The purposes of the meeting are:

1. electing eight (8) directors to serve until the next Annual Meeting of Shareholders and until their successors are duly elected and qualified; and
2. transacting any other business that may properly come before the meeting or any adjournment or postponement of the meeting.

The meeting will be held at:

The Bethesda Marriott Hotel
5151 Pooks Hill Road
Bethesda, Maryland

This proxy statement and proxy card are being sent to shareholders of the Company on or about April 4, 2005. A copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2004, which includes our audited financial statements, also accompanies this proxy statement.

The cost of this proxy solicitation is being paid by the Company. In addition to the use of the mail, proxies may be solicited personally or by telephone by officers, regular employees or directors of the Company or its subsidiary, EagleBank (the "Bank"), who will not receive any special compensation for their services. The Company may also reimburse brokers, custodians, nominees and other fiduciaries for their reasonable out-of-pocket and clerical costs for forwarding proxy materials to their principals.

VOTING RIGHTS AND PROXIES

VOTING RIGHTS

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

Only shareholders of record at the close of business on March 28, 2005 (the "Record Date"), will be entitled to notice of and to vote at the meeting or any adjournment or postponement of the meeting. On that date, the Company had 7,088,651 shares of common stock, par value \$.01 per share (the "common stock") outstanding, held by approximately 1,950 total beneficial shareholders, including approximately 878 shareholders of record. The common stock is the only class of the Company's stock of which shares are outstanding. Each share of common stock is entitled to one vote on all matters submitted to a vote of the shareholders. Shareholders do not have the right to cumulate votes in the election of directors. The presence, in person or by proxy, of not less than a majority of the total number of outstanding shares of common stock is necessary to constitute a quorum at the meeting.

PROXIES

Properly executed proxies received by the Company in time to be voted at the meeting will be voted as specified by shareholders. In the absence of specific instructions, proxies received will be voted FOR the election of the nominees for election as directors. Management does not know of any matters that will be brought before the meeting, other than as described in this proxy statement. If other matters are properly brought before the meeting, the persons named in the proxy intend to vote the shares to which the proxies relate in accordance with their best judgment.

The judges of election appointed by the Board of Directors for the meeting will determine the presence of a quorum and will tabulate the votes cast at the meeting. Abstentions will be treated as present for purposes of determining a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the vote of shareholders. If a broker indicates that he or she does not have discretionary authority to vote any shares of common stock on a particular matter, such shares will be treated as present for general quorum purposes, but will not be considered as present or voted with respect to that matter.

Please sign, date, mark and return promptly the enclosed proxy in the postage paid envelope provided for this purpose in order to assure that your shares are voted. You may revoke your proxy at any time before it is voted at the meeting:

- o by granting a later proxy with respect to the same shares;
- o by sending written notice to Zandra D. Nichols, Corporate Secretary of the Company, at the address noted above, at any time prior to the proxy being voted; or
- o by voting in person at the meeting.

Attendance at the meeting will not, in itself, revoke a proxy. If your shares are held in the name of your bank or broker, you will need additional documentation to vote in person at the meeting. Please see the voting form provided by your recordholder for additional information regarding the voting of your shares.

Many shareholders whose shares are held in an account at a brokerage firm or bank will have the option to submit their proxies or voting instructions electronically through the Internet or by telephone. Shareholders should check the voting form or instructions provided by their recordholder to see which options are available. Shareholders submitting proxies or voting instructions

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

electronically should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies that would be borne by the shareholder. To revoke a proxy previously submitted electronically, a shareholder may simply submit a new proxy at a later date before the taking of the vote at the meeting, in which case, the later submitted proxy will be recorded and the earlier proxy will be revoked.

COMMITTEES, MEETINGS AND PROCEDURES OF THE BOARD OF DIRECTORS

Meetings. The Board of Directors of the Company met twelve (12) times during 2004. All members of the Board of Directors attended at least 75% of the meetings held by the Board of Directors and by all committees on which such member served during the 2004 fiscal year or any portion thereof.

Audit Committee. The Board of Directors has a standing Audit Committee. The Audit Committee is responsible for the selection, review and oversight of the Company's independent accountants, the approval of all audit, review and attest services provided by the independent accountants, the integrity of the Company's reporting practices and evaluation of the Company's internal controls and accounting procedures. It also periodically reviews audit reports with the Company's independent auditors. The Board of Directors has adopted a written charter for the Audit Committee. The Audit Committee of the Company is currently comprised of Mr. Dworken, the Chairman, and Messrs. Abel, Alperstein and Ford. Each of the members of the Audit Committee is independent, as determined under the definition of independence adopted by the NASD for audit committee members in Rule 4350(d)(2)(A). During the 2004 fiscal year, the Audit Committee of the Company met seven (7) times. The Board of Directors has determined that Mr. Alperstein is an "audit committee financial expert" as defined under regulations of the Securities and Exchange Commission.

The audit committee is also responsible for the pre-approval of all non-audit services provided by its independent auditors. Non-audit services are only provided by the Company's auditors to the extent permitted by law. Pre-approval is required unless a "de minimus" exception is met. To qualify for

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

the "de minimus" exception, the aggregate amount of all such non-audit services provided to the Company must constitute not more than five percent of the total amount of revenues paid by the Company to its independent auditors during the fiscal year in which the non-audit services are provided; such services were not recognized by the Company at the time of the engagement to be non-audit services; and the non-audit services are promptly brought to the attention of the committee and approved prior to the completion of the audit by the committee or by one or more members of the committee to whom authority to grant such approval has been delegated by the committee.

Nominations. The Board of Directors has a standing nominating committee, consisting of all of the members of the Board of Directors who are "independent directors" within the meaning of NASD Rule 4200. The nominating committee is responsible for the evaluation of nominees for election as director, the nomination of director candidates for election by the shareholders and evaluation of sitting directors. The Board of Directors has adopted a charter addressing the nominations process. A copy of the charter is available on the Company's website at www.eaglebankmd.com.

The Board has not developed a formal policy for the identification or evaluation of nominees. In general, when the Board determines that expansion of the Board or replacement of a director is necessary or appropriate, the nominating committee will review, through candidate interviews with members of the Board and management, consultation with the candidate's associates and through other means, a candidate's honesty, integrity, reputation in and commitment to the community, judgment, personality and thinking style, willingness to invest in the Company, residence, willingness to devote the necessary time, potential conflicts of interest, independence, understanding of financial statements and issues, and the willingness and ability to engage in meaningful and constructive discussion regarding Company issues. The committee would review any special expertise, for example, expertise that qualifies a person as an audit committee financial expert, and membership or influence in a particular geographic or business target market, or other relevant business experience. To date the Company has not paid any fee to any third party to identify or evaluate, or to assist it in identifying or evaluating, potential director candidates.

7

The nominating committee will consider director candidates nominated by shareholders during such times as the Company is actively considering obtaining new directors. Candidates recommended by shareholders will be evaluated based on the same criteria described above. Shareholders desiring to suggest a candidate for consideration should send a letter to the Company's Secretary and include: (a) a statement that the writer is a shareholder (providing evidence if the person's shares are held in street name) and is proposing a candidate for consideration; (b) the name and contact information for the candidate; (c) a statement of the candidate's business and educational experience; (d) information regarding the candidate's qualifications to be director, including but not limited to an evaluation of the factors discussed above which the Board would consider in evaluating a candidate; (e) information regarding any relationship or understanding between the proposing shareholder and the candidate; (f) information regarding potential conflicts of interest; and (g) a statement that the candidate is willing to be considered and willing to serve as director if nominated and elected. Because of the limited resources of the Company and the limited opportunity to seek additional directors, there is no assurance that all shareholder proposed candidates will be fully considered, that all candidates will be considered equally, or that the proponent of any candidate or the proposed candidate will be contacted by the Company or the Board, and no undertaking to do so is implied by the willingness to consider candidates proposed by shareholders.

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

Compensation. During 2004, the Company's Board of Directors did not have a standing compensation committee. The Benefits Committee of the Bank, which served as the compensation committee for the Company prior to 2004, is currently comprised of Mr. Blitz, the Chairman, and Messrs. Abel, Dworken, Flynn, Goodman, Lee, Natovitz, Paul, Rogers and Weinstein. The Benefits Committee is responsible, together with management, for the adoption of the Company's personnel policies and establishing salary and compensation guidelines and levels for all Company officers and personnel, other than executive officers of the Company. The Benefits Committee recommends executive officer compensation levels to the Company's Board of Directors. Executive officer compensation decisions are determined by the members of the Board of Directors who are "independent directors" within the meaning of NASD Rule 4200(a)(15). Messrs. Paul and Flynn do not participate in, or remain present during Board discussions of their compensation. The Benefits Committee is also responsible for annually nominating the officers of the Company and Bank and evaluating the performance thereof. During the 2004 fiscal year, the Benefits Committee met three (3) times.

AUDIT COMMITTEE REPORT

The Audit Committee has been appointed to assist the Board of Directors in fulfilling the Board's oversight responsibilities by reviewing the financial information that will be provided to the shareholders and others, the systems of internal controls established by management and the Board and the independence and performance of the Company's audit process.

The Audit Committee has:

- (1) reviewed and discussed with management the audited financial statements included in the Company's Annual Report and Form 10-K;
- (2) discussed with Stegman and Company, the Company's independent auditors, the matters required to be discussed by statement of Auditing Standards No. 61, and has received the written disclosures and letter from Stegman and Company, as required by Independence Standards Board Standard No. 1; and
- (3) discussed with Stegman and Company, its independence.

Based on these reviews and discussions, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2004. The Audit Committee has also considered whether the amount and nature of non-audit services provided by Stegman and Company is compatible with the auditor's independence.

Employee Benefit Plans. The Bank provides a benefit program which includes health and dental insurance, life and long term and short term disability insurance and a 401(k) plan under which the Company makes matching contributions up to 3% of an employee's salary, for substantially all full time employees.

Stock Option Plan. The Company maintains a stock option plan, adopted by shareholders at the 1999 annual meeting, to attract, retain, and motivate key officers of the Company and the Bank by providing them with a stake in the success of the Company as measured by the value of its shares.

The 1998 Stock Option Plan (the "Option Plan") is administered by a committee (the "Committee"), appointed by the Board of Directors of the Company, consisting of not less than two (2) members of the Board and up to three (3) additional members, who may be members of the Board of Directors, members of the Bank's Board of Directors, or non-director officers of the Company or the Bank. Members of the Committee may be Employee Directors or Non-Employee Directors, and serve at the pleasure of the Board of Directors. In the absence at any time of a duly appointed Committee, the Option Plan will be administered by the full Board of Directors.

The purpose of the Option Plan is to advance the interests of the Company by providing directors and selected key employees of the Bank, the Company, and their affiliates with the opportunity to acquire shares of common stock. By encouraging such stock ownership, the Company seeks to attract, retain and motivate the best available personnel for positions of substantial responsibility and to provide additional incentive to directors and key employees of the Company, the Bank and any affiliate to promote the success of the business as measured by the value of its shares, and to increase the commonality of interests among directors, key employees and other shareholders.

Under the Option Plan, 1,142,732 shares of common stock (as adjusted for the 25% stock split in the form of a dividend paid on March 31, 2000, the 40% stock split in the form of a dividend paid on June 15, 2001 and the 30% stock split in the form of a dividend on February 28, 2005), may be issued upon the exercise of "Options" granted under the Option Plan.

Under the Option Plan, the Committee may grant incentive stock options ("ISOs") or non-incentive stock options ("Non-ISOs") to such key employees as the Committee may designate, and may grant warrants ("Warrants") and other Non-ISOs to directors of the Company, the Bank and their affiliates. ISOs, Non-ISOs and Warrants are collectively referred to as "Options." In the event of any merger, consolidation, recapitalization, reorganization, reclassification, stock dividend, split-up, combination of shares or similar event in which the number or kind of shares is changed without receipt or payment of consideration

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

by the Company, the Committee will adjust both the number and kind of shares of stock as to which Options may be awarded under the Option Plan, the affected terms of all outstanding Options, and the aggregate number of shares of common stock remaining available for grant under the Option Plan. If any Option expires, becomes unexercisable or is forfeited for any reason without having been exercised or becoming vested in full, the shares of common stock subject to such Options will be available for the grant of additional Options unless the Option Plan has expired or otherwise been terminated.

The exercise price of Options may not be less than 100% of the fair market value of the common stock on the date of grant. In the case of an optionee who owns more than 10% of the outstanding common stock on the date of grant, such option price may not be less than 110% of fair market value of the shares. As required by federal tax laws, to the extent that the aggregate fair market value (determined when an ISO is granted) of the common stock with respect to which ISOs are exercisable by an optionee for the first time during any calendar year (under all plans of the Company and of any subsidiary) exceeds \$100,000, the Options will be treated as Non-ISOs, and not as ISOs. A Participant may, under the 1998 Option Plan, receive additional options notwithstanding the earlier grant of options and regardless of their having been exercised, expired, or surrendered.

12

The Option Plan has a term of 10 years from December 9, 1998, its effective date, after which date no Options may be granted. The maximum term for an Option is 10 years from its date of grant, except that the maximum term of an ISO may not exceed five years if the optionee owns more than 10% of the common stock on the date of grant.

As of December 31, 2004, the Company had Options for the purchase of 663,153 shares of common stock issued and outstanding under the Option Plan. Subsequent to December 31, 2004, an aggregate of 115,830 Options were granted to employees, including grants of 15,600 immediately exercisable Options to Mr. Paul and 6,500 Options to each of Mr. Flynn, Mr. Murphy, Ms. Riel and Ms. Tonat, in each case as adjusted for the 1.3 for 1 stock split. At March 11, 2005, Options to acquire 258,622 shares of common stock remained available for issuance pursuant to the Option Plan.

Employee Stock Purchase Plan. The Company also maintains the 2004 Employee Stock Purchase Plan (the "ESPP"). Under the ESPP a total of 195,000 shares of common stock, as adjusted for the 1.3 to 1 stock split in February 2005, were reserved for issuance to eligible employees at a price equal to at least 85% of the fair market value of the shares of common stock on the date of grant, and subject to limitations contained in the Internal Revenue Code. Grants each year expire no later than the last business day of January in the calendar year following the year in which the grant is made. As of March 11, 2005, 169,764 shares of common stock remained available for issuance under this Plan.

REPORT OF THE COMPENSATION COMMITTEE

The Benefits Committee of the Bank serves as the Compensation Committee of the Company. The Benefits Committee's duty is to review compensation policies applicable to executive officers of the Bank; to consider the relationship of corporate performance to that compensation; to approve salary and bonus levels for senior officers of the Bank, other than those who are executive officers of the Company; to administer various incentive plans of the Bank; to oversee the compensation system for all positions in the Bank; to consider the role of incentive pay, benefits and stock options in overall compensation; and to annually nominate the officers of the Company and Bank.

13

The Company's Board of Directors did not have a standing compensation committee during 2004. The Benefits Committee of the Bank, also served as the compensation committee for the Company, and is comprised of Mr. Blitz, the Chairman, Messrs. Abel, Dworken, Flynn, Goodman, Lee, Paul, Rogers and Weinstein and Ms. Natovitz. The Benefits Committee recommends executive officer compensation levels to the Company's Board of Directors. Compensation decisions for the Chief Executive Officer and other executive officers of the Company and Bank are determined by the members of the Board of Directors who are "independent directors" within the meaning of NASD Rule 4200(a)(15). Messrs. Paul and Flynn do not participate in, or remain present during, Board discussions and/or voting on their compensation. They may participate in discussions relative to other executive officers, however, they do not vote on any actions taken.

Under the Bank's compensation policies, which have been established by the Benefits Committee, bonus and incentive compensation is paid, and changes in base compensation are made, based both on the individual executive officer's performance, and the performance of the entire Bank. The Committee considers a number of factors when assessing performance, including but not limited to salaries paid by financial services companies, profits during the past year relative to profit plans, results of federal regulatory examinations, growth, and changes in shareholder value. Individual executive performance is based upon its determination of the officer's contributions to the performance of EagleBank and the accomplishment of the Bank's strategic goals. In assessing performance for the purposes of establishing base salaries, the members of the Committee do

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

not make use of a mechanical formula, but instead weigh the factors described above as they deem appropriate in the circumstances. The 2004 salary levels of the Bank's executive officers were established consistent with this compensation policy.

The compensation of Mr. Paul, the President and Chief Executive Officer of the Company, represents a negotiated amount recommended by the Chairman of the Company and approved by independent directors of the Company, within the meaning of NASD Rule 4200(a)(15), as stated above. A substantial portion of the compensation paid to Mr. Paul is in the form of options to purchase common stock. During 2004, no option grants were awarded to Mr. Paul. During 2003 Mr. Paul was entitled to receive options to purchase an aggregate of 36,400 shares, and subsequent to December 31, 2004 he received options to purchase an additional 15,600 shares, in each case as adjusted for the stock split paid on February 28, 2005.

Executive officers have been granted incentive stock options under Eagle Bancorp's Stock Option Plans. The purposes of the Stock Option Plans are to attract, retain, and motivate key officers by providing them with a stake in the success of Eagle Bancorp as measured by the value of its shares. Options are granted at exercise prices equal to the fair market value of the shares on the dates of grant. The Stock Option Committee, which consists of the Chairman of the Board of Eagle Bancorp, the Chairman of the Board of the Bank, and the President/CEO of the Bank, has the responsibility for granting stock options to key employees (other than Mr. Paul, Mr. Flynn and other executive officers of the Company, whose awards are recommended by the Benefits Committee and approved by the independent members of the Board of Directors) and administering the plans. The Management Committee of EagleBank recommends to the Stock Option Committee the recipients and the amounts and other terms of options to be granted. The Committee believes that the granting of stock options is a most appropriate form of long term compensation for executive officers, since awards of equity encourage ownership in the success of the Company. Stock option grants are discretionary and are limited by the terms and conditions of the Company's Stock Option Plan. The Committee and the Board of Directors intend to monitor the impact of changes in the accounting for stock options on the results of operations of the Company, and to consider alternative methods of providing incentive compensation to employees and officers of the Company.

The Bank also pays discretionary cash bonuses to executive officers of the Bank. Annual bonuses are accrued as of the end of the fiscal year and are paid in January. Bonus amounts for 2004 were determined in accordance with the Senior Management Incentive Plan which was adopted for 2004. This plan considers the performance of both the bank and the individual officers in regards to several performance criteria including growth, profitability, asset quality and regulatory compliance. In conclusion, the Benefits Committee believes that executive compensation should be competitive yet reasonable, and be reflective of overall performance of the Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Bank has had, and expects to have in the future, banking transactions in the ordinary course of business with some of its and the Company's directors, officers, and employees and their associates. In the past, substantially all of such transactions have been on the same terms, including interest rates, maturities and collateral requirements as those prevailing at the time for comparable transactions with non-affiliated persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

Edgar Filing: EAGLE BANCORP INC - Form DEF 14A

The maximum aggregate amount of loans (including lines of credit) to officers, directors and affiliates of the Company and Bank at December 31, 2004 amounted to \$9.94 million, representing approximately 16.99% of the Company's total shareholders' equity at December 31, 2004. In the opinion of the Board of Directors, the terms of these loans are no less favorable to the Bank than terms of the loans from the Bank to unaffiliated parties. On December 31, 2004, \$4.12 million of loans were outstanding to individuals who, during 2004, were officers, directors or affiliates of the Company and Bank. At the time each loan was made, management believed that the loan involved no more than the normal risk of collectibility and did not present other unfavorable features. None of such loans were classified as Substandard Doubtful or Loss.
