EXPLANATORY NOTE

The Registrant is filing this Amendment No. 1 on Form 10-K/A to its Annual Report on Form 10-K for the fiscal year ended September 27, 2008 (the Original Form 10-K) in order to amend Item 9 thereof solely to include management's conclusion with respect to the effectiveness of the Registrant's internal control over financial reporting as of September 27, 2008 which was inadvertently omitted from the Original Form 10-K and to clarify the conditions under which management determined its disclosure controls and procedures to be effective as of September 27, 2008. No other part of the Original Form 10-K is being amended hereby.

PART II

Item 9A. Controls and Procedures

(a) Management's Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f) under the Securities Exchange Act of 1934, as amended, or the Exchange Act). Our management, including our Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of our internal control over financial reporting as of September 27, 2008. In making this assessment, our management used the criteria established in *Internal Control Integrated Framework*, issued by The Committee of Sponsoring Organizations of the Treadway Commission (COSO). Our management has concluded that, as of September 27, 2008, our internal control over financial reporting was effective based on these criteria. The effectiveness of our internal control over financial reporting as of September 27, 2008 has been audited by KPMG LLP, an independent registered public accounting firm, as stated in their report which is included in Item 15 of this Annual Report on Form 10-K.

(b) Changes in Internal Control Over Financial Reporting

There was no change in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter ended September 27, 2008 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

(c) Evaluation of Disclosure Controls and Procedures

Our management, including our Chief Executive Officer and Chief Financial Officer, does not expect that our disclosure controls and procedures will prevent all error and all fraud. Disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that their objectives are met. Further, the design of disclosure controls and procedures must reflect the fact that there are resource constraints, and the benefits of disclosure controls and procedures must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of disclosure controls and procedures can provide absolute assurance that all disclosure control issues and instances of fraud, if any, within the Company have been detected. Nonetheless, our Chief Executive Officer and Chief Financial Officer have concluded that, as of September 27, 2008, (1) our disclosure controls and procedures were designed to provide reasonable assurance of achieving their objectives, and (2) our disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed in the reports we file and submit under the Exchange Act is recorded, processed, summarized and reported as and when required, and that such information is accumulated and communicated to our management, including the Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding its required disclosure.
