PROXY STATEMENT
for
Annual Meeting of Stockholders
January 14, 2004

This proxy statement is being mailed to you in connection with the solicitation of proxies by the Board of Directors of Bioenvision, Inc. for use at its annual meeting of stockholders and any adjournment of such meeting. The meeting will be held on the date, at the time and place and for the purposes indicated in the foregoing notice. This proxy statement, the foregoing notice and the enclosed proxy card are first being sent to stockholders on or about December 15, 2003.

ABOUT THE MEETING

Who can vote?

You can vote if, as of the close of business on December 12, 2003 you were a stockholder of record of our common stock or our Series A Convertible Participating Preferred Stock ("Series A Preferred Stock"). On that date, _____ shares of our common stock were outstanding and entitled to vote and _____ shares of our Series A Preferred Stock were outstanding and entitled to vote. Our common stock and Series A Preferred Stock are the only classes of voting stock outstanding. On each matter to be voted upon at the meeting, other than the amendment of our certificate of incorporation and adoption of our stock option plan, holders of our common stock and Series A Preferred Stock will vote together as a single class. With respect to the amendment of our certificate of incorporation, the holders of our common stock and Series A Preferred Stock will each vote as a separate class as well as together as a single class and with respect to the adoption of the 2003 Stock Incentive Plan the Series A Preferred Stock will vote as a single class as well as together with the common stock as a single class. Each share of common stock is entitled to one vote. Each share of Series A Preferred Stock is convertible into 2 shares of common stock. When the Series A Preferred Stock votes as a separate class, each share of Series A Preferred Stock will be entitled to one vote. However, when the Series A Preferred Stock votes together with the common stock as a single class, each share of common stock will have one vote and each share of Series A Preferred Stock, based on the conversion ratio, will have 2 votes.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of _____ shares

Edgar Filing: BIOENVISION INC - Form PRE 14A

representing a majority of the votes that may be cast by all outstanding shares of common stock and Series A Preferred Stock as of the record date, voting together as a single class, must be present to hold the meeting. However, in the event that a quorum is not present, the holders of our common stock and Series A Preferred Stock present in person or by proxy entitled to cast a majority of the votes that all such shares which are present in person or by proxy may cast, when the common stock and Series A Preferred Stock vote together as a single class, shall have the power to adjourn the meeting from time to time until a quorum is present. Abstentions from voting and broker "non-votes" will be counted towards a quorum. A broker "non-vote" occurs when the nominee holding a stockholder's shares does not vote on a particular proposal because the nominee does not have

discretionary voting power on that item and has not received instructions from the stockholder.

What vote is required and what is the method of calculation?

Approval of the amendment to our certificate of incorporation will require:

- . the affirmative vote of _____, a majority of the votes that may be cast by all outstanding shares of common stock and Series A Preferred Stock voting together as a class;
- . the affirmative vote of _____ a majority of the outstanding shares of common stock voting as a separate class; and
- . the affirmative vote of _____, a majority of the outstanding shares of Series A Preferred Stock voting as a separate class.

Approval of the 2003 Stock Incentive Plan will require:

- . the affirmative vote of _____, a majority of the votes that may be cast by all outstanding shares of common stock and Series A Preferred Stock voting together as a class; and
- . the affirmative vote of _____, a majority of the outstanding shares of Series A Preferred Stock voting as a separate class.

The nominees for director who receive the most votes for the number of positions to be filled will be elected. Any other matter that may be voted on at the meeting will generally require the affirmative vote of _____, a majority of the votes that may be cast by the shares of common stock and Series A Preferred Stock, voting together as a class, present in person or represented by proxy at the meeting and entitled to vote thereon. Abstentions will have no effect on the election of directors, and abstentions or broker "non-votes" will not be counted for or against any other matters that may be acted on at the meeting. With respect to the amendment of our certificate of incorporation and adoption of our stock option plan, because approval requires the affirmative vote of a majority of the votes that may be cast by all outstanding shares of the relevant class, abstentions and broker non-votes will have the effect of a no vote.

What matters will be voted on?

Our Board of Directors does not intend to bring any other matters before the meeting except the approval of the amendment to our certificate of incorporation, the approval of the adoption of our 2003 Stock Incentive Plan, the election of directors and the ratification of our independent accountants.

Edgar Filing: BIOENVISION INC - Form PRE 14A

The Board is not aware of anyone else who will submit any other matters to be voted on. However, if any other matters properly come before the meeting, the people named on the proxy card, or their substitutes, will be authorized to vote on those matters in their own judgment.

How do I vote by proxy?

When you return your properly signed and dated proxy card prior to the meeting, your shares will be voted in accordance with your instructions marked on the proxy card. If you sign your proxy card but do not specify how you want your shares to be voted, they will be voted as recommended by the Board of Directors.

Can I change my vote after I return my proxy card?

Yes. You can change or revoke your proxy at any time before the meeting by notifying us in writing, by sending another executed proxy dated later than the first proxy card or by attending the meeting and voting in

-2-

person.

Can I vote in person at the meeting instead of voting by proxy?

Yes. However, we encourage you to complete and return the enclosed proxy card to ensure that your shares are represented and voted. If you attend the meeting in person, you may then vote in person even though you returned your proxy card.

Who pays for this proxy solicitation?

We do. We will pay all costs in connection with the meeting, including the cost of preparing, assembling and mailing proxy materials, handling and tabulating the proxies returned, and charges of brokerage houses, nominees and fiduciaries in forwarding proxy materials to our beneficial owners.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the adequacy or accuracy of the disclosure in this proxy statement. Any representation to the contrary is a criminal offense.

This proxy statement provides you with detailed information about the proposed amendment to our certificate of incorporation, the adoption of our stock option plan and related matters. We encourage you to read this entire document carefully.

PROPOSAL 1--AMENDMENT TO CERTIFICATE OF INCORPORATION

(Item 1 on Proxy Card)

The Company is proposing to amend its Articles of Incorporation to (i)increase the number of shares of authorized common stock from 50,000,000 shares to 70,000,000 shares and (ii)increase the number of shares of preferred stock from 10,000,000 shares to 20,000,000 shares. On the record date, [_____] shares of common stock were outstanding, [_____] shares of preferred stock were outstanding and [_____] additional shares of common stock were reserved for issuance upon exercise of outstanding stock options and warrants, this number includes the additional 3,000,000 shares to be reserved for issuance under the 2003 Stock Incentive Plan, if approved.

-3-

Purpose and Effect of the Amendment

The principal purpose of the proposed amendment to the Articles of Incorporation, attached hereto as Annex A, is to authorize additional shares of common stock and preferred stock which will be available in the event the Board of Directors determines that it is necessary or appropriate to permit future stock dividends, to raise additional capital through the sale of equity securities, to acquire another company or its assets, to establish strategic relationships with corporate partners and to provide equity incentives to employees and officers or for other corporate purposes. The availability of additional shares of stock is particularly important in the event that the Board of Directors needs to undertake any of the foregoing actions on an expedited basis and thus to avoid the time and expense of seeking stockholder approval in connection with the contemplated issuance of stock. If the amendment is approved by the stockholders, the Board does not intend to solicit further stockholder approval prior to the issuance of any additional shares of common stock or preferred stock, except as may be required by the Company's certificate of incorporation, certificate of designations or applicable law.

The increase in authorized common stock and preferred stock will not have any immediate effect on the rights of existing stockholders. However, the Board will have the authority to issue authorized common stock or preferred stock without requiring future stockholder approval of such issuances, except as may be required by the Company's certificate of incorporation, certificate of designations or applicable law. To the extent that additional authorized shares are issued in the future, they may decrease the existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to the existing stockholders.

The increase in the authorized number of shares of common stock or preferred stock and the subsequent issuance of such shares could have the effect of

Edgar Filing: BIOENVISION INC - Form PRE 14A

delaying or preventing a change in control of the Company without further action by the stockholders. Shares of authorized and unissued common stock and preferred stock could, within the limits imposed by applicable law, be issued in one or more transactions which would make a change in control of the Company more difficult, and therefore less likely. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of common stock or preferred stock and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

The Board of Directors is not currently aware of any attempt to take over or acquire the Company. While it may be deemed to have potential anti-takeover effects, the proposed amendment to increase the authorized common stock and preferred stock is not prompted by any specific effort or takeover threat currently perceived by management.

We do not have any current intentions, plans, arrangements, commitments or understandings to issue any shares of its capital stock except in connection with the 2003 Stock Incentive Plan.

Vote Required and Board of Director's Recommendation

Approval of this amendment to our certificate of incorporation will require (i)the affirmative vote of a majority of the votes that may be cast by all outstanding shares of common stock and Series A Preferred Stock voting together as a class, (ii)the affirmative vote of a majority of the outstanding shares of common stock voting as a separate class, and (iii)the affirmative vote of a majority of the outstanding shares of Series A Preferred Stock voting as a separate class. The Board of Directors recommends voting "FOR" approval of the amendment to our certificate of incorporation.

-4-

PROPOSAL 2--APPROVAL OF ADOPTION OF THE 2003 STOCK INCENTIVE PLAN

(Item 2 on Proxy Card)

Our Board of Directors has adopted, subject to the approval of our stockholders, the 2003 Stock Incentive Plan, attached hereto as Annex B. The plan was adopted to recognize the contributions made by our employees, officers, consultants, and directors, to provide those individuals with additional incentive to devote themselves to our future success and to improve our ability to attract, retain and motivate individuals upon whom our growth and financial success depends.

The key provisions of the plan are as follows:

Eligibility and Administration.

The plan authorizes the Board of Directors or the compensation committee (the "Administrator"), to (i)select the participants who are to be granted options, restricted shares or performance units, (ii)determine the number of shares of Common Stock to be granted to each participant, (iii)designate options, to the extent the award consists of options, as incentive stock options or nonstatutory stock options, (iv)determine the vesting schedule and performance criteria, if any, for restricted shares and performance units and (v)determine to what extent the awards may be transferable. As of the date hereof, there are approximately 7 employees who are currently eligible to participate in the plan under the Company's policies. All directors and

Edgar Filing: BIOENVISION INC - Form PRE 14A

consultants are currently eligible to participate in the plan. The Administrator's interpretations and construction of the plan are final and binding on the Company.

Shares Available for Issuance Under the Plan

The stock subject to options granted under the plan are shares of the Company's authorized but unissued or reacquired shares of Common Stock. On December 11, 2003, the closing price of the common stock on the American Stock Exchange of the Common Stock was \$_____ per share. As of _____, 2003, 3,000,000 shares were available for future grants of options and, assuming this Proposal 2 is approved by the stockholders. On the same date, there were _____ shares of Common Stock outstanding.

Grant, Exercise and other Terms of Awards.

Options issued under the plan are designated as either incentive stock options or nonstatutory stock options. Incentive stock options are options meeting the requirements of Section 422 of the Code, and nonstatutory options are options not intended to so qualify.

The exercise price of options granted under the plan may not be less than 100% of the fair market value of the Common Stock of the Company (as defined by the plan) on the date of the grant. With respect to any participant who owns stock representing more than 10% of the voting rights of the outstanding Common Stock of the Company, the exercise price of any incentive stock option granted must equal at least 110% of the fair market value of the Common Stock on the grant date, and the maximum term of any such incentive stock option must not exceed five years.

Options, restricted shares and performance units are evidenced by written award agreements in a form approved by the Administrator from time to time and no award is effective until the applicable award agreement has been executed by both parties thereto. Options granted under the plan may become exercisable in cumulative increments over a period of months or years, or otherwise, as determined by the Administrator. The purchase price of options shall be paid in cash; provided, however, that if the applicable award agreement so provides, or the Administrator, in its sole discretion otherwise approves thereof, the purchase price may be paid in shares of Common Stock having a fair market value on the exercise date equal to the exercise price or in any combination of cash and shares of Common Stock, as long as the sum of the cash so paid

-5-

and the fair market value of the shares so surrendered equals the aggregate purchase price. In addition, the Administrator may permit deferred compensation elections by certain directors and executive officers. The award agreement evidencing the restricted shares and/or performance units shall set forth the terms upon which the Common Stock subject to any awards or the achievement of any cash bonus may be earned.

No options granted under the plan are exercisable after the expiration of ten years (or less in the discretion of the Administrator) from the date of the grant, and no incentive stock options granted under the Amended Award Plan to a participant who owns more than ten percent of the total combined voting power of all classes of outstanding stock of the Company shall be exercisable after the expiration of five years (or less, in the discretion of the Administrator) from the date of the grant. The aggregate fair market value (as

Edgar Filing: BIOENVISION INC - Form PRE 14A

of the respective date or dates of grant) of the shares of Common Stock underlying the incentive stock options that are exercisable for the first time by a participant during any calendar year under the plan and all other similar plans maintained by the Company may not exceed \$100,000. If a participant ceases to be an employee of the Company for any reason other than his or her death, Disability or Retirement (as such terms are defined in the plan), such participant shall have the right, subject to certain restrictions, to exercise that option at any time within ninety days (or less, in the discretion of the Administrator) after cessation of employment, but, except as otherwise provided in the applicable award agreement, only to the extent that, at the date of cessation of employee, the participant's right to exercise such option had vested and had not been previously exercised. The Administrator, in its sole discretion, may provide that the option shall cease to be exercisable on the date of such cessation if such cessation arises by reason of termination for Cause (as such term is defined in the Amended Award Plan) or if the participant becomes an employee, director or consultant of an entity that the Administrator determines is in direct competition with the Company.

In the event a participant dies before such participant has fully exercised his or her option, then the option may be exercised at any time within twelve months after the participant's death by the executor or administrator of his or her estate or by any person who has acquired the option directly from the participant by bequest or inheritance, but except as otherwise provided on the applicable award agreement, only to the extent that, at the date of death, the participant's right to exercise such option had vested pursuant to the terms of the applicable award agreement and had not been forfeited or previously exercised.

In the event a participant ceases to be an employee of the Company by reason of Disability, such participant shall have the right, subject to certain restrictions, to exercise the option at any time within twelve months (or such shorter period as the Administrator may determine) after such cessation of employment, but only to the extent that, at the date of cessation of employment, the participant's right to exercise such option had previously vested pursuant to the terms of the applicable award agreement and had not previously been exercised.

In the event a participant ceases to be an employee of the Company by reason of Retirement, such participant shall have the right, subject to certain restrictions, to exercise the option at any time within ninety days (or such longer or shorter period as the Administrator may determine) after cessation of employment, but only to the extent that, at the date of cessation of employment, the participant's right to exercise such option had vested pursuant to the terms of the applicable award agreement and had not previously been exercised.

Adjustment of Awards Upon Certain Events.

If the Company merges with another corporation and the Company is the surviving corporation in such merger and under the terms of such merger the shares of Common Stock outstanding immediately prior to the merger remain outstanding and unchanged, each outstanding award shall continue to apply to the shares subject thereto and will also pertain and apply to any additional securities and other property, if any, to which a holder of the number of shares subject to the option would have been entitled as a

result of the merger.

Edgar Filing: BIOENVISION INC - Form PRE 14A

In the event all or substantially all of the assets of the Company are sold, the Company engages in a merger where the Company does not survive or the Company is consolidated with another corporation, each participant shall receive immediately before the effective date of such sale, merger or consolidation restricted shares and the value of any performance units to which the participant is then entitled (regardless of any vesting condition) and each outstanding option will become exercisable (without regard to the vesting provisions thereof) for a period of at least 30 days ending five days prior to the effective date of the transaction. Notwithstanding the foregoing, the surviving corporation may, in its sole discretion, (i) (a) grant to participants with options, options to purchase shares of the surviving corporation upon substantially the same terms as the options granted under the plan, (b) tender to all participants with restricted shares, an award of restricted shares of the surviving or acquiring corporation, and (c) tender to all participants with performance units, an award of performance units of the surviving or acquiring corporation, or (ii) (a) permit participants with restricted shares to receive unrestricted shares immediately prior to the effective date of any transaction, (b) permit participants with performance units to receive cash with respect to the value of any performance units immediately before the effective date of the transaction and (c) provide participants with options the choice of exercising the option prior to the consummation of the transaction or receiving a replacement option.

Notwithstanding anything to the contrary and except as otherwise expressly provided in the applicable award agreement, the vesting or similar installment provisions relating to the exercisability of any award, option or replacement option tendered as described in the previous sentence shall be accelerated, and the participant with restricted shares or performance units shall become fully vested, and the participant with options shall have the right, for a period of at least 30 days, to exercise such options; provided that such accelerations of vesting and exercisability shall occur only in the event that the participant's employment with or services for the Company should terminate within two years following a Change of Control (as defined in the plan), unless such employment or services are terminated by the Company for Cause (as defined in the plan) or by the participant voluntarily without Good Reason (as defined in the plan), or such employment or services are terminated due to the death or Disability of the participant. Notwithstanding the foregoing, no incentive stock option shall become exercisable pursuant to the foregoing without the participant's consent, if the result would be to cause such option not to be treated as an incentive stock option.

The number of shares of Common Stock covered by the plan, the number of shares of Common Stock covered by each outstanding option, restricted share and performance unit and the exercise price of any options shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a subdivision or consolidation of such shares or a stock split or the payment of a stock dividend (but only of Common Stock) or any other increase or decrease in the number of issued shares effected without receipt of consideration by the Company.

Transfer of Awards.

Unless an award is designated transferable by the Administrator upon grant, during the lifetime of the participant who has been granted an award, the award shall be shall not be assignable or transferable. No incentive stock option may be designated as transferable. In the event of the participant's death, any nontransferable award shall be transferable by the participant's will or the laws of descent and distribution.

Amendment and Termination.

The plan will continue in effect until terminated by the Board of

Edgar Filing: BIOENVISION INC - Form PRE 14A

Directors or until expiration of the plan on November 17, 2013. The Board may suspend or discontinue the plan or revise or amend it.

-7-

Federal Income Tax Consequences.

The following discussion is intended only as a general summary of the federal income tax consequences to participants and the Company with respect to the plan. The discussion is based on current laws which are subject to change at any time or which may be interpreted differently. The discussion does not address tax consequences under the laws of any state, local or foreign jurisdiction, nor does it address federal and state estate, inheritance and gift taxes. Further, the tax treatment of each Participant will depend in part upon such Participant's particular tax situation.

The Code provides favorable tax treatment for incentive stock options. Incentive stock options are subject to certain requirements which are set forth in the plan. Generally, upon the grant of an incentive stock option, and upon the exercise of the incentive stock option during employment or within three months after termination of employment, the optionee will not recognize any income. However, any appreciation in the value of the shares from the date of grant through the date of exercise will generally be an item of adjustment in determining the optionee's potential liability for alternative minimum tax for the taxable year of exercise. The alternative minimum tax may produce a higher tax liability than the regular income tax applicable to the optionee.

The sale or disposition of Common Stock purchased upon exercise of an incentive stock option is generally a taxable event. The optionee will recognize a gain or loss in an amount equal to the difference between his or her basis in the Common Stock (normally the exercise price) and the proceeds from the sale or disposition. If the Common Stock acquired pursuant to an incentive stock option is not sold or otherwise disposed of within two years from the date of grant of the incentive stock option and is held for at least one year after exercise of the incentive stock option (the "Holding Period"), any gain or loss resulting from the sale or disposition of the Common Stock will be treated as long-term capital gain or loss. If Common Stock acquired upon exercise of an incentive stock option is disposed of prior to the expiration of the Holding Period (a "Disqualifying Disposition"), the excess of the fair market value of the Common Stock on the date of exercise over the exercise price, before or the excess of the sale price over the exercise price, whichever is less, will be treated as ordinary income in the year of disposition. However, any additional gain will be taxed as capital gain (i.e., the excess, if any, of the sales price over the fair market value on the date of exercise). If an optionee disposes of the Common Stock more than one year after the date of exercise, such capital gain or loss will be treated as long-term capital gain or loss.

The Company normally is not entitled to a deduction with respect to incentive stock options. However, in the event of a Disqualifying Disposition, the Company is entitled to deduct the ordinary income realized by the optionee. Optionees are required to notify the Company of any Disqualifying Dispositions.

No taxable income will be realized by an optionee upon the grant of a nonstatutory stock option. Upon exercise of a nonstatutory stock option, the optionee must recognize as ordinary income the excess of the fair market value of the Common Stock on the date of exercise over the exercise price. The Company may deduct the amount includible in the employee's income. An optionee's new basis in the Common Stock acquired upon exercise of a nonstatutory stock option will generally be the fair market value of the shares on the date of exercise.

Edgar Filing: BIOENVISION INC - Form PRE 14A

Upon a subsequent disposition of such Common Stock, the optionee generally will realize a capital gain or loss to the extent of any intervening appreciation or depreciation. If an optionee disposes of the Common Stock more than one year after the date of exercise, such capital gain or loss will be treated as long-term capital gain or loss. If the optionee makes a deferred compensation for stock option gains, the optionee will generally recognize ordinary income upon later collecting benefits. In these cases, the Company's tax deductions would coincide in timing and amount with the optionee's income recognition.

The receipt of restricted shares of stock of the Company or performance based units in exchange for services provided to the Company may be a taxable event to the

-8-

employee. The restricted shares generally are subject to vesting requirements; however during the taxable year in which such shares are first either vested (i.e. not subject to a substantial risk of being forfeited by the employee) or transferable, the employee will have to report as ordinary income from compensation an amount of income equal to the difference between the fair market value of such shares at the time of vesting or removal of transfer restrictions over the amount paid for such shares, which amount paid generally will be zero. So long as liability under section 16(b) of the 1934 Act applies to the employee with respect to restricted shares, he or she will be deemed not to have yet incurred a taxable event. If performance based units are received subject to either vesting requirements or restrictions on transferability, the same rules apply as with restricted shares. If performance based units are not so restricted, the employee generally will incur taxable ordinary compensation income in an amount equal to the fair market value of such units in the year received, less the amount, if any, paid for such units.

Report of the Audit Committee of the Board of Directors*

The board of directors' audit committee carries out oversight functions with respect to the preparation, review and audit of the Company's financial statements and operates under a written charter adopted by the board of directors, which is attached to this proxy statement as Annex C. The audit committee members are independent within the meaning of the applicable AMEX listing standards except for Mr. Nelson who was an employee of the Company until September, 2002. The development, maintenance and evaluation of internal controls and procedures and the financial reporting system, the maintenance of appropriate accounting and financial reporting principles or policies and the preparation of financial statements in accordance with generally accepted accounting principles are the responsibility of the Company's management. The Company's independent auditors perform an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issue a report thereon. The audit committee's responsibility is to monitor and oversee the foregoing functions. A brief description of the audit committee's responsibilities is set forth under the caption "-- Board of Directors; Committees."

The audit committee has met and held discussions with management and the independent auditors with respect to the Company's consolidated financial statements for fiscal year ending June 30, 2003 and related matters. Management advised the committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles and the committee has reviewed and discussed the consolidated financial statements with management and the Company's independent auditors. The independent auditors presented to and reviewed with the audit committee the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Company's independent auditors also provided to the committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and in connection therewith the committee discussed with the independent auditors their views as to their independence. In undertaking its oversight function, the audit committee relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements.

Based on the audit committee's considerations, discussions with management and the independent auditors as described above, the audit committee recommended to the board of directors that the audited consolidated financial statements be included in the Company's Annual Report on the Form 10-K for the fiscal year ended June 30, 2003 to be filed with the Securities and Exchange Commission (the "Commission").

EMPLOYMENT AGREEMENTS

We have entered into employment agreements with each of our principal executive officers. Pursuant to these agreements, our executive officers agree to devote all or a substantial portion of their business and professional time efforts to our business as executive officers. The employment agreements provide for certain compensation packages, which include bonuses and other incentive compensation. The agreements also contain covenants restricting the employees from competing with us and our business and prohibiting them from disclosing confidential information about us and our business.

On September 1, 1999, we entered into an employment agreement with Christopher B. Wood, M.D. under which he serves as our Chairman and Chief Executive Officer. The initial term of Dr. Wood's employment agreement is two years with automatic one-year extensions thereafter unless either party gives written notice to the contrary. On December 31, 2002, we entered into a new employment agreement with Dr. Wood, under which he continues to serve as our Chairman and Chief Executive Officer. Under this contract, the term is one year, with automatic one-year extensions thereafter unless either party provides written notice to the contrary. Dr. Wood's new employment agreement provides for an initial base salary of \$225,000, a bonus as determined by the Board of Directors, health insurance and other benefits currently or in the future

Edgar Filing: BIOENVISION INC - Form PRE 14A

provided to key employees of the Company. If Dr. Wood's employment is terminated other than for cause or if he resigns for good reason or if a change of control occurs, he will receive a lump sum payment in an amount equal to his then current annual base salary and any and all unvested options will vest and immediately become exercisable.

On January 1, 2000, we entered into an employment agreement with Stuart Smith under which he serves as our Senior Vice President. The initial term of Mr. Smith's employment agreement is two years, with automatic one-year extensions thereafter unless either party gives written notice to the contrary. Mr. Smith's agreement provides for an initial base salary of \$150,000, a bonus as determined by the board of directors, life insurance benefits equal to his annual salary, health insurance and other benefits currently or in the future provided to our key employees. On September 30, 2002, Mr. Smith resigned from his position as Senior Vice President of the Company; his employment agreement was terminated and the Company agreed to issue shares of its common stock to Mr. Smith at the then current fair market value in satisfaction of all outstanding obligations of the Company to Mr. Smith pursuant to the employment agreement.

On March 31, 2003, we entered into an employment agreement with David P. Luci, pursuant to which he serves as our Director of Finance, General Counsel and Corporate Secretary. The initial term of Mr. Luci's employment agreement is one-year, with automatic one-year extensions thereafter unless either party provides written notice to the contrary. If Mr. Luci's employment is terminated other than for cause or if he resigns for good reason or if a change of control occurs, he will receive a lump sum payment in an amount equal to 1.5 multiplied by the sum of (i) his then current annual base salary plus (ii) his then average annual bonus for the preceding two years and any and all unvested options will vest and immediately become exercisable.

The actual value, if any, an executive may realize is dependent upon the amount by which the market price of our common stock exceeds the exercise price when the stock options are exercised.

COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT

Section 16(a) of the Exchange Act requires Bioenvision's directors and executive officers, and persons who own more than 10% of the outstanding equity securities of Bioenvision, to file initial reports of beneficial ownership and reports of changes in beneficial ownership of equity securities with the SEC and any national securities exchange on which equity securities are listed. These persons are required by SEC regulations to furnish Bioenvision with copies of all Section 16(a) forms they file.

Based upon a review of filings made with the SEC and Bioenvision's records, Bioenvision believes that certain of its directors, executive officers or holders of

Edgar Filing: BIOENVISION INC - Form PRE 14A

more than 10% of the outstanding shares of common stock have not filed on a timely basis the reports required by Section 16(a) of the Exchange Act during, or with respect to, the year ended June 30, 2003.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of common stock, as of November 10, 2003, by (i) each person whom we know to beneficially own 5% or more of the common stock, (ii) each of our directors, (iii) each person listed on the Summary Compensation Table set forth under "Executive Compensation" and (iv) all of our directors and executive officers. The number of shares of common stock beneficially owned by each stockholder is determined in accordance with the rules of the Commission and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of common stock over which the stockholder exercises sole or shared voting or investment power. The percentage ownership of the common stock, however, is based on the assumption, expressly required by the rules of the Commission, that only the person or entity whose ownership is being reported has converted or exercised common stock equivalents into shares of common stock; that is, shares underlying common stock equivalents are not included in calculations in the table below for any other purpose, including for the purpose of calculating the number of shares outstanding generally. The table below does not reflect the right of ILEX to purchase from us \$1.0 million of our common stock at the then applicable market price within 30 days of the completion of the Phase II trial for Clofarabine, and an additional \$2.0 million of our common stock at the then applicable market price within 30 days of submittal to the FDA of the NDA for Clofarabine.

PROPOSAL 4--RATIFICATION OF INDEPENDENT AUDITORS

(Item 4 on Proxy Card)

Edgar Filing: BIOENVISION INC - Form PRE 14A

The Board of Directors of the Company has appointed Grant Thornton LLP as independent auditors of the Company for the fiscal year ending June 30, 2004, and has further directed that the appointment of such accountants be submitted for ratification by the stockholders at the Annual Meeting. The Company has been advised by Grant Thornton LLP that neither that firm nor any of its associates has any relationship with the Company or its subsidiaries other than the usual relationship that exists between independent certified public accountants and clients. Grant Thornton LLP will have a representative at the Annual Meeting who will have an opportunity to make a statement, if he or she so desires, and who will be available to respond to appropriate questions.

Stockholder ratification of the appointment of Grant Thornton LLP as the Company's independent auditors is not required by the Company's charter or otherwise. However, the Board of Directors is submitting the appointment Grant Thornton LLP to the stockholders for ratification as a matter of what it considers to be good corporate practice. Even if the appointment is ratified, the Board of Directors in its discretion may direct the appointment of a different independent accounting firm at any time during the year if the Board of Directors determines that such a change would be in the best interests of the Company and its stockholders.

Fees billed to Company by Grant Thornton LLP for Fiscal 2002

Audit Fees:

Audit fees billed to the Company by Grant Thornton LLP for the audit of the Company's annual financial statements for the fiscal year ended June 30, 2003 included in the Company's annual report on Form 10-K and the review of interim financial statements included in the Company's quarterly reports on Form 10-Q totaled \$160,000.

Financial Information Systems Design and Implementation Fees:

The Company did not engage Grant Thornton LLP to provide advice to the Company regarding financial information systems design and implementation during the fiscal year ended June 30, 2003.

All Other Fees:

Fees billed to the Company by Grant Thornton LLP for all other non-audit services rendered to the Company for the fiscal year ended June 30, 2003, including tax related services, totaled \$46,900.

The audit committee of the Board of Directors was advised of the services provided by Grant Thornton LLP that are unrelated to the audit of the annual fiscal year end financial statements and the review of interim financial statements and has considered whether the provision of such services is compatible with maintaining Grant Thornton LLP's independence as the Company's independent auditor.

Vote Required and Board of Director's Recommendation

The affirmative vote of a majority of the votes cast at the Annual Meeting is required to ratify the appointment of Grant Thornton LLP as the Company's independent auditors. The board of directors unanimously recommends that stockholders vote for the ratification of Grant Thornton LLP as the Company's independent auditors.

A Participant who owns more than ten percent (10%) of the total combined voting power of all classes of outstanding stock of the Corporation, its parent or any of its Subsidiaries shall not be eligible to receive an Incentive Stock Option unless (i) the Exercise Price of the Shares subject to such Option is at least one hundred ten percent (110%) of the Fair Market Value of such Shares on the date of grant and (ii) such Option by its terms is not exercisable after the expiration of five (5) years from the date of grant.

(c) Stock Ownership.

For purposes of Section 5(b) above, in determining stock ownership, a Participant shall be considered as owning the stock owned, directly or indirectly, by or for his or her brothers and sisters (by whole or half blood), spouse, ancestors and lineal descendants. Stock owned, directly or indirectly, by or for a corporation, partnership, estate or trust shall be considered as being owned proportionately by or for its stockholders, partners or beneficiaries. For purposes of the limitations set forth in this Section, if any portion of an Award is forfeited, canceled, reacquired by the Company, satisfied without the issuance of Common Stock or otherwise terminated, the shares of Common Stock underlying such portion of the Award shall be added back to the shares of Common Stock available for issuance under the Plan. The limitations established by this Section 6 shall be subject to adjustment in the manner provided in Section 11 hereof upon the occurrence of an event specified therein.

7. TERMS AND CONDITIONS OF OPTIONS.

(a) Award Agreements.

Options shall be evidenced by written Award Agreements in such form as the Administrator shall from time to time determine. Such agreements need not be identical but shall comply with and be subject to the terms and conditions set forth below. No Option shall be effective until the applicable Award Agreement is executed by both parties thereto.

(b) Participant's Undertaking.

Each Participant shall agree to remain in the employ or service of the Corporation and to render services for a period as shall be determined by the Administrator, from the date of the granting of the Option, but such agreement shall not impose upon the Corporation any obligation to retain the Participant in their employ or service for any period.

(c) Number of Shares.

Each Option shall state the number of Shares to which it pertains and shall provide for the adjustment thereof in accordance with the provisions of Section 11 hereof.

(d) Exercise Price.

Each Option shall state the Exercise Price. The Exercise Price shall not be less than the Fair Market Value on the date of grant and, in the case of an Incentive Stock Option granted to a Participant described in Section 5(b) hereof, shall not be less than one hundred ten percent (110%) of the Fair Market Value on the date of grant.

(e) Medium and Time of Payment.

Edgar Filing: BIOENVISION INC - Form PRE 14A

The Purchase Price shall be payable in full in United States dollars upon the exercise of the Option; provided, however, that if the applicable Award Agreement so provides, or the Administrator, in its sole discretion otherwise approves therefor, the Purchase Price may be paid by the surrender of Shares in good form for transfer, owned by the person exercising the Option for at least six months (subject to the Administrator's discretion to waive this six-month requirement) and having a Fair Market Value on the date of exercise equal to the Purchase Price, or in any combination of cash and Shares, as long as the sum of the cash so paid and the Fair Market Value of the Shares so surrendered equals the Purchase Price.

Payment of any tax withholding requirements may be made, in the discretion of the Administrator, (i) in cash, (ii) by delivery of Shares registered in the name of the Participant, or by the Corporation not issuing such number of Shares subject to the Option, having a Fair Market Value at the time of exercise equal to the amount to be withheld or (iii) any combination of (i) and (ii) above. If the Corporation is required to register under Section 207.3 of Regulation G of the Board of Governors of the Federal Reserve System (Title 12 Code of Federal Regulations Part 207), then so long as such registration is in effect, the credit extended by the Corporation to a Participant for the purpose of paying the Purchase Price shall conform to the requirements of such Regulation G.

Upon a duly made deferral election by a Participant eligible to participate under the Corporation's Deferred Compensation Plan, Shares otherwise issuable to the Participant upon the exercise of a Nonstatutory Stock Option and payment of the Purchase Price by the surrender of Shares (or by the payment of cash if an Award Agreement so provides or if the Administrator exercises its discretion to accept cash) in accordance with the first paragraph of this Section 7(e), will not be delivered to the Participant. In lieu of delivery of such Shares, the Common Stock Account (as defined in the Corporation's Deferred Compensation Plan) of the Participant maintained pursuant to the Corporation's Deferred Compensation Plan shall be credited with a number of stock units having a value, calculated pursuant to such plan, equal to the Option Profit associated with the exercised Nonstatutory Stock Option. Such deferral of Option Profit under the Corporation's Deferred Compensation Plan is available to Participants only if the Shares surrendered in payment of the Purchase Price upon the exercise of a Nonstatutory Stock Option have been held by the Participant for at least six months (or by the payment of cash if an Award Agreement so provides or if the Administrator exercises its discretion to accept cash).

(f) Term of Options.

Each Option shall state the time or times when all or part thereof becomes exercisable. No Option shall be exercisable after the expiration of ten (10) years (or less, in the discretion of the Administrator) from the date it was granted, and no Incentive Stock Option granted to a Participant described in Section 5(b) hereof shall

be exercisable after the expiration of five (5) years (or less, in the discretion of the Administrator) from the date it was granted.

(g) Cessation of Service (Except by Death, Disability or Retirement).

Edgar Filing: BIOENVISION INC - Form PRE 14A

Except as otherwise provided in this Section 7, an Option may only be exercised by Participants who have remained continuously in service as an Employee, director or consultant with the Corporation since the date of grant of the Option. If a Participant ceases to be an Employee, director or consultant for any reason other than his or her death, Disability or Retirement, such Participant shall have the right, subject to the restrictions referred to in Section 7(f) above, to exercise the Option at any time within ninety (90) days (or such shorter period as the Administrator may determine in an Award Agreement) after cessation of service, but, except as otherwise provided in the applicable Award Agreement, only to the extent that, at the date of cessation of service, the Participant's right to exercise such Option had accrued pursuant to the terms of the applicable Award Agreement and had not previously been exercised. The foregoing notwithstanding: (i) unless otherwise provided in an Award Agreement or in the sole discretion of the Administrator, the Option shall cease to be exercisable on the date of such cessation of service if such cessation arises by reason of termination for Cause; and (ii) an Award Agreement may provide that the Option shall cease to be exercisable on the date of such cessation of service if the Participant following cessation becomes an employee, director or consultant of a person or entity that the Administrator, in its sole discretion, determines is in direct competition with the Corporation or a Subsidiary.

For purposes of this Section 7(g) the service relationship shall be treated as continuing intact while the Participant is on military leave, sick leave or other bona fide leave of absence (to be determined in the sole discretion of the Administrator). The foregoing notwithstanding, service shall not be deemed to continue beyond the ninetieth (90th) day after the Participant ceased active service, unless the Participant's reemployment rights are guaranteed by statute or by contract or the Administrator determines in its discretion that the Participant's service shall be treated as continuing for a term stated in writing.

(h) Death of Participant.

If a Participant dies while a Participant, or after ceasing to be a Participant but during the period in which he or she could have exercised the Option under this Section 7, and has not fully exercised the Option, then the Option may be exercised in full, subject to the restrictions referred to in Section 7(f) above, at any time within twelve (12) months (or such shorter period as the Administrator may determine) after the Participant's death by the executor or administrator of his or her estate or by any person or persons who have acquired the Option directly from the Participant by bequest or inheritance, but, except as otherwise provided in the applicable option agreement, only to the extent that, at the date of death, the Participant's right to exercise such Option had accrued and had not been forfeited pursuant to the terms of the applicable Award Agreement and had not previously been exercised.

(i) Disability of Participant.

If a Participant ceases to be an Employee, director or consultant by reason of Disability, such Participant shall have the right, subject to the restrictions referred to in Section 7(f) above, to exercise the Option at any time within twelve (12) months (or such shorter period as the Administrator may determine) after such cessation of service, but, except as provided in the applicable Award Agreement, only to the extent that, at the date of such cessation of service, the Participant's right to exercise such Option had accrued pursuant to the terms of the applicable Award Agreement and had not previously been exercised.

(j) Retirement of Participant.

If a Participant ceases to be an Employee by reason of Retirement, such Participant shall have the right, subject to the restrictions referred to in Section 7(f) above, to exercise the Option at any time within ninety (90) days (or such longer or shorter period as the Administrator may determine) after cessation of employment, but only to the extent that, at the date of cessation of employment, the Participant's right to exercise such Option had accrued pursuant to the terms of the applicable option agreement and had not previously been exercised.

(k) Limitation on Incentive Stock Options

If the aggregate Fair Market Value (determined as of the date an Option is granted) of the stock with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year under this Plan and all other plans maintained by the Corporation, its parent or its Subsidiaries, exceeds \$100,000, the Option shall be treated as a Nonstatutory Stock Option with respect to the stock having an aggregate Fair Market Value exceeding \$100,000.

(l) Other Provisions.

The Award Agreements authorized under the Plan may contain such other provisions not inconsistent with the terms of the Plan (including, without limitation, restrictions upon the exercise of the Option or the transfer of Shares of stock following exercise of the Option) as the Administrator shall deem advisable.

8. Restricted Share Awards

(a) Grants.

The Administrator shall have the discretion to grant Restricted Shares to Participants. As promptly as practicable after a determination is made that an Award of Restricted Shares is to be made, the Administrator shall notify the Participant in writing of the grant of the Award, the number of Shares covered by the Award, and the terms upon which the Shares subject to the Award may be earned. The date on which the Administrator so notifies the Participant shall be considered the date of grant of the Restricted Shares. The Administrator shall maintain records as to all grants of Restricted Shares under the Plan.

(b) Earning Shares.

Each Award Agreement for Restricted Shares shall state the time or times, and the conditions or circumstances under which, all or part of the Restricted Shares shall be earned and become nonforfeitable by a Participant.

(c) Accrual of Dividends.

Unless otherwise provided in an Award Agreement, on the last day of each fiscal year of the Corporation, the Administrator shall credit to the Participant's Restricted Share account under the Plan a number of Restricted Shares having a Fair Market Value, on that date, equal to the sum of any cash and stock dividends paid on Restricted Shares previously credited to the Participant's account during such fiscal year. The Administrator shall hold each Participant's Restricted Shares until distribution is required pursuant to subsection (d) hereof.

Edgar Filing: BIOENVISION INC - Form PRE 14A

(d) Distribution Of Restricted Shares.

Timing of Distributions; General Rule. Except as otherwise expressly stated in this Plan, the Administrator shall distribute Restricted Shares and any Restricted Shares attributable to accumulated cash or stock dividends thereon to the Participant or his or her beneficiary, as the case may be, as soon as practicable after they have been earned. No fractional shares shall be distributed.

Form of Distribution. The Administrator shall distribute all Restricted Shares, together with any Shares representing dividends, in the form of Common Stock. One Share shall be given for each Restricted Share earned.

9. PERFORMANCE UNITS

(a) Performance Units. A Performance Unit is an Award denominated in cash, the amount of which may be based on the achievement of specific goals with respect to Corporation, Subsidiary or individual performance over a specified period of time. The maximum amount of such compensation that may be paid to any one Participant with respect to any one Performance Period (hereinafter defined) shall be \$50,000. Performance Units may be settled in Shares (based on their Fair Market Value at the time of settlement, unless an Award Agreement provides otherwise) or cash or both, and may be awarded by the Administrator to Employees, directors or consultants to the Corporation or its Subsidiaries.

(b) Performance Compensation Awards.

(1) The Administrator may, at the time of grant of a Performance Unit or Restricted Share Award, designate such Award as a "Performance Compensation Award" in order that such Award constitutes qualified performance-based compensation under Code Section 162(m), in which event the Administrator shall have the power to grant such Awards upon terms and conditions that qualify such awards as "qualified performance-based compensation" within the meaning of Code Section 162(m). With respect to each such Performance Compensation Award, the Administrator shall establish, in writing, a Performance Period, Performance Measure(s) (hereinafter defined), and Performance Formula(s) (hereinafter defined). Once established for a Performance Period, such items shall not be amended or otherwise modified to the extent such amendment or modification would cause the compensation payable pursuant to the Award to fail to constitute qualified performance-based compensation under Code Section 162(m).

(2) A Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that the Performance Measure(s) for such Award are achieved and the Performance Formula as applied against such Performance Measure(s) determines that all or some portion of such Participant's Award has been earned for the Performance Period. As soon as practicable after the close of each Performance Period, the Administrator shall review and certify in writing whether, and to what extent, the Performance Measure(s) for the Performance Period have been achieved and, if so, determine and certify in writing the amount of the Performance Compensation Award to be paid to the Participant and, in so doing, may use negative discretion to decrease, but not increase, the amount of the Award otherwise payable to the Participant based upon such performance. The maximum Performance Compensation Award for any one Participant for any one Performance Period shall

Edgar Filing: BIOENVISION INC - Form PRE 14A

be 25,000 performance Restricted Shares or \$50,000.

(c) Definitions.

(1) "Performance Formula" means, for a Performance Period, one or more objective formulas or standards established by the Administrator for purposes of determining whether or the extent to which an Award has been earned based on the level of performance attained or to be attained with respect to one or more Performance Measure(s). Performance Formulas may vary from Performance Period to Performance Period and from Participant to Participant and may be established on a stand-alone basis, in tandem or in the alternative.

(2) "Performance Measure" means one or more of the following selected by the Administrator to measure Corporation, Subsidiary and/or business unit performance for a Performance Period, whether in absolute or relative terms (including, without limitation, terms relative to a peer group or index): basic or diluted earnings

per share; sales or revenue; earnings before interest and taxes (in total or on a per share basis); net income; returns on equity, assets, capital, revenue or similar measure; economic value added; working capital; total stockholder return; and product development, product market share, research, licensing, litigation, human resources, information services, mergers, acquisitions, sales of assets or subsidiaries. Each such measure shall be to the extent applicable, determined in accordance with generally accepted accounting principles as consistently applied by the Corporation (or such other standard applied by the Administrator) and, if so determined by the Administrator, and in the case of a Performance Compensation Award, to the extent permitted under Code Section 162(m), adjusted to omit the effects of extraordinary items, gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles. Performance Measures may vary from Performance Period to Performance Period and from Participant to Participant and may be established on a stand-alone basis, in tandem or in the alternative.

(3) "Performance Period" means one or more periods of time (of not less than one fiscal year of the Corporation), as the Administrator may designate, over which the attainment of one or more Performance Measure(s) will be measured for the purpose of determining a Participant's rights in respect of an Award.

10. TERM OF PLAN.

Awards may be granted pursuant to the Plan until the expiration of the Plan ten years after the date (specified in Section 3) on which the Plan received Board approval.

11. RECAPITALIZATIONS; CHANGE OF CONTROL.

(a) Adjustments in Respect of Recapitalizations and Other Corporate Transactions.

The number of Shares covered by the Plan as provided in Section 6 hereof, the number of Shares covered by each outstanding Award and the Exercise Price of Options shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a subdivision or consolidation of Shares or a stock split or the payment of a stock dividend (but only of Common Stock) or any other increase or decrease in the number of issued Shares effected

Edgar Filing: BIOENVISION INC - Form PRE 14A

without receipt of consideration by the Corporation.

If the Corporation shall merge with another corporation and the Corporation is the surviving corporation in such merger and under the terms of such merger the shares of Common Stock outstanding immediately prior to the merger remain outstanding and unchanged, each outstanding Award shall continue to apply to the Shares subject thereto and shall also pertain and apply to any additional securities and other property, if any, to which a holder of the number of Shares subject to the Award would have been entitled as a result of the merger. If the Corporation sells all, or substantially all, of its assets, or the Corporation merges (other than a merger of the type described in the immediately preceding sentence) or consolidates with another corporation, this Plan and each Award shall terminate; provided that in such event (i) each Participant to whom no replacement Award has been tendered by the surviving or acquiring corporation (or the parent corporation of the surviving or acquiring corporation) in accordance with all of the terms of clause (ii) immediately below, shall receive immediately before the effective date of such sale, merger or consolidation, unrestricted Shares equal to the number of Restricted Shares and the value of any Performance Units to which the Participant is then entitled (regardless of any vesting condition), and shall have the right, for a period of at least thirty days, until five days before the effective date of such sale, merger or consolidation, to exercise, in whole or in part (in the discretion of the Participant), any unexpired Option or Options issued to him or her, without regard to the installment or vesting provisions of any option agreement, or (ii) in its sole and absolute discretion, the surviving or

acquiring corporation (or the parent corporation of the surviving or acquiring corporation) may, but shall not be obligated to, (I) tender to all Participants with then Restricted Shares, an award of restricted shares of the surviving or acquiring corporation (or the parent corporation of the surviving or acquiring corporation), tender to all Participants with then Performance Units, an award of performance units of the surviving or acquiring corporation (or the parent corporation of the surviving or acquiring corporation), and tender to Participants with outstanding Options under the Plan an option or options to purchase shares of the surviving or acquiring corporation (or of the parent corporation of the surviving or acquiring corporation), in which each new award or awards contain such terms and provisions as shall be required substantially to preserve the rights and benefits of all Awards then held by such Participants or, (II) permit Participants to receive unrestricted Shares with respect to any Restricted Shares (regardless of any vesting condition) immediately before the effective date of the transaction, permit Participants to receive cash with respect to value of any Performance Units (regardless of any vesting condition) immediately before the effective date of the transaction, honor deferral elections that Participants make pursuant to Section 8(e), and grant the choice to all Participants with then outstanding Options of (A) exercising the Options in full as described in clause (i) above or (B) receiving a replacement Option as set forth in clause (ii)(I). A dissolution or liquidation of the Corporation, other than a dissolution or liquidation immediately following a sale of all or substantially all of the assets of the Corporation, which shall be governed by the immediately preceding sentence, shall cause each Award to terminate. In the event a Participant receives any unrestricted Shares in satisfaction of Restricted Shares, any payment in satisfaction of Performance Units, or exercises any unexpired Option or Options prior to the effectiveness of a sale of all or substantially all of the Corporation's assets or a merger or consolidation of the Corporation with another corporation in accordance with clause (i) of this Section 11, such receipt of unrestricted Shares, such payment, or exercise of any Option or Options shall be subject to the consummation of such sale, merger or consolidation. If such sale, merger or

Edgar Filing: BIOENVISION INC - Form PRE 14A

consolidation is not consummated, any otherwise unearned Restricted Shares shall be deemed not to have been distributed to the Participant, any payment made to satisfy Performance Units shall be returned to the Corporation, and any otherwise unexpired Option or Options shall be deemed to have not been exercised, and the Participant and the Corporation shall take all steps necessary to achieve this effect including, without limitation, the Participant delivering to the Corporation the stock certificate representing the Shares issued with respect to Restricted Shares, the return to the Corporation of any payments made to the Participant, or upon the exercise of the Option, endorsed in favor of the Corporation, and the Corporation returning to the Participant the consideration representing the Purchase Price paid by the Participant upon the exercise of the Option.

To the extent that the foregoing adjustments relate to securities of the Corporation, such adjustments shall be made by the Administrator, whose determination shall be conclusive and binding on all persons.

Except as expressly provided in this Section 11, the Participant shall have no rights by reason of any subdivision or consolidation of shares of stock of any class, the payment of any stock dividend or any other increase or decrease in the number of shares of stock of any class or by reason of any dissolution, liquidation, merger or consolidation or spin-off of assets or stock of another corporation, and any issue by the Corporation of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or Exercise Price of Shares subject to an Option or the number or type of Shares subject to an Award of Restricted Shares.

The grant of an Award pursuant to the Plan shall not affect in any way the right or power of the Corporation to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, to merge or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets.

- (b) Acceleration under Certain Circumstances Following a Change of Control.

Notwithstanding any other provision of the Plan to the contrary and except as otherwise expressly provided in the applicable Award Agreement, the restrictions relating to any Restricted Shares, the vesting of any Performance Units, the vesting or similar installment provisions relating to the exercisability of any Option, and the restrictions, vesting or installment provisions relating to any replacement award tendered to a Participant pursuant to or as a result of, or relating to, a transaction described in the second paragraph of Section 11(a) hereof shall be waived or accelerated, as the case may be, and the Participant shall receive unrestricted Shares with respect to any Restricted Shares, a payment with respect to the value of any Performance Units, or a similar replacement award, and shall have the right, for a period of at least thirty days, to exercise such an Option or replacement option in the event the Participant's employment with or services for the Corporation should terminate within two years following a Change of Control, unless such employment or services are terminated by the Corporation for Cause or by the Participant voluntarily without Good Reason, or such employment or services are terminated due to the death or Disability of the Participant. Notwithstanding the foregoing, no Incentive Stock Option shall become exercisable pursuant to the foregoing without the Participant's consent, if the result would be to cause such option not to be treated as an Incentive Stock Option.

Edgar Filing: BIOENVISION INC - Form PRE 14A

12. RIGHTS AS A STOCKHOLDER; NONTRANSFERABILITY.

(a) A Participant or a transferee of an Award shall have no rights as a stockholder with respect to any Shares covered by such Award until the date of the issuance of a stock certificate to such Participant or transferee for such Shares. No adjustments shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights for which the record date is prior to the date such stock certificate is issued, except as provided in Section 8(c) or Section 11 hereof.

(b) Awards are nontransferable except as provided in this paragraph and as the Administrator may otherwise provide. Awards may be transferred by will or by the laws of descent and distribution. Unless otherwise provided in an Award Agreement, a Participant may give an Award that is not an Incentive Stock Option to an immediate family member, to a partnership or trust solely benefiting the Participant or immediate family members, or to an inter vivos trust or testamentary trust from which the Award (or the Award proceeds) will be transferred after the Participant's death. An immediate family member is a Participant's natural or adopted child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law. A transfer shall not relieve a Participant from his or her obligations under this Plan or the applicable Award Agreement with respect to the transferred Award or Award proceeds.

13. AGREEMENT BY PARTICIPANT REGARDING WITHHOLDING TAXES

(a) No later than the date of exercise of any Option, the distribution of Shares to a Participant pursuant to a Restricted Share Award, or the payment of any Performance Units, the Participant shall pay to the Corporation or make arrangements satisfactory to the Administrator regarding payment of any federal, state or local taxes of any kind required by law to be withheld, and may satisfy minimum withholding consequences through the surrender of shares subject to the Award; provided that an Award Agreement may provide, or the Administrator may in its discretion permit, a Participant to surrender Shares (including any Shares subject that the Participant has the present right to receive pursuant to the Award) having a Fair Market Value equal to the minimum statutory tax withholding associated with the Award giving rise to the taxable income.

(b) The Corporation shall, to the extent permitted or required by law, have the right to deduct from any payment of any kind otherwise due to the Participant any federal, state or local taxes of any kind required by law to be withheld with respect to an Award.

14. SECURITIES LAW REQUIREMENTS.

(a) Legality of Issuance.

No Shares shall be issued pursuant to any Award unless and until the Corporation has determined that:

1. it and the Participant have taken all actions required to register the offer and sale of the Shares under the Act, or to perfect an exemption from the registration requirements thereof;
2. any applicable listing requirement of any stock exchange on which the Common Stock is listed has

Edgar Filing: BIOENVISION INC - Form PRE 14A

been satisfied; and

3. any other applicable provision of state or Federal law has been satisfied.

(b) Restrictions on Transfer; Representations of Participant; Legends.

Regardless of whether the offering and sale of Shares under the Plan has been registered under the Act or has been registered or qualified under the securities laws of any state, the Corporation may impose restrictions upon the sale, pledge or other transfer of such Shares (including the placement of appropriate legends on stock certificates) if, in the judgment of the Corporation and its counsel, such restrictions are necessary or desirable in order to achieve compliance with the provisions of the Act, the securities laws of any state or any other law. In the event that the sale of Shares under the Plan is not registered under the Act but an exemption is available which requires an investment representation or other representation, each Participant shall be required to represent that any Shares being acquired by the Participant are being acquired for investment, and not with a view to the sale or distribution thereof, and to make such other representations as are deemed necessary or appropriate by the Corporation and its counsel. Stock certificates evidencing Shares acquired under the Plan pursuant to an unregistered transaction shall bear the following restrictive legend (or similar legend in the discretion of the Administrator) and such other restrictive legends as are required or deemed advisable under the provisions of any applicable law:

"THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933. THESE SECURITIES HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO DISTRIBUTION AND MAY NOT BE OFFERED FOR SALE, SOLD, PLEDGED OR OTHERWISE TRANSFERRED IN THE ABSENCE OF AN EFFECTIVE REGISTRATION STATEMENT FOR SUCH SECURITIES UNDER THE SECURITIES ACT OF 1933 OR AN OPINION OF COUNSEL REASONABLY SATISFACTORY IN FORM AND CONTENT TO THE ISSUER THAT SUCH REGISTRATION IS NOT REQUIRED UNDER SUCH ACT."

Any determination by the Corporation and its counsel in connection with any of the matters set forth in this Section 13 shall be conclusive and binding on all persons.

(c) Registration or Qualification of Securities.

The Corporation may, but shall not be obligated to, register or qualify the sale of Shares under the Act or any other applicable law. The Corporation shall not be obligated to take any affirmative action in order to cause the sale of Shares under the Plan to comply with any law.

(d) Exchange of Certificates.

If, in the opinion of the Corporation and its counsel, any legend placed on a stock certificate representing Shares sold under the Plan is no longer required, the holder of such certificate shall be entitled to exchange such certificate for a certificate representing the same number of Shares but without such legend.

15. AMENDMENT OF THE PLAN; MODIFICATION OF AWARDS.

The Board may from time to time, with respect to any Shares at the time not subject to Awards, suspend or discontinue the Plan or revise or amend it in

Edgar Filing: BIOENVISION INC - Form PRE 14A

any respect whatsoever.

Within the limitations of the Plan, the Administrator may modify any Award, accelerate the vesting of any Restricted Share Award or the rate at which an Option may be exercised, or extend or renew outstanding Options. The foregoing notwithstanding, no modification of an Award shall, without the consent of the Participant, adversely alter or impair any rights or obligations under any Award previously granted to the Participant.

16. APPLICATION OF FUNDS.

The proceeds received by the Corporation from the sale of Common Stock pursuant to the exercise of an Option will be used for general corporate purposes.

17. APPROVAL OF STOCKHOLDERS.

The adoption of this restated Plan is subject to approval by the stockholders of the Corporation.

18. EXECUTION.

To record the adoption of the amended and restated Plan by the Board on November 17, 2003 the Corporation has caused its authorized officers to affix the corporate name and seal hereto.

BIOENVISION, INC.

Audit Committee Charter

I. Organization

This charter governs the operations of the Audit Committee of the Board of Directors of Bioenvision Inc. (the "Company"). The Committee shall review and reassess this Charter at least annually and obtain the approval of the Board of Directors of the Company (the "Board"). The Committee shall comprise at least three Directors appointed by the Board of Directors. Each member of the Committee shall be independent of management and the Company, in accordance with the Nasdaq Marketplace Rules. Generally, members of the Committee shall be considered independent if they have no relationship that may interfere with the exercise of their independence from management and the Company. All Committee members must be able to read and understand fundamental financial statements,

Edgar Filing: BIOENVISION INC - Form PRE 14A

including the Company's consolidated balance sheet, statement of earnings, statements of stockholders' equity and comprehensive income and statements of cash flows. At least one member shall have past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background, including a current or past position as a chief executive or financial officer or other senior officer with financial oversight responsibilities.

II. Statement of Policy

The Audit Committee shall provide assistance to the Board of Directors in fulfilling their oversight responsibility to the stockholders, potential stockholders and the investment community relating to corporate accounting, reporting practices of the Company and the quality and integrity of the financial reports of the Company. In so doing, the Committee is responsible for maintaining free and open communication between the Committee, independent auditors, the internal auditors and management of the Company. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the power to retain outside counsel or other experts for this purpose.

III. Meetings

The Committee shall meet at least [4] times a year and as many additional times as the Committee deems necessary. The Committee will meet in separate executive sessions with the chief financial officer, independent auditors and internal auditors at least once each year and at other times when considered appropriate. The Committee shall maintain minutes or other records of its meetings and other activities.

IV. Responsibilities and Processes

A. General

The primary responsibility of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of their activities to the Board. Management is responsible for preparing the Company's financial statements and the independent auditors are responsible for auditing those financial statements. The Committee in carrying out its responsibilities believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business, risk practices, and ethical behavior. Additionally, the Committee shall investigate any

matter brought to its attention within the scope of its duties, with the power to retain outside counsel for this purpose if, in its judgment, that is appropriate.

B. Independence of Auditors

The Committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the Board and the Audit Committee, as representatives of the Company's stockholders. The Committee shall have the ultimate authority and responsibility to evaluate and, where appropriate, replace the independent auditors. The Committee shall discuss with the auditors their independence from management and

Edgar Filing: BIOENVISION INC - Form PRE 14A

the Company and receive from the auditors, at least annually, a formal written statement delineating all relationships between the auditors and the Company consistent with the Independence Standards Board Standard 1. Annually, the Committee shall review and recommend to the Board the selection of the Company's independent auditors.

C. Financial Reporting Process

The Committee shall meet with the independent auditors and the Company's management responsible for the financial statements to review the scope of the proposed audit and timely quarterly reviews for the current year and the procedures to be utilized, the adequacy of the independent auditor's compensation, and at the conclusion thereof, review such audit or review, including any comments or recommendations of the independent auditors. The Committee shall provide sufficient opportunity for the independent auditors and the internal auditor, if any, to meet with the members of the Audit Committee without members of management present. Among the items to be discussed in these meetings are the independent auditors' evaluation of the Company's financial, accounting, and internal auditing personnel, if any, and the cooperation that the independent auditors received during the course of audit.

Also, the Committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls, and elicit any recommendations for the improvement of such internal controls or particular areas where new or more detailed controls or procedures are desirable. The Committee shall inquire of management and the independent auditors about significant risks or exposures faced by the Company and assess the steps management has taken to minimize such risks or exposures. Further, the Committee shall meet separately with the internal auditors and the independent auditors, with and without management present, to discuss the results of their examinations.

The Committee shall report the results of the annual audit to the Board of Directors. If requested by the Board, invite the independent auditors to attend the full Board of Directors meeting to assist in reporting the results of the annual audit or to answer other Directors' questions (alternatively, the other Directors, particularly the other independent Directors, may be invited to attend the Audit Committee meeting during which the results of the annual audit are reviewed).

The Audit Committee's responsibilities also include reviewing reports received from regulators and other legal regulatory matters that may have a material effect on the financial statements or related company compliance policies.

D. Reports Review

1. The Committee shall review the quarterly financial statements with the Company's management responsible for the financial statements and the independent auditors prior to the filing of the Form 10-Q(SB) (or prior to the press release of results, if possible) to ensure that the independent auditors do not take exception to the disclosure and content of the financial statements, and discuss any other matters required to be

communicated to the Committee by the auditors. The chair of the Committee may represent the entire Committee for purposes of this review.

Edgar Filing: BIOENVISION INC - Form PRE 14A

2. The Committee shall review the financial statements to be contained in the annual report of Form 10-K(SB) to stockholders with management and the independent auditors to determine that the independent auditors are satisfied with the disclosure and content of the financial statements to be presented to the stockholders. Review with the Company's management responsible for the financial statements and the independent auditors the results of their timely analysis of significant financial reporting issues and practices, including changes in, or adoptions of, accounting principles and disclosure practices, and discuss any other matters required to be communicated to the Committee by the auditors. Also review with the Company's management responsible for the financial statements and the independent auditors their judgments about the quality, not just acceptability, of accounting principles and the clarity of the financial disclosure practices used or proposed to be used, and particularly, the degree of aggressiveness or conservatism of the Company's accounting principles and underlying estimates, and other significant decisions made in preparing the financial statements.
3. If deemed appropriate after review and discussion, the Committee will recommend to the Board that the financial statements be included in the Company's Annual Report on Form 10-K(SB).

E. Proxy Statement Report

After preparation by management, the Committee shall approve the Committee report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement. The Committee report shall disclose whether (1) the Committee had reviewed and discussed with management and the independent auditors, as well as discussed within the Committee (without management or the independent auditors present), the financial statements and the quality of accounting principles and significant judgments affecting the financial statements; (2) the Committee discussed with the auditors the independence of the auditors; and (3) based upon the Committee's review and discussions with management and the independent auditors, the Committee had recommended to the Board of Directors that the audited financials be included in the Company's annual report on Form 10-K(SB). This charter will be included as an appendix to the proxy statement at least once every three years.
