ANNUAL MEETING AND PROXY SOLICITATION INFORMATION

A Notice Regarding the Availability of Proxy Materials

We are pleased to again furnish proxy materials to certain shareholders over the Internet. We believe this process expedites shareholders' receipt of proxy materials, lowers costs and reduces the environmental impact of our annual meeting.

On or about April 18, 2016, we mailed to our beneficial shareholders a Notice Regarding the Availability of Proxy Materials (the "Notice") containing instructions on how to access our proxy statement and annual report and how to vote online. The Notice contains instructions on how you can promptly (i) receive a paper copy of the proxy statement, proxy card and annual report if you only received a Notice by mail or (ii) elect to receive your proxy statement and annual report over the Internet.

All other shareholders will continue to receive a paper copy of the proxy statement, proxy card and annual report by mail.

General Information

This proxy statement is furnished to the shareholders of American Equity Investment Life Holding Company, 6000 Westown Parkway, West Des Moines, Iowa 50266 (referred to in this proxy statement as the "Company" or as "we," "our" or "us"), in connection with the solicitation of proxies by the Board of Directors for the annual meeting of shareholders to be held on June 2, 2016 ("Annual Meeting"), at the time and place shown in the Notice of Annual Meeting of Shareholders, and at any adjournment thereof. To obtain directions to the Annual Meeting, you may contact us at our toll-free number 1-888-221-1234.

We will bear all expenses in connection with this solicitation. Proxies may be solicited by the Board of Directors or management personally, by telephone or by facsimile.

This proxy statement is first being mailed on or about April 18, 2016.

Voting Rights

Only shareholders of record as of the close of business on April 7, 2016, will be entitled to the notice of and to vote at the Annual Meeting. We have a single class of voting common stock, \$1 par value per share ("Common Stock"), of which 82,277,909 shares were outstanding and entitled to vote on such date. Each share is entitled to one vote.

Shares present in person or represented by proxy at the Annual Meeting will be tabulated for determination of whether a quorum is present. A quorum will be present if a majority of the votes entitled to be cast on a matter are represented for any purpose at the Annual Meeting. Votes withheld for any director, broker non-votes and abstentions represented at the Annual Meeting will be counted for quorum purposes. Votes will be tabulated under the supervision of Alliance Advisors, L.L.C., which has been designated by the Board of Directors to act as inspector of the election.

If your shares of Common Stock are held in the name of a bank, broker or other holder of record, you will receive instructions from that holder of record that you must follow for your shares to be voted at the Annual Meeting. Contact your bank, broker or other holder of record directly if you have any questions. Even if you do not provide instructions, your bank, broker or other holder of record may vote your shares on certain "routine matters". The New York Stock Exchange ("NYSE") considers Proposal 4 to be a "routine matter". As a result, without instructions from you, your broker is permitted to vote your shares on this matter at its discretion. A broker non-vote occurs when a broker does not vote on some matter because the broker has not received instructions from you and does not have discretionary voting power for that particular item. Proposals 1, 2, 3 and 5 are considered

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form DEF 14A

Table of Contents

"non-routine matters" and, therefore, brokers may not vote on the matter unless they receive specific voting instructions from you. At this year's Annual Meeting, in the event a brokerage firm does not receive voting instructions from a shareholder, such shareholder's shares will not be voted, and will be considered "broker non-votes," with respect to Proposals 1, 2, 3 and 5.

If you plan to attend the Annual Meeting and vote in person, you will have the opportunity to obtain a ballot when you arrive. If your shares of Common Stock are not registered in your own name and you plan to attend the Annual Meeting and vote your shares in person, you will need to contact the broker or agent in whose name your shares are registered to obtain a broker's proxy card. You will need to bring the broker's proxy card with you to the Annual Meeting in order to vote.

Voting

If you vote by proxy, the individuals named on the proxy card (your proxies) will vote your shares in the manner you indicate. If you sign, date and return the proxy card without indicating your instructions on how to vote your shares, the proxies will vote your shares as follows:

"FOR" the election of the four director nominees;

"FOR" the approval of the American Equity Investment Life Holding Company 2016 Employee Incentive Plan;

"FOR" the approval of an amendment to the Amended and Restated American Equity Investment Life Holding Company 2014 Independent Insurance Agent Restricted Stock and Restricted Stock Unit Plan to increase the number of shares authorized for issuance;

"FOR" the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2016; and

"FOR" the approval of the compensation of our named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission ("SEC").

If any other matter is presented at the Annual Meeting, your proxies will vote in accordance with their best judgment. At the time this proxy statement was printed, we knew of no other matters to be addressed at the Annual Meeting.

As an alternative to voting by using the enclosed proxy card, if you are a registered shareholder (that is, you own shares of Common Stock in your own name and not through a broker, nominee or in some other "street name"), you may vote by telephone or through the Internet. Please see the enclosed proxy card or the Notice for instructions on how to access the telephone and Internet voting systems. If you hold your shares in "street name," your broker or other nominee will advise you on whether you may vote by telephone or through the Internet as an alternative to voting by using the enclosed proxy card.

A proxy may be revoked at any time prior to the close of voting at the Annual Meeting. Such revocation may be made in person at the Annual Meeting, by notice in writing delivered to the Corporate Secretary of the Company, by voting by telephone or through the Internet at a later date or by a proxy bearing a later date.

The Board of Directors urges you to exercise your right to vote by returning the enclosed proxy card, by calling the toll-free telephone number or by visiting the website shown on the proxy card or the Notice.

Proposal 2
Approval of the American Equity Investment Life Holding Company
2016 Employee Incentive Plan

The Company is requesting shareholder approval of the Company's 2016 Employee Incentive Plan (the "2016 Employee Plan"). The 2016 Employee Plan was approved, subject to shareholder approval, by the Board of Directors on March 30, 2016 upon the recommendation of the Compensation Committee. The purpose of the 2016 Employee Plan is to attract, retain and motivate certain highly qualified employees with outstanding ability by providing incentive opportunities, including opportunities based on the achievement of performance goals, and to align the interests of these highly qualified employees with those of our shareholders.

The following is a summary of certain provisions of the 2016 Employee Plan and is qualified by reference to the complete text of the 2016 Employee Plan, which is included as Appendix A to this proxy statement and is incorporated herein by reference.

Administration. The 2016 Employee Plan will be administered by the Compensation Committee unless otherwise determined by the Board of Directors. The Compensation Committee has discretionary authority, subject only to the express provisions of the 2016 Employee Plan, to (i) interpret the 2016 Employee Plan; (ii) determine eligibility and grant awards; (iii) determine, modify or waive the terms and conditions of any award; (iv) prescribe forms, rules and procedures; and (v) otherwise do all things necessary to fulfill the purposes of the 2016 Employee Plan.

Participation and Eligibility. All employees of the Company are eligible to participate in the 2016 Employee Plan. The Compensation Committee determines employees of the Company who will participate in the 2016 Employee Plan. As of March 31, 2016, eleven employees participated in the 2016 Employee Plan, including the Company's employees whose compensation is subject to Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

Number of Shares. The 2016 Employee Plan provides for issuance of up to 2,500,000 shares of Common Stock, plus the number of shares subject to awards under our 2009 Employee Incentive Plan that are forfeited, canceled, exchanged or surrendered, settled in cash or that otherwise terminate or expire without a distribution of shares (such total number of available shares, the "Share Pool"). As of March 31, 2016, there were 226,707 shares of Common Stock subject to outstanding awards under the 2009 Employee Incentive Plan. No further awards will be made under the 2009 Employee Incentive Plan. Each share issued pursuant to an award under the 2016 Employee Plan will be counted against the Share Pool. The per share closing price of the Common Stock as reported by the NYSE on March 31, 2016 was \$16.80. Awards may consist of stock options, stock appreciation rights ("SARs"), restricted stock awards ("RSAs") or restricted stock units ("RSUs"). The maximum number of shares of Common Stock subject to options granted to any participant, and that may be granted as SARs, RSAs and RSUs to any participant, shall not exceed an aggregate of 300,000 shares in any calendar year. At its March 10, 2016 meeting, the Compensation Committee approved grants of RSUs (see *New Plan Benefits* below) subject to shareholder approval representing up to 204,587 shares.

In the event of a stock dividend or other similar distribution of Company securities, a stock split or other combination of shares, recapitalization, conversion, reorganization, consolidation, spin-off, merger, exchange of stock, or certain other changes in the capital structure of the Company or other occurrences or events, the Compensation Committee will make appropriate adjustments to the maximum number of shares that may be delivered with respect to awards under the 2016 Employee Plan, the number and kind of shares of securities subject to awards then outstanding or subsequently granted, the exercise prices or base values relating to outstanding awards, and any other provision of awards affected by such change.

Table of Contents

Share Recycling. The 2016 Employee Plan provides for the reversion of shares to the 2016 Employee Plan only if awards expire, are terminated or are canceled without having been exercised or settled in full, or if shares are forfeited or repurchased by the Company for an amount not greater than the participant's purchase price. Awards settled in cash will result in shares not being deemed to have been issued, and the shares will again be available for issuance. Shares withheld from an award to satisfy tax obligations or pay the exercise price of an award are not again available for issuance under the 2016 Employee Plan.

Stock Options. Options granted under the 2016 Employee Plan shall be either Incentive Stock Options ("ISOs") or Non-Qualified Stock Options ("NQSOs") as designated by the Compensation Committee. Up to 250,000 shares available under the 2016 Employee Plan may be made subject to the grant of ISOs. The option period for options granted to participants will be determined by the Compensation Committee subject to any terms and conditions specified by the Compensation Committee in the award agreement and to certain statutory requirements for ISOs.

SARs. The Compensation Committee may grant rights to receive any excess in value of shares of Common Stock over the base value of the rights. The Compensation Committee will fix the base value of each SAR at not less than 100% of the fair market value of the Common Stock at the date of grant.

RSAs. The Compensation Committee may grant awards of shares of Common Stock subject to forfeitures and determine the duration of the period during which, and the conditions under which, the shares may be forfeited and the other terms and conditions of such awards.

RSUs. The Compensation Committee may grant awards consisting of units representing shares of Common Stock. Each RSU shall represent the unfunded and unsecured commitment of the Company to deliver to the participant at a specified future date or dates one or more shares of Common Stock or, if specified in the award, cash equal to the fair market value of the award.

Dividends, Dividend Equivalents and Cash Awards. The Compensation Committee may provide that any award includes dividends or dividend equivalents payable (in cash or in the form of awards under the 2016 Employee Plan) currently or deferred with or without interest and may also provide for cash payments in lieu of or in addition to an award.

Vesting. The Compensation Committee will establish a specific vesting schedule in the applicable agreement evidencing the grant of any awards. Specifically, subject to the provisions of the 2016 Employee Plan, awards generally will automatically accelerate upon the participant's death or disability or in the event of a Change in Control, as defined in the 2016 Employee Plan.

Minimum Vesting Period. The 2016 Employee Plan requires a minimum vesting period of one (1) year from the date of grant for awards granted under the 2016 Employee Plan. The Compensation Committee may grant awards that vest within a year due to certain circumstances, including retirement, death, disability, the attainment of a specified age or years of service, leave of absence, sale or disposition of the Company or an affiliate, change in control or termination of employment. Additionally, up to five (5%) percent of the shares available for award under the 2016 Employee Plan can be granted with a vesting period of less than one (1) year.

Termination of Employment. Unless expressly provided otherwise by the Compensation Committee, upon termination of a participant's employment with the Company and its affiliates other than by reason of death, disability, retirement (with respect to RSAs and RSUs) or in connection with certain Change in Control-related events, as described in the 2016 Employee Plan, a participant's awards requiring exercise will cease to be exercisable and will terminate, award privileges shall be limited to the shares purchasable as of the date that employment was terminated and all awards to the extent not already fully vested will be forfeited. Generally, award privileges expire sixty days from the date employment is terminated unless modified by the Compensation Committee.

Performance-Based Compensation and Internal Revenue Code Section 162(m). Awards may be granted subject to the achievement of pre-determined performance criteria. In addition, in the event that the Compensation Committee grants an award that is intended to constitute qualified performance-based compensation within the meaning of Section 162(m) of the Code, the Compensation Committee in its discretion may condition payment under the award on the attainment of performance criteria. The Compensation Committee will establish these criteria within the time required to satisfy the applicable requirements of Section 162(m) of the Code and these criteria will be based on objectively determinable measures of performance related to invested assets, total assets, gross or net production, commissions, gross or net sales, revenues, operating income before income taxes, operating income, income before income taxes, net income, operating income or net income per share (basic or diluted), return ratios (including return on assets or net assets, return on average equity, return on investment, return on capital and return on sales), cash flows (including but not limited to operating cash flows, investing cash flows or financing cash flows), market share, cost or expense reduction goals, margins (including one or more of gross, operating and net income margins), one or more operating ratios, borrowing levels, debt or leverage ratios, cost of capital, credit ratings, stock price, total return to shareholders, total shareholders' equity, book value or book value per share, economic value added, working capital and productivity improvements, acquisitions or divestitures (in whole or in part), joint ventures and strategic alliances, spin-offs or split-ups and the like, reorganizations or recapitalizations, restructurings, financings (issuance of equity or debt), refinancings, regulatory achievements and implementation or completion of critical projects including business expansions, product diversification and new or expanded market penetration. Performance objectives may be described in terms of Company (consolidated), affiliate or business unit performance, either absolute or by relative comparison to other companies or any other external measure of the selected criteria. To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m) of the Code, the Compensation Committee may provide that the applicable performance criteria will be adjusted in an objectively determinable manner to reflect events (for example, but without limitation, acquisitions or dispositions) occurring during the performance period that affect the applicable criteria. Within the time periods required by Section 162(m), the Compensation Committee will determine whether the performance criteria have been attained and will certify such determination in writing to the extent an award is intended to satisfy the requirements of Section 162(m).

Change in Control. In the event of a Change in Control, as defined in the 2016 Employee Plan, the Compensation Committee will provide for the assumption, substitution or continuance of some or all of the outstanding awards under the 2016 Employee Plan or, alternatively, the cash out and termination of such awards, pursuant to the terms of the 2016 Employee Plan. Unless otherwise provided by the Compensation Committee, at the time of grant and set forth in the applicable award agreement, in the event of a Change in Control, the exercisability or vesting of each outstanding award will automatically accelerate and become fully vested or exercisable for the full number of shares of the Common Stock purchasable or cash payable under the award to the extent not previously exercised and will remain exercisable for the original term of the award.

Repricing Prohibited. The repricing of stock options or SARs, including canceling an outstanding option or SAR grant and providing a new grant in substitution, is prohibited by the 2016 Employee Plan. This provision cannot be amended without shareholder approval.

Amendment of the 2016 Employee Plan. The Compensation Committee may amend, suspend or terminate the 2016 Employee Plan or any portion thereof at any time, subject to shareholder approval, as the Compensation Committee determines necessary or advisable.

Term. Unless sooner terminated by the Board of Directors, the 2016 Employee Plan expires June 30, 2026, and no awards may be granted after such date.

Table of Contents

Federal Income Tax Consequences. The following is a discussion of certain federal income tax effects currently applicable to awards granted under the 2016 Employee Plan. The discussion is a summary only and the applicable law is subject to change.

NQSOs and SARs. Under current federal income tax regulations, no income tax consequences will be recognized by either the participant or the Company upon the grant of a non-qualified stock option or SAR. Upon the exercise of an NQSO or SAR, the participant will realize ordinary income in an amount equal to the excess of the fair market value of the Common Stock on the date of exercise over the exercise price of the option or SAR. The Company will generally receive a deduction for the same amount at that time. The gain, if any, realized by the participant upon the subsequent sale of the shares acquired upon exercise of an option will constitute short- or long-term capital gain, depending on the length of time the shares were held after exercise.

ISOs. Under current federal income tax regulations, generally there are no income tax consequences on the grant or exercise of an ISO. If the participant satisfies certain holding-period requirements, the increase in the value of the stock since the time of exercise, if any, realized upon the sale will be treated as long-term capital gain. In such a case, the Company is not entitled to a corresponding deduction. If the participant does not satisfy the holding-period requirements, the difference between the exercise price and the value of the stock at the time of exercise will be taxed at ordinary income tax rates and the difference between the value of the stock at the time of the sale over the amount recognized as ordinary income will be taxed as capital gain. The Company will generally be entitled to a deduction in the amount of the gain treated as ordinary income.

RSAs. Under current federal income tax regulations, generally no income tax consequences will be recognized by either the participant or the Company upon the award of restricted stock. A participant will realize ordinary income when the restrictions on the transferability of the shares expire. The Company will generally receive a deduction for the same amount at that time. The amount of income recognized will be equal to the fair market value of such shares on the date of vesting over the amount paid, if any, at the time of grant. Dividends on shares of restricted stock paid or payable to participants prior to the time the shares vest will be treated as additional compensation, and not dividend income, for federal tax purposes.

RSUs. Under current federal income tax regulations, no income tax consequences will be recognized by either the participant or the Company upon the award of RSUs. RSUs are entries on the Company's financial records representing an unfunded promise to distribute to the participant cash or a share of Common Stock once the restrictions lapse. When the cash or shares are received, the participant will realize ordinary income in an amount equal to the cash or fair market value of the shares. The Company will generally be entitled to a deduction of the same amount at that time.

New Plan Benefits. Awards that may be granted in the future to eligible participants under the 2016 Employee Plan are discretionary and therefore are not determinable. The following awards were

Proposal 3

Approval of an Amendment to the Amended and Restated American Equity Investment Life Holding Company 2014 Independent Insurance Agent Restricted Stock and Restricted Stock Unit Plan

On March 31, 2016, the Board of Directors approved an amendment to the Amended and Restated American Equity Investment Life Holding Company 2014 Independent Insurance Agent Restricted Stock and Restricted Stock Unit Plan ("2014 Agent Plan") to increase the number of shares authorized for issuance by 800,000 shares, subject to shareholder approval. The 2014 Agent Plan was approved by shareholders on June 4, 2015.

The 2014 Agent Plan provides for the issuance of awards up to an aggregate of 1,000,000 shares of Common Stock to non-employee independent agents of which there are approximately 35,000 currently. The number of shares authorized for issuance will increase by 800,000 if this proposal is approved. As of March 31, 2016, 31,478 shares of restricted stock (which are all vested) and 868,852 RSUs have been granted to non-employee independent insurance agents under the 2014 Agent Plan, resulting in 899,670 shares remaining available for issuance under the 2014 Agent Plan if this proposal is approved. Current executive officers, directors and employees are not eligible to receive awards under the 2014 Agent Plan. Unless sooner terminated by the Board of Directors, the 2014 Agent Plan will terminate on February 1, 2020 and no additional awards may be made under the 2014 Agent Plan after that date.

The following is a summary of certain provisions of the 2014 Agent Plan. This summary is qualified by reference to the complete text of the 2014 Agent Plan, which is attached as Appendix B to this proxy statement and is incorporated in this proxy statement by reference.

Administration. The 2014 Agent Plan will be administered by the Executive Committee of the Board of Directors. The Executive Committee has the authority, subject to the provisions of the 2014 Agent Plan, to amend or waive the provisions in the terms and conditions of the 2014 Agent Plan, including production criteria, eligibility of agents to receive an award, the time or times at which awards are granted, the number of shares of Common Stock subject to any award, any provisions related to vesting, circumstances in which an award may terminate and any other terms, conditions or restrictions on awards. The Executive Committee may from time to time adopt rules regarding sales production criteria and such other factors as the Executive Committee in its discretion shall deem relevant. Subject to the provisions of the 2014 Agent Plan, the Executive Committee has the authority to construe and interpret the 2014 Agent Plan and any award agreement, to prescribe, amend, waive or rescind rules or regulations related to the 2014 Agent Plan and to make all other determinations necessary or advisable for the administration of the 2014 Agent Plan, including, but not limited to, any determination to accelerate the vesting of outstanding awards. The Executive Committee has the authority and discretion to grant exceptions, on a case-by-case basis, to any of the provisions of the 2014 Agent Plan. The determination of the Executive Committee on matters relating to the administration of the 2014 Agent Plan is binding and final.

Types of Equity Awards. Restricted stock granted under the 2014 Agent Plan entitles the participant to shares of Common Stock subject to terms and conditions as determined by the Executive Committee. The holder of restricted stock will have all rights of a shareholder once the restricted stock vests and the participant receives shares in accordance with the 2014 Agent Plan terms and conditions. Restricted stock may not be sold or encumbered until all restrictions are terminated or expired.

RSUs granted under the 2014 Agent Plan entitle the participant to a right to receive shares of Common Stock subject to terms and conditions as determined by the Executive Committee.

Share Recycling. Shares withheld from an award to satisfy tax obligations or pay the exercise price of an award are not again available for issuance.

Table of Contents

Change of Control. Unless otherwise provided in the award agreement, upon a Change of Control (as defined in the 2014 Agent Plan), the vesting of each award will accelerate and any restrictions on exercise of the awards will lapse.

Transferability. Until an award of restricted stock or RSUs vests, participants may not sell, transfer, pledge or assign shares of restricted stock or RSUs awarded under the 2014 Agent Plan.

Death. Unless otherwise provided in the award agreement, if a participant dies the vesting of the award will accelerate and any restrictions on exercise of the award will lapse.

Governing Law. The 2014 Agent Plan will be governed, construed and administered in accordance with the laws of the State of Iowa.

Amendment or Termination of the Agent Plan. The Board of Directors may amend, alter, suspend or terminate the 2014 Agent Plan in any respect at any time; provided, however, that no amendment, alteration, suspension or termination of the 2014 Agent Plan will be made by the Board of Directors without the approval of each affected participant if such amendment, alteration, suspension or termination would adversely affect his or her rights or obligations under any award granted prior to the date of such amendment, alteration, suspension or termination or without shareholder approval to the extent such approval is required by applicable law or any exchange, market or other listing requirement.

Certain Federal Income Tax Consequences. Set forth below is a discussion of certain United States federal tax consequences with respect to restricted stock and RSUs. This discussion is based on the Code, judicial decisions and administrative interpretations thereof, as currently in effect as of the date hereof, all of which are subject to change. This discussion does not address all of the tax consequences that may be applicable to any particular participant. In addition to being subject to the federal tax consequences described below, a participant may also be subject to foreign, state, and local income or other tax consequences in the jurisdiction in which he works and/or resides.

Generally, a participant will not recognize any taxable income upon the award of restricted stock which is not transferable and is subject to a substantial risk of forfeiture. The participant will recognize taxable ordinary income at such time as the stock first becomes transferable or is no longer subject to a substantial risk of forfeiture, in an amount equal to the fair market value of the stock when such restrictions lapse. Dividends paid with respect to restricted stock prior to the lapse of such restrictions will be taxable as ordinary income to a participant when received. If a participant disposes of the stock after it has vested, any amount received in excess of the fair market value of the stock at the time the restrictions described above lapsed will be taxed as capital gains.

A participant will not recognize any taxable income upon the award of RSUs. A participant will have taxable income when an RSU vests and settles. The amount of ordinary income will be equal to the number of RSUs multiplied by the fair market value of the stock on the date of vesting and settling. Any dividend equivalents received during the period of restriction (or accrued and paid upon vesting) will be taxed as ordinary income to a participant when received, not dividend income.

Plan Awards. Awards under the 2014 Agent Plan are made by the Executive Committee in its discretion and depend on a number of factors, including the fair market value of shares of our Common Stock on future dates. Generally, future awards under the 2014 Agent Plan are discretionary and not determinable at this time. See the second paragraph of this proposal for cumulative grants under the 2014 Agent Plan since inception.

The affirmative vote of a majority of the shares of the Common Stock present in person or represented by proxy and entitled to be voted on the proposal at the Annual Meeting is required for approval of this proposal.

The Board of Directors unanimously recommends you vote FOR approval of the amendment to the 2014 Agent Plan.

Proposal 4
Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee has appointed KPMG LLP ("KPMG") as our independent registered public accounting firm for 2016. The Board of Directors requests that the shareholders ratify the appointment of KPMG. If the appointment of KPMG is not ratified by our shareholders, our Audit Committee may investigate the reasons for the shareholder rejection and may consider approving another independent registered public accounting firm.

Fees paid to KPMG for its services during the last two fiscal years were:

	2015	2014
Audit fees(1)	\$ 1,822,830	\$ 1,547,200
Audit-related fees(2)	210,075	30,075
Tax fees		
All other fees		
Total	\$ 2,032,905	\$ 1,577,275

(1) Audit fees include fees associated with the annual consolidated financial statements audit, audit of internal control over financial reporting, the reviews of our quarterly reports on Form 10-Q, annual audits of certain of our subsidiaries and audits required by regulatory authorities.

(2) Audit-related fees primarily include comfort letters and consents related to common stock offerings and registration statements and audits of employee benefit plans.

The Audit Committee is responsible for the appointment, retention, compensation and oversight of the independent registered public accounting firm. The Audit Committee has adopted policies and procedures for pre-approving services (audit and non-audit) and all fees for services performed by the independent registered public accounting firm. These policies were adopted in compliance with SOX and rules adopted by the SEC thereunder. In accordance with such policies and procedures, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to assure that the provision of such services does not impair the auditors' independence. These services may include audit services, audit-related services, tax services and other services. Permissible non-audit services are usually limited to fees for accounting assistance or audits in connection with acquisitions and other services specifically related to accounting or audit matters such as comfort letters related to common stock or debt offerings, audits of employee benefit plans and tax services. Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. The Audit Committee has delegated to the Chairman of the Audit Committee specific pre-approval authority provided that the estimated fee for any such engagement does not exceed \$25,000. The Chairman of the Audit Committee must report, for information purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. Requests to provide services that require separate approval by the Audit Committee will be submitted to the Audit Committee by both the independent registered public accounting firm and our Chief Financial Officer and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence. In fiscal year 2015, all of the services and fees described above were pre-approved by the Audit Committee.

We anticipate that representatives of KPMG will be present at the meeting, will be available to respond to questions concerning the 2015 audit and are permitted to make a statement if they so desire.

Proposal 5
Advisory Vote on Executive Compensation

As discussed in "INFORMATION REGARDING MANAGEMENT AND CERTAIN SECURITY HOLDERS *Compensation Discussion and Analysis*," our compensation policies and programs are designed to attract and retain highly qualified and motivated executive officers and employees, encourage and reward achievement of our annual and long-term goals and encourage executive officers and employees to become shareholders with interests aligned with those of other shareholders. The primary elements of compensation for most of our executive officers include: (1) base pay; (2) cash incentive compensation pursuant to the Short-Term Performance Incentive Plan; and (3) long-term incentive compensation. This compensation structure is central to the Company's ability to attract, retain and motivate individuals who can achieve superior financial results. Please refer to "INFORMATION REGARDING MANAGEMENT AND CERTAIN SECURITY HOLDERS *Compensation Discussion and Analysis*" for an overview of the compensation of the Company's named executive officers.

We are asking for shareholder approval of the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules under "INFORMATION REGARDING MANAGEMENT AND CERTAIN SECURITY HOLDERS *Compensation Discussion and Analysis*," the related compensation tables and the narrative discussion following the compensation tables. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the policies and practices described in this proxy statement. Accordingly, we ask our shareholders to vote on the following resolution:

"RESOLVED, the shareholders of American Equity Investment Life Holding Company approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the Company's Proxy Statement for the 2016 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2015 Summary Compensation Table and the other related tables and disclosures."

This vote is advisory and not binding on the Company, the Compensation Committee or the Board of Directors. The Board of Directors and Compensation Committee value the opinions of the Company's shareholders. To the extent there is a significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider those shareholders' concerns, and the Board of Directors and Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The affirmative vote of a majority of the shares of the Common Stock present in person or represented by proxy and entitled to be voted on the proposal at the Annual Meeting is required for approval of this advisory proposal.

The Board of Directors unanimously recommends you vote FOR the approval of the compensation of our named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

Board of Director's Oversight of Risk Management

The Company's Board of Directors administers its risk oversight function directly and through its committees. The Board of Directors participates in setting the Company's business strategy and plays a key role in the assessment of management's approach to risk. Through this process, the Board of Directors better understands and determines what level of risk is appropriate for the Company. While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board of Directors also have responsibility for risk management. Table of Contents

Non-Chair members of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee receive an additional \$3,000, \$1,500 and \$750 per quarter, respectively. Non-employee members of the Investment Committee and the Executive Committee receive an additional \$750 per quarter.

In 2015, non-employee directors also received \$70,208 in the form of a grant of restricted stock under our 2013 Director Equity and Incentive Plan (the "2013 Director Plan"). Under the 2013 Director Plan, directors who are not employees may receive grants of options, stock appreciation rights, restricted stock and restricted stock units convertible into or based upon our Common Stock. The Board of Directors believes that, although there is no policy requiring the directors to have a specified level of share ownership, it is important for directors to each own a meaningful amount of Common Stock. Non-employee directors own not less than seven times their respective annual cash retainer amount in Common Stock, except Mr. Matula, who was elected to the Board of Directors in December 2015.

The following table provides compensation information for 2015 for each member of the Board of Directors who was not an employee of the Company:

Meetings and Committees of the Board of Directors

The Board of Directors met seven times in 2015, and each of the directors attended at least 75% of the meetings of the Board of Directors and the committee meetings for any committee on which he or she served during 2015. We currently have five permanent committees described below. Under our Corporate Governance Guidelines, a director is invited and encouraged to attend the Annual Meeting. All directors, with the exception of A. J. Strickland, III, attended the Annual Meeting of Shareholders held June 4, 2015.

The **Executive Committee** performs the following functions, among others: (i) except as prohibited by applicable law, exercises, between meetings of our Board of Directors, all of the powers and authority of the Board of Directors in our direction and management; (ii) reviews corporate matters presented, or to be presented, to our Board of Directors; and (iii) makes recommendations to the Board of Directors on policy matters. The Executive Committee is comprised of Robert L. Howe, John M. Matovina, David J. Noble and Debra J. Richardson. They did not meet in 2015.

The **Audit Committee** performs the following functions, among others: (i) assists the Board of Director's oversight of (a) the integrity of our financial statements and systems of internal control over financial reporting; (b) our compliance with legal and regulatory requirements as they pertain to the financial statements and annual audit process; (c) our independent registered public accounting firm's qualifications and independence; and (d) the performance of our independent registered public accounting firm and our internal audit function; and (ii) prepares the annual report required to be prepared by the Audit Committee pursuant to the rules of the SEC. The Audit Committee is governed by a written charter approved by the Board of Directors. The charter is posted on our website at www.american-equity.com and is also available in print for any shareholder upon request. The Audit Committee met eight times in 2015.

The Audit Committee is comprised of three independent directors: Robert L. Howe, David S. Mulcahy and Harley A. Whitfield, Sr. The Audit Committee must include only directors who satisfy the independence requirements under SOX and the NYSE Rules. In addition, all Audit Committee members must have the ability to read and understand financial statements. The Board of Directors has determined that all members of the Audit Committee meet the applicable standards. In addition, the Board of Directors has determined that Mr. Howe and Mr. Mulcahy are "audit committee financial experts," as that term is defined under SOX.

The **Compensation Committee** performs the following functions, among others: (i) oversees our compensation and benefit plans and practices related to our Executive Chairman and Chief Executive Officer; (ii) makes recommendations to the Board of Directors with respect to other senior officers'

compensation, incentive compensation and equity-based plans; and (iii) produces an annual report on executive compensation disclosures as required by the SEC. The Compensation Committee is governed by a written charter approved by the Board of Directors. The charter is posted on our website at www.american-equity.com and is also available in print for any shareholder upon request. The annual report of the Compensation Committee is set forth below. The Compensation Committee met three times in 2015.

The Compensation Committee has the authority to engage compensation consultants, independent legal counsel and other advisers as it deems necessary. The Compensation Committee has engaged Pearl Meyer & Partners, an independent compensation consultant ("Pearl Meyer"), to provide advice and data with respect to compensation benchmarking and market practices. In 2015, Pearl Meyer worked with the Compensation Committee to develop recommendations regarding (i) base salaries of executive officers, (ii) short-term incentive compensation awards and (iii) long-term incentive compensation awards. In performing the annual assessment of the compensation consultant's independence, the Compensation Committee has reviewed, among other items, a letter from Pearl Meyer addressing its independence and the independence of the members of the consulting team serving the Compensation Committee, including the following factors: (i) the nature of any services provided to the Company by Pearl Meyer other than as described above, (ii) the amount of fees paid by the Company in relation to Pearl Meyer's total revenue, (iii) Pearl Meyer's policies and procedures designed to prevent conflicts of interest and (iv) the existence of any business or personal relationship or stock ownership that could impact the adviser's independence. Pursuant to SEC and NYSE rules, the Compensation Committee assessed the independence of Pearl Meyer in February 2015 and determined Pearl Meyer is independent from the Company's management and that no conflict of interest exists that would prevent Pearl Meyer from serving as an independent consultant for the Compensation Committee.

The Compensation Committee is comprised of two independent directors: A. J. Strickland, III and Harley A. Whitfield, Sr. Under the NYSE Rules, the Compensation Committee must be composed entirely of independent directors. The Board of Directors has determined that all members of the Compensation Committee meet the applicable standard.

The **Investment Committee** performs the following functions, among others: (i) oversees our general investment strategies, objectives, standards and limitations; (ii) oversees our use of derivatives and general hedging strategy; and (iii) reviews and monitors investment performance. The Investment Committee is comprised of Alexander M. Clark, James M. Gerlach, John M. Matovina, David J. Noble and Debra J. Richardson. The Investment Committee met two times in 2015.

The **Nominating and Corporate Governance Committee** performs the following functions, among others: (i) identifies and recommends candidates to fill positions on the Board of Directors; (ii) screens qualifications and backgrounds of director candidates; (iii) develops and recommends corporate governance principles for the Company as required by law; and (iv) evaluates the Board of Directors as a whole. The Nominating and Corporate Governance Committee is governed by a written charter approved by the Board of Directors. The charter is posted on our website at www.american-equity.com and is also available in print for any shareholder upon request. The Nominating and Corporate Governance Committee met three times in 2015.

The Nominating and Corporate Governance Committee is comprised of three independent directors: Joyce A. Chapman, Gerard D. Neugent and Harley A. Whitfield, Sr. Under the NYSE Rules, the Nominating and Corporate Governance Committee must be composed entirely of independent directors. The Board of Directors has determined that all members of the Nominating and Corporate Governance Committee meet the applicable standard.

Information Regarding the Company's Process for Identifying Director Nominees

The Company is committed to having a Board of Directors comprised of individuals who are accomplished in their fields, have the ability to make meaningful contributions to the Board of Directors' oversight of the business and affairs of the Company and have an impeccable record and reputation for honest and ethical conduct. The Nominating and Corporate Governance Committee will consider candidates recommended by shareholders. In considering candidates submitted by shareholders, the Nominating and Corporate Governance Committee will take into consideration the needs of the Board of Directors and the qualifications of the candidate. The Nominating and Corporate Governance Committee may also take into consideration the number of shares held by the recommending shareholder and the length of time the shares have been held.

To have a candidate considered by the Nominating and Corporate Governance Committee, a shareholder must submit the recommendation in writing and in accordance with the requirements of our Amended and Restated Bylaws.

The Nominating and Corporate Governance Committee may apply several criteria in identifying nominees. At a minimum, the committee shall consider (i) whether each such nominee has demonstrated, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board of Director's oversight of our business and affairs and (ii) the nominee's reputation for honesty and ethical conduct in his or her personal and professional activities. Additional factors which the Nominating and Corporate Governance Committee may consider include a candidate's specific experiences and skills, relevant industry background and knowledge, time availability in light of other commitments, potential conflicts of interest, material relationships with us and independence from management. The Nominating and Corporate Governance Committee also may seek to have the Board of Directors represent a diversity of backgrounds and experience.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised of A. J. Strickland, III and Harley A. Whitfield, Sr. The Board of Directors has affirmatively determined Dr. Strickland and Mr. Whitfield are independent under the requirements of SOX and the NYSE Rules. Mr. Whitfield has a relationship requiring disclosure under Item 404(a) of Regulation S-K. See "Policy Regarding Related Person Transactions" for a discussion of this relationship. None of the Company's Compensation Committee members has ever been an officer or employee of the Company or any of our subsidiaries, and during our last fiscal year, none of our executive officers served on the compensation committee or board of directors of any company that had one or more executive officers who served on our Board of Directors or our Compensation Committee.

Compensation Program Highlights:

Pay for performance philosophy demonstrated through significant compensation opportunity in the form of a performance-based annual cash incentive and long-term, performance-based restricted stock units.

The Company adopted a robust anti-hedging policy in 2015 prohibiting our executive officers and directors from engaging in hedging or monetization transactions, purchasing our securities on margin or borrowing against accounts holding our securities.

The Company offers limited perquisites to named executive officers.

Compensation Program and Philosophy

Our compensation policies and programs are designed to:

attract and retain highly qualified and motivated executive officers and employees;

encourage and reward achievement of our annual and long-term goals; and

encourage executive officers and employees to become shareholders with interests aligned with those of other shareholders.

Say-on-Pay Vote. At our annual meeting of shareholders held on June 4, 2015, our shareholders cast an advisory vote (a "say-on-pay" vote) to approve the compensation of our named executive officers as disclosed in our proxy statement for that meeting. Shareholders approved the say-on-pay proposal by the affirmative vote of 95.40% of the shares cast on that proposal. The Compensation Committee believes this affirms shareholders' support of the Company's approach during 2014 to executive compensation, and therefore the Compensation Committee did not materially change its approach to executive compensation in 2015. The Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our named executive officers.

General. The primary elements of compensation for the named executive officers in this proxy statement include:

Base pay;

Short-term incentive compensation pursuant to the Short-Term Performance Incentive Plan (the "Short-Term Plan"); and

Long-term equity incentive compensation through restricted stock and restricted stock units.

Base Pay. The Compensation Committee engages Pearl Meyer to provide advice and data with respect to compensation benchmarking and market practices for our named executive officers. To develop a blended market consensus base salary for the position of each named executive, Pearl Meyer

Table of Contents

utilized proxy data from 13 insurance companies having total assets in 2014 from \$4.6 billion to \$48.3 billion (American Financial Group, Inc., CNO Financial Group, Inc., Reinsurance Group of America, Incorporated, Symetra Financial Corporation, American National Insurance Company, W.R. Berkley Corporation, Torchmark Corporation, StanCorp Financial Group, Inc., Alleghany Corporation, FBL Financial Group, Inc., National Western Life Insurance Company, Horace Mann Educators Corporation, Kansas City Life Insurance Company). Pearl Meyer also utilized public and private survey data from 2014 for the financial service and insurance industries of companies having total assets targeted at \$45.5 billion.

Base salaries for our named executives are positioned approximately between the 25th and 50th percentile of the peer group levels with the objective of having salaries approximate the 50th percentile. In determining specific salaries for individuals, the executive's length of service in the position and experience are also considered. For our Executive Chairman, Mr. Noble, and Chief Executive Officer, Mr. Matovina, the Compensation Committee considers the combined salaries of the two positions in its evaluation of their base salaries and their incentive compensation awards. Consistent with the foregoing, the Compensation Committee approved the following base salaries effective July 1, 2015: Mr. Noble-\$805,000 and Mr. Matovina-\$715,000. For the other named executive officers, the Executive Chairman and the Chief Executive Officer recommend/approve base salary increases. The Executive Chairman and the Chief Executive Officer approved the following base salaries effective July 1, 2015: Mr. Johnson-\$490,000; Ms. Richardson-\$515,000 and Mr. Grensteiner-\$500,000. The increases in base salary for our named executive officers were at levels consistent with those offered to employees generally and ranged from 1.9% to 13.6%. Mr. Grensteiner received an above-average increase in recognition that his job performance, responsibilities and length of service with the Company warranted a higher level of base salary and that his benchmarking as a "Top Division Executive" understated the scope of his responsibilities.

Short-Term Incentive Compensation. On February 24, 2015, the Compensation Committee approved the structure of the 2015 short-term incentive compensation program (the "2015 Program") pursuant to the Short-Term Plan for senior management personnel, which includes the named executives. Under the 2015 Program, each named executive had a threshold, target and maximum incentive opportunity expressed as a percentage of base salary. These earning opportunities were tied to threshold, target and maximum performance goals established with respect to Invested Asset Growth and Return on Average Equity ("ROAE"), based on operating income and average stockholders' equity excluding accumulated other comprehensive income ("AOCI") and fair value changes in derivatives and embedded derivatives, for fiscal 2015. The Compensation Committee believes the combination of growth and returns creates the proper focus and alignment for maximizing short-term and long-term shareholder value creation. For purposes of calculating any incentive awards under the 2015 Program, Invested Asset Growth was weighted 50% and ROAE was weighted 50%. Each award earned under the 2015 Program was paid in cash.

For the named executives, the 2015 Program created a threshold, target and maximum award opportunity equal to 25%, 50% and 100%, respectively, of base salary. This represented an increase in the award opportunity from earlier years. The increased opportunity was based on analysis performed by the Compensation Committee in early 2015 which included the recommendation from Pearl Meyer to increase target short-term incentive opportunities in order to improve the competitiveness of target total cash compensation. That analysis showed that target total cash compensation of each named executive officer was near the 25th percentile but below the 50th percentile of our peer group. The increased opportunity in the 2015 Program positioned the target total cash compensation for each named executive officer between the 25th and 50th percentile of our peer group. The Compensation Committee believes these increased award opportunities are appropriate, competitive and do not create

Table of Contents

an incentive to take undue or unnecessary risk that could materially harm the Company. The following table shows our targets and achievement for the 2015 Program:

Metric	Threshold	Target	Maximum	Actual
ROAE	10%	11.5%	13%	11.91%
Invested Asset Growth	\$ 3.4 billion	\$ 3.9 billion	\$ 4.4 billion	\$ 5.5 billion

The results under the 2015 Program resulted in an award to each of the named executives equal to 81.81% of base salary.

On March 10, 2016, the Compensation Committee approved the structure of the short-term incentive plan for 2016, which is substantially similar to the 2015 Program. The short-term incentive compensation for fiscal year 2016 will be paid, if earned, in cash and is tied to threshold, target and maximum performance goals established with respect to Invested Asset Growth, weighted at 50%, and ROAE based on operating income and average stockholders' equity excluding AOCI and fair value changes in derivatives and embedded derivatives, weighted at 50%, with threshold, target and maximum award opportunities for fiscal year 2016 at 25%, 50% and 100% of base salary, respectively.

The specific performance goals for 2016 under the Short-Term Plan will be disclosed in next year's proxy statement. At the time the performance goals were approved by the Compensation Committee, it was believed that the performance targets reflected an appropriate degree of stretch but that they were attainable based on successful execution of the Company's business plan and the realization of macro-economic and stock market conditions reasonably aligned with the Company's near term expectations.

Long-Term Incentive Compensation. On February 24, 2015, the Compensation Committee also approved long-term incentive compensation and awarded restricted stock units to certain senior management personnel, including the named executives. In March 2016, the Compensation Committee amended the restricted stock unit award agreements to provide for their settlement in cash if earned. This amendment was due to an administrative issue related to the grant, which was made under an expired equity plan. The unit awards are tied to threshold and target performance goals for the three-year period ending December 31, 2017, established with respect to Invested Asset Growth, Operating Income and ROAE (based on operating income and average stockholders' equity excluding AOCI and fair value changes in derivatives and embedded derivatives), each weighted at 33¹/₃%, with threshold and target award opportunities at 20% and 40%, respectively, of base salary. The number of restricted stock units granted was equal to 40% of then current base salary divided by the closing price of the Company's common stock on February 24, 2015. This represented an increase in the award opportunity from earlier years. The increased opportunity was based on analysis performed by the Compensation Committee in early 2015 which included the recommendation from Pearl Meyer to increase target long-term incentive opportunities in order to improve the competitiveness of target total direct compensation. That analysis showed that target total direct compensation (i.e. base salary plus target short-term incentive opportunity plus target long-term incentive opportunity plus long-term equity compensation) of each named executive officer was below the 25th percentile of our peer group. The increased long-term incentive opportunity for 2015 positioned the target total direct compensation closer to the 25th percentile of our peer group for three of our named executive officers and slightly above the 25th percentile for the other two named executive officers. Fifty percent of the restricted stock units granted will be earned if we meet threshold performance goals and 100% of the restricted stock units granted will be earned if we meet target performance goals. At the time the performance goals were approved by the Compensation Committee, it was believed that the performance targets reflected an appropriate degree of stretch but that they were attainable based on successful execution of the Company's business plan and the realization of macro-economic and stock market conditions reasonably aligned with the Company's expectations.

Table of Contents

On March 10, 2016, the Compensation Committee approved restricted stock unit grants to certain employees, including the named executive officers. The awards were made subject to shareholder approval of the 2016 Employee Plan at the Annual Meeting. The restricted stock unit grants will be tied to threshold and target performance goals for the three-year period ended December 31, 2018, established with respect to Invested Asset Growth, Operating Income and ROAE (excluding AOCI and fair value changes in derivatives and embedded derivatives), each weighted at 33¹/₃%. The number of restricted stock units granted to the named executive officers was equal to 65% of then current base salary divided by the closing price of the Common Stock on March 10, 2016. 50% of the restricted stock units granted will be earned if the Company meets threshold performance goals and 100% of the restricted stock units will be earned if the Company meets target performance goals.

The specific performance goals for the three-year period ended December 31, 2018 will be disclosed in the proxy statement for 2019. At the time the performance goals were approved by the Compensation Committee, it was believed the performance targets reflected an appropriate degree of stretch but that they were attainable based on successful execution of the Company's business plan and the realization of macro-economic and stock market conditions reasonably aligned with the Company's long-term expectations.

Additionally, in March 2016, the Compensation Committee certified the performance results for the restricted stock units granted to our named executive officers in March 2013 for the three-year performance period ended December 31, 2015. As indicated in the table that follows, the Company's actual performance exceeded the target for each performance metric and 100% of the restricted stock units were earned. The number of shares of Common Stock issued to each named executive officer in settlement of the restricted stock units was as follows: Mr. Noble 15,595; Mr. Matovina 13,338; Mr. Johnson 8,003; Ms. Richardson 9,644 and Mr. Grensteiner 8,311. In addition, each named executive officer received a cash payment equivalent to the dividends on the restricted stock units earned for 2013, 2014 and 2015.

Metric	Threshold	Target	Actual
Invested Assets Growth (in millions)	\$ 8,550	\$ 10,450	\$ 12,854
Operating Income (in millions)	\$ 400	\$ 416	\$ 550
ROAE	10%	11%	12.7%

Stock Ownership and Long-Term Equity Compensation. We emphasize long-term equity compensation in our total compensation package for all employees and particularly for senior officers. We believe this helps align the interests of employees and officers with shareholders and creates an incentive to build our Common Stock value through growth in profitability targets including investment spread earnings on our annuity liability reserves, invested asset growth, net operating earnings and operating earnings return on average equity. Senior officers are encouraged to own shares of our Common Stock. In addition, long-term equity compensation has been provided in the form of stock options, restricted stock and restricted stock units granted under employee stock option and incentive plans. Although there is no policy requiring the named executive officers to have a specified level of share ownership, we note that our Executive Chairman owns twenty-six times his base salary in Common Stock, our Chief Executive Officer owns approximately five times his base salary in Common Stock and each of our named executive officers owns at least two times their respective base salaries in Common Stock.

In addition to the performance-based restricted stock units granted on February 24, 2015 as described above, on that same date, the Compensation Committee also granted shares of time-based restricted stock to certain Company employees, including the Company's named executive officers. The number of shares of restricted stock initially granted was equal to 10% of then current base salary divided by the closing price of the Common Stock on February 24, 2015 and was subject to a three year cliff vesting period, except for Mr. Noble's award which vested immediately as he had attained age 65

Table of Contents

and had 10 years of service with the Company. In March 2016, the Compensation Committee authorized cancellation of grants to those employees who received a grant on February 24, 2015. Each employee agreed to the cancellation of the grant. The grants were canceled due to an administrative issue related to the grant, which was made under an expired equity plan. The value of the grants is included in the Summary Compensation Table below, but no shares will be issued or issuable pursuant to the canceled grant. If the 2016 Employee Plan is approved by Shareholders, our Compensation Committee may grant shares of time-based restricted stock to the affected employees in 2016 taking into consideration the canceled 2015 grants.

Hedging and Pledging Restrictions. Our directors and executive officers are prohibited from engaging in forms of hedging or monetization transactions, such as certain types of forward contracts, equity swaps, collars, and exchange funds, which allow a shareholder to lock in much of the value of his or her stock holding without the full risks and rewards of stock ownership. In addition, directors and executive officers are prohibited from purchasing Company securities on margin or borrowing against any account in which shares of Common Stock are owned.

Change in Control, Separation and Retirement Arrangements. We have no written employment contracts or separation agreements with any of our named executive officers other than the Amended and Restated Retirement Benefit Agreement between the Company and Mr. Noble effective April 4, 2016 (the "Amended and Restated Retirement Benefit Agreement"). The Amended and Restated Retirement Benefit Agreement provides certain retirement benefits to Mr. Noble in recognition of his past services to the Company and in consideration for his consent to certain post-termination obligations. Under the Amended and Restated Retirement Benefit Agreement, Mr. Noble will retire as Executive Chairman of the Company effective July 1, 2016, and Mr. Noble will receive a monthly benefit equal to \$67,083 (1/12th of his annual salary in effect at the time of retirement) for 60 months. If Mr. Noble dies before the end of the 60-month period, payment will be made during the balance of the period (or, if less, for 24 months) to a trust designated by Mr. Noble. Additionally, during his lifetime, Mr. Noble will have access to Company aircraft for his personal use for a limited number of hours per year at no expense to him (other than applicable taxes) and will continue to receive health benefits generally available to the Company's senior executive officers under various Company benefit plans. The Amended and Restated Retirement Benefit Agreement also contains confidentiality, non-competition and non-solicitation provisions which continue for two years following Mr. Noble's retirement. Mr. Noble will continue to serve as Chairman of the Board of Directors. The Amended and Restated Retirement Benefit Agreement amends and restates the Retirement Benefit Agreement executed by the Company and Mr. Noble effective March 29, 2010 (the "Retirement Benefit Agreement"). The terms of the Retirement Benefit Agreement were negotiated in consultation with and following input from Pearl Meyer, the Compensation Committee's compensation consultant.

To promote retention of senior officers, we have entered into change in control agreements with a small group of our executives including each named executive officer except Mr. Noble. The terms of such agreements are described under "Potential Payments Upon Termination or a Change in Control".

Non-Qualified Deferred Compensation Arrangements. We permit senior officers of the Company to defer on an elective basis a specified portion of their base salaries and incentive compensation. Any deferrals must be made pursuant to a non-qualified deferred compensation agreement between the officer and the Company with deferred amounts contributed to the American Equity Officers Rabbi Trust. Mr. Noble and Ms. Richardson, who are the only named executives who currently participate in the deferred compensation program, direct their investment of deferred amounts and the return on investments is added to their deferred account balances. No above market returns are paid on deferred amounts. Mr. Noble and Ms. Richardson have each invested a portion of their deferred compensation accounts in our Common Stock and dividends paid on our Common Stock have been credited to their

Table of Contents

accounts. The balance of the deferred compensation accounts will be distributed to each executive who has elected to make such deferrals upon his or her death, disability or separation from service.

Other Compensation. We have a qualified 401(k) plan for all employees, who are eligible to participate after thirty days of employment and attainment of age 18. Starting January 1, 2016, we match 100% of employee contributions to the plan up to 3% of the employee's total eligible compensation and match 50% of employee contribution up to the next 2% of the employee's total eligible compensation, subject to the limitations specified in the Code. For contributions in 2015, we matched 50% of employee contributions to the plan up to 4% of the employee's total eligible compensation, subject to the limitations specified in the Code. In addition to the 401(k) plan, all employees participate in the ESOP as described below. We offer a package of insurance benefits to all employees including health, dental, long-term disability and life insurance. We offer limited perquisites to our named executive officers. The only perquisite available to our named executive officers in 2015 was personal use of the Company's aircraft.

The Company established the ESOP effective July 1, 2007. We make semi-annual discretionary contributions to the ESOP. The principal purpose of the ESOP is to provide each eligible employee with an equity interest in the Company. Employees become eligible once they have completed a minimum of six months of service. Employees become 100% vested after two years of service.

Tax Implications of Executive Compensation. Federal income tax law limits deductibility of compensation in excess of \$1 million paid to certain named executive officers unless this compensation qualifies as "performance-based compensation." While it is the general intent of the Company and the Compensation Committee to qualify the Company's executives' compensation for deductibility under applicable tax laws, where consistent with the Company's goals, the Compensation Committee may decide in certain circumstances to award compensation that is not tax deductible. We believe compensation awarded to our executive officers for 2015 that is not tax deductible is not material to the Company's tax liability and expect such will not be material in periods when paid, if different than the period when awarded. In addition, compensation paid in 2015 but awarded to our executive officers for prior years that was not tax deductible was not material to the Company's tax liability.

Compensation Committee Report

The Compensation Committee of American Equity Investment Life Holding Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

- (1) Amounts for 2015 reflect grant date fair value pursuant to FASB ASC Topic 718 of restricted stock units (assuming target performance goals are met) granted as previously described above under "Long-Term Incentive Compensation" in the Compensation Discussion and Analysis and restricted stock granted as previously described above under "Stock Ownership and Long-Term Equity Compensation" in the Compensation and Discussion Analysis. For further information, please see Footnote 11 Retirement and Share-Based Compensation Plans in the Notes to Consolidated Financial Statements of our Annual Report on Form 10-K for the year ended December 31, 2015. The per share fair value at the grant date was \$29.02. Amounts for 2015 include an award of restricted stock units with a grant date fair value (assuming payout at target) of \$315,999 for Mr. Noble, \$276,009 for Mr. Matovina, \$185,989 for Mr. Johnson, \$200,006 for Ms. Richardson and \$176,006 for Mr. Grensteiner and an award of time-based restricted stock of \$78,992 for Mr. Noble, \$69,010 for Mr. Matovina, \$46,490 for Mr. Johnson, \$50,001 for Ms. Richardson and \$43,994 for Mr. Grensteiner, all based on the market price of our common stock on the date of grant. As previously described under "Stock Ownership and Long-Term Equity Compensation" in the Compensation Discussion and Analysis, in April 2016, the Company canceled, with the consent of each named executive officer, the award of time-based restricted stock from 2015 and amended the award of restricted stock units to provide for cash settlement.
- (2) Amounts for 2014 and 2013 reflect grant date fair value pursuant to FASB ASC Topic 718 of restricted stock and restricted stock units granted under the long-term incentive and long-term equity compensation programs applicable for 2014 and 2013.
- (3) Amounts for 2015 consist of cash awards earned under the Short-Term Plan previously described above under "Short-Term Incentive Compensation" in the Compensation Discussion and Analysis. Amounts for 2014 and 2013 consist of cash awards earned under the short-term incentive compensation program applicable for 2014 and 2013.
- (4) The Company does not pay above-market earnings on deferred compensation. Therefore, no amounts are reported in this column for deferred compensation. The amounts in this column would represent the change in the actuarial present value of Mr. Noble's Retirement Benefit Agreement previously described above under "Change in Control, Separation and Retirement Agreements" in the

Table of Contents

No amount has been included for 2015, 2014 or 2013 as the actuarial present value of Mr. Noble's Retirement Benefit Agreement decreased during 2015, 2014 and 2013.

(5)

Mr. Noble's amount in 2015 includes \$75,015 for use of Company-owned aircraft and \$11,526 for the ESOP. Mr. Matovina's amount in 2015 includes \$20,168 for the ESOP. Mr. Johnson's amount in 2015 includes \$21,518 for the ESOP. Ms. Richardson's amount in 2015 includes \$20,779 for the ESOP. Mr. Grensteiner's amount in 2015 includes \$21,871 for the ESOP. In determining the aggregate incremental cost to the Company for the use of Company-owned aircraft, the Company uses a methodology that reflects the average cost of fuel and other variable costs (for example landing fees, catering and crew travel expenses). Because the Company owned aircraft are used primarily for business travel, the methodology excludes fixed costs that do not change based on usage, including pilot salaries and the cost of maintenance unrelated to non-business travel. When an aircraft is already flying to a destination for business purposes and one or more non-business passengers are on such flight, only the direct variable costs associated with the additional non-business passenger(s) are included in determining the incremental cost to the Company. If an aircraft flies empty before picking up or after dropping off one or more passengers flying for non-business reasons, this "deadhead" segment would be included in the incremental cost to the Company. On certain occasions, an executive's spouse, other family members or guest may accompany the executive on a flight when such persons are invited to attend an event for appropriate business purposes. No additional incremental cost is incurred by the Company in such situations under the methodology.

The following table provides information regarding grants of plan-based awards including restricted stock, restricted stock units and non-equity compensation granted to the named executives during 2015.

This award represents the estimated payout of the cash portion of the short-term incentive compensation program applicable for fiscal year 2015 previously described above under "Short-Term Incentive Compensation" in the Compensation Discussion and Analysis. The actual cash portion of the incentive compensation award amount is reflected above in the Summary Compensation Table under the heading "Non-Equity Incentive Plan Compensation."

(2)

This award represents the estimated payout of restricted stock units applicable for fiscal year 2015 previously described above under "Long-Term Incentive Compensation" in the Compensation Discussion and Analysis, which, if earned, will be settled in cash as a result of amendment to the awards in March 2016. The restricted

Table of Contents

stock units awards are tied to threshold and target performance goals for the three-year period ending December 31, 2017. The amount of restricted stock units granted that will be earned is dependent on the achievement of certain performance goals over a three year period. The number of restricted stock units granted was equal to 40% of then current base salary divided by the closing price of the Company's common stock on the grant date. If threshold performance goals are met, 50% of the restricted stock units granted will be earned and if target performance goals are met, 100% of the restricted stock units granted will be earned. Amounts included in the above table and amounts included in the Summary Compensation Table under the heading "Stock Awards" for the restricted stock units assume target performance goals will be met.

(3)

This award represents a restricted stock grant equal to 10% of then current base salary as previously described above under "Stock Ownership and Long-Term Equity Incentive Compensation" in the Compensation Discussion and Analysis. The restricted stock is reflected above in the Summary Compensation Table under the heading "Stock Awards" for the year 2015. As previously discussed, this grant was canceled in April 2016.

(4)

Calculated based on the per share grant date fair value of the restricted stock and restricted stock units pursuant to FASB ASC Topic 718.

The following table provides information about unvested restricted stock, unvested restricted stock units and unexercised stock options to acquire our Common Stock granted to named executives. The restricted stock vests in full on the date three years following the date the Compensation Committee approves the restricted stock award, which is the grant date. Vesting for restricted stock will accelerate upon death or upon attainment of age 65 and following 10 years of service with the Company. The restricted stock units vest on the date three years following the date the Compensation Committee approves the restricted stock unit award, which is the grant date, depending on whether or not threshold or target performance goals are met during the applicable three year period.

Pursuant to his Amended and Restated Retirement Benefit Agreement (described above under the heading "Change in Control, Separation and Retirement Agreements" in the Compensation Discussion and Analysis), Mr. Noble will receive \$67,083 ($\frac{1}{12}$ th of his annual salary in effect at the time of retirement) for 60 months. If Mr. Noble dies before the end of the 60-month period, payment will be made during the balance of the period (or, if less, for 24 months) to a trust designated by Mr. Noble. Additionally, during his lifetime, Mr. Noble will have access to Company aircraft for his personal use for a limited number of hours per year at no expense to him (other than applicable taxes) and Mr. Noble will continue to receive health benefits generally available to the Company's senior executive officers under various Company benefit plans. The table below reflects the value of the Retirement Benefit Agreement, which was in effect as of January 1, 2016, and does not reflect the terms of the Amended and Restated Retirement Benefit Agreement. The Retirement Benefit Agreement provided that Mr. Noble would receive a monthly benefit of \$67,083 or such higher amount which reflects one-twelfth of Mr. Noble's annual base salary as in effect at the time of his retirement for five years following his retirement and health benefits generally available to the Company's senior executive officers under various Company benefit plans.

Name	Plan Name	Pension Benefits	
		Present Value of Accumulated Benefit(1) (\$)	Payments During Last Fiscal Year (\$)

- (1) The accumulated benefit is based on estimates of the timing of Mr. Noble's retirement date as well as mortality assumptions from the A2000 Mortality Table. Health benefits are assumed to increase at a rate of 15% per year. The discount rate assumption was 3.90%.

Non-Qualified Deferred Compensation

The following table provides information concerning our non-qualified deferred compensation arrangements, including deferred compensation agreements with certain of the named executives permitting them to defer on an elective basis a specified portion of their base salaries and incentive compensation. Deferred amounts are contributed to individual accounts within the American Equity Officers Rabbi Trust. The individuals set forth below self-direct the investment of such accounts and such investments are made on open market terms. The earnings shown below are attributable to

contributions that in prior years were reported as compensation in the Summary Compensation Table applicable to the respective year.

Aggregate losses in 2015 include \$342,939 and \$160,682 for Mr. Noble and Ms. Richardson, respectively, from depreciation in the Company's common stock held in their non-qualified deferred compensation accounts.

Potential Payments Upon Termination or a Change in Control

We have no employment contracts or separation agreements with any of our named executive officers other than Mr. Noble's Amended and Restated Retirement Benefit Agreement. As discussed above under "Change in Control, Separation and Retirement Arrangements" in the Compensation and Discussion Analysis, Mr. Noble's Amended and Restated Retirement Benefit Agreement provides certain retirement benefit payments to Mr. Noble in recognition of his past services to the Company and in consideration for his consent to certain post-termination obligations.

As discussed below, we have change in control agreements with a small group of senior officers including each of the named executives, except Mr. Noble, which would provide payments and benefits to them in the event of the termination of their employment under certain circumstances following a change in control of the Company. In the absence of a change in control, however, regardless of the manner in which the termination of employment occurs (with the exception of death, disability and retirement for certain benefits), the named executives would be entitled only to the following:

Base salary to the termination date (two-week notice of termination by either the employer or employee is required), with no right to receive any cash bonus or incentive amounts not paid prior to notice of termination;

The right to exercise vested stock options within thirty or sixty days of the termination date depending on the terms of the stock options;

Distribution of the executive's 401(k) account and ESOP account;

Distribution of the executive's account, if any, pursuant to any deferred compensation arrangements including elective deferrals of salary or incentive, and earnings thereon;

COBRA benefits, if elected, for the purchase of medical and dental insurance;

The right to convert group life insurance to an individual policy without proof of insurability, at the executive's ongoing expense; and

The benefits described above under "Pension Benefits."

Under the change in control agreements, the named executives would have additional rights in the event of the termination of their employment following a change in control in defined circumstances including discharge without "cause" or voluntary resignation for "good

reason". A "change in control" is defined to include: (i) the acquisition by any person of 35% of the combined voting power of the Company; (ii) a majority of the directors originally on the Board of Directors (and with certain designated successors) ceasing to constitute a majority of the Board of Directors; (iii) a merger with

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form DEF 14A

another entity in which our voting securities cease to represent at least 50% of the combined voting power of the surviving entity; or (iv) the sale of substantially all of the assets of the Company. During the term of the agreement and during the period in which the executive is entitled to continued salary payments, the executive may not (i) solicit or entice any other employee to leave us or our affiliates to go to work for any competitor, or (ii) request or advise a customer or client of ours or our affiliates to curtail or cancel its business relationship with us or our affiliates.

If a qualifying termination of a named executive officer occurs within thirty-six months following a change in control, the executive would be entitled to the following in addition to the items set forth in the bullets above:

Salary continuation payments for three years, payable in installments for Mr. Matovina and Ms. Richardson and payable in a lump sum for Mr. Johnson and Mr. Grensteiner;

A cash lump sum equal to the amount of the target annual bonus that the executive would receive for the year in which the executive's termination occurs, prorated through the date of termination;

A cash lump sum equal to three times the executive's target annual bonus;

Automatic vesting of unvested stock options, unvested shares of restricted stock and unvested restricted stock units; and

Continuation of health, dental and life insurance benefits during the salary continuation period.

In addition, Mr. Matovina and Ms. Richardson would also receive an amount equal to a full gross-up for any excise tax incurred by them as a result of receiving change in control payments. Mr. Johnson's and Mr. Grensteiner's change in control agreements provide that if payments and benefits provided to them would constitute an "excess parachute payment" for purposes of Section 280G of the Code, they would have their payments and benefits reduced to the highest amount that could be paid without triggering Section 280G of the Code or, if greater, receive the after-tax amount of the payment taking into account the excise tax imposed under Section 4999 of the Code and any applicable federal, state and local taxes.

The following table sets forth the estimated amount of compensation each of the named executive officers would receive under the retirement or change in control situations, as applicable, discussed above. The table assumes that such terminations occurred at December 31, 2015. No pro-rated portion of target annual bonus amounts is included for the year of termination since there would be no such reduction for a termination occurring on December 31.

- (2) Our employee stock option plans, restricted stock awards and restricted stock unit awards provide for automatic vesting upon a change in control or upon death or disability. For information concerning unvested restricted stock and restricted stock units, see the Outstanding Equity Awards table above. These values were calculated using the value of the Company's common stock as of December 31, 2015.
- (3) This calculation assumes a total effective rate of state and federal income taxes of 48%.
- (4) Mr. Noble's base salary is five times his current salary as under his Retirement Benefit Agreement he would receive a monthly benefit equal to one-twelfth of his base salary as in effect at the time of his retirement for five years following his retirement. Mr. Noble's group insurance benefits will continue during his lifetime. We have assumed the group insurance benefit will continue for five years beyond his termination/retirement date for purposes of the above table.

The 2007 Agent Plan, the 2010 Agent Plan, the 2012 Agent Plan (the "Agent Plans") included in the "Equity compensation plans not approved by shareholders" line in the table above are intended to benefit the Company and its shareholders by assisting the Company's wholly-owned operating subsidiary, American Equity Investment Life Insurance Company, in attracting and retaining certain independent agents of outstanding ability and to align the interests of such independent agents with those of the Company's shareholders by increasing their long-term financial stake in the Company's continued success through the use of stock options. The 2007 Agent Plan and the 2010 Agent Plan both provided for the issuance of up to an aggregate of 2,500,000 shares of Common Stock. The 2012 Agent Plan provided for the issuance of up to an aggregate of 3,000,000 shares of Common Stock. Each of the Agent Plans has terminated as to future awards without affecting the validity of options outstanding. The Agent Plans are administered by the Company's Executive Committee. The Executive Committee has the authority to determine sales production criteria for the receipt of awards, the terms of all awards and provisions relating to vesting and any other terms and conditions or restrictions the Executive Committee deems appropriate. Options awarded under the Agent Plans are not transferable other than by will or the laws of descent and distribution. If there is a Change of Control, as defined in the Agent Plans, or the independent insurance agent dies, the vesting of all outstanding options will accelerate and any other restrictions will lapse.

We recognize that Related Person Transactions (as defined below) may raise questions among shareholders as to whether those transactions are consistent with the best interests of the Company and its shareholders. It is our policy to enter into or ratify Related Person Transactions only when the Board of Directors, acting through our Audit Committee or as otherwise described herein, determines that the Related Person Transaction in question is in, or is not inconsistent with, the best interests of

Therefore, the Company has adopted the procedures below for the review, approval or ratification of Related Person Transactions.

To deal with the potential conflicts inherent in such transactions, our Audit Committee adopted a written policy regarding Related Person Transactions. For the purposes of this policy, a "Related Person Transaction" is a transaction, arrangement, or relationship (or any series of similar transactions, arrangements, or relationships) in which the Company was, is, or will be a participant and the amount involved exceeds \$120,000, and in which any related person had, has, or will have a direct or indirect material interest, and a "related person" means:

any immediate family member of any of the foregoing persons; and

any firm, corporation, or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Any proposed transaction with a related person shall be consummated or amended only if the following steps are taken:

Counsel (either inside or outside) will assess whether the proposed transaction is a Related Person Transaction for purposes of this policy.

If counsel determines that the proposed transaction is a Related Person Transaction, the proposed transaction shall be submitted to the Audit Committee for consideration at the next committee meeting or, in those instances in which counsel, in consultation with the Chief Executive Officer or the Chief Financial Officer, determines that it is not practicable or desirable for us to wait until the next committee meeting, to the Chairman of the Audit Committee (who has been delegated authority to act between committee meetings).

The Audit Committee, or where submitted to the Chairman of the committee, the Chairman, shall consider all of the relevant facts and circumstances available to the committee or the Chairman, including (if applicable) but not limited to: (i) the benefits to the Company; (ii) the impact on a director's independence in the event the related person is a director, an immediate family member of a director, or an entity in which a director is a partner, shareholder, or executive officer; (iii) the availability of other suppliers or customers for comparable products or services; (iv) the terms of the transaction; and (v) the terms available to unrelated third parties or to employees generally.

The Audit Committee (or the Chairman) shall approve only those Related Person Transactions in, or not inconsistent with, the best interests of the Company and its shareholders, as the committee (or the Chairman) determines in good faith. The Audit Committee or Chairman, as applicable, shall convey the decision to counsel, who shall convey the decision to the appropriate persons within the Company.

At the Audit Committee's first meeting of each fiscal year, the committee shall review any previously approved Related Person Transactions that remain ongoing and have a remaining term of

more than six months or remaining amounts payable to or receivable from the Company of more than \$120,000. Based on all relevant facts and circumstances, taking into consideration the Company's contractual obligations, the committee shall determine if it is in the best interests of the Company and its shareholders to continue, modify, or terminate the Related Person Transaction.

The Company employs Harley Whitfield, Jr., the son of director Harley Whitfield, Sr., as Senior Vice President, Resolutions. Mr. Whitfield, Jr. has been employed by the Company since 1996. For 2015, Mr. Whitfield, Jr.'s compensation paid by the Company totaled approximately \$125,000, which includes salary, bonus, ESOP contribution and company match of 401(k) contributions.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act generally requires the officers and directors of a reporting company, and persons who own more than ten percent of a registered class of a reporting company's equity securities, to file reports of beneficial ownership and changes in beneficial ownership with the SEC. Based solely on our review of the copies of such reports received by us, or upon written representations received from certain reporting persons, we believe that during 2015, our officers, directors and ten-percent shareholders complied with all Section 16(a) filing requirements applicable to them, except a Form 4 was not timely filed for Alexander M. Clark reporting a transaction involving 1,000 shares.

ARTICLE III

ADMINISTRATION

3.1 The Committee shall administer the Plan and shall have plenary authority and discretion, subject to the provisions of the Plan, to select the Participants to receive Awards and shall determine the terms and conditions of the Awards. The Committee has discretionary authority, subject only to the express provisions of the Plan, to interpret the Plan, determine eligibility for and grant Awards, determine, modify or waive the terms and conditions of any Award, prescribe forms, rules and procedures and otherwise do all things necessary to carry out the purposes of the Plan. In making these determinations, the Committee may take into account the nature of the services rendered by the Participants, their present and potential contributions to the success of the Company and its Affiliates, and such other factors as the Committee in its discretion shall deem relevant. The determinations of the Committee on the matters referred to in this Article III shall be binding and final.

3.2 Notwithstanding anything else, transactions under this Plan, to the extent they would otherwise be subject to Section 16 of the Exchange Act, are intended to comply with all applicable conditions of Rule 16b-3 or its successors under Section 16 of the Exchange Act. To the extent any provision of the Plan or action by the Committee fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee.

3.3 The Committee may make Covered Awards hereunder. The exercisability and/or payment of such Covered Awards may, to the extent required to qualify as performance-based compensation under Section 162(m), be subject to the achievement of performance criteria based upon one or more Performance Objectives and to certification of such achievement in writing by the Committee. The Committee may in its discretion reduce the amount of such Covered Awards that would otherwise become exercisable and/or payable upon achievement of such Performance Objectives and the certification in writing of such achievement, but may not increase such amounts. Any such Performance Objectives, to the extent required to qualify as performance-based compensation under Section 162(m),

Table of Contents

shall be established in writing by the Committee not later than the time period prescribed under Section 162(m). Notwithstanding anything set forth in the Plan to the contrary, all provisions of such Awards which are intended to qualify as performance-based compensation under Section 162(m) shall be construed in a manner to so comply.

ARTICLE IV

ELIGIBILITY

4.1 Participants will be selected by the Committee and shall include individuals who, in the judgment of the Committee, have contributed, are contributing or are expected to contribute to the creation of value for the Company and its shareholders. Designation as a Participant will apply only for the year or Award for which the designation is made and may include a partial year.

ARTICLE V

STOCK SUBJECT TO THE PLAN

5.1 *Number of Shares Reserved.* Subject to adjustment as provided in Section 10.2 hereof, the maximum number of Shares that may be delivered under or in satisfaction of Awards under the Plan is 2,500,000 Shares. The maximum number of Shares that may be delivered under or in satisfaction of any Incentive Stock Options is 250,000 Shares.

5.2 *Unvested Awards Available for Grant.* If an Award expires or terminates for any reason without having been fully exercised, the unissued Shares which had been subject to such Award shall become available for the grant of additional Awards.

5.3 *Reversion to the Plan.* For the avoidance of doubt, if an outstanding Award for any reason expires or is terminated or canceled without having been exercised or settled in full, or if Shares acquired pursuant to an Award subject to forfeiture or repurchase are forfeited or repurchased by the Company for an amount not greater than the Participant's purchase price, the Shares allocable to the terminated portion of such Award or such forfeited or repurchased Shares shall again be available for issuance under the Plan. Shares shall not be deemed to have been issued pursuant to the Plan with respect to any portion of an Award that is settled in cash or other property (other than Shares) and shall be treated as forfeited and shall again be available for issuance under the Plan. Upon payment in Shares pursuant to the exercise of an SAR, the number of Shares available for issuance under the Plan shall be reduced as provided in Section 7. Shares withheld from an Award in satisfaction of withholding taxes as described in Section 9.8 or in payment of the exercise price of any Award requiring exercise shall not again be available for issuance under the Plan. Shares repurchased by the Company using stock option exercise proceeds will not again be available for issuance under the Plan. If any Shares subject to an award granted under the Former Plan are forfeited, canceled, exchanged or surrendered, settled in cash or such award otherwise terminates or expires without a distribution of Shares, such Shares shall, to the extent of any such forfeiture, cancellation, exchange, surrender, settlement, termination or expiration, be available for Awards under the Plan.

5.4 *Certain Other Company Awards.* Common Stock issued under awards granted by another company ("other company awards") and assumed by the Company in connection with a merger, consolidation, stock purchase or similar transaction, or issued by the Company under awards substituted for other company awards in connection with a merger, consolidation, stock purchase or similar transaction, shall not reduce the Shares available for Awards under the Plan; provided, that the maximum number of Shares that may be issued pursuant to Incentive Stock Options (as defined below) shall be determined in a manner consistent with Section 422 and the rules thereunder.

Table of Contents

5.5 *Limit on Individual Grants.* The following limits on individual Awards shall apply: the maximum number of Shares subject to Options granted to any Participant, and that may be granted as SARs, RSUs and RSAs pursuant to Sections 7 or 8 to any Participant, shall not exceed an aggregate of 300,000 in any calendar year, subject in each case to adjustment under Section 10.2.

ARTICLE VI

STOCK OPTIONS

6.1 *Designation of Options as Incentive or Non-qualified.* Options granted under the Plan shall be either Incentive Stock Options ("ISOs") or Non-qualified Stock Options ("NQSOs"), as designated by the Committee. Each Option granted under the Plan shall be clearly identified either as an ISO or a NQSO and shall be evidenced by an Agreement that specifies the terms and conditions of the grant. In the event the Committee shall fail to identify any Option granted as an ISO or NQSO, such Option shall be a NQSO. Options granted shall be subject to the terms and conditions set forth in this Article VI and such other terms and conditions not inconsistent with this Plan as the Committee may specify. All ISOs shall comply with the provisions of the Code governing incentive stock options and with all other applicable rules and regulations. The Committee shall determine the number of Shares subject to each Option and the exercise price therefore, which shall not be less than 100% of the Fair Market Value of the Common Stock on the Date of Grant. An ISO granted to an employee described in Section 422(b) of the Code must have an exercise price that is not less than 110% of such fair market value.

6.2 *Option Period.* The Option Period for Options granted shall be determined by the Committee, subject to such terms and conditions as the Committee may specify in the Award Agreement or thereafter; provided, however, that (a) an Option shall not be exercisable after ten years (five years in the case of an ISO granted to a Ten-Percent Shareholder) from its Date of Grant; and (b) in the case of the termination of employment of an Optionee, or the death or Disability of an Optionee, the Option Period shall be as set forth in Section 9.7 below. Notwithstanding anything contained herein to the contrary, an ISO may not be exercised after the period provided in Treas. Reg. Section 1.422-2(a) (2)(iii) and Treas. Reg. Section 1.422-2(d).

6.3 *Notice of Exercise.* An Option may, subject to the terms of the applicable Award Agreement under which it is granted, be exercised in whole or in part by the delivery to the Company of written notice of the exercise, in such form as the Committee may prescribe, accompanied by full payment of the Option Price for the Shares with respect to which the Option is exercised as provided in Section 6.4 hereof.

6.4 *Payment of Exercise Price.* Payment of the aggregate Option Price for the Shares with respect to which an Option is being exercised shall be made in cash; provided, however, that the Committee, in its sole discretion, may provide in an Award Agreement that part or all of such payment may be made by the Optionee in one or more of the following manners:

- (1) By delivery (including constructive delivery) to the Company of Shares valued at Fair Market Value on Date of Exercise; or
- (2) By delivery on a form prescribed by the Committee of a properly executed exercise notice and irrevocable instructions to a registered securities broker approved by the Committee to sell Shares and promptly deliver cash to the Company.

6.5 *Minimum Exercise.* No Option may be exercised for fewer than one hundred (100) Shares.

6.6 *Vesting Period.* Each Award evidencing the grant of any Options shall set forth a specified vesting schedule established by the Committee.

Table of Contents

6.7 *Acceleration of Vesting.* If an Option contains a vesting schedule or has not become fully exercisable as of the date of the Optionee's death or Disability, such vesting schedule will automatically be accelerated, and/or any other restrictions to exercise may be removed upon the death or Disability of the Optionee.

ARTICLE VII

STOCK APPRECIATION RIGHTS

7.1 *Grant of SARs.* Subject to the provisions of the Plan, the Committee may grant rights to receive any excess in value of Shares over the base value of the rights ("SARs"). The Committee shall determine at the time of grant or thereafter whether SARs are settled in cash, Common Stock or other securities of the Company, Awards, or other property, and may define the manner of determining the excess in value of the Shares. The committee shall fix the base value of each SAR, which shall not be less than 100% of the Fair Market Value of the Common Stock at the Date of Grant.

7.2 *Terms and Conditions.* Each SAR shall be exercisable at such times and subject to such terms and conditions as the Committee may specify in the Award Agreement or thereafter. The Committee may impose such conditions with respect to the exercise of SARs, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable. At the time of the grant of an SAR, the Committee may impose such restrictions or conditions to the vesting of such SAR as it, in its absolute discretion, deems appropriate, including requiring the achievement of Performance Objectives. To the extent that a grant of an SAR is to vest based solely upon the continued employment of the Participant, such SAR shall vest six months after the date of the grant. The Expiration Date of each SAR shall be ten (10) years from the Date of Grant thereof, or at such earlier time as the Committee shall state in the Award Agreement.

7.3 *No Net Share Counting.* SARs to be settled in Shares shall be counted in full against the number of Shares available for award under the Plan under Section 5.1 regardless of the number of Shares issued upon settlement of the SAR.

ARTICLE VIII

RESTRICTED STOCK UNITS, RESTRICTED STOCK AWARDS AND OTHER AWARDS

8.1 *Restricted Stock Units.* The Committee may grant Awards consisting of units representing Shares ("RSUs"). Each RSU shall represent the unfunded and unsecured commitment of the Company to deliver to the Participant at a specified future date or dates one or more Shares or, if specified in the Award, cash equal to the Fair Market Value of the Award, in any case subject to the satisfaction of any vesting or other terms and conditions established with respect to the Award as the Committee may determine. No Participant or Designated Beneficiary holding RSUs shall be treated as a shareholder with respect to the Shares subject to the Award unless and until such Shares are actually delivered under the Award. RSUs may not be sold, assigned, transferred, pledged or otherwise encumbered. The Committee may make Awards of RSUs that are subject to restrictions or forfeiture on such terms and conditions as the Committee may determine from time to time.

8.2 *Restricted Stock Awards.* The Committee may grant Awards of Shares subject to forfeiture ("RSAs") and determine the duration of the period (the "Restricted Period") during which, and the conditions under which, the Shares may be forfeited to the Company and the other terms and conditions of such Awards. RSAs may not be sold, assigned, transferred, pledged or otherwise encumbered during the Restricted Period. RSAs shall be evidenced in such manner as the Committee may determine. Any certificates issued in respect of RSAs shall be registered in the name of the Participant and unless otherwise determined by the Committee, deposited by the Participant, together with a stock power endorsed in blank, with the Company. At the expiration of the Restricted Period,

Table of Contents

the Company shall deliver such Shares, along with any certificates, to the Participant or if the Participant has died, to the Participant's Designated Beneficiary.

8.3 *Terms and Conditions.* At the time of the grant of RSUs or RSAs, the Committee shall determine the price, if any, to be paid by the Participant for each share subject to the Award. At the time of the grant of RSUs or RSAs the Committee may impose such restrictions or conditions to the vesting of such Shares as it, in its absolute discretion, deems appropriate, including requiring the achievement of Performance Objectives. To the extent that a grant of Awards is to vest based solely upon the continued employment of the Participant, such Award shall vest pursuant to a schedule as the Committee may determine.

ARTICLE IX

GENERAL PROVISIONS APPLICABLE TO AWARDS

9.1 *Documentation and Legal Conditions on Delivery of Stock.* Each Award shall be evidenced by a written document delivered to the Participant or agreement executed by the Participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan or to comply with applicable tax and regulatory laws and accounting principles. The Company will not be obligated to deliver any Shares pursuant to the Plan or to remove any restriction from Shares previously delivered under the Plan until: (i) the Company's counsel has approved all legal matters in connection with the issuance and delivery of such Shares; (ii) if the outstanding Stock is at the time of delivery listed on any stock exchange or national market system, the Shares to be delivered have been listed or authorized to be listed on such exchange or system upon official notice of issuance; and (iii) all conditions of the Award have been satisfied or waived. If the sale of Stock has not been registered under the Securities Act of 1933, as amended, or if the Company determines that the registration statement covering the sale of Stock is not available, the Company may defer the sale until such time as it determines that the registration statement is available and may delay the applicability of any provisions of the Award during any period of unavailability. The Company may require that certificates evidencing Stock issued under the Plan bear an appropriate legend reflecting any restriction on transfer applicable to such Stock.

9.2 *Application of Code Section 409A.* Awards under the Plan are intended either to be exempt from the rules of Section 409A or to satisfy those rules, and shall be construed accordingly. Granted Awards may be modified at any time, in the Committee's discretion, so as to increase the likelihood of exemption from or compliance with the rules of Section 409A. In the event a Participant is prohibited from executing market trades by reason of the application of the federal securities laws or for any other reason determined by the Committee, the Committee may extend the exercise period of an Award to the extent permitted by Section 409A.

9.3 *Committee Discretion.* Awards may be made alone or in combination with other Awards, including Awards of other types. The terms of Awards of the same type need not be identical, and the Committee need not treat Participants uniformly (subject to the requirements of applicable law). Except as otherwise expressly provided by the Plan or a particular Award, any determination with respect to an Award may be made by the Committee at the time of grant or any time thereafter.

9.4 *Dividends and Cash Awards.* In the discretion of the Committee, any Award under the Plan may provide the Participant with (i) dividends or dividend equivalents payable (in cash or in the form of Awards under the Plan) currently or deferred with or without interest and (ii) cash payments in lieu of or in addition to an Award.

9.5 *Leaves of Absence.* Awards held by a Participant on an approved leave of absence shall continue to vest in accordance with their terms during the leave of absence as if the Participant was an

Table of Contents

active employee unless otherwise agreed to in writing between the Company and the Participant or otherwise set forth in the Award agreement; provided, however, in the event of an ISO, such leave of absence shall not exceed ninety (90) days unless reemployment is guaranteed by law or contract.

9.6 *Termination of Employment.* Unless the Committee expressly provides otherwise, the following rules shall apply in connection with the cessation of a Participant's employment with the Company and its Affiliates. Immediately upon the cessation of the Participant's employment with the Company and its Affiliates, an Award requiring exercise will cease to be exercisable and all Awards to the extent not already fully vested will be forfeited, except that:

- (1) Disability or Death of Participant. If a Participant's employment with the Company is terminated due to the Participant's death or Disability, such Participant's Awards, including any Awards the vesting of which have been accelerated pursuant to Section 6.7 herein, shall expire unless exercised by the earlier of (i) expiration of the term of the Award and (ii) the date that is one (1) year after the date that such Participant's employment was terminated. In the event of the death of a Participant, such Participant's Awards may be exercised by the Participant's designated beneficiary. Nothing contained herein shall be construed to extend the ultimate term of the Award beyond the period of time as set out above;
- (2) Termination of Employment. Upon termination of a Participant's employment with the Company, or the relevant Affiliate, such Participant's rights with respect to any Awards shall be limited to Shares purchasable by such Participant as of the date that such Participant's employment was terminated, and such Award shall expire on the earlier of (i) expiration of the term of the Award and (ii) sixty (60) days after the date that such Participant's employment was terminated. Nothing contained herein shall be construed to extend the ultimate term of the Award beyond the period of time as set out above;
- (3) All Options and SARs held by a Participant or a Participant's permitted transferees, if any, immediately prior to the cessation of the Participant's employment For Cause (including any portion of the Award that is then exercisable) shall terminate at the commencement of business on the date of such termination;
- (4) All RSUs and RSAs, in each case held by a Participant immediately prior to the Participant's death, Retirement or termination as a result of Disability, to the extent not previously vested, shall vest and become non-forfeitable; provided, however, that the applicable grants with respect to such Awards shall provide for payment terms that comply with, or are exempt from, the requirements of Section 409A;
- (5) All RSUs and RSAs held by a Participant or a Participant's permitted transferees, if any, immediately prior to the cessation of the Participant's employment for reasons other than death, Disability or Retirement shall terminate at the close of business on the date of such termination; and
- (6) All RSUs and RSAs held by a Participant or a Participant's permitted transferees, if any, immediately prior to the cessation of the Participant's employment For Cause shall terminate at the commencement of business on the date of such termination.

Unless the Committee expressly provides otherwise, a Participant's employment with the Company and its Affiliates will be deemed to have ceased upon termination of the Participant's employment with the Company and its Affiliates (whether or not the Participant continues in the service of the Company or its Affiliates in some capacity other than that of an employee of the Company or its Affiliates).

9.7 *Transferability.* No Award may be transferred other than by will or the laws of descent and distribution and may be exercised during the life of a Participant only by the Participant, except that, as to Options other than ISOs, the Committee may in its sole discretion permit certain transfers to the

Table of Contents

Participant's family members or to certain entities controlled by the Participant or his or her family members.

9.8 *Withholding Taxes.* The Participant shall pay to the Company, or make provision satisfactory to the Committee for payment of, any taxes or social insurance contributions required by law to be withheld with respect to Award under the Plan no later than the date of the event creating tax liability. The Company and its Affiliates will, to the extent permitted by law, deduct any such tax or social insurance obligations from any payment of any kind due the Participant hereunder or otherwise. In the Committee's discretion, the minimum tax or social insurance obligations required by law to be withheld in respect of Awards may be paid in whole or in part in Shares, including Shares retained by the Company from the Award creating the obligation, valued at their Fair Market Value on the date of retention or delivery. In particular, but not in limitation of the foregoing, with respect to Awards of RSUs and RSAs, the Company shall withhold from the payment of an Award and shall retain that number of Shares the Fair Market Value of which is equal to the amount of tax required to be withheld and paid on the date of retention or delivery.

9.9 *Option or SAR Repricing.* Without the affirmative vote of holders of a majority of the Shares in person or by proxy at a meeting of the shareholders of the Company at which a quorum representing a majority of all outstanding Shares is present or represented by proxy, neither the Board nor the Committee shall approve either (a) the cancellation of outstanding Options or SARs and the grant in substitution thereof of new Options or SARs having a lower exercise price or base value, as the case may be, or (b) the amendment of outstanding Options or SARs to reduce the exercise price or base value, as the case may be, thereof. This paragraph shall not be construed to apply to: (i) "issuing or assuming a stock option in a transaction to which Section 424(a) applies" within the meaning of Section 424 of the Code; or (ii) adjustments made pursuant to Section 10.1 or Section 10.2.

9.10 *Amendment of Award.* Except as otherwise expressly provided in the Plan, and subject to the provisions contained in this Section 9.10, the Committee may amend, modify or terminate any outstanding Award, including substituting therefore another Award of the same or a different type, changing the date of exercise or realization and converting an ISO to an NQSO; provided, however, that if shareholder approval is required by law or the rules of the applicable exchange on which common stock of the Company is then publicly traded, such amendment shall not become effective until such shareholder approval is obtained. Any such action shall require the Participant's consent unless the Committee determines that the action would not materially and adversely affect the Participant.

9.11 *Cancellation and Rescission of Awards.* Unless the Award agreement specifies otherwise, the Committee may cancel, rescind, withhold or otherwise limit or restrict any unexpired or unpaid Award at any time if the Participant is not in compliance with all applicable provisions of the Award agreement and the Plan, or if the Participant engages in any Detrimental Activity.

9.12 *Minimum Vesting.* An Award granted under the Plan after the effective date of the Plan shall not vest prior to the first anniversary of the Date of Grant of the Award. Notwithstanding the foregoing, the Committee may grant Awards that vest within one year following the Date of Grant (a) due to the Participant's Retirement, death, Disability, leave of absence, termination of employment, attainment of a specified age or years of service or upon the sale or other disposition of the Participant's employer or any other similar event, as determined by the Committee, (b) as otherwise provided in Section 10.1 or (c) of an Award described in Section 5.4. In addition, up to 5% of the Shares authorized for issuance under the Plan pursuant to Section 5.1 (as adjusted in accordance with Section 10.2) may be granted as Awards that provide for vesting within one year following the Date of Grant.

ARTICLE X

EFFECT OF CERTAIN TRANSACTIONS

10.1 *Change in Control.* Except as otherwise expressly provided in an Award, upon a Change in Control, all Awards shall automatically accelerate so that each such Award shall become fully vested or exercisable, as applicable, immediately prior to such Change in Control:

(1)

If the Change in Control is one in which there is an acquiring or surviving entity other than the Company or its Affiliate, the Committee shall provide for the assumption of some or all outstanding Awards or for the grant of new Awards in substitution thereof or the continuation of some or all of the Awards by the acquirer or survivor or an affiliate of the acquirer or survivor, except to the extent that the Committee pays out the Award pursuant to the provisions of Section 10.1.(2).

(2)

If the Change in Control is one in which holders of Stock will receive upon consummation a payment (whether cash, non-cash or a combination of the foregoing), the Committee may provide for payment (a cash-out), with respect to some or all Awards or any portion thereof (whether or not vested), equal in the case of each affected Award or portion thereof to the excess, if any, of (a) Fair Market Value of one share of Stock times the number of Shares subject to the Award of such portion, or (b) the aggregate exercise or purchase price, if any, under the Award or such portion (in the case of an SAR, the aggregate base value above which appreciation is measured), in each case on such payment terms (which need not be the same as the terms of payment to holders of Stock) and other terms, and subject to such conditions, as the Committee determines; provided, that the Committee shall not exercise its discretion under this Section 10.1.(2) with respect to an Award or portion thereof providing for "nonqualified deferred compensation" subject to Section 409A in a manner that would constitute an extension or acceleration of, or other change in, payment terms if such change would be inconsistent with the applicable requirements of Section 409A. For avoidance of doubt, in the event that the aggregate exercise or purchase price of the Award exceeds the aggregate Fair Market Value, the Award will be deemed to be cashed out for a payment of zero.

(3)

Each Award will terminate upon consummation of the Change in Control, other than Awards assumed, substituted or continued pursuant to Section 10.1.(1) above. For avoidance of doubt, in the event that the Awards are not cashed out (or deemed cashed out) as provided in 10.1.(2), such Awards shall be assumed, substituted or continued as provided in Section 10.1.(1) above.

10.2 *Changes In, Distributions With Respect To and Redemptions of Stock.*

(1)

In the event of any stock dividend or other similar distribution of stock or other securities of the Company, stock split or other combination of shares (including a reverse stock split), recapitalization, conversion, reorganization, consolidation, split-up, spin-off, combination, merger, exchange of stock, redemption or repurchase of all or part of the shares of any class of stock or any change in the capital structure of the Company or an Affiliate or other transaction or event, the following shall be equitably adjusted (a) the number of Shares that may be delivered as per Article 5, (b) the number and kind of Shares or securities subject to Awards then outstanding or subsequently granted, (c) exercise prices or base values, as the case may be, relating to outstanding Awards, and (d) any other provision of Awards affected by such change shall be adjusted by the Company to the extent the Committee shall determine, in good faith, that such adjustment is appropriate.

(2)

The Committee shall also make equitable or proportionate adjustments of the type described in Section 10.2.(1) above to take into account distributions to shareholders other than stock
