  - o Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

**Item 2.05 Costs Associated with Exit or Disposal Activities**

As previously announced, on October 31, 2006, Emergency Medical Services Corporation ( "EMSC" or the "Company" ) approved a restructuring plan to streamline the regional operations of the Company's American Medical Response, Inc. subsidiary ( "AMR" ) for the purposes of increasing efficiencies, improving customer service and producing cost savings. AMR's fifteen operating divisions will be reorganized into eight divisional offices located within existing operations. In connection with the restructuring, the Company will cease operations in the Detroit-Pontiac, Michigan area effective December 31, 2006.

EMSC expects this restructuring to be substantially completed by December 31, 2007, and will result in a fourth quarter 2006 pre-tax charge of \$4.0 to \$5.0 million. The expected charges are comprised of cash charges in the range of \$3.5 million to \$4.5 million for employee separation costs and \$0.4 million to \$0.6 million for lease termination costs. EMSC estimates that this restructuring will result in initial annual savings of approximately \$7.0 million in 2007.

The Company is in the process of finalizing its current personnel and facility needs and the ranges set forth above represent the Company's current good faith estimates. Final personnel and facility decisions may result in different cash charges for employee and facility costs, as well as non-cash write-offs of leasehold improvements or other fixed assets.

\* \* \*

The information in this report contains forward-looking statements concerning, among other things, expectations regarding expected charges, cash expenditures, estimated savings and timing of the implementation of the Company's restructuring plan. These statements are based upon numerous assumptions that the Company cannot control and involve risks and uncertainties that could cause actual results to differ. These statements should be understood in light of the risk factors set forth in the Company's filings with the Securities and Exchange Commission, including, but not limited to, the Company's Form 10-K for the fiscal year ended December 31, 2005 and its subsequent quarterly reports on Form 10-Q.
