DANIEL W. DUVAL  
CHAIRMAN OF THE BOARD

April 11, 2003

Dear Shareholder:

You are cordially invited to attend the Annual Meeting of Shareholders of Arrow Electronics, Inc., which will be held on Thursday, May 22, 2003 at 11:00 A.M., at the offices of JPMorgan Chase Bank, 270 Park Avenue, New York, New York. The formal Notice of Annual Meeting and Proxy Statement, fully describing the matters to be acted upon at the meeting, appear on the following pages.

The matters scheduled to be considered at the meeting are the election of directors and the ratification of the appointment of Arrow's auditors.

The Board of Directors recommends the approval of the proposals being presented at the Annual Meeting of Shareholders as being in the best interest of Arrow. We urge you to read the Proxy Statement and give these proposals your careful attention before completing the enclosed proxy card.

Your vote is important regardless of the number of shares you own. Please be sure you are represented at the meeting, whether or not you plan to attend, by signing, dating and mailing the proxy card promptly. A postage-paid return envelope is enclosed for your convenience. You may also vote your shares by touch-tone telephone from the U.S. and Canada by using the toll-free telephone number on your proxy card.

Sincerely yours,

-s- Daniel W. Duval

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD MAY 22, 2003  
-----

April 11, 2003

To the Shareholders of  
Arrow Electronics, Inc.:

The Annual Meeting of Shareholders of Arrow Electronics, Inc., a New York corporation ("Arrow"), will be held at the offices of JPMorgan Chase Bank, 270 Park Avenue, New York, New York, on May 22, 2003 at 11:00 A.M., prevailing local time, for the following purposes:

1. To elect directors of Arrow for the ensuing year.
2. To consider and act upon a proposal to ratify the appointment of Ernst & Young LLP as Arrow's independent auditors for the fiscal year ending December 31, 2003.
3. To transact such other business as may properly come before the meeting or any adjournments thereof.

Only shareholders of record at the close of business on April 2, 2003 are entitled to notice of and to vote at the meeting or any adjournments thereof.

By Order of the Board of Directors,

Peter S. Brown  
Secretary

IMPORTANT

Please complete, sign, and date the enclosed proxy and return it promptly in the enclosed return envelope which has been provided for your convenience or vote your shares by touch-tone telephone, whether or not you plan to attend the meeting. Your prompt response will assure a quorum and reduce solicitation expense.

PROXY STATEMENT

Edgar Filing: ARROW ELECTRONICS INC - Form DEF 14A

-----

This Proxy Statement, mailed to shareholders on April 11, 2003, is furnished in connection with the solicitation by the Board of Directors of Arrow Electronics, Inc., a New York corporation ("Arrow" or the "Company"), of proxies to be voted at the Annual Meeting of Shareholders to be held in New York, New York on May 22, 2003, and any adjournments thereof, for the purposes set forth in the accompanying notice. Each proxy will be voted with respect to all shares represented by it in accordance with the directions specified thereon and otherwise in accordance with the judgment of the persons designated as proxies. Any proxy on which no directions are specified will be voted for the election of directors and in favor of the actions described by the proxy. Any proxy may be revoked at any time prior to exercise by written notice to the Secretary of Arrow by the person giving the proxy.

The cost of soliciting proxies will be borne by Arrow. Solicitation of proxies is being made by Arrow through the mail, in person, and by telephone. In addition to regular employees of Arrow who may engage in such solicitation, Arrow has retained D.F. King & Co., Inc. to assist in soliciting proxies at an anticipated cost of \$8,500 plus expenses. Arrow will also request brokers and other nominees to forward soliciting materials to the beneficial owners of the stock held of record by such persons and will reimburse such persons for their expenses in forwarding such materials.

Only shareholders of record of Arrow's common stock at the close of business on April 2, 2003 are entitled to notice of and to vote at the meeting or any adjournments thereof. On April 2, 2003, Arrow had outstanding 100,818,021 shares of common stock. Each share of common stock is entitled to one vote.

### SHAREHOLDING OF EXECUTIVE OFFICERS AND DIRECTORS

At April 2, 2003, all of the executive officers and directors of Arrow as a group were the beneficial owners of 7,231,650 shares (7.2%), including 2,847,851 shares held by the Arrow Electronics Stock Ownership Plan of which Robert E. Klatell, William E. Mitchell, and Paul J. Reilly are the trustees, including shares allocated to the accounts of the trustees. Pursuant to certain regulations promulgated by the Securities and Exchange Commission, Messrs. Klatell, Mitchell, and Reilly may be deemed to have beneficial ownership of these shares by virtue of their shared power as trustees to vote such shares. The total also includes 230,000 shares granted under Arrow's Non-Employee Directors Stock Option Plan (of which 156,000 shares are currently exercisable and 37,000 shares exercisable within 60 days of this Proxy Statement) and 23,827 common stock units deferred under Arrow's Non-Employee Directors Deferral Plan.

The named executive officers include each of the individuals who served as Chief Executive Officer during 2002. Francis M. Scricco resigned as Chief Executive Officer and director in June 2002. Stephen P. Kaufman served as Chairman of the Board of Directors through June 2002 and then as interim Chief Executive Officer from June through September 2002. Daniel W. Duval has served as Chairman of the Board of Directors since June 2002 and served as interim Chief Executive Officer from September 2002 through February 2003 when William E. Mitchell was appointed Chief Executive Officer.

The following table sets forth the beneficial ownership of shares of the Company's common stock by the named executive officers and the directors of

### ELECTION OF DIRECTORS

The entire Board of Directors of Arrow is to be elected, and those persons elected will hold office until the next Annual Meeting of Shareholders and until their respective successors shall have been duly elected and qualified. By resolution of all current directors, the number of directors comprising the Board from the next Annual Meeting and until such time as it may be changed by resolution of the then current Board, shall be nine. Proxies solicited hereunder cannot be voted for more than nine directors. Persons receiving a plurality of the votes cast at the meeting will be elected directors. Consequently, any shares not voted (whether by abstention or broker non-votes) have no effect on the election of directors. Proxies in the enclosed form will be voted for the election

3

as directors of the nine nominees named below. Management does not contemplate that any of the nominees will be unable to serve as a director, but if that contingency should occur prior to the voting of the proxies, the persons named in the accompanying proxy reserve the right to substitute another person of their choice when voting at the meeting or any adjournments thereof. All of the nominees are currently directors of Arrow and were elected at Arrow's last Annual Meeting with the exception of Mr. Mitchell, Arrow's new Chief Executive Officer, who was appointed to the Board in February 2003. Each of the nominees has consented to serve as a director if elected.

Carlo Giersch and Stephen P. Kaufman are not standing for re-election as directors. The Chairman and the remaining members of the Board, for themselves and on behalf of Arrow, express their gratitude to Messrs. Giersch and Kaufman for their vision, their leadership and their many contributions.

Klatell and Mitchell, shares held by Arrow's Stock Ownership Plan.

### COMMITTEES OF THE BOARD

The audit committee of the Board of Directors consists of Mr. Rosenbloom, Mr. Hanson, Mrs. Mills, Mr. Perry, and Mr. Waddell. The audit committee reviews Arrow's financial reporting process and evaluates and reviews such matters as Arrow's accounting policies, reporting practices, internal audit function, and internal accounting controls. The committee also reviews the scope and results of the audit conducted by Arrow's independent auditors and monitors their independence.

The compensation committee of the Board of Directors consists of Mr. Perry, Mr. King, and Mrs. Mills. Mr. Duval was a member until June 2002. The compensation committee determines the salary of the Chief Executive Officer, implements the 1999 Performance Bonus Plan, reviews and approves the compensation of other senior managers, advises the Board of Directors generally with regard to other compensation and employee benefit matters, collects information in connection with the evaluation of the performance of the Chief

## Edgar Filing: ARROW ELECTRONICS INC - Form DEF 14A

Executive Officer, and approves stock option and restricted stock awards.

The corporate governance committee of the Board of Directors consists of Mr. Hanson, Mr. King, and Mr. Rosenbloom. Mr. Duval was a member until June 2002. Shareholder recommendations for nominees for membership on the Board of Directors will be considered by the corporate governance committee. Such recommendations may be submitted to the Secretary of Arrow, who will forward them to the corporate governance committee. The corporate governance committee has primary responsibility for developing the corporate governance guidelines for Arrow and for making recommendations with respect to committee assignments.

The charitable contributions committee of the Board of Directors consists of Mr. Waddell and Mr. Klatell, with Mrs. Scheihing as Secretary. The committee focuses on three areas: education;

6

healthcare, including medical research and human services; and the environment. The committee reviews community and civic programs and services in these areas and approves the charitable contributions to be made by the Company.

Under Arrow's corporate governance guidelines, the independent directors meet at least twice a year in executive session; once under the guidance of the chairman of the compensation committee to evaluate the performance of the Chief Executive Officer and once under the guidance of the chairman of the corporate governance committee to discuss senior management development and succession. During 2002, there were eleven meetings of the independent directors.

During 2002 there were eight meetings of the Board of Directors, eight meetings of the audit committee, ten meetings of the compensation committee, five meetings of the corporate governance committee, and one meeting of the charitable contributions committee. All directors attended 75% or more of the meetings of the Board of Directors and the committees on which they served.

### REPORT OF THE AUDIT COMMITTEE

The audit committee reviews Arrow's financial reporting process on behalf of the Board of Directors. The audit committee is composed of five independent directors and operates under a written charter adopted by the Board of Directors. A copy of the committee's charter was attached to the Company's 2001 proxy statement. No member of the audit committee is employed by or has any material relationship with the Company. Management has the primary responsibility for preparing the financial statements and the reporting process, including Arrow's systems of internal controls. In fulfilling its oversight responsibilities, the audit committee reviewed the audited financial statements in the 2002 Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, and the clarity of financial statement disclosures.

The independent auditors are responsible for expressing an opinion on the conformity of these audited financial statements with generally accepted accounting principles. The audit committee reviewed with the independent auditors their judgments as to the quality and the acceptability of Arrow's financial reporting and such other matters as are required to be discussed with them under generally accepted auditing standards. In addition, the audit committee received from and discussed with the independent auditors the written disclosure required by Independence Standards Board Standard No. 1 ("Independence Discussions with Audit Committees") and considered the compatibility of non-audit services rendered to Arrow with the auditors' independence. The audit committee also discussed with the independent auditors those matters required to be considered by Statement on Auditing Standards No.

## Edgar Filing: ARROW ELECTRONICS INC - Form DEF 14A

61 ("Communication with Audit Committees").

The audit committee also discussed with the independent auditors and Arrow's operating controls (internal audit) group the overall scope and plans for their respective audits. The audit committee periodically met with the independent auditors and the operating controls (internal audit) group, with and without management present, to discuss the results of their examinations, their evaluations of Arrow's internal controls, and the overall quality of Arrow's financial reporting.

7

In reliance on these reviews and discussions, the audit committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission.

Richard S. Rosenbloom, Chairman  
 John N. Hanson  
 Karen Gordon Mills  
 Barry W. Perry  
 John C. Waddell

### PRINCIPAL ACCOUNTING FIRM FEES

The aggregate fees billed by Arrow's principal accounting firm, Ernst & Young LLP, for professional services rendered for the audits of the annual financial statements included in the Forms 10-K and the reviews of the quarterly financial statements included in the Forms 10-Q for each of the last two fiscal years are set forth in the table below. Also set forth for each year are fees charged in connection with other audit related services, principally statutory audits, acquisition support, registration statements, and fees related to tax services. Ernst & Young LLP did not provide services related to financial information systems design or implementation. The audit committee has determined that the provision of the non-audit services described above is compatible with maintaining Ernst & Young LLP's independence.

Does not include \$20,656 paid to Mr. Long in 2001 as reimbursement for additional expenses incurred in connection with his relocation, and a reimbursement of a tax liability in the amount of \$1,128 associated therewith.

- (4) For each year, includes the fair market value as of the date of grant of the restricted stock awarded in respect of employment during that year. All such awards vest in four annual installments of 25%, beginning one year after grant or upon retirement. As of December 31, 2002, before the awards granted in respect of employment during 2002, the aggregate number and value of unvested restricted stock awards held by Mr. Klatell, Mrs. Scheihing, Ms. Salsgiver and Mr. Long were 16,000 (\$204,640), 12,925 (\$165,311), 12,050 (\$154,120), and 13,000 (\$166,270), respectively.
- (5) For 2002, includes a contribution by Arrow of \$6,000 (\$5,100 in 2001 and 2000) to the Arrow Electronics Stock Ownership Plan and a matching contribution by Arrow of \$5,500 (\$5,100 in 2001 and 2000) to the Arrow Electronics Savings Plan.
- (6) "All Other Compensation" includes \$31,575 of fees received by Mr. Duval as a non-employee director and \$7,950 of fees deferred by Mr. Duval pursuant to the terms of the Arrow Non-Employee Directors Deferral Plan (see "Directors' Compensation," page 16). "Securities Underlying Options" include 50,000 shares granted under the Arrow Stock Option Plan and 4,000 shares granted under the Arrow Non-Employee Directors Stock Option Plan.
- (7) "All Other Compensation" includes \$89,440 received under Arrow's Supplemental Executive Retirement Plan (see "Unfunded Pension Plan" on page 18) and a \$350,000 bonus and fees of \$145,833 paid under the consulting agreement of which a description follows. Mr. Kaufman was Chief Executive Officer through June 2000 and interim Chief Executive Officer from June 2002 to September 2002. In June 2002, Mr. Kaufman entered into a consulting agreement with Arrow pursuant to which Mr. Kaufman will be available to provide consulting services to Arrow over a five-year consulting period, in consideration of which, and also in consideration of his seven-year non-competition, non-solicitation and no-hiring commitment contained in the same agreement, Mr. Kaufman received a one-time bonus of \$350,000 and will receive fees of \$500,000 per year for each of the first two years and \$440,000 per year for each of the following three years. Thereafter, Mr. Kaufman will receive a lifetime benefit of \$283,000 per year. Mr. Kaufman will be provided with an office and secretary during the consulting period. All of Mr. Kaufman's outstanding options vested, and any restrictions on his restricted stock lapsed, upon Mr. Kaufman's retirement as an Arrow employee in September 2002.
- (8) Compensation with respect to 2002 includes amounts paid under a June 2002 agreement in connection with Mr. Scricco's resignation which provided for separation payments to him of \$111,111 per month through June 2004 and a one-time payment of \$50,000 in respect of certain transitional expenses, both of which are included under "All Other Compensation" in the table; the accelerated vesting of those stock options and restricted stock grants retained by Mr. Scricco that would have vested prior to July 2004, and the forfeiture of those options and grants that would have vested after June 2004; and a one-time payment of \$200,000 in respect of the revocation of 23,000 employee stock options previously granted to Mr. Scricco (which is

## Edgar Filing: ARROW ELECTRONICS INC - Form DEF 14A

not reflected in the compensation table). Commencing at age 60, Mr. Scricco is to receive a lifetime annual Supplemental Executive Retirement Plan benefit of \$164,978. Compensation with respect to 2000 does not include \$83,356 paid to Mr. Scricco as reimbursement for additional expenses incurred in connection with his relocation to Arrow's headquarters or the value of restricted stock awards (\$486,523) granted to Mr. Scricco to compensate him for the loss on the sale of his home as part of his relocation. "Securities Underlying Options" for 2000 includes 230,000 options granted to Mr. Scricco in recognition of his appointment as Chief Executive Officer.

### STOCK OPTION GRANTS IN LAST FISCAL YEAR

The following table provides information on option grants made during 2002 and early 2003 to each of the named executive officers in respect of employment during 2002.

(1) Under the terms of the Arrow Stock Option Plan, Mr. Duval's grant vested in its entirety upon his retirement as interim Chief Executive Officer and expires three years from the retirement date. Mr. Duval remains as a non-employee Chairman of the Board. The "Number of Securities Underlying Options Granted" excludes 4,000 shares granted under the Non-Employee Directors Stock Option Plan. Mr. Kaufman's grant vested in its entirety upon his retirement and expires three years from his retirement date. All other grants become exercisable in four annual installments, commencing on the first anniversary of the date of grant, and expire 10 years after the date of the grant.

(2) All at fair market value at date of grant.

(3) Represents gain that would be realized assuming the options were held for the entire option period and the stock price increased at annual compounded rates of 5% and 10%. These amounts represent assumed rates of appreciation only. Actual gains, if any, on stock option exercises and common stock holdings will be dependent on overall market conditions and on the future performance of the Company and its common stock. There can be no assurance that the amounts reflected in this table will be achieved.

- (1) Represents the difference between the fair market value of the shares at date of exercise and the exercise price multiplied by the number of options exercised.
- (2) No outstanding options have an exercise price below the year-end share price of \$12.79.
- (3) Represents planned exercises and sales pursuant to a "10b5-1" pre-planned trading program.

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

A primary role of the compensation committee is to oversee compensation practices for Arrow's senior executive officers. The committee's responsibilities include reviewing the salaries, benefits, and other compensation of Arrow's senior managers and making recommendations to the full Board of Directors with respect to these matters. The committee is comprised entirely of Board members who are independent, non-employee directors of the Company.

The committee's primary objective in establishing compensation programs and levels for Arrow's key executive officers is to support Arrow's goal of maximizing the value of shareholders' interests in Arrow. To achieve this objective, the committee believes it is necessary to:

- Set levels of base compensation that will attract and retain superior executives in a highly competitive environment.
- Encourage long-term decision-making that enhances shareholder value by emphasizing grants of stock options and restricted stock, thereby creating a direct link between shareholder value creation and executive compensation.

## Edgar Filing: ARROW ELECTRONICS INC - Form DEF 14A

-- Provide incentive compensation that varies directly with both Company performance and individual contribution to that performance.

12

### COMPONENTS OF COMPENSATION

#### Base Salary

The committee annually reviews each executive officer's base salary. The factors which influence committee determinations regarding base salary include prevailing levels of pay among executives of the companies in the peer group reflected in the graph on page 16, and of similar companies in other industries from which Arrow recruits executives. Additional factors include internal pay equity considerations, level of responsibilities, prior experience, breadth of knowledge, and job performance.

In conducting its salary deliberations, the committee does not strictly tie senior executive base pay to a defined competitive standard. Rather, the committee elects to maintain flexibility so as to permit salary recommendations that best reflect the individual contributions made by the Company's top executives. Each of the named executive officers, except for Mr. Duval, has or had an employment agreement, which provides for a minimum base salary. See page 17 for a description of these employment agreements.

In light of industry conditions, in September 2001 the Company initiated a salary reduction plan as one of a number of cost-saving measures. Pursuant to this plan, North American employees earning between \$30,000 and \$74,999 per year had compensation reduced by 4.6%; those earning between \$75,000 and \$149,999 had reductions of 7.7%; and those earning \$150,000 or more had reductions of 10.8%. The salary reduction plan ended in February 2002, except for those employees earning more than \$75,000 per year, with respect to whom the program concluded in May 2002. Accordingly, none of the named executives received the entire amount of their base salaries in 2001 or 2002.

#### Annual Incentives -- 1999 Performance Bonus Plan

Arrow's 1999 Performance Bonus Plan, a five-year plan, amended and restated in 2000, and approved by shareholders, provides for a performance-based bonus for Arrow's Chief Executive Officer and up to four additional officers, at the discretion of the committee. The maximum bonus to be awarded is determined by a formula based upon net income and the utilization of net working capital. The purpose of the plan is to enable Arrow to motivate the participants to achieve strategic, financial and operating objectives, and to reward contributions towards improvement in financial performance as measured by the level of net income and the ratio of sales to average net working capital of Arrow. The plan sets forth a pre-established bonus formula based upon annual performance goals, which establishes the maximum bonus that may be paid each year. The committee has the discretion to determine the actual amount of the bonus to be paid, which amount may not exceed the maximum bonus calculated under the bonus formula.

Targets under the 1999 Performance Bonus Plan for Mr. Kaufman and Mr. Duval could not be set in light of the timing of Mr. Scricco's resignation and the limited duration of their respective interim tenures. As a result, the committee established fixed bonus amounts based on its review of the specific contributions each made during his tenure. In addition to Mr. Kaufman's service as Chairman until June 2002, both Mr. Kaufman and Mr. Duval played integral roles during an important transitional period for the company. They effectively directed the implementation of the Company's strategic operating plans, generating results which met or exceeded financial expectations; addressed difficult market conditions with the development and implementation of plans to

reduce

13

operating expenses; and were the leaders of the critical process of recruiting a new Chief Executive Officer for the Company which was successfully concluded within an aggressive time frame. Based upon these factors, the committee awarded a bonus to Mr. Kaufman of \$250,000. The committee awarded a bonus to Mr. Duval of \$700,000, of which \$466,667 was in respect of 2002 and \$233,333 in respect of 2003.

#### Annual Incentive -- Management Incentive Compensation Plan

Each year, for executive officers of Arrow not covered by the Performance Bonus Plan, management, in consultation with the committee, establishes short-term financial goals which relate to one or more indicators of corporate financial performance. For 2002, the short-term incentive award opportunity was contingent upon Arrow attaining specified levels of profitability and asset utilization.

Incentive targets are established for participating executives under the Management Incentive Compensation Plan ("MICP") based on the participant's level and breadth of responsibility, potential contribution to the success of the Company, and competitive considerations. The participant's actual award is determined at the end of the year based on Arrow's actual performance against the predetermined financial goals, as well as the attainment of specific individual goals and contributions to Arrow's success.

For 2002, the level of achievement by the participating named executive officers ranged between 61% and 143% of the targets established under the MICP. The MICP awards for participating named executive officers averaged 87% of their respective targets.

#### Long-Term Incentives

Arrow reinforces the importance of producing satisfactory returns to shareholders over the long-term through the operation of its Stock Option Plan and its Restricted Stock Plan, each of which was approved by Arrow's shareholders. Stock options and restricted stock awards provide executives with the opportunity to acquire an equity interest in Arrow and align their interests with those of the shareholders.

Option exercise prices are equal to the fair market value of Arrow's shares on the date of the option grant and are exercisable in four annual installments. This ensures that participants will derive benefits only as shareholders realize corresponding gains over an extended time period. Options have a maximum term of 10 years.

Restricted stock is granted to participants in order to help foster a shareholder perspective among the participants. A long-term focus is encouraged and executive retention is reinforced through the four-year vesting schedule to which shares of restricted stock are subject.

Each year, the committee reviews the history of the stock option and restricted stock awards and makes grant decisions based on the committee's assessment of each individual executive's contribution and performance during the year and on competitive compensation practices in comparable companies in those industries from which Arrow recruits its executives.

## Compensation Committee Interlocks and Insider Participation

None of the members of the compensation committee are present or former employees of the Company, or have any direct or indirect material interest in or a relationship with the Company other than the stock holdings discussed herein and related to their director positions. There were no compensation committee interlocks or insider (employee) participation in 2002.

### SUMMARY

Each year, the Board of Directors and the committee review all elements of cash and non-cash compensation paid to executive officers of Arrow. The committee manages all elements of executive pay in order to ensure that pay levels are consistent with Arrow's compensation philosophies. In addition, the Board of Directors and the committee administer Arrow's long-term executive compensation programs to ensure that Arrow's objectives of linking executive pay to improved financial performance and increased shareholder value continue to be fostered.

### COMPARISON OF FIVE-YEAR CUMULATIVE TOTAL RETURN AMONG ARROW ELECTRONICS, INC., S&P 500 STOCK INDEX AND PEER COMPANIES GROUP

The following graph compares the performance of Arrow for the periods indicated with the performance of the Standard & Poor's 500 Stock Index and the average performance of a group consisting of Arrow's peer corporations on a line-of-business basis. The peers making up the Electronics Distributor Index are Avnet, Inc., Bell Microproducts, Inc., and Pioneer-Standard Electronics, Inc. The graph assumes \$100 invested on December 31, 1997 in Arrow, the S&P 500 Stock Index, and the peer companies group. Total return indices reflect reinvested dividends and are weighted on a market capitalization basis at the time of each reported data point.

### DIRECTORS' COMPENSATION

The members of the Board of Directors who are not employees receive an annual fee of \$40,000 for the term expiring in May 2003 and a fee of \$1,500 for each Board of Directors or committee meeting attended. Each non-employee director serving as chairman of any committee receives an additional annual fee of \$3,000. In light of industry conditions, the non-employee directors elected to participate in the Company's salary reduction efforts by reducing their annual fee by the same percentage as the named executive officers. As Chairman, Mr. Duval will receive an additional fee of \$50,000 per month for March and April 2003, and thereafter will receive an additional fee at the rate of \$200,000 per year.

16

Under the Arrow Non-Employee Directors Stock Option Plan, each non-employee director joining the Board of Directors receives an option to purchase 15,000 shares of Arrow common stock having an exercise price equal to the fair market value of the underlying common stock on the date of grant. Pursuant to such plan, on the date following each Annual Meeting of Shareholders, each non-employee director then serving on the Board of Directors will receive, under the plan, an option to purchase 4,000 shares of Arrow common stock having an exercise price equal to the fair market value of the underlying common stock on the date of grant.

Under the Arrow Non-Employee Directors Deferral Plan, a percentage of the annual retainer payable to each non-employee director may be withheld by Arrow and paid upon the non-employee director's termination from the Board of Directors. Unless a non-employee director makes a contrary election, 50 percent of the non-employee director's annual retainer fee will be deferred under the plan. Each non-employee director may elect a different percentage or elect not to defer any portion of his or her annual retainer fee. Amounts that are deferred under the plan will be converted into phantom stock units of Arrow common stock and the phantom stock units will be credited to a record keeping account in the name of the non-employee director. Until the time that the phantom stock units are paid out, the non-employee director's account will be adjusted to reflect any dividends paid on Arrow common stock. Upon the termination of service on the Board of Directors, each whole phantom stock unit credited to the non-employee director's account will be converted into one share of common stock and each fractional phantom stock unit will be converted into cash.

### EMPLOYMENT AGREEMENTS

In February 2003, Mr. Mitchell entered into an employment agreement with Arrow terminating January 2006, which is subject to renewal from year to year unless either Arrow or Mr. Mitchell elects not to renew. The employment agreement provides for a minimum base salary of \$750,000 a year.

In June 2002, Mr. Kaufman's consulting agreement (see note 7 on page 10) was amended to provide for his employment as interim Chief Executive Officer with a base salary at a rate of \$500,000 per year. The amendment also provided for Mr. Kaufman's retirement in September 2002 and the commencement of his coverage under Arrow's SERP, as defined below.

## Edgar Filing: ARROW ELECTRONICS INC - Form DEF 14A

Mr. Klatell has an employment agreement with Arrow terminating January 2004. The employment agreement provides for a minimum base salary of \$425,000 per year.

Mrs. Scheihing has an employment agreement with Arrow terminating June 2003, which provides for a minimum base salary of \$460,000 per year.

Ms. Salsgiver has an employment agreement with Arrow terminating December 2004, which is subject to renewal from year to year unless either Arrow or Ms. Salsgiver elects not to renew. The employment agreement provides for a minimum base salary of \$300,000 per year.

Mr. Long has an employment agreement with Arrow terminating December 2004, which is subject to renewal from year to year unless either Arrow or Mr. Long elects not to renew. The employment agreement provides for a minimum base salary of \$330,000 per year.

Arrow has entered into agreements with each of the named executive officers, other than Mr. Duval, which provide for payments of three times their annualized includible compensation and continuation for up to three years of their benefits if their employment is terminated by the Company (other than for cause approved by three-fourths of the directors then serving), if their responsibili-

17

ties or base salaries are materially diminished, or if certain other adverse changes occur within 24 months following a change of control of Arrow. The amounts payable pursuant to such agreements to the named executive officers (other than Mr. Klatell) will be reduced, if necessary, to avoid excise tax under Section 4999 of the Code.

### UNFUNDED PENSION PLAN

Arrow maintains an unfunded Supplemental Executive Retirement Plan (the "SERP") under which the Company will pay supplemental pension benefits to certain employees upon retirement. There are 21 current and former corporate officers participating in this plan. The Board of Directors determines those employees who are eligible to participate in the SERP.

In 2002, Arrow amended the plan to provide for the pension benefits to be based on a percentage of average final compensation, based on years of participation in the SERP, rather than following the prior practice of a fixed dollar amount per year of service or in certain instances the Board of Directors determining the annual benefit. As amended, the SERP permits early retirement, with payments at a reduced rate, based on age and years of service subject to a minimum retirement age of 55 (formerly 50). Participants whose accrued rights under the SERP prior to this amendment would have been adversely affected by the amendment will continue to be entitled to such greater rights. In addition, if there is a change of control of Arrow within 24 months after such change and the employment of a participant, who is at least age 50, is involuntarily terminated other than for cause or disability, or such participant terminates employment for good reason, the participant will receive the annual pension accrued through the date of termination commencing at age 60. Previously this would have resulted in the payment of the full pension amount commencing immediately.

Participating named executive officers who have not yet retired will, at normal retirement age under the plan (generally, age 60), receive annual benefits estimated as follows: Mr. Klatell, \$298,035; Mrs. Scheihing, \$269,734; Ms. Salsgiver, \$438,950; and Mr. Long, \$501,648.

### CERTAIN TRANSACTIONS

Spoerle Electronic GmbH, a wholly owned subsidiary of the Company, leases certain of its premises from a partnership in which Mr. Giersch's wife, directly or indirectly, has the entire beneficial interest, and paid aggregate rentals of 2,998,000 euros (\$2,826,000 based on the average exchange rate during 2002) to the partnership during 2002. The Company believes that such rentals are at fair market value. Pursuant to a consulting contract with Arrow Europe dated June 30, 2001, and terminable by either party upon six months notice, FLC Consulting GmbH, a corporation in which Mr. Giersch has, directly or indirectly, the entire beneficial interest, received 377,000 euros (\$355,000 based on the average exchange rate during 2002). In addition, Mr. Giersch received 357,000 euros (\$337,000 based on the average exchange rate during 2002) as indemnification for the tax consequences to him of a tax audit of the predecessor to Spoerle Electronic GmbH.

In June 2002, Mr. Kaufman entered into a consulting agreement with the Company, which is described more fully at note 7 on page 10 hereof.

18

### SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Arrow's officers and directors and persons who own more than ten percent of a registered class of Arrow's equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Arrow believes that during fiscal year 2002 its officers and directors complied with all applicable Section 16(a) filing requirements, except that one report, regarding a single transaction, was filed late by Mrs. Scheihing. Further, the Company and its counsel did not advise Mr. Duval, Mr. Hanson, Mr. King, Mrs. Mills, and Mr. Perry that the grant of phantom stock units under the Non-Employee Directors Deferral Plan was an event requiring a filing under Section 16(a) and therefore filings regarding such grants were not made. A Form 5 reporting all quarterly grants under the plan to the non-employee directors for the period August 1997 through August 2002 was filed with the Securities and Exchange Commission and the New York Stock Exchange in September 2002.

### APPROVAL OF APPOINTMENT OF AUDITORS

The shareholders will be asked to ratify the appointment of Ernst & Young LLP as Arrow's independent auditors for 2003. Arrow expects that representatives of Ernst & Young LLP will be present at the meeting with the opportunity to make a statement if they desire to do so and that such representatives will be available to answer appropriate inquiries raised at the meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE RATIFICATION OF SUCH APPOINTMENT.

### SUBMISSION OF SHAREHOLDER PROPOSALS

Arrow anticipates that the next Annual Meeting of Shareholders will be held on or about May 20, 2004. If a shareholder intends to present a proposal at Arrow's Annual Meeting of Shareholders to be held in 2004 and seeks to have the proposal included in Arrow's Proxy Statement relating to that meeting, pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended, the proposal must be received by Arrow no later than the close of business on December 13, 2003. If a shareholder wishes to present a matter at Arrow's Annual Meeting of Shareholders to be held in 2004 that is outside of the processes of Rule 14a-8, the proposal must be received by Arrow no later than the close of business on March 1, 2004. After that date, the proposal will be considered untimely and

Edgar Filing: ARROW ELECTRONICS INC - Form DEF 14A

Arrow's proxies will have discretionary voting authority with respect to such matter.

OTHER MATTERS

Management does not expect any matters to come before the meeting other than those to which reference is made in this Proxy Statement. However, if any other matters should properly come before the meeting, it is intended that proxies in the accompanying form will be voted thereon in accordance with the judgment of the person or persons voting such proxies.
