CORPORATE GOVERNANCE

General

Our Board of Directors believes that good corporate governance is important to ensure that Cesca Therapeutics Inc. is managed for the long-term benefit of our stockholders. This section describes key corporate governance guidelines and practices that we have adopted. Complete copies of our corporate governance guidelines, committee charters and code of ethical conduct described below are available under the investor information section of our website at www.cescatherapeutics.com.

Board Operating and Governance Guidelines

Our Board of Directors has adopted a number of operating and governance guidelines, including the following:

- Majority of the members of the Board should be independent directors;
- Formalization of the ability of each committee to retain independent advisors;
- Performance of an annual assessment of the Board's performance by the Governance and Nominating Committee;
- Directors will have open access to the Company's management; and
- Independent directors may meet in executive session prior to or after each regularly scheduled Board meeting without management present.

Board Leadership Structure

Craig Moore, an independent director, serves as our Chairman of the Board. The Board has had the same individual serve as Chief Executive Officer and Board chairman in the past, but does not believe that structure to be the most desirable structure for the Company at this time. The Board views independent oversight of management as an important component of an effective board of directors and believes that a separated Chief Executive Officer and Chairman structure provides the Board with the greatest diversity of ideas and experience. The Chairman of the Board is responsible for coordinating the Board's activities, including the scheduling of meetings of the full Board, scheduling executive sessions of the non-employee directors and setting relevant items on the agenda (in consultation with the Chief Executive Officer as necessary or appropriate). The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company.

Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing risk management. The Board regularly reviews information regarding the Company's liquidity and operations, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of risks relating to financial reporting, internal controls and compliance with legal and regulatory requirements. The Governance and Nominating Committee oversees the management of risks associated with corporate governance, the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

Governance and Nominating Committee

The Governance and Nominating Committee was formed to address general governance and policy oversight; succession planning; to identify qualified individuals to become prospective Board members and make recommendations regarding nominations for the Board of Directors; to advise the Board with respect to appropriate composition of Board committees; to advise the Board about and develop and recommend to the Board appropriate corporate governance documents and assist the Board in implementing guidelines; to oversee the annual evaluation of the Board and the Company's Chief Executive Officer, and to perform such other functions as the Board may assign to the committee from time to time. The Governance and Nominating Committee has a Charter which is available on the Company's website at www.cescatherapeutics.com. The Governance and Nominating Committee consists of three independent directors: Mr. McEnany (Governance and Nominating Committee Chairman), Mr. Moore and Mr.

Stracey.

The Audit Committee reviews the services performed by the independent registered public accounting firm and determines whether they are compatible with maintaining the registered public accounting firm's independence. The Audit Committee has a Charter, which is reviewed annually and as may be required due to changes in industry accounting practices or the promulgation of new rules or guidance documents. The Audit Committee Charter is available on the Company's website at www.cescatherapeutics.com. The Audit Committee consists of three independent directors as determined by NASDAQ rules: Mr. Moore (Audit Committee Chairman), Mr. Stracey and Mr. McEnany. Mr. Moore and Mr. McEnany are qualified as Audit Committee Financial Experts as defined in Regulation S-K Item 407(d)(5)(ii).

The Compensation Committee of the Board of Directors reviews and approves executive compensation policies and practices, reviews salaries and bonuses for our Chief Executive Officer and Chief Financial Officer, administers the Company's stock option plans and other benefit plans, and considers other matters as may, from time to time, be referred to them by the Board of Directors. The Compensation Committee consists of three independent directors: Mr. Stracey (Compensation Committee Chairman), Mr. Moore and Mr. McEnany.

None of the members of our Compensation Committee served at any time as an officer or employee of ours. In addition, none of our executive officers serves as a member of the compensation committee of any entity that has one or more executive officers serving as a member of our Compensation Committee.

Board and Committee Meetings and Attendance

In fiscal 2014, the Board of Directors met twenty three (23) times, the Audit Committee met five (5) times, the Compensation Committee met seven (7) times and the Governance and Nominating Committee met three (3) times. Each director attended at least 75% of the meetings of the Board of Directors held while serving as a director. Each director attended all of the meetings of the committees upon which he served. All Directors nominated at the prior annual meeting of stockholders attended except for Dr. Rao due to travel conflicts. A copy of our code of ethics can be found on our website at www.cescatherapeutics.com. The Company will report any amendment or waiver to the code of ethics on our website within five (5) days.

ITEM 11. EXECUTIVE
COMPENSATION.

This compensation discussion and analysis describes the material elements of the Company's compensation programs as they relate to our executive officers who are listed in the compensation tables appearing elsewhere in this proxy statement. Notwithstanding that as the Company is a Smaller Reporting Company as defined by SEC rules, and, therefore only required to provide the information under Section 402(m) of Regulation S-K, the Company is providing this general discussion to set forth the Compensation Committee's general philosophy regarding the Company's compensation program. This compensation discussion and analysis focuses on the information contained in the following tables and related footnotes, but also describes other arrangements and actions taken since the end of fiscal 2014 to the extent such discussion enhances the understanding of our executive compensation for fiscal 2014. Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal 2014, as well as the other individuals included in the Summary Compensation Table, are referred to as the "named executive officers" or "NEOs".

Overview of Compensation Committee Role and Responsibilities

The Compensation Committee of the Board of Directors oversees our compensation plans and policies, reviews and approves all decisions concerning the Chief Executive Officer and Chief Financial Officer's compensation, which may further be approved by the Board, and administers our stock option and equity plans, including reviewing and approving stock option grants and equity awards under the plans. The Compensation Committee's membership is determined by the Board and is composed entirely of independent directors.

Management plays a role in the compensation-setting process. The most significant aspects of management's role are to evaluate employee performance and recommend salary levels and equity compensation awards. Our Chief Executive Officer and Chief Financial Officer often make recommendations to the Compensation Committee and the Board concerning compensation for other executive officers. Our Chief Executive Officer is a member of the Board, but neither the Chief Executive Officer nor Chief Financial Officer participates in Board decisions regarding any aspect of their own compensation. The Compensation Committee can retain independent advisors or consultants and has done so in the past. As part of its analysis and assessment, the Compensation Committee utilized a compensation assessment report prepared by Radford, an Aon Hewitt Company an independent compensation consultant. Radford helped formulate compensation policy, strategy, and design, and advised on overall best practices. In connection with the executive compensation analysis and assessment, Radford developed an appropriate peer group and provided the Compensation Committee with base pay, short-term incentive and long-term equity incentive market data from the peer group. Radford also advised the Compensation Committee on cash and equity compensation specifically for the directors and officers.

Compensation Philosophy

The Compensation Committee emphasizes the important link between the Company's performance, which ultimately affects stockholder value, and the compensation of its executives. Therefore, the primary goal of the Company's executive compensation policy is to align the interests of the executive officers with the interests of the stockholders. In order to achieve this goal, the Company attempts to, (i) offer compensation opportunities that attract and retain executives whose abilities and skills are critical to the long term success of the Company and reward them for their efforts in ensuring the success of the Company, (ii) align the Company's compensation programs with the Company's long-term business strategies and objectives, and (iii) provide variable compensation opportunities that are directly linked to the Company's performance and stockholder value, including an equity stake in the Company.

Our named executive officers' compensation utilizes three primary components:

• base salary

•short-term incentive ("STI")

•long-term incentive ("LTI")

Elements of Rewards

There are three basic components of compensation: (i) base pay to provide a source of regular income; (ii) STI compensation to drive short-term performance; and (iii) LTI compensation to align management and shareholder incentives to create long-term value in the Company. The Compensation Committee believes that the STI award provides a sufficient amount of "at risk" incentive compensation tied to specific targets and objectives to properly motivate executives to achieve the desired short-term results. The LTI may be comprised of time-based stock awards and stock options, which the Compensation Committee believes motivates the executives to increase shareholder value over time. Additionally, the Compensation Committee may award discretionary bonuses to certain executives based on the individual's contribution to the achievement of the Company's strategic objectives.

9

Setting Executive Compensation

We set executive base compensation at a level we believe enables us to hire and retain individuals in a competitive environment and to reward satisfactory individual performance and a satisfactory level of contribution to our overall business goals. We also take into account the compensation that is paid by companies that we believe to be our competitors and by other companies with which we believe we generally compete for executives.

In establishing compensation packages for executive officers, numerous factors are considered, including the particular executive's experience, expertise and performance, our Company's overall performance and compensation packages available in the marketplace for similar positions. In arriving at amounts for each component of compensation, our Compensation Committee strives to strike an appropriate balance between base compensation and incentive compensation. The Compensation Committee also endeavors to properly allocate between cash and non-cash compensation and between annual and long-term compensation. The Company has entered into employment agreements with Mr. Plavan, our Chief Executive Officer, Mr. Bessey our Chief Financial Officer, Mr. Harris, our President and Mr. Sivilotti, our Chief Biologist.

Base Salary

The Company provides executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. Subject to the provisions contained in employment agreements with executive officers concerning base salary amounts, base salaries of the executive officers are established based upon compensation data of comparable companies in our market, the executive's job responsibilities, level of experience, individual performance and contribution to the business. We believe it is important for the Company to provide adequate fixed compensation to highly qualified executives in our competitive industry. In making base salary decisions, the Compensation Committee uses its discretion and judgment based upon personal knowledge of industry practice, but does not apply any specific formula to determine the base salaries for the executive officers. In connection with the Company's annual review and planning for the new fiscal year, the Compensation Committee noted certain executive officer's salary were below the 25th percentile for companies discussed in the Radford report and increased certain executives' salaries in March and August 2014 to bring them to the market's 25th percentile.

Chief Executive Officer. Effective October 25, 2013, the Company entered into an employment agreement with Mr. Plavan where he would continue to serve as Chief Executive Officer. The agreement did not change Mr. Plavan's base salary rate of \$315,000. Effective March 1, 2014, after review of the Radford report and in consideration of, among other things, the acquisition of TotiPotentRX by merger and raising of capital, Mr. Plavan's annual base salary was increased to \$425,000, which represents the 25th percentile of market base pay for CEO positions in the life science peer group.

President. In connection with the merger with TotiPotentRX in February 2014, Mr. Harris joined the Company as President with an annual base salary of \$280,000. Effective August 19, 2014, after consideration of the Radford report, among other factors, Mr. Harris's annual base salary was increased to \$338,000, which represents the 25th percentile of market base pay for similar positions.

Chief Financial Officer. In March 2013, Mr. Bessey joined the Company as Chief Financial Officer with an annual base salary of \$250,000. Effective March 1, 2014, after review of the Radford report and in consideration of, among other things, the acquisition of TotiPotentRX by merger and raising of capital, Mr. Bessey's annual base salary was increased to \$280,000, which represents the 25th percentile of market base pay for CFO positions in the life science peer group..

Effective August 19, 2014, after review of the Radford report, among other factors, Mr. Sivilotti's annual base salary was increased to \$245,000, which represents the 25th

percentile of market base pay for similar positions in the life science peer group.

Determination by the Committee for Executive Compensation for Fiscal Year 2015

Subsequent to the year ended June 30, 2014, on August 19, 2014, the Compensation Committee made the following decisions regarding base pay, STI compensation and LTI compensation for the Company's NEOs.

Base Pay. In determining the total direct compensation for the NEO's for fiscal year ending June 30, 2015, the Compensation Committee noted and considered that certain NEO's salaries were below the 25th percentile for companies discussed in the Radford assessment. In addition, the Compensation Committee also noted that certain NEO's received an increase in salary in March, 2014. After giving consideration to the information contained in the Radford assessment and other information, the Compensation Committee increased the base pay for Kenneth Harris and Mitchel Sivilotti to \$338,000 and \$245,000, respectively. The increase in base pay for Messrs. Harris and Sivilotti brings the Company's NEO's base pay to the approximate base pay for the market 25th percentile as indicated in the Radford assessment. In light of the increase in salary to the other NEOs in March 2014, the Compensation Committee did not change the base salaries of such other NEOs.

Short-Term Incentive (STI). For the fiscal year 2015, the Compensation Committee has approved the following business objectives subject to STI with the following weights: (i) Achieving FDA approval of IDE/PMA and launch of the CLI pivotal trial - 50%; (ii) achieving gross profit targets from core business, maintaining certain cash reserves and obtaining additional financing – 20% ; and (iii) increasing market capitalization – 30%. The payout of STI, if any, may consist of cash or restricted stock as determined by the Committee. The percentage of each NEO's base salary that is subject to STI is as follows:

Named Executive Officer	Percentage of Base Salary subject to STI
Matthew Plavan, Chief Executive Officer	60%
Kenneth Harris, President	45%
Dan Bessey, Chief Financial Officer	45%
Mitchel Sivilotti, Chief Biologist	45%
Ken Pappa, Vice President of Manufacturing and IT	35%

Long-Term Incentive (“LTI”). The Compensation Committee has also determined that aligning executive compensation with shareholder interests is critical for creating long-term shareholder value. Accordingly, on August 19, 2014, the Compensation Committee granted stock options to the following NEOs in the following numbers.

Named Executive Officer Options

Matthew Plavan	400,000
Kenneth Harris	160,000
Dan T. Bessey	160,000
Mitchel Sivilotti	80,000
Ken Pappa	80,000

The long-term incentive awards consisting of stock options were issued pursuant to the Company’s 2006 Equity Incentive Plan and are subject to three year vesting at six month intervals with a term of seven years. The exercise price for each stock option was \$1.31 per share which represents the closing price of the Company’s common stock as reported on the Nasdaq Capital Market on August 19, 2014.

401(k) Plan

The Company maintains a retirement savings plan, or 401(k) Plan, for the benefit of our executives and employees. Our 401(k) Plan is intended to qualify as a defined contribution arrangement under the Internal Revenue Code (Code). Participants may elect to defer a percentage of their eligible pretax earnings each year or contribute a fixed amount per pay period up to the maximum contribution permitted by the Code. All participants’ plan accounts are 100% vested at all times. All assets of our 401(k) plan are currently invested, subject to participant-directed elections, in a variety of mutual funds chosen from time to time by the Plan Administrator. Distribution of a participant’s vested interest generally occurs upon termination of employment, including by reason of retirement, death or disability. Historically, we have not made matching contributions to the 401(k) Plan.

Other Employee Benefits

The Company’s executive officers participate in the Company’s medical, dental and disability insurance benefit plans on the same terms as other employees. The Company provides the NEOs and certain key employees with life insurance benefits at two times their annual salary, up to \$500,000. Relocation benefits also are reimbursed and are individually negotiated when they occur. The Company reimburses each executive officer for all reasonable business and other expenses incurred by them in connection with the performance of their duties and obligations. The Company does not provide named executive officers with any significant perquisites or other personal benefits.

Accounting and Tax Considerations

Section 162(m) of the Code limits the Company to a deduction for federal income tax purposes of up to \$1 million of compensation paid to certain named executive officers in a taxable year. Compensation above \$1 million may be deducted if it is “performance-based compensation”. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals and due to the Company’s substantial net operating loss carry forwards, the Compensation Committee has not adopted a policy requiring all compensation to be deductible. The Compensation Committee intends to continue to evaluate the effects of the compensation limits of Section 162(m) and to grant compensation awards in the future in a manner consistent with the best interests of the Company and its stockholders.

Potential Payments upon Termination or Change in Control

Our named executive officers have certain change of control rights under employment agreements or current company policy. The Compensation Committee considers these policies to provide the named executive officers with the ability to make appropriate, informed decisions on strategy and direction of the Company that may adversely impact their particular positions, but nevertheless are appropriate for the Company and its stockholders. Our Compensation Committee believes that companies should provide reasonable severance benefits to employees, recognizing that it may be difficult for them to find comparable employment within a short period of time and that severance arrangements may be necessary to attract highly qualified officers in a competitive hiring environment.

The following table describes the potential payments upon a hypothetical termination without cause, resignation for good reason or due to a change in control of the Company on June 30, 2014 for the NEO's. The actual amounts that may be paid upon an executive's termination of employment can only be determined at the actual time of such termination.

Name	Termination Without Cause or Resignation for Good Reason				Termination following a Change of Control ⁽¹⁾⁽²⁾				
	Salary (\$)	Estimated Value of Accelerated Stock Options and Restricted Stock Awards ⁽³⁾ (\$)	Health Benefits (\$)	Total (\$)	Salary (\$)	Incentive Compensation (\$)	Estimated Value of Accelerated Stock Awards ⁽³⁾ (\$)	Health Benefits/ Office Stipend (\$)	Total (\$)
M. Plavan	425,000 ⁽⁴⁾	139,000	--	564,000	637,000	383,000	444,000	42,000	1,506,000
D. Bessey	210,000 ⁽⁴⁾	--	--	210,000	280,000	126,000	170,000	28,000	604,000
K. Harris	420,000 ⁽⁵⁾⁽⁶⁾	23,000	--	443,000	420,000 ⁽⁶⁾	--	95,000	111,000	626,000

K. Pappa	125,000	--	14,000	139,000	250,000	--	--	--	250,000

If we terminate Mr. Plavan or Mr. Bessey's employment without cause, or if the executive resigned for good reason as defined in his executive employment agreement, in either case within three (3) months prior to a Change of Control or within one (1) year following a Change of Control, then he would have been entitled to receive the amounts listed as shown in the table. The salary and incentive compensation components are payable in a lump-sum payment.

If we terminate Mr. Harris or Mr. Sivilotti's employment without cause, or if the executive resigned for good reason as defined in his executive employment agreement, in either case with one (1) year following a Change of Control, then he would have been entitled to receive the amounts listed as shown in the table.

For purposes of this calculation, we used the closing price of our Common Stock on June 30, 2014 which was \$1.39. The estimated value of accelerated vesting for outstanding stock options is zero for all options in which the exercise price exceeded the closing price of our Common Stock as of June 30, 2014.

(4) Payable in biweekly installments.

(5) If Mr. Harris' resigns for either (i) the Board fails to nominate Executive for re-election as a director of Employer at any shareholder meeting held to elect directors that occurs within three years after February 18, 2014, or (ii) Mr. Harris is removed as a director of Employer by the Board of Directors before February 18, 2017, he will receive an

additional \$140,000.

(6) Payable in biweekly installments over 18 months.

The Company has adopted an Executive Change of Control Policy, applicable to executive officers and vice presidents. Under such policy, a “change of control” means an event involving one transaction or a related series of transactions in which one of the following occurs:

- a) the Company issues securities equal to 50% or more of the Company’s issued and outstanding voting securities, determined as a single class;
- b) the Company issues securities equal to 50% or more of the issued and outstanding common stock of the Company in connection with a merger, consolidation or other business combination;
- c) the Company is acquired in a merger or other business combination transaction in which the Company is not the surviving company; or
- d) all or substantially all of the Company’s assets are sold or transferred.

16

Under Mr. Plavan's and Mr. Bessey's employment agreements a "change of control" is defined as: an event involving one transaction or a related series of transactions in which one of the following occurs:

- a) the Company issues securities equal to fifty percent (50%) or more of the Company's issued and outstanding voting securities, determined as a single class, to any individual, firm, partnership or other entity, including a "group" within the meaning of Section 13(d)(3) of the Securities Exchange Act of 1934;
- b) the Company issues securities equal to fifty percent (50%) or more of the issued and outstanding common stock of the Company in connection with a merger, consolidation or other business combination;
- c) the Company is acquired in a merger or other business combination transaction in which the Company is not the surviving company; or
- d) all or substantially all of the Company's assets are sold or transferred to a third party.

Under Mr. Harris' and Mr. Sivilotti's employment agreements a "change of control" is defined as: an event involving one transaction or a related series of transactions in which one of the following occurs:

- a) the Company issues securities equal to forty percent (40%) or more of the Company's issued and outstanding voting securities, determined as a single class, to any individual, firm, partnership or other entity, including a "group" within the meaning of Section 13(d)(3) of the Securities Exchange Act of 1934;
- b) the Company issues securities equal to forty percent (40%) or more of the issued and outstanding common stock of the Company in connection with a merger, consolidation or other business combination;
- c) the Company is acquired in a merger or other business combination transaction in which the Company is not the surviving company; or
- d) all or substantially all of the Company's assets are sold or transferred to a third party.

Bonuses

The bonus component of executive compensation is designed to reflect the Compensation Committee's belief that a portion of the compensation of each executive officer should be contingent upon the performance of the Company, as well as the individual contribution of each executive officer. We have from time to time paid signing, retention, referral or other bonuses to particular executive officers. Our executive employment contracts and policy provide generally for a discretionary bonus of up to 35% of the executive's base salary, which is to be determined by the Compensation Committee based on individual performance criteria and Company achievement of profitability during the year.

Risk Assessment

We do not believe that risks arising from our compensation policies and practices are reasonably likely to have a material adverse effect on the Company. We believe our approach to goal setting and evaluation of performance results assist in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. We believe we have allocated our compensation among base salary and short-and long-term compensation opportunities in such a way as to not encourage risk-taking. The multi-year vesting of our equity awards are intended to properly account for the time horizon of risk. Our insider trading policy prohibits short selling of our Company's stock or the purchase or sale of puts or calls for speculative purposes.
