Second Quarter Highlights

Both pharmacy same store sales and the number of prescriptions filled continued to increase, by 0.8 percent and 1.4 percent respectively. A 274 basis point increase in generic dispensing year over year negatively impacted sales.

Significant reduction in selling, general and administrative expenses as a percent of sales continued with SG&A 135 basis points lower than last year's second quarter.

Significant progress made in reducing inventory continued with FIFO inventory \$351.1 million lower year over year.

Liquidity remained strong with \$822.3 million of availability on our credit and accounts receivable facilities at quarter end.

Second Quarter Summary

Revenues for the 13-week second quarter were \$6.3 billion versus revenues of \$6.5 billion in the prior-year second quarter. Revenues declined 2.7 percent, primarily as a result of store closings and a decline in front-end same store sales.

Same store sales for the quarter decreased 1.1 percent over the prior-year 13-week period, consisting of a 4.9 percent decrease in the front end and a 0.8 percent increase in pharmacy. Pharmacy sales included an approximate 274 basis point negative impact from new generic introductions. The number of prescriptions filled increased 1.4 percent. Prescription sales accounted for 68.1 percent of total drugstore sales, and third party prescription revenue was 96.3 percent of pharmacy sales.

Excluding the acquired Brooks Eckerd stores, same store sales for the 13-week second quarter decreased 0.6 percent over the prior-year period with front-end decreasing 4.9 percent and pharmacy growing 2.0 percent.

At the former Brooks Eckerd stores, same store sales for the 13-week second quarter decreased 2.3 percent over the prior-year period with front end decreasing 4.7 percent and pharmacy decreasing 1.4 percent.

Net loss for the quarter was \$116.0 million or \$.14 per diluted share compared to last year's second quarter net loss of \$222.0 million and \$.27 per diluted share.

In the second quarter we opened 3 stores, relocated 10 stores, remodeled 1 store and closed 16 stores. Stores in operation at the end of the second quarter totaled 4,812.
