Petroleum Discovery in the State of Espírito Santo

(Rio de Janeiro, October 01 , 2003). PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA], a brazilian international energy company, as per existing legislation, and complementing the information sent previoully on August 5 and 11, 2003, informed the National Petroleum Agency - ANP on September 26, 2003, that it concluded two tests with postive oil recovery of 40 and 41 degrees API in well 1-ESS 130, located in Block BC-60, off the coast of the State of Espírito Santo.

Petrobras continues with evaluation studies to determine the economic feasibility of these hydrocarbon accumulations.

At the present technical stage the company cannot determine the precise volumes.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
