**This Management Proxy Circular is furnished in connection with the solicitation of proxies for use at the Annual Meeting (the "Meeting") of shareholders ("Shareholders") of Eldorado Gold Corporation (the "Company") to be held at 3:00 p.m. on May 13, 2004 at the place and time and for the purposes set forth in the Notice of Meeting. Unless otherwise expressly indicated, the information herein contained is given as at April 13, 2004.**

## **GENERAL PROXY INFORMATION**

### **Solicitation of Proxies**

**This Management Proxy Circular is furnished to the Shareholders in connection with the solicitation of Proxies by the management of the Company for use at the Meeting.** While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the regular employees of the Company at nominal cost. All costs of solicitation by management will be borne by the Company.

### **Appointment of Proxy Holder**

The individuals named in the accompanying Form of Proxy for the Meeting are officers or directors of the Company. **A SHAREHOLDER HAS THE RIGHT TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT THE HOLDER AT THE MEETING BY STRIKING OUT THE NAMES OF THOSE PERSONS NAMED IN THE ACCOMPANYING FORM OF PROXY AND BY INSERTING SUCH OTHER PERSON'S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY.**

In order to vote, completed forms of Proxy must be received by Computershare Trust Company of Canada, 9<sup>th</sup> Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 by 3 p.m., Vancouver time, on May 11, 2004 or by the Chairman of the Meeting prior to the commencement of the Meeting or any adjournments thereof.

### **Revocation of Proxies**

A Shareholder who has given a Proxy may revoke it by an instrument in writing executed by the Shareholder or by such Shareholder's attorney authorized in writing or, where the Shareholder is a company or association, by a duly authorized officer or attorney of that company or association, and delivered either to the registered office of the Company (c/o J. Lewis 2100-1075 West Georgia Street, Vancouver, B.C. V6E 3G2) at any time up to and including May 12, 2004 (being the last business day preceding the day of the Meeting) or, if the Meeting is adjourned, on the

last business day preceding any reconvening thereof, or with the Chairman of the Meeting on the day of the Meeting or an adjournment thereof, or in any other manner provided by law. A revocation of a Proxy does not affect any matter on which a vote has been taken prior to such revocation.

### **Exercise of Vote by a Proxy**

A proxy will not be valid unless signed by the Shareholder or by the Shareholder's attorney duly authorized in writing, or, if the Shareholder is a company or association, the Proxy must be executed by an officer or by an attorney duly authorized in writing. If the Proxy is executed by an attorney for an individual Shareholder or by an officer or attorney of a Shareholder that is a company or association, the instrument so empowering the officer or attorney, as the case may be, or a notarial copy thereof, must accompany the Proxy.

---

2

Shares represented by properly executed proxies in the accompanying form (if executed in favour of management nominees and properly deposited prior to the Meeting) will be voted in accordance with the instructions of the Shareholder on any ballot that may be called for. **If no choice is specified, the person designated in the accompanying form of proxy will vote in favour of every matter proposed by management at the Meeting. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Management Proxy Circular, the management of the Company knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not now known to the management should properly come before the Meeting, then the management nominees intend to vote in accordance with the judgment of management of the Company.**

### **Special Instructions for Voting by Non-Registered Holders**

**Only registered Shareholders or their duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares.** More particularly, a person is not a registered shareholder in respect of shares which are held on behalf of that person (the "Non-Registered Holder") but which are registered either: (a) in the name of an intermediary (an "Intermediary") that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP's, RRIF's, RESP's and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant. In accordance

SIGNATURE

with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Management Proxy Circular, the Form of Proxy and related documents together with the 2003 Annual Report (collectively, the "Meeting Materials") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless in the case of certain proxy-related materials a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holders. With those Meeting Materials, Intermediaries or their service companies should provide Non-Registered Holders with a request for voting instruction form and which, when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company**, will constitute voting instructions which the Intermediary must follow. The purpose of this procedure is to permit Non-Registered Holders to direct the voting of the shares which they beneficially own. Should a Non-Registered Holder wish to vote at the Meeting in person, the Non-Registered Holder should follow the procedure in the request for voting instructions provided by or on behalf of the Intermediary and request a form of legal proxy which will grant the Non-Registered Holder the right to attend the Meeting and vote in person. **Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the completed request for voting instructions is to be delivered.**

**Only registered Shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must in sufficient time in advance of the Meeting, arrange for their respective Intermediaries to change their vote and if necessary revoke their proxy in accordance with the revocation procedures described above.**

#### **Record Date**

Each holder of common shares ("Common Shares") of the Company on April 13, 2004, is entitled to vote at the Meeting as more particularly described below.

#### **Voting Shares and Principal Holders Thereof**

On April 13, 2004, a total of 254,679,276 Common Shares were issued and outstanding, with each Common Share carrying the right to one vote on all resolutions before the Meeting. The affirmative vote of a majority of the votes cast at the Meeting is required for approval of each matter set forth in this Management Proxy Circular. Two shareholders present or deemed to be present or represented by proxy and together holding or representing by proxy not less than 5% of the Common Shares outstanding will constitute a quorum at the Meeting.

As at April 13, 2004, there is no person who is known to the Company, its directors or officers, to beneficially own, directly or indirectly, or to exercise control or direction over, shares carrying more than 10% of the votes attached to shares of the Company.

*The board of directors of every corporation should be constituted with a majority of individuals who qualify as unrelated ("Independent") directors.*

Currently, there are six directors on the board of directors consisting of the chief executive officer of the Company and five independent directors. 4.

*The board of directors of every corporation should appoint a committee of directors composed exclusively of outside, i.e., non-management, directors, a majority of whom are Independent directors, with the responsibility for proposing to the full board new nominees to the board and for assessing directors on an on-going basis.*

Nominees to the board are proposed by members of the board of directors. The board assesses directors competencies and performance of directors and the board on an annual basis.

5.

*Every board of directors should implement a process to be carried out by the nominating committee or other appropriate committee for assessing the effectiveness of the board as a whole, the committees of the board and the contribution of individual directors.*

The board assesses its own performance and the effectiveness, contributions and competencies of its directors on an annual basis. The Chairman of the Board is responsible for the distribution of a confidential questionnaire to be completed by the members of the board. The results of the questionnaire are tabulated and recommendations are made to the board based on matters arising from the responses.

6.

*Every corporation, as an integral element of the process for appointing new directors, should provide an orientation and education program for new recruits to the Board.*

The Company ensures the orientation and continuing education of directors by management reports and presentations, relevant site visits to its operations and other means. New directors receive a Board Manual containing relevant management information, historical public information and the Terms of Reference for the Board of Directors, a Director and the Committees of the Board.

7.

*Every board of directors should examine its size and, with a view to determining the impact of the number upon effectiveness, undertake where appropriate a program to reduce the number of directors to a number which facilitates more effective decision-making.*

The size of the board is reviewed by the directors as part of the performance review described in 5 above. In the assessment completed in February 2003 it was recommended that the Board should be increased to enhance the knowledge, skills and expertise of the board necessary for effective decision-making in the planned advancement of the Company's business. There are six director nominees for the 2004/2005 term.

8.

*The board of directors should review the adequacy and form of the compensation of directors and ensure the compensation realistically reflects the responsibilities and risk involved in being an effective director.*

The compensation committee is made up entirely of independent directors and annually reviews the adequacy of directors' compensation, and the composition of the directors' compensation package. The compensation committee makes its recommendation based upon the types of compensation and amounts paid to other directors within the Company's peer group. Included in directors compensation is a cash annual retainer (paid quarterly), meeting fees and stock options. See Compensation of Directors in this Information Circular for detailed compensation in 2003.

9.

*Committees of the board of directors should generally be composed of outside directors, a majority of whom are Independent directors, although some board committees, such as the executive committee may include one or more inside directors.*

The Company currently has two committees, the Audit Committee and the Compensation Committee. Both committees are composed of independent directors. For detailed information on the committees see Audit Committee and Compensation Committee in this Information Circular.

10.

*Every board of directors should expressly assume responsibility for, or assign to a committee of directors the general responsibility for, developing the corporation's approach to governance issues. This committee would, amongst other things, be responsible for the corporation's response to these governance guidelines.*

For 2003 the board of directors at large was responsible for the development and oversight of the Company's corporate governance practices.

11.

*The board of directors, together with the CEO, should develop position descriptions for the board and for the CEO, involving the definition of the limits to management's responsibilities. In addition, the board should approve or develop the corporate objectives which the CEO is responsible for meeting.*

The board has approved position descriptions for its chairman and for the Company's president and chief executive officer, and sets corporate objectives to be reached by the chief executive officer and senior executives and management. The Company has adopted terms of reference for the roles of directors and the board and its committees, these Terms of Reference are attached to this Information Circular in Appendix I.

12.

*Every board of directors should have in place appropriate structures and procedures to ensure that the board can function independently of management. An appropriate structure would be to (i) appoint a chair of the board who is not a member of management with responsibility to ensure the board discharges its responsibilities or (ii) adopt alternate means such as assigning this responsibility to a committee of the board or to a director, sometimes referred to as the "lead director". Appropriate procedures may involve the board meeting on a regular basis without management present or may involve expressly assigning the responsibility for administering the board's relationship to management to a committee of the board.*

The position of chairman of the board of the Company is separate from that of the CEO. The incumbent chairman is an independent director and is not a member of the Company's management.

13.

*The audit committee of every board of directors should be composed only of outside directors. The roles and responsibilities of the audit committee should be specifically defined so as to provide appropriate guidance to audit*

*committee members as to their duties. The audit committee should direct communication channels with the internal and external auditors to discuss and review specific issues as appropriate. The audit committee duties should include oversight responsibility for management reporting on internal controls. While it is management's responsibility to design and implement an effective system of internal controls, it is the responsibility of the audit committee to ensure that management has done so.*

The audit committee is composed entirely of Independent directors. Its duties and responsibilities are set out in its terms of reference, which are reviewed annually by the audit committee and the board. These responsibilities include oversight responsibility for management reporting on internal controls and to ensure that management has developed and implemented an effective system of internal controls. The audit committee has direct communication with the external auditors and regularly meets in-camera with them.

14.

*The board of directors should implement a system which enables an individual director to engage an outside adviser at the expense of the corporation in appropriate circumstances. The engagement of the outside advisor should be subject to the approval of an appropriate committee of the board.*

Individual directors of the Company are able to engage an outside advisor at the Company's expense in order to assist an individual director in fulfilling his or her responsibilities. The engagement and payment by the Company for the services of an outside advisor to an individual director or directors is currently subject to approval by the board of directors.

#### **INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON**

Other than as set forth in this Management Proxy Circular, none of the directors or senior officers of the Company, nor any person who has held such a position since the beginning of the last completed financial year of the Company, nor any proposed nominee for election as a director of the Company, nor any of their respective associates or affiliates, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

#### **APPOINTMENT OF AUDITORS**

Unless otherwise specified by the shareholder, the persons named in the accompanying Proxy intend to vote the Common Shares represented by the Proxy for the reappointment of PricewaterhouseCoopers LLP, Chartered Accountants, of Vancouver, British Columbia, Canada as auditors of the Company and to authorize the directors to fix their remuneration. PricewaterhouseCoopers LLP of Vancouver and its predecessors have been the auditors of the Company since 1992. As reported in the Company's 2003 Audited Financial Statements, included in the general administration expense for 2003 were fees paid to PricewaterhouseCoopers totalling US\$475,000. These include audit services of US\$121,000, audit related activities of US\$33,000 and taxation services of US\$321,000.

## STOCK OPTIONS

The Company adopted a Stock Option Plan dated June 6, 1994 and amended June 5, 1995 and June 27, 1996, May 31, 2000 and April 30, 2003 (the "**Employee Plan**") and in 2003 the Company established the Incentive Stock Option Plan, Officers & Directors dated April 30, 2003 (the "**D&O Plan**") (collectively the "**Plans**"). The purpose of the Plans is to assist the Company in attracting, retaining and motivating directors, officers, employees, consultants and advisors of the Company and of its subsidiary and associated companies and to closely align the personal interests of those directors, officers, employees, consultants and advisors with those of the shareholders by providing them with the opportunity, through stock options (the "**Options**"), to acquire Common Shares in the capital of the Company. A copy of the Plans may be obtained by any shareholder upon request from the Secretary of the Company.

The Plans provide for a maximum of up to 17,200,000 Common Shares or 6.75% of the outstanding Common Shares of the Company as of April 13, 2004 (the "**Limit**") to be reserved, set aside and made available for issue under and in accordance with the Plans. Such Limit was approved by the shareholders of the Company on April 30, 2003. The Limit constitutes an aggregate maximum and includes all issued and unexpired Options, whether or not exercised, and the exercise of an Option and issuance of a share does not free up space under the Limit.

The Company wishes to increase the maximum number of Common Shares issuable pursuant to the exercise of the options granted under the Plans to ensure sufficient options are available to allow the Company to maintain its policy of granting options to directors, officers, employees, consultants and advisors of the Company. The TSX rules governing stock options do not permit the Company to re-issue previously authorized options once they have been exercised. The TSX requires the Company to obtain further shareholder approval to grant additional options beyond the maximum number previously authorized by the shareholders and contained in the D&O Plan.

The Company has not granted any options to acquire Common Shares which, when combined with outstanding options and options previously exercised, are in excess of the Limit, as discussed above.

The increase in the Limit is subject to receipt of all necessary regulatory approvals, including the TSX. As noted above, in order to comply with the stock option plan requirements of the TSX, the increase in the number of Common Shares reserved for issuance under the D&O Plan must be approved by an ordinary resolution of the shareholders. The approval does not require a disinterested shareholder vote pursuant to the policy detailed in section 630 of the

TSE Manual.

Accordingly, at the meeting, shareholders of the Company will be asked to consider and, if thought appropriate, to pass an ordinary resolution amending the Plans increasing the maximum number of Common Shares issuable upon exercise of stock options granted pursuant to the D&O Plan from 7,000,000 Common Shares to 7,637,200 Common Shares. The full text of this resolution is set out below.

---

16

**Shareholders are being asked to consider and vote upon the following resolution to approve an increase in the number of common shares reserved for issuance under the stock options available for issue under the D&O Plan:**

"BE IT RESOLVED THAT:

1.

The D&O Plan be and is hereby amended to provide that the maximum number of Common Shares that may be issued pursuant to options granted under the D&O Plan; as set out in Section 4.1 of the D&O Plan be increased from 7,000,000 Common Shares to 7,637,200 Common Shares.

2.

Any officer of the Company be and is hereby authorized and directed, for and on behalf of the Company, to execute and deliver or file such documents and instruments and to do all such other acts and things as are required or as such officer, in such officer's sole discretion, may deem necessary to give full effect to or carry out the provisions of the above resolutions."

The foregoing Resolution will require approval by a majority of votes cast on the matter at the Meeting. Unless otherwise instructed the management nominees named in the form of Proxy accompanying this Management Proxy Circular will vote "FOR" the Resolution.

### **SHAREHOLDERS PROPOSALS**

Pursuant to Section 137 of the CBCA, any notice of a shareholder proposal intended to be raised at the 2005 Annual meeting of Shareholders of the Company must be submitted to the Company at its registered office, to the attention of the Secretary, on or before January 14, 2005 to be considered for inclusion in the management proxy circular and

statement for the 2005 Annual Meeting of Shareholders.

It is the position of the Company that shareholder proposals need be recognized only if made in accordance with the foregoing procedure and the provisions of the CBCA.

However, if any other matters should properly come before the Meeting, it is the intention of the persons named in the form of proxy accompanying this Management Proxy Circular to vote upon such matters in accordance with their best judgment.
