PROXY STATEMENT

**For Annual Meeting Of Stockholders
To Be Held August 30, 2012**

Information About the 2012 Annual Meeting

This proxy statement (the "Proxy Statement") is furnished in connection with the solicitation of proxies by the Board of Directors of Capstone Turbine Corporation (the "Company" or "Capstone") from holders of issued and outstanding shares of Common Stock, par value \$.001 per share ("Common Stock"), to be voted at the 2012 Annual Meeting of Stockholders (the "Annual Meeting"), to be held at the Company's corporate offices located at 21211 Nordhoff Street, Chatsworth, California, 91311, on August 30, 2012, at 9:00 a.m., Pacific Time, for the purposes set forth in the accompanying notice and herein, and any adjournments or postponements thereof.

A copy of Capstone's 2012 Annual Report to Stockholders (the "2012 Annual Report") and the Proxy Statement and accompanying proxy card were first mailed or made available to stockholders on or about July 17, 2012. The 2012 Annual Report includes Capstone's audited consolidated financial statements.

Voting Procedures

If you were a stockholder of record of the Company's Common Stock at the close of business on July 2, 2012, you are entitled to notice of, and to vote at, the Annual Meeting. As of the record date, 299,556,069 shares of Common Stock were outstanding.

Proxies properly executed, duly returned to us and not revoked will be voted in accordance with the instructions given. Where no instructions are given, subject to the requirements described below, such proxies will be voted: FOR the election as directors of the nominees listed in this Proxy Statement; FOR approval of the amendment and restatement of the Capstone Turbine Corporation 2000 Equity Incentive Plan; FOR the approval of the amendment to the Company's Second Amended and Restated Certificate of Incorporation; FOR the approval of the compensation of our Named Executive Officers; and FOR the ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2013. If any matter not described in this Proxy Statement is properly presented for action at the Annual Meeting, the persons named on the proxy card will have discretionary authority to vote on the action according to their best judgment. Each stockholder of record on July 2, 2012 is entitled to one vote for each share of Common Stock held by such stockholder on that date. The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of our Common Stock eligible to be voted on the record date.

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting, and abstentions, but not broker non-votes, as to particular proposals will be treated as shares entitled to vote. A broker non-vote occurs when a broker holding shares for a beneficial holder does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. Without your instructions, your broker or nominee is permitted to use its own discretion and vote your shares on certain routine matters (such as Proposal 5), but it is not permitted to use discretion and vote your shares on other matters (such as Proposals 1, 2, 3 and 4). We urge you to give voting instructions to your broker on all five proposals. Broker non-votes are not considered votes for or against a proposal and, therefore, will have no direct impact on any proposal except with respect to Proposal 3, in which case broker non-votes will have the same effect as a vote against the proposal because the required vote to approve Proposal 3 is a majority of the outstanding shares of Common Stock on July 2, 2012. Concerning the election of directors, you may: (a) vote for all of the director nominees as a group; (b) withhold authority to vote for all director nominees as a group; or (c) vote for all director nominees as a group except those nominees you identify on the appropriate line. For Proposals 2, 3, 4 and 5, abstentions will have the same effect as a vote against these proposals. For Proposal 1, abstentions will have no effect on the outcome of the vote.

You may revoke your proxy at any time before it is actually voted at the Annual Meeting by: (i) delivering written notice of revocation to the Secretary of Capstone at our address above; (ii) submitting a later dated proxy; or (iii) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, constitute revocation of the proxy.

Voting Electronically via the Internet or by Telephone

Whether you hold shares directly as the stockholder of record or through a broker, trustee or other nominee, as the beneficial owner you may direct how your shares are voted without attending the Annual Meeting. Stockholders are encouraged to vote their proxies by Internet, telephone or completing, signing, dating and returning a proxy card, but not by more than one method. If you vote by Internet or telephone, you do not need to return a proxy card. If you vote by more than one method, only the last vote that is submitted will be counted and each previous vote will be disregarded. Please refer to the instructions provided in the Notice of Internet Availability or proxy card provided to you for information on the available voting methods.

Solicitation of Proxies

We will pay the expense of soliciting proxies and the cost of preparing, assembling and mailing material in connection with the solicitation of proxies. In addition, we have retained Phoenix Advisory Partners, a division of American Stock Transfer and Trust Company, LLC ("Phoenix Advisory"), to assist in the solicitation. We will pay Phoenix Advisory approximately \$10,000 for their assistance in the solicitation of proxies. Our directors, officers or employees may solicit proxies by mail, e-mail, telephone, facsimile or other means. These individuals will not receive any additional compensation for these efforts.

Proposals of Stockholders for the 2013 Annual Meeting of Stockholders

Stockholder proposals or nominations for directors intended to be presented at the 2013 annual meeting of stockholders (the "2013 Annual Meeting") must be in writing and received at Capstone's executive offices no later than the date listed below and must comply with Capstone's bylaws and the proxy rules of the Securities and Exchange Commission (the "SEC"). If appropriate notice of a stockholder proposal is not received at Capstone's executive offices prior to the close of business on March 19, 2013, the proposal will be deemed untimely. Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the Company's bylaws, an untimely

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

proposal will not be included in the Company's proxy statement or proxy card for the 2013 Annual Meeting and cannot be brought before the 2013 Annual Meeting by the proponent.

In addition to stockholder nominations made in accordance with the procedures described above, Capstone's Nominating and Corporate Governance Committee will consider stockholder recommendations of candidates for election to the Board of Directors if such recommendations are submitted by the date and in accordance with the policies described in the "Director Recommendation and Nomination Process" section elsewhere in this Proxy Statement.

The date of this Proxy Statement is July 17, 2012.

PROPOSAL 2

APPROVAL OF AMENDMENT AND RESTATEMENT OF THE 2000 EQUITY INCENTIVE PLAN

Our Board of Directors has adopted, subject to approval of the stockholders, an amendment and restatement of the Capstone Turbine Corporation 2000 Equity Incentive Plan (the "Incentive Plan"). Our Board believes that stock-based incentives have been and will continue to be crucial to Capstone's ability to attract and retain outstanding employees.

General Description of the Incentive Plan

Below is a summary of the Incentive Plan, as amended and restated. This summary is qualified in its entirety by reference to the full text of the amended and restated Incentive Plan, a copy of which is attached hereto as *Appendix A*.

Key Changes in Amendment and Restatement

The amended and restated Incentive Plan is substantially similar to the Incentive Plan prior to the restatement, except for the following key changes:

Number of Shares Available for Awards is Increased. An additional 9,000,000 shares are added to the pool available for awards. This increase in authorized shares is needed because the current pool of shares is substantially depleted with only 468,074 shares available for grant as of July 2, 2012.

Award Types are Eliminated or Recharacterized. Provisions for "stock purchase rights" are eliminated. "Stock bonus" awards are recharacterized as "restricted stock" and "restricted stock units." The purpose of these changes is to update the terminology used in the Incentive Plan to reflect market practices. The newly titled awards are substantively the same as stock bonus awards that have been granted in the past. Stock options and stock bonus awards continue to be available. The change does not add new types of awards to the Incentive Plan.

Annual Restricted Stock Unit Awards to Non-Employee Directors. An automatic annual grant of restricted stock units is made to directors who are not employees of Capstone as part of the annual compensation paid to directors. This grant replaces the annual grant of stock options in prior years. The award shall have a fair market value of \$35,000, based on the value of our Common Stock on the date of grant. The award is forfeited if the director fails to complete the one-year term. The Compensation Committee is authorized to revise the amount of the award for future years.

Administrative Changes. Administrative provisions for matters such as exercising stock options, tax withholdings and participant responsibilities have been updated to streamline administration and to reflect current law and financial accounting considerations.

General

The Incentive Plan authorizes the Compensation Committee to award stock incentives to employees, consultants and members of the Board of Directors. The purpose of the Incentive Plan is to allow the Company to recruit, hire and retain the best available personnel for various positions throughout the Company, which is intended to enhance the long-term value of our stockholders' equity. The Incentive Plan, as amended and restated, provides for an aggregate of 27,980,000 authorized shares of Common Stock, of which 9,468,074 shares will be available for future grant. Shares that are forfeited under existing awards can be reissued under new award grants. No individual may receive awards that provide more than three million shares of Common Stock, in the aggregate, during a calendar year. Shares of Common Stock available under the Incentive Plan are authorized but unissued shares.

Types of Awards

The Incentive Plan provides for awards of stock options, restricted stock units, restricted stock and stock bonus awards. Awards are generally earned or become "vested" upon specific conditions specified in the grant. Awards are immediately forfeited if service with the Company is terminated for cause. Some types of awards under the Incentive Plan may be issued to our executive officers as "performance based compensation" under Section 162(m) of the Internal Revenue Code (the "Code"). Stock options generally provide performance based compensation. Otherwise, payment under an award should be conditioned on achievement of certain performance goals in order to satisfy Section 162(m) of the Code. The Compensation Committee will determine at the time that an award is made if it is intended to be performance based compensation.

Stock Options. A stock option permits the participant to purchase Common Stock at a fixed price. Options awarded to employees of Capstone may be "incentive stock options," as defined in Section 422 of the Code, which provide certain tax advantages to employees (described below). Options become exercisable after a specified "vesting" period or upon achievement of performance goals established by the Compensation Committee. Payment of the exercise price may be in cash to Capstone, which may be provided through a broker-assisted trade, or, if approved by the Compensation Committee, a "cashless" exercise method such as surrendering previously acquired shares of Common Stock. The participant does not become a stockholder until the option is exercised.

The maximum term of an incentive stock option granted under the Incentive Plan is generally 10 years (five years for an incentive stock option granted to a 10% stockholder). The exercise price must be no less than the fair market value of our Common Stock on the grant date (110% for an incentive stock option granted to a 10% stockholder). Fair market value is determined by reference to the trading price of our Common Stock. Options generally must be exercised within three months following termination of service with the Company, or within one year in case of disability or death.

Restricted Stock Units. A restricted stock unit award is the right to receive a specified number of shares of Common Stock in the future after vesting conditions specified in the award are satisfied. Restricted stock units will be forfeited if the participant terminates employment prior to vesting or if any performance vesting conditions are not satisfied within the performance period specified in the award. The participant does not become a stockholder until the vesting conditions are satisfied.

Restricted Stock. Restricted stock is an award of a specified number of shares of Common Stock that are transferred to a participant at the time of the award. The shares are subject to forfeiture until vesting conditions specified in the award are satisfied. Restricted stock will be forfeited if the participant terminates employment prior to vesting or if any performance vesting conditions are not satisfied within the performance period specified in the award. The participant is a stockholder at the time the award is granted.

Stock Bonus Awards. A stock bonus is an award of Common Stock that may be subject to certain vesting conditions and/or the payment of a purchase price, as determined by the Compensation Committee in its discretion. The Incentive Plan permits our directors to elect to receive a stock bonus equal in value to directors fees that otherwise would be paid in cash.

Plan Benefits

The following information about the Incentive Plan is as of July 2, 2012:

There were options outstanding to purchase 9,910,655 shares of Common Stock under the Incentive Plan. The exercise price of these options is the fair market value of our Common Stock on the date of grant. Based on the closing sale price of our Common Stock on July 2,

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

2012, the aggregate market value of the 9,910,655 shares of Common Stock underlying outstanding options granted pursuant to the Incentive Plan was approximately \$10.2 million.

There were 930,729 restricted stock units outstanding. Based on the closing sale price of our Common Stock on July 2, 2012, the aggregate market value of the 930,729 shares of Common Stock underlying outstanding restricted stock units granted pursuant to the Incentive Plan was approximately \$1.0 million.

468,074 shares were remaining for future grant under the Incentive Plan. 211 employees and all of our directors were eligible to participate in the Incentive Plan.

Administration

The Compensation Committee administers the Incentive Plan in accordance with its charter. Members must be "independent" as determined by the Board under Nasdaq standards as well as the requirements under SEC Rule 16b-3 and Section 162(m) of the Code. The Compensation Committee determines the terms of all awards, including conditions for vesting or exercise, the exercise price, the number of shares subject to each award and the forms of payment permitted upon exercise. The Compensation Committee may delegate to the Chief Executive Officer the authority to grant awards under the Incentive Plan to eligible persons who are not officers or directors of the Company.

Amendment and Termination

The Board of Directors may amend, suspend or terminate the Incentive Plan, provided that stockholder approval is required for any material amendment to the Incentive Plan. Material amendments include an increase in the number of shares that may be issued under the Incentive Plan and certain changes to the types of awards or class of persons eligible to receive awards. No amendment to the Incentive Plan can adversely affect a participant's rights under an award without the participant's consent.

Change in Control

Outstanding awards will become fully vested in certain circumstances following a change in the control of the Company for participants whose service is terminated in connection with the change in control.

General Federal Income Tax Consequences

Tax consequences to the Company and to individuals receiving awards will vary with the type of award. Generally, a participant will not recognize income, and the Company is not entitled to take a deduction, upon the grant of an award, other than a stock bonus award that is fully vested when granted. A participant who exercises incentive stock options will not recognize income on exercise. The exercise of an incentive stock option, however, gives rise to a preference under the alternative minimum tax rules. If Common Stock acquired on exercise of an incentive stock option is held for at least two years after the option is granted and one year after the date of exercise, the participant will be subject to capital gains tax on the difference between the price paid on exercise and the fair market value of the Common Stock at the time it is sold. However, if the Common Stock is sold before the end of this holding period, the sale is treated as a "disqualifying disposition" and the participant is taxed at ordinary income rates on the difference between the exercise price and the fair market value of Common Stock at the time of exercise.

A participant is subject to ordinary income tax upon the exercise of a nonqualified option on the difference between the exercise price and the fair market value of Common Stock. Any subsequent gain on the sale of the Common Stock will be taxed as a capital gain.

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

There is generally no tax upon the receipt of restricted stock units, restricted stock or a stock bonus award, unless the stock bonus award is fully vested at the time of grant. A participant will recognize ordinary income on the fair market value of the Common Stock at the time the award becomes vested, less any purchase amount paid to acquire the Common Stock under the award. However, an individual may elect to be taxed at the time restricted stock or a stock bonus is granted under Section 83(b) of the Code. The individual's tax basis in Common Stock acquired through a stock bonus, restricted stock or restricted stock units is the amount paid under the award plus the amount of ordinary income that is recognized. Any subsequent gain or loss on the sale of Common Stock is subject to capital gains tax treatment.

The Company generally obtains a tax deduction that is equivalent to the amount of ordinary income recognized by a participant upon the exercise of options or the vesting of restricted stock units, restricted stock or a stock bonus. The Company's tax deduction may be limited in some circumstances for awards that qualify under Section 162(m) of the Code as "performance based compensation." See "General Description of the Incentive Plan Types of Awards" for a discussion of performance based compensation.

The federal income tax consequences described in this section are based on the laws and regulations of the United States of America currently in effect, and there is no assurance that the laws and regulations will not change in the future and affect the tax consequences of the matters discussed in this section.

Required Vote for Approval; Recommendation of the Board of Directors

Assuming the presence of a quorum, the affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required for approval of this proposal. Information regarding the method by which votes will be counted appears on page one of this Proxy Statement under the heading "Voting Procedures."

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE PROPOSAL TO APPROVE THE AMENDMENT AND RESTATEMENT OF THE 2000 EQUITY INCENTIVE PLAN.

PROPOSAL 3

**APPROVAL OF AMENDMENT TO THE COMPANY'S
SECOND AMENDED AND RESTATED CERTIFICATE OF INCORPORATION**

The Company's Second Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") currently authorizes the issuance of a total of 425,000,000 shares of capital stock, consisting of 415,000,000 shares of Common Stock and 10,000,000 shares of preferred stock. As of July 2, 2012, there were 299,556,069 shares of Common Stock outstanding and no shares of preferred stock outstanding. In addition, as of such date, the Company had an aggregate of 10,841,384 shares of Common Stock subject to outstanding stock options and restricted stock units and 468,074 shares of Common Stock reserved for issuance pursuant to future grants under the Company's stock incentive plan.

Description of the Proposed Amendment

On June 6, 2012, the Board of Directors approved an amendment (the "Amendment") to the Certificate of Incorporation, subject to stockholder approval, to increase the number of shares of Common Stock authorized for issuance from 415,000,000 shares to 515,000,000 shares. The explanation of the Amendment herein is qualified in its entirety by reference to the full text of the Amendment, which is attached hereto as *Appendix B*.

Reasons for the Amendment

Since inception, Capstone has incurred annual operating losses. We expect this trend to continue until such time that we can sell a sufficient number of units and achieve a cost structure to become profitable. We will continue to finance our operations through use of existing cash balances, revenue produced by sales of our products and, if necessary, financing activities, including the potential sale of shares of Common Stock and warrants to purchase shares of Common Stock. Because we have, as of July 2, 2012, only 57,179,331 shares of Common Stock available for issuance (after taking into consideration outstanding equity awards and shares reserved for issuance in connection with our incentive plans and certain prior transactions), our ability to raise funds to support our operations by selling Common Stock is limited.

Although at present we have no plans to issue additional shares of our Common Stock, we desire to have the shares available to provide additional flexibility to use our Common Stock for business and financial purposes in the future. These purposes may include raising capital to support future operations; providing equity incentives to employees, officers or directors; establishing strategic relationships with other companies; expanding our business or products through acquisitions and/or licensing arrangements; and other purposes. Having such additional authorized Common Stock available for issuance in the future would allow the Board to issue shares of our Common Stock without delay and enable us to engage in financing transactions and/or strategic alliances and take advantage of changing market and financial conditions on a more timely basis as determined by the Board.

General Effect of the Amendment

If the Amendment is approved by the stockholders, it will become effective upon filing with the Secretary of State of the State of Delaware. If the proposal is not approved by the stockholders, the Amendment will not be filed and the proposal will not be implemented.

If the proposed Amendment is approved, the Board may cause the issuance of additional shares of our Common Stock without further vote of our stockholders, except as provided under Delaware or

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

other applicable law, our Certificate of Incorporation or bylaws or under applicable stock exchange rules.

The additional shares of our Common Stock to be authorized by adoption of the Amendment would have rights identical to our currently outstanding shares of Common Stock. Adoption of the Amendment and subsequent issuance of shares of Common Stock would not affect the rights of the holders of our currently outstanding shares of Common Stock, except for effects incidental to increasing the number of shares of our Common Stock. Incidental effects of a subsequent issuance of shares of our Common Stock (but not of the adoption of the Amendment in and of itself) include potentially diluting the voting power and percentage ownership of existing stockholders. Current holders of shares of our Common Stock do not have preemptive or similar rights, which means that current stockholders do not have a prior right to purchase any new issue of our capital stock, including shares of our Common Stock, in order to maintain their proportionate ownership of the Company.

The increase in number of authorized shares of our Common Stock is not being proposed as a means of preventing or dissuading a change in control or takeover of the Company; however, use of these shares for such a purpose is possible. Shares of authorized but unissued or unreserved Common Stock, for example, could be issued in an effort to dilute the stock ownership and voting power of persons seeking to obtain control of us or could be issued to purchasers who would support our Board in opposing a takeover proposal. In addition, the increase in number of authorized shares of our Common Stock, if approved, may have the effect of discouraging a challenge for control of the Company or make it less likely that such a challenge, if attempted, would be successful. The Board and management have no knowledge of any current effort to obtain control of the Company or to accumulate large amounts of our Common Stock.

Nothing in the Amendment would change the number of authorized shares of preferred stock. However, contemporaneously with the approval of the Amendment and contingent upon approval of the Amendment by the Company's stockholders, the Board designated 1,000,000 additional shares of preferred stock as Series A Junior Participating Preferred Stock to align the number of shares of preferred stock designated in connection with the Company's rights plan with the authorized Common Stock if the Amendment is approved by stockholders.

Required Vote for Approval; Recommendation of the Board of Directors

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock will be required for approval of the Amendment. Information regarding the method by which votes will be counted appears on page one of this Proxy Statement under the heading "Voting Procedures."

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE PROPOSAL TO APPROVE THE AMENDMENT TO THE COMPANY'S SECOND AMENDED AND RESTATED CERTIFICATE OF INCORPORATION.

PROPOSAL 4

NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables the Company's stockholders to vote to approve, on an advisory basis, the compensation of the Company's Named Executive Officers as described in the "Compensation Discussion and Analysis" section and the executive compensation tables contained in this Proxy Statement. Because your vote is advisory, it will not be binding on the Board of Directors or the Compensation Committee; however, the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding executive compensation.

As described in the "Compensation Discussion and Analysis" section beginning on page 26 of this Proxy Statement, the Company's executive compensation program for its Named Executive Officers is designed to attract, motivate and retain a highly qualified group of executives and maintain a close correlation between the rewards to the Company's executives and the strategic success of the Company and the performance of its stock. The Company believes that its executive compensation programs have been effective at promoting the achievement of positive results in its performance criteria, appropriately aligning pay and performance and enabling the Company to attract and retain talented executives within its industry.

The Company is asking its stockholders to indicate their support for the compensation of the Named Executive Officers disclosed in this Proxy Statement, which is described in the Summary Compensation Table on page 36 of this Proxy Statement and under "Compensation Discussion and Analysis." The disclosures in the Proxy Statement are made in accordance with SEC regulations (including Item 402 of SEC Regulation S-K). This proposal, commonly known as the "say-on-pay" proposal, gives our stockholders the opportunity to express their views on the Company's executive compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Named Executive Officers and the policies and practices described in this Proxy Statement. Accordingly, the Company is asking its stockholders to vote "FOR" the following resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed pursuant to SEC regulations in the Company's Proxy Statement for the 2012 annual meeting of stockholders.

Required Vote for Approval; Recommendation of the Board of Directors

Although the results of this vote are not binding on the Board of Directors or the Compensation Committee, the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding executive compensation. Information regarding the method by which votes will be counted appears on page one of this Proxy Statement under the heading "Voting Procedures."

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE RESOLUTION TO APPROVE THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

PROPOSAL 5

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2013 (the "2013 Fiscal Year"). KPMG LLP is considered by management to be well-qualified. Representatives of KPMG LLP are expected to be present at the Annual Meeting and will have an opportunity to make any statement they consider appropriate and to respond to any appropriate stockholders' questions at that time.

Required Vote for Ratification; Recommendation of the Board of Directors

Stockholder ratification of the Audit Committee's selection of KPMG LLP as the Company's independent registered public accounting firm is not required by the Company's bylaws or otherwise; however, the Board of Directors has elected to submit the selection of KPMG LLP to the Company's stockholders for ratification. The Company is seeking an affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting, if a quorum is present, in order to ratify the selection of the independent registered public accounting firm. If the appointment of KPMG LLP is not ratified by the stockholders, the matter will be referred to the Audit Committee for further review. Information regarding the method by which votes will be counted appears on page one of this Proxy Statement under the heading "Voting Procedures."

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE PROPOSAL TO RATIFY THE SELECTION OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

GOVERNANCE OF THE COMPANY AND PRACTICES OF THE BOARD OF DIRECTORS

Board of Directors; Leadership Structure

As of the date hereof, the Board of Directors consists of nine directors: Gary D. Simon (Chair), Richard K. Atkinson, John V. Jagers, Darren R. Jamison, Noam Lotan, Gary J. Mayo, Eliot G. Protsch, Holly A. Van Deursen and Darrell J. Wilk. The Board of Directors has determined that all of the members of the Board of Directors, other than Mr. Jamison, are "independent directors" as defined by Nasdaq rules.

The Board of Directors met seven (7) times during the fiscal year ended March 31, 2012 (the "2012 Fiscal Year"), and each of the directors attended or participated in more than 75% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which such director served. The Company strongly encourages each member of the Board of Directors to attend each annual meeting of stockholders. All of the directors serving on the Board of Directors at the time attended the 2011 annual meeting of stockholders. The Company's independent directors met in executive session, without members of the Company's management present, at all four (4) in-person meetings of the Board of Directors in the 2012 Fiscal Year.

The Board of Directors is committed to having a sound governance structure that promotes the best interests of all of the Company's stockholders. To that end, the Board of Directors has evaluated and actively continues to examine emerging corporate governance trends and best practices. Stockholder perspectives play an important role in that process. The level of importance afforded to stockholder perspectives by the Board of Directors is evident upon a closer review of the Board of Directors' governance structure. Some key points regarding that structure are as follows:

The Board of Directors is predominantly independent. Of our nine directors, only one (our President and Chief Executive Officer) is an employee of the Company. Further, the Board of Directors has affirmatively determined that eight of our nine directors are independent under SEC and Nasdaq corporate governance rules, as applicable.

All members of the Board of Directors are elected annually to one-year terms.

Our board committees are comprised exclusively of independent directors.

Our independent directors meet in executive session at every in-person board meeting.

We have separated the roles of Chairman of the Board of Directors and Chief Executive Officer. Our Chairman focuses on board oversight responsibilities, strategic planning, setting board agendas and mentoring company officers, as well as facilitating communications between the Board of Directors and management.

Our Board of Directors is very active. Each of our directors attended more than 75% of the 2012 Fiscal Year board meetings and meetings of the committees on which such director served.

We believe our Board of Directors structure serves the interests of stockholders by balancing board continuity and the promotion of long-term thinking with the need for director accountability.

Board Committees

The Board of Directors has designated an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

Audit Committee

The Audit Committee currently consists of Messrs. Lotan (Chair), Atkinson and Protsch. Each member of the Audit Committee is an "independent director" pursuant to Nasdaq rules and is "financially literate" within the meaning of Nasdaq rules. The Audit Committee is constituted to comply with Section 3(a)(58)(A) of the Exchange Act and is responsible, among other items, for: (i) monitoring the Company's financial reporting and overseeing accounting practices; (ii) annually retaining the independent public accountants as auditors of the books, records, financial statements and accounts of the Company; (iii) monitoring the scope of audits made by the independent public accountants and the audit reports submitted by the independent public accountants; (iv) overseeing the systems of internal control which management and the Board of Directors have established; and (v) discussing with management and the independent and internal auditors the Company's major financial risk exposure and the steps taken to monitor and control such exposure. In addition, the Audit Committee has the duties of a "qualified legal compliance committee," including monitoring and reviewing stockholder complaints, and also reviews and approves all related-party transactions. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.capstoneturbine.com. During the 2012 Fiscal Year, the Audit Committee held seven (7) meetings. The Board of Directors has determined that each of Noam Lotan, Richard Atkinson and Eliot Protsch is an "audit committee financial expert," as that term is defined by applicable rules adopted by the SEC.

Compensation Committee

The Compensation Committee currently consists of Messrs. Mayo (Chair), Jagers and Wilk and Ms. Van Deursen. The Compensation Committee is comprised solely of directors who qualify as independent for purposes of Nasdaq rules, SEC Rule 16b-3 and Section 162(m) of the Code in conformance with the committee's charter. The functions of the Compensation Committee include: (i) for the purposes of compensation, reviewing the performance and development of the Company's senior management in achieving corporate goals and objectives; (ii) determining the salary, benefits and other compensation of the executive officers and reviewing the compensation programs for the Company; (iii) adopting and monitoring a succession plan for the Company's senior management; and (iv) administering the following benefit plans of Capstone: the 2000 Employee Stock Purchase Plan, the Incentive Plan and the Executive Performance Incentive Plan. The Compensation Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.capstoneturbine.com. During the 2012 Fiscal Year, the Compensation Committee held eight (8) meetings. Processes and procedures for determining executive compensation are discussed elsewhere in this Proxy Statement in the section entitled "Compensation Discussion and Analysis."

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee currently consists of Ms. Van Deursen (Chair) and Messrs. Mayo, Simon and Wilk. The Nominating and Corporate Governance Committee is comprised solely of "independent directors" as defined by Nasdaq rules in conformance with the committee's charter. The Nominating and Corporate Governance Committee is responsible for, among other things, (i) monitoring corporate governance matters; (ii) recommending to the full Board of Directors candidates for election to the Board of Directors; and (iii) coordinating the Board of Directors evaluation process. The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.capstoneturbine.com. During the 2012 Fiscal Year, the Nominating and Corporate Governance Committee held four (4) meetings. The Nominating and Corporate Governance

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

Committee met subsequent to the end of the 2012 Fiscal Year to recommend to the full Board of Directors each of the nominees for election to the Board of Directors as presented herein.

Risk Oversight

The Board of Directors oversees an enterprise-wide approach to risk management designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and to enhance stockholder value. A fundamental part of risk management is not only understanding the risks the Company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of the full Board of Directors in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company. The full Board of Directors participates in an annual enterprise risk management assessment.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board of Directors also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment report from the Company's internal auditors. In addition, in setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy and is responsible for oversight with respect to succession planning risks. Finally, the Company's Nominating and Corporate Governance Committee conducts an annual assessment of the risk management process and reports its findings to the full Board of Directors.

Board of Directors and Committee Performance Evaluations

The charter of each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee requires an annual performance evaluation, and the Company's Corporate Governance Principles also mandate an annual evaluation of the Board of Directors. Such performance evaluations are designed to assess whether the Board of Directors and its committees function effectively and make valuable contributions to the Company. In April 2012, all members of the Company's Board of Directors were asked to assess the performance of the Board of Directors and each committee on which they serve and identify areas for improvement through the completion of a detailed questionnaire for each such committee and the Board of Directors. The Nominating and Corporate Governance Committee and counsel for the Company reviewed the completed questionnaires, consolidated the responses and reported findings to the Board of Directors in June 2012. The Nominating and Corporate Governance Committee and the Board of Directors discussed the results of the performance evaluations and asked the appropriate committees to each discuss the consensus suggestions and put a follow-up process in place. The Nominating and Corporate Governance Committee has reviewed the results, identified the key areas for improvement and created a strategy for addressing the areas most in need of improvement. Each member of the Board of Directors was also asked to complete a peer review and assess, on a confidential basis, the service and contributions of each other member of the Board of Directors by completing a confidential board member evaluation form. Counsel for the Company reviewed and consolidated the responses to the confidential board member evaluation form. The Chairperson of the Nominating and Governance Committee presented the responses, on an anonymous basis, to the Board of Directors in June 2012.

Director Recommendation and Nomination Process

The Nominating and Corporate Governance Committee has a policy for the consideration of director candidates recommended by stockholders and will consider all bona fide recommended candidates for director if submitted in accordance with the policy. The policy provides that any

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

stockholder recommendation must include the specific information required by the policy, must be submitted in writing to:

Capstone Turbine Corporation
21211 Nordhoff Street
Chatsworth, CA 91311
Attention: Chair of Nominating and Corporate Governance Committee
Care of: Edward I. Reich, Secretary

and must be received by the committee at least 180 days prior to the annual meeting of stockholders. All such recommendations should include the following: (i) the name, age, business address and residence address of the prospective candidate and the name and record address of the stockholder submitting the recommendation, as well as the number of shares of stock of the Company which are owned of record or beneficially by that stockholder; (ii) a statement from the prospective candidate consenting to being named in the proxy and proxy card if selected as a nominee and to serving on the Board of Directors if elected; (iii) a statement explaining whether the prospective candidate is "independent" under applicable laws, Nasdaq rules and otherwise; (iv) biographical data of the prospective candidate, including former and current service on other boards of directors, business experience and current occupation, and any other information relating to the prospective candidate and the recommending stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors; (v) transactions and relationships between the recommended candidate and the recommending stockholder, on the one hand, and the Company or Company management, on the other hand, as well as a description of all arrangements or understandings between the recommending stockholder and the prospective candidate and any other person pursuant to which the nomination is being made by the stockholder; (vi) the prospective candidate's Company stock trading history; (vii) any material proceedings to which the prospective candidate or his or her associates is a party that are adverse to the Company; (viii) the prospective candidate's involvement in any past or present legal proceedings, including any involvement in legal proceedings involving the Company; (ix) information regarding whether the recommending stockholder or the recommended candidate, or affiliates of either of those parties, have any plans or proposals for the Company; (x) an explanation as to whether the recommending stockholder and the prospective candidate intend to use the nomination to redress personal claims or grievances against the Company or others or to further personal interests or special interests not shared by the Company's stockholders at large; (xi) whether the prospective candidate is proposed to be nominated at the annual meeting of stockholders or is provided solely as a recommendation for consideration by the committee; and (xii) any other relevant information concerning the prospective candidate. The committee reserves the right to request additional information as it deems appropriate.

In addition to stockholder recommendations as described above, the Company's bylaws permit stockholders to nominate directors at a meeting of the stockholders. Any stockholder nomination must comply with the applicable provisions of the Company's bylaws and the SEC's proxy rules and will be handled in accordance with the Company's bylaws and applicable laws.

The Nominating and Corporate Governance Committee reviews the composition and size of the Board of Directors and determines the criteria for Board of Directors membership. In addition, the Nominating and Corporate Governance Committee reviews the qualifications of prospective candidates to determine whether they will make good candidates for membership on the Company's Board of Directors. This consideration includes, at a minimum, a review of each prospective candidate's character, judgment, experience, expertise, age, diversity, independence under applicable law and freedom from other conflicts, as well as other factors that the Nominating and Corporate Governance Committee deems relevant in light of the needs of the Board of Directors and the Company and/or that are in the best interests of the Company, including relevant experience, the ability to dedicate

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

sufficient time, energy and attention to performance of Board of Directors duties, financial expertise, experience with a company that has introduced a new, technologically advanced product or service to the marketplace and existing relationships within target industries or public policy institutions that may benefit the Company and whether the prospective candidate is a Nominating and Corporate Governance Committee-selected prospective candidate or a stockholder-recommended prospective candidate. The Nominating and Corporate Governance Committee selects qualified candidates and recommends those candidates to the Board of Directors, and the Board of Directors then decides if it will invite the candidates to be nominees for election to the Board of Directors.

The Nominating and Corporate Governance Committee also considers issues of diversity, such as diversity of education, professional experience and differences in viewpoints and skills. The Nominating and Corporate Governance Committee does not have a formal diversity policy in terms of considering nominees for directors, but it actively considers all relevant factors, including the factors outlined above, when evaluating potential nominees to the Board of Directors. For example, when its two newest directors, Ms. Van Deursen and Mr. Mayo, were added to the Board of Directors in 2007, the Nominating and Corporate Governance Committee developed a matrix of all relevant qualifications, skills and experience possessed by the incumbent members of the Board of Directors and identified certain areas where the Board of Directors needed additional attributes including, but not limited to, diversity. As a direct result of this process, Ms. Van Deursen and Mr. Mayo joined the Board of Directors, substantially increasing its depth, range of experience and diversity. The Board of Directors and the Nominating and Corporate Governance Committee believe that it is essential that members of the Board of Directors represent diverse viewpoints.

The Nominating and Corporate Governance Committee uses the following process to identify prospective candidates for the Board of Directors and to evaluate all candidates, including candidates recommended by stockholders in accordance with the Company's policy regarding stockholder recommendations and the director nominations process. The Nominating and Corporate Governance Committee: (i) reviews the composition and size of the Board of Directors and determines the criteria for Board of Directors membership; (ii) evaluates the Board of Directors for effectiveness and makes a verbal presentation of its findings to the Board of Directors; (iii) determines whether the current members of the Board of Directors who satisfy the criteria for Board of Directors membership are willing to continue in service; if the current members of the Board of Directors are willing to continue in service, the committee evaluates the performance of such board members and considers those current members for re-nomination, and if the current members of the Board of Directors are not willing to continue in service or if there will be an increase in the number of directors on the Board of Directors, the Nominating and Corporate Governance Committee considers candidates who meet the criteria for Board of Directors membership; (iv) if necessary, engages a search firm to assist with the identification of potential candidates; (v) compiles a list of potential candidates; (vi) evaluates the prospective candidates, including candidates recommended by stockholders, to determine which of the prospective candidates, if any, will best represent the interests of all stockholders and determines whether any conflicts of interest exist; (vii) holds committee meetings to narrow the list of prospective candidates; (viii) along with the Chairman of the Board of Directors and management, interviews a select group of prospective candidates; (ix) approves the candidate or candidates who are most likely to advance the best interests of the stockholders; and (x) recommends the selected candidate or candidates to the Board of Directors and the stockholders for approval. The Nominating and Corporate Governance Committee, which may request the assistance of members of the Board of Directors who are not on the committee in the execution of its duties, carefully documents the selection and evaluation process.

Stockholder Communications

The Company has a policy whereby stockholders may communicate directly with the Company's Board of Directors, or individual members of the Board of Directors, by writing to the Company at:

Capstone Turbine Corporation
21211 Nordhoff Street
Chatsworth, CA 91311
Attention: Edward I. Reich, Secretary

and indicating prominently on the outside of any envelope that the communication is intended for: (i) the Board of Directors; (ii) the Chairman of the Board of Directors; (iii) a specific committee of the Board of Directors; (iv) the non-management directors; or (v) any director or subset of directors of the Board of Directors. The Secretary of the Board of Directors reviews all correspondence and regularly forwards to the appropriate director, directors or the Board of Directors, copies of all communications that, in the opinion of the Secretary, deal with the functions of or otherwise require the attention of individual directors, the Board of Directors or committees or subsets thereof. AUDIT COMMITTEE REPORT

In performing its functions, the Audit Committee acts primarily in an oversight capacity. Our management is responsible for the integrity of the Company's financial statements, as well as its accounting and financial reporting process, principles and internal controls to assure compliance with accounting standards and applicable laws and regulations. Our independent registered public accountants have the primary responsibility for performing an independent audit of our financial statements and expressing an opinion as to the conformity of such financial statements with generally accepted auditing standards and on the effectiveness of the Company's internal controls over financial reporting. Members of the Audit Committee are not professionally engaged in the practice of auditing or accounting, and all members are not experts in the fields of accounting or auditing, including auditor independence. The Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for preparing financial statements and reports and implementing internal controls over financial reporting. In addition, the Audit Committee selects the Company's independent registered public accountants and has the authority to engage independent counsel and other advisors as it deems necessary.

In this context, the Audit Committee has reviewed and discussed the audited consolidated financial statements of Capstone contained in Capstone's Annual Report on Form 10-K as of and for the year ended March 31, 2012 with management and Deloitte & Touche LLP, the Company's independent registered public accounting firm for the year ended March 31, 2012. The Audit Committee has discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, both with and without management present. In addition, the Audit Committee has received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche LLP's communications with the Audit Committee concerning independence and has discussed with Deloitte & Touche LLP their independence from Capstone.

In the performance of their oversight function, the members of the Audit Committee necessarily relied upon the information, opinions, reports and statements presented to them by management of the Company and by the independent auditors. Based on the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K as of and for the year ended March 31, 2012 for filing with the SEC.

Pre-approval of Services Performed by the Independent Registered Public Accounting Firm

The Audit Committee has implemented procedures for the advance approval of all audit and non-audit services to be performed by the independent registered public accounting firm, whereby the Audit Committee must approve all services prior to the commencement of work. Unless the specific service has been pre-approved in accordance with the Audit Committee's charter for the current year, the Audit Committee must approve the permitted service before the independent registered public accounting firm is engaged to perform it. The Audit Committee considers whether the proposed provision of any non-audit services by the independent registered public accounting firm is compatible with maintaining the firm's independence. The Audit Committee consults with management prior to the Company's engagement of the independent registered public accounting firm for all audit and non-audit services. The Audit Committee has delegated its authority to pre-approve non-audit services up to an amount of \$75,000 in the aggregate in any fiscal year to the Chair of the Audit Committee. Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

Deloitte & Touche LLP as the Company's independent registered public accounting firm. Deloitte & Touche LLP has served as the Company's independent registered accounting firm since December 1998.

Deloitte & Touche LLP's audit reports on the consolidated financial statements of the Company for the 2012 Fiscal Year and 2011 Fiscal Year contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. Deloitte & Touche LLP's audit reports on the effectiveness of internal control over financial reporting as of March 31, 2012 and 2011 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the 2012 Fiscal Year and 2011 Fiscal Year, and the subsequent interim period through June 25, 2012, there were no disagreements with Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement, if not resolved to the satisfaction of Deloitte & Touche LLP, would have caused Deloitte & Touche LLP to make reference to the subject matter of disagreements in connection with its reports.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within the Company's two most recent fiscal years and the subsequent interim period through June 25, 2012.

During the 2012 Fiscal Year and 2011 Fiscal Year, and the subsequent interim period through June 25, 2012, neither the Company, nor anyone on its behalf, consulted KPMG LLP regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the registrant's financial statements, and no written report or oral advice was provided to the Company that KPMG LLP concluded was an important factor considered by the Company in reaching a decision as to an accounting, auditing, or financial reporting issue; or (ii) any matter that was either the subject of a disagreement (as defined in paragraph 304(a)(1)(iv) of Regulation S-K and the related instructions) or a reportable event (as described in paragraph 304(a)(1)(v) of Regulation S-K).

The Company provided Deloitte & Touche LLP with a copy of this disclosure and requested that Deloitte & Touche LLP furnish it with a letter addressed to the SEC stating whether Deloitte & Touche LLP agrees with the above statements. A copy of such letter, dated June 29, 2012, furnished by Deloitte & Touche LLP in response to that request is filed as an exhibit to the Company's Current Report on Form 8-K filed on June 29, 2012.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee reviews and administers the process and substance of the Company's executive compensation program, including compensation of the Named Executive Officers (i.e., those executive officers who appear in the Summary Compensation Table on page 36).

The Compensation Committee believes that the Company's executive compensation program should:

Attract and retain individuals of superior ability and managerial talent by offering total compensation that is competitive with a group of companies that are of comparable size within similar industries and other companies with which the Company competes for executive talent;

Establish goals and objectives that link incentive compensation to achievement of specific key strategic and financial performance goals;

Provide compensation that aligns the financial interests of executives with those of Capstone's stockholders through long-term equity incentives that take into account the Company's performance;

Comply with all applicable laws and Nasdaq rules and guidelines, and ensure that compensation is appropriate in light of reasonable and sensible standards of good corporate governance; and

Be straightforward and easy to understand and administer.

Role of Compensation Consultant

The Compensation Committee focuses on attracting, retaining and motivating a highly qualified group of executive officers. They believe that doing so is in the best interests of the Company, its stockholders and other constituencies. The Compensation Committee has engaged an international compensation consulting firm, Aon Hewitt Consulting, a subsidiary of Aon Corporation ("Aon Hewitt"), as its consultant in determining appropriate compensation for our executive officers, including our Named Executive Officers. As a part of its consulting services, Aon Hewitt collects and analyzes competitive pay data, trends and market practices. Aon Hewitt also provides compensation consulting services to the Company for individuals who are not executive officers.

In setting compensation, the Compensation Committee reviews information from Aon Hewitt regarding comparative market data, including comprehensive analyses of total compensation and compensation components based on published survey data sized to our annual revenue. The published surveys used by the Compensation Committee in its analysis covers publicly-traded technology and manufacturing industry companies that are between \$50 million and \$200 million in revenue.

The Compensation Committee has determined that the competitive analysis provided by Aon Hewitt includes a sufficiently large and relevant group of companies for purposes of comparing compensation data. The Compensation Committee considers all relevant information from compensation surveys and does not exclude data in determining compensation for our executive officers. The compensation report provided by Aon Hewitt includes detailed information regarding base salary, target bonus, target total cash, actual total cash, estimated value of long-term incentive compensation and target total direct compensation for individuals deemed to be comparable to our executive officers at the comparable companies. As further discussed below, the Compensation Committee uses this information to assess the levels of compensation that are appropriate for our executive officers, including the Named Executive Officers.

Goal Alignment and Financial and Strategic Performance

The Compensation Committee believes that the Company's compensation program should encourage and reward outstanding financial and strategic performance. In the 2009 Fiscal Year, the stockholders approved an Executive Performance Incentive Plan pursuant to which the Compensation Committee may pay annual cash bonuses to our executive officers upon the achievement of specific performance goals. The Compensation Committee also believes that the Named Executive Officers should receive a significant portion of their compensation in the form of equity, thereby putting this portion of their compensation at risk and further aligning their long-term interests with the Company's strategic objectives and stockholders' interests. With this structure, the Company's compensation program is designed to maintain a close correlation between the rewards to the Company's executives and the strategic success of the Company and the performance of its stock price.

Based on input from Aon Hewitt and other resources, the Compensation Committee has determined that a mix of stock options and stock bonus awards, also referred to as time-based restricted stock units, or RSUs, is most appropriate for aligning the goals of the Named Executive Officers and other critical senior executives with those of the Company's stockholders. Stock options provide a financial reward only in the event that stockholder values are increased. RSUs provide value upon completion of service or other performance requirements but impose less dilution of stockholder value than do stock options.

On June 6, 2012, the Board of Directors established stock ownership guidelines applicable to senior executives (including the Named Executive Officers) and non-employee directors in order to further align the interests of executives and directors with the interests of stockholders. These ownership guidelines provide that the subject persons should own Common Stock equal in value to a multiple of their annual salary (or, in the case of directors, their annual retainer) as follows:

Chief Executive Officer	4 times annual base salary
Executive Vice Presidents	2 times annual base salary
Senior Vice Presidents and other Named Executive Officers	1 times annual base salary
Non-employee members of the Board	4 times annual retainer

Subject persons will be expected to hold such amounts within five years from the later of June 6, 2012 or the date they become subject to the ownership guidelines.

Compliance

The responsibilities and authority of the Compensation Committee are set forth in its charter, which is intended to set forth best practices for compensation. The members of the Compensation Committee are all "independent directors," as defined under Nasdaq rules. Equity incentive awards are granted by the Compensation Committee in a manner that is intended to satisfy SEC Rule 16b-3 under the Exchange Act. As further discussed below, incentive compensation is awarded in a manner that is intended to qualify the payments as "performance-based compensation" within the meaning of Section 162(m) of the Code.

Simplicity

The basic components of compensation applicable to the executive officers are limited to base salary, annual cash bonus and long-term incentives. The executive officers also receive employee benefits consistent with those offered to other employees of the Company. All executive officers are covered by the Company's Change of Control Severance Plan. The Compensation Committee believes the Company is well served by a compensation structure that is easy to monitor, implement and disclose to its officers, employees and stockholders.

Process

As discussed above, the Compensation Committee relies on compensation information about comparable companies and consultation with Aon Hewitt in establishing compensation. For the 2012 Fiscal Year, Aon Hewitt provided an update to the comprehensive compensation information that had been prepared for the prior fiscal year. The information provided by Aon Hewitt is described above under " Overview Role of Compensation Consultant." The data included the levels of compensation paid at the 50th percentile and 75th percentile of the comparable companies. The Compensation Committee did not set compensation for Named Executive Officers at these or any other percentiles but, instead, used this data as benchmarks in assessing the appropriateness of our compensation arrangements.

Components of Compensation

For each of our Named Executive Officers, the Compensation Committee reviews each component of compensation and the total value of all compensation, or "total direct compensation." Each component is discussed in more detail below. The Compensation Committee has placed more emphasis on the comparative value of each Named Executive Officer's total direct compensation, rather than each compensation component. The Compensation Committee seeks to provide total direct compensation to the Named Executive Officers that is within the range of the total direct compensation of executives of comparable companies. Because the Compensation Committee has determined that a significant portion of compensation should be at risk, the actual compensation realized by the Named Executive Officers depends on the level of performance achieved over both the short-term and long-term and upon long-term tenure in the position. This emphasis has the effect of weighting total direct compensation more heavily on long-term incentives and at-risk compensation.

Base Salary

The base salary for each of the Named Executive Officers is based on long-term individual performance and is compared to base salaries for executives at comparable companies, as further described above under " Process." The Compensation Committee believes that base salaries should also reflect other relevant factors, such as unique roles and responsibilities and/or individual long-term performance and experience. Accordingly, the base salary of any particular individual may be above or below the median of the applicable range of base salaries paid by comparable companies. In the 2012 Fiscal Year, the base salaries of the Company's Named Executive Officers remained unchanged from the 2011 Fiscal Year. Following the 2012 Fiscal Year, in April 2012, the Compensation Committee determined that an adjustment to the base salaries of our Named Executive Officers would be appropriate to be competitive with the practices of comparable companies, which increased base salaries by an average of 3%. The Compensation Committee approved increases comparable to this benchmark. The base salary of Mr. Jamison was increased from \$437,800 to \$450,500; Mr. Reich from \$258,000 to \$267,000; Mr. Crouse from \$235,700 to \$240,000; Mr. Gilbreth from \$281,900 to \$287,000; and Ms. Brooks from \$208,000 to \$214,032.

Annual Cash Bonus

Annual cash bonus payments to Named Executive Officers can be awarded by the Compensation Committee based on performance, achievement of specific goals and other relevant factors determined in the discretion of the Compensation Committee. Cash bonus awards are generally made pursuant to our Executive Performance Incentive Plan. Payments under the awards are based on performance goals that are selected from the criteria described in the Executive Performance Incentive Plan. Each objective is determined in reference to our financial statements and annual budget.

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

On June 29, 2011, the Compensation Committee approved performance goals and other terms of awards for our executive officers for the 2012 Fiscal Year under the Executive Performance Incentive Plan. The awards for Mr. Jamison, Mr. Reich, Mr. Gilbreth and Ms. Brooks are based on targeted levels of revenue and operating cash flow. Both goals must be achieved above a threshold level of performance for a bonus to be paid under the plan. The actual performance objectives for the 2012 Fiscal Year were (amounts in millions):

Objective	Threshold	Intermediate	Target	Maximum
Revenue Achievement	\$ 84.8	\$ 95.4	\$ 106.0	\$ 132.5
Operating Cash Flow	\$ (23.4)	\$ (18.7)	\$ (15.6)	\$ (11.7)

Awards for Mr. Jamison, Mr. Reich, Mr. Gilbreth and Ms. Brooks provide a target bonus equal to a stated percentage of annual base salary. The award provides a target bonus that is similar to the target bonus for the 2011 Fiscal Year, a maximum payment of approximately 150% of the target bonus and an intermediate bonus of approximately 40% of the target bonus for performance that is 90% of targeted revenue and 120% of the operating cash flow target. A moderate bonus is paid for performance that is above the threshold level set forth above but below the intermediate level. The percentages above and below target are calculated on a sliding scale formula to penalize performance below target and reward performance that exceeds target. The formula is weighted to emphasize the operating cash flow performance goal. The potential bonuses that could be paid pursuant to awards to each executive officer, other than Mr. Crouse, for the 2012 Fiscal Year are summarized in the table below. No bonus is paid for performance at the threshold level or below.

Fiscal 2012 Executive Performance Incentive Plan Awards

Executive Officer	Target Bonus Percentage of Salary	Award Opportunity(1)		
		Intermediate (\$)	Target (\$)	Maximum (\$)
Darren R. Jamison	100%	\$ 175,120	\$ 446,556	\$ 656,700
Edward I. Reich	45%	46,440	118,422	174,150
Mark G. Gilbreth	45%	50,742	129,392	190,283
Jayne L. Brooks	30%	24,960	63,648	93,600

(1) Potential payouts are approximate because of interpolation.

The award for Mr. Crouse for the 2012 Fiscal Year was based on a percentage of revenue that exceeds the revenue achieved during the 2011 Fiscal Year. Mr. Crouse received an award that entitled him to bonus payments based on the following percentages of revenue: 0.75% of revenue over \$82.9 million but less than \$106.1 million and 2.0% of revenue greater than \$106.1 million but less than \$127.0 million.

The Compensation Committee met on June 6, 2012 to determine if the performance objectives were met under the terms of the awards and determined and certified that we had achieved revenue of \$109.4 million and operating cash flow of (\$19.5) million. As a result, bonus payments pursuant to the Executive Performance Incentive Plan were authorized of \$245,168 to Mr. Jamison, \$65,016 to Mr. Reich, \$71,039 to Mr. Gilbreth and \$34,944 to Ms. Brooks, based on these achievements. A bonus payment to Mr. Crouse of \$239,422 was made pursuant to the Executive Performance Incentive Plan based on our revenue for the 2012 Fiscal Year. In addition, Mr. Crouse received an additional bonus payment of \$15,084 based on additional revenue generated in the 2012 Fiscal Year that was the result of Mr. Crouse's efforts but not factored into his award pursuant to the plan.

On April 3, 2012, the Compensation Committee approved performance goals and other terms of awards for our executive officers for the 2013 Fiscal Year under the Executive Performance Incentive

Jayne L. Brooks	30%	25,684	65,494	96,314

(1) Potential payouts are approximate because of interpolation.

The award for Mr. Crouse for the 2013 Fiscal Year is based on a percentage of revenue that exceeds the revenue achieved during the 2012 Fiscal Year. The award provides additional incentives to reward performance above targeted revenue and further incentives for revenue that exceeds the maximum level stated in the plan. Mr. Crouse's award opportunity, based on achievement of the targeted revenue goal, is \$168,750. Payments to Named Executive Officers are limited under the Executive Performance Incentive Plan to \$4 million under any award.

Following the end of the 2013 Fiscal Year, the Compensation Committee will determine whether and the extent to which the applicable performance targets were satisfied. The Compensation Committee will then award each executive officer a bonus based on the achievement of the applicable performance targets. No payments will be made for performance below specified threshold levels. The Compensation Committee has discretion to reduce any payments that would otherwise be made under the awards based on the achievement of the performance goals. For example, a payment could be reduced if the Compensation Committee determined that the executive officer failed to achieve individual or departmental goals that are unrelated to the Company's overall performance.

Long-Term Equity Incentives

General. In February 2007, the Compensation Committee formalized its policy regarding the granting of equity-based compensation awards. The policy generally provides that the Compensation Committee shall not backdate any equity grant or manipulate the timing of the public release of material information with the intent of benefiting a grantee under an equity award. Generally, grants of equity-based compensation awards are to be approved by the Compensation Committee on the date of a regularly scheduled quarterly meeting of the Compensation Committee. Inducement grants may be approved at a special meeting of the Compensation Committee and are generally effective as of the commencement of employment. The date the Compensation Committee acts to approve an award shall be the grant date of the award for purposes of the Company's equity compensation plans, except that

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

grants made after the close of business may be deemed to be granted on the following day. No grants may be made by action on written consent, except in extraordinary circumstances. In no event shall the exercise price or value of an award be determined by reference to the fair market value of the Company's Common Stock on a day other than the grant date of the award. The Compensation Committee does not grant options with reload features and is prohibited from re-pricing stock options under the terms of the Incentive Plan.

In discharging its responsibility for administering the Company's stock-based compensation programs, the Compensation Committee regularly monitors and evaluates the total cost of such programs, based on information provided annually by, and in consultation with, Aon Hewitt. This information includes share utilization and annual grant rates. The Compensation Committee determines the appropriate award to each Named Executive Officer by assessing equity incentive awards made to officers by comparable companies and evaluating the level of equity incentives that have been previously awarded to each Named Executive Officer.

Awards In 2012 Fiscal Year. In June 2011, options and RSUs were granted to all Named Executive Officers. Pursuant to the provisions of the Incentive Plan, the exercise price of an option is set as the market price of the Company's stock on the date of the grant. All options granted in June 2011 to Named Executive Officers vest 25% on the first anniversary date and monthly thereafter on a pro rata basis over the next 36 months and expire ten years from the grant date. The RSUs vest in increments of 25% on each anniversary of the date of grant. See " Compensation of the Individual Named Executive Officers" for additional details.

Awards In 2013 Fiscal Year. On June 6, 2012, options and RSUs were granted to all of our Named Executive Officers, contingent on stockholder approval of the amendment and restatement of the Incentive Plan at the Annual Meeting. The exercise price of the options will be the market price of the Company's stock on the date of stockholder approval of the amendment and restatement of the Incentive Plan. The options will vest 25% on June 6, 2013 (the first anniversary of the Compensation Committee's approval of the grant) and monthly thereafter on a pro rata basis over the next 36 months and expire August 30, 2022 (ten years from the date of grant). The RSUs vest in increments of 25% beginning June 6, 2013 and each anniversary thereafter. See " Compensation of the Individual Named Executive Officers" for additional details.

Cost Reduction Equity Incentive Program. In June 2010, the Compensation Committee approved the Cost Reduction Equity Incentive Program (the "Cost Reduction Program") pursuant to which certain employees, including Mr. Gilbreth, may be awarded RSUs based on direct material cost reductions during the 2011 Fiscal Year. In June 2011, the Compensation Committee extended the Cost Reduction Program through the 2012 Fiscal Year. The Cost Reduction Program was intended to provide a long-term incentive for achieving specific direct material cost reductions for certain of the Company's product lines. Cost reductions were tracked against a predetermined cost reduction schedule and a minimum of 50% of targeted reductions must be achieved before RSUs would be earned under the program. The committee determined that the direct material cost reductions during the 2012 Fiscal Year did not meet targeted reductions required to earn RSUs. The Cost Reduction Program was not extended through the 2013 Fiscal Year.

Employee Benefits

Executive officers are generally entitled only to benefits consistent with those offered to other employees of the Company. The Company offers group life, disability, medical, dental and vision insurance and an employee stock purchase program.

Change of Control Benefits

The Company maintains the Capstone Turbine Corporation Change of Control Severance Plan (the "Change of Control Plan"), which provides certain payments and benefits to eligible employees, including the Named Executive Officers, upon a change of control of the Company. The Change of Control Plan provides severance benefits to participants whose employment is terminated or otherwise adversely impacted within 12 months of a change of control. Upon becoming eligible, participants receive a lump sum cash payment under the Change of Control Plan that is equal to their annual base salary and continuation coverage in our medical and dental benefit plans at no cost for a period of 12 months. However, we entered into an agreement with Mr. Jamison to provide him with a severance payment that is equal to his base compensation for a period of 18 months. Effective June 14, 2012, this agreement was amended and restated to extend the term of the agreement to June 14, 2015. The Board adopted the Change of Control Plan to increase the likelihood that key management personnel are retained during any pending transactions involving a change of control of the Company. In addition, certain awards under the Incentive Plan become fully vested in the event of a change of control. The Compensation Committee believes that these change of control benefits are similar to and consistent with those offered by the companies included in the Aon Hewitt industry group described above.

Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction for compensation in excess of \$1 million that is paid to our Named Executive Officers. Qualifying performance-based compensation, however, is fully deductible without regard to the general Section 162(m) limits if certain requirements are met. Section 162(m) also permits full deductibility for certain employee benefit plan contributions, sales commissions and other payments. The Compensation Committee intends that our incentive compensation programs qualify for an exception to the limitations of Section 162(m) whenever possible so that we may fully deduct compensation paid to our Named Executive Officers under these programs. Cash bonus, stock option and RSU awards generally are granted under the Executive Performance Incentive Plan or the Incentive Plan so that they may be fully deductible as "performance based compensation" under Section 162(m).

We have made equity incentive awards to certain of our Named Executive Officers as an inducement for them to commence employment with the Company that will not qualify as performance based compensation under Section 162(m). If amounts realized under these awards exceed the Section 162(m) limitation, they may not be deductible from the Company's taxable income, if any, at that time. Payments under these equity incentives are generally conditioned on long-term increases in stockholder value. In making these equity incentive awards, the Compensation Committee determined that the need to attract capable individuals to the Company through a meaningful inducement outweighed the potential inability to deduct a portion of the compensation for federal income tax purposes.

Compensation of the Individual Named Executive Officers

Mr. Jamison

Mr. Jamison's total direct compensation (i.e., base salary, annual cash bonus and long-term incentives) was established and is reviewed and adjusted by the Compensation Committee with market analysis provided by Aon Hewitt. Mr. Jamison's total direct compensation is, and is expected to remain, within the range of the compensation paid to chief executive officers by comparable companies reflected in the published survey data.

For the 2012 Fiscal Year, Mr. Jamison was eligible for a cash bonus equivalent to 100% of his base salary at target performance levels under the Executive Performance Incentive Plan. Based on

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

performance certified by the Compensation Committee, described above under "Components of Compensation Annual Cash Bonus," a cash payment of \$245,168 to Mr. Jamison was approved.

Effective June 8, 2011, the Compensation Committee awarded Mr. Jamison options to purchase 150,000 shares of Common Stock and 45,000 RSUs under the Incentive Plan. Effective June 6, 2012, the Compensation Committee awarded Mr. Jamison options to purchase 583,330 shares of Common Stock and 145,830 RSUs under the Incentive Plan, contingent on stockholder approval of the amendment and restatement of the Incentive Plan at the Annual Meeting. The terms of these grants are set forth above under "Components of Compensation Long-Term Equity Incentives." Aon Hewitt provided comments and considerations and survey data that was relied on by the Compensation Committee in making these determinations.

Messrs. Reich, Crouse, and Gilbreth and Ms. Brooks

The Compensation Committee set the 2012 Fiscal Year compensation for the remaining Named Executive Officers based on updated information provided by, and in consultation with, Aon Hewitt. The Compensation Committee determined that compensation paid to our Named Executive Officers is within the range of the compensation paid to comparable executive officers of comparable companies reflected in the published survey data. Consideration was also given to internal pay equity and with emphasis on long-term incentives to encourage the long-term success of the Company.

For the 2012 Fiscal Year, Messrs. Reich and Gilbreth and Ms. Brooks were eligible for cash bonuses equivalent to 45%, 45% and 30% of his or her base salary, respectively, at target performance levels under the Executive Performance Incentive Plan. As discussed above and based on performance that was certified by the Compensation Committee, cash payments of \$65,016 to Mr. Reich, \$71,039 to Mr. Gilbreth and \$34,944 to Ms. Brooks were approved. Also based on performance certified by the Compensation Committee, a cash payment under the Executive Performance Incentive Plan was approved for Mr. Crouse in the amount of \$239,422 and an additional cash payment of \$15,084 was approved for Mr. Crouse based on additional revenue generated in the 2012 Fiscal Year that was the result of Mr. Crouse's efforts but not factored into his award pursuant to the plan.

In June 2011, the Compensation Committee granted long-term equity incentives under the Incentive Plan as follows: Mr. Reich received options to purchase 75,000 shares of Common Stock and 15,000 RSUs; Mr. Crouse received options to purchase 75,000 shares of Common Stock and 15,000 RSUs; Mr. Gilbreth received options to purchase 75,000 shares of Common Stock and 15,000 RSUs; and Ms. Brooks received options to purchase 43,300 shares of Common Stock. On June 6, 2012, the Compensation Committee granted long-term equity incentives under the Incentive Plan, contingent on stockholder approval of the amendment and restatement of the Incentive Plan, as follows: Mr. Reich received options to purchase 250,000 shares of Common Stock and 62,500 RSUs; Mr. Crouse received options to purchase 250,000 shares of Common Stock and 62,500 RSUs; Mr. Gilbreth received options to purchase 250,000 shares of Common Stock and 62,500 RSUs; and Ms. Brooks received options to purchase 83,330 shares of Common Stock and 20,830 RSUs. The terms of the grants are set forth above under "Components of Compensation Long-Term Equity Incentives."

Conclusion

The Compensation Committee believes that its decisions with respect to compensation paid to the Named Executive Officers for the 2012 Fiscal Year are consistent with the goals outlined at the beginning of this Compensation Discussion and Analysis.

Employment Contracts, Termination of Employment and Change of Control Arrangements

The Board of Directors adopted the Change of Control Severance Plan (the "Change of Control Plan") in April 2002. The Change of Control Plan is applicable to each member of management designated by the Board of Directors, including the Named Executive Officers. In the event that a participant is involuntarily terminated (other than for misconduct) or resigns as a result of a reduction in responsibility or compensation or relocation within 12 months of a change in control of the Company, the participant will receive a payment equal to his or her annual base salary plus the cash incentive compensation for the year in which the effective date of the change in control occurs, as well as continuation of health plan benefits for 12 months. However, Mr. Jamison is a party to an agreement that provides he will receive an enhanced payment equal to his base salary over a period of 18 months. This agreement expires on June 14, 2015.

The Company adopted the Capstone Turbine Corporation Severance Pay Plan (the "Severance Plan") in May 2002. The Severance Plan provides that each member of management reporting to the Chief Executive Officer and/or the President, including the Named Executive Officers, whose employment is involuntarily terminated without cause will receive, upon signing a release, a payment equal to such person's salary for six months. However, Mr. Jamison is a party to an agreement that provides he will receive an enhanced payment equal to his base salary over a period of 12 months. This agreement expires on June 14, 2015. Payments under the Severance Plan are reduced by any benefits received under the Change of Control Plan or under any other severance agreement with the Company.

The Company has entered into indemnification agreements with its officers and directors containing provisions which may require the Company, among other things, to indemnify its officers and directors against certain liabilities that may arise by reason of their status or service as officers or directors (other than liabilities arising from willful misconduct of a culpable nature) and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Stock awards or options to purchase Common Stock have been issued to Named Executive Officers as inducement grants or pursuant to the Incentive Plan that become fully vested or exercisable if a participant is involuntarily terminated (other than for misconduct) or resigns as a result of a reduction in responsibility or compensation or relocation within 12 months of a change of control of the Company. Full vesting is also triggered if the acquirer of the Company does not assume the awards issued under the Incentive Plan.

COMPENSATION OF DIRECTORS

Mr. Jamison, the Company's President and Chief Executive Officer, does not receive compensation for serving as a member of the Board of Directors. Information about the compensation of the non-employee directors for the 2012 Fiscal Year is set forth in the table below.

Name	Fees Earned or Paid in Cash(1)	Option Awards(2)	Total
Gary D. Simon	\$ 36,498	\$ 7,672	\$ 44,170
Richard K. Atkinson	31,498	7,672	39,170
John V. Jagers	31,496	7,672	39,168
Noam Lotan	32,998	7,672	40,670
Gary J. Mayo	34,498	7,672	42,170
Eliot G. Protsch	31,495	7,672	39,167
Holly A. Van Deursen	34,494	7,672	42,166
Darrell J. Wilk	32,995	7,672	40,667

(1) Includes stock awards granted to non-employee directors who elect to take payment of all or any portion of their directors' fees in stock in lieu of cash. For each term of the Board of Directors (beginning on the date of an annual meeting of stockholders and ending on the date immediately preceding the next annual meeting of stockholders), a non-employee director may elect to receive, in lieu of all or any portion of his or her annual retainer or committee fee cash payment, a stock award. The award is calculated by dividing the amount of the fee by the fair market value of a share of Common Stock on the date the fee is payable. For the 2012 Fiscal Year, 35% of the amounts of the aggregate directors' fees were paid in the form of stock.

(2) This column represents the aggregate grant date fair value of stock options granted during the 2012 Fiscal Year. For a discussion of valuation assumptions, see Note 8 to the Company's financial statements included in the Company's Annual Report on Form 10-K for the 2012 Fiscal Year. As of March 31, 2012, Mr. Protsch held options to purchase 126,884 shares, Mr. Jagers held options to purchase 105,284 shares, Mr. Lotan held options to purchase 91,600 shares, Messrs. Atkinson, Simon and Wilk each held options to purchase 81,600 shares, Ms. Van Deursen held options to purchase 61,600 shares, and Mr. Mayo held options to purchase 51,600 shares.

Equity compensation is paid under the Incentive Plan which provides each non-employee director an option to purchase 21,600 shares of our Common Stock upon initial election to the Board of Directors. This initial grant becomes exercisable in three equal installments on each anniversary of the initial election, based upon continuing service as a director. The Incentive Plan further provides for the grant of options to our non-employee directors to purchase 10,000 shares of our Common Stock on the date of each annual meeting of stockholders at which the non-employee director is re-elected to our Board of Directors. This annual grant becomes exercisable in four equal installments at the end of each quarter in the fiscal year, based upon continuing service as a director. The exercise price of all options is equal to the fair market value of the Common Stock on the grant date, and the term is ten years, subject to earlier expiration in connection with termination of service. In June 2012, as part of the amendment and restatement of the Incentive Plan, the Board of Directors approved an annual grant of RSUs which shall have a market value of \$35,000, based on the value of our Common Stock on the date of grant, in lieu of the annual grant of stock options to non-employee directors. This change in equity grant from options to RSUs is effective upon re-election.

During the 2012 Fiscal Year, each non-employee director received a cash and stock-based retainer of \$30,000. Each non-employee director also received a \$1,500 annual retainer for each standing committee of the Board of Directors on which he or she served; except that the Chairman of each committee received a \$3,000 annual retainer. The Chairman of the Board of Directors received an

Edgar Filing: CAPSTONE TURBINE Corp - Form DEF 14A

additional \$5,000 annual retainer. In May 2012, the Board of Directors increased the annual retainer for the Chairman of the Board of Directors from \$35,000 to \$45,000 per year. In addition, the Board of Directors increased the annual retainer for the Chair of the audit committee from \$3,000 to \$10,000 and increased the retainer for the Chair of each of the compensation and nominating and governance committees from \$3,000 to \$7,500. In addition, the Board of Directors increased the annual retainer from \$1,500 to \$7,500 for each member of the audit committee and increased the annual retainer for each member of each of the compensation and nominating and governance committees from \$1,500 to \$5,000. These annual retainer increases are effective upon re-election. Non-employee directors may elect to receive shares of Common Stock in lieu of any cash retainer, based on the fair market value of Common Stock on the date that cash would have otherwise been paid. All payments are paid quarterly in arrears. If requested, all director expenses incurred in attending the Board of Directors or committee meetings are reimbursed by the Company.

3. *Stock Subject to the Plan.* Subject to the provisions of Section 14, Common Stock will be issued with respect to Awards and the maximum aggregate number of Shares which may be issued hereunder is 27,980,000; provided, however, that the maximum aggregate number of Shares which may be issued upon exercise of Incentive Stock Options is 20,180,000 Shares. Shares issued hereunder may be authorized but unissued or reacquired Common Stock. If an Award is forfeited or becomes unexercisable without having been exercised in full, or an Option is surrendered pursuant to an Option Exchange Program, the Shares which were subject thereto shall become available for future grant or sale under the Plan (unless the Plan has terminated). Notwithstanding the provisions of this Section 3, no Shares may again be optioned, granted or awarded if such action would cause an Incentive Stock Option to fail to qualify under section 422 of the Code.

4. *Administration of the Plan.*

(a) *Administration Committee.* The Plan shall be administered by the Committee that is established and designated by the Board to administer the Plan. The Committee shall be comprised of at least two individuals who are all Independent Directors. The Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the

Board, including the power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise, subject, however, to such resolutions or Committee charter, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. Within the scope of such authority, the Committee may delegate (i) to the chief executive officer of the Company the authority to grant Awards under the Plan to eligible persons who are (1) not "covered employees," within the meaning of section 162(m) of the Code, (2) not expected to be "covered employees" at the time of recognition of income resulting from such Award, and (3) not subject to liability under section 16 of the Exchange Act, and/or (ii) to any officer of the Company any other authority that is included in Sections 4(b)(iv), (viii), (ix) or (xi) or Section 9(b).

(b) *Powers of the Committee.* Subject to the provisions of the Plan and the specific duties delegated by the Board to such Committee, and subject to the approval of any relevant authorities, the Committee shall have the authority in its sole discretion:

(i) to determine the Fair Market Value;

(ii) to select the Service Providers to whom Awards may from time to time be granted;

(iii) to determine the number of Shares to be covered by each such Award;

(iv) to approve forms of Agreement for use under the Plan or with respect to an Award;

(v) to determine the terms and conditions of any Award granted hereunder, which include, but are not limited to, the exercise price or purchase price, the time or times when the Award may vest or Options may be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Award or the Common Stock covered thereby, based in each case on such factors as the Committee, in its sole discretion, shall determine;

(vi) subject to Section 6(d), to institute an Option Exchange Program;

(vii) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of qualifying for preferred tax treatment under foreign tax laws;

(viii) to allow Holders to satisfy minimum federal or state withholding tax obligations through the withholding of Shares transferred or to be issued pursuant to an Award, based on the Fair Market Value of the Common Stock at the time withholding is required, in the manner determined by the Committee;

(ix) to amend any Award granted under the Plan as provided in Section 14; provided further that any amendment to outstanding Options are subject to the limitations of Section 6(d); and

(x) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan and to exercise such powers and perform such acts as the Committee deems necessary or desirable to promote the best interests of the Company which are not in conflict with the provisions of the Plan.

(c) *Effect of Committee's Decision.* All decisions, determinations and interpretations of the Committee shall be final and binding on all Holders.

5. *Eligibility.* Any Award may be granted to a Service Provider, in the discretion of the Committee, provided that Incentive Stock Options may be granted only to Employees. If otherwise eligible, a Service Provider who has been granted an Award may be granted additional Awards. In addition to the foregoing, each Non-Employee Director (defined in Section 13) shall be granted Restricted Stock Units at the times and in the manner set forth in Section 13 and may receive Stock Bonuses in lieu of cash compensation as described in Section 13.

6. *Limitations.*

(a) *Option Designation.* Each Option shall be designated by the Committee in the Agreement as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designations, to the extent that the aggregate Fair Market Value of Shares subject to a Holder's Incentive Stock Options and other incentive stock options granted by the Company, any Parent or Subsidiary, which become exercisable for the first time during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options or other options shall be treated as Non-Qualified Stock Options.

For purposes of this Section 6(a), Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the time of grant.

(b) *No Continued Employment.* Nothing in the Plan or an Award shall confer or be construed to confer upon a Holder any right with respect to continuing the Holder's employment or consulting relationship with the Company, nor shall they interfere in any way with the Holder's right or the Company's right to terminate such employment or consulting relationship at any time, with or without cause.

(c) *Annual Award Limit.* No Service Provider shall be granted, in any calendar year, Awards to acquire more than 3,000,000 Shares in the aggregate. The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 14. For purposes of this Section 6(c), if an Option is canceled in the same calendar year it was granted (other than in connection with a transaction described in Section 14), the canceled Option will be counted against the limit set forth in this Section 6(c). For this purpose, if the exercise price of an Option is reduced, the transaction shall be treated as a cancellation of the Option and the grant of a new Option.

(d) *Conditions For Re-Pricing or Exchange.* Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, distribution (whether in the form of cash, Common Stock, other securities or other property), stock split, extraordinary cash dividend, recapitalization, change in control, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Common Stock or other securities, or similar transaction(s)), the Company may not, without obtaining stockholder approval: (i) amend the terms of outstanding Options or other Awards to reduce the exercise price of such outstanding Options or other Awards; (ii) cancel outstanding Options or other Awards in exchange for Options or other Awards with an exercise price that is less than the exercise price of the original Options or other Awards; or (iii) cancel outstanding Options or other Awards with an exercise price below the current stock price in exchange for cash, Awards or other securities.

(e) *Conditions to Delivery of Shares.* The Company shall not be required to
