Item 8.01 Other Events.

On December 19, 2013, Peabody Energy Corporation ("Peabody") issued a press release announcing that full year 2013 Adjusted EBITDA is expected to be approximately \$60 million to \$80 million lower than original targets due to delays in final commissioning of the new longwall top coal caving system at the North Goonyella Mine, along with the impact of the now-resolved labor action at the Metropolitan Mine. As previously announced, prior full-year 2013 Adjusted EBITDA targets exclude any effects from the Peabody settlement agreement with Patriot Coal and the United Mine Workers of America. A copy of the press release is furnished as Exhibit 99.1 and incorporated herein by reference.

The information furnished in this Item 8.01, including Exhibit 99.1 hereto, shall not be deemed "filed" for purposes of Section 18 of the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, nor shall such information be deemed incorporated by reference in any filings under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.
