ITEM 5. OTHER EVENTS AND REQUIRED FD DISCLOSURE

On January 8, 2004, the Registrant announced that David Sandler, President and Chief Operating Officer, would be seeking medical advice to address diminished hearing in his left ear; the condition is caused by a benign growth, or acoustic neuroma, pressing on the acoustic nerve, and is treatable with surgery or radiation therapy. If surgery is elected, the Registrant anticipates that Mr. Sandler would return to work full-time shortly following the procedure.

Mr. Sandler stated "While I am still seeking medical advice and considering my options to treat this condition, I am confident that our strong and deep management team will be driving our established business goals and initiatives to take MSC to the next level, and any decision I make will be coordinated with the rest of our management team to ensure that my short absence is seamless to the business."
