RISK FACTORS

The information below should be read in conjunction with the information under "Risk Factors" in our Annual Report on Form 10-K for the year ended November 30, 2006, which is incorporated by reference herein, and with the information under "Risk Factors" in any subsequent incorporated documents. See "Where You Can Find More Information."

We are controlled by an entity whose interests may differ from yours.

Our Class B common stock is entitled to ten votes per share, and our Class A common stock is entitled to one vote per share. The Class B common stock may be converted into Class A common stock at any time at the option of the holder and will automatically be converted into Class A common stock upon the earlier of the occurrence of specified events or November 16, 2009. See "Description of Capital Stock Common Stock Conversion."

As of the date of this prospectus, our principal stockholder, Urvanos Investments Limited, a wholly-owned subsidiary of TBG Holdings N.V. (TBG), owned 100% of our Class B common stock and approximately 2% of our outstanding Class A common stock. In the aggregate, this ownership represented approximately 76% of the voting power of our outstanding capital stock (compared to approximately 25% of the overall economic interest).

Voting and investment decisions with respect to our common stock that is owned by Urvanos have historically been made by TBG. As a result, TBG controls all matters requiring stockholder approval, including amendments to our certificate of incorporation, the election of directors, and significant corporate transactions, such as transactions involving a change of control of IHS. TBG is indirectly wholly-owned by TB Continuity II Trust, of which Georg Heinrich Thyssen-Bornemisza is the sole primary beneficiary. Georg Heinrich Thyssen-Bornemisza is the chairman of the board of directors of TBG. Jerre L. Stead, our chief executive officer and the chairman of our board of directors, is a member of the board of directors of TBG. In addition, prior to our initial public offering, C. Michael Armstrong, Roger Holtback, and Michael Klein, all members of our board of directors, were members of the board of directors and an advisory committee of TBG. TBG or its shareholder may have interests that conflict with yours and actions may be taken that you do not view as beneficial.

Under Delaware law, the directors of a corporation owe fiduciary duties to all stockholders of the corporation, not just to the controlling stockholders. In addition, a majority of our board of directors is "independent" of management, as defined by the New York Stock Exchange rules and regulations. However, in light of the significant control that TBG has over all matters requiring stockholder approval (including the election of directors), no assurances can be provided that these protections will prevent actions that may be viewed as adverse to the Class A stockholders.

Shares eligible for future sale could depress the price of our shares.

Sales of substantial amounts of the Class A common stock in the public market, or the perception that such sales could occur, could adversely affect the market price of the shares. As of February 28, 2007, there were 44,826,213 shares of Class A common stock and 13,750,000 shares of Class B common stock outstanding. Immediately after the reorganization of The Thyssen-Bornemisza Continuity Trust described under "Selling Stockholders Trust Reorganization," TBG indirectly owned an aggregate of 958,859 shares of Class A common stock and all 13,750,000 shares of Class B common stock. Immediately after this trust reorganization, Tak Tent (F) Limited owned 2,000,000 shares of Class A common stock and Augustus Limited owned 3,500,000 shares of Class A common stock. Tak Tent (F) Limited (and its permitted transferees) may sell up to 1,500,000 shares of Class A common stock under the registration statement of which this prospectus is a part, and Augustus Limited (and its permitted transferees) may sell up to 1,500,000 shares of Class A common stock under the registration statement. The 2,500,000 shares of Class A common stock owned by Tak Tent (F) Limited and Augustus Limited

that are not eligible for sale under the registration statement may be eligible for sale into the public market under Rule 144 under the Securities Act of 1933, as amended. In addition, as of the date of this prospectus, investment entities affiliated with General Atlantic LLC owned 4,687,500 shares of Class A common stock.

Urvanos, Tak Tent (F) Limited, Augustus Limited and entities affiliated with General Atlantic LLC are entitled to require us to register their shares under the Securities Act under certain conditions. See "Selling Stockholders Registration Rights Agreements." The sale by us or any of these stockholders of shares of common stock in the public market, or the perception that such sales might occur, could have a material adverse effect on the price of our shares.

The price of our Class A common stock may be volatile and may be affected by market conditions beyond our control.

Our share price is likely to fluctuate in the future because of the volatility of the stock market in general and a variety of factors, many of which are beyond our control, including:

quarterly variations in actual or anticipated results of our operations;

changes in financial estimates by securities analysts;

actions or announcements by us or our competitors;

regulatory actions;

litigation;

loss or gain of a major customer or content provider;

additions or departures of key personnel; and

future sales of our Class A common stock.

Market fluctuations could result in volatility in the price of shares of our Class A common stock, which could cause a decline in the value of your investment. In addition, if our operating results fail to meet the expectations of stock analysts or investors, there may be an immediate and significant decline in the trading price of our Class A common stock.

Provisions in our charter documents and under Delaware law could discourage a takeover that stockholders may consider favorable.

Certain provisions in our governing documents could make a merger, tender offer, or proxy contest involving us difficult, even if such events would be beneficial to the interests of our stockholders. These provisions include our dual class structure, our classified board, our supermajority voting requirements, and our adoption of a rights agreement, commonly known as a "poison pill." In addition, we are subject to certain Delaware anti-takeover provisions. Under Delaware law, a corporation may not engage in a business combination with any holder of 15% or more of its capital stock unless the holder has held the stock for three years or, among other things, the board of directors has approved the transaction. Accordingly, our board of directors could rely upon these or other provisions in our governing documents and upon Delaware law to prevent or delay an acquisition of us. See "Description of Capital Stock."

SPECIAL NOTE ON FORWARD-LOOKING STATEMENTS

We have made statements in this prospectus and in the documents incorporated by reference that are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. In some cases, you can identify these statements by forward-looking words such as "may," "might," "will," "should," "expect," "plan," "anticipate," "believe," "estimate," "predict," "potential," or "continue," the negative of these terms, and other comparable terminology. These forward-looking statements, which are subject to risks, uncertainties, and assumptions, may include projections of our future financial performance based on our growth strategies and anticipated trends in our business. These statements are only predictions based on our current expectations and projections about future events. There are important factors that could cause our actual results, level of activity, performance, or achievements to differ materially from the results, level of activity, performance, or achievements expressed or implied by the forward-looking statements. In particular, you should consider the risks outlined under "Risk Factors" in our Annual Report on Form 10-K for the year most recently ended and in our Quarterly Report on Form 10-Q for the quarter most recently ended.

Although we believe the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, level of activity, performance, or achievements. Moreover, neither we nor any other person assumes responsibility for the accuracy or completeness of any of these forward-looking statements. You should not rely upon forward-looking statements as predictions of future events.

USE OF PROCEEDS

We will not receive any proceeds from the sale of Class A common stock by any selling stockholder.

SELLING STOCKHOLDERS

The selling stockholders may include Tak Tent (F) Limited and Augustus Limited, and any other stockholder who acquired its shares of Class A common stock directly or indirectly from either of the foregoing, to the extent such stockholder is a "permitted transferee" under the relevant registration rights agreement. See "Selling Stockholders Registration Rights Agreements Tak Tent (F) Limited and Augustus Limited." Any other selling stockholders will be named in a prospectus supplement, in a post-effective amendment to the registration statement of which this prospectus is a part or in a document incorporated by reference into the registration statement.

The following table sets forth information about the stock ownership of Tak Tent (F) Limited and Augustus Limited immediately after the reorganization of The Thyssen-Bornemisza Continuity Trust described under " Trust Reorganization."

Trust Reorganization

Both Tak Tent (F) Limited and Augustus Limited acquired their shares of Class A common stock in connection with the May 2007 reorganization of The Thyssen-Bornemisza Continuity Trust. At the time of the reorganization, The Thyssen-Bornemisza Continuity Trust was the indirect owner of TBG Holdings N.V. (TBG), which in turn owned our principal stockholder, Urvanos Investments Limited. In connection with the reorganization of The Thyssen-Bornemisza Continuity Trust, TB Continuity II Trust, of which Georg Heinrich Thyssen-Bornemisza is the sole primary beneficiary, became the indirect owner of TBG and Urvanos.

Prior to the reorganization of The Thyssen-Bornemisza Continuity Trust, each of Tak Tent (F) Limited and Augustus Limited was a direct or indirect wholly-owned subsidiary of TBG. In connection with the reorganization of The Thyssen-Bornemisza Continuity Trust, the equity interests in Tak Tent (F) Limited and Augustus Limited were transferred to certain trusts established for the benefit of members of the Thyssen-Bornemisza family. Following the trust reorganization, none of TB Continuity II Trust, TBG, Urvanos or Georg Heinrich Thyssen-Bornemisza (the sole primary beneficiary of the TB Continuity II Trust and the chairman of the board of directors of TBG) has any economic interest in, or controls the activities of, either Tak Tent (F) Limited or Augustus Limited.

Following the trust reorganization, TBG, through its ownership of Urvanos, continues to have the power to exercise significant influence over our management and affairs and over all matters requiring stockholder approval. See "Risk Factors We are controlled by an entity whose interests may differ from yours."

Registration Rights Agreements

In connection with the reorganization of The Thyssen-Bornemisza Continuity Trust, we agreed to amend and restate our existing registration rights agreement with Urvanos, and to enter into two new registration rights agreements with Tak Tent (F) Limited and Augustus Limited, respectively. We previously agreed to provide registration rights to entities affiliated with General Atlantic LLC. We have agreed to pay certain expenses under these agreements. These registration rights are described below. The agreements contain the full legal text of the matters described below. The agreements are filed as exhibits to the registration statement of which this prospectus is a part. See "Where You Can Find More Information" for more information on how to obtain a copy of these agreements.

Tak Tent (F) Limited and Augustus Limited

In connection with the reorganization of The Thyssen-Bornemisza Continuity Trust, we entered into agreements with each of Tak Tent (F) Limited and Augustus Limited that provide registration rights to these stockholders and their permitted transferees.

Each agreement provides for the registration of 1,500,000 shares of Class A common stock under a registration statement filed with the Securities and Exchange Commission pursuant to Rule 415 under the Securities Act. This prospectus is a part of the registration statement that we filed in accordance with our obligations under these registration rights agreements.

Under these agreements, Tak Tent (F) Limited and Augustus Limited are each entitled to sell 125,000 shares of Class A common stock per calendar quarter under the registration statement without offering us any right of first refusal to purchase these shares. However, if in any calendar quarter sales under the registration statement by Tak Tent (F) Limited would exceed 125,000 shares, or sales by Augustus Limited would exceed 125,000 shares, then any further sale by that holder under the registration statement in that calendar quarter must be in an amount of not less than 50,000 shares, and such shares must first be offered for sale to us (or our assignee) on the terms specified in the applicable registration rights agreement. We cannot predict whether our rights of first refusal will ever be triggered, and if triggered we cannot predict whether we or our assignee would exercise the purchase rights.

Urvanos

Immediately following the reorganization of The Thyssen-Bornemisza Continuity Trust, our principal stockholder Urvanos Investments Limited, a wholly-owned subsidiary of TBG, owned 13,750,000 shares of Class B common stock and 958,859 shares of Class A common stock. In connection with the trust reorganization, we amended and restated an agreement that provides registration rights to Urvanos and its permitted transferees.

At any time upon the written request of a holder, we will be required to use our best efforts to effect, as expeditiously as possible, the registration of all or a portion of a holder's Class A common stock, provided that the aggregate proceeds of the offering is expected to equal or exceed \$50 million. The holders under this agreement are entitled to two demand registrations. However, we will not be required to effect more than one demand registration within any twelve-month period, and we will have the right to preempt any demand registration with a primary registration, in which case the holders will have incidental registration rights.

Under this agreement, a holder also has incidental rights to request that its shares be included in any registration of our Class A common stock, other than registrations on Form S-8 or Form S-4, registrations for our own account pursuant to Rule 415, or in compensation or acquisition-related registrations.

General Atlantic Entities

In October 2005, we agreed to provide registration rights under certain conditions with respect to the 4,687,500 shares of Class A common stock held by entities affiliated with General Atlantic LLC, upon the expiration in November 2007 of a two-year lock-up period agreed to at the time of the General Atlantic investment.

DESCRIPTION OF CAPITAL STOCK

General Matters

The following description of our capital stock and the relevant provisions of our certificate of incorporation and bylaws are summaries thereof and are qualified by reference to our certificate of incorporation and bylaws, copies of which have been filed with the SEC as exhibits to our Annual Report on Form 10-K, and applicable law.

Our authorized capital stock consists of 80,000,000 shares of Class A common stock, \$0.01 par value, 13,750,000 shares of Class B common stock, \$0.01 par value, and 937,500 shares of preferred stock, which the board of directors may issue with or without par value.

Common Stock

Voting Rights. The holders of our Class A common stock and Class B common stock have identical rights, except that holders of our Class A common stock are entitled to one vote per share and holders of our Class B common stock are entitled to ten votes per share on all matters to be voted upon by the stockholders. Our certificate of incorporation provides that, so long as any shares of the Class B common stock are outstanding, no person or entity is permitted, without the approval of the board of directors, to vote more than 79.9% of the total combined voting power of all classes of stock entitled to vote. If a person would be entitled to vote more than 79.9% of the total combined voting power notwithstanding this limitation, then the excess voting power of such person will be allocated to the other shareholders on a *pro rata* basis for purposes of any vote. We have not provided for cumulative voting for the election of directors in our certificate of incorporation.

Dividend Rights. Subject to preferences that may be applicable to any outstanding preferred stock, the holders of Class A common stock and Class B common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by the board of directors out of funds legally available therefor. See "Market for the Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities Dividend Policy" in our Annual Report on Form 10-K for the year ended November 30, 2006, which is incorporated by reference herein. In the event a dividend is paid in the form of shares of common stock or rights to acquire common stock, the holders of Class A common stock shall receive Class A common stock, or rights to acquire Class A common stock, as the case may be, and the holders of Class B common stock shall receive Class B common stock, or rights to acquire Class B common stock, as the case may be.

Conversion. Our Class A common stock is not convertible into any other shares of our capital stock. Each share of Class B common stock is convertible at any time at the option of the holder into one share of Class A common stock. In addition, each share of Class B common stock shall convert automatically, without any action by the holder, into one share of Class A common stock upon the earlier of:

any transfer, whether or not for value, except for:

transfers to any trust, so long as (a) such trust is the sole owner, directly or indirectly, of TBG; and (b) the principal beneficiary of such trust is Georg Heinrich Thyssen-Bornemisza; and

transfers to any corporate entities, partnerships or other similar entities, so long as The Thyssen-Bornemisza Continuity Trust or any trust described in the preceding bullet directly or indirectly wholly-owns such entities;

the death of Georg Heinrich Thyssen-Bornemisza;

November 16, 2009; and

Edgar Filing: IHS Inc. - Form POSASR

the date on which holders of Class B common stock do not own at least 22% of the aggregate number of shares of Class A common stock and Class B common stock then outstanding, as determined by our board of directors.

Once transferred and converted into Class A common stock, the Class B common stock shall not be reissued. No class of common stock may be subdivided or combined unless the other class of common stock concurrently is subdivided or combined in the same proportion and in the same manner.

Liquidation Rights. In the event of liquidation, dissolution, distribution of assets or winding up, the holders of Class A common stock and Class B common stock are entitled to share ratably in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding.

Other Matters. The Class A common stock and Class B common stock have no preemptive or other subscription rights. There are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of Class A common stock and Class B common stock are fully paid and non-assessable, and the shares of Class A common stock to be issued upon completion of this offering will be fully paid and non-assessable.

Preferred Stock

The board of directors has the authority to issue preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, dividend rates, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any series or the designation of such series, without any vote or action by the stockholders. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control and may adversely affect the voting, dividend and other rights of the holders of common stock.

At the closing of this offering, no shares of our preferred stock will be outstanding and, other than shares of our preferred stock that may become issuable pursuant to our rights agreement, we have no present plans to issue any shares of our preferred stock. See " Rights Agreement."

We have reserved 937,500 shares of our series A junior participating preferred stock to be made available upon exercise of our preferred share purchase rights.

Anti-Takeover Effects of Delaware Law and our Certificate of Incorporation and Bylaws

Under Delaware law, our certificate of incorporation and our bylaws contain certain provisions, which are summarized below, that:

are expected to discourage coercive takeover practices and inadequate takeover bids;

are designed to encourage persons seeking to acquire control of us to first negotiate with our board of directors;

could have the effect of delaying, deferring or discouraging another party from acquiring control of us;

could inhibit temporary fluctuations in the market price of our common stock that often result from actual or rumored hostile takeover attempts;

could prevent changes in our management; and

could make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

Edgar Filing: IHS Inc. - Form POSASR

Dual Class Structure. As discussed above, our Class B common stock has ten votes per share, while our Class A common stock, which is the only class which is publicly traded, has one vote per share. As of the date of this prospectus, all of our Class B common stock and a portion of our Class A common stock, collectively representing 76% of the voting power of our outstanding capital stock, is controlled by TBG Holdings N.V. (TBG), a Netherlands Antilles company, through its indirect sole ownership of our other principal stockholder, Urvanos Investments Limited, a Cyprus limited liability company. TBG is wholly-owned indirectly by a trust, the principal beneficiary of which is Georg Heinrich Thyssen-Bornemisza, the chairman of the board of directors of TBG.

Because of our dual class structure, TBG will continue to be able to control all matters submitted to our stockholders for approval even if they come to own significantly less than 50% of the shares of our outstanding common stock. This concentrated control could discourage others from initiating any potential merger, takeover or other change of control transaction that other stockholders may view as beneficial to them.

Classified Board. Our certificate of incorporation provides that our board of directors are divided into three classes of directors, with the classes to be as nearly equal in number as possible. As a result, approximately one-third of our board of directors are elected each year. The classification of directors has the effect of making it more difficult for stockholders to change the composition of our board. Our certificate of incorporation and bylaws provide that the number of directors will be fixed from time to time exclusively pursuant to a resolution adopted by a majority of the board but must consist of not less than three or more than fifteen directors.

Removal of Directors; Vacancies. Under the Delaware General Corporation Law (the "DGCL"), unless otherwise provided in our certificate of incorporation, directors serving on a classified board may be removed by the stockholders only for cause. Our certificate of incorporation and bylaws provides that directors may be removed only for cause and only upon the affirmative vote of the holders of at least 66²/₃% of the votes of the outstanding shares of our common stock entitled to be cast in the election of directors. In addition, our certificate of incorporation provides that any vacancies on our board of directors will be filled only by the affirmative vote of a majority of the remaining directors even if the number of directors voting would not constitute a quorum.

Supermajority Provisions. The DGCL provides generally that the affirmative vote of a majority of the outstanding shares entitled to vote is required to amend a corporation's certificate of incorporation or bylaws, unless the certificate of incorporation requires a greater percentage. Our certificate of incorporation provides that the following provisions in the certificate of incorporation may be amended only by a vote of 66²/₃% or more of all of the votes of the outstanding shares of our common stock entitled to be cast:

classified board, including the election and term of our directors;

the removal of directors and the filling of vacancies on our board of directors;

the prohibition on stockholder action by written consent;

the ability to call a special meeting of stockholders being vested solely in the Chairman of our board of directors or our president or corporate secretary acting at the direction of our board of directors;

the ability of our board of directors to adopt, amend and/or repeal our bylaws without a stockholder vote; and

the amendment provision requiring that the above provisions be amended only with a 66²/₃% supermajority vote.

Edgar Filing: IHS Inc. - Form POSASR

In addition, our certificate of incorporation grants our board of directors the authority to amend our bylaws without a stockholder vote in any manner that is consistent with the laws of the State of Delaware and our certificate of incorporation. Our certificate of incorporation also provides that the following provisions in our bylaws may be amended only by a vote of 66²/₃% or more of all of the votes of the outstanding shares of our common stock entitled to be cast:

the ability to call a special meeting of stockholders being vested solely in the Chairman of our board of directors or our president or secretary acting at the direction of our board of directors;

the advance notice requirements for stockholder proposals and director nominations;

the number, election and term of our directors;

the removal of directors and the filling of vacancies on our board of directors; and

the amendment provision requiring that the above provisions be amended only with a 66²/₃% supermajority vote.

Authorized but Unissued Capital Stock. The DGCL does not require stockholder approval for any issuance of authorized shares. In addition, the listing requirements of the New York Stock Exchange, which will apply to us so long as our Class A common stock is listed on the New York Stock Exchange, only require stockholder approval of certain issuances that equal or exceed 20% of the then-outstanding voting power or then-outstanding number of shares of common stock (or, in the case of certain related-party and other transactions, 1% or 5% of the then-outstanding voting power or then-outstanding number of shares of common stock).

The ability to issue authorized but unissued capital stock could enable our board of directors to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control of us by means of a merger, tender offer, proxy contest or otherwise, and thereby protect the continuity of our management and possibly deprive the stockholders of opportunities to sell their shares of stock at prices higher than prevailing market prices.

Undesignated Preferred Stock. The ability to authorize undesignated preferred stock makes it possible for our board of directors to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to acquire us. These and other provisions may have the effect of deterring hostile takeovers or delaying changes in control or management of our company.

Limits on Written Consent and Special Meetings. Our certificate of incorporation prohibits stockholder action by written consent. It also provides that special meetings of our stockholders may be called only by the Chairman of our board of directors or by our president or corporate secretary at the direction of our board of directors.

Advance Notice Requirements for Nominations. Our bylaws contain advance notice procedures with regard to stockholder proposals related to the nomination of candidates for election as directors. These procedures provide that notice of stockholder proposals related to stockholder nominations for the election of directors must be received by our corporate secretary, in the case of an annual meeting, no later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the anniversary date of the immediately preceding annual meeting of stockholders. However, if the annual meeting is called for a date that is more than 30 days before or more than 70 days after that anniversary date, notice by the stockholder in order to be timely must be received not earlier than the close of business on the 120th day prior to such annual meeting or not later than the close of business on the later of the 90th day prior to such annual meeting or the tenth day following the day on which public announcement is first made by us of the date of such meeting. If the number of directors to be elected to our board of directors at an annual meeting is increased and there is no public announcement by us naming the nominees for the additional directorships at least 100 days prior

Edgar Filing: IHS Inc. - Form POSASR

to the first anniversary of the preceding year's annual meeting, a stockholder's notice will be considered timely, but only with respect to nominees for the additional directorships, if it is delivered to our corporate secretary not later than the close of business on the tenth day following the day on which such public announcement is first made by us.

Stockholder nominations for the election of directors at a special meeting must be received by our corporate secretary no earlier than the close of business on the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the tenth day following the day on which public announcement is first made of the date of such special meeting and of the nominees proposed by our board of directors to be elected at such meeting.

A stockholder's notice to our corporate secretary must be in proper written form and must set forth information related to the stockholder giving the notice and the beneficial owner (if any) on whose behalf the nomination is made, including:

the name and record address of the stockholder and the beneficial owner;

the class and number of shares of our capital stock which are owned beneficially and of record by the stockholder and the beneficial owner;

a representation that the stockholder is a holder of record of our stock entitled to vote at that meeting and that the stockholder intends to appear in person or by proxy at the meeting to bring the nomination before the meeting; and

a representation as to whether the stockholder or the beneficial owner intends or is part of a group which intends to deliver a proxy statement or form of proxy to holders of at least the percentage of our outstanding capital stock required to elect the nominee, or otherwise to solicit proxies from stockholders in support of such nomination.

As to each person whom the stockholder proposes to nominate for election as a director, the notice must include:

all information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to the Securities Exchange Act of 1934, as amended; and

the nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected.

Advance Notice of Stockholder Proposals. Our bylaws also contain advance notice procedures with regard to stockholder proposals not related to director nominations. These notice procedures, in the case of an annual meeting of stockholders, are the same as the notice requirements for stockholder proposals related to director nominations discussed above insofar as they relate to the timing of receipt of notice by our corporate secretary.

A stockholder's notice to our corporate secretary must be in proper written form and must set forth, as to each matter the stockholder and the beneficial owner (if any) proposes to bring before the meeting:

a description of the business desired to be brought before the meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and, if such business includes a proposal to amend our bylaws, the language of the proposed amendment), the reasons for conducting the business at the meeting and any material interest in such business of such stockholder and beneficial owner on whose behalf the proposal is made;

Edgar Filing: IHS Inc. - Form POSASR

the name and record address of the stockholder and beneficial owner;

the class and number of shares of our capital stock which are owned beneficially and of record by the stockholder and the beneficial owner;

a representation that the stockholder is a holder of record of our stock entitled to vote at the meeting and that the stockholder intends to appear in person or by proxy at the meeting to propose such business; and

a representation as to whether the stockholder or the beneficial owner intends or is part of a group which intends to deliver a proxy statement or form of proxy to holders of at least the percentage of our outstanding capital stock required to approve or adopt the business proposal, or otherwise to solicit proxies from stockholders in support of such proposal.

Limitations on Liability and Indemnification Matters. The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties. Our certificate of incorporation includes a provision that eliminates the personal liability of directors for actions taken as a director, except for liability:

for breach of duty of loyalty;

for acts or omissions not in good faith or involving intentional misconduct or knowing violation of law;

under Section 174 of the DGCL (unlawful dividends); or

for transactions from which the director derived improper personal benefit.

Our certificate of incorporation and bylaws provide that we must indemnify our directors and officers to the fullest extent authorized by the DGCL. We are also expressly authorized to carry directors' and officers' insurance providing indemnification for our directors, officers and certain employees for some liabilities. We believe that these indemnification provisions and insurance are useful to attract and retain qualified directors and executive officers.

The limitation of liability and indemnification provisions in our certificate of incorporation and bylaws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. In addition, your investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers.

There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

Rights Agreement. We entered into a rights agreement in conjunction with our initial public offering. Pursuant to our rights agreement, one series A junior participating preferred stock purchase right was issued for each share of our Class A common stock and Class B common stock (Class A rights and Class B rights, respectively) outstanding on the date that offering was completed. Our rights were being issued subject to the terms of our rights agreement.

Our board of directors adopted our rights agreement to protect our stockholders from coercive or otherwise unfair takeover tactics. However, our rights agreement may also prevent takeovers that you would consider beneficial to you or us.

In general terms, our rights agreement works by imposing a significant penalty upon any person or group that acquires 15% or more of our outstanding common stock without the approval of our board of directors. We provide the following summary description below. However, this description is only a summary, is not complete, and should be read together with our entire rights agreement, which has

Edgar Filing: IHS Inc. - Form POSASR

been publicly filed with the Securities and Exchange Commission as an exhibit to the registration statement of which this prospectus is a part.

Our board of directors authorized the issuance of one Class A right for each share of our Class A common stock and one Class B right for each share of our Class B common stock outstanding on the date this offering is completed.

Our rights initially trade with, and are inseparable from, our common stock. Our Class A rights and Class B rights are evidenced only by Class A and Class B certificates that represent shares of our Class A or Class B common stock, respectively. New rights will accompany any new shares of common stock we issue after the date this offering is completed until the date on which the rights are distributed as described below.

Each of our rights will allow its holder to purchase from us one one-hundredth of a share of our series A junior participating preferred stock for \$100.00, once the rights become exercisable. Prior to exercise, our rights do not give their holders any dividend, voting or liquidation rights.

Our rights will not be exercisable until:

ten business days after the public announcement that a person or group has become an "acquiring person" by obtaining beneficial ownership of 15% or more of our outstanding common stock or, if earlier,

ten business days (or a later date determined by our board of directors before any person or group becomes an acquiring person) after a person or group begins a tender or exchange offer that, if completed, would result in that person or group becoming an acquiring person.

Our rights agreement contains provisions excluding TBG Holdings N.V., Urvanos Investments Limited and certain of their transferees from the operation of the adverse terms of our rights agreement.

Until the date our rights become exercisable, our certificates of Class A common stock and Class B common stock also evidence our rights, and any transfer of shares of our common stock constitutes a transfer of our rights. After that date, our rights will separate from our common stock and be evidenced by book entries by the rights agent and by Class A and Class B rights certificates that we will mail to all eligible holders of our Class A and Class B common stock. Any of our rights held by an acquiring person are void and may not be exercised.

If a person or group becomes an acquiring person, all holders of our Class A rights except the acquiring person may, for the then applicable exercise price, purchase shares of our Class A common stock with a market value of twice the then applicable exercise price, based on the market price of our Class A common stock prior to such acquisition and all holders of Class B rights, except the acquiring person may, for the then applicable exercise price, purchase Class B common stock with a market value of twice the then applicable exercise price, based on the market price of Class B common stock prior to such acquisition (which solely for the purposes of the rights agreement, shall be equal to the market price of our Class A common stock).

If we are later acquired in a merger or similar transaction after the date our rights become exercisable, all holders of our rights except the acquiring person may, for the then applicable exercise price, purchase shares of the acquiring corporation with a market value of twice the then applicable exercise price, based on the market price of the acquiring corporation's stock prior to such merger.

Each one one-hundredth of a share of our series A junior participating preferred stock, if issued:

will not be redeemable;

Edgar Filing: IHS Inc. - Form POSASR

will entitle holders to quarterly dividend payments of an amount equal to the greater of (i) \$0.01 per share and (ii) the dividend paid on one share of our Class A common stock;

will entitle holders upon liquidation either to receive an amount equal to the payment made on one share of our Class A common stock;

will have the same voting power as one share of our Class A common stock; and

if shares of our Class A common stock or Class B common stock are exchanged via merger, consolidation or a similar transaction, will entitle holders to a payment equal to the payment made on one share (as may be adjusted) of our Class A common stock or Class B common stock, as applicable.

The value of one one-hundredth interest in a share of our series A junior participating preferred stock purchasable upon exercise of each right should approximate the value of one share of our Class A common stock. Our rights will expire on November 10, 2015.

Our board of directors may redeem our rights for \$0.01 per right at any time before any person or group becomes an acquiring person. If our board of directors redeems any of our rights, it must redeem all of our rights. Once our rights are redeemed, the only right of the holders of our rights will be to receive the redemption price of \$0.01 per right. The redemption price will be adjusted if we have a stock split or stock dividends of our common stock.

After a person or group becomes an acquiring person, but before an acquiring person owns 50% or more of our outstanding common stock, our board of directors may extinguish our rights by exchanging one share of our Class A common stock or Class B common stock or an equivalent security for each Class A and Class B right, respectively, other than rights held by the acquiring person.

Our board of directors shall adjust the purchase price of our series A junior participating preferred stock, the number of shares of our series A junior participating preferred stock issuable and/or the number of our outstanding rights to prevent dilution that may occur from a stock dividend, a stock split or a reclassification of our preferred stock or common stock. No adjustments to the purchase price of our series A junior participating preferred stock of less than 1% will be made.

The terms of our rights agreement may be amended by our board of directors without the consent of the holders of our rights. After a person or group becomes an acquiring person, our board of directors may not amend the agreement in a way that adversely affects holders of our rights.

Delaware Anti-Takeover Statute. We are subject to the provisions of Section 203 of the Delaware General Corporation Law regulating corporate takeovers. In general, Section 203 prohibits a publicly held Delaware corporation from engaging, under certain circumstances, in a business combination with an interested stockholder for a period of three years following the time the person became an interested stockholder unless:

prior to the time the person became an interested stockholder, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;

upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) those (1) shares owned by persons who are directors and also officers and (2) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

Edgar Filing: IHS Inc. - Form POSASR

at or subsequent to the time the person became an interested stockholder, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least $66\frac{2}{3}\%$ of the outstanding voting stock which is not owned by the interested stockholder.

The application of Section 203 may limit the ability of stockholders to approve a transaction that they may deem to be in their interests.

Under Section 203, a "business combination" generally includes a merger, asset or stock sale, or other similar transaction with an interested stockholder, and an "interested stockholder" is generally a person who, together with its affiliates and associates, owns or, in the case of affiliates or associates of the corporation, owned 15% or more of a corporation's outstanding voting securities within three years prior to the determination of interested stockholder status.

PLAN OF DISTRIBUTION

We are registering shares of our Class A common stock to permit the resale of such shares by the holders thereof from time to time. We will not receive any of the proceeds from the sale by the selling stockholders of these shares. We will bear all of our fees and expenses incident to our obligation to register such shares and the selling stockholders will bear all their fees and expenses in connection with the sale of such shares, to the extent provided in the registration rights agreements described under "Selling Stockholders."

Subject to restrictions in the registration rights agreements, the selling stockholders or their permitted transferees may sell all or a portion of the shares of Class A common stock beneficially owned by them and offered hereby from time to time directly or through one or more underwriters, broker-dealers or agents. If the shares are sold through underwriters or broker-dealers, the selling stockholders will be responsible for underwriting discounts or commissions or agent's commissions. The shares may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale, or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions:

on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;

in the over-the-counter market;

in transactions otherwise than on these exchanges or systems or in the over-the-counter market;

through the writing of options, whether such options are listed on an options exchange or otherwise;

in ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

through block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

through purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

in an exchange distribution in accordance with the rules of the applicable exchange;

in privately negotiated transactions;

through short sales;

through sales pursuant to Rule 144 under the Securities Act;

in transactions in which broker-dealers agree with a selling stockholder to sell a specified number of such shares at a stipulated price per share;

through a combination of any such methods of sale; and

through any other method permitted pursuant to applicable law.

If the selling stockholders effect such transactions by selling shares to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling stockholders or

Edgar Filing: IHS Inc. - Form POSASR

commissions from purchasers of shares for whom they may act as agent or to whom they may sell as principal (which discounts, concessions or commissions as to particular underwriters, broker-dealers or agents may be in excess of those customary in the types of transactions involved). In connection with sales of shares or otherwise, the selling stockholders may enter into hedging transactions with broker-dealers or other

financial institutions, which may in turn engage in short sales of shares in the course of hedging in positions they assume and deliver this prospectus in connection with some or all of those sales and use the shares covered by this prospectus to close out any short position created in connection with those sales. The selling stockholders may also sell shares short and deliver shares covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling stockholders may also loan or pledge shares to broker-dealers or other financial institutions that in turn may sell such shares using this prospectus.

The selling stockholders may pledge or grant a security interest in some or all of the shares owned by them, including to support a derivative or hedging position, and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b) or other applicable provision of the Securities Act, amending, if necessary, the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders also may transfer and donate shares in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The Class A common stock is listed on the New York Stock Exchange under the symbol "IHS."

The selling stockholders and any broker-dealer participating in the distribution of the shares may be deemed to be "underwriters" within the meaning of the Securities Act, and any commission paid, or any discounts or concessions allowed to, any such broker-dealer may be deemed to be underwriting commissions or discounts under the Securities Act.

Under the securities laws of some jurisdictions, the shares may be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in some jurisdictions shares may not be sold unless such shares have been registered or qualified for sale in such jurisdiction or an exemption from registration or qualification is available and is complied with.

Any securities covered by this prospectus that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 or any other available exemption rather than pursuant to this prospectus. There can be no assurance that any selling stockholder will sell any or all of the shares registered pursuant to the registration statement of which this prospectus is a part.

The selling stockholders and any other person participating in such distribution will be subject to applicable provisions of the Securities Exchange Act of 1934 and the rules and regulations thereunder, including, without limitation, Regulation M, which may limit the timing of purchases and sales of any of the shares by the selling stockholders and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of the shares to engage in market-making activities with respect to the shares. All of the foregoing may affect the marketability of the shares and the ability of any person or entity to engage in market-making activities with respect to the shares.

We may indemnify the selling stockholders against certain liabilities, including certain liabilities under the Securities Act, in accordance with the registration rights agreements, or the selling stockholders may be entitled to contribution.

Once sold under the registration statement of which this prospectus is a part, the shares will be freely tradable in the hands of persons who are not our affiliates.

Item 15. Indemnification of Directors and Officers

Section 145 of the Delaware General Corporation Law provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any threatened, pending or completed actions, suits or proceedings in which such person is made a party by reason of such person being or having been a director, officer, employee or agent to the registrant. The Delaware General Corporation Law provides that Section 145 is not exclusive of other rights to which those seeking indemnification may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise. The registrant's amended and restated certificate of incorporation provides for indemnification by the registrant of its directors, officers and employees to the fullest extent permitted by the Delaware General Corporation Law.

The registrant has entered into indemnification agreements with each of its current and future directors to provide such directors with contractual assurances regarding the scope of indemnification set forth in the registrant's amended and restated certificate of incorporation, and to provide additional procedural protections. Section 102(b)(7) of the Delaware General Corporation Law permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except

Edgar Filing: IHS Inc. - Form POSASR

for liability (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for unlawful payments of dividends or unlawful stock repurchases, redemptions or other distributions, or (iv) for any transaction from which the director derived an improper personal benefit. The registrant's Certificate of Incorporation provides for such limitation of liability.

The registrant maintains standard policies of insurance under which coverage is provided (a) to its directors and officers against loss rising from claims made by reason of breach of duty or other wrongful act, and (b) to the registrant with respect to payments which may be made by the registrant to such officers and directors pursuant to the above indemnification provision or otherwise as a matter of law.

The proposed form of underwriting agreement provides for indemnification of directors and officers of the registrant by the underwriters against certain liabilities.

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration

statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b)

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c)

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants pursuant to the foregoing provisions, or otherwise, the registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrants will, unless in the opinion of their counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
