Certification certifying as to compliance with NYSE's Corporate Governance Listing Standards was submitted to the Exchange on June 13, 2005.

The Fund files a complete schedule of investments with the Commission for the first and third quarters of its fiscal year on Form N-Q, which when filed will be available on the Commission's website at www.sec.gov. The Fund's Form N-Q may be reviewed and copied at the Commission's Public Reference Room, which may be obtained by calling 1-800-SEC-0330.

APPROVAL OF ADVISORY AND SUB-ADVISORY AGREEMENTS BY THE BOARD OF TRUSTEES

During the six-month period covered by this report, the Fund's Board of Trustees approved the continuation of each of those agreements pursuant to which the Fund is provided with investment advisory services. In accordance with regulations promulgated by the Securities and Exchange Commission, a summary of the material factors taken into consideration by the Board of Trustees has been prepared, which summary includes the conclusions reached by the Board of Trustees and the conclusions that formed the basis for the Board's approval. The agreements considered by the Board were the Fund's Advisory Agreement with Lehman Brothers Asset Management Inc. (the "Adviser") and the Sub-Advisory Agreement with Lehman Brothers Asset Management LLC (the "Sub Adviser"). Overall, the Board concluded that continuation of the Advisory and Sub-Advisory Agreements (referred to collectively as the "Agreements"), would be in the best interests of the Fund and its shareholders and that the services provided by the Adviser and Sub-Adviser under the Advisory and Sub-Advisory Agreements are satisfactory and continue to support the Board's original selection of the Adviser and Sub-Adviser.

In connection with its review of the nature and quality of the services provided by the Adviser and Sub-Adviser, the Board considered the administrative services provided by the Adviser (including the fact that officers of the Adviser serve as executive and compliance officers for the Fund); the Adviser's demonstrated commitment to building its overall management capabilities and the Adviser's and Sub-Adviser's investment philosophy and experience, investment processes and strategies and the background and experience of the persons responsible for the day-to-day management of the Fund. The Board also considered, as a material factor in evaluating the quality of the services provided under the Agreements, the Fund's performance both relative to its designated benchmark and in light of the Fund's specific investment strategies and objectives and concluded that the Fund's performance was satisfactory. The Board considered publicly available

statistical information ("Peer Group information") regarding the performance achieved by funds generally considered comparable to the Fund. In concluding that the Fund's performance was satisfactory and merited continuation of the agreements, the Board based its conclusion on the specific facts and circumstances of the Fund and did not rely primarily upon such Peer Group information.

The performance of the Fund relative to unregistered institutional accounts of the Sub-Adviser was not a material factor in the Board's deliberations in light of the difference between the regulatory and investment environments experienced by such accounts and the Fund.

In connection with its review of the Fund's advisory fee structure, the Board considered information provided by the Adviser and Sub-Adviser with respect to the costs incurred (including, in the case of the Adviser, fees payable to the Sub-Adviser), profits achieved and ancillary or "fall-out" benefits enjoyed, by each such entity as a result of its relationship with the Fund. The Board concluded that the profit levels reported were not excessive and were within the range that would have been negotiated at arm's length in light of the specific facts and circumstances of the Fund and in this respect, were aided by Peer Group information to the effect that expense levels of the Fund compared favorably to the expense levels of other comparable funds. Fees received by the Sub-Adviser for managing other unregistered institutional accounts were not a material factor in the Board's deliberations in light of the difference between the regulatory and investment environments experienced by such accounts and the Fund. Similarly, "fall out" benefits were not deemed a material factor, in light of the small size of the Fund relative to other assets managed by the Adviser and Sub-Adviser and the fact that securities transactions for the Fund generally do not involve brokerage commissions due to the nature of the securities in which the Fund invests.

Finally, in connection with its review of the Fund's advisory fee structure, the Board considered the extent to which there is any potential for the realization of economies of scale that may be appropriately reflected in fee schedules, and concluded that, because the Fund is a closed-end vehicle, the potential for growth in assets is limited to investment gains and should not be a material factor in evaluating the advisory fee levels at this time.

SUBSEQUENT EVENT

Since its inception, the Fund has pursued its investment objective by investing its assets primarily in high yield debt securities, with at least 80% of its Managed Assets held in below investment grade (high yield) debt securities (including corporate loans) of U.S. issuers and issuers whose securities are traded within the U.S. Effective August 24, 2005, the Fund is permitted to invest in securities of Canadian issuers without regard to the issuer's trading market.
