

Item 1.01 Conflict Minerals Disclosure and Report

From time to time in the manufacture of heat exchangers the registrant uses welding rods which may contain conflict materials (as defined in paragraph (d)(3) of Item 1.01 of Form SD). The registrant conducted a reasonable country of origin inquiry of the manufacturers of such welding rods. Each such manufacturer executed and delivered to the registrant a certification that confirmed, based upon reasonable inquiries and investigations of its supply chain by such manufacturer, that any conflict minerals used in such manufacturer's welding rods did not originate in the Democratic Republic of the Congo or an adjoining country (as defined in paragraph (d)(1) of Item 1.01 of Form SD) or come from recycled or scrap sources (as defined in paragraph (d)(6) of Item 1.01 of Form SD). This information may also be found at [www.emcorgroup.com](http://www.emcorgroup.com) under Investor Relations/Conflict Minerals Disclosure.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the duly authorized undersigned.
