IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

- | | |
|--|---|
| Q. Who can vote at the annual meeting? | A. To be able to vote, you must have been a stockholder of record at the close of business on October 29, 2007, the record date for our annual meeting. The number of outstanding shares entitled to vote at the meeting is 132,671,423 shares of common stock.

If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the annual meeting, or any postponements or adjournments of the meeting. |
| Q. What are the voting rights of the holders of common stock? | A. Each outstanding share of our common stock will be entitled to one vote on each matter considered at the annual meeting. |

Q. How do I vote?

A. If you are a record holder, meaning your shares are registered in your name, you may vote:

- (1) **Over the Internet:** Go to the website of our tabulator, American Stock Transfer & Trust Company, at www.voteproxy.com. Use the vote control number printed on your enclosed proxy card to access your account and vote your shares. You must specify how you want your shares voted or your Internet vote cannot be completed and you will receive an error message. Your shares will be voted according to your instructions.
- (2) **By Telephone:** Call 1-800-Proxies (1-800-776-9437) toll free from the U.S. and Canada, and follow the instructions on your enclosed proxy card. You must specify how you want your shares voted and confirm your vote at the end of the call or your telephone vote cannot be completed. Your shares will be voted according to your instructions.
- (3) **By Mail:** Complete and sign your enclosed proxy card and mail it in the enclosed postage prepaid. Your shares will be voted according to your instructions. If you do not specify how you want your shares voted, they will be voted as recommended by the Board.
- (4) **In Person at the Meeting:** If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which we will provide to you at the meeting.

If your shares are held in "street name," meaning they are held for your account by a broker or other nominee, you may vote:

- (1) **Over the Internet or by Telephone:** You will receive instructions from your broker or other nominee stating if they permit Internet or telephone voting and, if they do, explaining how to do so. You should follow those instructions.
- (2) **By Mail:** You will receive instructions from your broker or other nominee explaining how you can vote your shares by mail. You should follow those instructions.
- (3) **In Person at the Meeting:** You must contact your broker or other nominee who holds your shares to obtain a brokers' proxy card and bring it with you to the meeting. **You will not be able to vote in person at the meeting unless you have a proxy from your broker issued in your name giving you the right to vote your shares.**

- Q. Can I change my vote?**
- A.** Yes. You may revoke your proxy and change your vote at any time before the meeting, unless the proxy is irrevocable and is coupled with an interest. To revoke your proxy and change your vote, you must do one of the following:
- (1) Vote over the Internet or by telephone as instructed above. Only your latest Internet or telephone vote is counted.
 - (2) Sign a new proxy and submit it as instructed above. Only your latest dated proxy will be counted.
 - (3) Attend the meeting, request that your proxy be revoked and vote in person as instructed above. Attending the meeting will not revoke your proxy unless you specifically request it.
- Q. Will my shares be voted if I don't return my proxy?**
- A.** If your shares are registered directly in your name, your shares will not be voted if you do not vote over the Internet, by telephone, by returning your proxy or voting by ballot at the meeting. If your shares are held in "street name," your brokerage firm may under certain circumstances vote your shares even if you do not return your proxy. If you do not return a proxy to your brokerage firm to vote your shares, your brokerage firm may, on routine matters, either vote your shares or leave your shares unvoted. Your brokerage firm cannot vote your shares on any matter that is not considered routine.
- Proposal 1, the election of directors, and Proposal 3, ratification of the selection of our independent registered public accounting firm, are both considered routine matters. However, Proposal 2, adoption of the 2007 Cash and Equity Incentive Plan, is not a routine matter. We encourage you to provide voting instructions to your brokerage firm by giving your proxy to them. This ensures that your shares will be voted at the meeting according to your instructions. You should receive directions from your brokerage firm about how to submit your proxy to them at the time you receive this proxy statement.
- Q. How many shares must be present to hold the meeting?**
- A.** A majority of our outstanding shares of common stock must be present at the meeting to hold the meeting and conduct business. This is called a quorum. For purposes of determining whether a quorum exists, we count as present any shares that are voted over the Internet, by telephone or by completing and submitting a proxy, or that are represented in person at the meeting. Further, for purposes of establishing a quorum, we will count as present shares that a stockholder holds even if the stockholder votes to abstain or does not vote on one or more of the matters to be voted upon.
- If a quorum is not present, we expect to adjourn the meeting until we obtain a quorum.

Q. What vote is required to approve each matter and how are votes counted?

A. Proposal 1 Election of Four Class I Directors

The four nominees for director to receive the highest number of votes FOR election will be elected as directors. Abstentions are not counted for purposes of electing directors. If your shares are held by your broker in "street name," and you do not vote your shares, your brokerage firm may vote your unvoted shares on Proposal 1. You may:

vote FOR all nominees; or

vote FOR one, two or three nominees and WITHHOLD your vote from the other nominee(s).

Votes that are withheld will not be included in the vote tally for the election of directors and will not affect the results of the vote.

Proposal 2 Adoption of the 2007 Cash and Equity Incentive Plan

To approve Proposal 2, stockholders holding a majority of the votes cast on the matter must vote FOR the proposal. Proposal 2 is not considered a routine matter. Therefore, if your shares are held by your broker in "street name," and you do not vote your shares, your brokerage firm cannot vote your shares on Proposal 2. Shares held in "street name" by brokers or nominees who indicate on their proxies that they do not have authority to vote the shares on Proposal 2, will not be counted as votes in favor of or against the proposal, and will also not be counted as votes cast on the proposal. If you vote to ABSTAIN on Proposal 2, your shares will not be voted for or against the proposal and will also not be counted as votes cast on the proposal. As a result, "broker non-votes" and votes to ABSTAIN will have no effect on the voting on the proposal.

Proposal 3 Ratification of Selection of Independent Registered Public Accounting Firm

To approve Proposal 3, stockholders holding a majority of the votes cast on the matter must vote FOR the proposal. If your shares are held by your broker in "street name," and you do not vote your shares, your brokerage firm may vote your unvoted shares on Proposal 3. If you vote to ABSTAIN on Proposal 3, your shares will not be voted in favor of or against the proposal and will also not be counted as votes cast on the proposal. As a result, voting to ABSTAIN will have no effect on the voting on the proposal.

Although stockholder approval of our Audit Committee's selection of Grant Thornton LLP as our independent registered public accounting firm is not required, we believe that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the annual meeting, our Audit Committee will reconsider its selection of Grant Thornton LLP.

- Q. Are there other matters to be voted on at the meeting?**
- A.** We do not know of any other matters that may come before the meeting other than the election of four Class I directors, the adoption of the 2007 Cash and Equity Incentive Plan and the ratification of the selection of our independent registered public accounting firm. If any other matters are properly presented to the meeting, the persons named in the accompanying proxy intend to vote, or otherwise act, in accordance with their judgment on the matter.
- Q. Where can I find the voting results?**
- A.** We expect to report the voting results in our Annual Report on Form 10-K for the year ending December 31, 2007, which we anticipate filing with the Securities and Exchange Commission, or SEC, in February 2008.
- Q. What are the costs of soliciting these proxies?**
- A.** We will bear the cost of soliciting proxies. In addition to these proxy materials, our directors, officers and employees may solicit proxies by telephone, e-mail, facsimile or in person, without additional compensation. In addition, we have retained D.F. King to solicit proxies by mail, courier, telephone and facsimile and to request brokers, custodians and fiduciaries to forward proxy soliciting materials to the owners of the stock held in their names. For these services, we will pay a fee of \$6,000 plus expenses. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for distributing proxy materials.

Delivery of Security Holder Documents

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of our proxy statement or annual report to stockholders may have been sent to multiple stockholders in your household, unless we have received contrary instructions. We will promptly deliver a separate copy of either document to you if you request it by writing to or calling us at the following address or telephone number: 1301 McKinney Street, Suite 1800, Houston, Texas 77010, Attention: Investor Relations; 713-651-4300. If you want to receive separate copies of the proxy statement or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and telephone number.

Board Recommendation

The Board of Directors believes that approval of the election of Lynn R. Coleman, Kevin P. Collins, W. Phillip Marcum and William F. Owens to serve as Class I directors is in our best interests and the best interests of our stockholders and therefore recommends a vote FOR each of the nominees.

CORPORATE GOVERNANCE

General

This section describes key corporate governance guidelines and practices that we have adopted. Complete copies of our corporate governance guidelines, committee charters and codes of conduct described below are available on our website at www.keyenergy.com. Alternatively, you can request a copy of any of these documents by writing to: Investor Relations, Key Energy Services, Inc., 1301 McKinney Street, Suite 1800, Houston, Texas 77010. Our Board strongly believes that good corporate governance is important to ensure that Key is managed for the long-term benefit of our stockholders.

Corporate Governance Guidelines

Our Board has adopted Corporate Governance Guidelines that address significant issues of corporate governance and set forth the procedures by which the Board carries out its responsibilities. Among the areas addressed by the Guidelines are director qualifications and responsibilities, Board committee responsibilities, director compensation and tenure, director orientation and continuing education, access to management and independent advisors, succession planning and management development, and Board and committee performance evaluations. The Corporate Governance and Nominating Committee is responsible for assessing and periodically reviewing the adequacy of these Guidelines and recommending proposed changes to the Board, as appropriate. The Guidelines are posted on the Company's website at www.keyenergy.com. The Company will provide Guidelines in print, free of charge, to shareholders who request them.

Director Independence

Under applicable rules of the New York Stock Exchange, or NYSE, a director will only qualify as "independent" if our Board affirmatively determines that he or she has no direct or indirect material

relationship with the Company. In addition, all members of the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are also required to meet the applicable independence requirements set forth in the rules of the NYSE and the SEC.

The Board has determined that, except for Mr. Alario, who serves as the President and Chief Executive Officer, each of our current directors is independent within the meaning of the foregoing rules. Our Board reached a similar determination with respect to two former directors who served during 2006: Daniel Dienstbier, who served as a director from January 2006 until his death in April 2007, and Morton Wolkowitz, who served as a director from 1989 until September 2007.

Director Nomination Process

On October 29, 2004, the Board adopted a Selection Process for New Director Candidates, which sets forth guidelines for nomination as a director of the Company and the process for the selection of new candidates for the Board. It also includes procedures to be followed by shareholders who wish to recommend candidates to the Corporate Governance and Nominating Committee for its consideration in connection with its selection of director candidates to the Board. The process followed by our Corporate Governance and Nominating Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board. In addition, during fiscal 2005, the Committee retained the services of an executive search firm to help identify and evaluate potential director candidates.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our Corporate Governance and Nominating Committee applies the criteria set forth in the guidelines contained in the Selection Process for New Director Candidates, which are available in the Corporate Governance section of our website, *www.keyenergy.com*. These criteria include the candidate's integrity, business acumen, a commitment to understand our business and industry, experience, conflicts of interest and the ability to act in the interests of all stockholders. The Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. Our Board believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow it to fulfill its responsibilities.

Shareholders may nominate candidates to Key's Board by submitting such nominations in writing to the Company's Secretary no later than 120 days prior to the scheduled date for the annual meeting of shareholders. (For the 2008 annual meeting, any shareholder nominations should be submitted no later than January 30, 2008.) The Corporate Governance and Nominating Committee will consider candidates proposed by shareholders in the same manner as other candidates, so long as the shareholder meets certain eligibility standards.

Shareholder nominations must include the name, age, business and residence address and principal occupation or employment of the proposed nominee. An explanation of how the nominee meets the Company's selection criteria, as set forth in the guidelines, is required. The nomination also must include the name and residence address of the shareholder and the number of shares of Company common stock owned by the shareholder. The shareholder must also provide the total number of shares of Company common stock that, to the shareholder's knowledge, will be voted for the proposed nominee and are owned by the proposed nominee. A signed consent of the proposed nominee to serve if elected must be submitted, and any other information relating to the proposed nominee that is required to be disclosed in solicitations of proxies for the election of directors under Regulation 14A of the Securities Exchange Act of 1934.

Board Meetings and Attendance

The Board held three meetings, either in person or by teleconference, during the year ended December 31, 2006. During that year, each of our directors attended at least 75% of the aggregate number of Board meetings and meetings held by all committees on which he then served.

Director Attendance at Annual Meeting of Stockholders

Our Corporate Governance Guidelines provide that directors are expected to attend the annual meeting of stockholders. We did not hold a 2006 annual meeting of stockholders, but we expect substantially all of our directors to attend the 2007 annual meeting.

Board Committees

The Board has established four standing committees: Audit, Compensation, Corporate Governance and Nominating and Executive. Current copies of the charters of each of Audit, Compensation and Corporate Governance and Nominating committees are posted on the Corporate Governance section of our website, www.keyenergy.com.

The Board has determined that all of the members of each of the Board's standing committees, other than the Executive Committee, are independent as defined under the NYSE rules, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act.

Audit Committee

The responsibilities of the Audit Committee include the following:

appointing, evaluating, approving the services provided by and the compensation of, and assessing the independence of, our independent registered public accounting firm;

overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of certain reports from such firm;

reviewing with the internal auditors and our independent registered public accounting firm the overall scope and plans for audits, and reviewing with the independent registered accounting firm any audit problems or difficulties and management's response;

reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;

reviewing and discussing with management and the independent registered public accounting firm our system of internal controls, financial and critical accounting practices and policies relating to risk assessment and risk management;

On October 26, 2007, the composition of the Audit Committee was reconstituted. The current members of our Audit Committee are Messrs. Collins, Michael and Owens and Ms. Yocum. During 2006 and through October 25, 2007, Mr. Marcum served as a member of the Audit Committee. Mr. Michael is the Chair of the Committee. All members of Key's Audit Committee would meet the financial literacy standard

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

required by the New York Stock Exchange rules and at least one member qualifies as having accounting or related financial management expertise under the NYSE rules. In addition, as required by the Sarbanes-Oxley Act of 2002, the SEC adopted rules requiring that each public company disclose whether or not its audit committee has an "audit committee financial expert" as a member. An "audit committee financial expert" is defined as a person who, based on his or her experience, satisfies all of the following attributes:

an understanding of generally accepted accounting principles and financial statements;

an ability to assess the general application of such principles in connection with the accounting for estimates, accruals, and reserves;

experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and level of complexity of issues that can reasonably be expected to be raised by Key's financial statements, or experience actively supervising one or more persons engaged in such activities;

an understanding of internal controls over financial reporting; and

an understanding of audit committee functions.

The Board has determined that Mr. Michael satisfies the definition of "audit committee financial expert," and has designated Mr. Michael as an "audit committee financial expert."

The Audit Committee held 11 meetings in 2006. In addition, members of the Audit Committee speak regularly with our independent registered public accounting firm and separately with the members of management to discuss any matters that the Audit Committee or these individuals believe should be discussed, including any significant issues or disagreements concerning our accounting practices or financial statements. See "Report of the Audit Committee" below.

The Audit Committee has the authority to retain legal, accounting or other experts that it determines to be necessary or appropriate to carry out its duties. We will provide the appropriate funding, as determined by the Committee, for the payment of compensation to our independent registered public accounting firm and to any legal, accounting or other experts retained by the Committee and for the payment of the Committee's ordinary administrative expenses necessary and appropriate for carrying out the duties of the Committee.

The charter of our Audit Committee can be accessed on the Corporate Governance section of our website, www.keyenergy.com.

Compensation Committee

The Compensation Committee has responsibility for establishing, implementing and continually monitoring adherence with our compensation philosophy. The responsibilities of the Compensation Committee include the following:

reviewing and approving corporate goals and objectives relevant to the compensation of the Chief Executive Officer ("CEO");

evaluating the CEO's performance in light of corporate goals and objectives and, together with the other independent directors (as directed by the Board), determining and approving the CEO's compensation level based on this evaluation;

reviewing and approving the compensation of senior executive officers other than the CEO;

reviewing and approving any incentive-compensation plans or equity-based plans;

overseeing the activities of the individuals and committees responsible for administering incentive-compensation plans or equity-based plans, including the 401(k) plan; and discharging any responsibilities imposed on the Compensation Committee by any of these plans;

approving any new equity compensation plan or any material change to an existing plan where shareholder approval has not been obtained;

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

preparing an annual report of the Compensation Committee on executive compensation for inclusion in Key's annual proxy statement or annual report in accordance with applicable SEC rules and regulations; and

reviewing and approving the Compensation Disclosure and Analysis for inclusion in Key's annual proxy statement or annual report in accordance with applicable SEC rules and regulations.

On October 26, 2007, the composition of the Compensation Committee was reconstituted. The current members of the Compensation Committee are Messrs. Breazzano, Fertig, Marcum, Reeves and West, all of whom are independent, non-management members of the Board. During 2006 and through October 25, 2007, the members of the Compensation Committee were Messrs. Breazzano, Fertig, Michael and West. No Compensation Committee member participates in any of the Company's employee compensation programs other than the Key Energy Group, Inc. 1997 Incentive Plan. The Compensation Committee held nine meetings in 2006.

The Compensation Committee has the authority to select, retain, terminate, and approve the fees and other retention terms of special counsel or other experts or consultants, as it deems appropriate, without seeking approval of the Board or management. With respect to compensation consultants retained to assist in the evaluation of director, CEO or executive officer compensation, this authority is vested solely in the Committee.

The charter of our Compensation Committee can be accessed on the Corporate Governance section of our website, www.keyenergy.com.

Corporate Governance and Nominating Committee

The responsibilities of the Corporate Governance and Nominating Committee include the following:

identify and recommend individuals to the Board for nomination as members of the Board and its committees, consistent with criteria approved by the Board;

develop and recommend to the Board corporate governance guidelines applicable to Key; and

oversee the evaluation of the Board and management of Key.

The Corporate Governance and Nominating Committee is composed entirely of independent directors, as that term is defined by applicable NYSE rules. On October 26, 2007, the composition of the Corporate Governance and Nominating Committee was reconstituted. The current members of the Corporate Governance and Nominating Committee are Messrs. Fertig, Breazzano, Coleman and West. The Corporate Governance and Nominating Committee held three meetings in 2006.

The Corporate Governance and Nominating Committee has the authority and funding to retain counsel and other experts or consultants, including the sole authority to select, retain and terminate any search firm to be used to identify director candidates and to approve the search firm's fees and other retention terms.

The charter of our Corporate Governance and Nominating Committee can be accessed on the Corporate Governance section of our website, www.keyenergy.com.

Executive Committee

By unanimous written consent dated May 11, 2005, the Board of Directors expanded the membership and authority of the Executive Committee of the Board. The Executive Committee was delegated all of the powers of the Board, except those powers reserved to the full Board of Directors under Maryland law. From May 11, 2005 through October 25, 2007, the Executive Committee largely acted in place of the Board of Directors. During 2006, Messrs. Alario, Breazzano, Collins, Dienstbier, Fertig, Marcum, Michael, and West served on the Executive Committee. The Executive Committee held 13 meetings in 2006.

Effective October 26, 2007, the Executive Committee's membership was modified. The members of the Executive Committee shall consist of the CEO and Chairman, the lead director and each chairperson of the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee of the Board of Directors. The current members of the Executive Committee are Messrs. Alario, Breazzano, Fertig and Michael. The Executive Committee will no longer act in place of the Board of Directors, except in situations where it may be impracticable to assemble the full Board to consider a matter on a timely basis. Any action by the Executive Committee will be promptly reported to the full Board.

Code of Business Conduct and Code of Business Conduct and Ethics for Members of the Board of Directors

We adopted a Code of Business Conduct on April 5, 2006 that superseded our Code of Business Conduct and Ethics, which was adopted in October 2004. The new policy applies to all of our employees, including our Chief Executive Officer, Chief Financial Officer and senior financial and accounting officers. In addition, we adopted a Code of Business Conduct and Ethics for Members of the Board of Directors on April 18, 2005. Among other matters, the Code of Business Conduct and the Board Code of Conduct establish policies to deter wrongdoing and to promote both honest and ethical conduct, including ethical handling of actual or apparent conflicts of interest, compliance with applicable laws, rules and regulations, full, fair, accurate, timely and understandable disclosure in public communications and prompt internal reporting of violations of the Code of Business Conduct. We also have an Ethics Committee, composed of members of management, which administers our ethics and compliance program with respect to our employees. In addition, we provide an ethics line for reporting any violations on a confidential basis. Copies of our Code of Business Conduct and the Board Code of Conduct are available on our website at www.keyenergy.com. We will post on our internet website all waivers to or amendments of our Code of Business Conduct and the Board Code of Conduct that are required to be disclosed by applicable law and the NYSE listing standards.

Fees of Independent Registered Public Accounting Firm

Auditors Fees

Effective December 1, 2006, Grant Thornton LLP was engaged as the Company's registered independent public accountant. Grant Thornton did not bill us prior to 2007. We incurred

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

approximately \$8.9 million in audit fees in 2007 related to the audits of the three years ended December 31, 2006. We have not engaged Grant Thornton for services beyond the audit or review of our financial statements and internal control over financial reporting.

Prior to the engagement of Grant Thornton, KPMG LLP served as our registered independent public accountant in 2005 and until December 1, 2006. Audit fees paid to KPMG in 2006 and prior periods relate to our financial statements for 2003 and prior years. Our registered independent public accountants billed Key for the aggregate fees set forth in the table below for services provided during 2006 and 2005.

	2006	2005
Grant Thornton LLP Audit Fees	\$	\$
KPMG LLP Audit Fees	3,370,000	5,898,000
KPMG LLP Audit-Related Fees	5,960	150,000
KPMG LLP Tax Fees		175,556
KPMG LLP All Other Fees	46,486	19,324
	\$ 3,422,446	\$ 6,242,880
Total		

Audit fees include fees paid or to be paid by Key for professional services rendered for the audit of the Company's annual financial statements, including the audit of the annual financial statements for the fiscal year ended December 31, 2003, audit services related to Key's restatement of prior period financial statements, and services related to the audit of the Company's internal control over financial reporting.

Audit-related fees include fees paid or to be paid by Key for assurance and related services that are reasonably related to the performance of the audit or review of Key's financial statements and are not included in audit fees.

Tax fees include fees paid or to be paid by Key for professional services rendered for tax compliance, tax advice, and tax planning.

All other fees include fees paid or to be paid by Key for other services.

Policy for Approval of Audit and Non-Audit Fees

The Audit Committee has an Audit and Non-Audit Services Pre-Approval Policy. The policy requires the Audit Committee to pre-approve the audit and non-audit services performed by our independent auditor. Under the policy, the Audit Committee establishes the audit, audit-related, tax and all other services that have the approval of the Audit Committee. The term of any such pre-approval is 12 months from the date of pre-approval, unless the Audit Committee adopts a shorter period and so states. The Audit Committee will periodically review the list of pre-approved services and will add to or subtract from the list of pre-approved services from time to time. The Committee will also establish annually pre-approval fee levels or budgeted amounts for all services to be provided by the independent auditor. Any proposed services exceeding these levels or amounts will require specific pre-approval by the Audit Committee.

The Audit Committee has delegated to its Chairman the authority to pre-approve services, not previously pre-approved by the Audit Committee, that involve aggregate payments (with respect to each such service or group of related services) of \$50,000 or less. The Chairman will report any such pre-approval to the Audit Committee at its next scheduled meeting.

The policy contains procedures for a determination by the CFO that proposed services are included within the list of services that have received pre-approval of the Audit Committee. Proposed services that require specific approval by the Audit Committee must be submitted jointly by the auditor

and the CFO and must include backup statements and documentation regarding the proposed services and whether the proposed services are consistent with the SEC's rules on auditor independence.

The Audit Committee has considered whether the provision of certain non-audit services by Grant Thornton LLP is compatible with maintaining auditor independence and has determined that auditor independence has not been compromised.

Certain Relationships and Related Transactions

Review of Related Party Transactions

In July 2007, the Executive Committee of the Board adopted a written, revised Affiliate Transaction Policy which requires advance review and approval of any proposed transactions (other than employee or director compensation) between the Company and an affiliate of the Company. For this purpose, affiliates include major shareholders, directors and executive officers and members of their immediate family (including in-laws), nominees for director, and affiliates of the foregoing persons, as determined in accordance with SEC rules. In determining whether to approve an affiliate transaction, the Board will use such process it deems reasonable in light of the circumstances, such as the nature of the transaction and the affiliate involved, and which may include an analysis of any auction process involved, an analysis of market comparables, use of an appraisal, obtaining an investment banking opinion or a review by independent counsel. The policy requires the Board to determine that, under all of the circumstances, the covered transaction is in, or not inconsistent with, the best interests of the Company, and requires approval of covered transaction by a majority of the Board (other than interested directors). The Board, in its discretion, may delegate this authority to the Corporate Governance and Nominating Committee or another committee comprised solely of independent directors, as appropriate.

In addition, the Company requires on an annual basis that the directors and executive officers of the Company complete a Directors and Officers Questionnaire to describe certain information and relationships (including those involving their immediate family members) that may be required to be disclosed in the Company's Form 10-K, annual proxy statement and other filings with the SEC. Director nominees and newly appointed executive officers must complete the questionnaire at or before the time they are nominated or appointed. If a change occurs in certain information required to be disclosed in the questionnaire after it is completed, the director or executive officer must immediately report this to the Company throughout the year, including changes in relationships between immediate family members and the Company, compensation paid from third parties for services rendered to the Company not otherwise disclosed, interests in certain transactions, and facts that could affect director independence. Directors are required to disclose in the questionnaire, among other things, any transaction that the director or any immediate family member has entered into with the Company or relationships that a director or an immediate family member has with the Company, whether direct or indirect. This information is provided to the Company's legal department for review and, if required, submitted to the Board for the process of determining independence.

For fiscal year ended December 31, 2006, Craig Owen, the son-in-law of Jim Flynt, our Senior Vice President Western Region, served, and continues to serve, as a manager in our Rocky Mountain Division. Mr. Owen received approximately \$137,000 in salary, bonus and benefits as of December 31, 2006. Mr. Owen has been with Key since 1980. We believe that Mr. Owen's compensation is comparable to what he would receive absent his relationship to Mr. Flynt.

COMPENSATION DISCUSSION AND ANALYSIS

Oversight of Executive Compensation Program

As described above under "Board Committees Compensation Committee," the Compensation Committee of our Board has responsibility for establishing, implementing and continually monitoring adherence with our compensation philosophy. The Compensation Committee has the authority to engage independent compensation consultants, who report directly to the committee to advise and consult on compensation issues.

The Compensation Committee has taken the following actions during 2005 and 2006 to improve the links between senior executive pay and performance by:

clearly aligning incentive pay with overall Company objectives and goals;

hiring an independent compensation consultant to advise on executive compensation issues; and

realigning compensation structures based on a clearly defined competitive pay strategy.

Compensation Consultant

In June 2005, the Compensation Committee retained Towers Perrin as its independent compensation consultant to advise the Compensation Committee on all matters related to the senior executives' compensation and general compensation programs. This relationship with Towers Perrin continued in 2006.

Towers Perrin assisted the Compensation Committee by providing comparative market data on compensation practices and programs based on an analysis of peer competitors. Towers Perrin also provided guidance on industry best practices. Towers Perrin advised the Compensation Committee in (1) determining base salaries for senior executives, (2) recommending long-term incentive initiatives for consideration, and (3) designing and recommending individual grant levels for the 2006 long-term incentive awards for the senior executives.

Towers Perrin recommended to the Compensation Committee the appropriate long-term and short-term incentives and also made recommendations with respect to total compensation for senior executives. Long-term incentives include stock options, restricted stock and other forms of benefits that may be considered a component in total compensation.

Compensation ranges for all positions are reviewed annually for adjustment based on cost of living or shifts in the market. Towers Perrin's last review in 2006 was completed in October of that year. A review was also completed during April 2007. The benchmarks used for executive compensation comparisons include industry peer data and nationwide industry data recommended by Towers Perrin. Included in the peer data review were the following companies:

Basic Energy Services, Inc.

Complete Production Services, Inc.

Grant Prideco, Inc.

Grey Wolf, Inc.

Patterson-UTI Energy, Inc.

Pride International, Inc.

Superior Well Services, Inc.; and

W-H Energy Services, Inc.

The recommendations of Towers Perrin including the selection of the peer group were reviewed with management and adjusted by the Compensation Committee as appropriate to provide the most relevant information to the Compensation Committee. Areas such as revenue, number of employees and scope of NEO duties were considered when selecting market comparisons.

From time to time, Towers Perrin provided advice with respect to reviewing and structuring our policy regarding fees paid to our directors as well as other equity and non-equity compensation awarded to non-management directors, including designing and determining individual grant levels for the 2006 long-term incentive awards. Towers Perrin was not engaged to do any additional work for us outside of executive and director compensation.

In May 2007, the Compensation Committee engaged and retained Longnecker & Associates as the new compensation consultant. Advice and consulting for all non-executive compensation is completed by third parties other than Towers Perrin or Longnecker & Associates.

Role of Executives in Establishing Compensation

The Compensation Committee makes the final determination of all compensation paid to our NEOs and is involved in all compensation decisions affecting our Chief Executive Officer. However, management also plays a role in the determination of executive compensation levels. The key members of management involved in the compensation process are the Chief Executive Officer, the Chief Financial Officer, the General Counsel and the Chief People Officer. Management proposes certain corporate and executive performance objectives for executive management. Management also participates in the discussion of peer companies to be used to benchmark NEO compensation, and recommends the overall funding level for cash bonuses and equity incentive awards. All management recommendations are reviewed, modified as necessary by the Compensation Committee, and approved by the Compensation Committee.

Compensation Philosophy

In order to recruit and retain the most qualified and competent individuals as senior executives, we strive to maintain a compensation program that is competitive in our market and with respect to the general profession of our executives. We are committed to hiring and retaining qualified, motivated employees at all levels within the organization while ensuring that all forms of compensation are aligned with business needs. The purpose of our compensation program is to reward exceptional organizational and individual performance. Our compensation system is designed to support the successful attainment of our vision, values and business objectives.

The following compensation objectives are considered in setting the compensation components for our senior executives:

attract and retain key executives responsible not only for our continued growth and profitability but to ensure proper corporate governance and principles;

motivate management to enhance long-term shareholder value and to align our executives' interests with that of our shareholders;

correlate a portion of management's compensation to measurable performance, including specific financial and operating goals; and

set compensation and incentive levels that reflect competitive market practices.

Edgar Filing: KEY ENERGY SERVICES INC - Form DEF 14A

We want our executives to be motivated to achieve the Company's short- and long-term goals, without sacrificing our financial and corporate integrity in trying to achieve those goals. While an executive's overall compensation should be strongly influenced by the achievement of specific financial targets, we believe that an executive must be provided a degree of financial certainty and stability in his or her compensation.

The principal components of our executive compensation program are base salary, cash incentive bonuses and long-term incentive awards in the form of stock options, restricted stock and phantom stock awards. We blend these elements in order to formulate compensation packages which provide competitive pay, reward the achievement of financial, operational and strategic objectives on a short- and long-term basis, and align the interests of our executive officers and other senior personnel with those of our shareholders. To understand our compensation philosophy, it is important to note that we believe that compensation is not the only manner in which we attract people to Key. We strive to hire and retain talented people who are compatible with our corporate culture, committed to our core values, and who want to make a contribution to our mission.

Elements of Compensation

The total compensation and benefits program for our senior executives generally consists of the following components:

base salaries;

cash bonus incentive plan;

long-term equity-based incentive compensation;

retirement, health and welfare benefits;

perquisites; and

certain post-termination payments.

Base Salaries

We provide base salaries to compensate our senior executives and other employees for services performed during the fiscal year. This provides a level of financial certainty and stability in an industry with historical volatility and cyclical nature. The base salaries are designed to reflect the experience, education, responsibilities and contribution of the individual executive officers. This form of compensation is eligible for annual merit increases, and is initially established for each executive through individual negotiation and is reflected in the executive's employment agreement. Thereafter, salaries are reviewed annually, based on a number of factors, both quantitative, including detailed organizational and competitive analyses performed by an independent consultant engaged by the Compensation Committee, and qualitative, including the Compensation Committee's perception of the executive's experience, performance and contribution to our business objectives and corporate values.

The average salary increase for the NEOs overall during 2006 was 7.7%. In addition, effective May 6, 2007, each of the NEOs, other than Mr. Flynt, received an average salary increase of 5.5%.

Cash Bonus Incentive Plan

The cash bonus incentive awards are variable cash compensation earned only when established semi-annual performance goals are achieved. It is designed to reward the plan participants, including the NEOs who have achieved certain corporate and executive performance objectives and have contributed to the achievement of certain short- and long-term objectives of the Company.

Under this cash compensation program, each executive has the opportunity to earn a cash incentive compensation bonus based on the achievement of pre-determined operating and financial performance measures and other performance objectives established semi-annually by the Compensation Committee. Those goals are financial targets, safety targets, retention targets and some individual job-related targets. Each goal is weighted in terms of percentage of the total program.

Our financial target is measured by our EBITDA performance and is tied to our financial business plan, which is approved by the Board. The Compensation Committee establishes a threshold and a target percentage of EBITDA performance for the period. The threshold level of EBITDA performance must be met in order to fund the incentive program. If the EBITDA performance falls short of such threshold, then no incentive bonuses are awarded under the program regardless of goal achievement under the other measures. If EBITDA threshold is achieved, but less than 100% of the target is achieved, then the executive may receive an incremental bonus percentage with respect to the EBITDA target. Assuming that the EBITDA financial threshold is met, the executive can then receive credit in the other bonus measurements. The executive may also receive incremental credit for the other bonus measurements even though 100% of the target goal with respect to each other performance measurement has not been reached. The Compensation Committee reviews these goals at the beginning of the period and authorizes payment following the end of the period.

Each executive's bonus opportunity is initially reflected in the executive's employment agreement and subsequently reviewed at least annually. Currently, the Compensation Committee has set the aggregate annual bonus opportunity as a percentage of base salary. The participation percentage for all eligible employees can range from 10% to 100% of base salary. The participation percentage for all NEOs is 100%.

If the Company performs above the financial business plan and therefore exceeds the established EBITDA performance measures, additional increments are awarded up to 140% of the weighted portion of the EBITDA target. Achievement over and above the financial target can occur only when the business plan is exceeded. In as much as the business plan is our estimate of maximum expected achievement for such six-month period, exceeding the target for this measure is difficult.

The following measures, which are discussed in more detail below, determined the size of bonus awards earned by the NEOs during 2006:

EBITDA

safety

employee turnover

DSO and DSO related measurements; and

additional individual objectives.

Depending upon actual performance under each of these measures, participants of the plan, including executives, may earn up to 130% of their total bonus opportunity.

Measurements

EBITDA

The financial target is based on EBITDA, which is defined as earnings before interest, taxes, depreciation and amortization expenses; however, during the course of our previous restatement process and prior to being current with our financial reporting obligations, we calculated this financial target as revenue less direct costs, less general and administrative expenses. We believe that this calculation was a comparable alternative for measuring financial performance and we generally refer to the financial target in this report as the EBITDA target.

Safety

The safety target is based on a goal established by the Compensation Committee at the beginning of the period. This goal represents the improvement required or desired result in the Occupational Safety and Health Administration ("OSHA") recordable incident rate. OSHA recordable incident rates are determined by measuring the number of incidents, such as accidents or injuries, involving our employees. Incidents that are recorded include accidents or injuries potentially resulting in a fatality, an employee missing work, an employee having to switch to "light" duty work or an employee needing to have medical treatment.

Employee Turnover

The employee retention goal is used as an incentive to reduce employee turnover. The goals are established by the Compensation Committee at the beginning of the period and represent a specific percent of improvement or a desired minimum in the number of employees that terminate employment with the Company from the prior period goal.

Days Sales Outstanding (DSO)

DSO and DSO-related measurements indicate how quickly the Company is collecting on its invoices and the aging of its receivables. The Compensation Committee establishes a goal representing a certain level of improvement in the rate of collection.

Individual Objectives

Individual performance goals are based on individual objectives for each NEO specific to his or her area of expertise and influence, such as the implementation of a new corporate-wide initiative, system or policy. The Compensation Committee sets, to the extent it deems appropriate, the individual targets for the CEO and CFO, while the CEO sets the individual objectives for all other NEOs. The targets for these measures are derived from our 2006 business plan as approved by the Board and are set at or above the levels set within the business plan.

Under our incentive compensation program, the Compensation Committee has discretion to adjust targets, as well as individual awards, either positively or negatively. For example, during 2006, the Compensation Committee recognized 100% achievement in the second-half employee turnover goal when the Company had fallen short of such goal by less than one percent.

The percentage weighting with respect to these target measurements and actual achievement levels for the first and second half of 2006 (expressed as a percentage of base salary for the corresponding period) are highlighted in the tables below:

**PERCENTAGE WEIGHTING OF
FIRST HALF 2006 INCENTIVE MEASURES**

Participant	EBITDA	Safety	Turnover	Individual	DSO	Target	1H06 Actual
Richard J. Alario	70%	15%	10%		5%	100%	124%
William M. Austin	70%	5%	10%		15%	100%	117%
Newton W. Wilson III	65%	15%	10%	5%	5%	100%	121%
Kim B. Clarke	55%	15%	10%	20%		100%	121%
Jim D. Flynt	55%	25%	10%		10%	100%	97%

**PERCENTAGE WEIGHTING OF
SECOND HALF 2006 INCENTIVE MEASURES**

Participant	EBITDA	Safety	Turnover	Individual	DSO	Target	2H06 Actual
Richard J. Alario	75%	15%	10%			100%	114%
William M. Austin	65%	15%	10%	5%	5%	100%	109%
Newton W. Wilson III	65%	15%	10%	5%	5%	100%	109%

Jim D. Flynt	50%	20%	10%	5%	15%	100%	100%

After giving effect to the restatement and related adjustments as reflected in the 2006 Annual Report, the actual achievement levels for each of NEOs, which are expressed as a percentage of base salary, for the second half of 2006 would have been as follows:

Participant	2H06 Actual (adjusted)
Richard J. Alario	92%
William M. Austin	87%
Newton W. Wilson III	87%
Kim B. Clarke	93%
Jim D. Flynt	93%

The first half achievement levels did not change. The Compensation Committee reviewed the second half achievement levels and took this information into account in determining future cash bonus incentive awards. No action was taken with respect to any prior awards.

Long-Term Equity-Based Incentive Compensation

The purpose of our long-term incentive compensation is to align the interest of our executives with that of our shareholders. We want our executives to be focused on increasing shareholder value. In order to encourage and establish this focus on shareholder value we use two long-term incentive vehicles: the Key Energy Group, Inc. 1997 Incentive Plan (the "Incentive Plan") and the Key Energy Services, Inc. 2006 Phantom Share Plan (the "Phantom Plan").

As a result of the Company's inability to file its 2003 Annual Report on Form 10-K and the subsequent delay in filing this report, the Company has been unable to allow the exercise of any vested stock options. In addition, the Company's failure to have current financial statements on file with the SEC has limited the ability of the Compensation Committee to issue restricted shares, except to those senior executives who qualified for an exemption from registration under the Securities Act. The Compensation Committee considered these limitations in determining the components of equity-based compensation granted to its senior executives.

Key Energy Group, Inc. 1997 Incentive Plan

To promote our long-term objectives, equity awards are made under the Incentive Plan to directors, executive officers and other employees who are in a position to make a significant contribution to our long-term success. Our Incentive Plan provides that the Compensation Committee has the authority to grant participants different types of equity awards, including non-qualified and incentive stock options, shares of common stock and restricted stock. Since equity awards may vest and grow in value over time, this component of our compensation plan is designed to provide incentives to reward performance over a sustained period.

Stock Options. Stock options represent rights to purchase shares of Key stock at a set price at some date in the future, not to exceed ten years from the date of grant. Stock options are granted with an exercise price equal to the closing stock price on the business day immediately preceding the date of grant.

We believe that awards of stock options provide a significant incentive for senior executives to remain employed and to achieve and maintain high levels of performance over multi-year periods, and strengthen the connection between executive and shareholder interests. Although no performance-vesting criteria are applied to our stock option awards, we believe that stock options represent a powerful performance incentive, as the options become valuable only to the extent that our stock price increases following the date of grant.

We have not allowed the exercise of any stock options since 2004. Until we have an effective registration statement on file with the SEC, we will be unable to issue any shares upon exercise of the outstanding options.

Restricted Stock. Restricted stock awards represent awards of actual shares of our common stock, earned contingent upon continued employment. Typically the restricted stock we grant to our executives vests at a rate of one-third per year over a three-year term.

We believe that awards of restricted stock provide a significant incentive for executives to achieve and maintain high levels of performance over multi-year periods, and strengthen the connection between executive and shareholder interests. We believe that restricted shares are a powerful tool for helping us retain executive talent. The higher value of a share of restricted stock in comparison to a stock option allows us to issue fewer total shares in order to arrive at a competitive total long-term incentive award value. Furthermore, we believe that the use of restricted stock reflects competitive practice among other production service companies with whom we compete for executive talent. Until we have filed a registration statement covering the resale of the restricted shares, the ability of shareholders to resell the shares after they have vested will also be limited by the Securities Act.

Key Energy Services, Inc. 2006 Phantom Share Plan

In December 2006, the Compensation Committee adopted the Company's Phantom Plan. The Phantom Plan's purpose is to enable the Company to obtain and retain the services of the types of employees who will contribute to the long range success of the Company and its affiliates and to provide an incentive to increase the value of the Company's equity which inures to the benefit of all shareholders of the Company. The Phantom Plan has allowed the Company to issue equity-based incentives to employees and executives who, because of the Company's late filing status, would have been otherwise unable to participate in such plans. The Company has a maximum number of 495,500 Phantom Shares reserved for issuance under this Phantom Plan, of which 489,500 have been awarded.

Under the terms of the Phantom Share Agreement, within 20 business days of the vesting date of outstanding Phantom Shares, we will deliver to the employee a payment in cash equal to the value of the vested Phantom Shares as determined by the then-fair market value of our common stock. No performance-vesting criteria are applied to our Phantom Plan awards; however, the value of a Phantom Plan award is tied directly to the price of our common stock at the time of vesting. We believe that this represents a powerful performance incentive since the value of the Phantom Share depends entirely on the price of the Company's stock.

Retirement, Health and Welfare Benefits

We offer a variety of health and welfare and retirement programs to all eligible employees. Under the terms of their employment agreements, the NEOs are eligible for the same broad-based benefit

programs on the same basis as the rest of the Company's employees. Our health and welfare programs include medical, pharmacy, dental, vision, life insurance and accidental death and disability. For some of our NEOs, we also pay all covered out-of-pocket expenses for healthcare not otherwise covered by insurance.

Perquisites

In addition to the compensation described above, under the terms of their respective employment agreements, executive officers may also be paid reasonable fees for personal financial advisory counseling, accounting and related services, legal advisory or attorney's fees and income tax preparation and tax audit services. Additional perquisites include auto allowances plus reimbursement for reasonable insurance and maintenance expenses and club memberships. The costs to the Company associated with providing these benefits for NEOs in 2006 are reflected in the Perquisites Table on page 29.

401(k) Plan

We maintain a 401(k) plan for our employees. Under the 401(k) plan, eligible employees may elect to contribute up to 100% of their eligible compensation on a pre-tax basis in accordance with the limitations imposed under the Code.

We also match 100% of each employee's deferrals up to 4% of the individual's eligible salary, which for 2006 was \$220,000. Therefore, even if an employee earned more than \$220,000 in eligible salary, the contribution match made by the Company could not exceed \$8,800.

The cash amounts contributed under the 401(k) plan are held in a trust and invested among various investment funds in accordance with the directions of each participant. An employee's salary deferral contributions under the 401(k) plan are 100% vested. Our matching contributions vest at the rate of 25% for each year of service. Therefore, an employee is fully-vested in all Company matching contributions after four years of employment with Key. Participants of the plan are entitled to payment of their vested account balances upon termination of employment. Participants of the plan are eligible for 100% of their account balances in the event of retirement, disability or death. We made employer matching contributions to the 401(k) plan of approximately \$7.4 million for the year ended December 31, 2006.

Severance Payments/Change In Control

We have employment agreements in place with each of the NEOs providing for their severance compensation for a period of up to three years in the event the executive's employment is terminated under a variety of reasons, including a change in control of the Company. We have provided more information about these benefits, along with estimates of the value under various circumstances under "Potential Payments upon Termination or Change in Control" below.

Our practice in the case of change in control benefits has been to structure these as "double trigger" benefits. In other words, the change of control does not itself trigger benefits; rather, benefits are paid only if the employment of the executive is terminated during a specified period after a change of control. We believe a "double trigger" benefit maximizes shareholder value because it prevents an unintended windfall to executives in the event of a friendly change of control, while still providing appropriate incentives to cooperate in negotiating any change of control. In addition, these agreements avoid distractions involving executive management that arise when the Board is considering possible strategic transactions involving a change in control, and assure continuity of executive management and objective input to the Board when it is considering any strategic transaction. For additional information concerning our change in control agreements, see "Potential Payments upon Termination or Change in Control" below.

Each of the executive officers is subject to noncompete and non-solicitation provisions pursuant to the terms of their employment contracts.

Regulatory Considerations

The tax and accounting consequences of utilizing various forms of compensation are considered by the Compensation Committee when adopting new or modifying existing compensation.

Under Section 162(m) of the Internal Revenue Code, publicly-held corporations may not take a tax deduction for compensation in excess of \$1 million paid to any of the executive officers named in the Summary Compensation Table during any fiscal year. There is an exception to the \$1 million limitation for performance-based compensation meeting certain requirements. To maintain flexibility in compensating executives in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy requiring all compensation to be deductible under Section 162(m). However, the Compensation Committee considers deductibility under Section 162(m) with respect to compensation arrangements for executives. The Committee cannot guarantee that future executive compensation will be fully deductible under Code Section 162(m).

Accounting for Stock-Based Compensation

Beginning January 1, 2006, the Company began accounting for stock-based payments, including stock options, in accordance with the requirements of Statement of Financial Accounting Standards 123 (Revised 2004), "Share-Based Payment" ("SFAS 123(R)").

- (1) Represents compensation payable if the Company does not renew the NEO's employment agreement after the initial term of the agreement. Mr. Alario would receive two-times his base salary on non-renewal.
- (2) Represents compensation payable if the Company terminates the NEO's employment for cause or the NEO otherwise resigns without "Good Reason" as defined in the respective employment agreements.
- (3) Represents compensation due to the NEO's estate upon his or her death.
- (4) Represents compensation payable to NEO upon determination of NEO's permanent disability.
- (5) Represents compensation due to NEO if terminated by the Company without "Cause" or if the NEO resigns for "Good Reason," as each such term is defined in the respective employment agreement.

- (6) Represents payments due upon termination of employment following a "change of control" (as defined in the respective employment agreements or 1997 Incentive Plan) with respect to equity compensation. The cash severance is due in a lump sum payment. Also assumes that the target annual bonus is made, and that the 401(k) plan is terminated upon change of control.
- (7) The benefits payable to Ms. Clarke are pursuant to her current employment agreement, which although was effective after December 31, 2006, we believe is a better representation of the benefits payable to Ms. Clarke for the purposes of this report.
- (8) Represents payment under Phantom Stock Plan.

Elements of Severance Payments

Key has entered into employment agreements with the NEOs that provide for certain payments upon termination depending upon the circumstances of the NEO's separation from the Company, as summarized below.

Cash Severance

If, during the term of Mr. Alario's employment agreement, he is terminated by the Company for any reason other than for "Cause," or if he terminates his employment because of a material breach by the Company, Mr. Alario will be entitled to severance compensation in an aggregate amount, generally equal to three times his base salary in effect at the time of termination payable in equal installments over a 36-month period following termination.

For Messrs. Austin and Wilson, and Ms. Clarke, if, during the term of the NEOs' employment agreement, the NEO is terminated by the Company for any reason other than for "Cause" or disability, or if the NEO terminates his or her employment because of a material breach by the Company, the NEO will be entitled to severance compensation in an aggregate amount, equal to two times the NEOs' base salary in effect at the time of termination payable in equal installments over a 24-month period following termination.

However, each of Messrs. Alario, Austin, Wilson and Ms. Clarke's employment agreement specifies that if termination is in anticipation of, or within one year following a change of control of the Company, the severance compensation will be an amount equal to three times their respective base salary then in effect plus an amount equal to three times their respective annual target cash bonus, and will be payable in one lump sum on the effective date of the termination.

If Mr. Flynt's employment is terminated by the Company for any reason other than for "Cause," including his death or non-renewal of his employment agreement, he will be entitled to the cash severance compensation in an aggregate amount equal to two times his base salary in effect at the time of termination payable in equal installments over a 24-month period following termination; provided, however, that if termination results within six months from a change of control of the Company or in anticipation of a change in control, the severance compensation will be payable in one lump sum on the date of termination.

In addition, other than Messrs. Flynt and Alario, each of the NEOs is entitled to one year's base salary in the event the NEOs' employment agreement is not renewed by the Company. Further, none of the NEOs, other than Mr. Flynt, are entitled to cash severance compensation upon the NEOs' death. Mr. Flynt is entitled to two times his base salary then in effect upon either the non-renewal of his employment agreement or his death. Mr. Alario is entitled to the greater of one year's base salary then in effect or the highest multiple of base salary in effect for non-renewal under any other executive officer's contract in effect at the time of non-renewal; provided however, that this provision shall only apply to increase the severance beyond one year's salary if such other agreement was also either in effect on the commencement date of Mr. Alario's agreement or later approved by the Compensation Committee after the commencement date of his agreement.

Restricted Stock

For Messrs. Austin and Wilson, and Ms. Clarke, if the NEO is terminated by the Company for any reason other than for "Cause," or if the NEO terminates his or her employment because of a material breach by the Company or following a change of control of the Company, any equity-based incentives held by the NEO that have not vested prior to the termination date shall immediately vest and all vested equity-based incentives shall remain exercisable until the earlier of the first anniversary date of the termination or the stated expiration date of the equity-based incentive. With respect to Mr. Alario, the equity-based incentives shall remain exercisable until the earlier of the third anniversary date of the termination or the stated expiration date of the equity-based incentive. Pursuant to the terms of the phantom stock grant, if Mr. Flynt's employment is terminated by any reason other than "Cause," he shall be immediately entitled to the payments due for the fair market value of the phantom shares.

Vested Options and Unvested Options

Other than termination for cause, all stock options held by the executives, other than Mr. Flynt, will become immediately vested and exercisable (to the extent not already vested and exercisable) for the remainder of the original terms of the options or until the second anniversary, or the third anniversary with respect to Mr. Alario, of the date of termination. Mr. Flynt's options become immediately vested and exercisable (to the extent not already vested and exercisable) only upon a change in control.

Unvested 401(k) Plan

For each NEO, the unvested portion of the company-match contribution to the 401(k) plan becomes fully vested upon death, retirement or disability. If the executive is terminated for any other reason, including without-cause, it is forfeited. Pursuant to the terms of the 401(k) plan, after an NEO has been employed by the Company for at least four years, all prior and future company-match 401(k) contributions are fully vested.

Health & Welfare

Other than Mr. Flynt, if the NEO terminates his or her employment because of a material breach by the Company or following a change in control or the Company terminates the NEO's employment for any reason other than for "Cause," including non-renewal, the NEO will continue to receive the benefits that the NEO was receiving at the Company's expense until the earlier of (i) twenty-four months with respect to Messrs. Austin or Wilson and Ms. Clarke, or thirty-six months with respect to Mr. Alario, (ii) the last date of eligibility under the applicable benefits, or (iii) the date on which the NEO commences full-time employment with another employer that provides equivalent benefits; provided that, if termination occurs for any reason within one year of a change in control or in anticipation of a change of control, in lieu of such benefits the Company will pay an amount in cash equal to the aggregate reasonable expenses the Company would incur to pay such benefits. The Company's current benefit program provides for a maximum of eighteen months coverage after the date of termination. In the event of death, the executive's spouse is entitled to up to three years of coverage after the date of termination.

In addition, Mr. Alario is entitled to term-life insurance for such period that he is otherwise entitled to severance under his employment agreement.

Tax Gross-Ups

If any NEO, other than Mr. Flynt, is subject to the tax imposed due to unfavorable tax treatment under Sections 2806 and 4999 of the Internal Revenue Code because of any termination-related payments, the Company has agreed to reimburse the NEO for such tax on an after-tax basis.

Director Compensation

For 2006, the non-employee directors received a fee equal to \$65,000 per year and an annual award of common stock of the Company having a fair market value of \$85,000, and are reimbursed for travel and other expenses directly associated with Company business. Each non-employee director received the annual award of common stock in 2006, except for Mr. Wolkowitz, who declined such awards. The chairs of the Compensation Committee and the Corporate Governance and Nominating Committee each received an additional \$10,000 per year for their service, and the chair of the Audit Committee and the Lead Director each received an additional \$20,000 per year. All other members of the Audit Committee (other than the chair) receive an additional \$10,000 per year.

The following table discloses the cash, equity awards and other compensation earned, paid or awarded, as the case may be, to each of the Company's non-employee directors during the fiscal year ended December 31, 2006. The table does not include the fees or awards paid to Messrs. Coleman, Reeves and Owens and Ms. Yocum, all of whom joined the board of directors in 2007. Each new member received an award of stock when they joined the board.

PROPOSAL 2 ADOPTION OF THE 2007 CASH AND EQUITY INCENTIVE PLAN

The Board has approved and recommends that stockholders approve the adoption of the Key Energy Services, Inc. 2007 Equity and Cash Incentive Plan (the "2007 Incentive Plan"). The 2007 Incentive Plan is designed to enable the Company and its affiliates to obtain and retain the services of the types of employees, consultants and directors who will contribute to the Company's long range success and to provide incentives that are linked directly to increases in share value which will inure to the benefit of all stockholders of the Company. The Board approved the 2007 Incentive Plan on October 26, 2007. The current incentive plan, the Key Energy Group, Inc. 1997 Incentive Plan, terminates on November 17, 2007.

A copy of the 2007 Incentive Plan is attached to this Proxy Statement as *Appendix A*. The description of the 2007 Incentive Plan that follows is qualified in its entirety by reference to the attached 2007 Incentive Plan.

Summary of the 2007 Cash and Equity Incentive Plan

Administration. The 2007 Incentive Plan will be administered by the Board or a committee designated by the Board (the "Committee"). While the Company is a publicly traded company, the Committee may consist solely of two or more members of the Board who qualify as "outside directors" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), and as "non-employee directors" under Rule 16b-3 as promulgated under Section 16 of the Securities Exchange Act of 1934. The Board or the Committee (the "Administrator") will have the power and authority to select Participants (as defined below) in the 2007 Incentive Plan and grant Awards (as defined below) to such Participants pursuant to the terms of the 2007 Incentive Plan. In addition, the Administrator will have the authority to (a) construe, interpret and administer the 2007 Incentive Plan, reconcile any inconsistency in, correct any defect in or supply any omission in the 2007 Incentive Plan or any agreement relating to Awards, (b) promulgate, amend and rescind the rules and regulations relating to the administration of the 2007 Incentive Plan, (c) delegate its authority to one or more officers of the Company with respect to Awards that do not involve certain executive officers of the Company, (d) determine when Awards are to be granted under the 2007 Incentive Plan and the applicable grant date, (e) select those Participants to whom Awards will be granted, (f) determine the number of shares of common stock to be made subject to each Award, (g) determine whether each option is or is not intended to qualify as an incentive stock option, (h) prescribe the terms and conditions of each Award, (i) amend any outstanding Awards subject to certain limitations, (j) make decisions with respect to outstanding Awards that may become necessary upon a change in corporate control or an event that triggers anti-dilution adjustments, and (k) exercise discretion to make any and all other determinations which it determines to be necessary or advisable for administration of the 2007 Incentive Plan. All decisions made by the Administrator pursuant to the provisions of the 2007 Incentive Plan will be final and binding on the Company and the Participants.

Number of Shares Authorized. Subject to adjustment, the total number of shares of the Company's common stock, par value \$0.10 per share, that will be available for the grant of Awards under the 2007 Incentive Plan may not exceed 4,000,000 shares; however, for purposes of this limitation, any stock subject to an Award that is canceled, forfeited or expires prior to exercise or realization will again become available for issuance under the 2007 Incentive Plan. Subject to adjustment, no Participant will be granted, during any one year period, options to purchase common stock and/or stock appreciation rights with respect to more than 500,000 shares of common stock. Stock available for distribution under the 2007 Incentive Plan will be authorized and unissued shares, treasury shares or shares reacquired by the Company in any manner.

Eligibility. Awards may be granted to employees, directors and, in some cases, consultants and those individuals whom the Administrator determines are reasonably expected to become employees, directors or consultants following the grant date of the Award ("Participants "). However, incentive stock options may be granted only to employees.

Awards Available for Grant. Awards may be in the form of options (incentive stock options and nonstatutory stock options), restricted stock, restricted stock units, performance compensation awards and stock appreciation rights (collectively, "Awards").

Options. Options may be granted as incentive stock options (stock options intended to meet the requirements of Section 422 of the Code) or nonstatutory stock options (stock options not intended to meet such requirements) and will contain such terms and conditions as the Administrator deems appropriate. The term of each option will be fixed by the Administrator but no incentive stock option may be exercisable after the expiration of ten years from the grant date; however, in the case of incentive stock options granted to a 10% stockholder, the term of such option may not exceed five years from the grant date. The exercise price of each option may not be less than 100% of the fair market value of the common stock subject to the option on the date of grant; however, in the case of incentive stock options granted to a 10% stockholder, the exercise price may not be less than 110% of the fair market value on the date of grant. The Administrator will determine the time or times at which, or other conditions upon which, an option will vest or become exercisable.

Restricted Stock and Restricted Stock Units. The Administrator may award actual shares of common stock ("Restricted Stock") or hypothetical common stock units having a value equal to the fair market value of an identical number of shares of common stock ("Restricted Stock Units"), which Award may, but need not, provide that such Award may not be sold, assigned, transferred or otherwise disposed of, pledged or hypothecated as collateral for a loan or as security for the performance of an obligation or for any other purpose, as applicable, or, in the case of Restricted Stock Units, be settled in shares of common stock, for a certain period of time (the "Restricted Period"). Subject to the restrictions set forth in the Award, Participants who are granted Restricted Stock generally will have the rights and privileges of a stockholder as to such Restricted Stock, including the right to vote such Restricted Stock. At the discretion of the Administrator, cash dividends and stock dividends with respect to Restricted Stock may be either currently paid to the Participant or withheld by the Company for the Participant's account, and interest may be credited on the amount of the cash dividends withheld at a rate and subject to such terms as determined by the Administrator. The cash dividends or stock dividends so withheld by the Administrator and attributable to any particular share of Restricted Stock will be distributed to the Participant in cash or, at the discretion of the Administrator, in shares of common stock having a fair market value equal to the amount of such dividends, if applicable, upon the release of restrictions on such shares. The Restricted Period will begin on the grant date and end at the time or times set forth on a schedule established by the Administrator in the applicable Award agreement. At the discretion of the Administrator, Restricted Stock Units may also be credited with cash dividends and stock dividends, either currently or withheld for the Participant's account and distributed upon the settlement of the Restricted Stock Unit.

Performance Compensation Awards. The 2007 Incentive Plan provides the Administrator with the authority, at the time of grant of any Award (other than options and stock appreciation rights granted with an exercise price or grant price equal to or greater than the fair market value per share of stock on the date of the grant), to designate such Award as a performance compensation award in order to qualify such Award as "performance-based compensation" under Section 162(m) of the Code. In addition, the 2007 Incentive Plan provides the Administrator with the authority to make an Award of a cash bonus to any Participant and designate such Award as a performance compensation award in order to qualify such Award as "performance-based compensation" under Section 162(m) of the Code.

During the first 90 days of a performance period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), which period may not be less than one year (the "Performance Period"), the Administrator may, in its sole discretion, select which Participants will be eligible to receive performance compensation awards in respect of such Performance Period. The 2007 Incentive Plan provides that, with regard to a particular performance compensation award, the Administrator has full discretion to select the length of the Performance Period, the performance criteria that will be used to establish the performance goal, the kind(s) and/or level(s) of the performance goal(s) that is (are) to apply to the Company and the performance formula to be applied against the relevant performance goal to determine, with regard to the performance compensation award of a particular Participant, whether all, some portion or none of the performance compensation award has been earned for the Performance Period. The performance criteria that will be used to establish the performance goal(s) will be based on the attainment of specific levels of performance of the Company and will be limited to the following:

net earnings or net income (before or after taxes);

basic or diluted earnings per share (before or after taxes);

net revenue or net revenue growth;

gross revenue;

gross profit or gross profit growth;

net operating profit (before or after taxes);

share price (including, but not limited to, growth measures and total stockholder return);

expense targets;

Stock Appreciation Rights. Stock appreciation rights may be granted either alone ("Free Standing Rights") or, provided the requirements of the 2007 Incentive Plan are satisfied, in tandem with all or part of any option granted under the 2007 Incentive Plan ("Related Rights"). Upon exercise, the holder of a stock appreciation right will be entitled to receive from the Company an amount equal to the product of (i) the excess of the fair market value of one share of the Company's common stock on the date of exercise over the exercise price per share specified in the stock appreciation right or its related option, multiplied by (ii) the number of shares for which such stock appreciation right is exercised. The exercise price of a Free Standing Right will be determined by the Administrator, but will not be less than 100% of the fair market value of the Company's common stock on the grant date of such Free Standing Right. A Related Right granted simultaneously with or subsequent to the grant of an option will have the same exercise price as the related option, will be transferable only upon the same terms and conditions as the related option, and will be exercisable only to the same extent as the related option. A stock appreciation right may be settled, at the sole discretion of the Administrator, in cash, shares of the Company's common stock or a combination thereof.

Transferability of Options. Incentive stock options will not be transferable except by will or by the laws of descent and distribution and will be exercisable during the lifetime of the Participant only by the Participant. However, the Participant may designate a third party who, in the event of the Participant's death, will be entitled to exercise the option. A nonstatutory stock option may, in the sole discretion of the Administrator, be transferable to a permitted transferee (such as a family member) upon written approval by the Administrator to the extent provided in the option agreement. If the nonstatutory stock option does not provide for transferability, then the nonstatutory stock option will not be transferable except by will or by the laws of descent and distribution and will be exercisable during the lifetime of the Participant only by the Participant. However, the Participant may designate a third party who, in the event of the Participant's death, be entitled to exercise the option.

Adjustments. The 2007 Incentive Plan provides that in the event of certain corporate events or changes in the Company's common stock, Awards and the maximum number of shares subject to all Awards under the 2007 Incentive Plan and the maximum number of shares with respect to any one person will be adjusted to reflect such event. Any such adjustment made to an incentive stock option will be made in accordance with Section 424(a) of the Code and any such adjustment made to a nonstatutory option will be made so as not to violate Section 409A of the Code.

Change in Control. In the event of a Change in Control (as defined in the 2007 Incentive Plan), unless otherwise provided in an Award agreement, all options and stock appreciation rights will become immediately exercisable with respect to 100% of the shares subject to such option or stock appreciation rights, and the restrictions will expire immediately with respect to 100% of such shares of Restricted Stock or Restricted Stock Units subject to such Award (including a waiver of any applicable Performance Goals). In addition, unless otherwise provided in an Award agreement, all incomplete Performance Periods in respect of a performance compensation award will end upon the Change in Control, and the Administrator will (a) determine the extent to which performance goals with respect to each such Performance Period have been met, (b) cause to be paid to the applicable Participant partial or full performance compensation awards with respect to performance goals for each such Performance Period based upon the Administrator's determination of the degree of attainment of performance goals and (c) cause the Award, if previously deferred, to be settled in full as soon as possible. Further, in the event of a Change in Control, the Administrator may in its discretion and upon advance notice to the affected persons, cancel any outstanding Awards and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such Awards based upon the price per share of the Company's common stock received or to be received by other shareholders of the Company in the event.

Detrimental Activity. Upon exercise, payment or delivery pursuant to an Award, the Participant will be required to certify that the Participant has not engaged in any Detrimental Activity (as defined in the 2007 Incentive Plan). Subject to the terms of the applicable Award agreement, the Administrator may cancel, rescind, suspend, withhold or otherwise limit or restrict any unexpired, unpaid or deferred Awards at any time if the Participant engages in any Detrimental Activity. If a Participant engages in Detrimental Activity after any exercise, payment or delivery pursuant to an Award, during any period for which any restrictive covenant prohibiting such activity is applicable to the Participant, such exercise, payment or delivery may be rescinded within one year thereafter. In the event of any such rescission, the Participant will pay to the Company the amount of any gain realized or payment received as a result of the exercise, payment or delivery, in such manner and on such terms and conditions as may be required by the Company.

Amendment and Termination. The Board at any time, and from time to time, may amend or terminate the 2007 Incentive Plan. However, except as provided otherwise in the 2007 Incentive Plan, no amendment will be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy any applicable law or securities exchange listing requirements. The Administrator at any time, and from time to time, may amend the terms of any one or more Awards; however, if the amendment would constitute an impairment of the rights under any Award, the Company must request the consent of the Participant and the Participant must consent in writing. It is expressly contemplated that the Board may amend the 2007 Incentive Plan in any respect the Board deems necessary or advisable to provide eligible employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to incentive stock options and/or to bring the 2007 Incentive Plan and/or Awards granted under it into compliance therewith.

Plan Benefits to be Received. Benefits and amounts to be awarded under the 2007 Incentive Plan are not currently determinable.

U.S. Federal Income Tax Consequences

The following is a summary of the material federal income tax consequences of receiving Awards under the 2007 Incentive Plan and is based upon an analysis of the present provisions of the Code and the regulations promulgated thereunder, all of which are subject to change. An individual may also be subject to state and local taxes, the consequences of which are not discussed herein, in the jurisdiction in which he or she works and/or resides. This summary is for general information and does not constitute tax advice.

Nonstatutory Stock Options. An individual receiving nonstatutory stock options should not recognize taxable income at the time of grant. An individual should generally recognize ordinary compensation income in an amount equal to the excess, if any, of the fair market value of the option shares on exercise of the nonstatutory stock options over the exercise price thereof. In general, subject to the limitations set forth in Section 162(m) of the Code and discussed below, the Company is entitled to deduct from its taxable income the amount that the individual is required to include in ordinary income at the time of such inclusion. Additional special rules apply if an individual exercises a nonstatutory stock option by paying the exercise price, in whole or in part, by the transfer of shares of common stock to the Company.

Incentive Stock Options. An individual granted an incentive stock option will not generally recognize taxable income at the time of grant or, subject to certain conditions, at the time of exercise, although he or she may be subject to alternative minimum tax. If the individual holds the shares acquired upon exercise of an incentive stock option for at least two years after the grant date and for at least one year after the exercise date, upon disposition of the shares by the individual, the difference, if any, between the sale price of the shares and the exercise price of the option will be treated as

long-term capital gain or loss. In general, if a disqualifying disposition should occur (i.e., the shares acquired upon exercise of the option are disposed of within the later of two years from the date of grant or one year from the date of exercise), an individual will generally recognize ordinary compensation income in the year of disposition in an amount equal to the excess, if any, of the fair market value of the option shares at the time of exercise (or, if less, the amount realized on disposition), over the exercise price thereof. The Company is not entitled to any deduction on account of the grant of incentive stock options or the individual's exercise of the option to acquire common stock. However, in the event of a subsequent disqualifying disposition of such shares of common stock acquired pursuant to the exercise of an incentive stock option under circumstances resulting in taxable compensation to the individual, subject to the limitations set forth in Section 162(m) of the Code and discussed below, in general, the Company should be entitled to a tax deduction equal to the amount treated as taxable compensation to the individual. Additional special rules apply if an individual exercises an incentive stock option by paying the exercise price, in whole or in part, by the transfer of shares of common stock to the Company.

Restricted Stock. A participant will not be subject to tax upon the grant of an Award of Restricted Stock unless the participant otherwise elects to be taxed at the time of grant pursuant to Section 83(b) of the Code. On the date an Award of Restricted Stock becomes transferable or is no longer subject to a substantial risk of forfeiture, the participant will have taxable compensation equal to the difference between the fair market value of the shares on that date over the amount the participant paid for such shares, if any, unless the participant made an election under Section 83(b) of the Code to be taxed at the time of grant. If the participant made an election under Section 83(b) of the Code, the participant will have taxable compensation at the time of grant equal to the difference between the fair market value of the shares on the grant date over the amount the participant paid for such shares, if any. (Special rules apply to the receipt and disposition of restricted shares received by officers and directors who are subject to Section 16(b) of the Securities Exchange Act of 1934). The Company will be able to deduct, at the same time as it is recognized by the participant, the amount of taxable compensation to the participant for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Restricted Stock Units. A Participant will not be subject to tax upon the grant of a Restricted Stock Unit Award. Rather, upon the delivery of shares or cash pursuant to a Restricted Stock Unit Award, the Participant will have taxable compensation equal to the fair market value of the number of shares (or the amount of cash) the Participant actually receives with respect to the Award. The Company will be able to deduct the amount of taxable compensation to the Participant for U.S. federal income tax purposes, but the deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Stock Appreciation Rights. No income will be realized by a Participant upon grant of a stock appreciation right. Upon the exercise of a stock appreciation right, the Participant will recognize ordinary compensation income in an amount equal to the fair market value of the payment received in respect of the stock appreciation right. The Company will be able to deduct this same amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

Section 162(m) Limitation. Subject to a limited number of exceptions, Section 162(m) of the Code denies a deduction to a publicly held corporation for payments of remuneration to certain employees to the extent the employee's remuneration for the taxable year exceeds \$1,000,000. This limit, however, does not apply to qualified performance based compensation. If the stockholders of the Company approve the 2007 Incentive Plan, the Company believes that option awards and other stock-based or cash awards payable upon the attainment of performance goals under the 2007 Incentive Plan will qualify as qualified performance-based compensation.

Section 280G of the Code. Under certain circumstances, the accelerated vesting or exercise of options or the accelerated lapse of restrictions with respect to other Awards in connection with a Change in Control might be deemed an "excess parachute payment" for purposes of the golden parachute tax provisions of Section 280G of the Code. To the extent it is so considered, the Participant may be subject to a 20% excise tax and the Company may be denied a federal income tax deduction.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and persons who beneficially own more than 10% of a registered class of the Company's equity securities, to file initial reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the SEC. Such officers, directors and 10% shareholders also are required by SEC rules to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of the copies of such forms furnished or available to the Company, the Company believes that its directors, executive officers and 10% shareholders complied with all Section 16(a) filing requirements for the fiscal year ended December 31, 2006.

Stockholder Communications to the Board of Directors

Management will forward all relevant communications to the Board.

Absent unusual circumstances, the Chair of the Board (if an independent director), or the Lead Director shall, subject to advice and assistance from the General Counsel, be primarily responsible for monitoring communications from stockholders and other interested parties and shall provide copies or summaries of such communications to the other directors as he or she considers appropriate. Stockholders who wish to send communications on any topic to the Board should address such communications to Board of Directors, c/o Newton W. Wilson III, Esq., Senior Vice President, General Counsel and Secretary, Key Energy Services, Inc., 1301 McKinney Street, Suite 1800, Houston, Texas 77010.

2.20 "**Effective Date**" shall mean the later of the date of Board adoption of the Plan and the date of shareholder approval.

2.21 "**Employee**" means any person employed by the Company or an Affiliate. Mere service as a Director or payment of a director's fee by the Company or an Affiliate shall not be sufficient to constitute "employment" by the Company or an Affiliate.

3. Administration.

3.1 *Administration by Board.* The Plan shall be administered by the Board unless and until the Board delegates administration to a Committee, as provided in *Section 3.5*.

3.2 *Powers of Administrator.* The Administrator shall have the power and authority to select and grant to Participants Awards pursuant to the terms of the Plan.

3.3 *Specific Powers.* In particular, the Administrator shall have the authority: (a) to construe, interpret and administer the Plan, reconcile any inconsistency in, correct any defect in and/or supply any omission in the Plan and any instrument or agreement relating to, or Award granted under, the Plan; (b) to promulgate, amend, and rescind rules and regulations relating to the administration of the

Plan; (c) to authorize any person to execute, on behalf of the Company, any instrument required to carry out the purposes of the Plan; (d) to delegate its authority to one or more Officers of the Company with respect to Awards that do not involve Covered Employees or "insiders" within the meaning of Section 16 of the Exchange Act; (e) to determine when Awards are to be granted under the Plan and the applicable Date of Grant; (f) from time to time to select, subject to the limitations set forth in this Plan, those Participants to whom Awards shall be granted; (g) to determine the number of shares of Common Stock to be made subject to each Award; (h) to determine whether each Option is to be an Incentive Stock Option or a Nonstatutory Stock Option; (i) to prescribe the terms and conditions of each Award, including, without limitation, the exercise price and medium of payment, vesting provisions and Right of Repurchase provisions, and to specify the provisions of the Award Agreement relating to such grant or sale; (j) to amend any outstanding Awards, including for the purpose of modifying the time or manner of vesting, or the term of any outstanding Award; *provided, however*, that if any such amendment impairs a Participant's rights or increases a Participant's obligations under his or her Award or creates or increases a Participant's federal income tax liability with respect to an Award, such amendment shall also be subject to the Participant's consent; (k) to determine the duration and purpose of leaves of absences which may be granted to a Participant without constituting termination of their employment for purposes of the Plan, which periods shall be no shorter than the periods generally applicable to Employees under the Company's employment policies; (l) to make decisions with respect to outstanding Awards that may become necessary upon a Change in Control or an event that triggers anti-dilution adjustments; and (m) to exercise discretion to make any and all other determinations which it determines to be necessary or advisable for administration of the Plan.

3.4 *Decisions Final.* All decisions made by the Administrator pursuant to the provisions of the Plan shall be final and binding on the Company and the Participants, unless such decisions are determined by a court having jurisdiction to be arbitrary and capricious.

3.5 *The Committee.*

(a) *General.* The Board may delegate administration of the Plan to a Committee or Committees of one or more members of the Board, and the term "*Committee*" shall apply to any person or persons to whom such authority has been delegated. If administration is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board, including the power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board or the Administrator shall thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may abolish the Committee at any time and revert in the Board the administration of the Plan. The members of the Committee shall be appointed by and serve at the pleasure of the Board. From time to time, the Board may increase or decrease the size of the Committee, add additional members to, remove members (with or without cause) from, appoint new members in substitution therefor, and fill vacancies, however caused, in the Committee. The Committee shall act pursuant to a vote of the majority of its members or, in the case of a committee comprised of only two members, the unanimous consent of its members, whether present or not, or by the written consent of the majority of its members and minutes shall be kept of all of its meetings and copies thereof shall be provided to the Board. Subject to the limitations prescribed by the Plan and the Board, the Committee may establish and follow such rules and regulations for the conduct of its business as it may determine to be advisable.

(b) *Committee Composition when Common Stock is Registered.* At any such time as the Common Stock is required to be registered under Section 12 of the Exchange Act, the Board shall have discretion to determine whether or not it intends to comply with the exemption requirements of Rule 16b-3 and/or Section 162(m) of the Code. However, if the Board intends to satisfy such

exemption requirements, with respect to Awards to any Covered Employee and with respect to any insider subject to Section 16 of the Exchange Act, the Committee shall be a compensation committee of the Board that at all times consists solely of two or more Non-Employee Directors who are also Outside Directors. Within the scope of such authority, the Board or the Committee may (i) delegate to a committee of one or more members of the Board who are not Outside Directors the authority to grant Awards to eligible persons who are either (A) not then Covered Employees and are not expected to be Covered Employees at the time of recognition of income resulting from such Award or (B) not persons with respect to whom the Company wishes to comply with Section 162(m) of the Code or (ii) delegate to a committee of one or more members of the Board who are not Non-Employee Directors the authority to grant Awards to eligible persons who are not then subject to Section 16 of the Exchange Act. Nothing herein shall create an inference that an option is not validly granted under the Plan in the event Awards are granted under the Plan by a compensation committee of the Board that does not at all times consist solely of two or more Non-Employee Directors who are also Outside Directors.

3.6 *Indemnification.* In addition to such other rights of indemnification as they may have as Directors or members of the Committee, and to the extent allowed by applicable law, the Administrator shall be indemnified by the Company against the reasonable expenses, including attorney's fees, actually incurred in connection with any action, suit or proceeding or in connection with any appeal therein, to which the Administrator may be party by reason of any action taken or failure to act under or in connection with the Plan or any option granted under the Plan, and against all amounts paid by the Administrator in settlement thereof (*provided, however,* that the settlement has been approved by the Company, which approval shall not be unreasonably withheld) or paid by the Administrator in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such Administrator did not act in good faith and in a manner which such person reasonably believed to be in the best interests of the Company, and in the case of a criminal proceeding, had no reason to believe that the conduct complained of was unlawful; *provided, however,* that within 60 days after institution of any such action, suit or proceeding, such Administrator shall, in writing, offer the Company the opportunity at its own expense to handle and defend such action, suit or proceeding.

4. Shares Subject to the Plan.

Subject to adjustment in accordance with *Section 12*, the total number of shares of Common Stock that shall be available for the grant of Awards under the Plan shall not exceed 4,000,000; *provided, that,* for purposes of this limitation, any Common Stock subject to an Option or Award that is canceled, forfeited or expires prior to exercise or realization shall again become available for issuance under the Plan. Subject to adjustment in accordance with *Section 12*, no Participant shall be granted, during any one (1) year period, Options to purchase Common Stock and/or Stock Appreciation Rights with respect to more than 500,000 shares of Common Stock. Stock available for distribution under the Plan shall be authorized and unissued shares, treasury shares or shares reacquired by the Company in any manner. Notwithstanding anything to the contrary contained herein: (i) shares tendered in payment of an Option shall not be added to the aggregate plan limit described above; (ii) shares withheld by the Company to satisfy any tax withholding obligation shall not be added to the aggregate plan limit described above; and (iii) all shares covered by a Stock Appreciation Right or other Awards, whether or not shares of Common Stock are actually issued to the Participant upon exercise or settlement of the Award, shall be considered issued or transferred pursuant to the Plan. All shares reserved for issuance under the Plan may be used for Incentive Stock Options. No fractional shares of Common Stock may be issued.

5. Eligibility.

5.1 *Eligibility for Specific Awards.* Incentive Stock Options may be granted only to Employees. Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants and those individuals whom the Administrator determines are reasonably expected to become Employees, Directors and Consultants following the Date of Grant.

5.2 *Ten Percent Stockholders.* A Ten Percent Stockholder shall not be granted an Incentive Stock Option unless the exercise price of such Option is at least 110% of the Fair Market Value of the Common Stock at the Date of Grant and the Option is not exercisable after the expiration of five years from the Date of Grant.

5.3 *Consultants.* A Consultant shall not be eligible for the grant of an Award if, at the time of grant, a Form S-8 Registration Statement under the Securities Act ("**Form S-8**") is not available to register either the offer or the sale of the Company's securities to such Consultant because of the nature of the services that the Consultant is providing to the Company (*i.e.*, capital raising), or because the Consultant is not a natural person, or as otherwise provided by the rules governing the use of Form S-8, unless the Company determines both (i) that such grant (A) shall be registered in another manner under the Securities Act (*e.g.*, on a Form S-3 Registration Statement) or (B) does not require registration under the Securities Act in order to comply with the requirements of the Securities Act, if applicable, and (ii) that such grant complies with the securities laws of all other relevant jurisdictions.

5.4 *Directors.* Each Director of the Company shall be eligible to receive discretionary grants of Awards under the Plan.

6. Option Provisions.

Each Option shall be in such form and shall contain such terms and conditions as the Administrator shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. If for any reason an Option designated as an Incentive Stock Option (or any portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Option or portion thereof shall be regarded as a Nonstatutory Option appropriately granted under the Plan. Notwithstanding the foregoing, the Company shall have no liability to any Participant or any other person if an Option designated as an Incentive Stock Option fails to qualify as such at any time. The provisions of separate Options need not be identical, but each Option shall include (through incorporation of provisions hereof by reference in the Option or otherwise) the substance of each of the following provisions:

6.1 *Term.* Subject to the provisions of *Section 5.2* regarding Ten Percent Stockholders, no Incentive Stock Option shall be exercisable after the expiration of 10 years from the date it was granted.

6.2 *Exercise Price of an Incentive Stock Option.* Subject to the provisions of *Section 5.2* regarding Ten Percent Stockholders, the exercise price of each Incentive Stock Option shall be not less than 100% of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, an Incentive Stock Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 424(a) of the Code.

6.3 *Exercise Price of a Nonstatutory Stock Option.* The exercise price of each Nonstatutory Stock Option shall be not less than 100% of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, a Nonstatutory Stock Option

may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 409A of the Code.

6.4 *Consideration.* The exercise price of Common Stock acquired pursuant to an Option shall be paid, to the extent permitted by applicable statutes and regulations, either (a) in cash or by certified or bank check at the time the Option is exercised or (b) in the discretion of the Administrator, upon such terms as the Administrator shall approve, the exercise price may be paid: (i) by delivery to the Company of other Common Stock, duly endorsed for transfer to the Company, with a Fair Market Value on the date of delivery equal to the exercise price (or portion thereof) due for the number of shares being acquired, or by means of attestation whereby the Participant identifies for delivery specific shares of Common Stock that have a Fair Market Value on the date of attestation equal to the exercise price (or portion thereof) and receives a number of shares of Common Stock equal to the difference between the number of shares thereby purchased and the number of identified attestation shares of Common Stock (a "**Stock for Stock Exchange**"); (ii) a "cashless" exercise program established with a broker; (iii) by reduction in the number of shares of Common Stock otherwise deliverable upon exercise of such Option with a Fair Market Value equal to the aggregate exercise price at the time of exercise, or (iv) in any other form of legal consideration that may be acceptable to the Administrator. Unless otherwise specifically provided in the Option, the purchase price of Common Stock acquired pursuant to an Option that is paid by delivery (or attestation) to the Company of other Common Stock acquired, directly or indirectly from the Company, shall be paid only by shares of the Common Stock of the Company that have been held for more than six months (or such longer or shorter period of time required to avoid a charge to earnings for financial accounting purposes). Notwithstanding the foregoing, during any period for which the Common Stock is publicly traded (*i.e.*, the Common Stock is listed on any established stock exchange or a national market system) an exercise by a Director or executive officer that involves or may involve a direct or indirect extension of credit or arrangement of an extension of credit by the Company, directly or indirectly, in violation of Section 402(a) of the Sarbanes-Oxley Act (codified as Section 13(k) of the Exchange Act) shall be prohibited with respect to any Award under this Plan.

6.5 *Transferability of an Incentive Stock Option.* An Incentive Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

6.6 *Transferability of a Nonstatutory Stock Option.* A Nonstatutory Stock Option may, in the sole discretion of the Administrator, be transferable to a permitted transferee upon written approval by the Administrator to the extent provided in the Option Agreement. A permitted transferee includes: (a) a transfer by gift or domestic relations order to a member of the Optionholder's immediate family (child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships), any person sharing the Optionholder's household (other than a tenant or employee), a trust in which these persons have more than 50% of the beneficial interest, a foundation in which these persons (or the Optionholder) control the management of assets, and any other entity in which these persons (or the Optionholder) own more than 50% of the voting interests; (b) third parties designated by the Administrator in connection with a program established and approved by the Administrator pursuant to which Participants may receive a cash payment or other consideration in consideration for the transfer of such Nonstatutory Stock Option; and (c) such other transferees as may be permitted by the Administrator in its sole discretion. If the Nonstatutory Stock Option does not provide for transferability, then the Nonstatutory Stock Option shall not be transferable except by will

or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

6.7 Vesting Generally. The Option may, but need not, vest and therefore become exercisable in periodic installments that may, but need not, be equal. The Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Administrator may deem appropriate. The vesting provisions of individual Options may vary. No Option may be exercised for a fraction of a share of Common Stock. The Administrator may, but shall not be required to, provide for an acceleration of vesting and exercisability in the terms of any Option Agreement upon the occurrence of a specified event.

6.8 Termination of Continuous Service. Unless otherwise provided in an Option Agreement or in an employment agreement the terms of which have been approved by the Administrator, in the event an Optionholder's Continuous Service terminates (other than upon the Optionholder's death or Disability or termination by the Company for Cause), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination) but only within such period of time ending on the earlier of (a) the date three months following the termination of the Optionholder's Continuous Service, or (b) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified in the Option Agreement, the Option shall terminate. Unless otherwise provided in an Option Agreement or in an employment agreement the terms of which have been approved by the Administrator, or as otherwise provided in *Sections 6.10* and *6.11* of this Plan, outstanding Options that are not exercisable at the time an Optionholder's Continuous Service terminates for any reason other than for Cause (including an Optionholder's death or Disability) shall be forfeited and expire at the close of business on the date of such termination. Unless otherwise provided in an Option Agreement or in an employment agreement the terms of which have been approved by the Administrator, if the Optionholder's Continuous Service terminates for Cause, all outstanding Options shall be forfeited (whether or not vested) and expire as of the beginning of business on the date of such termination for Cause.

6.9 Extension of Termination Date. An Optionholder's Option Agreement may also provide that if the exercise of the Option following the termination of the Optionholder's Continuous Service for any reason would be prohibited at any time because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act or any other state or federal securities law or the rules of any securities exchange or interdealer quotation system, then the Option shall terminate on the earlier of (a) the expiration of the term of the Option in accordance with *Section 6.1* or (b) the expiration of a period after termination of the Participant's Continuous Service that is three months after the end of the period during which the exercise of the Option would be in violation of such registration or other securities law requirements.

6.10 Disability of Optionholder. Unless otherwise provided in an Option Agreement, in the event that an Optionholder's Continuous Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination), but only within such period of time ending on the earlier of (a) the date 12 months following such termination or (b) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified herein, the Option shall terminate.

6.11 *Death of Optionholder.* Unless otherwise provided in an Option Agreement, in the event an Optionholder's Continuous Service terminates as a result of the Optionholder's death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the Option upon the Optionholder's death, but only within the period ending on the earlier of (a) the date 12 months following the date of death or (b) the expiration of the term of such Option as set forth in the Option Agreement. If, after death, the Option is not exercised within the time specified herein, the Option shall terminate.

6.12 *Incentive Stock Option \$100,000 Limitation.* To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and its Affiliates) exceeds \$100,000, the Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options.

7. Provisions of Awards Other Than Options.

7.1 Restricted Awards

(a) General.

A Restricted Award is an Award of actual shares of Common Stock ("**Restricted Stock**") or hypothetical Common Stock units ("**Restricted Stock Units**") having a value equal to the Fair Market Value of an identical number of shares of Common Stock, which may, but need not, provide that such Restricted Award may not be sold, assigned, transferred or otherwise disposed of, pledged or hypothecated as collateral for a loan or as security for the performance of any obligation or for any other purpose for such period (the "**Restricted Period**") as the Administrator shall determine.

(b) Restricted Stock and Restricted Stock Units.

(i) Each Participant granted Restricted Stock shall execute and deliver to the Company an Award Agreement with respect to the Restricted Stock setting forth the restrictions and other terms and conditions applicable to such Restricted Stock. If the Administrator determines that the Restricted Stock shall be held by the Company or in escrow rather than delivered to the Participant pending the release of the applicable restrictions, the Administrator may require the Participant to additionally execute and deliver to the Company (a) an escrow agreement satisfactory to the Administrator, if applicable and (b) the appropriate blank stock power with respect to the Restricted Stock covered by such agreement. If a Participant should fail to execute an agreement evidencing an Award of Restricted Stock and, if applicable, an escrow agreement and stock power, the Award shall be null and void. Subject to the restrictions set forth in the Award, the Participant generally shall have the rights and privileges of a stockholder as to such Restricted Stock, including the right to vote such Restricted Stock. At the discretion of the Administrator, cash dividends and stock dividends with respect to the Restricted Stock may be either currently paid to the Participant or withheld by the Company for the Participant's account, and interest may be credited on the amount of the cash dividends withheld at a rate and subject to such terms as determined by the Administrator. The cash dividends or stock dividends so withheld by the Administrator and attributable to any particular share of Restricted Stock (and earnings thereon, if applicable) shall be distributed to the Participant in cash or, at the discretion of the Administrator, in shares of Common Stock having a Fair Market Value equal to the amount of such dividends, if applicable, upon the release of restrictions on such share and, if such share is forfeited, the Participant shall have no right to such dividends.

(ii) The terms and conditions of a grant of Restricted Stock Units shall be reflected in an Award Agreement. No shares of Common Stock shall be issued at the time a Restricted Stock Unit is granted, and the Company will not be required to set aside a fund for the payment of any such Award. At the discretion of the Administrator, each Restricted Stock Unit (representing one share of Common Stock) may be credited with cash and stock dividends paid by the Company in respect of one share of Common Stock ("*Dividend Equivalents*"). At the discretion of the Administrator, Dividend Equivalents may be either currently paid to the Participant or withheld by the Company for the Participant's account, and interest may be credited on the amount of cash Dividend Equivalents withheld at a rate and subject to such terms as determined by the Administrator. Dividend Equivalents credited to a Participant's account and attributable to any particular Restricted Stock Unit (and earnings thereon, if applicable) shall be distributed in cash or, at the discretion of the Administrator, in shares of Common Stock having a Fair Market Value equal to the amount of such Dividend Equivalents and earnings, if applicable, to the Participant upon settlement of such Restricted Stock Unit and, if such Restricted Stock Unit is forfeited, the Participant shall have no right to such Dividend Equivalents.

(c) *Restrictions.*

(i) Restricted Stock awarded to a Participant shall be subject to the following restrictions until the expiration of the Restricted Period, and to such other terms and conditions as may be set forth in the applicable Award Agreement: (A) if an escrow arrangement is used, the Participant shall not be entitled to delivery of the stock certificate; (B) the shares shall be subject to the restrictions on transferability set forth in the Award Agreement; (C) the shares shall be subject to forfeiture to the extent provided in the applicable Award Agreement; and (D) to the extent such shares are forfeited, the stock certificates shall be returned to the Company, and all rights of the Participant to such shares and as a shareholder with respect to such shares shall terminate without further obligation on the part of the Company.

(ii) Restricted Stock Units awarded to any Participant shall be subject to (A) forfeiture until the expiration of the Restricted Period, and satisfaction of any applicable Performance Goals during such period, to the extent provided in the applicable Award Agreement, and to the extent such Restricted Stock Units are forfeited, all rights of the Participant to such Restricted Stock Units shall terminate without further obligation on the part of the Company and (B) such other terms and conditions as may be set forth in the applicable Award Agreement.

(iii) The Administrator shall have the authority to remove any or all of the restrictions on the Restricted Stock and Restricted Stock Units whenever it may determine that, by reason of changes in applicable laws or other changes in circumstances arising after the date of the Restricted Stock or Restricted Stock Units are granted, such action is appropriate.

(d) *Restricted Period.* With respect to Restricted Stock and Restricted Stock Units, the Restricted Period shall commence on the Date of Grant and end at the time or times set forth on a schedule established by the Administrator in the applicable Award Agreement.

(e) *Delivery of Restricted Stock and Settlement of Restricted Stock Units.* Upon the expiration of the Restricted Period with respect to any shares of Restricted Stock, the restrictions set forth in *Section 7.1(c)* and the applicable Award Agreement shall be of no further force or effect with respect to such shares, except as set forth in the applicable Award Agreement. If an escrow arrangement is used, upon such expiration, the Company shall deliver to the Participant, or his beneficiary, without charge, the stock certificate evidencing the shares of Restricted Stock which have not then been forfeited and with respect to which the Restricted Period has expired (to the nearest full share) and any cash dividends or stock dividends credited to the Participant's account

with respect to such Restricted Stock and the interest thereon, if any. Upon the expiration of the Restricted Period with respect to any outstanding Restricted Stock Units, the Company shall deliver to the Participant, or his beneficiary, without charge, one share of Common Stock for each such outstanding Restricted Stock Unit ("**Vested Unit**") and cash equal to any Dividend Equivalents credited with respect to each such Vested Unit in accordance with *Section 7.1(b)(ii)* hereof and the interest thereon or, at the discretion of the Administrator, in shares of Common Stock having a Fair Market Value equal to such Dividend Equivalents interest thereon, if any; *provided, however*, that, if explicitly provided in the applicable Award Agreement, the Administrator may, in its sole discretion, elect to pay cash or part cash and part Common Stock in lieu of delivering only shares of Common Stock for Vested Units. If a cash payment is made in lieu of delivering shares of Common Stock, the amount of such payment shall be equal to the Fair Market Value of the Common Stock as of the date on which the Restricted Period lapsed with respect to such Vested Unit.

(f) *Stock Restrictions.* Each certificate representing Restricted Stock awarded under the Plan shall bear a legend in the form the Company deems appropriate.

7.2 *Performance Compensation Awards.*

(a) *General.* The Administrator shall have the authority, at the time of grant of any Award described in this Plan (other than Options and Stock Appreciation Rights granted with an exercise price or grant price, as the case may be, equal to or greater than the Fair Market Value per share of Common Stock on the date of grant), to designate such Award as a Performance Compensation Award in order to qualify such Award as "performance-based compensation" under Section 162(m) of the Code. In addition, the Administrator shall have the authority to make an award of a cash bonus to any Participant and designate such Award as a Performance Compensation Award in order to qualify such Award as "performance-based compensation" under Section 162(m).

(b) *Eligibility.* The Administrator will, in its sole discretion, designate within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code) which Participants will be eligible to receive Performance Compensation Awards in respect of such Performance Period. However, designation of a Participant eligible to receive an Award hereunder for a Performance Period shall not in any manner entitle the Participant to receive payment in respect of any Performance Compensation Award for such Performance Period. The determination as to whether or not such Participant becomes entitled to payment in respect of any Performance Compensation Award shall be decided solely in accordance with the provisions of this *Section 7.2*. Moreover, designation of a Participant eligible to receive an Award hereunder for a particular Performance Period shall not require designation of such Participant eligible to receive an Award hereunder in any subsequent Performance Period and designation of one person as a Participant eligible to receive an Award hereunder shall not require designation of any other person as a Participant eligible to receive an Award hereunder in such period or in any other period.

(c) *Discretion of Administrator with Respect to Performance Compensation Awards.* With regard to a particular Performance Period, the Administrator shall have full discretion to select the length of such Performance Period (provided any such Performance Period shall be not less than one (1) year in duration), the type(s) of Performance Compensation Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goals(s) that is (are) to apply to the Company and the Performance Formula. Within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), the Administrator shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its

discretion with respect to each of the matters enumerated in the immediately preceding sentence of this *Section 7.2(c)* and record the same in writing.

(d) *Payment of Performance Compensation Awards.*

(i) *Condition to Receipt of Payment.* Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company on the last day of a Performance Period to be eligible for payment in respect of a Performance Compensation Award for such Performance Period.

(ii) *Limitation.* A Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that: (A) the Performance Goals for such period are achieved; and (B) the Performance Formula as applied against such Performance Goals determines that all or some portion of such Participant's Performance Compensation Award has been earned for the Performance Period.

(iii) *Certification.* Following the completion of a Performance Period, the Administrator shall review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, calculate and certify in writing that amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Administrator shall then determine the actual size of each Participant's Performance Compensation Award for the Performance Period and, in so doing, may apply Negative Discretion in accordance with *Section 7.2(d)(iv)* hereof, if and when it deems appropriate.

(iv) *Use of Discretion.* In determining the actual size of an individual Performance Compensation Award for a Performance Period, the Administrator may reduce or eliminate the amount of the Performance Compensation Award earned under the Performance Formula in the Performance Period through the use of Negative Discretion if, in its sole judgment, such reduction or elimination is appropriate. The Administrator shall not have the discretion to (a) grant or provide payment in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained; or (b) increase a Performance Compensation Award above the maximum amount payable under *Section 7.2(d)(vi)* of the Plan.

(v) *Timing of Award Payments.* Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following completion of the certifications required by this *Section 7.2*.

(vi) *Maximum Award Payable.* Notwithstanding any provision contained in this Plan to the contrary, the maximum Performance Compensation Award payable to any one Participant under the Plan for a Performance Period is 250,000 shares of Common Stock or, in the event such Performance Compensation Award is paid in cash, the equivalent cash value thereof on the first or last day of the Performance Period to which such Award relates, as determined by the Administrator. The maximum amount that can be paid in any calendar year to any Participant pursuant to a cash bonus Award described in the last sentence of *Section 7.2(a)* shall be \$1,000,000. Furthermore, any Performance Compensation Award that has been deferred shall not (between the date as of which the Award is deferred and the payment date) increase (A) with respect to a Performance Compensation Award that is payable in cash, by a measuring factor for each fiscal year greater than a reasonable rate of interest set by the Administrator or (B) with respect to a Performance Compensation Award that is payable in shares of Common Stock, by an amount greater than the appreciation of a share of Common Stock from the date such Award is deferred to the payment date.

7.3 *Stock Appreciation Rights.*

(a) *General.* Stock Appreciation Rights may be granted either alone ("**Free Standing Rights**") or, provided the requirements of *Section 7.3(b)* are satisfied, in tandem with all or part of any Option granted under the Plan ("**Related Rights**"). In the case of a Nonstatutory Stock Option, Related Rights may be granted either at or after the time of the grant of such Option. In the case of an Incentive Stock Option, Related Rights may be granted only at the time of the grant of the Incentive Stock Option.

(b) *Grant Requirements.* A Stock Appreciation Right may only be granted if the Stock Appreciation Right does not provide for the deferral of compensation within the meaning of Section 409A of the Code. A Stock Appreciation Right does not provide for a deferral of compensation if: (A) the value of the Common Stock the excess over which the right provides for payment upon exercise (the "**SAR exercise price**") may never be less than the Fair Market Value of the underlying Common Stock on the date the right is granted, (B) the compensation payable under the Stock Appreciation Right can never be greater than the difference between the SAR exercise price and the Fair Market Value of the Common Stock on the date the Stock Appreciation Right is exercised, (C) the number of shares of Common Stock subject to the Stock Appreciation Right must be fixed on the date of grant of the Stock Appreciation Right, and (D) the right does not include any feature for the deferral of compensation other than the deferral of recognition of income until the exercise of the right.

(c) *Exercise and Payment.* Upon exercise thereof, the holder of a Stock Appreciation Right shall be entitled to receive from the Company, an amount equal to the product of (i) the excess of the Fair Market Value, on the date of such written request, of one share of Common Stock over the SAR exercise price per share specified in such Stock Appreciation Right or its related Option, multiplied by (ii) the number of shares for which such Stock Appreciation Right shall be exercised. Payment with respect to the exercise of a Stock Appreciation Right shall be paid on the date of exercise and may be made in the form of shares of Common Stock (with or without restrictions as to substantial risk of forfeiture and transferability, as determined by the Administrator in its sole discretion), cash or a combination thereof, as determined by the Administrator. Notwithstanding the foregoing, if, on the last day of the applicable exercise period, the Fair Market Value of the Common Stock exceeds the SAR exercise price and the Participant has not exercised the Stock Appreciation Right or the corresponding Option (if applicable), to the extent vested and exercisable, such Stock Appreciation Right shall be deemed to have been exercised by the Participant on such last day and the Company shall make the appropriate payment therefor.

(d) *Exercise Price.* The exercise price of a Free Standing Stock Appreciation Right shall be determined by the Administrator, but shall not be less than 100% of the Fair Market Value of one share of Common Stock on the Date of Grant of such Stock Appreciation Right. A Related Right granted simultaneously with or subsequent to the grant of an Option and in conjunction therewith or in the alternative thereto shall have the same exercise price as the related Option, shall be transferable only upon the same terms and conditions as the related Option, and shall be exercisable only to the same extent as the related Option; *provided, however*, that a Stock Appreciation Right, by its terms, shall be exercisable only when the Fair Market Value per share of Common Stock subject to the Stock Appreciation Right and related Option exceeds the exercise price per share thereof and no Stock Appreciation Rights may be granted in tandem with an Option unless the Administrator determines that the requirements of *Section 7.3(b)(i)* are satisfied.

(e) *Reduction in the Underlying Option Shares.* Upon any exercise of a Stock Appreciation Right, the number of shares of Common Stock for which any related Option shall be exercisable shall be reduced by the number of shares for which the Stock Appreciation Right shall have been exercised. The number of shares of Common Stock for which a Stock Appreciation Right shall be exercisable shall be reduced upon any exercise of any related Option by the number of shares of Common Stock for which such Option shall have been exercised.

8. Covenants of the Company.

8.1 *Availability of Shares.* During the terms of the Awards, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such Awards.

8.2 *Securities Law Compliance.* Each Option Agreement and Award Agreement shall provide that no shares of Common Stock shall be purchased or sold thereunder unless and until (a) any then applicable requirements of state or federal laws and regulatory agencies shall have been fully complied with to the satisfaction of the Company and its counsel and (b) if required to do so by the Company, the Participant shall have executed and delivered to the Company a letter of investment intent in such form and containing such provisions as the Administrator may require. The Company shall use reasonable efforts to seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Awards and to issue and sell shares of Common Stock upon exercise of the Awards; *provided, however,* that this undertaking shall not require the Company to register under the Securities Act the Plan, any Award or any Common Stock issued or issuable pursuant to any such Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Awards unless and until such authority is obtained.

9. Use of Proceeds from Stock.

Proceeds from the sale of Common Stock pursuant to Awards, or upon exercise thereof, shall constitute general funds of the Company.

10. Miscellaneous.

10.1 *Acceleration of Exercisability and Vesting.* The Administrator shall have the power to accelerate the time at which an Award may first be exercised or the time during which an Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Award stating the time at which it may first be exercised or the time during which it will vest.

10.2 *Stockholder Rights.* Except as provided in the Plan or an Award Agreement, no Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Award unless and until such Participant has satisfied all requirements for exercise of the Award pursuant to its terms and no adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions of other rights for which the record date is prior to the date such Common Stock certificate is issued, except as provided in *Section 12* hereof.

10.3 *No Employment or Other Service Rights.* Nothing in the Plan or any instrument executed or Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or shall affect the right of the Company or an Affiliate to terminate (a) the employment of an Employee with or without notice and with or without Cause, (b) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate or (c) the service of a Director pursuant to the Bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

10.4 *Transfer, Approved Leave of Absence.* For purposes of the Plan, no termination of employment by an Employee shall be deemed to result from either (a) a transfer to the employment of the Company from an Affiliate or from the Company to an Affiliate, or from one Affiliate to another; or (b) an approved leave of absence for military service or sickness, or for any other purpose approved

by the Company, if the Employee's right to re-employment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Administrator otherwise so provides in writing.

10.5 *Investment Assurances.* The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Award (a) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Award; and (b) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (i) the issuance of the shares of Common Stock upon the exercise or acquisition of Common Stock under the Award has been registered under a then currently effective registration statement under the Securities Act or (ii) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

10.6 *Withholding Obligations.* To the extent provided by the terms of an Award Agreement and subject to the discretion of the Administrator, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise or acquisition of Common Stock under an Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (a) tendering a cash payment; (b) authorizing the Company to withhold shares of Common Stock from the shares of Common Stock otherwise issuable to the Participant as a result of the exercise or acquisition of Common Stock under the Award, *provided, however*, that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by law; or (c) delivering to the Company previously owned and unencumbered shares of Common Stock of the Company.

11. Adjustments Upon Changes in Stock.

Awards granted under the Plan and any agreements evidencing such Awards, the maximum number of shares of Common Stock subject to all Awards stated in *Section 4* and the maximum number of shares of Common Stock with respect to which any one person may be granted Awards during any period stated in *Section 4* and *Section 7.2(d)(vi)* will be equitably adjusted or substituted, as to the number, price or kind of a share of Common Stock or other consideration subject to such Awards to the extent necessary to preserve the economic intent of such Award in the event of changes in the outstanding Common Stock or in the capital structure of the Company by reason of stock or extraordinary cash dividends, stock splits, reverse stock splits, recapitalization, reorganizations, mergers, consolidations, combinations, exchanges, or other relevant changes in capitalization occurring after the Date of Grant of any such Award. Any adjustment in Incentive Stock Options under this Section 11 shall be made only to the extent not constituting a "modification" within the meaning of Section 424(h)(3) of the Code, and any adjustments under this Section 11 shall be made in a manner which does not adversely affect the exemption provided pursuant to Rule 16b-3 under the Exchange Act or otherwise result in a violation of Section 409A of the Code. Further, with respect to Awards intended to qualify as "performance-based compensation" under Section 162(m) of the Code, such adjustments or substitutions shall be made only to the extent that the Administrator determines that such adjustments or substitutions may be made without causing the Company to be denied a tax

deduction on account of Section 162(m) of the Code. The Company shall give each Participant notice of an adjustment hereunder and, upon notice, such adjustment shall be conclusive and binding for all purposes. Notwithstanding the above, in the event of any of the following: (i) the Company is merged or consolidated with another corporation or entity and, in connection therewith, consideration is received by shareholders of the Company in a form other than stock or other equity interests of the surviving entity or outstanding Awards are not to be assumed upon consummation of the proposed transaction; (ii) all or substantially all of the assets of the Company are acquired by another person; (iii) the reorganization or liquidation of the Company; or (iv) the Company shall enter into a written agreement to undergo an event described in clause (i), (ii) or (iii) above, then the Administrator may, in its discretion and upon at least 10 days' advance notice to the affected persons, cancel any outstanding Awards and cause the holders thereof to be paid, in cash or stock, or any combination thereof, the value of such Awards based upon the price per share of Common Stock received or to be received by other shareholders of the Company in the event.

12. Effect of Change in Control

12.1 Unless otherwise provided in an Award Agreement:

(a) In the event of a Change in Control, notwithstanding any provision of the Plan or any applicable Award Agreement to the contrary, and either in or not in combination with another event such as a termination of the applicable Participant's Continuous Service by the Company without Cause, all Options and Stock Appreciation Rights subject to such Award shall become immediately exercisable with respect to 100 percent of the shares subject to such Option or Stock Appreciation Rights, and/or the Restricted Period shall expire immediately with respect to 100 percent of the shares of Restricted Stock or Restricted Stock Units subject to such Award (including a waiver of any applicable Performance Goals) and, to the extent practicable, such acceleration of exercisability and expiration of the Restricted Period (as applicable) shall occur in a manner and at a time which allows affected Participants the ability to participate in the Change in Control transaction with respect to the Common Stock subject to their Awards.

(b) In the event of a Change in Control, all incomplete Performance Periods in respect of such Award in effect on the date the Change in Control occurs shall end on the date of such change, and the Administrator shall (A) determine the extent to which Performance Goals with respect to each such Award Period have been met based upon such audited or unaudited financial information then available as it deems relevant, (B) cause to be paid to the applicable Participant partial or full Awards with respect to Performance Goals for each such Award Period based upon the Administrator's determination of the degree of attainment of Performance Goals, and (C) cause the Award, if previously deferred, to be settled in full as soon as possible.

12.2 In addition, in the event of a Change in Control, the Administrator may in its discretion and upon at least 10 days' advance notice to the affected persons, cancel any outstanding Awards and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such Awards based upon the price per share of Common Stock received or to be received by other shareholders of the Company in the event.

12.3 The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to all or substantially all of the assets and business of the Company and its Affiliates, taken as a whole.

13. Amendment of the Plan and Awards.

13.1 *Amendment/Termination of Plan.* The Board at any time, and from time to time, may amend or terminate the Plan. However, except as provided in *Section 11* relating to adjustments upon changes in Common Stock and *Section 13.3*, no amendment shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy any applicable law or securities exchange listing requirements. At the time of such amendment, the Board shall determine, upon advice from counsel, whether such amendment will be contingent on stockholder approval.

13.2 *Stockholder Approval.* The Board may, in its sole discretion, submit any other amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to certain executive officers.

13.3 *Contemplated Amendments.* It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Stock Options and/or to bring the Plan and/or Awards granted under it into compliance therewith.

13.4 *No Impairment of Rights.* Rights under any Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless (a) the Company requests the consent of the Participant and (b) the Participant consents in writing.

13.5 *Amendment of Awards.* The Administrator at any time, and from time to time, may amend the terms of any one or more Awards; *provided, however*, that the Administrator may not effect any amendment which would otherwise constitute an impairment of the rights under any Award unless (a) the Company requests the consent of the Participant and (b) the Participant consents in writing.

14. General Provisions.

14.1 *Other Compensation Arrangements.* Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases. The Plan is intended to constitute an "unfunded" plan for incentive compensation and nothing contained in the Plan shall give any Participant any rights that are greater than those of a general unsecured creditor of the Company.

14.2 *Recapitalizations.* Each Option Agreement and Award Agreement shall contain provisions required to reflect the provisions of *Section 11*.

14.3 *Delivery.* Upon exercise of a right granted under this Plan, the Company shall issue Common Stock or pay any amounts due within a reasonable period of time thereafter. Subject to any statutory or regulatory obligations the Company may otherwise have, for purposes of this Plan, 30 days shall be considered a reasonable period of time.

14.4 *Other Provisions.* The Option Agreements and Award Agreements authorized under the Plan may contain such other provisions not inconsistent with this Plan, including, without limitation, restrictions upon the exercise of the Awards, as the Administrator may deem advisable.

14.5 *Cancellation and Rescission of Awards for Detrimental Activity.*

(a) Upon exercise, payment or delivery pursuant to an Award, the Participant shall certify in a manner acceptable to the Company that the Participant has not engaged in any Detrimental Activity described in *Section 2.17*.

(b) Unless the Award Agreement specifies otherwise, the Administrator may cancel, rescind, suspend, withhold or otherwise limit or restrict any unexpired, unpaid or deferred Awards at any time if the Participant engages in any Detrimental Activity described in *Section 2.17*.

(c) In the event a Participant engages in Detrimental Activity described in *Section 2.17* after any exercise, payment or delivery pursuant to an Award, during any period for which any restrictive covenant prohibiting such activity is applicable to the Participant, such exercise, payment or delivery may be rescinded within one year thereafter. In the event of any such rescission, the Participant shall pay to the Company the amount of any gain realized or payment received as a result of the exercise, payment or delivery, in such manner and on such terms and conditions as may be required by the Company. The Company shall be entitled to set-off against the amount of any such gain any amount owed to the Participant by the Company.

14.6 *Disqualifying Dispositions.* Any Participant who shall make a "disposition" (as defined in Section 424 of the Code) of all or any portion of shares of Common Stock acquired upon exercise of an Incentive Stock Option within two years from the Date of Grant of such Incentive Stock Option or within one year after the issuance of the shares of Common Stock acquired upon exercise of such Incentive Stock Option shall be required to immediately advise the Company in writing as to the occurrence of the sale and the price realized upon the sale of such shares of Common Stock.

14.7 *Section 16.* It is the intent of the Company that the Plan satisfy, and be interpreted in a manner that satisfies, the applicable requirements of Rule 16b-3 as promulgated under Section 16 of the Exchange Act so that Participants will be entitled to the benefit of Rule 16b-3, or any other rule promulgated under Section 16 of the Exchange Act, and will not be subject to short-swing liability under Section 16 of the Exchange Act. Accordingly, if the operation of any provision of the Plan would conflict with the intent expressed in this *Section 14.7*, such provision to the extent possible shall be interpreted and/or deemed amended so as to avoid such conflict.

14.8 *Section 162(m).* To the extent the Administrator issues any Award that is intended to be exempt from the application of Section 162(m) of the Code, the Administrator may, without shareholder or grantee approval, amend the Plan or the relevant Award agreement retroactively or prospectively to the extent it determines necessary in order to comply with any subsequent clarification of Section 162(m) of the Code required to preserve the Company's Federal income tax deduction for compensation paid pursuant to any such Award.

15. Effective Date of Plan.

The Plan shall become effective as of the Effective Date.

16. Termination or Suspension of the Plan.

The Plan shall terminate automatically on the day before the 10th anniversary of the Effective Date. No Award shall be granted pursuant to the Plan after such date, but Awards theretofore granted may extend beyond that date. The Board may suspend or terminate the Plan at any earlier date pursuant to *Section 13.1* hereof. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated. Unless the Company determines to submit Section 7.2 of the Plan and the definition of "Performance Goal" and "Performance Criteria" to the Company's stockholders at the first stockholder meeting that occurs in the fifth year following the year in which the Plan was last approved by stockholders (or any earlier meeting designated by the Board), in accordance with the requirements of Section 162(m) of the Code, and such stockholder approval is obtained, then no further Performance Compensation Awards shall be made to Covered Employees under *Section 7.2* after the date of such annual meeting, but the Plan may continue in effect for Awards to Participants not in accordance with Section 162(m) of the Code.

17. Choice of Law.

The law of the State of Maryland shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to such state's conflict of law rules.
