PROXY STATEMENT

This Proxy Statement contains information relating to the 2010 Annual Meeting of Shareholders of FutureFuel Corp. (the “Company”, “we”, “us” or “our”). Through this mailing, our board of directors (the “Board”) is soliciting proxies for the 2010 Annual Meeting. Our Annual Report for the year ended December 31, 2009 is also enclosed with this Proxy Statement, as are proxy cards. These documents provide important information about our business, including audited financial statements, and are first being mailed to shareholders on or about June 11, 2010.

Date, Time, and Place of the Annual Meeting.

The Annual Meeting will be held at 8235 Forsyth Blvd., 4th Floor, Clayton, Missouri 63105 on Thursday, the 15th day of July, 2010 at 10:00 a.m., local time, subject to adjournments or postponements.

We encourage you to vote your shares by proxy even if you plan to attend the Annual Meeting. If you do attend the Annual Meeting, you will be asked to present valid photo identification, such as a driver’s license or passport. If you hold your stock in an account at a brokerage firm or bank (in nominee name), you will need to bring a copy of an account statement reflecting such ownership on or after the May 28, 2010 record date for the meeting.

Proposals to be Voted Upon.

At the Annual Meeting, the following proposals (as described in greater detail below) will be voted upon by our shareholders:

- The election of Edwin A. Levy and Donald C. Bedell as Class A directors of the Company for a term expiring at the 2013 Annual Meeting of shareholders; and
- The ratification of the appointment of RubinBrown LLP as our independent auditor for the year ending December 31, 2010.

Our Board recommends that you vote to approve these proposals.

Voting at the Annual Meeting.

Proxies and Voting.

Shares of our common stock represented by properly executed proxies will, unless the proxies have been properly revoked, be voted in accordance with the instructions indicated on the proxies or, if no instructions are indicated, will be voted FOR the resolutions to: (i) elect Edwin A. Levy and Donald C. Bedell as Class A directors of the Company; and (ii) approve the appointment of RubinBrown LLP as our independent auditor for 2010. You can vote for approval of a particular resolution by marking the shareholder proxy card enclosed herewith with an “X” in the box under “FOR” for such resolution. If you do not wish to vote “FOR” the election of Edwin A. Levy and/or Donald C. Bedell, you can mark the shareholder proxy card with an “X” in the box under “WITHHOLD” for Item 1 on the card next to their respective names, and you can vote against approval of any of the other proposals by marking the shareholder proxy card with an “X” in the box under “AGAINST” for such proposal. Abstentions (other than with respect to the election of directors) may be specified with respect to any of the resolutions by properly marking with an “X” in the box under

“ABSTAIN” on the shareholder proxy card, and will be counted as present for the purpose of determining the existence of a shareholder quorum.

If you own shares in “street name” in an account at a bank or brokerage firm, we generally cannot mail our proxy materials directly to you. You may instead receive a voting instruction form with this Proxy Statement that you should use to instruct how your shares are to be voted, and you should also vote your shares by completing, signing, and returning the voting instruction form in the envelope provided. Many brokerage firms have arranged for internet or telephonic voting of shares and provide instructions for using those services on the voting instruction form. If your shares are held by a brokerage firm, the brokerage firm may under certain circumstances vote your shares. Such entities may have authority to vote their customers’ shares on certain routine matters, including the election of directors. When a firm votes its customers’ shares on routine matters, those shares are also counted for the purpose of establishing a quorum to conduct business at the meeting. A brokerage firm cannot vote its customers’ shares on non-routine matters without instructions from the customers. Accordingly, those shares are not counted as votes against a non-routine matter, but rather are not counted at all for such a matter.

Record Date; Quorum.

Our Board has fixed the close of business on May 28, 2010 as the record date for the determination of our shareholders entitled to receive notice of, and to vote at, the Annual Meeting. Accordingly, only holders of record of shares of our common stock at the close of business on the record date are entitled to notice of the Annual Meeting and to attend and vote at the Annual Meeting. On the record date, 35,835,053 shares of our common stock were outstanding with approximately 436 record holders thereof. Each share of our common stock issued and outstanding on the record date is entitled to one vote on any proposal at the Annual Meeting.

The presence, in person or by proxy, of shareholders owning shares of our common stock representing a majority of the votes entitled to be cast by shareholders at the Annual Meeting will constitute a quorum for the transaction of business at the Annual Meeting for which shareholders have the right to vote. Shareholders who deliver valid proxies or vote in person at the Annual Meeting will be considered part of the respective quorums. Once a share is represented for any purpose at the Annual Meeting, it is deemed present for quorum purposes for the remainder of the Annual Meeting and for any adjourned meeting. We will count abstentions as present and entitled to vote for purposes of determining the applicable quorum.

Classes of Voting Stock.

We only have one class of voting stock outstanding, and that is our common stock. There currently are outstanding 35,835,053 shares of our common stock. Each share of common stock is entitled to one vote on each proposal. We also have outstanding 12,030,447 warrants entitling the holders thereof to acquire, in the aggregate, one share of our common stock. Our warrants do not carry voting rights for purposes of this Annual Meeting.

Required Vote.

In accordance with Delaware law and our bylaws, our directors will be elected at the Annual Meeting by a plurality of the votes cast by shareholders. “Plurality” means that the nominees receiving the largest number of votes cast are elected as directors up to the maximum number of directors to be elected at the meeting. Any other matter on which shareholders vote at the Annual Meeting will be determined by the affirmative vote of a majority of the votes cast.

If any other matters are properly presented for consideration at the Annual Meeting, the persons named as attorneys-in-fact on the enclosed shareholder proxy card and acting thereunder will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote.

Revocability of Proxy.

Execution and return of a proxy card will not in any way affect a shareholder's right to attend and to vote in person at the Annual Meeting. Any proxy may be revoked by the shareholder giving it, at any time prior to its being voted, by: (i) filing a notice of revocation with our corporate secretary, Douglas D. Himmert, at 8235 Forsyth Blvd., 4th Floor, Clayton, Missouri 63105; (ii) executing and delivering a duly executed proxy bearing a later date; or (iii) attending the Annual Meeting and voting in person. A notice of revocation need not be on any specific form. Attendance at the Annual Meeting will not by itself constitute revocation of a proxy.

Dissenters Rights of Appraisal.

There are no rights of appraisal or similar rights of dissenters with respect to any matter to be acted upon at the Annual Meeting.

Persons Making the Solicitation.

The solicitation in this Proxy Statement is being made by us. We will solicit proxies by mail or by telephone, and our directors, officers, and employees also may solicit proxies, without additional compensation, on our behalf. We will not be using any specially engaged employees or paid solicitors. All expenses incurred in this solicitation will be paid by us. Banks, brokerage houses, and other institutions, nominees, and fiduciaries will be requested to forward the proxy materials to beneficial owners and to obtain authorization for the execution of proxies.

None of our directors has informed us in writing that he intends to oppose any action intended to be taken by us at the Annual Meeting.

Interest of Certain Persons in Matters to be Acted Upon.

None of our directors, executive officers, the nominees for director, or any of their associates has any substantial interest, direct or indirect, by security holdings or otherwise, in any matter to be acted upon at the Annual Meeting.

PROPOSAL ONE - ELECTION OF DIRECTORS

Our Board has nominated two persons for election to the Board at the Annual Meeting: Edwin A. Levy and Donald C. Bedell, each as a Class A director. Under our certificate of incorporation, our directors are divided into three classes, which serve for staggered three-year terms. Mr. Levy was originally elected as a director on November 26, 2005, and Mr. Bedell was originally elected as a director on March 17, 2008. Each of these nominees has agreed, if elected at the Annual Meeting, to serve as a Class A member of the Board for a three-year term expiring in 2013.

The persons named as attorneys-in-fact in the accompanying shareholder proxy card are expected to vote to elect the nominees listed above as director, unless authority to so vote is withheld. Although the Board expects that the nominees will be available for election, in the event a vacancy in the slate of nominees occurs, it is intended that shares of our common stock represented by proxies will be voted for the election of a substitute nominee selected by the persons named as attorneys-in-fact in the accompanying shareholder proxy card. Holders of our common stock do not have cumulative voting rights in the election of directors.

The name of the nominees for election and the other continuing members of our Board, and certain other information with respect to such persons, are set forth below.

PROPOSAL TWO - RATIFICATION OF INDEPENDENT PUBLIC ACCOUNTANT

RubinBrown LLP was our independent auditors for the fiscal years ending December 31, 2007, 2008, and 2009. On March 12, 2010, the audit committee of our Board took action to approve the retention of the accounting firm of RubinBrown LLP as the independent auditor for us for the fiscal year ending December 31, 2010. Our Board subsequently approved the actions of the audit committee but made the decision to seek shareholder ratification of the appointment of RubinBrown LLP as our independent auditor for the fiscal year ended December 31, 2010. A representative from the firm is expected to be present at the Annual Meeting and will have an opportunity to respond to shareholder questions.

4

Approval Policies and Procedures.

The audit committee of our Board engages the independent public accountants and defines the scope of their services on an annual basis. Any proposed changes to the services established by the audit committee through the engagement process will be reviewed with the audit committee in advance of the services being rendered to ensure that the accounting firm's independence is maintained. All audit related services and other services for 2009 and 2008 were approved by the audit committee through the engagement process, and the audit committee has concluded that the services provided by RubinBrown LLP during 2009 and 2008 were compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The audit committee's charter provides for approval of audit and audit-related services.

Auditor Independence.

The audit committee is required to consider the independence of RubinBrown LLP when engaging the firm to perform audit-related and other services. It was determined by the audit committee that audit-related and other services provided and the fees paid for those services for 2009 and 2008 were compatible with maintaining the independence of RubinBrown LLP.

Failure to Ratify the Selection of RubinBrown LLP.

If our shareholders do not ratify the appointment of RubinBrown LLP, our Board will consider the selection of other auditors.

**THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR"
THE RATIFICATION OF THE SELECTION OF RUBINBROWN LLP.**

Audit Committee.

We have a separately-designated standing audit committee and have adopted an audit committee charter. A copy of this audit committee charter may be accessed at <http://ir.futurefuelcorporation.com/governance.cfm> on our internet website. A copy may also be obtained free of charge from us by written request to our corporate secretary at our principal office set forth above. The members of the audit committee in 2009 were: Thomas R. Evans (chairman), Edwin A. Levy, and Richard L. Knowlton. Thomas R. Evans was the chairman of the audit committee.

The primary duties and responsibilities of the audit committee are to monitor: (i) the integrity of our financial statements, including the financial reporting process and systems of internal controls regarding finance and accounting; (ii) our compliance with related legal and regulatory requirements; and (iii) the independence and performance of our external auditor. The audit committee also selects our independent registered public accounting firm. Management of the Company is responsible for designing and implementing the internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of our financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The audit committee's responsibility is to monitor and oversee these processes.

Audit Committee Recommendation

In the performance of its oversight function, the audit committee has performed the duties required by its charter, and it has reviewed and discussed our consolidated financial statements for 2009 with management and the independent registered public accounting firm. The audit committee also has discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards Number 61, Communication with Audit Committees, as amended, as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T.

The audit committee has received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of PCAOB regarding the independent registered public accounting firm's communications with our audit committee concerning independence, and has discussed with the independent registered public accounting firm its independence. The audit committee also has received confirmations from management and has considered whether the provision of any nonaudit services by the independent registered public accounting firm to us is compatible with maintaining the independence of the auditors.

Based upon a review of the reports by, and discussions with, management and the independent registered public accounting firm and the audit committee's review of the representations of management and the report of the independent registered public accounting firm, the audit committee recommended to our Board to include the audited

financial statements in our Form 10-K and Annual Report for the year ended December 31, 2009.

Thomas R. Evans, Edwin A. Levy and Richard L. Knowlton

Audit Committee Expert

Our Board has determined that each member of our audit committee is an audit committee financial expert. During 2009, each such member of our audit committee was independent, as independence for audit committee members is defined in the listing standards applicable to us as described below.

Nominating Committee.

The nominating committee has a charter. A copy of that charter may be found at our internet web site at <http://ir.futurefuelcorporation.com/governance.cfm>. A copy may also be obtained free of charge by written request to our corporate secretary at our principal office set forth above.

Our Board has adopted Procedures for Shareholders Submitting Nominating Recommendations, which sets forth the procedure for a shareholder to submit a director nominee recommendation, the timelines for receiving such nominations, and the information required on each director nominee. Our Board has also adopted a Policy on Shareholder Recommendation of Candidates for Election as Directors, which sets forth the evaluation process adopted by our Board. Any shareholder desiring to submit a director nominee for consideration by the nominating committee of our Board for the 2011 Annual Meeting must do so in accordance with our bylaws and policies described below under “Shareholder Proposals for the Next Annual Meeting”. Director nominations should be submitted in writing to our corporate secretary, acting as agent for the nominating committee, at FutureFuel Corp., 8235 Forsyth Blvd., 4th Floor, Clayton, Missouri 63105. A copy of such Procedures and Policy is available to any shareholder and may be obtained from our corporate secretary.

Once a director nominee has been recommended, whether by a shareholder or otherwise, the nominating committee reviews the background and qualifications of the nominee. In selecting the slate of nominees to be recommended by the nominating committee to our Board, and in an effort to maintain a proper mix of directors that results in a highly effective governing body, the nominating committee also considers such factors as the occupational, geographic and age diversity of all director nominees; the particular skills and ability of each nominee to understand financial statements and finance matters generally; community involvement of each nominee; and the independence status of each nominee in accordance with our corporate governance guidelines, SEC rules and other applicable laws and regulations.

The nominating committee reports its recommendations concerning each director nominee to our Board. Our Board then considers the nominating committee’s recommendations and selects those director nominees to be submitted to the shareholders for approval at the next Annual Meeting of shareholders. Our Board may, as a part of its consideration, request the nominating committee to provide it with such information pertaining to a director nominee as our Board deems appropriate to fully evaluate the qualifications of the nominee.

Remuneration Committee.

Our Board has established a remuneration committee. The remuneration committee has a charter which may be found at our internet web site at <http://ir.futurefuelcorporation.com/governance.cfm>. In addition, a copy will be provided free of charge by written request to our corporate secretary at our principal office set forth above. Our processes and procedures for the consideration and determination of executive and director compensation are described in “Compensation of Directors and Executive Officers” below.

Director Independence.

Our Board has adopted corporate governance guidelines which incorporate certain rules of the SEC and U.S. securities exchanges for use by our Board when determining director independence. These guidelines include the Company's Policy for Approving Transactions with Related Parties and Insider Trading Policy. Our Board also broadly considers all other relevant facts and circumstances that bear on the materiality of each director's relationship with us, including the potential for conflicts of interest, when determining director independence.

The nominating committee of our Board evaluates each incumbent director and all new director nominees based on applicable law, regulations and rules and makes a recommendation to the full Board as to the independence of directors and director nominees. Our Board has determined that, of the seven current members of the Board who

will continue to serve after the Annual Meeting, the following four directors have no disqualifying material relationships with us or our subsidiaries and are, therefore, independent: Messrs. Levy, Evans, Knowlton, and Bedell. In addition, in 2009 each of our Board's remuneration, audit, and nominating committees was comprised of directors who were independent under such definitions. The guidelines referenced above, as well as other corporate governance initiatives adopted by us, are available to any shareholder free of charge upon request to our corporate secretary at our principal office set forth above.

Compensation of Directors and Executive Officers.

General

Our Board has established a remuneration committee. The remuneration committee's responsibilities include, among other things, determining our policy on remuneration to our (that is, FutureFuel Corp.'s) officers and directors and the executive officers and directors of FutureFuel Chemical Company. We paid each of our directors \$25,000 for 2009. We determined for 2009 not to pay salaries, bonuses, or other forms of cash compensation (other than stock options) to any of our executive officers (in their capacities as such) (other than certain executive officers of FutureFuel Chemical Company). The remuneration committee did approve the awarding of certain stock options to our directors and executive officers in 2009 as described below. No compensation for our directors or executive officers (other than certain executive officers of FutureFuel Chemical Company) has been set at this time for the calendar year 2010. Rather, our Board believes it is more appropriate to set such compensation later in the year when 2010 results are capable of reasonable estimation.

In 2009, we paid salaries, bonuses, and other forms of compensation to the officers of FutureFuel Chemical Company as described below. For purposes of the following discussion of executive compensation, the term "executive officers" includes executive officers of both FutureFuel Corp. and FutureFuel Chemical Company. Only Paul A. Novelly, Lee E. Mikles, Paul G. Lorenzini, and Douglas D. Hommert have been elected officers of FutureFuel Corp. by our Board.

Compensation Discussion and Analysis

The elements of our compensation program include base salary, bonuses, and certain retirement, insurance, and other benefits generally available to all employees. In addition, our Board adopted an Omnibus Incentive Plan (the "Incentive Plan") which was approved by our shareholders at our 2007 annual meeting on June 26, 2007. The Incentive Plan provides equity-based compensation to our executive officers and our directors.

Cash Salaries and Bonuses

We determined not to pay cash salaries or bonuses to Messrs. Novelly, Mikles, Lorenzini, or Hommert for 2009. Our executive chairman, Mr. Novelly, receives compensation from our affiliate, St. Albans Global Management, Limited Partnership, LLLP. Our chief executive officer, Mr. Mikles, receives compensation from existing business enterprises and investments, none of which are affiliated with us. Our executive vice president, secretary and treasurer, Mr. Hommert, receives compensation from our affiliate, Apex Oil Company, Inc. None of Messrs. Novelly, Mikles, Lorenzini, or Hommert received any increase in their salary, bonus, or other income to compensate them for their services to us. As to our other executive officers, we continued their base salaries paid for 2008 with a modest percentage increase for 2009.

For the year 2009, we established a bonus pool for the employees of our subsidiary, FutureFuel Chemical Company. The total bonus target amount was determined at 10% of the estimated (as of the end of November 2009) after-tax earnings of FutureFuel Chemical Company for the year ended December 31, 2009, subject to certain adjustments. We believe the 10% amount was reasonable and provides an incentive for such employees to continue

implementing the business plan that we have installed at FutureFuel Chemical Company. FutureFuel Chemical Company employees hired after January 1, 2009 received \$250. Eligible employees hired prior to January 1, 2009 received 88 hours of pay at their normal hourly rate. Salaried employees of FutureFuel Chemical Company received an additional bonus amount ranging from \$0 to \$40,000, with the larger bonuses going to FutureFuel Chemical Company's executive officers as determined by FutureFuel Chemical Company's board of directors. The bonuses were paid in cash on December 18, 2009.

We expect to establish an annual cash bonus program for fiscal years commencing after 2009 in an amount equal to 10% of after-tax earnings of FutureFuel Chemical Company, subject to certain adjustments, but solely on a discretionary basis. In determining actual bonus payouts for such years, we expect that the remuneration committee will consider performance against Company performance goals to be established, as well as individual performance goals. We expect that this annual cash bonus program will apply to certain key employees of FutureFuel Chemical Company in addition to the executives whose compensation is described herein. The actual amount of bonuses, if any, will be determined near the end of our fiscal year.

Omnibus Incentive Plan

Our Board adopted the Incentive Plan, which was approved by our shareholders at our 2007 annual shareholder meeting on June 26, 2007. The purpose of the Incentive Plan is to:

- encourage ownership in us by key personnel whose long-term employment with or engagement by us or our subsidiaries (including FutureFuel Chemical Company) is considered essential to our continued progress and, thereby, encourage recipients to act in our shareholders' interests and share in our success;
- encourage such persons to remain in our employ or in the employ of our subsidiaries; and
- provide incentives to persons who are not our employees to promote our success.

The Incentive Plan authorizes us to issue stock options (including incentive stock options and nonqualified stock options), stock awards, and stock appreciation rights. To date, options for 690,500 shares of stock and awards of 39,800 shares of stock have been made. We will consider issuing additional stock options, stock awards, and/or stock appreciation rights pursuant to the criteria set forth below. However, no determinations have been made for 2010.

Eligible participants in the Incentive Plan include: (i) members of our Board and our executive officers; (ii) regular, active employees of us or of any of our subsidiaries; and (iii) persons engaged by us or by any of our subsidiaries to render services to us or our subsidiaries as an advisor or consultant.

Awards under the Incentive Plan are limited to shares of our common stock, which may be shares reacquired by us, including shares purchased in the open market, or authorized but un-issued shares. Awards will be limited to 10% of the issued and outstanding shares of our common stock in the aggregate, or approximately 2,670,000 shares as of the date of adoption of the Incentive Plan.

The Incentive Plan will be administered by our Board's remuneration committee (the "Administrator"). The Administrator may appoint agents to assist it in administering the Incentive Plan. The Administrator may delegate to one or more individuals the day-to-day administration of the Incentive Plan and any of the functions assigned to the Administrator in the Incentive Plan. Such delegation may be revoked at any time. All decisions, determinations, and interpretations by the Administrator regarding the Incentive Plan and the terms and conditions of any award granted thereunder will be final and binding on all participants.

The Incentive Plan became effective upon its approval by our shareholders on June 26, 2007 and continues in effect for a term of ten years thereafter unless amended and extended by us or unless earlier terminated. The individuals and number of persons who may be selected to participate in the Incentive Plan in the future is at the discretion of the Administrator and, therefore, are not determinable at this time. Likewise, the number of stock options, stock awards, and stock appreciation rights that will be granted, or that would have been granted during the last completed fiscal year if the Incentive Plan had been in effect, to eligible participants pursuant to the Incentive Plan are not determinable at this time.

The Administrator may grant a stock option or provide for the grant of a stock option either from time to time in the discretion of the Administrator or automatically upon the occurrence of events specified by the Administrator, including the achievement of performance goals or the satisfaction of an event or condition within the control of the participant or within the control of others. Each option agreement must contain provisions regarding: (i) the number of shares of common stock that may be issued upon exercise of the option; (ii) the type of option; (iii) the exercise

price of the shares and the means of payment for the shares; (iv) the term of the option; (v) such terms and conditions on the vesting or exercisability of the option as may be determined from time to time by the Administrator; (vi) restrictions on the transfer of the option and forfeiture provisions; and (vii) such further terms and condition not inconsistent with the plan as may be determined from time to time by the Administrator. Unless otherwise specifically determined by the Administrator or otherwise set forth in the Incentive Plan, the vesting of an option will occur only while the participant is employed or rendering services to us or one of our subsidiaries, and all vesting will cease upon a participant's termination of employment for any reason.

The Administrator may grant annual performance vested options. Performance will be tied to annual cash flow targets (our consolidated income plus depreciation plus amortization) in amounts to be determined. Annual performance vested options will vest 25% for each year that the annual cash flow target is achieved (with provisions for subsequent year catch-ups).

The Administrator may grant cumulative performance vested options. Performance will be tied to cumulative cash flow in amounts to be determined for periods to be determined.

The Administrator may issue other options based upon the following performance criteria either individually, alternatively, or in any combination, applied to either the Company as a whole or to a business unit, subsidiary, or business segment, either individually, alternatively, or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Administrator: (i) cash flow; (ii) earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings); (iii) earnings per share; (iv) growth in earnings or earnings per share; (v) stock price; (vi) return on equity or average shareholders' equity; (vii) total shareholder return; (viii) return on capital; (ix) return on assets or net assets; (x) return on investment; (xi) revenue; (xii) income or net income; (xiii) operating income or net operating income; (xiv) operating profit or net operating profit; (xv) operating margin; (xvi) return on operating revenue; (xvii) market share; (xviii) overhead or other expense reduction; (xix) growth in shareholder value relative to the moving average of the S&P 500 Index or a peer group index; (xx) strategic plan development and implementation; and (xxi) any other similar criteria.

Such options will vest and expire (including on a pro rata basis) on such terms as may be determined by the Administrator from time to time consistent with the terms of the Incentive Plan.

The Administrator may award our common stock to participants. The grant, issuance, retention, or vesting of each stock award may be subject to such performance criteria and level of achievement versus these criteria as the Administrator determines, which criteria may be based on financial performance, personal performance evaluations, or completion of service by the participant. Unless otherwise provided for by the Administrator, upon the participant's termination of employment other than due to death or retirement, the unvested portions of the stock award and the shares of our common stock subject thereto will generally be forfeited. Unless otherwise provided for by the Administrator, if a participant's termination of employment is due to death or retirement, all outstanding stock awards will continue to vest provided certain conditions to be determined are met. Unless otherwise provided for by the Administrator, if a participant's termination of employment is due to his death, a portion of each outstanding stock award granted to such participant will immediately vest and all forfeiture provisions and repurchase rights will lapse as to a prorated number of shares of common stock determined by dividing the number of whole months since the grant date by the number of whole months between the grant date and the date that the stock award would have fully vested.

The Administrator may grant stock appreciation rights either alone or in conjunction with other awards. The Administrator will determine the number of shares of common stock to be subject to each award of stock appreciation

rights. The award of stock appreciation rights will not be exercisable for at least six months after the date of grant except as the Administrator may otherwise determine in the event of death, disability, retirement, or voluntary termination of employment of the participant. Except as otherwise provided by the Administrator, the award of stock appreciation rights will not be exercisable unless the person exercising the award of stock appreciation rights has been at all times during the period beginning with the date of the grant thereof and ending on the date of such exercise, employed by or otherwise performing services for us or one of our subsidiaries.

In the event there is a change in control of the Company, as determined by our Board, our Board may, in its discretion: (i) provide for the assumption or substitution of, or adjustment to, each outstanding award; (ii) accelerate the vesting of awards and terminate any restrictions on cash awards or stock awards; and (iii) provide for the cancellation of awards for a cash payment to the participant.

Grants of Plan-Based Awards

We adopted the Incentive Plan but did not make any awards thereunder until 2008. In April 2008, we granted a total of 55,000 stock options to selected members of our management. An additional 5,000 management options were issued in September 2008. The options awarded in April 2008 had an exercise price equal to the average of the bid and ask price of our common stock on the date of grant as established in private sales, which our Board determined to be the fair market value of such stock on that date. The management options awarded in September 2008 had an exercise price equal to the closing price of our common stock on the date of grant as quoted on the OTCBB. Originally, one-third of the management options granted in April 2008 vested on each of the annual anniversary dates of the grant. Our compensation committee determined that it was in our best interests if those options were to vest immediately. Accordingly, those management options were amended in September 2008 to provide for immediate vesting. The management options issued in September 2008 vested immediately upon grant. The management options awarded in April 2008 expire on April 7, 2013. The management options awarded in September 2008 expire on September 30, 2013. On December 3, 2008, we awarded an aggregate of 39,800 shares of our common stock to employees of FutureFuel Chemical Company. These shares vested upon grant.

In 2009, we awarded 280,500 stock options to our directors, executive officers, and certain other members of our management. These options vested upon grant, had an exercise price equal to the closing price of our common stock on the date of grant as quoted on the OTCBB, and expire upon December 21, 2014 if not exercised by that date.

The following tables set forth certain information regarding the awards to our executive officers and certain officers of FutureFuel Chemical Company of options and shares of our common stock under the Incentive Plan.
