Forward-Looking Statements

This report and the attached exhibits contain various forward-looking statements and information that are based on the beliefs of Enterprise and TEPPCO and those of their respective general partners, as well as assumptions made by Enterprise and TEPPCO and information currently available to them. When used in this report, words such as "anticipate," "project," "expect," "plan," "goal," "forecast," "intend," "could," "believe," "may," and similar expressions and statements regarding plans and objectives for future operations, are intended to identify forward-looking statements. They include statements regarding the timing and expected benefits of the business combination transaction involving Enterprise and TEPPCO, including:

- expected commercial and operational synergies over time;
 - cash flow growth and accretion;
- future distribution increases and growth;

- internal growth projects;
- future issuances of debt and equity securities; and
- other objectives, expectations and intentions and other statements that are not historical facts.

These statements are based on the current expectations and estimates of the management of Enterprise and TEPPCO and their respective general partners; actual results may differ materially due to certain risks and uncertainties. Although Enterprise, TEPPCO and their respective general partners believe that the expectations reflected in such forward-looking statements are reasonable, they cannot give assurances that such expectations will prove to be correct. For instance, although Enterprise and TEPPCO have signed a merger agreement, there is no assurance that they will complete the proposed merger. The merger agreement will terminate if TEPPCO does not receive the necessary approval of their unitholders, and also may be terminated if any conditions to closing are not satisfied. Other risks and uncertainties that may affect actual results include:

- Enterprise’s failure to successfully integrate the respective business operations of Enterprise and TEPPCO upon completion of the merger or its failure to successfully integrate any future acquisitions, maintain key personnel and customer relationships and obtain favorable contract renewals;

 - unanticipated changes in crude oil market structure and volatility (or lack thereof);
 - the impact of current and future laws, rulings and governmental regulations;
 - the effects of competition;
 - continued creditworthiness of, and performance by, the combined company’s counterparties;
- interruptions in service and fluctuations in rates of third party pipelines that affect the combined company’s assets;
 - increased costs or lack of availability of insurance;
- fluctuations in crude oil, natural gas, NGL and related hydrocarbon prices and production due to weather and other natural and economic forces;
 - shortages or cost increases of power supplies, materials or labor;
 - weather interference with business operations or project construction;
 - terrorist attacks aimed at Enterprise’s or TEPPCO’s facilities;
 - general economic, market or business conditions; and
- other factors and uncertainties discussed in this report and Enterprise’s and TEPPCO’s respective filings with the Securities and Exchange Commission, including their Annual Reports on Form 10-K for the year ended December 31, 2008 and Quarterly Reports on Form 10-Q for the quarters ended March 31, 2009 and June 30, 2009.
