PROPOSAL NO. 1 ELECTION OF DIRECTORS

NOMINEES

The Company's Bylaws provide that the number of directors of the Company may be determined by the Stockholders, or in the absence of such determination, by the Board of Directors. Currently, there are seven members of the Board of Directors. The Board of Directors nominates the seven persons named below whom are currently serving on the Board of Directors, for election to the Board of Directors. As of the date of this Proxy Statement, the Board of Directors is not aware that any nominee is unable to serve or will decline to serve as a director. The seven nominees receiving the highest number of affirmative votes of the shares entitled to vote at the Annual Meeting will be elected directors of the Company until the next Annual Meeting and until their successors have been elected and qualified or until their earlier resignation or removal.

The following list identifies the nominees for election to the Board of Directors and sets forth certain information regarding each nominee. All nominees are currently serving as directors of the Company. A majority of the Directors on the Board are independent, as defined by the rules of the NYSE Amex stock exchange. Those directors are referred to as "independent" below.

Ronald A. West, 77, was elected a Director of the Company in January 2002. In September 2004, Mr. West was elected Vice Chairman of the Board of Directors and Lead Director and on June 1, 2011 was elected to serve as Chairman of the Board. Mr. West is currently a Director of Beecher Associates, an industrial real estate investment company. Prior to this, from 1983 to 1987, Mr. West, member of the Audit and Compensation committees at Lannett, served as Chairman and Chief Executive Officer of Dura Corporation, an original equipment manufacturer of automotive products and other engineered equipment components. COMPENSATION DISCUSSION AND ANALYSIS**Overview of Our Compensation Program**

A fundamental goal of our compensation program is to maximize stockholder value. In order to accomplish this goal, we must attract and retain talented and capable executives, and we must provide those executives with incentives that motivate and reward them for achieving Lannett's short and longer-term goals. To this end, our executive compensation is guided by the following key principles:

- that executive compensation should depend upon group and individual performance factors;
- that the interests of executives should be closely aligned with those of stockholders through equity-based compensation; and

Edgar Filing: LANNETT CO INC - Form DEF 14A

- that compensation should be appropriate and fair in comparison to the compensation provided to similarly situated executives within the pharmaceutical industry and within other publicly-traded companies similar in market capitalization to Lannett.

Important to our compensation program are the decisions of, and guidance from, the Compensation Committee of our Board of Directors. The Compensation Committee (which we refer to, for purposes of this analysis, as the Committee) is composed entirely of directors who are independent of Lannett under the independence standards established by the NYSE-AMEX Exchange, the securities exchange where our common stock is traded. The Committee operates pursuant to a written charter adopted by the Board. If you would like to review the Committee's charter, it is available to any stockholder who requests a copy from our Chief Financial Officer, at 13200 Townsend Road, Philadelphia, Pennsylvania 19154.

The Committee has the authority and responsibility to establish and periodically review our executive compensation principles, described above. Importantly, the Committee also has sole responsibility for approving the corporate goals and objectives upon which the compensation of the chief executive officer (the CEO) is based, for evaluating the CEO's performance in light of these goals and objectives, and for determining the CEO's compensation, including his equity-based compensation.

The Committee also reviews and approves the recommendations of the CEO with regard to the compensation and benefits of other executive officers. In accomplishing this responsibility, the Committee meets regularly with the CEO, approves cash and equity

Table of Contents

incentive objectives of the executive officers, reviews with the CEO the accomplishment of these objectives and approves the base salary and other elements of compensation for the executive officers. The Committee has full discretion to modify the recommendations of the CEO in the course of its approval of executive officer compensation.

The Committee consults as needed with an outside compensation consulting firm retained by the Committee. As it makes decisions about executive compensation, the Committee obtains data from its consultant regarding current compensation practices and trends among United States companies in general and pharmaceutical companies in particular, and reviews this information with its consultant. In addition, the Chairman of the Committee is in contact with management outside of Committee meetings regarding matters being considered or expected to be considered by the Committee. The Committee annually reviews recommendations from their outside consultant, and makes recommendations to the Board about the compensation of non-employee directors. During Fiscal Year 2011, Lannett used Radford, an Aon Hewitt Company, as its consultant.

During Fiscal 2007, the Committee recommended the adoption of a new Incentive Plan to supplement our existing stock option plans. The Incentive Plan was approved by our stockholders in January 2007. The Incentive Plan provides for the grant of various equity awards, including stock options and restricted stock, to Lannett employees and directors. The Committee is responsible for administering this Plan and it has sole authority to make grants to the CEO or any other executive officer.

In Fiscal 2011 the Committee recommended, and the Board of Directors determined there was a need for a greater variety of performance based executive compensation incentive alternatives. Accordingly the Board of Directors recommended, and the stockholders approved, the Lannett 2011 Long-Term Incentive Plan. The Plan authorizes the Committee to grant both stock and/or cash-based awards through (i) incentive and non-qualified stock options and/or (ii) restricted stock, and/or long-term performance awards to participants. With respect to the stock options and stock grants, 1,500,000 shares are set aside under the plan for stock option grants and/or restricted stock awards. At the time of an award grant, the Committee will determine the type of award to be made and the specific conditions upon which an award will be granted (i.e. term, vesting, performance criteria, etc.). The terms of the awards will be based on what the Committee determines is the most effective performance compensation approach to meet the Company's strategic needs. In conjunction with its responsibilities related to executive compensation, the Committee also oversees the management development process, reviews plans for executive officer succession and performs various other functions.

The individuals who served as Chief Executive Officer and Chief Financial Officer during Fiscal 2011, as well as the other individuals included in the Summary Compensation Table on page 12, are referred to as the named executive officers.

Risk Assessment

The criteria used for the bonus program of operating performance, research and development inclusive of ANDA/NDA submissions, acceptances of ANDA/NDAs, launches of approved ANDA/NDAs, individual performance goals, along with the weighting of each element, were assembled by the Company for our industry and were found to be reasonable for the nature of our business. The Compensation Committee reviews this criteria and gives final approval to the senior management. It is then presented to the Board of Directors for final approval.

Edgar Filing: LANNETT CO INC - Form DEF 14A

Operating performance ties in directly with shareholder value. There is no bonus opportunity for management if they do not create value, so management interests and shareholder value are aligned. The risk of diluting the Company's operating cash positions through the awarding of excessive bonus awards is controlled by the imposition of a bonus cash award limit equal to 20% of adjusted operating income as calculated from its fiscal year-end financial statements.

The R&D component of the criteria looks to the sustainability and growth of the organization. While it could be argued that there is risk associated with the choice of which products to submit for approval, there is no indication that those risks would be outside what would be considered normal and reasonable in the course of doing business. The ultimate goal is to be able to sell a product that positively impacts operating performance, which cannot occur unless the process of submission, approval, and launch is followed. If submissions do not make it to the approval stage, and if the approved products are not successfully launched, they cannot positively affect operating performance. Since there is a minimum operating performance (operating profit) level that must be attained before any payments are made through the bonus plan, there is a check and balance to prevent what could be viewed as a portfolio of risky submittals. The impact on operating performance is created over a period of time based on the total sales, so there needs to be sustainability with any new launch.

The achievement of individual goals as part of the bonus is subject to review and approval by senior management with the CEO being the final review and approval. This multi-level process reduces the risk of having goals that are not linked to the overall objectives of the Company and its success. The awarding of a CEO discretionary portion, currently at 5% of the total of the bonus, also requires the same oversight. The total impact on bonus payout of these parts of the bonus program is significantly less than the operating

Table of Contents

performance and R&D parts. Again, there is no bonus payout unless the operating performance (operating profit) minimum goals are attained.

We believe our bonus program, along with the other elements of our executive compensation program, provides appropriate rewards and incentives to our executives to achieve our financial, business, and strategic goals. We also believe the structure and oversight of these programs provides a setting that does not encourage them to take excessive risks in their business decisions.

Our Fiscal 2011 Compensation Program

In Fiscal 2011, the Committee's approach to compensation was intended to focus our executives on accomplishing our short and longer-term objectives, and it had as its ultimate objective sustained growth in stockholder value. This approach was intended to compensate executives at levels at or near the median levels of compensation offered by other pharmaceutical companies similar in size to Lannett and with whom we compete.

In making decisions about the elements of Fiscal 2011 compensation, the Committee not only considered available market information about each element but also considered aggregate compensation for each executive. Base salary provided core compensation to executives, but it was accompanied by:

- the potential for incentive-based cash compensation based upon our attainment of Fiscal 2011 operating income, other targeted corporate goals and individual or departmental objectives,
- various forms of equity compensation, including some grants based upon Fiscal 2011 sales growth results and upon our return on invested capital results,
- various benefits and perquisites, and
- the potential for post-termination compensation under certain circumstances.

Summary of Fiscal 2011 Compensation Elements

The table below provides detailed information regarding each element of the Fiscal 2011 compensation program.

	Compensation Element Overview	Purpose of the Compensation Element
Base Salary	<p>Base salary pays for competence in the executive role. An executive's salary level depends on the decision making responsibilities, experience, work performance, achievement of key goals and team building skills of each position, and the relationship to amounts paid to other executives at peer companies.</p>	<p>To provide competitive fixed compensation based on sustained performance in the executive's role and competitive market practice.</p>
Short-Term Incentives	<p>Lannett Annual Discretionary Income Plan (LADIP) The LADIP program rewards with cash awards for annual achievement of overall corporate objectives, and specific individual or departmental operational objectives. In Fiscal 2011, objectives for the Officers were tied to Lannett's achievement of operating income targets, other targeted corporate goals and individual objectives.</p>	<p>To motivate and focus our executive team on the achievement of our annual performance goals.</p>

Stock Options

Stock options reward sustained stock price appreciation and encourage executive retention during a three-year vesting term and a ten-year option life.

We strive to deliver a balanced long-term incentive portfolio to executives, focusing on (a) share price appreciation, (b) retention, and (c) internal financial objectives.

Restricted Stock

Restricted stock rewards sustained stock price appreciation and encourages executive retention during its three-year vesting term.

The primary objectives of the overall design are: to align management interests with those of stockholders,

to increase management's potential for stock ownership opportunities (all awards are earned in shares),

The value of participants' restricted stock increases and decreases according to Lannett's stock price performance during the vesting period and thereafter.

to attract and retain excellent management talent, and

to reward growth of the business, increased profitability, and sustained stockholder value.

Benefits

In General

Executives participate in employee benefit plans available to all employees of Lannett, including health, life insurance and disability plans. The cost of these benefits is partially borne by the employee, but mostly paid by the Company.

These benefits are designed to attract and retain employees and provide security for their health and welfare needs. We believe that these benefits are reasonable, competitive and consistent with Lannett's overall executive compensation program.

401(k) Plan

Executives may participate in Lannett's 401(k) retirement savings plan, which is available to all employees. Lannett matches contributions to the Plan, at a rate of \$.50 on the dollar up to 8% of base salary.

Life Insurance

Lannett provides life insurance benefits to all employees. The coverage amount for executives is one times base compensation up to a limit of \$115,000 and premiums paid for coverage above \$50,000 are treated as imputed income to the executive.

Disability Insurance

Lannett provides short-term and long-term disability insurance to employees which would, in the event of

disability, pay an employee 60% of his or her base salary with limits.

Table of Contents

	Compensation Element Overview	Purpose of the Compensation Element
Perquisites	Lannett does not utilize perquisites or personal benefits extensively. The few perquisites that are provided complement other compensation vehicles and enable the Company to attract and retain key executives. These perquisites include: automobile allowances in various amounts to key executives.	We believe these benefits better allow us to attract and retain superior employees for key positions.
Post-Termination Pay	<p>Severance portion of employment agreement</p> <p>Lannett's severance plan is designed to pay severance benefits to an executive for a qualifying separation. For the Chief Executive Officer, the severance plan provides for a payment of three times the sum of base salary plus a pro rated annual cash bonus for the current year calculated as if all targets and goals are achieved.</p> <p>For the other named executive officers, the severance plan provides for a payment of eighteen months of base salary plus a pro rated annual cash bonus for the current year calculated as if all targets and goals are achieved.</p>	The severance plan is intended (1) to allow executives to concentrate on making decisions in the best interests of Lannett (or any successor organization in the event that a change of control is to occur), and (2) generally alleviate an executive's concerns about the loss of his or her position without cause.

The use of the above compensation tools enables Lannett to reinforce its pay for performance philosophy as well as to strengthen its ability to attract and retain high-performing executive officers. The Committee believes that this combination of programs provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term stockholder value creation, and encourages executive recruitment and retention in a high-performance culture.

Market Data and Our Peer Group

In determining FY2011 compensation for the named executive officers, the Committee relied on market data provided by its consultants. This data was gathered from two sources. The Named Peer Group is comprised of 16 public life sciences companies that exhibit a comparable business and financial profile to Lannett, as defined by annual revenue, employee size and market value. The consultants also gathered published survey data from the Radford 2010 Global Survey Suite targeting life science companies with between 200 and 450 employees. To determine competitive market compensation, Survey and Named Peer data were combined (weighted equally) to form a market consensus (where possible).

The Committee plans to evaluate the Peer Group periodically and revise it as necessary to ensure that it continues to be appropriate for benchmarking our executive compensation program.

Base Salary

Base salaries for the named executive officers are intended, in general, to approach median salaries for similarly situated executives among Peer Group companies. A number of additional factors are considered, however, in determining base salary, such as the executive's individual performance, his or her experience, competencies, skills, abilities, contribution and tenure, internal compensation consistency, the need to attract new, talented executives, and the Company's overall annual budget. Base salaries are generally reviewed on an annual basis.

Base salary increases were granted as of January 31, 2011 to Mr. Schreck for \$50,000 effective as a result of his promotion to Chief Operating Officer and to Mr. Sabo for \$26,624 based on the significant expansion of his job responsibilities. Mr. Bedrosian, Mr. Smith, and Mr. Ruck did not receive base salary increases during Fiscal 2011 as a result of a company wide salary freeze.

Fiscal 2011 Annual Incentive Bonus Plan

Design

In November 2010, the Committee approved the Fiscal 2011 Lannett Annual Discretionary Income Plan (or LADIP). This program allowed executive officers the opportunity to earn cash awards upon the accomplishment of the Fiscal 2011 operating income goal, other targeted corporate goals and a number of individual objectives. The relative weighting of these objectives for each executive was fifty percent (50%) for operating profit, thirty-five percent (35%) for individual and/or department goals, ten percent (10%) for achieving R&D goals and five percent (5%) based on CEO and Committee discretion. For the CEO, the five percent (5%) discretionary portion will be determined by the Committee.

Based on market data provided by its consultant, and considering the relatively low base salaries of the named executive officers, the Committee formulated potential LADIP awards which exceeded the 50th percentile among Peer Group companies, expressed as percentages of base salary. Actual payouts depended upon the degree to which objectives were accomplished as well as the weight accorded to each objective, as described above. The table below shows the potential payout amounts for each of the named executive officers, expressed as percentages of base salary.

Performance Level	Arthur Bedrosian	Keith Ruck	Ernest Sabo	William Schreck	Kevin Smith
Goal 3 Level	100%	100%	100%	100%	100%
Goal 2 Level	75%	75%	75%	75%	75%
Goal 1 Level	50%	50%	50%	50%	50%

Edgar Filing: LANNETT CO INC - Form DEF 14A

There are three participation levels: Goal 1, Goal 2, and Goal 3. Specific business objectives are defined for each Goal category. All business objectives for the particular Goal level must be met in order to be eligible for the potential payout for that Goal level. In the case of Goal 1 all the objectives must be met for the plan to have any payout. In the event that Goal Level 3 is exceeded, additional bonus compensation may be provided as approved by the Compensation Committee.

As discussed above, each named executive officer's objectives for Fiscal 2011 included Company operating income targets and other targeted corporate goals. The Committee reviewed and approved these targets following discussions with management, a review of our historical results, consideration of the various circumstances facing the Company during Fiscal 2011 and taking into account the expectations of our annual plan. The Fiscal 2011 operating income and other corporate goals LADIP targets approved by the Committee are detailed in the table below.

Objective	Goal 3	Goal 2	Goal 1
Operating Profit*	130% of budgeted operating profit	115% of budgeted operating profit	100% of budgeted operating profit

-
- Operating Profit is defined as Operating Income plus adding back Bonus Expense. For purposes of determining achievement of the LADIP targets, these measures can exclude certain categories of non-recurring items that the Committee believes do not reflect the performance of Lannett's core continuing operations. There were no adjustments made in Fiscal 2011 for non-recurring items.

Table of Contents

In addition, the Company has targets related to R&D submissions and FDA acceptance letters as key objective areas.

All payouts to the named executive officers under the 2011 LADIP were contingent upon the Committee's review and certification of the degree to which Lannett achieved the 2011 LADIP objectives, and upon the Committee's certification of the degree to which individual objectives had been achieved. The program provides that payout for any objective would be limited to 20% of the actual operating income (as defined by the LADIP) attained by Lannett.

The 2011 LADIP program provided that the Committee could, in its discretion: modify, amend, suspend or terminate the Plan at any time.

Results

In August 2011, the Committee reviewed and certified Lannett's Fiscal 2011 results for purposes of the LADIP program, determining that the objectives were not met for operating income and other corporate objectives to achieve any payments under the plan.

Mr. Bedrosian's objectives were to increase gross margin, increase the sales to employee ratio, achieve cash and cash equivalent balance sheet totals, and increase gross profit on Cody products.

Mr. Schreck's objectives were to improve purchasing operations by securing second source, raw material supply agreements for critical materials, and reduction of costs; to use technology to improve inventory control, inventory accuracy, and shipping and receiving efficiencies; and to effect cost reduction in major expense areas.

Mr. Ruck's objectives were to deliver accurate and timely financial reports on a required monthly, quarterly, and annual basis to senior management and the Board of Directors; enhance financial performance through the management of receivables, controlling of service and professional fees, and budget management; and to use automation to improve the efficiency of financial transactions and reporting.

Mr. Sabo's objectives were to review and enhance policies and procedures to ensure regulatory compliance; provide for technical and research capabilities required to ensure a flow of new products; and ensure compliance with DEA and FDA requirements.

Mr. Smith's objectives were to exceed the company sales goals; meet and exceed the operating income goal; and gain forecasted market share on all new launches; decrease obsolete finished goods; and increase gross profit percentage.

Due to the FDA's actions against Lannett's marketed grandfather drugs, revenue, income, and financial goals were generally not achieved while operational goals were generally achieved. As a result, there were no payments made to any of the named executives.

2011 Long Term Incentive Awards (LTIA)

Design

The Committee believes that long-term equity incentives are an important part of a complete compensation package because they focus executives on increasing the value of the assets that are entrusted to them by the stockholders, achieving Lannett's long-term goals, aligning the interests of executives with those of stockholders, encouraging sustained stock performance and helping to retain executives.

Prior to the approval of the Incentive Plan by stockholders in 2007, Lannett's equity grants consisted only of stock options. The Incentive Plan expanded the types of equity vehicles which the Committee could grant to executives by including restricted stock. Equity grants are designed to emphasize particular elements of the Company's immediate and long-term objectives and to retain key executives. We will refer to these grants collectively as Long Term Incentive Awards (LTIA). The types of grants available are:

- stock options, becoming exercisable over three years (approximately one-third increments on each anniversary) from the date of the grant and having a total term of ten years, and
- shares of restricted stock, vesting over three years (approximately one-third increments on each anniversary) from the date of grant.

The Committee assesses the appropriate overall value of these equity grants to executives by reviewing survey results and other market data provided by its consultant. This information includes the value of equity grants made to similarly situated executives

Table of Contents

among the Peer Group. The overall value of LTIA grants for each executive is determined by the Committee with assistance from their consultant.

In determining the overall value of LTIA grants, the Committee also considers the potential value of equity compensation relative to other elements of compensation for each named executive officer. It likewise assesses the appropriate distribution of equity value among the grant types, as well as the corporate objectives each type of grant is intended to encourage.

There were no Long Term Incentive Awards granted during FY2011.

Stock Options and Restricted Stock

Stock options and restricted stock granted as part of the LTIA are designed to reward sustained stock price appreciation and to encourage executive retention during a three-year vesting term and, in the case of stock options, a ten-year option life. Stock option and restricted stock awards are intended to align executives' motivation with stockholders' best interests. Grants of stock options will not be contingent upon any conditions. They are to be granted independent of organizational performance. Stock options become exercisable approximately in one-third increments on the first three anniversaries of the date of grant. Restricted stock will be contingent upon Lannett achieving annual sales growth and return on invested capital goals. Restricted stock will vest in approximately one-third increments on the first three anniversaries of the date of the grant.

Perquisites and Other Benefits

We provide named executive officers with perquisites and other personal benefits that we believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers.

Lannett matches contributions to the 401(k) plan on a fifty cents on the dollar basis up to 8% of the contributing employee's base salary, subject to limitations of the Plan and applicable law. The named executive officers are also provided with car allowances, for which the taxes are also paid by the Company.

Lannett provides life insurance for executive officers which would, in the event of death, pay \$115,000 to designated beneficiaries. Premiums paid for coverage above \$50,000 are treated as imputed income to the executive. Lannett also provides short-term and long-term disability insurance which would, in the event of disability, pay the executive officer sixty percent (60%) of his base salary up to the plan limits of \$2,000/week for short term disability and \$15,000/month for long term disability. Executive officers participate in other qualified benefit plans, such as medical insurance plans, in the same manner as all other employees.

Attributed costs of the personal benefits available to the named executive officers for the fiscal year ended June 30, 2011, are included in column (i) of the Summary Compensation Table on page 12.

Severance and Change of Control Benefits

We believe that reasonable severance and change in control benefits are necessary in order to recruit and retain qualified senior executives and are generally required by the competitive recruiting environment within our industry and the marketplace in general. These severance benefits reflect the fact that it may be difficult for such executives to find comparable employment within a short period of time, and are designed to alleviate an executive's concerns about the loss of his or her position without cause. We also believe that a change in control arrangement will provide an executive security that will likely reduce the reluctance of an executive to pursue a change in control transaction that could be in the best interests of our stockholders. Lannett's severance plan is designed to pay severance benefits to an executive for a qualifying separation. For the Chief Executive Officer, the severance plan provides for a payment of three times the sum of base salary plus a pro rated annual cash bonus for the current year calculated as if all targets and goals are achieved. For the other named executive officers, the severance plan provides for a payment of eighteen months of base salary plus a pro rated annual cash bonus for the current year calculated as if all targets and goals are achieved.

Timing of Committee Meetings and Grants; Option and Share Pricing

The Committee typically holds four regular meetings each year, and the timing of these meetings is generally established during the year. The Committee holds special meetings from time to time as its workload requires. Historically, annual grants of equity awards have typically been accomplished at a meeting of the Committee in September of each year. Individual grants (for example, associated with the hiring of a new executive officer or promotion to an executive officer position) may occur at any time of year. We expect to coordinate the timing of equity award grants for Fiscal 2011 to be made within thirty (30) days of Lannett's earnings release.

announcement following the completion of the fiscal year. The exercise price of each stock option and restricted share awarded to our executive officers is the closing price of our common stock on the date of grant.

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, precludes the deductibility of an executive officer's compensation that exceeds \$1.0 million per year unless the compensation is paid under a performance-based plan that has been approved by stockholders. The Committee believes that it is generally preferable to comply with the requirements of Section 162(m) through, for example, the use of our Incentive Plan. However, to maintain flexibility in compensating executive officers in a manner that attracts, rewards and retains high quality individuals, the Committee may elect to provide compensation outside of those requirements when it deems appropriate. The Committee believes that stockholder interests are best served by not restricting the Committee's discretion in this regard, even though such compensation may result in non-deductible compensation expenses to the Company.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with management. Taking this review and discussion into account, the undersigned Committee members recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this annual report on Form 10-K.

EMPLOYMENT AGREEMENTS

The Company has entered into employment agreements with Arthur P. Bedrosian, President and Chief Executive Officer, Martin P. Galvan, Vice President of Finance and Chief Financial Officer, Kevin Smith, Vice President of Sales and Marketing, William Schreck, Chief Operating Officer, Ernest Sabo, Vice President of Regulatory Affairs and Chief Compliance Officer and Robert Ehlinger, Vice President of Logistics and Chief Information Officer. Each of the agreements provide for an annual base salary and eligibility to receive a bonus. The salary and bonus amounts of these executives are determined by the Board of Directors. Additionally, these executives are eligible to receive stock options and restricted stock awards, which are granted at the discretion of the Board of Directors, and in accordance with the Company's policies regarding stock option and restricted stock grants. Under the agreements, these executive employees may be terminated at any time with or without cause, or by reason of death or disability. In certain termination situations, the Company is liable to pay severance compensation to these executives of between 18 months and three years.

Effective August 1, 2011, Keith R. Ruck, the former Vice President of Finance and Chief Financial Officer of the Company, separated his employment from the Company. Mr. Ruck entered into a Separation Agreement and Release with the Company dated August 1, 2011, pursuant to which he will receive seven months base salary totaling \$110,833, medical benefits and vesting of outstanding options and previously awarded restricted stock grants.

During the third quarter of Fiscal Year 2009, the Company's then current Vice President of Finance, Treasurer, Secretary and Chief Financial Officer resigned. As part of his separation agreement, the Company was obligated to pay to him approximately \$670,000 to settle any outstanding obligations from his employment agreement, including any salary, bonus, vacation, stock options and medical benefits. Of this amount, \$300,440 was paid in Fiscal 2009 with \$165,000 designated for the payment of pro rated bonus, and \$11,440 was designated for the payment of accrued but unused paid time off. As part of the settlement, \$124,000 was designated as the portion of the settlement related to the repurchase of his outstanding stock options. The Company therefore charged this amount to Additional Paid in Capital, as it represents the fair value of the options repurchased on the repurchase date. Additional payments totaling \$369,000 for severance and benefits were paid in Fiscal 2011 pursuant to the separation agreement.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company had sales of approximately \$876,000, \$679,000, and \$786,000 during the fiscal years ended June 30, 2011, 2010 and 2009, respectively, to a generic distributor, Auburn Pharmaceutical Company (Auburn). Jeffrey Farber (the related party), a board member and the son of the Chairman Emeritus of the Board of Directors and principal shareholder of the Company, William Farber, is the owner of Auburn. Accounts receivable includes amounts due from the related party of approximately \$259,000 and \$161,000 at June 30, 2011 and 2010, respectively. In the Company's opinion, the terms of these transactions were not more favorable to the related party than would have been to a non-related party.

In January 2005, Lannett Holdings, Inc. entered into an agreement in which the Company purchased for \$100,000 and future royalty payments the proprietary rights to manufacture and distribute a product for which Pharmeral, Inc. (Pharmeral) owned the ANDA. In Fiscal 2008, the Company obtained FDA approval to use the proprietary rights. Accordingly, the Company originally capitalized this purchased product right as an indefinite lived intangible asset and tested this asset for impairment on a quarterly basis. During the fourth quarter of Fiscal 2009, it was determined that this intangible asset no longer had an indefinite life. No impairment existed because the estimated fair value exceeded the carrying amount on that date. Accordingly, the \$100,000 carrying amount of this intangible asset will be amortized on a straight line basis prospectively over its 10 year remaining estimated useful life. Arthur Bedrosian, President and Chief Executive Officer of the Company, Inc.

Edgar Filing: LANNETT CO INC - Form DEF 14A

currently owns 100% of Pharmeral. This transaction was approved by the Board of Directors of the Company and in their opinion the terms were not more favorable to the related party than they would have been to a non-related party. In May 2008, Mr. Bedrosian and Pharmeral waived their rights to any royalty payments on the sales of the drug by Lannett under Lannett's current ownership structure. Should Lannett undergo a change in control where a third party is involved, this royalty would

be reinstated. Additionally, the registered trademark OB-Natal® was transferred to Lannett for one dollar from Mr. Bedrosian during 2009.

Lannett Company, Inc. paid a management consultant, who is related to Mr. Bedrosian, \$134,914 in fees and \$18,905 in reimbursable expenses during Fiscal 2011 and \$115,700 in fees and \$16,803 in reimbursable expenses during Fiscal 2010. This consultant provided management, construction planning, laboratory set up and administrative services in regards to the Company's initial set up of its Bio-study laboratory in a foreign country. It is expected that this consultant will continue to be utilized into Fiscal 2012. In the Company's opinion, the fee rates paid to this consultant and the expenses reimbursed to him were not more favorable than what would have been paid to a non-related party.

CODE OF CONDUCT

The Company has adopted the Code of Professional Conduct (the code of ethics), a code of ethics that applies to the Company's Chief Executive Officer, Chief Financial Officer, and Corporate Controller, and other finance organization employees. The code of ethics is publicly available on our website at www.lannett.com. If the Company makes any substantive amendments to the finance code of ethics or grant any waiver, including any implicit waiver, from a provision of the code to our Chief Executive Officer, Chief Financial Officer, or Corporate Controller, we will disclose the nature of such amendment or waiver on our website or in a report on Form 8-K.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is currently comprised of four independent directors (as defined in section 121(A) of the NYSE Amex stock exchange listing standard) and operates under a written charter adopted by the Board of Directors in accordance with rules of the NYSE Amex stock exchange.

Management is responsible for the Company's internal controls and the financial reporting process, in compliance with Sarbanes-Oxley Section 404 requirements. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America, and to issue an opinion on the financial statements. The Audit Committee's responsibility is to monitor and oversee these processes.

Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. Management has confirmed to the Committee that such financial statements (i) have been prepared with integrity and objectivity and are the responsibility of management and (ii) have been prepared in conformity with generally accepted accounting principles.

The Audit Committee discussed with the independent auditor matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). SAS 61 requires the Company's Independent Auditors to provide the Committee with additional information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibilities under generally accepted auditing standards, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant accounting adjustments, (v) any disagreements with management and (vi) any difficulties encountered in performing the audit. The Committee discussed with the Company's independent auditors, with and without management present, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

The Company's independent auditors also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors that firm's independence. Grant Thornton LLP, Lannett's independent auditors, stated in the written disclosures that in their judgment they are, in fact, independent. The Audit Committee concurred in that judgment of independence.

Based upon the Audit Committee's discussion with management and the independent auditors and the Audit Committee's review of the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in Lannett's Annual Report on Form 10-K for the fiscal year ended June 30, 2011 as filed with the Securities and Exchange Commission.

Table of Contents**APPOINTMENT OF INDEPENDENT AUDITORS FOR FISCAL 2012**

In prior years, stockholder ratification of the selection of the independent registered public accounting firm for the Company was requested at the annual stockholder meeting. In the spirit of the corporate governance requirements of the Sarbanes-Oxley Act of 2002, and Section 10A (m)(2) of the Securities Exchange Act of 1934, as amended, which states "The audit committee of each issuer, in its capacity as a committee of the board of directors, shall be directly responsible for the appointment, compensation, and oversight of the work of any registered public accounting firm employed by the issuer (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work, and each such registered public accounting firm shall report directly to the audit committee" the Audit Committee, with the approval of the Board, has determined that a ratification vote would inhibit the Audit Committee's ability to make timely decisions with respect to the appointment and/or dismissal of the independent registered public accounting firm and has therefore recommended removal of the ratification vote from the proxy process.

A representative from Grant Thornton, as independent registered public accounting firm for the current fiscal year, is expected to be present at the Annual Meeting and will be available to respond to appropriate questions.

Grant Thornton LLP served as the independent auditors of the Company during Fiscal 2011, 2010 and 2009. No relationship exists other than the usual relationship between independent public accountant and client. The following table identifies the fees incurred for services rendered by Grant Thornton LLP in Fiscal 2011, 2010 and 2009.

(2) Other fees include fees paid for review of various SEC correspondences.

The non-audit services provided to the Company by Grant Thornton LLP were pre-approved by the Company's audit committee. Prior to engaging its auditor to perform non-audit services, the Company's audit committee reviews the particular service to be provided and the fee to be paid by the Company for such service and assesses the impact of the service on the auditor's independence.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

PROPOSAL NO. 2 NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Regulation 14A of the Exchange Act, we are seeking stockholder approval, on an advisory basis, of the compensation of our named executive officers as disclosed under the Executive Compensation section of this proxy statement. Accordingly, for the reasons discussed in the Compensation Discussion and Analysis section of this proxy statement, we are asking our stockholders to vote FOR this proposal.

While we intend to carefully consider the voting results of this proposal, the vote is advisory in nature and therefore not binding on us, our Board of Directors or our Compensation Committee. Our Board of Directors and Compensation Committee value the opinions of all our stockholders and will consider the outcome of this vote when making future compensation decisions for our named executive officers.

PROPOSAL NO. 3 NON-BINDING ADVISORY VOTE ON FREQUENCY OF THE STOCKHOLDER VOTE ON EXECUTIVE COMPENSATION

As required by Regulation 14A of the Exchange Act, we are seeking a stockholder vote, on an advisory basis, on the frequency with which we include in our proxy statement an advisory vote on executive compensation. By voting on this proposal, stockholders may indicate whether they prefer that we seek such an advisory vote every one, two or three years. Pursuant to Section 14A of the Exchange Act, we are required to hold at least once every six years an advisory stockholder vote to determine the frequency of the advisory stockholder vote on executive compensation.

After consideration of this proposal, our Board of Directors determined that an advisory vote on executive compensation that occurs every three years is the most appropriate alternative for the Company and therefore recommends a vote for a triennial advisory vote. In reaching its recommendation, our Board of Directors considered that a triennial advisory vote would permit the pay for performance elements of our compensation programs to be judged over a period of time. Our Board of Directors believes that a well-structured compensation program should include policies and practices that emphasize the creation of stockholder value over the long-term and that the effectiveness of such plans cannot be best evaluated on an annual or biennial basis.

While we intend to carefully consider the voting results of this proposal, the vote is advisory in nature and therefore not binding on us, our Directors or our Compensation Committee. Our Board of Directors and Compensation Committee value the opinions of our all our stockholders and will consider the outcome of this vote when deciding upon the frequency of stockholder votes on executive compensation.

Approval of this proposal requires the favorable vote of a majority of the votes cast by the Lannett stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT AN ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS BE HELD **EVERY THREE YEARS**.
