- Ranking:** The notes will be the company's general unsecured obligations. They will rank subordinate to all senior indebtedness of the company, including debt outstanding under its senior credit facility, and pari passu or senior to all other subordinated indebtedness of the company. In addition, the notes will be structurally subordinated to all present and future debt and other obligations of the company's subsidiaries.
- Assuming that the company had completed the offering of the notes and applied the net proceeds as described under Use of Proceeds, as of March 31, 2007, the company would have had total senior indebtedness of approximately \$8.7 million; the company subsequently borrowed an additional \$24.6 million in conjunction with its acquisition of Surgery Center of Kalamazoo, LLC.
- Fundamental Change:** Holders may require the company to purchase all or part of their notes upon the occurrence of a fundamental change (as defined in the Preliminary Prospectus Supplement dated June 20, 2007 relating to the notes, the Preliminary Prospectus Supplement ) at a price equal to 100% of the principal amount of the notes being purchased, plus accrued and unpaid interest payable in cash.
- Use of Proceeds:** The company anticipates net proceeds from the offering, after deducting estimated fees and expenses and the underwriter's discount, of approximately \$72.0 million (giving effect to the exercise in full of the underwriter's overallotment option). The company expects to use:
- \$10.0 million of the net proceeds from this offering to pay the net cost of the convertible note hedge and warrant transactions; and
  - the remainder of the net proceeds from the offering to repay a portion of the amounts outstanding under its \$125 million senior credit facility and the company may thereafter draw down these funds again to use for working capital or other general corporate purposes.
- General corporate purposes may include acquisitions, strategic investments or joint venture arrangements. Although the company currently has no arrangements or understandings with respect to acquisitions, it continues to evaluate acquisition and strategic investment opportunities.
- Underwriter:** Deutsche Bank Securities Inc.
