Item 8.01. Other Events

On March 10, 2005, we completed an offering of \$350 million in aggregate principal amount of 6¼% Senior Notes due 2015. We used the proceeds from the offering to repurchase \$276.8 million of our outstanding 9¾% Senior Notes due 2011 plus tender offer consideration and consent payments totaling approximately \$32.5 million in the aggregate pursuant to a previously announced offer to purchase and consent solicitation. We intend to use the remaining proceeds to repay a portion of our unsecured credit facility.

In addition, as previously disclosed, we received the consents of at least two-thirds in aggregate principal amount of the outstanding 9¾% senior notes due 2011 to approve amendments to the indenture governing such notes that will eliminate substantially all of the covenants and certain events of default in the indenture. On March 10, 2005, we executed and delivered a supplemental indenture to the indenture under which the 9¾% senior notes were issued, which became operative when we accepted the notes for purchase pursuant to the offer to purchase.

A copy of the press release, including information concerning forward-looking statements and factors that may affect our future results, is attached hereto as Exhibit 99.1 and incorporated herein by this reference.
