NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Development Stage

Rub Music Enterprises, Inc. (Rub Music) and its wholly owned subsidiary, Rub Music Library, Inc. (Rub Music Library), (collectively the Company) were incorporated under the laws of the State of Nevada on May 6, 2004. The Company s principal business was to produce and market original musical pieces for use in the commercial and entertainment industries. The Company encountered difficulties in developing this business, and ceased its operations at the end of 2006. The Company once again became a development stage company, effective January 1, 2007, and is currently seeking a business opportunity.

Basis of Presentation The consolidated condensed financial statements include the accounts of Rub Music and Rub Music Library. All significant inter-company accounts and transactions have been eliminated in consolidation. The interim financial information of the Company as of September 30, 2008 and for the three-month and nine-month periods ended September 30, 2008 and 2007 is unaudited, and the balance sheet as of December 31, 2007 is derived from audited financial statements. The accompanying consolidated condensed financial statements have been prepared in accordance with U. S. generally accepted accounting principles for interim financial statements. Accordingly, they omit or condense footnotes and certain other information normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles. The accounting policies followed for quarterly financial reporting conform with the accounting policies disclosed in Note 1 to the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007. In the opinion of management, all adjustments that are necessary for a fair presentation of the financial information for the interim periods reported have been made. All such adjustments are of a normal recurring nature. The results of operations for the three months and nine months ended September 30, 2008 are not necessarily indicative of the results that can be expected for the entire year ending December 31, 2008. The unaudited consolidated condensed financial statements should be read in conjunction with the consolidated financial statements and the notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007.

NOTE 2 GOING CONCERN

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. However, the Company was only recently formed and has a limited operating history. Further, the Company has current liabilities in excess of current assets and a stockholders' deficit at September 30, 2008. The Company is currently seeking a business opportunity. These factors raise substantial doubt about the ability of the Company to continue as a going concern. In this regard management is proposing to raise any necessary additional funds not provided by operations through additional sales of its common stock. There is no assurance that the Company will be successful in raising this additional capital or in sustaining profitable operations. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

NOTE 3 RELATED PARTY TRANSACTIONS

As of September 30, 2008 and December 31, 2007, the Company had outstanding accounts payable related party in the amount of \$21,776 that represents the balance owing to the former CEO of the Company from a contract in 2005 to purchase the royalty revenue stream for two years and the rights to certain intangible assets from him.

As of September 30, 2008, the Company had an outstanding note payable in the amount of \$40,000 to its CEO. The note is payable on demand, is unsecured and bears interest at an annual rate of 8%. Accrued interest payable on the note was \$1,028 as of September 30, 2008.

NOTE 4 SUPPLEMENTAL STATEMENTS OF CASH FLOWS INFORMATION

During the nine months ended September 30, 2008, the Company paid \$1,700 for income taxes. During the nine months ended September 30, 2007, the Company paid no amounts for income taxes.

During the nine months ended September 30, 2007, the Company paid \$375 for interest expense. During the nine months ended September 30, 2008, the Company paid no amounts for interest expense.

During the nine-month periods ended September 30, 2008 and 2007, the Company had no non-cash financing and investing activities.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

Since its inception on May 6, 2004, the Company attempted to establish a music library business that established a catalogue of copyrighted songs that it intended to license to parties who wished to use the songs and pay royalties for their use.

The Company encountered numerous problems and ceased its operations. The Company has now focused its efforts on seeking a business opportunity. The Company will attempt to locate and negotiate with a business entity for the merger of that target company into the Company. In certain instances, a target company may wish to become a subsidiary of the Company or may wish to contribute assets to the Company rather than merge. No assurances can be given that the Company will be successful in locating or negotiating with any target company. The Company will provide a method for a foreign or domestic private company to become a reporting (public) company whose securities are qualified for trading in the United States secondary market.

CRITICAL ACCOUNTING POLICIES

Management's discussion and analysis of the Company's financial condition and results of operations are based upon financial statements which have been prepared in accordance with U. S. generally accepted accounting principles. The following accounting policies significantly affect the way the financial statements are prepared.

Principles of Consolidation: The consolidated financial statements include the accounts of the Company and Rub Music Library, Inc., its wholly owned subsidiary. All significant inter-company balances and transactions have been eliminated.

Cash and Cash Equivalents: For purposes of the consolidated statements of cash flows, the Company considers all highly liquid investments with a maturity of three months or less to be cash equivalents. Since inception, the Company has not held any short-term investments considered to be cash equivalents.

Accounts Receivable: The Company records accounts receivable at the lower of cost or fair value. The Company estimates allowances for doubtful accounts based on its review of aged receivable balances, and writes off accounts receivable when management concludes the receivable is uncollectible. The Company considers accounts receivable to be past due or delinquent based on contractual terms. The Company had no accounts receivable at September 30,

2008 and December 31, 2007.

Revenue Recognition: The Company records royalty revenue when earned in accordance with the underlying agreements. Consulting and service revenue is recognized as services are performed. Through September 30, 2008, the Company had not earned any consulting and service revenues.

Income Taxes: The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes. Deferred income taxes are provided for items reported in different periods for income tax purposes than for financial reporting purposes.

OPERATIONS REVIEW

During the three-month and nine-month periods ended September 30, 2008 and 2007, the Company had no revenues as it had ceased operations.

General and administrative expenses consist primarily of legal and accounting fees, stock transfer fees, license and permits and bank charges. General and administrative expenses were \$7,267 and \$5,270 for the three months ended September 30, 2008 and September 30, 2007, respectively. General and administrative expenses were \$23,848 and \$6,942 for the nine months ended September 30, 2008 and September 30, 2007, respectively. The increase in general and administrative expenses in the nine months ended September 30, 2008 is due primarily to increased legal and accounting fees related to the filing of the Company's registration statement.

During the three-month and nine-month periods ended September 30, 2008, the Company incurred interest expense of \$712 and \$1,028, respectively, on a related party note payable to its CEO. During the nine months ended September 30, 2007, the Company incurred interest expense of \$35 on a note payable, which was repaid during that period.

The Company incurred income tax expense of \$100 during the three-month and nine-month periods ended September 30, 2008, consisting of state income taxes paid. The Company incurred income tax expense of \$1,600 during the nine months ended September 30, 2007, consisting of state income taxes payable.

LIQUIDITY AND CAPITAL RESOURCES

At September 30, 2008, the Company had current assets of \$3,316, consisting of cash, and current liabilities of \$74,713, resulting in a working capital deficiency of \$71,397. Current liabilities at September 30, 2008 consist of trade accounts payable of \$10,309, accounts payable related party of \$21,776, note payable related party of \$40,000, accrued interest payable related party of \$1,028, and income taxes payable of \$1,600.

Since operations were discontinued effective January 1, 2007, the Company has had no source of revenues from which to pay its operating expenses. The Company will require additional capital from the sale of its common stock, debt or from other sources in order to pay its current obligations, and there can be no assurance that the Company will be successful in these efforts.

Net cash used in operating activities for the nine months ended September 30, 2008 was \$41,833, compared to net cash used in operating activities of \$18,251 for the same nine-month period in 2007. The net cash used in operating activities for the nine months ended September 30, 2008 included a reduction in trade accounts payable of \$16,285 and the reduction of income taxes payable of \$1,600. The net cash used in operating activities for the nine months ended September 30, 2007 included a reduction in trade accounts payable of \$3,334, the repayment of accounts payable related party of \$6,000 and the repayment of accrued interest payable of \$340.

No net cash was provided by or used in investing activities during the nine-month periods ended September 30, 2008 and 2007.

Net cash provided by financing activities for the nine months ended September 30, 2008 consisted of proceeds of \$40,000 from a note payable to the Company's CEO. Net cash used in financing activities for the nine months ended September 30, 2007 consisted of the repayment of notes payable of \$3,000.
