DEFINITIVE PROXY STATEMENT
2008 ANNUAL MEETING OF STOCKHOLDERS
November 17, 2008

INTRODUCTION

The enclosed proxy is solicited by and on behalf of the Board of Directors (the "Board") of Profile Technologies, Inc., a Delaware corporation (the "Company"), to be voted at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at the offices of McGuireWoods LLP, 1345 Avenue of the Americas, Seventh Floor, New York, New York, 10105, at 10:00 a.m. local time on Monday, November 17, 2008, and at any and all adjournments of the Annual Meeting.

The Definitive Proxy Statement and the enclosed proxy card will be mailed to our Stockholders of the Company (the "Stockholders") on or about October 20, 2008.

The Company anticipates that the Stockholders will consider and vote upon the following matters at the Annual Meeting:

1. To elect four persons as directors each to serve a term of one year (until the next annual meeting of Stockholders) or until their respective successors are elected and have been qualified.
2. To approve an amendment to the Company's Certificate of Incorporation to increase the number of authorized common shares from 35,000,000 to 40,000,000.
3. To approve the adoption of the Company's 2008 Stock Ownership Incentive Plan authorizing the issuance of stock options committing up to 3,500,000 shares of the Company's common stock.
4. To transact such other business as may properly come before the Annual Meeting and any postponement or adjournment thereof.

VOTING OF PROXIES

Shares are represented by proxies set forth in properly signed and returned proxy cards in substantially the form of Appendix C to this Proxy Statement. Unless subsequently revoked, proxies will be voted at the Annual Meeting in accordance with the instructions marked on the proxy card. If a proxy card is signed and returned without indicating any voting instructions, the shares represented by the proxy will be voted FOR approval of the proposals stated in this proxy statement, and in the discretion of the holders of the proxies on other matters that may properly come before the Annual Meeting.

If you have executed and delivered a proxy card, you may revoke your proxy at any time before it is voted by attending the Annual Meeting and voting in person, by giving the Company written notice of revocation of the proxy, or by submitting a signed proxy card bearing a later date. To revoke the prior proxy, the notice of revocation or later proxy card must be received by the Company before the vote of Stockholders at the Annual Meeting. Unless you vote at the Annual Meeting or take other action, your attendance at the Annual Meeting will not revoke your proxy.

VOTING PROCEDURES

The Company's state of incorporation is Delaware. Under Delaware law and

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

the Company's bylaws, the holders of a majority of the outstanding shares of the common stock (the "Common Stock") of the Company entitled to vote constitute a

3

quorum at any meeting of Stockholders. Votes cast by proxy or in person at the Annual Meeting will be counted by the inspector of elections appointed by the Company. The inspector of elections will treat shares of Common Stock represented by proxies that reflect abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Under Delaware law and the Company's bylaws, directors are elected by a plurality of the votes cast by the holders of shares entitled to vote at a meeting at which a quorum is present. Therefore, Proposal 1 will be adopted if a plurality of the shares present at the Annual Meeting in person or by proxy vote to elect the directors nominated for election at the Annual Meeting. Other matters are approved if affirmative votes cast by the holders of the shares entitled to vote at a meeting at which a quorum is present exceed the number of votes opposing the action, unless Delaware law or the Company's Certificate of Incorporation or bylaws require a greater number of affirmative votes or voting by classes. Abstentions and broker non-votes have no effect and will be disregarded. Proposal 3 will be adopted if a majority of the shares of common stock present at the Annual Meeting vote "For" Proposal 3 and a quorum is present. Abstentions and broker non-votes have no effect and will be disregarded.

Under the General Corporation Law of the State of Delaware, the affirmative vote of the holders of a majority of the issued and outstanding shares of common stock of the Company is required to amend the Company's Certificate of Incorporation to increase the number of authorized shares of common stock. Therefore, to be approved, Proposal 2 must receive "For" votes from a majority of the shares of common stock on the record date of the Annual Meeting. If Stockholders select "Abstain" on their proxy cards for Proposal 2, or if Stockholders attend the Annual Meeting and abstain from voting, it will have the same effect as an "Against" vote for Proposal 2.

All of the officers and directors have informed the Company that they intend to vote in favor of the proposals to be considered for the vote of the Stockholders at the Annual Meeting.

VOTING SECURITIES

The Board has fixed the close of business on September 25, 2008 as the record date (the "Record Date") for determining the Stockholders entitled to receive notice of, and to vote at, the Annual Meeting. At the close of business on the Record Date, there were 15,634,160 issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting, held by approximately 1,130 Stockholders. As of the Record Date, the only outstanding voting security of the Company is Common Stock. As a Stockholder as of the Record Date, you are entitled to one vote for each share held on each matter properly submitted at the Annual Meeting.

 PROPOSAL 1
 ELECTION OF DIRECTORS

Four nominees are standing for election as directors on the Board to hold office until the next annual meeting of Stockholders is held and their successors are duly elected and qualified. All of the nominees are current directors of the Company standing for re-election and were previously elected by the Stockholders. If one or more of the nominees is unable to serve, or for good cause will not serve at the time of the Annual Meeting, the shares represented by the proxies solicited by the Board will be voted for the other nominees and for any substitute nominee(s) designated by the Board. As of the date of this proxy statement, the Board has no reason to believe that any of the nominees named will be unable or unwilling to serve. In the election of directors, those nominees receiving the greatest number of votes shall be elected, even if such votes do not constitute a majority. Certain information regarding each nominee follows. Each nominee has consented to being named in the proxy statement and to serve if elected.

Mr. Palmer is licensed to practice in Texas State courts, U.S. District Courts for the Northern, Western and Southern Districts of Texas, and the U.S. Fifth Circuit Court of Appeals.

There are no family relationships among the directors. There are no arrangements or understandings between any director and any other person, pursuant to which any director was elected.

COMPENSATION OF NON-EMPLOYEE DIRECTORS

The Company's Board of Directors determines the non-employee directors' compensation for serving on the Board and its committees. In establishing director compensation, the Board is guided by the following goals:

- o Compensation should consist of a combination of cash and equity awards that are designed to fairly pay the directors for work required for a company of Profile Technologies' size and scope;
- o Compensation should align the directors' interests with the long-term interests of Stockholders; and
- o Compensation should assist with attracting and retaining qualified directors.

The Company does not pay director compensation to directors who are also employees of the Company.

The Company pays to all non-employee directors a director's fee in the amount of \$1,000 per month. Directors are entitled to participate in, and have been issued options under, the Company's 1999 Stock Plan. The Company also reimburses directors for any actual expenses incurred to attend meetings of the Board.

Due to the Company's critical need for cash, the Company has deferred all payments owed to the directors for directors' fees until the Company has

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

sufficient resources to pay such fees. As of June 30, 2008, the Company owed \$144,000 in deferred directors' fees. On March 18, 2002, the Board approved a conversion right on all directors' fees deferred as of March 18, 2002 (the "Directors' Conversion Right"). Pursuant to the Directors' Conversion Right, directors may elect to convert \$1.00 of directors' fees owed to them as of March 18, 2002 for an option to purchase two shares of the Company's common stock, at an exercise price of \$1.00 per share for a term of five years. As of June 30, 2008, deferred directors' fees subject to the Directors' Conversion Right were \$9,000, resulting in the potential issuance of 18,000 options under the terms described above. To date, none of the directors have elected to exercise their Directors' Conversion Right.

In accordance with applicable SEC rules and regulations, the following table reports all compensation the Company paid to non-employee directors during the fiscal year ended June 30, 2008:

Name	Fees Earned or Paid in Cash (\$) (1)	Stock Awards (\$) (2)	Total (\$)
Charles Christenson	\$ 12,000	\$ 72,150	\$ 84,150
Richard Palmer (3)	10,000	76,350	86,350

6

- (1) The amounts in this column represent the monthly cash meeting fee earned by or paid to the Company's non-employee directors for service during the fiscal year ended June 30, 2008.
- (2) This column reflects the dollar amount recognized for financial statement reporting purposes for the fiscal year ended June 30, 2008 in accordance with FAS 123R for stock option awards. For information regarding significant factors, assumptions and methodologies used in determining the fair value of the Company's stock options, see Note 4 to the Profile Technologies, Inc. Financial Statements contained in the Company's Form 10-KSB for the fiscal year ended June 30, 2008. The grant date fair value computed in accordance with FAS 123R was the same as that reported in the table above. The stock options were fully vested upon grant.
- (3) Mr. Palmer was nominated by the Board on August 20, 2007 to fill the vacancy on the Board created by the death of Mr. Krivsky. Effective September 1, 2007, Mr. Palmer began receiving the non-employee director's fee of \$1,000 per month.

BOARD OF DIRECTORS AND COMMITTEES

During the fiscal year ended June 30, 2008, the Board held a total of fifteen meetings. All members of the Board attended at least 75% of all meetings of the Board and all meetings held by all committees of the Board on which he served.

Audit Committee.

The Board maintains an Audit Committee composed of Charles Christenson and Richard Palmer. The principal functions of the Audit Committee are to monitor the Company's financial reporting process and internal control system, to review

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

and appraise the audit efforts of the Company's independent accountants and the internal audit function, to provide a means of communication among the independent accountants, financial and senior management, the internal audit function, and the Board, and to communicate with the Company's independent accountants outside of the presence of management, when necessary. The Audit Committee is also responsible for all matters set forth in its written charter, a copy of which was attached as Appendix B to the Company's proxy statement for the 2004 annual meeting. The Audit Committee held four meetings during the fiscal year ended June 30, 2008.

The Board has determined that based on his experience and knowledge in financial and auditing matters Dr. Christenson is an "audit committee financial expert" as defined by Securities and Exchange Commission ("SEC") rules. Dr. Christenson meets the standards of independence under the applicable Financial Industry Regulatory Authority ("FINRA") listing standards.

Under the Company's Audit Committee Charter, the Audit Committee is required to pre-approve all auditing services and permissible non-audit services, including related fees and terms, to be performed for the Company by its independent auditor, subject to the de minimus exceptions for non-audit services described under the Securities Exchange Act of 1934 (the "Exchange Act") which are approved by the Audit Committee prior to the completion of the audit.

Compensation Committee.

The Board has a Compensation Committee composed of Murphy Evans and Richard Palmer. The principle functions of the Compensation Committee are to establish overall compensation policies for the Company and to review the recommendations submitted by the Company's management. The Compensation Committee did not hold any meetings during the year ended June 30, 2008.

Nominating Committee.

The Board does not have a standing nominating committee. The Company does not maintain a policy for considering nominees. The Board must consist of at least two independent directors. Director nominees are recommended, reviewed and approved by the entire Board. The Board believes that this process is

7

appropriate due to the relatively small number of directors on the Board and the opportunity to benefit from a variety of opinions and perspectives in determining director nominees by involving the full Board.

While the Board is solely responsible for the selection and nomination of directors, the Board may consider nominees recommended by Stockholders as it deems appropriate. Stockholders who wish to recommend a nominee should send nominations to the Company's Chief Executive Officer, Henry E. Gemino, 2 Park Avenue, Suite 201, Manhasset, New York, 11030 that include all information relating to such person that is required to be disclosed in solicitations of proxies for the election of directors. The recommendation must be accompanied by a written consent of the individual to stand for election if nominated by the Board and to serve if elected by the Stockholders.

Stockholder Communications to the Board.

The Board has established a process for Stockholders to communicate with members of the Board. If you would like to contact the Board you can do so by forwarding your concern, question or complaint to the Company's Chief Executive Officer, Henry E. Gemino, 2 Park Avenue, Suite 201, Manhasset, New York, 11030.

PROPOSAL 2
AMENDMENT TO CERTIFICATE OF INCORPORATION

The Board is proposing an amendment to Paragraph 4 of the Company's Certificate of Incorporation to increase the number of authorized shares of common stock, par value \$0.001 per share, of the Company from 35,000,000 shares of common stock to 40,000,000 shares of common stock (the "Amendment") for approval by the Stockholders. A copy of the form of the Amendment is attached to this proxy statement as Appendix A.

The Board believes that the flexibility provided by the increase in the authorized shares of common stock, which will permit the Board, in its discretion, to issue or reserve additional shares of common stock without the delay or expense of a meeting of Stockholders, is in the best interests of the Company and the Stockholders. Shares of common stock may be used for general corporate purposes, including possible financing activities. Possible financing activities might include raising additional capital funds through offerings of shares of the common stock. The Board has no current plan, understanding or arrangement to issue any of the additional shares of common stock.

The issuance of any additional shares of common stock may have the effect of diluting the percentage of stock ownership, book value and voting rights of the present holders of the common stock. The increase in the authorized common stock of the Company also may have the effect of discouraging attempts to take over control of the Company, as additional shares of common stock could be issued to dilute the stock ownership and voting power of, or increase the cost to, a party seeking to obtain control of the Company. The Amendment is not being proposed in response to any known effort or threat to acquire control of the Company and is not part of a plan by management to adopt a series of amendments to the Company's Certificate of Incorporation and Bylaws having an anti-takeover effect.

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

Holders of the Company's common stock are entitled to one vote for each share held on all matters submitted to a Stockholder vote. Holders of common stock do not have cumulative voting rights. Therefore, holders of a majority of the shares of common stock voting for the election of directors can elect all of the directors. Holders of the common stock representing a majority of the voting power of the capital stock issued, outstanding and entitled to vote, represented in person or by proxy, are necessary to constitute a quorum at any meeting of Stockholders. A vote by the holders of a majority of the outstanding shares of common stock is required to effectuate certain fundamental corporate changes such as liquidation, merger or an amendment to the articles of incorporation.

Holders of common stock are entitled to share in all dividends that the Board, in its discretion, declares from legally available funds. In the event of a liquidation, dissolution or winding up, each outstanding share entitles its holder to participate pro rata in all assets that remain after payment of liabilities and after providing for each class of stock, if any, having preference over the common stock. Holders of the common stock have no pre-emptive rights, no conversion rights and there are no redemption provisions applicable to the common stock.

The Board adopted the Amendment on July 10, 2008 and is seeking approval by the Stockholders through this proxy solicitation.

THE BOARD RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE AMENDMENT.

PROPOSAL 3
 ADOPTION OF THE 2008 STOCK OWNERSHIP INCENTIVE PLAN

The Board is proposing approval and adoption of the 2008 Stock Ownership Incentive Plan ("2008 Stock Plan") by the Stockholders. A copy of the 2008 Stock Ownership Incentive Plan is attached to this proxy statement as Appendix B.

On November 16, 1998, the Stockholders approved and adopted the Profile Technologies, Inc. 1999 Stock Plan (the "1999 Stock Plan"). In accordance with Section 17 of the 1999 Stock Plan, no incentive stock options may be granted more than ten years after the 1999 Stock Plan's effective date. Upon adoption of the 2008 Stock Plan by the Stockholders the Company will no longer grant stock options under the 1999 Stock Plan.

The 2008 Stock Plan is intended to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to employee and consultants, and to promote the success of the Company's business.

The Board believes that adopting the 2008 Stock Plan will permit the Board, in its discretion, to make additional grants of stock options without the delay or expense of a meeting of Stockholders, and is in the best interests of the Company and the Stockholders. Stock options may be granted as compensation to consultants for performance of services or in recognition of the ongoing efforts by employees, executives and Board members.

The issuance of any additional stock options may have the effect of diluting the percentage of stock ownership, book value and voting rights of the present holders of the common stock. The increase in the number of stock options

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

authorized for grant may also have the effect of discouraging attempts to take over control of the Company, as additional shares of common stock could be issued to dilute the stock ownership and voting power of, or increase the cost to, a party seeking to obtain control of the Company.

The Board approved and adopted the 2008 Stock Plan on July 10, 2008 and is seeking approval by the Stockholders through this proxy solicitation. Stockholder approval is necessary to permit the 2008 Stock Plan to qualify as an incentive stock option plan under applicable provisions of the Internal Revenue Code. The affirmative vote of the holders of a majority of the shares present at the meeting (in person or by proxy) is required for approval.

Each of the directors and executive officers of the Company is eligible to participate in, and receive awards through the 2008 Stock Plan.

Description of the 2008 Stock Plan

Under the 2008 Stock Plan, the Board may grant stock options, which are intended to qualify as "incentive stock options" under Section 422 of the Internal Revenue Code of 1986, as amended (the "Incentive Stock Options"), non-qualified stock options (the "Non-Qualified Stock Options"), and restricted stock (the "Restricted Stock").

The 2008 Stock Plan reserves a total of 3,500,000 shares of the Company's common stock (the "Shares") for issuance thereunder. The total number of Shares for which Awards may be granted under the 2008 Stock Plan shall not exceed a number of shares which is equal to 30% of the outstanding shares of the Company, unless a percentage higher than 30% is approved by at least two-thirds of the outstanding shares entitled to vote.

If a stock option granted under the 2008 Stock Plan expires or becomes unexercisable without having been exercised in full, the unpurchased Shares shall become available for future grant or sale under the 2008 Stock Plan (unless the 2008 Stock Plan has terminated); provided, however that Shares that have actually been issued under the 2008 Stock Plan shall not be returned to the 2008 Stock Plan and shall not become available for future distribution under the 2008 Stock Plan.

If a Share that has been granted as Restricted Stock is forfeited, such Share shall become available for future grant or sale under the 2008 Stock Plan (unless the 2008 Stock Plan has been terminated).

16

The following is a description of the material provisions of the 2008 Stock Plan. The description of the 2008 Stock Plan is qualified in its entirety by reference to the complete 2008 Stock Plan document, attached as Appendix B to this Proxy Statement.

Administration -----

The 2008 Stock Plan may be administered by different committees of Directors appointed by the Board (the "Committee") with respect to different groups of employees, directors or consultants ("Service Providers"). In the absence of such committee's appointment, the Board will administer the 2008 Stock Plan. The Committee or Board (the Administrator") has the authority, in its discretion to determine the Service Providers to whom stock options or Restricted Stock shall be granted, the number of shares of common stock to be optioned to each, the exercise price of the stock options and the time when such options shall become exercisable, the amount (if any) of the consideration to be

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

paid by a Service Provider in respect of a grant of Restricted Stock, any vesting acceleration or waiver of forfeiture restrictions with respect to grants, and any restriction or limitation regarding any grant or the shares of common stock relating thereto. The Committee or Board may make all other determinations deemed necessary or advisable for administering the 2008 Stock Plan.

Stock Options

The per share exercise price of for each stock option shall be determined by the Administrator and will never be below fair market value on the date of grant. If at the time an Incentive Stock Option or Non-Qualified Stock Option is granted, the optionee owns more than 10% of the voting power of all classes of the Company's stock or any Parent or Subsidiary, the per share exercise price for any Incentive Stock Option must be at least 110% of fair market value per share on the date of grant.

The Administrator may determine the term of each stock option granted, which term may not exceed ten years from the date of grant. In the case of an Incentive Stock Option granted to an optionee who, at the time the Incentive Stock Option is granted, owns more than 10% of the voting power of all classes of the Company's stock or any Parent or Subsidiary, the term of the Incentive Stock Option may not exceed five years from the date of grant.

To the extent that the aggregate fair market value of the shares with respect to which Incentive Stock Options are exercisable for the first time by the optionee during any calendar year exceeds \$100,000, such stock options will be treated as Non-Qualified Stock Options.

The period within which the stock option may be exercised and the conditions which must be satisfied before the stock option may be exercised is determined by the Administrator. The Administrator shall also fix the number of shares granted under the stock option. Notwithstanding the foregoing, the optionee has the right to exercise the stock options at the rate of at least 20% over five years from the date of grant, subject to reasonable conditions such as continued employment, at the discretion of the Administrator.

No shares of common stock will be issued or delivered to an optionee until the Company receives full payment of the option exercise price. The number of shares of common stock deliverable with respect to each payment of the option exercise price is subject to appropriate adjustment upon any stock split or combination of shares, or upon any stock dividend. Upon the occurrence of any corporate merger, consolidation, sale of all or substantially all of the Company's assets, or other reorganization, or a liquidation, any optionee holding an outstanding option, regardless of the current status of its exercisability, is entitled to exercise his option in whole or in part and to receive upon the exercise those shares, securities, assets, or payment which the optionee would have received if the optionee had exercised the option prior to such occurrence and had been a stockholder of the Company with respect to such common stock.

Indemnification

No member of the Board or any of the Committees administering the 2008 Stock Plan are held liable for any action or determination made with respect to the 2008 Stock Plan or any grant thereunder.

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

Duration, Amendment and Termination

The Board may amend, alter, suspend or terminate the 2008 Stock Plan without Stockholder approval or ratification, unless required to comply with applicable laws, at any time or from time to time. Unless sooner terminated, the 2008 Stock Plan will terminate on November 17, 2018. No change may be made that increases the total number of shares of common stock reserved for issuance under the 2008 Stock Plan unless such change is authorized by our Stockholders. An amendment, alteration, suspension or termination of the 2008 Stock Plan will not, without the written consent of the optionee, adversely affect an optionee's rights under a previously granted stock option.

Transferability of Awards

Stock options shall not be transferable except by will or by the laws of descent and distribution.

THE BOARD RECOMMENDS A VOTE "FOR" THE ADOPTION OF THE 2008 STOCK OWNERSHIP INCENTIVE PLAN.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In September, 1988, at the time Gale D. Burnett, a beneficial stockholder of more than 10% of the Company's common stock, first transferred certain technology, know-how and patent rights to the Company, a royalty interest of 4% of all pre-tax profits derived from the technology and know-how transferred was granted to Northwood Enterprises, Inc., a family-owned company controlled by Mr. Burnett. Northwoods Enterprises subsequently assigned such royalty interest back to Mr. Burnett. On April 8, 1996, Mr. Burnett assigned 2% of this royalty interest to certain Stockholders of the Company, 1 1/4% of which was assigned to Henry Gemino, currently the Chief Executive Officer and Chief Financial Officer, and a director of the Company. This royalty arrangement also applies to all future patent rights and technology developed by Mr. Burnett and assigned to the Company. To date, no royalty payments have been made or earned under the above described arrangement.

OTHER MATTERS TO BE VOTED UPON

As of the date of this proxy statement, the Board does not know of or anticipate that any other matters will be brought before the Stockholders at the Annual Meeting. If, however, any other matters not mentioned in the proxy statement are properly brought before the Stockholders at the Annual Meeting, the persons appointed as proxies will have the discretion to vote or act in accordance with their best judgment.

SECTION 16(a): BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Exchange Act of 1934, the executive officers and directors of the Company in addition to any person who owns more than 10% of the common stock of the Company are required to report their ownership of the common stock of the Company and changes to such ownership with the SEC. Based on a review of such reports and information provided to the Company, the Company believes that during the most recent fiscal year the executive officers and directors of the Company have complied with applicable filing requirements under Section 16(a), except that three Form 4s were not filed within the reporting time frame required by the SEC.

18

A representative of Peterson Sullivan will be present via telephone at the Annual Meeting of Stockholders, will have the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions submitted to the Secretary of Profile Technologies in advance of the Annual Meeting.

All auditors employed or engaged by us report directly to the Audit Committee. To fulfill its responsibilities, the Audit Committee recommends the selection of auditors and reviews reports of auditors and examiners, as well as management's responses to such reports, to ensure the effectiveness of internal controls and the implementation of remedial action. The Audit Committee also recommends to the Board whether to include the audited financial statements in our Annual Report and Form 10-KSB.

In discharging its responsibility, the Audit Committee has reviewed and discussed the Company's audited financial statements with management. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee has received the written disclosures and letter from the Company's independent auditors as required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and has discussed with the independent auditors their independence.

Share shall become available for future grant or sale under the 2008 Plan (unless the 2008 Plan has been terminated).

4. Administration of the 2008 Plan.

(a) Procedure.

- (i) Multiple Administrative Bodies. The 2008 Plan may be administered by different Committees with respect to different groups of Service Providers.
- (ii) Section 162(m). To the extent that the Administrator determines it to be desirable to qualify Awards granted hereunder as "performance-based compensation" within the meaning of Section 162(m) of the Code, the 2008 Plan shall be administered by a Committee of two or more "outside directors" within the meaning of Section 162(m) of the Code.
- (iii) Rule 16b-3. To the extent that the Administrator determines it to be desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder shall be structured to satisfy the requirements for exemption under Rule 16b-3.
- (iv) Other Administration. Other than as provided above, the 2008 Plan shall be administered by (A) the Board or (B) a Committee, which Committee shall be constituted to satisfy Applicable Laws.

(b) Powers of the Administrator. Subject to the provisions of the 2008 Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

- (i) to determine type of Awards (i.e., Options and/or Restricted Stock) to be granted hereunder;
- (ii) to determine the Fair Market Value;
- (iii) to select the Service Providers to whom Awards may be granted;
- (iv) to determine the number of shares of Common Stock to be covered by each Award granted hereunder;
- (v) to approve forms of agreement for use under the 2008 Plan;
- (vi) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to, an Option's price, the time or times when Options may be exercised (which may be based on performance criteria), the amount (if any) of the consideration to be paid by a Service Provider in respect of a grant of Restricted Stock, any vesting acceleration or waiver of forfeiture restrictions with respect to Awards, and any restriction or limitation regarding any Award or the shares of Common Stock relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine;
- (vii) to construe and interpret the terms of the 2008 Plan and Awards granted pursuant to the 2008 Plan;

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

- (viii) to prescribe, amend and rescind rules and regulations relating to the 2008 Plan, including rules and regulations relating to sub-plans established for the purpose of qualifying for preferred tax treatment under foreign tax laws;
 - (ix) to modify or amend each Award (subject to Section 12(c) of the 2008 Plan);
 - (x) to allow Optionees to satisfy withholding tax obligations by electing to have the Company withhold from the Shares to be issued upon exercise of an Award that number of Shares having a Fair Market Value equal to the amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All elections by an Optionee to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may deem necessary or advisable;
 - (xi) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;
 - (xii) to cancel any unexpired or unpaid Options if at any time the Administrator determines the Optionee is not in compliance with the terms and conditions (including, but not limited to any noncompete or nonsolicitation provisions) of the Option Agreement related to such Options; and
 - (xiii) to make all other determinations deemed necessary or advisable for administering the Plan.
- (c) Effect of Administrator's Decision. The Administrator's decisions, determinations and interpretations shall be final and binding on all Awardees and any other holders of Awards. No member of the Board or of any of the Committees administering the 2008 Plan shall be liable for any action or determination made with respect to the 2008 Plan or any grant thereunder.
5. Eligibility. Nonstatutory Stock Options and Restricted Stock may be granted to Service Providers. Incentive Stock Options may be granted only to Employees. All directors of the Company who are not employees of the Company shall automatically receive Nonstatutory Stock Options.
6. Restrictions on Share Transferability. The Administrator may include in the Award Agreement such restrictions on any Shares acquired pursuant to the exercise or vesting of an Award as it may deem advisable, including restrictions under applicable federal securities laws.
7. Term of 2008 Plan. Subject to Section 17 of the Plan, the 2008 Plan shall become effective upon its adoption by the Board. It shall continue in effect for a term of ten (10) years unless terminated earlier under Section 12 of the Plan.
8. Options.
- (a) Designation As Either An ISO or As A Nonstatutory Stock Option; \$100,000 Limitation. Each Option shall be designated in the Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Optionee during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds One Hundred Thousand Dollars (\$100,000), such Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 8(a), Incentive Stock Options shall be taken into account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

- (b) Option Term. The term of each Option shall be ten (10) years from the date of grant or such shorter term as may be provided in the Option Agreement. In the case of an Incentive Stock Option granted to an Optionee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Option Agreement.
- (c) Exercise Price. The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, will never be below Fair Market Value and subject to the following:
 - (i) In the case of an Incentive Stock Option,
 - (A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant.
 - (B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price shall be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.
 - (ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be determined by the Administrator; provided, however, that the per Share exercise price shall not be less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant and in the case of an Employee who, at the time the Nonstatutory Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant.
- (d) Vesting Period and Exercise Dates. At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions which must be satisfied before the Option may be exercised. The Administrator shall also fix the number of shares under the Option, subject to Section 10 of the 2008 Plan. Notwithstanding the foregoing, Optionees shall have the right to exercise Options at the rate of at least twenty percent (20%) over five (5) years from the date of grant, subject to reasonable

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

conditions such as continued employment, at the discretion of the Administrator.

- (e) Form of Consideration. The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. Such consideration may consist entirely of:
- (i) cash;
 - (ii) check;
 - (iii) promissory note;
 - (iv) other Shares which (A) in the case of Shares acquired upon exercise of an option, have been owned by the Optionee for more than six (6) months on the date of surrender, and (B) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;
 - (v) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the 2008 Plan;
 - (vi) a reduction in the amount of any Company liability to the Optionee;
 - (vii) any combination of the foregoing methods of payment; or
 - (viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant.

- (f) Procedure for Exercise; Rights as a Shareholder. Any Option granted hereunder shall be exercisable according to the terms of the 2008 Plan and at such times and under such conditions as determined by the Administrator and set forth in the Option Agreement. Unless the Administrator provides otherwise, vesting of any Option granted hereunder shall be tolled during any unpaid leave of absence. An Option may not be exercised for a fraction of a Share.

An Option shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option, (ii) full payment for the Shares with respect to which the Option is exercised, and (iii) any other written representations, covenants, and undertakings that the Company may prescribe in the Option Agreement. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Option Agreement and the 2008 Plan. Shares issued upon exercise of an Option shall be

issued in the name of the Optionee or, if requested by the Optionee, in the name of the Optionee and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Optioned Stock,

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 10 of the 2008 Plan.

Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the 2008 Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

- (g) Notification under Code Section 83(b). If the Optionee, in connection with the exercise of any Option, makes the election permitted under Section 83(b) of the Code to include in such Optionee's gross income in the year of transfer the amounts specified in Section 83(b) of the Code, then such Optionee shall notify the Company of such election within ten (10) days of filing the notice of the election with the Internal Revenue Service, in addition to any filing and notification required pursuant to regulations issued under Section 83(b) of the Code. The Administrator may, in connection with the grant of an Option or at any time thereafter prior to such an election being made, prohibit an Optionee from making the election described above.
- (h) Buyout Provisions. The Administrator may at any time offer to buy out, at a price determined at Fair Market Value at the time of such buy out, for a payment in cash or Shares an Option previously granted based on such terms and conditions as the Administrator shall establish and communicate to the Optionee at the time that such offer is made.
- (i) Non-Transferability of Options. An Option may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee.
- (j) Termination of Service Provider For Cause. If a Service Provider is terminated for Cause, any unexercised Option shall terminate effective immediately upon such termination.
- (k) Disability of Optionee. If an Optionee ceases to be a Service Provider as a result of the Optionee's Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement); provided, however, that the time specified in the Option Agreement shall not be less than six (6) months. In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following the Optionee's termination. If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the 2008 Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the 2008 Plan.
- (l) Death of Optionee. If an Optionee dies while a Service Provider, the Option may be exercised within such period of time as is specified in the Option Agreement (but in no event later than the expiration of the term of such Option as set forth in the Notice of Grant), by the Optionee's estate or by a person who acquires the right to exercise the Option by bequest or inheritance, but only to the extent that the

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

Option is vested on the date of death; provided, however, that the time specified in the Option Agreement shall not be less than six (6) months. In the absence of a specified time in the Option Agreement,

the Option shall remain exercisable for six (6) months following the Optionee's death. If, at the time of death, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall immediately revert to the 2008 Plan. The Option may be exercised by the executor or administrator of the Optionee's estate or, if none, by the person(s) entitled to exercise the Option under the Optionee's will or the laws of descent or distribution. If the Option is not so exercised within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the 2008 Plan.

- (m) For Any Other Reason. If an Optionee ceases to be a Service Provider, other than for Cause or upon the Optionee's death or Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement); provided, however, that the time specified in the Option Agreement shall not be less than thirty (30) days. In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for three (3) months following the Optionee's termination. If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the 2008 Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified by the Administrator, the Option shall terminate, and the Shares covered by such Option shall revert to the 2008 Plan.

9. Restricted Stock.

- (a) Administration. Shares of Restricted Stock may be granted either alone or in addition to other Awards granted under the 2008 Plan. The Administrator shall determine the Service Providers to whom, and the time(s) at which grants of Restricted Stock will be made, the number of shares to be awarded to any Service Provider, the amount of the consideration (if any) that is to be paid, the time(s) within which, and the conditions under which such Restricted Stock may be subject to forfeiture, and any other terms and conditions of the Awards, in addition to those contained in this Section 9. The provisions of Restricted Stock Awards need not be the same with respect to each recipient. Each grant of Restricted Stock shall be confirmed by, and subject to the terms of a Restricted Stock Agreement.
- (b) Awards and Certificates. As a condition to the grant of Restricted Stock under the 2008 Plan, each Awardee shall execute and deliver to the Company (i) an agreement in form and substance satisfactory to the Administrator reflecting the conditions and restrictions imposed upon the Shares awarded, (ii) the consideration, if any, to be paid for the Shares, and (iii) any other written representations, covenants, and undertakings that the Administrator may prescribe in the Restricted Stock Agreement. Certificates for Shares delivered pursuant to such Awards may, if the Administrator so determines, bear a legend referring to the restrictions and the instruments to which such Shares of Restricted Stock are subject.
- (c) Form of Consideration. The consideration for Restricted Stock (if any)

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

shall consist entirely of cash.

- (d) Notification under Code Section 83(b). If, in connection with a grant of Restricted Stock, the Awardee makes the election permitted under Section 83(b) of the Code to include in such Awardee's gross income in the year of transfer the amounts specified in Section 83(b) of the Code, then such Awardee shall notify the Company of such election within ten (10) days of filing the notice of the election with the Internal Revenue Service, in addition to any filing and notification required pursuant to regulations issued under Section 83(b) of the Code. The Administrator may, in connection with the grant of Restricted Stock or at any time thereafter prior to such an election being made, prohibit an Awardee from making the election described above.
 - (e) Buyout Provisions. The Administrator may at any time offer to buy out, at a price determined at Fair Market Value at the time of such buy out, for a payment in cash, Restricted Stock previously granted based on such terms and conditions as the Administrator shall establish and communicate to the Awardee at the time that such offer is made.
 - (f) Terms and Conditions. Subject to the provisions of the 2008 Plan and the applicable Restricted Stock Agreement, during a period set by the Administrator, commencing with the date of such Award (the "Restriction Period"), the Awardee shall not be permitted to sell, assign, transfer, pledge or otherwise encumber shares of Restricted Stock. The Administrator may provide for the lapse of such restrictions in installments or otherwise and may accelerate or waive such restrictions, in whole or in part, in each case based on period of service, performance of the Awardee or of the Company for which the Awardee is employed or such other factors or criteria as the Administrator may determine.
 - (g) Rights as a Shareholder. Except as otherwise provided in this 2008 Plan and the applicable Restricted Stock Agreement, the Awardee shall have, with respect to the shares of Restricted Stock, all of the rights of a stockholder of the Company holding the class or series of stock that is the subject of the Restricted Stock, including, if applicable, the right to vote the shares and the right to receive any cash dividends in accordance with the timing and procedures by which other shareholders receive dividends.
 - (h) Termination for Cause. If a Service Provider is terminated for Cause, any Restricted Stock previously granted to the Service Provider that remains unvested as of the date of termination shall be forfeited effective immediately upon such termination.
 - (i) Termination Other Than for Cause. Except as otherwise provided in the applicable Restricted Stock Agreement or as determined by the Administrator, if a Service Provider ceases to be a Service Provider other than for Cause, any Restricted Stock previously granted to the Service Provider that remains unvested as of the date of cessation shall be forfeited immediately upon such cessation.
10. Adjustments Upon Changes in Capitalization, Dissolution, Merger or Asset Sale.
- (a) Changes in Capitalization. Subject to any required action by the shareholders of the Company, the number of Shares covered by each outstanding Award, and the number of Shares which have been authorized

Edgar Filing: PROFILE TECHNOLOGIES INC - Form DEF 14A

for issuance under the 2008 Plan but as to which no Awards have yet been granted or which have been returned to the 2008 Plan as well as the price per Share covered by each outstanding Option, shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Share, or any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration"; provided, however, that with respect to Incentive Stock Options, no such adjustment shall be authorized to the extent that such adjustment would cause the 2008 Plan to violate Section 422(b)(1) of the Code; provided further, that with respect to Options, no such adjustment shall be authorized to the extent such adjustment would cause the Options to become "deferred compensation" subject to Code Section 409A. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to an Award.

- (b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Awardee as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for an Optionee to have the right to exercise his or her Option until ten (10) days prior to such transaction as to all of the Optioned Stock covered thereby, including Shares as to which the Option would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option applicable to any Shares purchased upon exercise of an Option shall lapse as to all such Shares, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, each Option will terminate immediately prior to the consummation of such proposed action. The restrictions applicable to any outstanding Restricted Stock shall lapse, and such Restricted Stock shall become free of all restrictions and become fully vested and transferable to the full extent of the original grant.
- (c) Merger or Asset Sale. In the event of a merger of the Company with or into another corporation, or the sale of substantially all of the assets of the Company, each outstanding Award shall be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the Award, the Awardee shall fully vest in the Award and, in the case of Options have the right to exercise the Option as to all of the Optioned Stock , including Shares as to which it would not otherwise be vested or exercisable. If an Award becomes fully vested and, in the case of Options, exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Administrator shall notify the Awardee in writing or electronically that the Award shall be fully vested and, in the case of Options, exercisable for a period of fifteen (15) days from the date of such notice, and the Option shall terminate upon the expiration of such period. For the purposes of this paragraph, the Award shall be considered assumed if, following

the merger or sale of assets, the option or right confers the right to purchase or receive, for each Share of Optioned Stock and Restricted Stock immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale of assets by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale of assets is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration for each Share of Optioned Stock or Restricted Stock subject to the Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or sale of assets.

11. Date of Grant. The date of grant of an Award shall be, for all purposes the date the Company completes the corporate action necessary to create the legally binding right constituting the Option. Notice of the determination shall be provided to each Awardee within a reasonable time after the date of such grant.
12. Amendment and Termination of the 2008 Plan.
 - (a) Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the 2008 Plan.
 - (b) Shareholder Approval. The Company shall obtain shareholder approval of any 2008 Plan amendment to the extent necessary and desirable to comply with Applicable Laws.
 - (c) Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the 2008 Plan shall impair the rights of any Awardee, unless mutually agreed otherwise between the Awardee and the Administrator, which agreement must be in writing and signed by the Awardee and the Company. Termination of the 2008 Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the 2008 Plan prior to the date of such termination.
13. Conditions Upon Issuance of Shares.
 - (a) Legal Compliance. Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance. Under no circumstances shall the Company be obligated to effect or maintain any registration under the Securities Act or other similar Applicable Laws.
 - (b) Investment Representations. As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.
14. No Right to Continue As A Service Provider. Neither the 2008 Plan nor any Award shall confer upon an Awardee any right with respect to continuing the

Awardee's relationship as a Service Provider with the Company, nor shall they interfere in any way with the Awardee's right or the Company's right to terminate such relationship at any time, with or without Cause.

15. Inability to Obtain Authority. The inability or failure of the Company to obtain authority from any regulatory body having jurisdiction (including, without limitation, effectiveness of a registration statement under the Securities Act), which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.
16. Reservation of Shares. The Company, during the term of this 2008 Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the 2008 Plan.
17. Shareholder Approval. The 2008 Plan shall be subject to approval by the shareholders of the Company within twelve (12) months after the date the 2008 Plan is adopted. Such shareholder approval shall be obtained in the manner and to the degree required under Applicable Laws.
18. No Right to Participation. No employee, director or consultant shall have the right to be selected to receive an Award, or, having been so selected, to be selected to receive a future Award.
19. Financial Statements. The Company shall provide Awardees with financial statements at least annually.
20. Successors. All obligations of the Company under the 2008 Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise of all or substantially all of the business or assets of the Company.
21. Severability. If any part of the 2008 Plan is declared by any court or governmental authority to be unlawful or invalid, such unlawfulness or invalidity shall not invalidate any other part of the Plan. Any Section or part of a Section so declared to be unlawful or invalid shall, if possible, be construed in a manner which will give effect to the terms of such Section or part of a Section to the fullest extent possible while remaining lawful and valid.
22. Section 409A. It not intended that any Award granted under the 2008 Plan constitute "nonqualified deferred compensation" within the meaning of Section 409A of the Code. Rather, it is the Company's intention that the transfer or exercise of any Award granted under the 2008 Plan will be subject to taxation pursuant to Section 83 of the Code and Treas. Reg. ss.1.83-7. Notwithstanding any provision of the 2008 Plan to the contrary, (i) the per share exercise price for Shares to be purchased pursuant to any Award shall never be less than the "fair market value" (determined in a manner consistent with standards of Section 409A of the Code and the guidance and regulations promulgated thereunder of one share of Common Stock on the date of the grant of the Awards, and (ii) no Award will include any feature for the deferral of compensation, other than the deferral of recognition of income until the later of exercise or disposition of the Award under Treas. Reg. ss.1.83-7, or the time the Stock, acquired pursuant to the exercise of the Award, first becomes substantially vested (as defined in Treas. Reg. ss.1.83-3(b)).
