VERACITY MANAGEMENT GLOBAL, INC.
NOTES TO FINANCIAL STATEMENTS
THREE MONTHS ENDED SEPTEMBER 30, 2009
(A Development Stage Company)
(Unaudited)

NOTE 1 – BASIS OF PRESENTATION

The accompanying financial statements of Veracity Management Global, Inc (the "Company", "VCMG") at September 30, 2009 have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in conformity with generally accepted accounting principles have been omitted or condensed pursuant to such rules and regulations. These statements should be read in conjunction with VCMG's audited financial statements and notes thereto included in VCMG's Form 10-K. In management's opinion, these unaudited interim financial statements reflect all adjustments (consisting of normal and recurring adjustments) necessary for a fair presentation of the financial position and results of operations for each of the periods presented. The accompanying unaudited interim financial statements for the three months ended September 30, 2009 are not necessarily indicative of the results which can be expected for the entire year.

Basis of Presentation

The Company follows accounting principles generally accepted in the United States of America. Certain prior period amounts have been reclassified to conform to the September 30, 2008 presentation. On August 2, 2007, the Company's Board of Directors approved a 1 for 73 reverse split of the Company's common stock by Action of the Board and a majority of shareholders. All information related to common stock, warrants to purchase common stock and earnings per share have been retroactively adjusted to give effect to the stock split.

The statements of operations show the effect of a reclassification of the distribution of the subsidiary companies until July 1, 2008. The reclassification included all parts of the prior operations for both subsidiary companies as loss from discontinued operations for the prior reported period.

In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The financial statements include the accounts of Veracity Management Global, Inc and the operations of Secured Financial Data, Inc and Veracity Management Group, Inc. are being reported as loss from discontinued operations. Any inter-company transactions have been eliminated as part of the transaction.

As a development stage company, the Company continues to rely on infusions of debt and equity capital to fund operations. The Company relies principally on cash infusions from its directors and affiliates, and paid a significant amount of personal services and salaries in the form of common stock.

Recently Adopted Accounting Pronouncements

Effective June 30, 2009, the Company adopted a new accounting standard issued by the FASB related to the disclosure requirements of the fair value of the financial instruments. This standard expands the disclosure requirements of fair value (including the methods and significant assumptions used to estimate fair value) of certain

financial instruments to interim period financial statements that were previously only required to be disclosed in financial statements for annual periods. In accordance with this standard, the disclosure requirements have been applied on a prospective basis and did not have a material impact on the Company's financial statements.

VERACITY MANAGEMENT GLOBAL, INC.
NOTES TO FINANCIAL STATEMENTS
THREE MONTHS ENDED SEPTEMBER 30, 2009
(A Development Stage Company)
(Unaudited)

In June 2009, the Financial Accounting Standards Board ("FASB") established the FASB Accounting Standards Codification (the "Codification") as the source of authoritative accounting principles recognized by the FASB to be applied by non-governmental entities in the preparation of financial statements in conformity with GAAP. Rules and interpretive releases of the Securities and Exchange Commission ("SEC") under authority of federal securities laws are also sources of authoritative GAAP for SEC registrants. The introduction of the Codification does not change GAAP and other than the manner in which new accounting guidance is referenced, the adoption of these changes had no impact on the our consolidated financial statements.

Recently Issued Accounting Standards

In August 2009, the FASB issued an amendment to the accounting standards related to the measurement of liabilities that are recognized or disclosed at fair value on a recurring basis. This standard clarifies how a company should measure the fair value of liabilities and that restrictions preventing the transfer of a liability should not be considered as a factor in the measurement of liabilities within the scope of this standard. This standard is effective for the Company on October 1, 2009. The Company does not expect the impact of its adoption to be material to its financial statements.

In October 2009, the FASB issued an amendment to the accounting standards related to the accounting for revenue in arrangements with multiple deliverables including how the arrangement consideration is allocated among delivered and undelivered items of the arrangement. Among the amendments, this standard eliminated the use of the residual method for allocating arrangement considerations and requires an entity to allocate the overall consideration to each deliverable based on an estimated selling price of each individual deliverable in the arrangement in the absence of having vendor-specific objective evidence or other third party evidence of fair value of the undelivered items. This standard also provides further guidance on how to determine a separate unit of accounting in a multiple-deliverable revenue arrangement and expands the disclosure requirements about the judgments made in applying the estimated selling price method and how those judgments affect the timing or amount of revenue recognition. This standard, for which the Company is currently assessing the impact, will become effective for the Company on January 1, 2011.

In October 2009, the FASB issued an amendment to the accounting standards related to certain revenue arrangements that include software elements. This standard clarifies the existing accounting guidance such that tangible products that contain both software and non-software components that function together to deliver the product's essential functionality, shall be excluded from the scope of the software revenue recognition accounting standards. Accordingly, sales of these products may fall within the scope of other revenue recognition standards or may now be within the scope of this standard and may require an allocation of the arrangement consideration for each element of the arrangement. This standard, for which the Company is currently assessing the impact, will become effective for the Company on January 1, 2011.

NOTE 2- GOING CONCERN

Veracity Management Global, Inc.'s financial statements have been prepared on a going concern basis, which contemplates the realization of assets and settlement of liabilities and commitments in the normal course of business

for the foreseeable future. Since inception, the Company has accumulated losses aggregating to \$4,133,450 and has insufficient working capital to meet operating needs for the next twelve months as of September 30, 2009, all of which raise substantial doubt about VCMG's ability to continue as a going concern.

ITEM 3. QUANTITATIVE and QUALITATIVE DISCUSSION ABOUT MARKET RISK

The Company is defined by Rule 229.10 (f)(1) as a "Smaller Reporting Company" and is not required to provide or disclose the information required by this item.

ITEM 4. CONTROLS AND PROCEDURES

As of September 30, 2009, our Chief Executive Officer and Chief Financial Officer (the "Certifying Officers") conducted evaluations of our disclosure controls and procedures. As defined under Sections 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934 Act, as amended (the "Exchange Act") the term "disclosure controls and procedures" means controls and other procedures of an issuer that are designed to ensure that information required to be disclosed by the issuer in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer's management, including the Certifying Officers, to allow timely decisions regarding required disclosure. Based on this evaluation, the Certifying Officers have concluded that our disclosure controls and procedures were not effective to ensure that material information is recorded, processed, summarized and reported by our management on a timely basis in order to comply with our disclosure obligations under the Exchange Act, and the rules and regulations promulgated there under.

The Certifying Officers' conclusion that the Company's disclosure controls and procedures were not effective was based upon a determination that a deficiency relating to measuring and recording the elements of a merger relating to the Company's accounting for the non-cash compensation in the transaction, as discussed below.

As of September 30, 2008, there were no other changes in our internal control over financial reporting during the subject fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
