The Annual Meeting Of Shareholders Will Be Held At:

The Bethesda Marriott Hotel

5151 Pooks Hill Road

Bethesda, Maryland 20814-2432

on Thursday, May 16, 2019 at 10:00 A.M. EDT

To The Shareholders of Eagle Bancorp, Inc.:

Proxy Statement

The Board of Directors of Eagle Bancorp, Inc. is soliciting your proxy for use at the Annual Meeting of Shareholders, to be held at 10:00 A.M. EDT on Thursday, May 16, 2019, and at any adjournment or postponement of the meeting. This proxy statement and proxy card are being sent to shareholders of the Company on or about April 5, 2019, to shareholders of record as of March 20, 2019, the record date for the meeting. A copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2018, which includes our audited financial statements, also accompanies this proxy statement.

In this proxy statement, we refer to (a) Eagle Bancorp, Inc. as the Company, Eagle, we or us, (b) the Board of Directors as the Board or Board of Directors and (c) EagleBank, our wholly owned subsidiary, as EagleBank or the Bank.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to be held on May 16, 2019. A copy of this proxy statement, our Annual Report on Form 10-K for the year ended December 31, 2018, and our Report to Shareholders is available online at <http://viewproxy.com/eaglebankcorp/2019>.

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

This year, we are using the Notice and Access method of providing proxy materials to our beneficial shareholders via the Internet instead of mailing printed copies. We believe that this process will provide beneficial shareholders with a convenient and quick way to access the proxy materials, including this proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2018. Also accessible is our Report to Shareholders and an authorization for a proxy to vote your shares. This allows us to conserve natural resources, and reduce the costs of printing and distributing the proxy materials.

Most shareholders will not receive paper copies of the proxy materials unless they request them. Instead, the Important Notice Regarding Availability of Proxy Materials, which we refer to as the Notice and Access card, has been mailed to our beneficial shareholders to provide instructions regarding how to access and review all of the proxy materials on the Internet. The Notice and Access card also tells you how to submit your proxy vote via the Internet or telephone. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials printed on the Notice and Access card.

Table of Contents

Registered shareholders will be mailed printed copies of the proxy materials, including this proxy statement, our Annual Report on Form 10-K for the year ended December 31, 2018, our Report to Shareholders and a Proxy to vote your shares.

Notice of Meeting:

The Annual Meeting of Shareholders of Eagle Bancorp, Inc. (the Company) will be held at 10:00 A.M. EDT on Thursday, May 16, 2019 at The Bethesda Marriott Hotel, 5151 Pooks Hill Road, Bethesda, Maryland 20814 for the following purposes:

1. To elect nine directors to serve until the 2020 Annual Meeting of Shareholders and until their successors are duly elected and qualified;
2. To ratify the appointment of Dixon Hughes Goodman LLP as the Company's independent registered public accounting firm to audit the consolidated financial statements of the Company for the year ended December 31, 2019;
3. To vote on a non-binding, advisory resolution approving the compensation of our named executive officers; and
4. To transact any other business that may properly come before the meeting or any adjournment or postponement of the meeting.

Shareholders of record as of the close of business on March 20, 2019 are entitled to notice of and to vote at the meeting or any adjournment or postponement of the meeting.

YOUR VOTE IS VERY IMPORTANT. Whether or not you plan to attend the meeting, we urge you to vote and submit your proxy in order to ensure the presence of a quorum.

Registered shareholders may vote:

- By Internet: go to www.AALvote.com/EGBN;
- By toll-free telephone: call **1 (866) 804-9616**; or
- By mail: mark, sign, date and promptly **mail the enclosed proxy card** in the enclosed postage-paid envelope.

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

If your shares are not registered in your name, please see the voting instructions provided by your recordholder (typically your broker) on how to vote your shares. You will need additional documentation from your recordholder in order to vote in person at the meeting.

	By Order of the Board of Directors,
	Jane E. Cornett, Corporate Secretary

Proxy Statement

When and where is the Annual Meeting of Shareholders being held?

The meeting is being held at 10:00 A.M., EDT on Thursday, May 16, 2019, at The Bethesda Marriott Hotel, 5151 Pooks Hill Road, Bethesda, Maryland 20814 (<http://www.marriott.com/hotels/travel/wasbt-bethesda-marriott/>). From the Capital Beltway (I-495), take Wisconsin Avenue (Route 355) south to the first traffic light. Turn right onto Pooks Hill Road. The Hotel is on the right.

What am I being asked to vote on at the meeting?

You are being asked to vote on three proposals at the meeting:

1. the election of nine directors for a one year term until the 2020 Annual Meeting of Shareholders and until their successors are duly elected and qualified;
2. the ratification of the appointment of Dixon Hughes Goodman LLP as the Company's independent registered public accounting firm for the year ended December 31, 2019; and
3. a non-binding, advisory resolution approving the compensation of our named executive officers.

How does the Board recommend I vote?

The Board unanimously recommends that you vote:

- **FOR** the election of all of the nominees for election as director (see Proposal 1 on page 10);
- **FOR** the ratification of accountants (see Proposal 2 on page 58); and

- **FOR** the nonbinding resolution approving our named executive officer compensation (see Proposal 3 on page 59).

Who is entitled to vote at the meeting?

Only shareholders of record of the Company's common stock, par value \$0.01 per share (the common stock), at the close of business on March 20, 2019, will be entitled to notice of and to vote at the meeting or any adjournment or postponement of the meeting. On that date, the Company had 34,537,420 shares of common stock outstanding, held by approximately 17,021 total shareholders, including 669 shareholders of record. The common stock is the only class of securities entitled to vote at the meeting.

If your shares are registered directly in your name with Computershare Trust Company, N.A., our transfer agent, then you are a shareholder of record. As a shareholder of record, you may vote in person at the meeting, or vote by proxy, using any of the following three methods to submit your proxy:

- by **Internet**: go to www.AALvote.com/EGBN and follow the instructions provided;
- by **toll-free telephone**: call 1 (866) 804-9616; or
- by **mail**: mark, sign, date and promptly mail the enclosed proxy card in the enclosed postage-paid envelope.

If your shares are held in an account at a broker, bank or other nominee (collectively, your broker), rather than in your name, then you are a beneficial owner of street name shares, and these proxy materials are being forwarded to you by your broker. Your broker is entitled to vote your shares at the meeting or submit a proxy. *(Please see the next question for important information regarding voting by your broker.)* As a beneficial owner, you are entitled to direct your broker how to vote your shares. You will need to follow the directions your broker provides you and give the broker instructions as to how the broker should vote your shares by following the instructions you received from your broker. If you want to vote your shares held in street name at the meeting, you will need to obtain a legal proxy from your broker authorizing you to vote your shares. A brokerage statement or the voting instruction form you received from your broker will not allow you to vote in person at the meeting. Please note that your broker may have a deadline for submitting voting instructions that is earlier than the voting deadline for recordholders.

Table of Contents

Whether or not you plan to attend the meeting, we urge you to vote and submit your proxy, either by Internet, telephone or mail, or to instruct your broker how to vote, in order to ensure the presence of a quorum.

Will my broker vote my shares for me?

Under the rules of the New York Stock Exchange (NYSE) applicable to its member firms, your broker will not vote your shares on the election of directors or the advisory resolution on executive compensation unless they receive instructions from you. **If you hold your shares through a broker, it is extremely important that you instruct your broker how to vote your shares.** The election of directors (even if not contested) and the non-binding advisory vote on executive compensation are not considered routine matters. As such, your broker cannot vote your shares with respect to these proposals if you do not give instructions.

How many votes do I have?

You have one vote for each share of common stock you hold as of the record date on each matter submitted for the vote of shareholders. You do not have the right to cumulate votes in the election of directors.

What is the quorum requirement for the meeting?

The presence, in person or by proxy, of at least a majority of the total number of outstanding shares of common stock is necessary to constitute a quorum at the meeting.

How will proxies be voted and counted?

Properly executed proxies received by the Company in time to be voted at the meeting will be voted as you specify. If you do not specify how you want your shares voted, proxies will be voted:

- **FOR** the election of all the nominees for election as directors;
- **FOR** the ratification of the appointment of Dixon Hughes Goodman LLP; and
- **FOR** the non-binding, advisory resolution approving the compensation of our named executive officers.

We do not know of any other matters that will be brought before the meeting. If other matters are properly brought before the meeting, the persons named in the proxy intend to vote the shares to which the proxies relate in accordance with their best judgment.

The Inspector of Election appointed for the meeting will determine the presence of a quorum and will tabulate the votes cast at the meeting. Abstentions will be treated as present for purposes of determining a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the vote of shareholders. If a broker advises the Company that it cannot vote on a matter because the beneficial owner has not provided voting instructions and it does not have discretionary voting authority on a particular matter, this is a broker non-vote with respect to that matter. Shares subject to broker non-votes will be counted as shares present or represented at the meeting for purposes of determining whether a quorum exists; however, such shares will not be considered as present or voted with respect to the matters on which the broker does not have the power to vote.

Can I revoke my proxy after I submit it?

Yes. You may revoke your proxy or change your vote at any time before it is voted at the meeting by:

- granting a later proxy with respect to the same shares;
- sending written notice to Jane E. Cornett, Corporate Secretary of the Company, 7830 Old Georgetown Road, Third Floor, Bethesda, Maryland 20814 at any time prior to the proxy being voted; or
- voting in person at the meeting.

Your attendance at the meeting will not, in itself, revoke your proxy. If your shares are held in the name of your broker, please see the voting form provided by your broker for additional information regarding the voting of your shares.

Table of Contents

What votes are required to approve the election of directors and the other proposals?

Under our Articles of Incorporation and Bylaws, directors are elected at the Annual Meeting by a plurality of the votes cast in the election. Since this is not a contested election, nominees who do not receive more votes cast for their election than votes withheld or cast against their election must submit their resignation after certification of the vote. Approval of the proposals to ratify the appointment of our independent registered public accounting firm and to approve the nonbinding, advisory resolution on compensation of our named executive officers requires the affirmative vote of a majority of the votes cast on such matters.

How are proxies being solicited?

In addition to the use of these proxy materials, proxies may also be solicited personally or by telephone by officers, employees or directors of the Company or its subsidiary, EagleBank, who will not receive any special compensation for their services in soliciting proxies. Additionally, we have engaged Alliance Advisors, LLC (Alliance), a proxy solicitation firm, to assist us in the distribution of proxy materials and the solicitation of votes. We will pay Alliance a base fee of \$6,000, plus per-call fees and reimbursement of its out-of-pocket expenses for its services. We may also reimburse brokers, custodians, nominees and other fiduciaries for their reasonable out-of-pocket and clerical costs for forwarding proxy materials to their principals. The cost of this proxy solicitation is being paid by the Company.

How can I find out the results of the voting at the annual meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days after the day final results are available.

What does it mean if I receive more than one set of materials?

This most likely means you hold shares of common stock in more than one way. For example, you may own some shares directly as a shareholder of record and other shares through a broker, or you may own shares through more than one broker. In these situations, you may receive multiple sets of proxy materials or Notice and Access cards. In order to vote all the shares you own, you must complete, sign, and return all of the proxy cards or voting instruction forms, or follow the instructions for any alternative voting procedure on each of the Notice and Access cards or voting forms you receive. Each proxy card or voting instruction form you receive should come with its own prepaid return envelope. If you vote by mail, make sure you return each voting form in the return envelope that accompanied that voting form.

Why aren't all of the shareholders who are in my household getting their own copy of the proxy materials?

In some cases, only one set of the proxy materials is delivered to multiple shareholders sharing an address. However, this delivery method, called householding, is not used if we have received contrary instructions from one or more of the shareholders. We will deliver promptly, upon written or oral request, a separate copy of this proxy statement and the Annual Report to a shareholder at a shared address to which a single copy of the documents were delivered. To request a separate delivery of these materials now or in the future, you should submit a written request to: Jane E. Cornett, Corporate Secretary, at the Company's executive offices, 7830 Old Georgetown Road, Bethesda, Maryland 20814, or by calling (301) 986-1800. Additionally, any shareholders who are presently sharing an address and receiving multiple copies of shareholder mailings and who

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

would prefer to receive a single copy of such materials may let us know by directing that request to us in the manner provided above.

Proxy Statement Summary

Introduction

Eagle Bancorp, Inc. is the parent company of EagleBank. The Bank operates as a community bank alternative to the super-regional financial institutions, which dominate its primary market area. The cornerstone of the Bank's philosophy is to provide superior, personalized service to its clients. The Bank focuses on relationship banking, providing each client with a number of services, familiarizing itself with, and addressing, client needs in a proactive, personalized fashion. Management believes that the Bank's target market segments, including both for-profit and non-profit businesses of all sizes and the consumer base working or living in and near the Bank's market area, demand the convenience and personal service that an independent, locally based financial institution such as the Bank can offer. It is these themes of convenience and proactive personal service that form the basis for the Bank's business development strategies.

Our Mission

We have a mission to be the most respected and profitable community bank in our market. To do this, we put relationships first to the delight of our customers, employees and shareholders, and relentlessly deliver the most compelling service and value.

Our Values: Relationships F•I•R•S•T

Flexible

We **begin** our relationships based on our time-tested tradition of listening to our customer, collaborating with colleagues and designing a comprehensive, creative solution that brings value to and appreciation from our customer. We enhance the relationship with empowered **YES**, We Can service and live up to our strong belief that formulas do not make good banking sense, relationships do. We are entrepreneurial – it is our differentiator.

Involved

We **build** our relationships by developing a rapport that is based on partnership, mutual respect and a desire to delight. We are unwavering in our commitment to the goals and growth of our customers, colleagues and community through volunteerism. We believe that doing the little extras and staying involved with our customer demonstrates our difference.

Responsive

We **shape** our relationships by taking ownership for being ever-responsive, from beginning to end, day in and day out. We understand that reliable, accurate and time-sensitive communication is fundamental to preserving reputation and relationships, internally and externally.

Strong

We **strengthen** our relationships each time we are called upon for our expertise and know-how. We are committed to enhancing our professional knowledge in order to remain credible, current and strong partners with our customers, colleagues and community. Our history of sustaining a well-capitalized and profitable position emphasizes our strength and reinforces our relationships.

Trusted

We **uphold** our relationships with honesty, openness and reliability. We can be counted on to do the right thing. We understand that underlying a sound, long-lasting relationship is the essential element of trust. Trust can be lost in a moment, so we are vigilant in our actions and words.

Our Commitment to the Community

At EagleBank, we are proud of our role as a commercially oriented bank and equally proud of our track record as an active lender to the small and medium-sized businesses and the real estate communities in the Washington metropolitan area. We consistently hold a higher percentage of our assets in loans than our local peer banks, and believe that it is extremely important for EagleBank to be an active, committed

Table of Contents

lender in its community, rather than out of the area, or investing the funds in a securities portfolio. We are locally focused, with 94% of our loan portfolio in Washington, DC, Maryland and Virginia. We are passionate about our role as a lender to local businesses. We know that both nationally and locally, small businesses are the source of the vast majority of new job creation. By lending to these small businesses, we help build and grow our local employment base and our regional economy.

We are committed to the principles of the Community Reinvestment Act (CRA) and provide equal access to credit to all qualified individuals as well as businesses throughout our market. We provide residential mortgages and personal loans to individuals of all income levels, as well as working capital and term financing for small and medium sized businesses and non-profit organizations. EagleBank has significant expertise in providing both construction and permanent financing for real estate development projects including office space, multi-family housing, health care and assisted living facilities.

Economic Development Activities

In addition to our general lending activities, we have developed cooperative economic development programs with several state and local government entities. About seven years ago, we worked with officials in Montgomery County, Maryland to develop a program in which the county places deposits in locally based community banks, and in return, those banks commit to make loans to local businesses. The program has been very successful, as the county has placed \$50 million in deposits with the participating banks and the banks have far exceeded that amount in loans originated. However, the most important outcome has been that over 1,750 jobs in the county have been created through the program. Since our goal was to build the deposits to generate the loans that stimulate the local economy, we are very excited and proud of what the program has accomplished.

Programs like the one created in Montgomery County have gained support with other jurisdictions and agencies. More recently, EagleBank worked with the Washington Suburban Sanitary Commission (WSSC) to help create that agency's Business Investment and Growth (BIG) Program. Under this initiative, WSSC has placed \$15 million of deposits with 5 local community banks. The program allows the participating banks to increase lending to small businesses in the WSSC's bi-county area, including local small and minority-owned businesses that have a relationship with WSSC.

EagleBank is a Preferred Lender for Small Business Administration guaranteed loans and has consistently been among the leading community bank SBA lenders in the Washington, DC region. We originate SBA loans under both the 7A and the 504 programs. In 2018, we increased our holdings of selected tax credit investments, which provide financing for low and moderate income housing in the region. Also through the creative combination of lending and tax credits, we have been involved in the redevelopment of historically significant properties in Washington, DC. Over the last five years, EagleBank has sponsored local developers for participation in the Affordable Housing Program (AHP) run by the Federal Home Loan Bank of Atlanta. The AHP provides grants to eligible low and moderate income housing projects.

To foster development and home ownership, our Residential Mortgage Division originates loans under six different affordable loan programs including those sponsored by Fannie Mae and Freddie Mac, the DCHFA Open Doors Program and the Maryland Mortgage Program. We also participate in the First Time Home Buyers Program of the Federal Home Loan Bank of Atlanta.

Philanthropy

We are pleased to note that the EagleBank Foundation has, over the last 14 years, raised in excess of \$3.9 million for the benefit of medical research and treatment agencies in our local community, primarily to support the fight against breast cancer. The Bank and our employees are actively involved in the life of our communities. In addition to the contributions by the Foundation, in 2018 the Bank provided \$900 thousand of

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

contributions or sponsorship funding to dozens of civic and non-profit organizations throughout the area. EagleBank employees supported 130 organizations by serving on Boards or as volunteers. Our employees spent 6,580 hours of their time on these endeavors in 2018.

Education and Employee Development

The Company also believes strongly in providing support for education both in the region and for our employees. Through joint development agreements we have initiated, we provide six scholarships to students at George Mason University and/or Montgomery College. We also have an active summer internship program. Together these programs are helping to fund the education of these students and are developing the future leaders of our industry. In addition to internal training and development programs,

Table of Contents

we assist with cost of undergraduate or graduate studies at local colleges for a dozen bank employees participating in our Tuition Reimbursement Program. The Bank has also initiated programs to recruit and foster veterans and individuals with developmental disabilities.

While we will always be known for our strength as an active and creative lender, we are equally proud of the many ways we give back to our community, the Washington metropolitan area.

Eagle Bancorp, Inc. at a Glance 2018

<p>How Did We Perform?</p>	<ul style="list-style-type: none"> • Assets grew to \$8.4 billion. EagleBank is a large community bank focused on the Washington, DC metropolitan area. • 2018 continued a trend of strong and sustained underlying financial performance across each line of business (diluted EPS growth of 51%, or 32% on an operating basis, excluding the impact of the reduction in the corporate income tax rate in 2017). • Return on Average Assets grew to 1.91% last year. • Maintained market capitalization of approximately \$1.9 billion.
<p>What are Our Pay Practices and Perspective?</p>	<ul style="list-style-type: none"> • We seek to pay our named executive officers (NEOs) commensurate with their performance and appropriately situated relative to peers. • NEO compensation components are decided through goal-based cash bonuses and equity-based compensation that align our executives' interests with shareholder interests. • Executives do <u>not</u> receive any significant special perks or gross-ups. • Compensation is subject to strong corporate governance and independent board oversight. • Compensation plans reflect valued feedback from shareholder engagement efforts. • Pay policies are consistent with best practices, including maintaining a sound set of compensation principles, managing our equity awards responsibly, utilizing double trigger provisions in senior executive officer employment agreements, making a significant portion of equity compensation subject to the achievement of performance goals, and closely monitoring competitors and market opportunities for our executives.
<p>How Do We Address Risk?</p>	<ul style="list-style-type: none"> • We impose clawback/recovery provisions. • We continue our extensive risk assessment process. • We maintain Share Ownership, Anti-Hedging and Pledging Policies.

Shareholder Engagement

Our Engagement Process

Our Board and management are committed to engaging with our shareholders and soliciting their views and input on important performance, governance, executive compensation, and other matters.

Year-Round Engagement and Board Reporting. Our investor relations team conducts shareholder outreach throughout the year and informs our management and our Board about the issues that our shareholders tell us matter most to them.

Transparency and Informed Governance Enhancements. Our Board regularly reviews our governance practices and policies, including our shareholder engagement practices, with an eye toward continual improvement. Shareholder input is shared with our Board and its committees, facilitating a dialogue that provides shareholders with insight into our governance practices and informs them of our Company’s enhancement of those practices. In addition to considering shareholder sentiments, our Board regularly reviews the voting results of our Annual Meetings, the governance practices of our peers and other companies, and current trends in governance.

The Shareholder Engagement Process

Outreach to Shareholders

We value the opinion of our shareholders and look forward to a continued, open dialogue on compensation and governance matters relevant to our business. Following 2018's advisory Say-on-Pay vote, which received the support of over 96% of votes cast (consistent with the vote in 2017) we continued our enhanced shareholder outreach. In 2018, we again reached out to our top 30 shareholders in order to gather feedback regarding our executive compensation program and disclosures, and had substantive discussions with many of them.

Some of the positive feedback reflected our meaningful level of insider ownership which created alignment with shareholders. There was general support that total direct compensation aligns with performance. There was also acknowledgement and appreciation of the changes we made in the last few years.

We also held a conversation with a prominent shareholder advisory firm to appreciate further its policies and perspectives.

We listened carefully and over the last few years and have made many substantial changes to our compensation and governance practices based on the Say-on-Pay votes and to the subsequent shareholder engagements. Greater detail can be found later in this proxy statement, in the Compensation Discussion and Analysis section starting on page 23.

Board and Shareholder Engagement

The Board maintains a process for shareholders and interested parties to communicate with the Board. Shareholders and interested parties may write or call our Board as provided on the next page:

We found that the shareholder engagement is an important source of guidance for the Company, and we will continue such efforts during 2019 and beyond.

Corporate Governance

The Company believes that strong governance practices are a critical component of management of any successful financial institution and are integral to achieving long term shareholder value. The Board of Directors is committed to conducting business according to the highest standards and actively oversees management to develop the appropriate policies and practices for the Company's customer interactions, day-to-day operations and participation as a responsible member of our community. The Board monitors best practices and gathers feedback from multiple sources, including our shareholders, to assure our adherence to this commitment.

Key governance principles that the Board has adopted include:

- Long standing commitment to Corporate Responsibility
- Board oversight of Company strategy and performance

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

- Risk Oversight by full Board and Committees(Holding Company and Bank Committees)
- Code of Ethics
- 8 of 9 Directors are Independent
- Independent Lead Director
- Diversity of Board Membership
- Active Shareholder Engagement Process
- Board and Committee Authority to retain independent advisors
- Executive compensation plans should be based on Pay for Performance and designed to align management with long term shareholder interests

Critical governance practices that the Company has enacted include:

- Annual Election of all Board Members (not a classified board)
- Majority approval required for Director elections (resignation if majority approval is not received)
- Annual Board and Committee evaluation process
- Annual Say-on-Pay advisory votes on Executive Compensation
- Regular Executive Session meetings of Independent Directors

- Active Board participation in CEO and Senior Executive succession planning
- Policy providing for Return of Incentive Compensation (Clawback Policy)
- No shareholder Rights Plan (Poison Pill)
- Double Trigger Clause on Executive Change-of-Control Payments
- Share ownership requirements for Directors and Executives
- Policies prohibiting hedging and short sales, and limiting pledging of Company stock
- Executive Incentive Compensation plans include short term time-vested equity awards and long term performance-vested equity awards

The following sections of this Proxy Statement provide further details of our governance policies and procedures, our approach to managing risk within the Company, the design of our executive compensation plans, the goals and performance of each named executive officer and the resulting compensation awarded to each executive.

Proposal 1: Election of Directors

The Board of Directors has nominated nine persons for election as directors at the 2019 Annual Meeting, for a one-year period until the 2020 Annual Meeting of Shareholders and until their successors have been elected and qualified.

Unless you vote AGAINST, or ABSTAIN with respect to, one or more nominees for election as director, all proxies received in response to this solicitation will be voted for the election of the nominees listed below. Each of the nominees for election as a director currently serves as a member of the Board of Directors, except for Mr. Soltesz, who currently serves as a member of the Board of Directors of the Bank. Each nominee has indicated a willingness to serve if elected. However, if any nominee becomes unable to serve, the proxies received in response to this solicitation will be voted for a replacement nominee selected in accordance with the best judgment of the persons named as proxies.

The rules of The Nasdaq Stock Market (Nasdaq) require that a majority of the members of the Board be independent directors. The Board of Directors has determined that each director and nominee for election as director, other than Ms. Riel, is an independent director as that term is defined in Rule 5605(a)(2) of the Nasdaq rules. The Board has also considered whether the members of the Audit and Compensation Committees are independent under the heightened standards of independence required by Sections 5605(c)(2)(A) and 5605(d)(2)(A), respectively, of the Nasdaq rules, and has determined that they are. In making these determinations, the Board of Directors was aware of and considered the loan and deposit relationships with directors and their related interests which the Company enters into in the ordinary course of its business, the arrangements which are disclosed under Certain Relationships and Related Transactions in this proxy statement, and the compensation arrangements described under Director Compensation.

Table of Contents

As required under applicable Nasdaq listing standards, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Set forth below is information concerning the nominees for election as directors. Except as otherwise indicated, the occupation listed has been such person's principal occupation for at least the last five years. Each of the nominees also serves as a director of the Bank.

Nominees for the Board of Directors

Leslie M. Alperstein, Ph.D.

Dr. Alperstein, 76, has been President of Washington Analysis LLC and its predecessor firm, Washington Analysis Corp., a leading governmental policy investment research group in Washington, DC, since its inception in 1973. Board Leadership Structure

Until March 20, 2019, the roles of Chair of the Board of Directors and Chief Executive Officer of the Company were held by the same person, Mr. Paul. Subsequent to Mr. Paul's retirement these duties were separated. Neither structure is mandated by any provision of law or our Articles of Incorporation or bylaws. The Board of Directors reserves the right to establish a different structure in the future.

The Board re-established the position of **Vice Chair** in 2018. Norman Pozez, Chair of the Governance & Nominating Committee, was elected Vice Chair by unanimous vote of the Board of Directors at that time. As Vice Chair, Mr. Pozez was responsible for all Board oversight of corporate governance matters. The Board believes that as an independent Director, Mr. Pozez enhanced oversight of the CEO and Senior Management. The Vice Chair's responsibilities include:

- Partnering with the Chair on all critical decisions and opportunities
- Providing leadership to the Board of Directors in matters of Corporate Governance
- Providing leadership to the Board of Directors to ensure that the Board functions independently of Management
- Reviewing with the Chair issues of concern to the Board of Directors
- Advising on the quality, quantity and timeliness of information provided to the Board of Directors
- Helping to foster a robust strategic planning process
- Conferring with the Chair regarding organizational development and structure

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

- Along with the Chair ensuring that the appropriate Committee structures and Chairs are in place

Effective March 21, 2019, Mr. Pozez succeeded to the role of Chair and the role of Vice Chair is vacant.

Leland Weinstein, Chair of the Compensation Committee, was elected **Lead Director** by the independent directors. The Board believes that the Lead Director structure, including the duties and responsibilities set forth below, provides the additional independent leadership, oversight and benefits for the Company and the Board that would be provided had the Board had an independent Chair.

In addition to conducting an annual review of the Chief Executive Officer's performance, the independent directors meet in executive session and discuss management's performance and formulate guidance and feedback, which the independent Lead Director together with the Vice Chair provides to the Chief Executive Officer and other members of management. The Lead Director's responsibilities include:

- Maintaining an active, on-going, positive and collaborative relationship with the Chair and Vice Chair and meeting periodically with same
- Serving as an independent sounding board on the development and presentation of significant issues, plans and strategies for Board consideration with the Chair
- Assisting the Vice Chair in Board succession planning
- Assisting the Vice Chair in the facilitation of the process for the Board's self-evaluation
- Leading and sets the agenda for Executive Sessions of Independent Directors

Serving as a conduit of views, concerns, and issues of Independent Directors to the Chair and Vice Chair

Board and Committee Oversight of Risk

One of the many duties of the Board is to oversee the Company's risk management policies and practices to ensure that the appropriate risk management systems are employed throughout the Company. The Company faces a broad array of risks, including but not limited to credit, liquidity, interest rate/market, operational, strategic, compliance/legal/regulatory and reputational risks. The Board of Directors of the

Audit Committee

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

The Audit Committee is responsible for the selection, review and oversight of the Company's independent registered public accounting firm (occasionally referred to as the independent accountants) the approval of all audit, review and attestation services provided by the independent accountants, the integrity of the Company's reporting practices and evaluation of the Company's internal controls and accounting procedures, including review and approval of quarterly and annual filings with the Securities and Exchange Commission on Forms 10-Q and 10-K and internal audit departments plans and reports. It also reviews audit reports with the Company's independent accountants. Each of the members of the Audit Committee is independent, as determined under the definition of independence adopted by Nasdaq for audit committee members in Rule 5605(c)(2)(A). The Board of Directors has determined that Ms. Raffa and Dr. Alperstein are audit committee financial experts as defined under regulations of the Securities and Exchange Commission.

The Audit Committee is also responsible for the pre-approval of all non-audit services provided by its independent accountants. Non-audit services are only provided by the independent auditors to the extent permitted by law. Pre-approval is required unless a *de minimis* exception is met. To qualify for the *de minimis* exception, the aggregate amount of all such non-audit services provided to the Company must constitute not more than five percent of the total amount of revenues paid by the Company to its independent accountants during the fiscal year in which the non-audit services are provided; such services were not recognized by the Company at the time of the engagement to be non-audit services; and the non-audit services are promptly brought to the attention of the committee and approved by one or more members of the committee to whom authority to grant such approval has been delegated by the

Table of Contents

committee prior to the commencement of the non-audit services. The Audit Committee is also responsible for the appropriate review and approval of related party transactions.

Compensation Committee

The Compensation Committee makes determinations with respect to salary levels, bonus compensation and equity compensation awards for executive officers, among others. The Compensation Committee has the sole responsibility for determining executive compensation, including that of the named executive officers, and for establishing compensation philosophy. Each of the members of the Compensation Committee is independent, as determined under the definition of independence adopted by Nasdaq for compensation committee members in Rule 5605(d)(2)(A). The Committee is also responsible for succession planning for the Company and the Bank.

For further information on the role of the Committee, see page 44.

During 2018, the Compensation Committee retained and worked with Compensation Advisors, an executive compensation and benefits consulting firm of national scope and reputation, to advise it in connection with executive compensation decisions.

Governance & Nominating Committee

The Board of Directors has a standing Governance & Nominating Committee, consisting of three members of the Board of Directors who are independent directors within the meaning of Nasdaq Rule 5605(a)(2). The Governance & Nominating Committee is responsible for the evaluation of nominees for election as director, the recommendation to the Board of Directors of director candidates for nomination for election by the shareholders, the evaluation of sitting directors and the setting of compensation for independent directors.

The Board has not developed a formal policy for the identification or evaluation of nominees. In general, when the Board determines that expansion of the Board or replacement of a director is necessary or appropriate, the Governance & Nominating Committee will review, through candidate interviews with members of the Board and management, consultation with the candidate's associates and through other means, a candidate's honesty, integrity, reputation in and commitment to the community, judgment, personality and thinking style, willingness to invest in the Company, residence, market knowledge, willingness to devote the necessary time, potential conflicts of interest, independence, understanding of financial statements and issues, and the willingness and ability to engage in meaningful and constructive discussion regarding Company issues. The Governance & Nominating Committee would review any special expertise, for example, expertise that qualifies a person as an audit committee financial expert, and membership or influence in a particular geographic or business target market, expertise in technology, cybersecurity and risk management or other relevant business experience. The Board of Directors and the Governance & Nominating Committee have not established a specific diversity component in their consideration of candidates for director, but strongly recognizes the benefits of having directors with diverse backgrounds and perspectives. In the last several years, two female directors have been added to both the Company and Bank Boards, and three additional female directors have been named to the Bank Board. To date, the Company has not paid any fee to any third party to identify or evaluate, or to assist it in identifying or evaluating, potential director candidates.

The Governance & Nominating Committee will consider director candidates nominated by shareholders during such times as the Company is actively considering obtaining new directors, on the same basis as candidates proposed by the Governance & Nominating Committee, the Board or other sources. Candidates recommended by shareholders will be evaluated based on the same criteria described above. Shareholders desiring to suggest a candidate for consideration should send a letter to the Company's Corporate Secretary and include: (a) a statement that the writer is a shareholder (providing evidence if the person's shares are held in street name) and is proposing a candidate for consideration; (b) the name and contact information for the candidate; (c) a statement of the candidate's business and educational experience; (d) information regarding the

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

candidate's qualifications to be director, including but not limited to an evaluation of the factors discussed above which the Board would consider in evaluating a candidate; (e) information regarding any relationship or understanding between the proposing shareholder and the candidate; (f) information regarding potential conflicts of interest; and (g) a statement that the candidate is willing to be considered and willing to serve as director if nominated and elected. Because of the limited resources of the Company and the limited opportunity to seek additional directors, there is no assurance that all shareholder proposed candidates will be fully considered, that all

Table of Contents

candidates will be considered equally, or that the proponent of any candidate or the proposed candidate will be contacted by the Company or the Board, and no undertaking to do so is implied by the willingness to consider candidates proposed by shareholders.

In addition, the Governance & Nominating Committees regularly discusses the contributions of the persons then serving as directors, to ensure alignment with the strategic and tactical directions of the Company. Formal evaluations are conducted biannually.

Risk Management

The Board takes risk management and its oversight responsibilities very seriously. As a bank and as a public company, it is particularly prudent to do so. The Company accepts a certain degree of risk with each business decision it makes. As a company that provides general commercial and consumer banking services, the company must uphold the highest standards. The Board recognizes that risk management does not eliminate risk, but seeks to achieve an appropriate balance of risk and return. Recognizing the risk inherent in the Company's business and managing those risks within the Company's risk appetite is critical to optimizing shareholder value and ensuring a safe and sound operation of the Company.

The Company has a number of management committees supporting the risk management program, but to date there has not been a Committee of the Board to which the responsibility has been delegated. The entire Board continues to provide risk management oversight. Bank Board and management Committees provide focus on certain risk categories such as strategic, interest rate, liquidity, operational, legal, compliance and regulatory, credit, and reputational risks.

It is the Company's policy to instill a culture of risk management throughout the organization by integrating top-down direction and governance with bottom-up business line commitment and accountability. Senior executives and other key executives meet regularly to review and discuss risk management, with updates, dashboards and unbridled discussion. Board and management committees, comprised of managers and representatives of Senior Staff, seek to identify and address issues with the people who are in the trenches. This ensures that we consider risks and how to mitigate them both from the 50,000 foot view and from the weeds.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee has served as an officer or employee of the Company or Bank at any time. None of our executive officers serve as a member of the Compensation Committee of any other company that has an executive officer serving as a member of our Board of Directors. None of our executive officers serve as a member of the board of directors of any other company that has an executive officer serving as a member of the Compensation Committee. Except for loans and deposit transactions in the ordinary course of business made on substantially the same terms, including interest rates and collateral, as those for comparable transactions with unaffiliated parties, and not presenting more than the normal risk of collectability, or other unfavorable features, and for transactions described under Director Compensation and Certain Relationships and Related Transactions, no member of the Compensation Committee or any of their related interests has any material interest in any transaction involving more than \$120,000 to which the Company is a party.

Director Attendance at the Annual Meeting

The Board of Directors believes it is important for all directors to attend the annual meeting of shareholders in order to show their support for the Company and to provide an opportunity for shareholders to communicate any concerns to them. Accordingly, it is the policy of the Company to encourage all directors to attend each annual meeting of shareholders unless they are unable to attend because of personal or family illness or pressing matters. All of the nine directors in office at the time attended the 2018 annual meeting of shareholders.

Audit Committee Report

The Audit Committee has been appointed to assist the Board of Directors in fulfilling the Board's oversight responsibilities by reviewing the financial information that will be provided to the shareholders and others, the systems of internal controls established by management and the Board and the independence and performance of the Company's audit process.

The Audit Committee has:

- 1.** reviewed and discussed with management the audited consolidated financial statements and the auditors' report on internal controls included in the Company's Annual Report on Form 10-K;
- 2.** discussed with Dixon Hughes Goodman LLP, the Company's independent registered public accounting firm, the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and
- 3.** received the written disclosures and letter from Dixon Hughes Goodman LLP as required by the applicable requirements of the Public Company Accounting Oversight Board, regarding the independent accountants' communications with the Audit Committee concerning independence, and has discussed with Dixon Hughes Goodman LLP, its independence.

Based on these reviews and discussions, the Audit Committee has recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018. The Audit Committee has also considered whether the amount and nature of non-audit services provided by Dixon Hughes Goodman LLP is compatible with the auditor's independence.

Open Letter from Compensation Committee Chair

Dear Reader,

The Company is committed to maintaining a balanced compensation program designed to fairly reward pay for performance, align management's interests with those of our shareholders and lead to the long term success of the company.

The Compensation Committee is composed solely of independent directors. It is our responsibility to design and execute competitive compensation programs that further the interests of shareholders and demonstrate strong pay for performance alignment. It is also our responsibility to ensure that your views on executive compensation are heard and considered. During 2018, we continued our practice of the past several years and conducted an outreach program with our major shareholders. Based on the feedback received from those shareholder engagements, we have over the last several years adopted a number of key changes to our compensation plan design and administration. As a result, the compensation program is more formulaic in design and includes long term performance based equity awards as well as short-term equity awards and cash incentives. Some components were adopted immediately in full (such as adopting a pure double trigger in the event of a change in control) while others were phased in over several years (such as the ratio of performance-vested share awards to time-vested share awards.)

We seek to be transparent in describing our compensation practices, including the clear disclosure of goals and actual performance on the various metrics measured in our Senior Executive Incentive Plan.

The Compensation program described in the following Compensation Disclosure and Analysis reflects the guidance received through our shareholder engagement process as well the advice of our independent compensation consultant. We are committed to evolving a sound and competitive compensation program which will align with the long term interests of our shareholders.

Executive Summary

Record Setting Financial Performance

2018 Financial Results and Operating Highlights

The Company, headquartered in Bethesda, Maryland, was incorporated under the laws of the State of Maryland on October 28, 1997, to serve as the bank holding company for EagleBank. The Company was formed by a group of local businessmen, including our former CEO, Ronald Paul, and professionals with significant prior experience in community banking in the Company's market area, together with an experienced community bank senior management team.

The Company has a long history of sustained high performance. The Company has achieved a streak of 40 consecutive quarters of record earnings on an operating basis. As shown in the graph below, our total shareholder return has outperformed the S&P 500 Index and the KBW Nasdaq Regional Banking Index over the most recent five-year period. During the last year the stock price performance of the financial sector was negatively impacted by the dynamic interest environment. However our stock price outperformed our peer group of companies, as reflected by the KBW Nasdaq Regional Banking Index.

Shareholder Feedback

We continued our enhanced investor outreach programs in 2018. We contacted our 30 largest institutional shareholders and substantively engaged with many of them. We appreciate the perspectives our shareholders have on our compensation program and practices and have implemented a number of changes to our program in prior years. During our engagement process in 2018, our shareholders were generally pleased with the structure of our compensation program and the level of executive compensation as compared to the performance of the company. We remain committed to providing compensation that motivates and rewards our corporate success and the success of our shareholders. We believe the adjustments made in response to shareholder feedback will enhance that effort. Below is a summary of the key elements of our compensation program:

Table of Contents

Compensation Practice	Eagle Bancorp Policy/Program
Pay for Performance	We require that a significant portion of our executive officer's cash and equity compensation be based on performance and at risk. Our Senior Executive Incentive Plan allows our senior executives to earn a cash award based on achievement of Company and individual performance goals, and 50% of equity awards under our LTIP are based on performance over a three year period. The SEIP is designed to provide cash incentives on a formulaic basis, subject to caps. The Compensation Committee considers performance relative to our strategic plan and budget as well as relative to peers in making pay decisions for our executives.
Double Trigger in the event of a change in control	Our senior executives' employment agreements contain pure double trigger provisions in the event of a change in control.
Robust Stock Ownership Policy	We have a policy mandating ownership by the CEO, directors and executive officers, based on a multiplier of their respective base salary or annual retainer.
Prohibit Hedging of Company Stock	We have a policy prohibiting executive officers and members of the Board of Directors from engaging in transactions intended to hedge or offset the market value of Company stock owned by them.
Restrict Pledging of Company Stock	We have a policy restricting the amount of Company stock executive officers and members of the Board of Directors may pledge as collateral.

2018 Advisory Vote on Executive Compensation

At our 2018 Annual Meeting of Shareholders, we conducted a non-binding advisory vote of our shareholders (Say-on-Pay vote) to approve the compensation of the named executive officers. At that meeting, 96% of the votes cast were voted in approval of the compensation of the named executive officers. These results substantiate our belief that we have adopted compensation practices consistent with our shareholder's interests and commensurate with our performance.

Some shareholders appreciated our pay for performance alignment and valued the level of insider ownership. Investors expressed a desire for us generally to maintain our increased disclosures on how the Compensation Committee made its decisions.

The Company is committed to continuing its engagement with our shareholders on executive compensation matters to understand their views concerning our executive compensation philosophy, policies and practices.

Consistent with the preference of our shareholders, as reflected in the advisory vote on the frequency of Say-on-Pay votes conducted at our 2017 Annual Meeting of Shareholders, our Board of Directors believes it is appropriate to conduct annual shareholder non-binding advisory votes regarding our executive compensation programs.

Compensation Philosophy

We design our executive compensation program to be driven by performance, rewarding our executives for creating value for shareholders, and represent sound governance principles. The following sets forth the best practices that we adhere to in designing and determining our executive compensation.

Our compensation philosophy provides the guiding principles for structuring compensation programs that embody these values. The policies and underlying philosophy governing the Company's executive compensation plan, as endorsed by the Compensation Committee and the Board of Directors, are designed to accomplish the following:

- Maintain a compensation program that is equitable in a competitive marketplace.
- Provide compensation opportunities that provide the ability to vary pay in line with performance.
- Encourage achievement of long term strategic objectives and enhancement of shareholder value.
- Recognize and reward individual initiative and achievements.

Table of Contents

- Maintain an appropriate balance between base salary and short and long term incentive opportunity.
- Allow the Company to compete for, retain, and motivate talented executives critical to its success.

The Compensation Committee seeks to target executive total compensation commensurate with performance by the Company and the individual. Our goal is to provide pay for performance through annual and long term incentives that reward a combination of strategic and financial achievements as well as our performance relative to industry peers. The Compensation Committee annually considers the Company's performance when setting pay. Goals for specific components include:

- Base salaries for executives are generally targeted at the 50th percentile of high performing peers with variation reflective of each executive's role, performance, experience and contribution.
- The Senior Executive Incentive Plan targets cash compensation to align with performance. High performance is expected to result in pay that is aligned with our performance relative to peers/industry. Performance below goals and peers is designed to result in pay below median.
- Long term incentives in the form of time-vested restricted stock are granted based on a look-back on the prior year's performance. The Compensation Committee believes that time-based vesting incentivizes retention, supports our ownership goals and encourages shareholder alignment. Time-vested equity is awarded when target goals are met, with the potential for higher awards when goals are exceeded.
- Long term incentives that provides performance-vested restricted stock units (occasionally referred to as PRSUs) that will vest based on future Company performance relative to specific financial metrics as compared to companies in the KBW Nasdaq Regional Banking Index (KRX) and/or Company performance as compared to budget, over a three-year timeframe.
- Our current practice is to target 50% of equity based compensation potential through awards vesting over time, and 50% through performance based awards with a multi-year performance period.
- Benefits and perquisites are not a significant component of total 2018 compensation.

The Compensation Committee is committed to tying compensation to performance and ensuring that compensation, both cash and equity, is commensurate with our financial results and ranking relative to peers. The Committee believes the Company's current executive team is of extremely high caliber and contributed significantly to the Company's strong historical growth and impressive continued performance. As indicated in the Executive Summary, the Company has consistently exceeded peer performance. Rewarding, motivating and retaining a strong executive team is critical to the continued success of the Company. The Compensation Committee is confident that its decisions provide compensation commensurate with performance.

Our Compensation Drivers

In determining compensation levels, we utilize five key drivers:

- Incentive plans are designed to encourage achievement of our strategic business goals and reinforce our business values. All our incentive pay programs and decisions are filtered through the perspective of ensuring sound compensation practices that do not encourage inappropriate risk-taking or result in excessive compensation.
- Pay levels should be fair and internally equitable. Fairness is vital in all compensation programs and results. We do not discriminate in the creation or implementation of pay programs. Pay is based on demonstrated performance, skills, commitment and results.
- We pay for performance and the attainment of our vision, business strategy, operating imperatives and results. A meaningful percentage of overall executive compensation is based on Company and individual performance. Our compensation programs are geared to performance as the basis of determining pay. Our incentive plans are designed to drive prudent individual and enterprise performance.
- We recognize the impact of the individual. Not all positions have the same level of responsibilities, require the same skills and qualifications or have the same effect on the Company. Our compensation programs enable us to reward both Company results and individual performance

Table of Contents

in furtherance of our philosophy of being fair and paying for performance and thus motivate our officers to perform and succeed as reflected in our stated goals.

- We are mindful of the market. The market sets the framework for opportunity. Then it is Company and individual achievements that drive the payouts and awards. We seek to provide market-based compensation commensurate with performance, to attract and retain top executive talent, while providing value to shareholders.

Our Pay Mix

The cornerstone of our executive compensation program is competitive pay for demonstrated performance. We seek to ensure that the compensation received by our executives is aligned with our performance, and that a meaningful portion of our executives' pay is contingent on the achievement of annual and forward-looking long term performance goals that drive our success as a Company and accordingly, add value for our shareholders.

For example, our CEO 2018 target and actual cash incentive and compensation mix are shown below:

CEO Pay Ratio

Rules of the Securities and Exchange Commission (SEC) require most publicly traded companies to provide information regarding the relationship of the median annual total compensation of our employees, other than our Chief Executive Officer, to the annual total compensation of Mr. Paul, our Chief Executive Officer through March 20, 2019.

SEC rules require us to determine our median employee only once every three years, provided that there have been no material changes in our employee population or employee compensation arrangements

Table of Contents

that we reasonably believe would result in a significant change to our pay ratio disclosure. We first identified the median employee by calculating the total cash compensation of all persons who were employed by us as of December 31, 2017, including full time and part time employees. We considered regular pay for salaried and hourly employees, overtime, and taxable cash benefits, including cash incentive payments, phone and auto allowances, and referral fee income, for the year ended December 31, 2017, as reflected by our internal payroll records. We did not consider equity compensation or non-taxable compensation in selecting the median employee. We made annualizing adjustments to the compensation of full time employees who joined us mid-year.

We then ranked the 2017 compensation received by all of the employees in our employee population other than our CEO to determine our median employee.

Because we do not believe that there have been any material changes in our employee population or employee compensation practices that we reasonably believe would result in a significant change in our CEO pay ratio disclosure, we are using the same median employee for the 2018 pay ratio disclosure. We calculated our median employee's 2018 annual total compensation in the same manner as our named executive officers' compensation is determined for purposes of the Summary Compensation Table.

Based on this methodology, we determined that:

- The annual total compensation of our median employee was \$88,159.
- The annual total compensation of Mr. Paul, our Chief Executive Officer, was \$5,990,397.
- The ratio of Mr. Paul's total compensation for 2017 to that of the median employee was 68 to 1.

Readers should note that because different companies may determine their median employee based on different factors and using different adjustments, assumptions or exclusions, our pay ratio may not be comparable to the pay ratio disclosed by other companies.

Compensation Components

The key components of our 2018 executive compensation program for all named executive officers consisted of a base salary, the SEIP, a Long Term Incentive Plan, a 401(k) Plan, and for certain named executive officers other than Mr. Paul and Mr. Levingston, a nonqualified supplemental executive retirement benefit program. The Committee typically reviews and determines executive compensation in the first quarter of the year. However, due to circumstances that arise during the year, the Committee may adjust or approve a compensation component at other times during the year, as warranted.

Table of Contents

The following table outlines the major elements of 2018 total compensation for our NEOs:

Compensation Element	Purpose	Link to Performance	Fixed/ Performance- Based	Short/Long Term
Base Salary	Helps attract and retain executives through market-competitive base pay	Reflects individual experience, performance and contribution of each executive	Fixed	Short Term
Annual Cash SEIP	Encourages achievement of short term strategic and financial performance metrics that create long term shareholder value	Based on achievement of short term, predefined corporate performance objectives and an assessment of individual performance	Performance-Based	Short Term
Benefits and Perquisites	Establishes limited perquisites in line with market practice, as well as health and welfare and 401(k) benefits on the same basis as our general employee population	N/A	Fixed	Short Term
Long Term Incentive Plan	Aligns executives' interests with shareholders, motivates and rewards long term sustained performance, and creates a retention incentive through multi-year vesting	Award amount is determined by the Compensation Committee based on Company and individual performance. A portion of the award is contingent on future 3-year performance.	Performance-Based	Long Term
Senior Executive Retirement Plan	Provides income security into retirement and creates a retention incentive through multi-year vesting	N/A	Fixed	Long Term

Pay Practices Aligned with Compensation Philosophy

We believe the effectiveness of our compensation program is dependent upon our pay practices corresponding to our compensation philosophy. The table below illustrates this strong relationship and further underscores our commitment to maintaining an executive compensation program that is consistent with best practice.

STRONG ALIGNMENT WITH SHAREHOLDERS (WHAT WE DO)	
<p>Compensation philosophy</p> <p>We believe our compensation philosophy promotes a best practice approach to compensation, including: (i) tying pay to performance and aligning with shareholder interests; (ii) attracting, retaining, and properly motivating top talent; (iii) integrating risk with compensation; (iv) maintaining strong governance; and (v) transparency.</p>	<p>Hedging/pledging policy</p> <p>Senior executives are prohibited from any hedging of our shares, unvested restricted stock, or unexercised options, including through short sales.</p> <p>Senior executives are prohibited from pledging more than 50% of their shares as collateral and such pledged shares cannot represent more than 25% of such executive's net worth.</p>
<p>Pay at risk</p> <p>The majority of NEO compensation is at-risk and contingent on achievement of business goals that are integrally linked to shareholder value and safety and soundness.</p>	<p>Clawback policy</p> <p>The Company reserves the right to clawback compensation (cash and equity) based on materially inaccurate financial statements, or whenever required by applicable law, regulation, or exchange listing standard.</p>
<p>Use of variable compensation in deferred equity.</p> <p>Significant portions of NEO variable compensation is deferred in Company common stock that vests over a 3-year period. Value of equity at vesting is based on stock price at that time (in addition to achievement of pre-established goals for PRSUs).</p>	<p>Competitive benchmarking</p> <p>To make informed decisions on pay levels and pay practices, we benchmark ourselves against our peer group of highly performing, similarly situated banks. We believe external market data is an important component of maintaining pay practices that will attract and retain top talent, while driving shareholder value.</p>
<p>Risk events impact pay</p> <p>In making pay decisions, we consider material risk and control issues, and make adjustments to compensation, if appropriate.</p>	<p>Responsible use of equity</p> <p>We manage our equity award program responsibly, using only approximately 0.40% of weighted average diluted shares in 2018.</p>
<p>Share ownership guidelines</p> <p>Senior executives, including NEOs, are required to own a minimum of shares of our common stock with a value equal to twice their base salary; the CEO must own a minimum of six times his base salary.</p>	<p>Shareholder outreach</p> <p>Each year, we solicit feedback from our top shareholders on our compensation and governance programs and practices. The Compensation Committee considers this feedback when making compensation decisions.</p>

2018 Programs and Pay Decisions

2018 was another outstanding performance year for the Company, as we exceeded our financial objectives and ranked among the top of our industry peers on many fronts. Our 2018 executive compensation awards reflected both financial and operational results that the Board determined were in line with or exceeded our long term strategic objectives. The connection between our performance results and named executive officer compensation awards continues to be at the forefront of the Compensation Committee's decision-making. In addition to financial performance, the Compensation Committee also takes into account risk management practices within the organization, including results of federal and state regulatory examinations and internal control matters that may arise from internal and independent audits throughout the year.

In making pay decisions, the Compensation Committee reviews Company, peer and individual performance as well as the results of market survey data prepared by Compensation Advisors, the Compensation Committee's outside compensation consultant. Below is a summary of our 2018 compensation programs and pay decisions with respect to the compensation of the named executive officers:

Table of Contents

- **Base Salaries**

The Compensation Committee believes that base salaries for named executive officers should be targeted at market competitive levels, generally at the 50th percentile but also considering experience and performance of the individual executive. Base salaries are reviewed annually and adjusted based on our review of market data and assessment of individual executive performance.

Named Executive Officer	2018 Base Salary	2019 Base Salary
Ronald D. Paul	\$963,384	\$1,001,919 (1)
Charles D. Levingston	\$342,000	\$383,040

Susan G. Riel	\$527,883	\$570,114
Janice L. Williams	\$423,725	\$466,098

(1) Mr. Paul retired from his positions at the Company and Bank, effective March 20, 2019.

- **Senior Executive Incentive Plan**

The SEIP was established to reward our executives for achieving or exceeding predefined performance goals. In 2018 all named executive officers participated in the SEIP. Under the SEIP, an executive is eligible to earn an award based on achievement of Company and individual performance objectives. This plan serves to place a significant portion of each NEOs compensation at risk. The SEIP does not contain any discretionary component, incorporates a formulaic approach and includes caps (or maximum payouts) on the amount that can be earned.

The Compensation Committee defines performance measures and goals for each executive. The performance measures support our strategic plan and are allocated to executives to create accountability and ensure rewards are tied to our financial and strategic success. The performance measures and weights applicable to our named executive officers are summarized in the table below:

2018 Performance Measure	Mr. Paul	Mr. Levingston	Ms. Riel	Mr. Marquez	Ms. Williams

(1) Not adjusted.

Participants receive a pay out of incentive awards at, above or below target, depending on performance results of each performance goal as may be adjusted in accordance with the Plan. Performance must be at least 15% above target goals to achieve target-plus payouts.

Reflecting our above-target performance for the year, the named executive officers received incentive cash payments under the SEIP that were 56% to 147% of their target incentive opportunities.

Named Executive Officer	2018 Incentive Compensation at Threshold	2018 Incentive Compensation at Target	2018 Incentive Compensation at Target Plus	Cap	Actual payout for 2018 Performance

Payments under the SEIP are subject to the Company's clawback policy. The Compensation Committee maintains the right to exercise discretion in paying bonuses outside of the SEIP in appropriate circumstances.

Table of Contents

- **Long Term Equity Compensation Time Vested**

We believe equity ownership aligns our executives with our shareholders, promotes a long term focus on the performance and success of the Company and serves as a powerful means of retaining our high performing executives.

In February 2019, consistent with our historical practice, we granted equity in the form of restricted stock to our named executive officers based on an assessment of Company-wide and individual performance in 2018, as well as direct compensation values in accordance with our market analysis.

To determine the amount of the equity award to a particular executive, that executive's performance is considered along with payouts he/she earned under our SEIP. We then determine the optimal level of compensation (base salary plus cash incentives plus equity) that we believe each executive should receive. For example, a high performing executive who achieved target-plus performance levels on all of his/her goals, as well as the Company-wide goals, would receive an equity award reflective of the matching percentile compared to peers. The Compensation Committee carefully reviews each executive's performance as well as the Company's performance relative to peers. Equity awards also reflect having executives' pay be in line with performance. Using this methodology, the time-vested equity awards granted to named executive officers in 2019 in respect of 2018 performance, ranged from 55% to 100% of an executive's base salary.

The 2019 time-vested equity awards vest ratably over three years commencing on the first anniversary of the date of grant. This helps retain executives and ensure they maintain a long term focus on maintaining and improving Company-wide performance. We believe this feature of the plan enhances shareholder value for the long term. Our equity ownership guidelines reinforce our goal for executives to have and hold significant

stock.

- **Long Term Equity Compensation Performance Vested**

In response to comments received from shareholders during our investor outreach in 2015, the Compensation Committee adjusted the Long Term Incentive Plan starting with the 2016 grants in respect of 2015 performance. The new program incorporated performance-based vesting to supplement the use of time-based vesting restricted stock. The 2019 award consists of 50% performance-based restricted stock units and 50% time-vested restricted stock. In February 2019, PRSUs were awarded subject to performance-based vesting following a three-year measurement period, 2019-2021. At the end of the period, two metrics shall be measured to determine vesting. An executive officer may vest in awards related to neither, one or both metrics, depending on the Company

Table of Contents

performance. In order to receive any vesting for this component, the Company needs to perform at a minimum level of performance. The two metrics for the 2019 – 2021 performance grant are:

- Average Earnings Per Share (EPS) compared to Company Budget; and
- Net Interest Margin (NIM) based on the KBW Nasdaq Regional Banking Index (KRX).

Performance shares will vest based on the first metric based on the Company's average Earnings Per Share (EPS) compared to the Company's annual Budget. Threshold is defined as achieving 75% of budgeted EPS for a year, target is defined as 100%, and stretch (or maximum) is defined as 125%. Performance shares will vest based on the Company's ranking for the second metric relative to the Index and can range from 50% at threshold to 150% at maximum depending on performance. Threshold is defined as median performance, target is defined as the 62.5% percentile, and stretch (or maximum) is defined as the 75th percentile or greater ensuring we only provide rewards for strong performance. Payouts are interpolated on a straight-line pro rata basis in between these points. If the metric does not reach threshold performance (i.e. 75% of budgeted EPS or median performance of NIM), PRSUs for that metric will not vest. If only the threshold is met for a metric, then 50% of the award shall become vested. If the maximum is met for a metric, then 150% of the target award shall become vested (with points in between measured on a straight-line pro rata basis).

Metrics performance will be calculated and PRSUs vest no later than March 31 of the year following the performance period (i.e. 2021 for the 2018 awards), or as soon thereafter as data is available. An executive must be employed by the Company, on December 31, of the last year of the relevant performance period, and on the vesting date in order to vest in shares underlying a PRSU, except in the event of death, disability or retirement.

The Compensation Committee concluded that the target goals are reasonably achievable with good performance and are sufficiently challenging but not overly difficult. The Long Term Incentive Plan does not include exponential upside for exceeding goals, as there is a maximum award tied to each metric.

The Compensation Committee retains the authority to make adjustments to applicable targets and calculations in the event of extraordinary regional circumstances, such as a regional economic downturn arising from *force majeure* events. While this authority is not expected to be utilized, the Committee recognized the possibility of an extraordinary regional economic condition. Since the Index includes a national array of banks, the Committee felt that it was important to be able to react to some circumstance uniquely affecting the Washington, DC metropolitan area, such as a terrorist act and the resulting effect on the economy, and therefore, Company performance.

The Long Term Incentive Plan is subject to the Company's clawback policy.

The 2019 program will continue to include time-vested equity awards as the Compensation Committee believes this not only promotes retention, but also provides an impetus for achieving continued performance. While awarded in part as a result of individual performance, the number of time-vested restricted stock shares awarded to an executive is also based on the overall performance of the Company.

- **Supplemental Executive Retirement Plan**

The Company also provides certain of its executive officers, including all of the named executive officers other than the former Chief Executive Officer and Chief Financial Officer, with a supplemental retirement benefit, with benefits payable well into retirement years, in order to focus our executives on long term Company performance. This Supplemental Executive Retirement Plan (SERP), adopted by the Company in 2013, provides for a lifetime retirement benefit utilizing annuities as a funding source, a program that at the time cost approximately 86% of the cost of similar plans for comparably situated executives that did not utilize annuities. The target retirement age for the benefit is age 67, with reduced benefits prior to age 67. Please refer to the discussion accompanying the Summary Compensation Table and Pension Benefits for additional information regarding the SERP.

- **401(k) Plan**

Our 401(k) plan allows all officers and employees of the Company working 1,000 hours or more in a calendar year to defer a portion of their compensation, and provides a match of up to 3% of their base salaries, subject to certain IRS limitations. While the decision to match employee contributions is discretionary, all employees receive the same percentage match.

- **Health and Welfare Benefits**

We provide health benefits to our executive officers, including the named executive officers, generally on the same basis as all of our full-time employees. These benefits include medical and dental benefits, short term and long term disability insurance, and basic life insurance coverage. The Company also provides long term care insurance coverage to directors and executive officers. We design our employee benefits programs to provide choice and to be affordable and competitive in relation to the market, and to be compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

The Compensation Committee believes our current executive compensation policies and practices are effective in advancing our long term strategic plan, reasonable in relation to our compensation

Table of Contents

peer group and responsible in encouraging the named executive officers to work for meaningful shareholder returns without taking unnecessary or excessive risks.

- **Deferred Compensation Plan**

In 2019, the Compensation Committee committed to providing Mr. Paul with an additional unfunded deferred compensation benefit. This deferred compensation benefit consists of a Company contribution equal to one times Mr. Paul's 2018 base salary, or \$963,384, which is invested in a segregated account invested in securities, insurance policies, mutual funds or other investments. As a result of his retirement Mr. Paul is fully vested in this benefit. Mr. Paul is entitled to all gains of income on the account at vesting, and will bear all losses on the investments. The cost of this benefit was considered in making compensation awards and decisions for Mr. Paul based on 2018 performance.

- **Employment, Non-Compete and Severance Arrangements**

Each of our named executive officers has an employment agreement, which provides for payments upon a change in control of the Company under a pure double trigger. Each named executive officer is also party to a non-compete agreement, which provides for payments following termination without cause or in connection with a change in control, which payments are contingent on compliance with the noncompetition, nonsolicitation and noninterference provisions of the agreement following such termination. None of these agreements provide tax gross-ups. These agreements are described in detail under Employment and Non-Compete Agreements following the Summary Compensation Table. The Committee believes that the agreements provide continuity of executive management and employment security, which is conducive to maximum employee effort and valuable protections for the Company and its executive officers.

CEO Pay for Performance

We operate in a highly-dynamic business environment, which has been and continues to be characterized by rapidly changing market and customer trends, regulatory changes and requirements, as well as increased expectations from shareholders for meaningful growth without excessive risk taking. To succeed in this environment, our senior leadership must be able to continually refine and enhance products and services; respond to competitive challenges in our markets; attract, satisfy and retain customers; and demonstrate an ability to quickly identify and capitalize on business opportunities.

In establishing our CEO's compensation, we seek to motivate and reward the achievement of our annual and longer term financial and strategic objectives, and to align the CEO's compensation with our shareholders' long term interests. Accordingly, the Compensation Committee focuses on using incentive compensation with long term Company performance implications as a key element of the CEO's total direct compensation opportunity. By focusing on performance-based pay opportunities tied to specific performance goals, the Compensation Committee seeks to ensure the CEO's pay is aligned with Company performance and the value provided to our shareholders. The compensation plan rewards the CEO if the Company's performance is exceptional, because of his or her ability to earn at the higher end of the payouts under the SEIP and receive share awards of restricted stock and PRSUs under the Long Term Incentive Plan. In 2016, the Compensation Committee enhanced the performance-based pay program to include performance-vested equity that will incentivize future performance. The value of his or her awards and his stock ownership will rise and fall over the long term, with our stock performance. We note that 2018 Company performance was not an aberration, but rather a continuation of years of increased success. Mr. Paul's compensation reflects this exceptional multi-year performance.

Executive Compensation Process

The Role of the Compensation Committee

The Compensation Committee, among its other responsibilities, establishes our overall compensation philosophy and reviews and approves our executive compensation program, including the specific compensation of our executive officers, including the named executive officers. The Compensation Committee has the authority to retain special counsel and other advisors, including compensation consultants, to assist in carrying out its responsibilities to determine the compensation of our executive officers.

The Committee considers information from its compensation consultant and legal counsel, as well our Chief Financial Officer and our Human Resources department to formulate recommendations with respect to specific compensation actions. The Compensation Committee makes all final decisions regarding compensation, including base salary levels, target bonus opportunities, actual bonus payments and equity awards. The Compensation Committee meets on a regularly scheduled basis and at other times, as needed.

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

The Compensation Committee regularly conducts a review of our executive compensation program to assess whether our compensation elements, actions and decisions (i) are aligned with our vision, mission, values, corporate goals and compensation philosophy, (ii) provide appropriate short term and long term incentives for our executive officers and (iii) are competitive with the compensation of the executive in comparable positions at the companies with which we compete for executive talent.

As part of this process, the Compensation Committee takes into consideration the CEO's recommendations for NEOs other than the CEO and a competitive market analysis prepared by its independent compensation consultant. In the course of its deliberations, the Compensation Committee also considers competitive positioning, internal equity and our corporate and individual achievements against one or more short term and long term performance objectives. The Compensation Committee considers all of this information in light of their individual experience, knowledge of the Company, knowledge of the peer companies, knowledge of each named executive officer and business judgment in making decisions regarding executive compensation and our executive compensation program.

Table of Contents

As part of this process, the Compensation Committee also evaluates the performance of the CEO each year and makes all decisions regarding the CEO's base salary adjustments (if any), bonus payments and equity awards. The CEO is not present during any of the deliberations regarding his compensation.

The Role of Consultants Compensation Advisors

The Compensation Committee has engaged the services of Compensation Advisors as its independent advisor on matters of executive and board compensation (the Engagement). Compensation Advisors reports directly to the Committee and provides no other remunerated services to the Company or any of its affiliates. The Company has affirmatively determined that no conflicts of interest exist between the Company and Compensation Advisors or any individuals working on the Company's account on Compensation Advisors' behalf. In reaching such determination, the Company considered the following enumerated factors, all of which were attested to or affirmed by Compensation Advisors:

- During 2018, Compensation Advisors provided no services to and received no fees from the Company other than in connection with the Engagement;
- Compensation Advisors has adopted and put in place adequate policies and procedures designed to prevent conflicts of interest, which policies and procedures were provided to the Company;
- There are no business or personal relationships between Compensation Advisors and any member of the Compensation Committee other than in respect of (i) the Engagement, or (ii) work performed by Compensation Advisors for any other company, board of directors or compensation committee for whom such Committee member also serves as an independent director;
- No employees of Compensation Advisors owns any stock of the Company; and
- There is no business or personal relationships between Compensation Advisors and any executive officer of the Company other than in respect of the Engagement.

The Role of Management

Input from the CEO is considered by the Compensation Committee regarding the criteria to be used to determine base salary, bonuses and other benefits for named executive officers other than the CEO. Although input from the CEO is considered by the Compensation Committee, the Compensation Committee exercises final authority on compensation matters for all named executive officers. The CEO is not present at meetings during which the CEO's compensation is discussed and determined.

Competitive Positioning

In making compensation decisions, the Compensation Committee considers the profitability and relative performance of the Company, as well as the intangible value and performance of the Company's management team. In this review, the Compensation Committee seeks to evaluate executive pay in a manner that ensures future compensation arrangements for the selected executive officers are compliant with regulatory practices, competitive in the marketplace and reflective of the Company's performance and culture. In this process, the Compensation Committee selects a custom peer group of publicly-traded banks and bank holding companies, and may review other survey data, to help in the review and establishment of executive compensation arrangements.

The Company worked with Compensation Advisors to develop a peer group in 2018 for base salary and incentive compensation comparisons. The peer group contains 24 public banks between \$4.4 billion and \$19.2 billion in assets. The peer group was selected based on several factors, including assets, market capitalization and regional similarities, recognizing the substantial increase in Company assets and market capitalization in the last several years.

Other Compensation Policies

- [Compensation Recovery Policy \(Clawback \)](#)

The Board of Directors has adopted a policy relating to the clawback of incentive compensation paid to executive officers in the event of certain restatements of our financial statements. Under that policy, the Board of Directors will, to the full extent required by applicable law, regulation or exchange listing standards in all appropriate cases, require reimbursement of any bonus paid or incentive compensation awarded to the executive, and/or effect the cancellation of unvested equity awards previously granted to the executive if: (1) the amount of the bonus or incentive compensation was calculated based on the achievement of financial results that were subsequently the subject of a

Table of Contents

material restatement; (2) the executive engaged in intentional misconduct or (3) applicable law, regulation or listing standard so requires.

- **Robust Stock Ownership Guidelines**

The Company has adopted a policy requiring that our executive officers and directors own, directly or indirectly, shares of our common stock having a value as follows:

- CEO: 6 times base salary
- Directors: 3 times annual retainer/base fee
- Executive Officers: 2 times base salary

The persons subject to this requirement have five years after commencing service to satisfy this minimum holdings requirement; executive officers and directors in office as of the date of the policy was adopted have until December 31, 2020.

- **Anti-hedging/Anti-pledging Policies**

The Company has adopted a policy prohibiting our executive officers and directors from engaging in any hedging of the Company's common stock, including buying or selling puts or calls, short sales, or any other hedging transaction.

The Company's policy also limits the ability of directors and executive officers to pledge Company common stock that they own. The policy limits pledging to one-half of the number of shares owned by such person for purposes of the Company's ownership guidelines, and limits the value of such pledged shares to 25% of the director's or executive officer's net worth.

- **Executive Perquisites**

We do not provide any significant perquisites or other personal benefits to our executive officers; our executive officers participate in our health and welfare benefit programs on the same basis as all of our employees. In 2013, certain executive officers were provided a Supplemental Executive Retirement Plan as described on page 37.

- **No Tax Gross-Ups or Payments**

We do not provide any gross-ups or tax payments in connection with any cash or equity compensation element or any excise tax gross-up or tax reimbursement in connection with any change in control payments or benefits.

- **Timing and Pricing of Equity Awards**

Equity compensation awards for named executive officers and employees are generally approved in the first quarter of each year. Awards may be made periodically for new hires during the year. Awards are based on a number of criteria including the Company's performance, the relative rank of the employee within the Company and his or her specific contributions to the success of the Company.

The grant date is established when the Compensation Committee approves the grant. We set the exercise price for our stock as the closing price on the grant date. Our equity award process is independent of any consideration of the timing of the release of material nonpublic information, including with respect to the determination of grant dates or stock option exercise prices. Similarly, we expect that the release of material nonpublic information will not be timed with the purpose or intent to affect the value of executive compensation.

- **Prohibit Re-Pricing or Exchange**

Our equity based compensation plans do not permit re-pricing or exchange of underwater options without shareholder approval.

- **No Guaranteed Minimum Bonus**

Our SEIP does not guarantee any minimum bonus to executive officers.

Risk Assessment of Incentive Compensation Programs

In setting compensation, the Compensation Committee of the Company also considers the risks to the Company's shareholders and the achievement of our goals that may be inherent in our compensation programs. Although a significant portion of some employees' compensation is performance-based and at-risk, we believe our compensation program is appropriately structured and does not pose a material risk to the Company. The Compensation Committee of the Company receives feedback from the Chief Risk Officer identifying any risks associated with named executive officer compensation plans and other employee incentive compensation plans. The report below outlines our process and the steps taken to mitigate any risks that were uncovered in our discussions.

Executive Compensation Plan Risk Assessment

Our Chief Risk Officer has reviewed the 2018 and 2019 SEIP and Long Term Incentive Plan and the other 2018 and 2019 Incentive Plans, and concluded that the incentive compensation arrangements appropriately balance risk and reward, are compatible with effective controls and risk management, and are supported by strong corporate governance, including active and effective oversight by the Board of Directors. The risk assessment considers the incentive plan mix, measures, design features, goal setting, Unfair Deceptive or Abusive Acts or Practices (UDAAP) and controls and governance protocols. This feedback was provided to the Compensation Committee. The conclusions were based on the following:

- The SEIP is a formal performance-based plan in which the Compensation Committee is deeply involved. The Board of Directors of the Company establishes Company-wide goals early in the performance year through approval of the budget, and communicates these performance goals to the Compensation Committee for their review and approval. We use a balance of Company-wide goals, strategic goals and individual or departmental goals and customize the goals each year based on each executive's functional responsibility. The Compensation Committee is active in setting and approving the Company-wide goals each year. The Chief Executive Officer provides input on weighting of departmental or individual goals for executive officers. Once these are presented to the Compensation Committee, the Compensation Committee will discuss and approve, or revise the goals for the other named executives.
- The LTIP is a long term performance based equity compensation plan. The LTIP consists of two components, a time vested award, which provides a portion of compensation based on past performance; and a future performance based award. The Compensation Committee establishes broad performance goals against budget and third party performance as measured against one or more publicly available industry indices. The Chief Executive Officer provides input on weighting of departmental or individual goals for executive officers. Once these are presented to the Compensation Committee, the Compensation Committee will discuss and approve, or revise the goals for the other named executives.
- When setting actual officer-specific goals, we consider not only our annual budget, but also our strategic initiatives, peer performance and individual goals, which we believe mitigates risk and keeps executives focused on the long term success of the Company. The Compensation Committee reviews these performance evaluations each year, not only to determine final award payouts, but also to discuss developmental opportunities for our named executives. In addition, incentives are predicated on satisfactory audit and regulatory reviews as well as individual performance.
- We believe that target and target plus awards are reasonable and competitive based on market research that was provided by our compensation consultant. We also pay out on a pro-rata basis for actual performance results that fall in between threshold, target and target plus levels but not above the established caps. We believe this reduces the likelihood of an executive misstating numbers to reach the next award level.

or withholding information to count toward the next performance year.

- A clawback provision under the SEIP and LTIP allows us to recover all or part of a cash or stock incentive award in certain cases of inaccurate financial statement information that resulted in a restatement of our financial statements, or on a fraudulent, willful or grossly negligent misrepresentation or where required by law. Accordingly, such activities would not be rewarded.

Table of Contents

The clawback policy also permits the Company to recover equity based compensation whenever required by applicable law, regulation, or exchange listing standard.

The individual named executive officer employment agreements, which have previously been reviewed and approved by the Compensation Committee, provide for the payment to each named executive officer of base salaries, certain insurance benefits, car allowances, and eligibility for participation in our incentive plans, equity compensation plans and other compensation programs we may adopt, as well as certain benefits and payments upon termination or a change in control. None of the agreements provides for any specific mandatory variable or incentive pay, or any other conditional compensation. As such, the Compensation Committee believes that none of such agreements present any material threat to our capital or earnings, encourage taking undue or excessive risks, or encourage manipulation of financial data in order to increase the size of an award.

Non-Executive Compensation Plan Risk Assessment

Our Chief Risk Officer reviewed 2018 and 2019 incentive programs in which employees who are not executive officers participate, and provided analysis and conclusions to the Compensation Committee. It was concluded that the incentive compensation arrangements appropriately balance risk and reward, are compatible with effective controls and risk management, promote appropriate sales practices and are supported by strong corporate governance, including active and effective oversight by the Board of Directors. The risk assessment considers the incentive plan mix, measures, design features, goal setting and controls and governance protocols. The following incentive compensation plans were reviewed:

- Under the Lending and Community Banking Incentive Plans, certain employees are compensated with cash incentives calculated as a specific percentage of salary or of qualifying loans, deposits and other business they produce. A portion of the potential compensation under these plans is tied to individual and/or team performance and paid on an annual basis. There are also components, such as the collection of loan fees and the expansion of existing, or the establishing of new, customer deposit accounts, that are paid quarterly. We believe intrinsic features of these plans and commercial nature of our business protects us against unnecessary risk taking, including the plan modifier that reduces or eliminates incentive payouts when asset quality measures decline or fall below minimum acceptable levels and for unacceptable sales practices.
- Under the Residential Lending Operations Incentive Plan, there is an incentive program for loan processors, loan closers, and underwriters. Loan processors and loan closers are paid for each loan closed. Underwriters are paid for each loan dispositioned, regardless of the decision made.
- Under the FHA Multifamily Group Incentive Plan, cash incentives are paid annually based on both production targets and a profitability model.

Clawback provisions are included in all incentive compensation plans. All of our incentive plans call for the employee to be in good standing with no adverse written performance documentation. Once an employee receives adverse written documentation for performance, the employee is ineligible to receive incentive payments for a minimum of 90 days.

Residential Mortgage Loan Officers are generally compensated based on loan production. There are separate agreements with each mortgage loan officer outlining his/her individual compensation package.

(1) Represents the grant date fair value of awards of Time-Vested Shares and PRSUs granted in the subsequent year for performance during year indicated.

The per-share grant date fair value for PRSUs granted in 2019 with respect to 2018 performance with non-market-based performance conditions was equal to the closing price of the common stock on the date the shares were granted, or \$55.76. The grant date fair value of the PRSUs granted in 2019, assuming the highest level of performance conditions is met, would have been \$1,445,048 for Mr. Paul, \$282,201 for Mr. Levingston, \$458,180 for Mr. Marquez, \$613,583 for Ms. Riel and \$460,773 for Ms. Williams.

The number of shares of Time-Vested Shares granted on February 11, 2019 to Messrs. Paul, Levingston and Marquez and Mmes. Riel and Williams were 17,277, 3,374, 5,478, 7,336 and 5,509, respectively. The number of PRSUs granted on February 11, 2019 with respect to 2018 performance to Messrs. Paul, Levingston and Marquez and Mmes. Riel and Williams were 17,277, 3,374, 5,478, 7,336 and 5,509, respectively.

The per-share grant date fair value for PRSUs granted in 2018 with respect to 2017 performance with non-market-based performance conditions was equal to the closing price of the common stock on the date the shares were granted, or \$60.45. The grant date fair value of the PRSUs granted in 2018, assuming the highest level of performance conditions is met, would have been \$2,040,188 for Mr. Paul, \$160,313 for Mr. Levingston, \$432,248 for Mr. Marquez, \$546,770 for Ms. Riel and \$381,923 for Ms. Williams.

The number of shares of Time-Vested Shares granted on February 12, 2018 in respect to 2017 performance to Messrs. Paul, Levingston and Marquez and Mmes. Riel and Williams were 22,500, 1,768, 4,767, 6,030 and 4,212, respectively. The number of PRSUs granted on February 12, 2018 to Messrs. Paul, Levingston and Marquez and Mmes. Riel and Williams were 22,500, 1,768, 4,767, 6,030 and 4,212, respectively.

The per-share grant date fair value for PRSUs granted in 2017 with respect to 2016 performance with non-market-based performance conditions was equal to the closing price of the common stock on the date the shares were granted, or \$45.50. The per-share grant date fair value for PRSUs granted in 2017 with market-based performance conditions is estimated based on the use of a Monte Carlo valuation methodology, which resulted in a per-share grant date fair value of \$36.81. The grant date fair value for PRSUs granted is based on the probable outcomes of the performance conditions as determined in accordance with FASB ASC Topic 718.
