Xyratex Ltd Announces Results for the Third Quarter Fiscal Year 2010

Havant, UK September 29, 2010 Xyratex Ltd (Nasdaq: XRTX), a leading provider of enterprise class data storage subsystems and storage process technology, today announced results for the third fiscal quarter ended August 31, 2010. Revenues for the third quarter were \$430.2 million, an increase of 74.7% compared to revenues of \$246.3 million for the same period last year.

For the third quarter, GAAP net income was \$37.2 million, or \$1.19 per diluted share, compared to \$7.8 million, or \$0.26 per diluted share, in the same period last year. Non-GAAP net income was \$37.6 million or \$1.20 per diluted share, compared to \$10.7 million, or \$0.36 per diluted share, in the same quarter a year ago (1).

Gross profit margin in the third quarter was 17.6%, compared to 16.7% in the same period last year. The increase in overall gross margin primarily resulted from a higher proportion of Storage Infrastructure revenue in the 2010 quarter.

Revenues from our Networked Storage Solutions products were \$317.2 million as compared to \$208.6 million in the same quarter a year ago, an increase of 52.1%. Gross profit margin in the Networked Storage Solutions business was 12.0% as compared to 14.0% a year ago due primarily to changes in product mix. Revenues from our Storage Infrastructure products were \$113.0 million as compared to \$37.7 million in the same quarter a year ago. Gross profit margin in the Storage Infrastructure business was 33.8% compared to 32.4% a year ago.

Our third quarter results reflect our excellent execution in meeting the strong demand from customers in both of our businesses, including some pull-forward from the fourth quarter by one of our Storage Infrastructure customers. This has resulted in profit being above our expectations for the quarter and while the pull-forward has had some impact on our 4Q profitability, our overall expectations for profit and Storage Infrastructure revenues for the full year have increased. said Steve Barber, Xyratex CEO. We continue to make very good progress in areas in which we have made strategic investments, and anticipate capitalizing on a number of these new growth opportunities. I am very pleased with the progress we have made with regard to securing new customers and programs in both businesses, which should further diversify our customer base.

Business Outlook

The following statements are based on current expectations. These statements are forward-looking, and actual results may differ materially.

- Revenue in the fourth quarter of 2010 is projected to be in the range \$395 to \$445 million.
- Fully diluted earnings per share is anticipated to be between \$0.48 and \$0.74 on a GAAP basis in the fourth quarter. On a non-GAAP basis fully diluted earnings per share is anticipated to be between \$0.60 and \$0.86. Non-GAAP earnings per share excludes amortization of intangible assets, equity compensation expense, specified non-recurring items and related taxation expense.

Conference Call/Webcast Information

Xyratex quarterly results conference call will be broadcast live via the internet at www.xyratex.com/investors on Wednesday, September 29, 2010 at 1:30 p.m. Pacific Time/4:30 p.m. Eastern Time. You can also access the conference call by dialing +1 (866) 730-5765 in the United States and +1 (857) 350-1589 outside of the United States, passcode 85065379. The press release will be posted to the company web site www.xyratex.com.

A replay will be available through October 6, 2010 following the live call by dialing +1 (888) 286-8010 in the United States and +1 (617) 801-6888 outside the United States, replay code 69195513.

(1) Non-GAAP net income (loss) and diluted earnings (loss) per share excludes (a) amortization of intangible assets, (b) equity compensation expense, (c) specified non-recurring items such as restructuring costs and (d) the related taxation expense. Reconciliation of non-GAAP net income (loss) and diluted earnings (loss) per share to GAAP net income (loss) and GAAP diluted earnings (loss) per share is included in a table immediately following the condensed consolidated statements of cash flow below.

The intention in providing these non-GAAP measures is to provide supplemental information regarding the Company's operational performance while recognizing that they have material limitations and that they should only be referred to with reference to the corresponding GAAP measure.

The Company believes that the provision of these non-GAAP financial measures is useful to investors and investment analysts because it enables comparison to the Company's historical operating results, those of competitors and other industry participants and also provides transparency to the measures used by management in operational and financial decision making. In relation to the specific items excluded: (a) intangible assets represent costs incurred by the acquired business prior to acquisition, are not cash costs and will not be replaced when the assets are fully amortized and therefore the exclusion of these costs provides management and investors with better visibility of the costs required to generate revenue over time; (b) equity compensation expense is non-cash in nature and is outside the control of management during the period in which the expense is incurred; (c) restructuring costs are not comparable across periods or with other companies; (d) the exclusion of the related tax effects of excluding items (a) to (c) is necessary to show the effect on net income of the change in tax expense that would have been recorded if these items had not been incurred.
