PROXY STATEMENT

GENERAL INFORMATION REGARDING SOLICITATION AND VOTING

General

This proxy statement will first be made available to stockholders on or about March 26, 2015. This proxy statement is furnished by the Board of Directors (the "Board") in connection with its solicitation of proxies for CoreSite Realty Corporation's 2015 Annual Meeting of Stockholders (the "Annual Meeting") to be held on Wednesday, May 20, 2015, at 1:30 p.m., Mountain Time, at the Four Seasons Hotel Denver, 1111 14th Street, Denver, Colorado 80202, and at any postponements or adjournments thereof. Unless the context requires otherwise, references in this proxy statement to "CoreSite," "we," "our," "us" and "our company" refer to CoreSite Realty Corporation, a Maryland corporation, together with its consolidated subsidiaries, including CoreSite, L.P., a Delaware limited partnership of which CoreSite Realty Corporation is the sole general partner (our "Operating Partnership").

Pursuant to rules adopted by the U.S. Securities and Exchange Commission ("SEC"), we have elected to provide access to our proxy materials via the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders entitled to notice of and to vote at the Annual Meeting and at any postponement or adjournment thereof. The Notice is being mailed to stockholders on or about March 31, 2015. Stockholders will have the ability to access the proxy materials at www.proxyvote.com or request to receive a printed set of the proxy materials by mail or an electronic set of materials by email. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We believe these rules allow us to provide our stockholders with the information they need, while lowering the cost of delivery and reducing the environmental impact of our Annual Meeting.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE 2015 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 20, 2015. Our Proxy Statement and 2014 Annual Report are available at www.proxyvote.com.

Certain of our directors, officers and employees may solicit proxies by telephone, personal contact, or other means of communication. They will not receive any additional compensation for these activities. We also have retained Alliance Advisors to assist in the solicitation of proxies for an estimated fee of \$5,500, plus reimbursement of reasonable expenses. In addition, brokers, banks and other persons holding common stock on behalf of beneficial owners will be requested to solicit proxies or authorizations from beneficial owners. We will bear all costs incurred in connection with the preparation, assembly and mailing of the proxy materials and the solicitation of proxies and will reimburse brokers, banks and other nominees, fiduciaries and custodians for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of our common stock.

No person is authorized to give any information or to make any representation not contained in this proxy statement, and, if given or made, you should not rely on that information or representation

as having been authorized by us. The delivery of this proxy statement does not imply that the information herein has remained unchanged since the date of this proxy statement.

Purposes of the Annual Meeting

The purposes of the Annual Meeting are to: (1) consider and vote upon the election of seven members to the Board to serve until the next meeting of stockholders and until their successors are duly elected and qualify (Proposal One); (2) consider and vote upon the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 (Proposal Two); (3) consider and vote upon the advisory resolution to approve the compensation of our named executive officers (Proposal Three); and (4) transact such other business as may properly come before the Annual Meeting or any postponement or adjournment thereof. Our Board knows of no other matters to be brought before the Annual Meeting.

Stockholders Entitled to Vote

The close of business on March 20, 2015, has been fixed as the record date (the "Record Date") for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. Only stockholders of record as of the close of business on the Record Date are entitled to receive notice of, to attend, and to vote at the Annual Meeting. On the Record Date, our outstanding voting securities consisted of 22,020,222 shares of common stock. Each share of common stock is entitled to one vote. Votes may not be cumulated in the election of directors.

How to Vote

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the stockholder of record with respect to those shares, and the Notice was sent directly to you by us. You may authorize your proxy via the Internet by following the instructions provided in the Notice. If you request printed copies of the proxy materials by mail, you may also authorize your proxy by filling out the proxy card included with the materials or by calling the toll-free number found on the proxy card.

If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in "street name," and the Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. Those instructions are contained in a "vote instruction form." If you request printed copies of the proxy materials by mail, you will receive a vote instruction form. You should instruct your broker or nominee how to vote your shares by following the voting instructions provided by your broker or nominee.

In addition, you may vote in person at the Annual Meeting as described below under the heading "Attending and Voting at the Annual Meeting."

Attending and Voting at the Annual Meeting

Only stockholders as of the Record Date, or their duly appointed proxies, may attend the Annual Meeting. Stockholders may be asked to present valid picture identification such as a driver's license or passport and proof of stock ownership as of the Record Date. If you are not a stockholder of record but hold shares through a broker or nominee (i.e., in street name), you should provide proof of beneficial ownership on the Record Date, such as your most recent account statement, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. The use of cell phones, smartphones, pagers, recording and photographic equipment and/or computers is not permitted in the meeting room at the Annual Meeting.

Table of Contents

Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting. If you are not a stockholder of record but hold shares through a broker or nominee (i.e., in street name), you may vote your shares in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares authorizing you to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also authorize your proxy or submit voting instructions prior to the meeting as described below so that your vote will be counted if you later decide not to attend the meeting.

Voting Without Attending the Annual Meeting

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may authorize your proxy to vote your shares, either by mail or via the Internet, or by calling the toll-free number found on the Notice and the proxy card.

Proxies authorized properly via one of the methods discussed above will be voted in accordance with the instructions contained therein. If the proxy is authorized but voting directions are not made, the proxy will be voted "FOR" each of the seven director nominees, "FOR" the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015, "FOR" the advisory resolution to approve the compensation of our named executive officers as described in this proxy statement and in such manner as the proxy holders named on the proxy (the "Proxy Agents"), in their discretion, determine upon such other business as may properly come before the Annual Meeting or any postponement or adjournment thereof.

If your shares of common stock are held through a broker, bank or other nominee (collectively referred to as "brokers"), under applicable rules of the New York Stock Exchange (the "NYSE") (the exchange on which our common stock is traded), the brokers will vote your shares according to the specific instructions they receive from you. If a broker that holds shares of our common stock for a beneficial owner does not receive voting instructions from that owner, the broker may vote on the proposal if it is considered a "routine" matter under the NYSE's rules, including this year's ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015, or leave that owner's shares unvoted. Pursuant to the rules of the NYSE, the election of directors and the vote on the advisory resolution to approve the compensation of our named executive officers are not "routine" matters as to which brokerage firms may vote in their discretion on behalf of clients who have not furnished voting instructions.

The proposals set forth in this proxy statement constitute the only business that the Board intends to present at the Annual Meeting. The proxy does, however, confer discretionary authority upon the Proxy Agents or their substitutes, to vote on any other business that may properly come before the Annual Meeting. If the Annual Meeting is postponed or adjourned, the Proxy Agents can vote your shares on the new meeting date as well, unless you have revoked your proxy.

Quorum

Holders of a majority of our outstanding common stock entitled to vote must be present, in person or by proxy, at the Annual Meeting for a quorum to exist. If the shares present in person or by proxy at the Annual Meeting do not constitute a quorum, the Annual Meeting may be adjourned by the chairman of the Annual Meeting to a date not more than 120 days after the Record Date without notice other than announcement at the Annual Meeting. Shares that are voted "FOR," "AGAINST," "ABSTAIN," or, with respect to the election of directors, "WITHHOLD," will be treated as being present at the Annual Meeting for purposes of establishing a quorum. Accordingly, if you are a stockholder of record as of the Record Date and have returned a valid proxy or attend the Annual Meeting in person, your shares will be counted for the purpose of determining whether there is a

Table of Contents

quorum, even if you wish to abstain from voting on some or all matters at the Annual Meeting. "Broker non-votes" will also be counted as present for purposes of determining the presence of a quorum. A broker non-vote occurs when a bank, broker or other person holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner.

Required Vote

With respect to Proposal One, you may vote "FOR" all nominees, "WITHHOLD" your vote as to all nominees, or "FOR" all nominees except those specific nominees from whom you "WITHHOLD" your vote. A properly executed proxy marked "WITHHOLD" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. Members of the Board are elected by a plurality of votes cast, in person or by proxy, at the Annual Meeting. This means that the seven nominees who receive the greatest number of "FOR" votes cast will be elected. Cumulative voting is not permitted. Neither broker non-votes nor votes marked "WITHHOLD" will have an effect with respect to the election of any nominee.

You may vote "FOR," "AGAINST" or "ABSTAIN" on Proposals Two and Three. To be approved, each of Proposals Two and Three must receive the affirmative vote of a majority of the votes cast, in person or by proxy, at the Annual Meeting on the proposal. Abstentions and broker non-votes, if any, will not be counted as votes cast on Proposals Two and Three and will have no effect on the result of this vote.

Board Recommendation

The Board recommends that you vote as follows:

"FOR" each of the seven director nominees set forth in Proposal One;

"FOR" Proposal Two, relating to the ratification of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015; and

"FOR" Proposal Three, relating to the advisory resolution to approve the compensation of our named executive officers.

Any properly authorized proxy as to which no instructions are given will be voted in accordance with the foregoing recommendations.

Revocation of Proxies

You may revoke your proxy at any time prior to it being exercised by (i) delivering a written notice of revocation to our Secretary, (ii) filing a duly executed proxy bearing a later date with us or (iii) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a duly executed proxy.

Voting Results

The voting results will be tallied by the inspector of election appointed for the meeting and filed with the SEC in a Current Report on Form 8-K within four business days following the Annual Meeting.

PROPOSAL ONE: ELECTION OF DIRECTORS

Currently, there are seven directors on our Board. The seven persons named below, each of whom currently serves on our Board, have been recommended by our Nominating/Corporate Governance Committee and nominated by our Board to serve on the Board until our 2016 Annual Meeting of Stockholders and until their respective successors are elected and qualify. The Board has no reason to believe that any of the persons named below as a nominee for our Board will be unable, or will decline, to serve as a member of the Board if elected. Each of the nominees has consented to being named in this proxy statement. In addition, the Board has determined that all of our directors, other than Mr. Ray, are independent under applicable SEC and NYSE rules. In making their independence determination, the Board considered the relationship of Messrs. Attwood and Stuckey with The Carlyle Group L.P. ("Carlyle"), the majority holder of our Operating Partnership. A plurality of votes cast is necessary for the election of a director. There is no cumulative voting in the election of directors.

The Nominating/Corporate Governance Committee has not set forth minimum qualifications for Board nominees. However, pursuant to its charter, in identifying candidates to recommend for election to the Board, the Nominating/Corporate Governance Committee considers the following criteria:

personal and professional integrity, ethics and values;

experience in corporate governance, including as an officer, board member or senior executive or as a former officer, board member or senior executive of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment;

experience in our industry and taking into account the interests of our various stockholders;

experience as a board member of another publicly held company;

academic expertise in an area of our operations;

diversity of experience, profession, expertise, skill and background (including with respect to race and gender), both on an individual level and in relation to the Board as a whole;

practical and mature business judgment, including the ability to make independent analytical inquiries; and

the nature of and time involved in a director's service on other boards of directors and/or committees.

Although the Board does not have a formal policy specifying how diversity of background and personal experience should be applied in identifying or evaluating director candidates, to help ensure that the Board remains aware of and responsive to the needs and interests of our customers, stockholders, employees and other stakeholders, the Board believes it is important to identify otherwise qualified director candidates that would increase the gender, racial, ethnic and/or cultural diversity of the Board. Accordingly, the Nominating/Corporate Governance Committee makes an effort when nominating new directors to ensure that the composition of the Board reflects a broad diversity of experience, profession, expertise, skill, and background, including gender, racial, ethnic, and/or cultural diversity. The Nominating/Corporate Governance Committee does not assign a specific weight to the various factors it considers in evaluating potential new candidates to the Board, and no particular criteria is necessarily applicable to all prospective nominees. In the evaluation of potential new candidates, the Nominating/Corporate Governance Committee considers each candidate's qualifications in light of the then-current mix of Board attributes, including diversity. Continuing directors are evaluated by the Nominating/Corporate Governance Committee in the same way, and including the continuing director's past contributions to the Board in such evaluation.

Table of Contents

In identifying potential candidates for the Board, other than the director candidates nominated by Carlyle, the Nominating/Corporate Governance Committee generally relies on a variety of resources to identify potential candidates, which, among other things and depending on the circumstances, may include its and the Board's network of contacts, corporate search resources, and, if the Nominating/Corporate Governance Committee deems appropriate, a professional search firm. By utilizing a broad variety of resources as deemed appropriate by the Nominating/Corporate Governance Committee in light of the then-current mix of Board attributes and any previously identified potential candidates, the Nominating/Corporate Governance Committee believes it will be able to identify, evaluate and consider a diverse range of qualified candidates, including candidates that increase the gender, racial and/or cultural diversity of the Board.

Under the partnership agreement governing our Operating Partnership (the "Operating Partnership Agreement"), Carlyle, which directly or indirectly holds 53.4% ownership of our Operating Partnership, is currently entitled to nominate up to two directors for election to our Board. (See "Information about our Board of Directors and its Committees" for more information about the circumstances under which Carlyle is entitled to appoint nominees to our Board.) Carlyle has exercised this right by nominating James A. Attwood, Jr. and Robert G. Stuckey for election at the Annual Meeting.

PROPOSAL THREE: ADVISORY RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), our stockholders are entitled to cast an advisory vote at the Annual Meeting to approve the compensation of our named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules, including the "Compensation Discussion and Analysis" section of this proxy statement, or "CD&A," the compensation tables and accompanying narrative disclosures. While this stockholder vote on executive compensation is an advisory vote that is not binding on the company or the Board, we value the opinions of our stockholders and will consider the outcome of the vote when making future compensation decisions. The vote on the advisory resolution to approve the compensation of our named executive officers requires the affirmative vote of a majority of all the votes cast on the proposal. Our current policy is to provide stockholders with an opportunity to approve the compensation of our named executive officers each year at the annual meeting of stockholders until the next required stockholder vote on the frequency of such votes. We expect that the next such frequency vote will occur at the 2017 annual meeting of stockholders.

As described more fully in the CD&A, our executive compensation program is designed to attract, motivate and retain individuals with the skills required to formulate and drive our strategic direction and achieve the annual and long-term performance necessary to create stockholder value. The program also seeks to align executive compensation with stockholder value on an annual and long-term basis through a combination of base pay, annual incentives and long-term incentives. Our practice of placing a significant portion of each executive's compensation at risk demonstrates this pay-for-performance philosophy.

We actively review and assess our executive compensation program in light of the industry in which we operate, the marketplace for executive talent in which we compete, and evolving compensation governance and best practices. We are focused on compensating our executive officers fairly and in a manner that promotes our compensation philosophy and is consistent with our annual and longer-term performance. Specifically, our compensation program for executive officers focuses on the following principal objectives:

align executive compensation with stockholder interests;

attract and retain talented personnel by offering competitive compensation packages;

motivate employees to achieve strategic and tactical corporate objectives and the profitable growth of our company; and

reward employees for individual, functional and corporate performance.

Our Board believes that our executive compensation program satisfies these objectives, properly aligns the interests of our executive officers with those of our stockholders, and is worthy of stockholder support. In determining whether to approve this proposal, we believe that stockholders should consider the following:

Independent Compensation Committee. Executive compensation is reviewed and established by a Compensation Committee of the Board consisting solely of independent directors. The Compensation Committee meets in executive session in determining annual compensation. The Compensation Committee receives data, analysis and input from an independent compensation consultant that is not permitted to perform any additional services for CoreSite management without the Compensation Committee's approval.

Performance-Based Incentive Compensation. Elements of performance-based, incentive compensation are largely aligned with financial and operational objectives established in the Board-approved annual operating plan.

Table of Contents

Limited Perquisites. Our executive officers do not receive any perquisites other than those that are offered to non-executive, salaried employees.

Equity Plans. Grants under our equity plans generally include time-based and performance-based vesting periods, and our plan prohibits repricing or exchange of outstanding option awards without consent of stockholders, and requires that options be granted with exercise prices at fair market value.

Accordingly, we ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the stockholders approve, on an advisory basis, the compensation of our named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion in this proxy statement."

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ADVISORY RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

INFORMATION ABOUT OUR BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Our Board currently consists of seven directors. Our charter and bylaws provide that the number of directors constituting our Board may be increased or decreased by a majority vote of our entire Board, provided the number of directors may not be decreased to fewer than one, the minimum number required under the Maryland General Corporate Law nor, unless our bylaws are amended, more than 15 directors.

Our bylaws require that nominees for director, whether for election by the stockholders or by the Board, shall include such individuals as are entitled to be nominated pursuant to the Operating Partnership Agreement. The Operating Partnership Agreement provides that, for so long as the number of Operating Partnership units and shares of common stock held collectively by the real estate funds affiliated with Carlyle (the "Funds") is equal to or greater than 50% of the total number of shares of outstanding common stock (assuming all Operating Partnership units are exchanged for common stock), certain of the Funds shall have the right to nominate the number of directors that is one less than the lowest whole number that would exceed one-third of the directors, but not less than one director. With the Board having seven members, the Funds presently are entitled to nominate two directors. Such rights to nominate directors are subject to decrease as follows (in each case assuming all Operating Partnership units are exchanged for common stock):

If the Funds collectively own less than 50% but at least 10% of the outstanding common stock, then the Funds will be entitled to nominate the number of directors that is one less than the lowest whole number that would exceed 20% of the directors, but not less than one director. Assuming that the Board still had seven directors, then the Funds would be entitled to nominate only one director under this scenario.

If the Funds collectively own less than 10% of the outstanding common stock, then the Funds will no longer be entitled to nominate any directors.

During 2014, the Board held six meetings. Each member of the Board attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board (held during the period for which such person has been a director) and (ii) the total number of meetings held by all committees of the Board on which such person served (during the periods that such person served).

There are no family relationships among our executive officers and directors.

Board Leadership Structure

The Board does not have a policy regarding separation of the roles of Chief Executive Officer and Chairman of the Board. The Board believes it is in our best interests to make that determination based on current circumstances. The Board has determined that an independent director serving as Chairman is in our best interests at this time. The current Chairman of the Board is Robert G. Stuckey. This structure ensures a greater role of independent directors in the active oversight of our business, including risk management oversight, and in setting agendas and establishing Board priorities and procedures. This structure also allows the Chief Executive Officer to focus to a greater extent on the management of our day-to-day operations. In addition to an independent chairman, our bylaws also require us to have a lead independent director, who may preside over meetings of independent directors in the event of a potential conflict of interest that precludes our chairman from participating. The current lead independent director is Paul E. Szurek.

Executive Sessions

Our non-employee directors met in a special executive session without management at each regularly scheduled Board meeting in 2014. Our non-employee directors also held a separate meeting of non-employee directors in December 2014. Robert G. Stuckey, as Chairman of the Board, chaired the non-employee director executive sessions held during 2014 and generally chairs any executive

Table of Contents

sessions held by non-employee directors. The Board expects to continue to conduct an executive session limited to non-employee directors at least annually and our non-employee directors may schedule additional executive sessions in their discretion.

Committees of the Board of Directors

Our Board has a standing Audit Committee, Compensation Committee and Nominating/Corporate Governance Committee. Each of these committees must be composed exclusively of independent directors. The Audit Committee and the Nominating/Corporate Governance Committee must each have at least three directors; the Compensation Committee must have at least two directors. Our Board may from time to time establish other committees to facilitate the management of our company. The Operating Partnership Agreement currently requires that, so long as the Funds collectively own at least 10% of the outstanding common stock (assuming all Operating Partnership units are exchanged for common stock), the Funds shall have the right to have at least one of their nominees on each committee, unless prohibited by law or the rules of the NYSE, other than any committee whose purpose is to evaluate or negotiate any transaction with the Funds. The Funds have exercised this right by requesting that Mr. Stuckey be appointed to the Nominating/Corporate Governance Committee, but have not requested that either of its two nominees be appointed to either the Audit Committee or the Compensation Committee.

The following table is a summary of our committee structure and members on each of our committees:

The Audit Committee, Compensation Committee and Nominating/Corporate Governance Committee each operate under written charters adopted by the Board. These charters are available on our website at www.coresite.com.

Audit Committee

The Audit Committee assists the Board with its oversight responsibilities regarding the integrity of our financial statements, the qualifications and independence of our independent auditor and the performance of our internal audit function and independent auditors. The Audit Committee selects, appoints, assists and meets with the independent auditor, oversees each annual audit and quarterly review, establishes and maintains our internal audit controls and prepares an annual report for inclusion in our annual proxy statement pursuant to federal securities laws. The Audit Committee also works with management regarding risk assessment and risk management (including cybersecurity and other risks relevant to our computerized information system controls and security), and discusses with management our leverage and any issues that arise with respect to our leverage. The Board has determined that each member of the Audit Committee is "financially literate" as defined under the NYSE rules, that Mr. Wilson and Mr. Szurek each qualify as an "Audit Committee Financial Expert"

Table of Contents

as defined under SEC rules, and that each member of the Audit Committee is independent under applicable NYSE and SEC rules for purposes of membership on the Audit Committee. The Audit Committee met nine times in 2014.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee assists the Board in identifying qualified individuals to become directors, makes recommendations to the Board concerning the size, structure and composition of the Board and its committees, monitors the process to assess the Board's effectiveness and is primarily responsible for oversight of corporate governance, including implementing our Corporate Governance Guidelines. In evaluating potential nominees to the Board, the Nominating/Corporate Governance Committee considers, among other things, independence, character, ability to exercise sound judgment, demonstrated leadership, skills, including financial literacy, and experience in the context of the needs of the Board, as well as criteria for Board nominees set forth under "Proposal One: Election of Directors" above. The Nominating/Corporate Governance Committee considers candidates proposed by stockholders and evaluates them using the same criteria as for other candidates. The Nominating/Corporate Governance Committee considers all recommended director candidates submitted to it in accordance with the established procedures, though it will only recommend to the Board as potential nominees those candidates it believes are most qualified. However, the Nominating/Corporate Governance Committee will not consider any director candidate if the candidate's candidacy or, if elected, Board membership, would violate controlling state or federal law.

The Board has determined that each member of the Nominating/Corporate Governance Committee is independent under applicable NYSE rules. The Nominating/Corporate Governance Committee met four times in 2014.

At least annually, the Nominating/Corporate Governance Committee evaluates the performance of each current director and considers the results of such evaluation when determining whether to recommend the nomination of such director for an additional term. At an appropriate time prior to each annual meeting at which directors are to be elected or re-elected, the Nominating/Corporate Governance Committee recommends to the Board for nomination by the Board such candidates as the Nominating/Corporate Governance Committee, in the exercise of its judgment, has found to be well qualified and willing and available to serve.

At an appropriate time after a vacancy arises on the Board or a director advises the Board of his or her intention to resign, the Nominating/Corporate Governance Committee will recommend to the Board for election by the Board to fill such vacancy, such prospective member of the Board as the Nominating/Corporate Governance Committee, in the exercise of its judgment, has found to be well qualified and willing and available to serve. In determining whether a prospective member is qualified to serve, the Nominating/Corporate Governance Committee will consider the factors listed above.

The foregoing notwithstanding, if we are legally required by contract or otherwise to permit a third party to designate one or more of the director nominees to be elected (for example, pursuant to rights contained in the Operating Partnership Agreement), then the nomination or election of such directors will be governed by such requirements.

Compensation Committee

The Compensation Committee reviews and approves the compensation and benefits of our executive officers, administers and makes recommendations to the Board regarding our compensation and stock incentive plans, produces an annual report on executive compensation for inclusion in our annual proxy statement and publishes an annual committee report for our stockholders. The Board has determined that each member of the Compensation Committee is independent under applicable NYSE and SEC rules for purposes of membership on the Compensation Committee. The Compensation

Committee met four times in 2014. For a description of the Compensation Committee's processes and procedures, including the roles of our executive officers and independent compensation consultants in the Compensation Committee's decision-making process, see the section titled "Compensation Discussion and Analysis."

Board Oversight of Risk Management

The Board believes that overseeing how the executive team manages the various risks confronting the company is one of its most important areas of oversight. In carrying out this critical responsibility, the Board has designated the Audit Committee with primary responsibility for overseeing enterprise risk management (including cybersecurity and other risks relevant to our computerized information system controls and security). While the Audit Committee has primary responsibility for overseeing enterprise risk management, each of the other Board committees also considers risk within its area of responsibility. For example, the Nominating/Corporate Governance Committee reviews risks related to legal and regulatory compliance as they relate to corporate governance structure and processes, and the Compensation Committee reviews risks related to compensation matters. The Board is apprised by the committee chairs of significant risks and management's response to those risks via periodic reports. While the Board and its committees oversee risk management strategy, management is responsible for implementing and supervising day-to-day risk management processes and reporting to the Board and its committees on such matters.

With respect to risk related to compensation matters, the Compensation Committee considers, in establishing and reviewing our executive compensation program, whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. Executives' base salaries are fixed in amount and thus do not encourage risk-taking. Bonuses are capped and are tied to overall corporate performance. Any other compensation provided to the executive officers is primarily in the form of long-term equity awards that are important to help further align executives' interests with those of our stockholders. The Compensation Committee believes that these awards do not encourage unnecessary or excessive risk-taking because the ultimate value of the awards is tied to our stock price and because awards are staggered and subject to long-term vesting schedules to help ensure that executives have significant value tied to long-term stock price performance.

The Compensation Committee also has reviewed our compensation programs for employees generally and has concluded that these programs do not create risks that are reasonably likely to have a material adverse effect on the company. The Compensation Committee believes that the design of our annual cash and long-term equity incentives provides an effective and appropriate mix of incentives to help ensure our performance is focused on long-term stockholder value creation and does not encourage the taking of short-term risks at the expense of long-term results. In general, bonus opportunities for our employees are capped, and we have discretion to reduce bonus payments (or pay no bonus) based on individual performance and any other factors we may determine to be appropriate in the circumstances.

Corporate Governance Guidelines

The Board has adopted a set of governance guidelines, the CoreSite Realty Corporation Corporate Governance Guidelines, which are designed to promote the continued vitality of the Board and excellence in the execution of its duties. Our Corporate Governance Guidelines establish the practices and procedures of the Board with respect to Board composition and member selection, Board independence, Board meetings and involvement of senior management, management succession planning, Board committees, stock ownership guidelines and the evaluation of senior management and the Board. The Board reviews our Corporate Governance Guidelines at least annually and updates them as necessary to reflect improved corporate governance practices and changes in regulatory requirements. A copy of the Corporate Governance Guidelines is available on our website at www.coresite.com.

Stock Ownership Guidelines

Effective January 1, 2014, the Board adopted stock ownership and retention guidelines for all of our executive officers and non-employee directors who are also not employees of Carlyle ("Non-Employee Directors") to further align their interests with our stockholders. The stock ownership and retention guidelines do not apply to directors who are employed by Carlyle because those directors do not receive compensation for their service as directors. Under these stock ownership and retention guidelines, each of our executive officers is expected to own common stock of the Company with a market value equal to the following amounts for as long as he or she remains an executive officer: Chief Executive Officer Five times (5.0x) base salary; Other C-Level Executives (CFO, General Counsel) Three times (3.0x) base salary; and Senior Vice Presidents One and One-Half times (1.5x) base salary. Non-Employee Directors are expected to own common stock of the Company with a market value equal to five times (5.0x) the value of each Non-Employee Director's annual cash retainer (excluding any annual cash retainer for committee membership or chairmanship). Each executive officer and Non-Employee Director must hold 50% of all net settled shares received from the vesting, delivery or exercise of equity awards from the Company until such executive officer's or Non-Employee Director's stock ownership equals or exceeds the applicable ownership threshold. Executive officers and Non-Employee Directors have until the later to occur of (i) January 1, 2019 or (b) the fifth anniversary of his or her first appointment or election as an executive officer or Non-Employee Director, as applicable, to meet the requirements of these stock ownership guidelines. These stock ownership guidelines were based on analysis of peer and market practices, as prepared by our independent compensation consultant. Each of our Non-Employee Directors and executive officers is currently in compliance with our stock ownership guidelines.

Code of Ethics

Our Code of Business Conduct and Ethics applies to all of our employees, including our principal executive officer, principal financial officer and principal accounting officer, and the Board. A copy of the Code of Business Conduct and Ethics is available on our website at www.coresite.com. We intend to disclose any changes in or waivers from the Code of Business Conduct and Ethics that are required to be disclosed by posting such information on our website.

Prohibition on Short Sales, Hedging and Margin Accounts

Our Insider Trading Policy prohibits our officers, directors and all other employees from (i) engaging in short sales, (ii) buying or selling put or call positions in our securities, (iii) buying financial instruments designed to hedge or offset any decrease in the market value of our securities, and (iv) frequent trading of our securities to take advantage of fluctuations in share price. In addition, all of our officers and directors are prohibited from purchasing or selling our securities in margin accounts.

2014 Director Compensation

The Board determines the form and amount of director compensation after its review of recommendations made by the Compensation Committee. A substantial portion of each Non-Employee Director's annual retainer is in the form of equity. After consultation with the Compensation Committee's independent compensation consultant, in order to bring our non-employee director compensation in line with market compensation, including the non-employee director compensation of our competitors, the Board approved an Amended and Restated Non-Employee Director Compensation Policy (the "Amended Directors Plan") effective January 1, 2014. Directors who are employees of our company or our subsidiaries and those directors nominated by Carlyle do not receive compensation for their service as directors.

Table of Contents

Pursuant to the Amended Directors Plan, Non-Employee Directors receive an annual grant of restricted stock units ("RSUs") under our 2010 Equity Incentive Award Plan (As Amended and Restated) (the "2010 Plan") having a fair market value as of the date of grant equal to \$75,000 (each, an "Annual RSU Award") and an equal number of tandem dividend equivalents on the date of the annual meeting of stockholders. Dividend equivalents give holders the right to receive, upon payment of any ordinary cash dividend paid to holders of our common stock, an equivalent payment in the form of additional RSUs and dividend equivalents. The Annual RSU Award and corresponding dividend equivalents vest one year from the grant date, subject to such Non-Employee Director's continued service as of the vesting date. Each RSU entitles the director to one share of our common stock, and will be payable and settled at the time of vesting, unless a deferral election is made by a Non-Employee Director.

In addition, under the Amended Directors Plan, each Non-Employee Director receives an annual cash retainer of \$75,000 for services as a director. Non-Employee Directors who serve on our Audit, Nominating/Corporate Governance and/or Compensation Committees other than as chair of the committee receive an additional annual cash retainer fee of \$10,000 for each committee on which they serve. COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis is designed to provide our stockholders with a clear understanding of our compensation philosophy and objectives, compensation-setting process, and the 2014 compensation of our named executive officers, or NEOs. For 2014, our NEOs were:

Thomas M. Ray	President and Chief Executive Officer
Jeffrey S. Finnin	Chief Financial Officer
Derek S. McCandless	Senior Vice President, Legal, General Counsel and Secretary
Steven J. Smith	Senior Vice President, Sales and Sales Operations
Dominic M. Tobin	Senior Vice President, Operations

Executive Summary

Our compensation program for our NEOs and other executive officers is designed to meet the following primary objectives:

Management Development and Continuity. Attract, retain and motivate individuals of superior ability and managerial talent to develop, grow and manage our business by offering competitive compensation opportunities with a significant long-term component;

Pay-for-Performance. Align executive officer compensation with the achievement of our short- and long-term corporate strategies and business objectives and with the long-term interests of our stockholders through the use of performance-based and variable compensation elements; and

Long-Term Focus on Stockholder Value. Align executives with stockholder value creation by delivering a significant portion of our executive officers' compensation in the form of equity-based awards that vest over multiple years.

We believe compensation should be structured to ensure that a significant portion of the total compensation opportunity for our named executive officers is directly related to our performance and other factors that directly and indirectly influence stockholder value. For 2014, our fixed compensation versus targeted variable compensation was structured as follows for our CEO and other named executive officers:

Our 2014 named executive officer compensation reflects the performance of our company in 2014. Our 2014 annual cash incentive program payouts were based on our at-or-above target performance in 2014 revenue, EBITDA and funds from operations. In addition, to further our commitment to a pay-for-performance compensation program, in March 2014, the Compensation Committee granted performance-based restricted stock to our senior leadership team (in lieu of annual stock option grants), which vest based on the achievement of relative total shareholder return over a three-year period.

Table of Contents

We also believe our executive compensation should be structured to appropriately balance annual cash compensation with long-term equity-based compensation. For 2014, our target annual cash versus long-term equity-based compensation was structured as follows for our CEO and other named executive officers:

Selected 2014 Company Performance Highlights

Opened Phase 1 of NY2 in Secaucus, New Jersey, which was 75% leased at the end of 2014, and opened Phase 1 of VA2 in Reston, Virginia, which was 100% pre-leased to a single anchor tenant.

At our annual meeting of stockholders in May 2014, we held our annual vote on an advisory resolution to approve the compensation of our named executive officers ("say-on-pay"). The compensation of our named executive officers reported in our 2014 proxy statement was approved by approximately 97% of the votes cast at the 2014 annual meeting. Our Compensation Committee believes this affirms our stockholders' support of our approach to executive compensation. The

Compensation Committee will continue to consider the outcome of our say-on-pay votes when making future compensation decisions for our named executive officers.

Role of the Board of Directors, the Compensation Committee, Management and Consultant

Our Compensation Committee is charged with, among other things, the responsibility of reviewing executive officer compensation policies and practices to ensure adherence to our compensation philosophy and objectives and that the total compensation paid to our executive officers is consistent with our performance, fair, reasonable and competitive with companies within our industry. The Compensation Committee's primary responsibilities with respect to determining executive compensation are (i) setting performance targets under all annual bonus and long-term and management incentive compensation plans, including our 2010 Plan; (ii) verifying that performance targets used for any performance-based equity compensation plans have been met before payment of any executive bonus or compensation; (iii) approving all amendments to, and terminations of, all compensation plans and any awards under such plans; (iv) granting any awards under any performance-based annual bonus, long-term incentive compensation and equity compensation plans to executive officers; (v) approving which executive officers and other employees receive awards under our equity and incentive compensation plan(s), including the 2010 Plan; and (vi) conducting an annual review of all compensation plans. All plan reviews include reviewing the plan's administrative costs, reviewing current plan features relative to any proposed new features, and assessing the performance of the plan's internal and external administrators if any duties have been delegated.

The Compensation Committee reviews and considers our Chief Executive Officer's recommendations with respect to compensation decisions for our named executive officers other than himself. The Compensation Committee believes it is valuable to consider the recommendations of our Chief Executive Officer with respect to these matters because, given his knowledge of our operations, the data center industry and the day-to-day responsibilities of our executive officers, he is in a unique position to provide the Compensation Committee perspective into the performance of our executive officers in light of our business at a given point in time. The Compensation Committee makes all compensation decisions with regard to our Chief Executive Officer.

As part of the 2014 compensation process, the Compensation Committee retained W.T. Haigh & Company, Inc. ("W.T. Haigh") as its independent compensation consultant. W.T. Haigh provides us advisory services only with respect to executive compensation, and works with management only with the approval and under the direction of the Compensation Committee. W.T. Haigh reviewed the compensation components of our 2014 program for our named executive officers and advised the Compensation Committee regarding the components and levels of the executive compensation program, including our incentive and equity-based compensation plans. A representative of W.T. Haigh attended the meetings of the Board in March 2014 and the Compensation Committee in February, March and December 2014 and March 2015, and continues to make himself available on an ongoing basis to provide guidance to the Compensation Committee on compensation issues as they arise. The Compensation Committee has reviewed its and our company's relationships with W.T. Haigh and has not identified any conflicts of interest.

Peer Companies

The Compensation Committee uses peer company data to guide its review of the total compensation of our executive officers and generally reviews the compensation data of our peer companies and industry to understand market competitive compensation. The Compensation Committee focuses on ensuring that the elements of our executive compensation program are consistent with peer and industry trends. However, the Compensation Committee does not benchmark compensation to a specific percentile target or range of the compensation of peer companies.

Table of Contents

For purposes of the 2014 compensation decisions, the Compensation Committee approved a peer group based on analysis and recommendations by W.T. Haigh. This peer group is comprised of 13 companies in the data center, special purpose real estate, hosting and colocation industries. The peer group was selected based primarily on similarity to our core business as well as a number of other criteria, including each company's revenue, market capitalization, number of employees and other key financial metrics. We believe these companies are broadly comparable to us, and appropriately reflect our size, complexity, growth prospects, operations, and labor market for key leadership positions. Our peer group for 2014 was refined versus a broader group of peer companies in 2013 to focus more exclusively on data center, special purpose real estate investment trusts and technology companies that reflect our core business.

The 2014 peer companies are listed below:

Akamai Technologies, Inc.	Alexandria Real Estate Equities, Inc.	BioMed Realty Trust, Inc.
Cogent Communications Group, Inc.	CyrusOne Inc.	Digital Realty Trust, Inc.
DuPont Fabros Technology, Inc.	Equinix, Inc.	Internap Network Services Corp.
InterXion Holding N.V.	QTS Realty Trust, Inc.	Rackspace Hosting, Inc.
TelecityGroup plc		

In addition to the select peer companies above, compensation data was used that covers substantially all of the companies in the MSCI US REIT Index and the NASDAQ Internet Total Return Index.

The Compensation Committee reviews our peer group annually to determine whether changes are necessary to ensure that the peer companies continue to be comparable to us based on changing scope and growth characteristics.

Elements of 2014 Compensation

Our compensation program is made up of the following direct compensation elements:

Element	Fixed or Variable	Purpose
Base Salary	Fixed	To attract and retain executives by offering fixed compensation that is competitive with market opportunities and that recognizes each executive's position, role, responsibility and experience.
Annual Incentive	Variable	To motivate and reward the achievement of our annual performance, including objectives related to revenue, EBITDA and FFO.
Equity Awards	Variable	To align executives' interests with the interests of stockholders through equity-based compensation with performance-based and time-based vesting periods, and to promote the long-term retention of our executives and key management personnel.

Table of Contents

For 2014, the following was the targeted mix of compensation:

2014 Compensation Decisions

Base Salaries. After the end of 2013, base salaries were reviewed to ensure that they generally were competitive with market levels and generally reflected our level of financial performance during the previous year. No formulaic base salary increases are provided to the NEOs; however, annual merit increases are provided when the Compensation Committee determines that such increases are warranted in light of national salary increase levels, salary levels within our peer companies, individual performance and/or overall company performance.

The base salaries of our named executive officers in 2014, which were effective as of April 1, 2014, were as follows:

Named Executive Officer	2014 Base Salary	Increase Over 2013 Base Salary
Thomas M. Ray	\$ 525,000	12.9%
Jeffrey S. Finnin	\$ 375,000	2.7%
Derek S. McCandless	\$ 282,500	5.5%
Steven J. Smith	\$ 300,000	
Dominic M. Tobin	\$ 217,000	5.9%

For Messrs. Ray, McCandless and Tobin, 2014 salary increases were driven in large part by each named executive officer's relative position to mid-market salary levels when compared to the peer companies and broader market comparisons. The base salary for Mr. Smith for 2014 was negotiated upon his commencement of employment with us in January 2014.

Annual Cash Incentive Awards. An important component of our total compensation program is the annual cash incentive based on the achievement of preset, annual company performance objectives and individual executive performance, which is determined in the Compensation Committee's discretion.

Table of Contents

In March 2014, the Compensation Committee established the following 2014 target annual incentive amounts for each of our named executive officers under our 2014 annual cash incentive program (the "2014 Bonus Plan"):

Named Executive Officer	2014 Base Salary	Target Bonus as a Percentage of Salary	Target Bonus
Thomas M. Ray	\$ 525,000	100%	\$ 525,000
Jeffrey S. Finnin	\$ 375,000	60%	\$ 225,000
Derek S. McCandless	\$ 282,500	60%	\$ 169,500
Steven J. Smith	\$ 300,000	35%*	\$ 105,000
Dominic M. Tobin	\$ 217,000	50%	\$ 108,500

*

Mr. Smith receives additional incentive compensation under our quarterly sales incentive program. See "Quarterly Sales Incentive Compensation" below.

In setting the 2014 target bonus amounts for each of our named executive officers, the Compensation Committee considered the following factors: (i) organizational level and expected impact on our annual operating results; (ii) the scope, level of expertise and experience required for the named executive officer's position; and (iii) competitive levels of target annual incentive opportunity. The 2014 target bonus percentages were unchanged from the target bonus percentages in 2013, except for Mr. McCandless whose target bonus percentage was reduced by the Compensation Committee taking into account the increase in his base salary over 2013 and to set all target bonus amounts as a percentage of salary versus fixed dollar amounts. Mr. Smith was not hired until January 2014 and his target bonus percentage for 2014 was set by the Compensation Committee considering the various compensation elements negotiated in connection with his hiring. Participants under the 2014 Bonus Plan were eligible to receive between 0% and 175% of each participant's respective target bonus based on actual performance as discussed below.

Actual bonus amounts earned for 2014 were based on the level of company-wide achievement of revenue, earnings before interest, taxes, depreciation and amortization (EBITDA) and funds from operations (FFO) in 2014 versus targets established by the Compensation Committee at the beginning of the year. The total incentive bonus actually paid to each named executive officer is determined based on the extent to which specified weighted objective company performance goals are achieved,

The Compensation Committee has the discretion to adjust the actual results based on extraordinary events and/or conditions that either positively or negatively impact our performance. For purposes of the 2014 Bonus Plan, actual FFO for 2014 was adjusted to eliminate interest expense incurred due to differences between the interest rate on our line of credit and interest rates associated with an early repayment of secured mortgage debt and a term loan, each of which was executed in January 2014. The 2014 target performance objectives did not contemplate either the early repayment or the term loan. In addition, the Compensation Committee may further adjust the bonus payments in its discretion based on each named executive officer's achievement of departmental and individual goals, and overall job performance. The table below sets forth the calculation of the 2014 bonus payouts with respect to the objective company performance goals:

Funds from operations ("FFO") represents net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property and impairment write-downs of depreciable real estate, plus real estate related depreciation and amortization (excluding amortization of deferred financing costs) and after adjustments for unconsolidated partnerships and joint ventures. EBITDA is defined as earnings before interest, taxes, depreciation and amortization ("EBITDA"). FFO and

EBITDA are non-GAAP measures. See Appendix A for a reconciliation of these measures to GAAP, without the adjustment discussed above.

In light of our performance in 2014 and the Compensation Committee's discretionary evaluation of each named executive officer's job performance, we paid the following annual bonus amounts under the 2014 Bonus Plan:

Named Executive Officer	Target Bonus as a Percentage of Salary		Actual Bonus Award		Actual Bonus Award as a Percentage of Target
	Target Bonus	Target Bonus	Bonus Award	Bonus Award	Target
Thomas M. Ray	100%	\$ 525,000	\$ 693,000	\$ 693,000	132%
Jeffrey S. Finnin	60%	\$ 225,000	\$ 250,000	\$ 250,000	111%
Derek S. McCandless	60%	\$ 169,500	\$ 190,000	\$ 190,000	112%
Steven J. Smith	35%	\$ 105,000	\$ 125,000	\$ 125,000	119%

Equity Compensation. Generally in the first quarter of each year, the Compensation Committee grants equity-based awards to our named executive officers, other executives, key management personnel and other employees in order to align their interests with those of the stockholders and to provide a compensation element intended to retain our named executive officers and other executives over the long term. For 2014, the value of the long-term equity awards granted to each named executive officer was based on the Compensation Committee's assessment of each named executive officer's expected future contributions to our company, ability to impact our long-term results that drive stockholder value, each named executive officer's overall long-term performance and competitive levels of long-term equity compensation for similarly situated executives.

In March 2014, the Compensation Committee approved equity awards to our senior leadership team, including our named executive officers, with 60% of the value of the equity award in the form of time-based restricted stock and 40% of the value of the equity award in the form of performance-based restricted stock ("PSAs"). The Compensation Committee believes that time-based restricted stock awards offer a strong retention incentive to employees and are less dilutive to our current stockholders than stock options. To align the vesting period of the time-based restricted stock with the PSAs for our senior leadership team, the Compensation Committee changed the vesting schedule of time-based restricted stock for 2014 from four years to three years with the time-based restricted stock award vesting in three equal annual installments beginning on the first anniversary of the grant date, subject to continued employment with us.

In lieu of annual stock option grants, the Compensation Committee granted PSAs in 2014 (and continuing in 2015) to further our objective of a pay-for-performance compensation program to tie executive compensation to the achievement of our longer-term corporate strategies and business objectives and to the long-term interests of our stockholders. The Compensation Committee determined to grant the PSAs in the form of restricted stock in lieu of stock options to place greater emphasis on our performance relative to other REITs. In 2014, PSAs were granted only to our senior leadership team, including our named executive officers, while other employees of the Company received equity awards solely in the form of time-based restricted stock. The PSAs granted in 2014 vest in full on the third anniversary of the grant based on our achievement of relative total shareholder return ("TSR") as described further below. The number of PSAs earned is based on our achievement of TSR measured versus the MSCI US REIT Index over a three-year performance period, and the number of shares earned under the PSAs may range from 0% to 150% of the target number of shares. The PSAs are earned as follows: (i) 20% of the PSAs are earned based on relative TSR achievement for each annual performance period during the three-year performance period (60% in total), and (ii) 40% of the PSAs are earned based upon a cumulative TSR achievement over the three-year performance period. Earned PSAs are released at the end of the three-year performance period

provided that the executive officer continues to be employed by us at the end of the performance period. Holders of earned PSAs are also entitled to accrued cash dividends that will be paid at the end of the performance period. The table below sets forth the performance multipliers for each level of TSR achievement relative to the MSCI US REIT Index to be used for each vesting period of the PSAs:

Relative TSR Ranking Relative to the MSCI US REIT Index For the Performance Period	Performance Multiplier
At or above the 75 th Percentile	150%
Between the 75 th Percentile and 50 th Percentile	Determined by linear interpolation
At the 50 th Percentile	100%
Between the 50 th Percentile and 30 th Percentile	Determined by linear interpolation
At the 30 th Percentile	50%
Below the 30 th Percentile	0%

The PSA grants developed and implemented for 2014 were based on analysis of peer company and broader market performance-based equity practices, as prepared by W.T. Haigh, and are consistent with our performance-based compensation philosophy.

The equity awards granted to our NEOs in 2014 were as follows:

Name	Time-Based Restricted Stock Awards: Number of Shares of Restricted Stock (#)	Performance-Based Restricted Stock Awards: Number of Shares of Restricted Stock at Target #(1)
Thomas M. Ray	41,601	27,734
Jeffrey S. Finnin	11,346	7,564
Derek S. McCandless	9,455	6,303
Steven J. Smith(2)	15,128	3,782
Dominic M. Tobin	5,106	3,404

(1) PSAs were issued in March 2014 at the maximum level of 150% of target, subject to forfeiture based on achievement of relative levels of TSR during the performance periods. In February 2015, the Compensation Committee certified TSR achievement for 2014 of 26.65%, which resulted in earning and banking 87.2% of target PSAs, or a 17.44% weighted payout for the 2014 performance period based on our relative performance versus the MSCI US REIT Index at approximately the 44th percentile. Because the PSAs were granted to each named executive officer at the maximum achievement amount, PSAs were forfeited by each executive officer based on the difference between the earned PSAs at 87.2% to target for the first performance period and the 150% issued amount of PSAs for the first performance period.

(2) The time-based restricted stock awards for Mr. Smith include 9,455 shares of time-based restricted stock granted pursuant to Mr. Smith's employment offer letter approved by the Compensation Committee.

2015 Changes to Our Stock Awards. In March 2015, the Compensation Committee again approved equity awards to our senior leadership team with 60% of the value of the equity award in the form of time-based restricted stock and 40% of the value of the equity award in the form of PSAs. After consultation with W.T. Haigh, the Compensation Committee approved a change in the minimum and maximum number of shares that may be earned under the PSAs granted in 2015. The number of

Table of Contents

shares that may be earned under the 2015 PSA grants now ranges from 25% to 175%, rather than from 0% to 150% as with the PSAs granted in 2014, as illustrated below:

Relative TSR Ranking Relative to the MSCI US REIT Index For the Performance Period	Performance Multiplier
Above the 75 th Percentile	175%
At the 75 th Percentile	150%
Between the 75 th Percentile and 50 th Percentile	Determined by linear interpolation
At the 50 th Percentile	100%
Between the 50 th Percentile and 30 th Percentile	Determined by linear interpolation
At the 30 th Percentile	50%
Below the 30 th Percentile	25%

The change in the minimum and maximum number of shares that may be earned under the PSAs was implemented to create an upside incentive for relative TSR performance in the top quartile versus the MSCI US REIT Index balanced by a corresponding downside award that provides the opportunity to earn a small portion of the target award if relative TSR performance is below the 30th percentile. This change did not amend or alter in any way the 2014 PSA grants.

Quarterly Sales Incentive Compensation. In March 2014, in order to align the compensation of Steven J. Smith, our Senior Vice President, Sales and Sales Operations, with the core business objectives of our company, the Compensation Committee approved a quarterly sales incentive program for Mr. Smith, which provides for quarterly sales incentive payments based on the change in contracted straight-line rent ("Contracted SLR") calculated on a quarterly basis. The quarterly sales incentive program is in addition to the annual incentive compensation that Mr. Smith may earn under the 2014 Bonus Plan as described above. The Compensation Committee approved the following potential quarterly incentive payments based on our achievement of specified levels of changes in Contracted SLR on a quarterly basis:

	Change in Contracted SLR (\$ in millions)				Quarterly Incentive Payment
	Q1	Q2	Q3	Q4	
Less than	0.7	1.7	1.7	1.2	\$ 0
Greater than	0.7	1.7	1.7	1.2	\$ 11,025
	1.1	2.2	2.3	1.9	\$ 23,581
	1.6	2.7	2.9	2.5	\$ 36,750
	2.0	3.2	3.5	3.2	\$ 49,613
	2.4	3.7	4.1	3.9	\$ 61,250
	2.8	4.2	4.7	4.6	\$ 68,049
	3.2	4.7	5.3	5.3	\$ 76,440
	3.7	5.2	5.9	5.9	\$ 86,791
	4.1	5.7	6.5	6.6	\$ 99,470
	4.5	6.3	7.1	7.3	\$ 114,844
	4.9	6.8	7.6	8.0	\$ 133,280
	5.3	7.3	8.2	8.7	\$ 155,146
	5.8	7.8	8.8	9.3	\$ 180,810
	6.2	8.3	9.4	10.0	\$ 210,639
	6.6	8.8	10.0	10.7	\$ 245,000

In addition, under the quarterly sales incentive program, 50% of Mr. Smith's cash compensation (i.e. base salary plus quarterly sales incentive payments and annual cash incentive awards) earned in 2014 in excess of \$1 million would be paid in restricted stock units with a one-year vesting schedule. Based on actual performance in 2014, Mr. Smith earned a total of \$443,572 under the quarterly sales

Table of Contents

incentive program, consisting of a quarterly payout of \$86,791 in the first quarter of 2014, \$114,844 in the second quarter of 2014, \$86,791 in the third quarter of 2014 and \$155,146 in the fourth quarter of 2014. Mr. Smith's cash compensation in 2014 did not exceed \$1 million, and therefore, all of Mr. Smith's incentive compensation was paid in cash.

For 2015, Mr. Smith will no longer earn annual incentive compensation under the quarterly sales incentive program described above, but rather he will only earn annual incentive compensation under our annual cash incentive program applicable to other executive officers of our company, with an adjustment to his target bonus amount to adjust for the termination of the quarterly sales incentive program described above.

Defined Contribution Plans. We have maintained a Section 401(k) Savings/Retirement Plan (the "401(k) Plan") for eligible employees of our company and any designated affiliate, including our named executive officers. The 401(k) Plan provides our named executive officers and other employees with the opportunity to save for their future retirement by deferring compensation up to IRS imposed limits. We currently make safe harbor contributions to the 401(k) Plan in an amount equal to three percent (3%) of the participant's annual salary and subject to certain other limits. Plan participants vest immediately in the amounts contributed by us. Our employees are eligible to participate in the 401(k) Plan following their first month of full employment, with safe harbor contributions beginning after six months of credited service.

Other Elements of Compensation and Perquisites. In addition to other elements of compensation, as described above, we provide the following other compensation and benefits to our named executive officers:

Signing Bonus. We occasionally will offer a signing bonus to certain employees in order to induce such persons to accept employment with our company. In 2014, we paid a signing bonus of \$150,000 to Mr. Smith, which was negotiated as part of Mr. Smith's employment offer letter entered into with our company in January 2014.

Medical Insurance. We offer to each named executive officer, the named executive officer's spouse and the named executive officer's children such health, dental and vision insurance programs as we make available to other eligible employees of our company.

Life and Disability Insurance. We provide each named executive officer such short-term and long-term disability and/or life insurance as we make available to other eligible employees of our company. Our company offers life insurance coverage equal to the annual salary of each employee, up to a designated maximum amount per employee.

Parking Allowance. We provide each named executive officer with the choice of paid parking at each company location or reimbursement of public transportation expenses, such as our company makes available to every other employee of our company.

Other Compensation Components

We believe that it is important to maintain flexibility to adapt our compensation structure to properly attract, motivate, and retain the top executive talent for which we compete. We may provide compensation components that are different from or in addition to the components described above to our named executive officers, to ensure that we provide a balanced, comprehensive and competitive compensation structure, as deemed appropriate by the Compensation Committee.

Accounting Considerations

ASC Topic 718, *Compensation - Stock Compensation* (referred to as ASC Topic 718), requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of stock options,

restricted stock, restricted stock units and performance units under our equity incentive award plans will be accounted for under ASC Topic 718. Going forward, we expect to consider the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

(1) The amounts included under this column reflect the grant date fair value of the restricted stock awards granted during 2014, computed in accordance with FASB ASC Topic 718, excluding the effect of any estimated forfeitures. Assumptions used to calculate these amounts are described in Note 12, "Equity Incentive Plan" to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2014.

(2) Represents the PSAs granted by the Compensation Committee in March 2014. See "Equity Compensation" above. The PSAs were issued at the maximum level of 150% of target, subject to forfeiture based on achievement of certain levels of TSR during the performance periods. As discussed above, in February 2015, the Compensation Committee certified TSR achievement for 2014 of 26.65%, which resulted in earning and banking 87.2% of target PSAs, or a 17.44% weighted payout for the 2014 performance period based on our relative performance versus the MSCI US REIT Index at approximately the 44th percentile. Because the PSAs were granted to each named executive officer at the maximum achievement amount, PSAs were forfeited by each executive officer based on the difference between the earned PSAs at 87.2% to target for the first performance period and the 150% issued amount of PSAs for the first performance period.

- (3) The award vests in three equal annual installments beginning on the first anniversary of the grant date, provided that the award recipient remains in continuous service with us as of each vesting date.
- (4) Represents the PSAs granted by the Compensation Committee in March 2014. See "Equity Compensation" above. As discussed above, In February 2015, the Compensation Committee certified TSR achievement for 2014 of 26.65%, which resulted in earning and banking 87.2% of target PSAs, or a 17.44% weighted payout for the 2014 performance period based on our relative performance versus the MSCI US REIT Index at approximately the 44th percentile. Because the PSAs were granted to each named executive officer at the maximum achievement amount, PSAs were forfeited by each executive officer based on the difference between the earned PSAs at 87.2% to target for the first performance period and the 150% issued amount of PSAs for the first performance period. The amount of PSAs in the table above represent the amount of shares earned during the first performance period of 87.2% to target, with the remaining shares based on the achievement of target performance in future performance periods.

Potential Payments upon Termination or Change in Control

In September 2010, we adopted the Senior Management Severance and Change in Control Program (the "Severance Plan"), in which members of our senior membership team participate, other than Messrs. Ray, Finnin and McCandless. The Severance Plan provides that if a participant is terminated by us at any time without "Cause" or resigns for "Good Reason" (each as defined in the Severance Plan), the participant will be entitled to receive the following severance payments and benefits: (i) continued payment of his or her base salary for a period of time equal to three months, plus one additional month for each year of service with us (subject to a maximum of 12 months); (ii) continued payment of health insurance premiums for a similar period of time; and (iii) accelerated vesting of any unvested equity awards that would have vested solely based on the passage of time had the participant remained employed with us for 12 months following termination. If such a termination or resignation occurs within 60 days prior to or nine months following a change in control of our company, participants will receive (i) a lump sum payment on termination of one year of the participant's base salary, (ii) a lump sum payment on termination of the participant's target bonus amount for the year of termination, (iii) an additional lump sum payment amount equal to the participant's pro-rated bonus for the year of termination, (iv) continued payment of health insurance premiums for up to 12 months, subject to certain conditions, and (v) accelerated vesting of all outstanding and unvested equity awards held by the participant. Each of the foregoing benefits is conditioned on the participant executing a release of claims in favor of us following termination. The Severance Plan also contains certain confidentiality, non-solicitation and non-competition covenants. The non-competition and non-solicitation covenants take effect following termination for the period in which the participant would have received severance payments, based on an assumed termination (not in connection with a change in control) of the participant's employment by us without Cause on the date the participant's actual termination of employment occurs, and applies regardless of whether severance payments are actually received under the plan.

Messrs. Ray, Finnin and McCandless are entitled to severance payments pursuant to the terms of their employment agreements, as set forth under "Employment Agreements" above. The definitions of "Cause" and "Good Reason" in the Severance Plan, as applicable, are substantially similar to the definitions of those terms in Messrs. Ray's, Finnin's and McCandless's employment agreements, other than changes related to differences in reporting relationships.

In addition, notwithstanding the terms set forth in the Severance Plan or the employment agreements for Messrs. Ray, Finnin and McCandless, pursuant to the restricted stock award agreements for the PSAs granted to our senior leadership team, upon termination of employment with us at any time without "Cause" or resignation for "Good Reason" (each as defined in the PSA restricted stock award agreement), any PSAs that have been earned as of the employment termination date shall be

accelerated. If such a termination or resignation occurs within 60 days prior to or twelve months following a change in control of our company, vesting of the PSAs shall be accelerated with respect to the number of shares equal to the greater of (i) the target amount of shares set forth in the applicable restricted stock award agreement or (ii) the target amount of shares multiplied by a performance multiplier, as determined by the Compensation Committee.

The following table sets forth an estimate of the payments to be made to our named executive officers in the event any of the terminations described above or a change in control occurs, assuming that the triggering event took place on December 31, 2014, and based on the closing market price of our common stock on December 31, 2014.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of securities ownership and changes in such ownership with the SEC. Executive officers, directors and greater than ten percent stockholders also are required by rules promulgated by the SEC to furnish us with copies of all Section 16(a) forms they file.

Based solely upon a review of Forms 3 and 4 and amendments thereto and written representations furnished to us during the most recent fiscal year, no person who at any time during the fiscal year was a director, officer, or beneficial owner of more than 10% of any class of our equity securities failed to file on a timely basis, as disclosed in the above forms, reports required by Section 16(a) of the Exchange Act during the most recent fiscal year.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The Restructuring Transactions

Immediately prior to the completion of our initial public offering ("IPO"), we entered into a series of transactions with the Funds to create our current organizational structure (the "Restructuring Transactions"). In connection with this restructuring, all of the property and non-cash assets that were then used in the operation of our company's business were contributed by the Funds to our Operating Partnership. In the Restructuring Transactions, the Funds contributed 100% of their ownership interests in the entities that, directly or indirectly, owned or leased all of the properties that comprised our portfolio and all the other non-cash assets used in our business at that time. The aggregate undepreciated book value plus construction in progress of the contributed properties was \$586.2 million as of June 30, 2010. In exchange for this contribution, our Operating Partnership issued to the Funds 34,600,000 Operating Partnership units in the aggregate having a total value of \$553.6 million, based upon a price of \$16.00 per unit. Of these Operating Partnership units, approximately 19.5%, or \$108.1 million in value, 11.4%, or \$63.2 million in value, and 15.6%, or \$86.2 million in value, respectively, were issued to the Funds contributing One Wilshire Holdings, LLC, 900 N. Alameda Holdings, LLC and 12100 Sunrise Valley Drive Holdings, LLC, each of which now holds Operating Partnership units exchangeable into five percent or more of our common stock. All of the Operating Partnership units held by each of these three entities are beneficially held by DBD Investors V, L.L.C. See "Security Ownership of Certain Beneficial Owners and Management."

In connection with the Restructuring Transactions, we entered into an agreement with certain of the Funds granting them certain rights to receive information about us and to consult with and advise us on significant matters so long as they continue to own any Operating Partnership units or shares of our common stock and the number of Operating Partnership units and shares of common stock held collectively by the Funds is equal to or greater than 5% of the total number of shares of outstanding common stock (assuming all Operating Partnership units are exchanged for common stock). This agreement also provides that for so long as the Funds have the right to nominate directors for election to our Board, such rights will be assigned to two of these Funds. The Funds have agreed to maintain the confidentiality of any material non-public information they receive in connection with the foregoing and the Funds will not receive any compensation or expense reimbursement pursuant to this agreement.

Registration Rights Agreement

In connection with our IPO, we granted the Funds which received Operating Partnership units in the Restructuring Transactions certain registration rights with respect to any shares of our common stock that may be acquired by them in connection with the exchange of units tendered for redemption. An aggregate of 25,275,390 shares of our common stock issuable upon exchange of units issued in the Restructuring Transactions remain subject to a registration rights agreement. The holders of such units are entitled to require us to seek to register all such shares of common stock underlying the units for public sale, subject to certain exceptions, limitations and conditions precedent. We will bear expenses incident to our registration requirements under the registration rights agreement, except that such expenses shall not include any underwriting fees, discounts or commissions, brokerage or sales commissions, or out-of-pocket expenses of the persons exercising the redemption rights or transfer taxes, if any, relating to the sale of such shares. In 2014, we did not incur any costs in connection with the registration of our common stock under the registration rights agreement.

Tax Protection Agreement

We have agreed with each of the Funds that have directly or indirectly contributed their interests in properties in our portfolio to our Operating Partnership that if we directly or indirectly sell, convey,

transfer or otherwise dispose of all or any portion of these interests in a taxable transaction, we will make an interest-free loan to the contributors in an amount equal to the contributor's tax liabilities, based on an assumed tax rate. Any such loan would be repayable out of the after-tax proceeds (based on an assumed tax rate) of any distribution from the Operating Partnership to, or any sale of Operating Partnership units (or common stock issued by us in exchange for such units) by, the recipient of such loan, and would be non-recourse to the borrower other than with respect to such proceeds. These tax protection provisions apply for a period expiring on the earlier of (i) September 28, 2017 and (ii) the date on which these contributors (or certain transferees) dispose in certain taxable transactions of 90% of the Operating Partnership units that were issued to them in connection with the contribution of these properties.

Syniverse Agreement

On September 19, 2012, we licensed space at our LA1 property (Los Angeles, California) to Syniverse Technologies, LLC, a provider of business and technology services for the mobile telecommunications industry and a company that is wholly owned by an affiliate of Carlyle. The license agreement, which the Board and our management believe was entered into upon market terms, provides for a three-year term with a total contract value of approximately \$0.4 million. Total revenue was \$0.1 million for the year ended December 31, 2014.

Beats Music Agreement

In 2013, we began licensing space at our NY1 property (New York, New York) to Beats Music, LLC, a provider of streaming music services and a company that was an affiliate of Carlyle. The license agreement, which the Board and our management believe was entered into upon market terms, provides for a three-year term with a total contract value of approximately \$2.1 million. Beat Music, LLC was acquired by Apple, Inc. in November 2014 and is no longer considered an affiliate of Carlyle after the acquisition. Total revenue received by us in 2014 from Beats Music, LLC through the date of its acquisition by Apple, Inc. was \$0.6 million.

Carlyle Agreement

We lease 1,520 net rentable square feet of space at our VA1 property (Reston, Virginia) to affiliates of Carlyle. Total revenue was approximately \$0.3 million for the year ended December 31, 2014. The Board and our management believe the lease was entered into upon market terms.

Table of Contents**APPENDIX A*****Reconciliation of Net Income to FFO***

(in thousands)	Year Ended	
	December 31, 2014	December 31, 2013
Net income	\$ 40,052	\$ 31,612
Real estate depreciation and amortization	73,955	62,040
Gain on land disposal	(1,208)	
FFO	\$ 112,799	\$ 93,652
Preferred stock dividends	(8,338)	(8,338)
FFO available to common shareholders and OP unit holders	\$ 104,461	\$ 85,314

Funds From Operations (FFO) is a supplemental measure of our performance which should be considered along with, but not as an alternative to, net income and cash provided by operating activities as a measure of operating performance and liquidity. We calculate FFO in accordance with the standards established by the National Association of Real Estate Investment Trusts. FFO represents net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property and undepreciated land and impairment write-downs of depreciable real estate, plus real estate related depreciation and amortization (excluding amortization of deferred financing costs) and after adjustments for unconsolidated partnerships and joint ventures.

Our management uses FFO as a supplemental performance measure because, in excluding real estate related depreciation and amortization and gains and losses from property dispositions, it provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs.

We offer this measure because we recognize that FFO will be used by investors as a basis to compare our operating performance with that of other REITs. However, because FFO excludes depreciation and amortization and captures neither the changes in the value of our properties that result from use or market conditions, nor the level of capital expenditures and capitalized leasing commissions necessary to maintain the operating performance of our properties, all of which have real economic effect and could materially impact our financial condition and results from operations, the utility of FFO as a measure of our performance is limited. FFO is a non-GAAP measure and should not be considered a measure of liquidity, an alternative to net income, cash provided by operating activities or any other performance measure determined in accordance with GAAP, nor is it indicative of funds available to fund our cash needs, including our ability to pay dividends or make distributions. In addition, our calculations of FFO are not necessarily comparable to FFO as calculated by other REITs that do not use the same definition or implementation guidelines or interpret the standards differently from us. Investors in our securities should not rely on these measures as a substitute for any GAAP measure, including net income.

Table of Contents**Reconciliation of Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA)**

(in thousands)	Year Ended	
	December 31, 2014	December 31, 2013
Net income	\$ 40,052	\$ 31,612
Adjustments:		
Interest expense, net of interest income	5,305	2,657
Income tax (benefit) expense	38	401
Depreciation and amortization	80,722	65,785
EBITDA	\$ 126,117	\$ 100,455

EBITDA is defined as earnings before interest, taxes, depreciation and amortization. Management uses EBITDA as an indicator of our ability to incur and service debt. In addition, we consider EBITDA to be appropriate supplemental measures of our performance because they eliminate depreciation and interest, which permits investors to view income from operations without the impact of non-cash depreciation or the cost of debt. However, because EBITDA is calculated before recurring cash charges including interest expense and taxes, and are not adjusted for capital expenditures or other recurring cash requirements of our business, their utilization as a cash flow measurement is limited.
