**Item 8.01. Other Events**

On April 1, 2016, Amphenol Corporation (the Company) increased the size of its commercial paper program (Program) by \$500.0 million to permit the issuance of commercial paper notes in an aggregate principal amount not to exceed \$2.0 billion outstanding at any time. The increase corresponds with the \$2.0 billion of available borrowing capacity the Company maintains under its Credit Agreement dated as of March 1, 2016 (filed pursuant to a Current Report on Form 8-K dated March 1, 2016). Amounts undrawn under the Company's Credit Agreement are available to repay the commercial paper notes, if necessary. All other terms of the Program have remained unchanged. The net proceeds of the issuances of the commercial paper notes are expected to be used for general corporate purposes.

Under the Program, the Company may issue from time to time short-term unsecured commercial paper notes through Citibank Global Markets Inc. and JP Morgan Securities LLC acting as dealers pursuant to the terms and conditions of their respective dealer agreements dated as of August 29, 2014 between the Company, Citibank Global Markets Inc. and JP Morgan Securities LLC and as filed pursuant to a Current Report on Form 8-K dated September 3, 2014.

The commercial paper notes have not been and will not be registered under the Securities Act or state securities laws, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act and applicable state laws. The information contained in this Current Report on Form 8-K is neither an offer to sell nor a solicitation of an offer to buy any securities.
