The Company's management resources and information systems were interrupted by the aftermath of Hurricane Wilma which struck the geographical area of the Company's executive offices on October 23, 2005, resulting in prolonged widespread power and communications outages to the Company's executive offices and the residences of many of its employees, including its executive officers. In addition, the Company was similarly delayed by one to two weeks in its efforts to close the recently completed sale of its SendTec business, which must be reflected as discontinued operations in subject Quarterly Report. As a result, the Company was unable to assemble and process various financial information necessary to complete its Quarterly Report on Form 10-Q without unreasonable effort and

expense.

We estimate that we will be reporting net losses of approximately \$5.4 million and \$15.8 million for the three and nine month periods, respectively, ended September 30, 2005, compared to net losses of \$5.9 million and \$15.9 million for the comparable three and nine month periods in 2004. Due to the Company's decision to sell its SendTec business in the third quarter of 2005, the Company will be segregating and reporting continuing operations versus discontinued operations financial information for all periods presented in the upcoming Quarterly Report on Form 10-Q.
