Product Prospectus Royal Bank of Canada

Supplement ERN-EI-1,

Prospectus Supplement

and Prospectus, Each

Dated September 7, 2018

Royal Bank of Canada is offering the notes (the “Notes”) linked to the performance of the EURO STOXX 50 Index (the “Reference Asset”).

The CUSIP number for the Notes is 78013XWF1. The Notes do not pay interest. If the level of the Reference Asset increases from the Initial Level to the Final Level, the Notes provide a one-for-one return based on that increase. If the Final Level of the Reference Asset is equal to or less than the Initial Level, the investor will receive the principal amount at maturity, and no additional payment. Any payments on the Notes are subject to our credit risk.

Issue Date: January 31, 2019

Maturity Date: August 2, 2022

The Notes will not be listed on any securities exchange.

Investing in the Notes involves a number of risks. See “Risk Factors” beginning on page S-1 of the prospectus supplement dated September 7, 2018, “Additional Risk Factors Specific to the Notes” beginning on page PS-4 of the product prospectus supplement dated September 7, 2018, and “Selected Risk Considerations” beginning on page P-6 of this terms supplement.

The Notes will not constitute deposits insured by the Canada Deposit Insurance Corporation, the U.S. Federal Deposit Insurance Corporation or any other Canadian or U.S. government agency or instrumentality. The Notes are not subject to conversion into our common shares under subsection 39.2(2.3) of the Canada Deposit Insurance Corporation Act. Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined that this terms supplement is truthful or complete. Any representation to the contrary is a criminal offense.

	Per Note	Total
Price to public ⁽¹⁾	100.00%	\$
Underwriting discounts and commissions ⁽¹⁾	3.25%	\$
Proceeds to Royal Bank of Canada	96.75%	\$

⁽¹⁾Certain dealers who purchase the Notes for sale to certain fee-based advisory accounts may forego some or all of their underwriting discount or selling concessions. The public offering price for investors purchasing the Notes in these accounts may be between \$967.50 and \$1,000 per \$1,000 in principal amount.

Edgar Filing: ROYAL BANK OF CANADA - Form FWP

The initial estimated value of the Notes as of the date of this terms supplement is \$946.69 per \$1,000 in principal amount, which is less than the price to public. The final pricing supplement relating to the Notes will set forth our estimate of the initial value of the Notes as of the Trade Date, which will not be less than \$926.69 per \$1,000 in principal amount. The actual value of the Notes at any time will reflect many factors, cannot be predicted with accuracy, and may be less than this amount. We describe our determination of the initial estimated value in more detail below.

If the Notes priced on the date of this terms supplement, RBC Capital Markets, LLC, which we refer to as RBCCM, acting as agent for Royal Bank of Canada, would receive a commission of approximately \$32.50 per \$1,000 in principal amount of the Notes and would use a portion of that commission to allow selling concessions to other dealers of up to approximately \$32.50 per \$1,000 in principal amount of the Notes. The other dealers may forgo, in their sole discretion, some or all of their selling concessions. See “Supplemental Plan of Distribution (Conflicts of Interest)” below.

RBC Capital Markets, LLC

Notes Linked to the EURO STOXX 50® Index

SUMMARY

The information in this “Summary” section is qualified by the more detailed information set forth in this terms supplement, the product prospectus supplement, the prospectus supplement, and the prospectus.

Issuer: Royal Bank of Canada (“Royal Bank”)
Issue: Senior Global Medium-Term Notes, Series H
Underwriter: RBC Capital Markets, LLC (“RBCCM”)
Reference Asset: EURO STOXX 50® Index
Bloomberg Ticker: SX5E
Currency: U.S. Dollars
Minimum Investment: \$1,000 and minimum denominations of \$1,000 in excess thereof
Trade Date (Pricing Date): January 28, 2019
Issue Date: January 31, 2019
CUSIP: 78013XWF1
Valuation Date: July 28, 2022
Maturity Date: August 2, 2022, subject to extension for market and other disruptions, as described in the product prospectus supplement dated September 7, 2018.
Payment at Maturity (if held to maturity): If, on the Valuation Date, the Percentage Change is positive, then the investor will receive an amount per \$1,000 principal amount per Note equal to:
Principal Amount + (Principal Amount x Percentage Change)
If, on the Valuation Date, the Percentage Change is less than or equal to 0%, then the investor will receive the principal amount only.
Percentage Change: The Percentage Change, expressed as a percentage, is calculated using the following formula:
Initial Level: The closing level of the Reference Asset on the Trade Date.
Final Level: The closing level of the Reference Asset on the Valuation Date.
Calculation Agent: RBCCM

P-2 RBC Capital Markets, LLC

Notes Linked to the EURO STOXX 50® Index

U.S. Tax Treatment:	We intend to take the position that the Notes will be treated as debt instruments subject to the special tax rules governing contingent payment debt instruments for U.S. federal income tax purposes. Please see the section below, “Supplemental Discussion of U.S. Federal Income Tax Consequences” which applies to the Notes.
Secondary Market:	RBCCM (or one of its affiliates), though not obligated to do so, may maintain a secondary market in the Notes after the Issue Date. The amount that you may receive upon sale of your Notes prior to maturity may be less than the principal amount of your Notes.
Listing:	The Notes will not be listed on any securities exchange.
Clearance and Settlement:	DTC global (including through its indirect participants Euroclear and Clearstream, Luxembourg as described under “Description of Debt Securities — Ownership and Book-Entry Issuance” in the prospectus dated September 7, 2018).
Terms Incorporated in the Master Note:	All of the terms appearing above the item captioned “Secondary Market” on pages P-2 and P-3 of this terms supplement and the terms appearing under the caption “General Terms of the Notes” in the product prospectus supplement dated September 7, 2018, as modified by this terms supplement.

ADDITIONAL TERMS OF YOUR NOTES

You should read this terms supplement together with the prospectus dated September 7, 2018, as supplemented by the prospectus supplement dated September 7, 2018 and the product prospectus supplement dated September 7, 2018, relating to our Senior Global Medium-Term Notes, Series H, of which these Notes are a part. Capitalized terms used but not defined in this terms supplement will have the meanings given to them in the product prospectus supplement. In the event of any conflict, this terms supplement will control. The Notes vary from the terms described in the product prospectus supplement in several important ways. You should read this terms supplement carefully. This terms supplement, together with the documents listed below, contains the terms of the Notes and supersedes all prior or contemporaneous oral statements as well as any other written materials including preliminary or indicative pricing terms, correspondence, trade ideas, structures for implementation, sample structures, brochures or other educational materials of ours. You should carefully consider, among other things, the matters set forth in “Risk Factors” in the prospectus supplement dated September 7, 2018 and “Additional Risk Factors Specific to the Notes” in the product prospectus supplement dated September 7, 2018, as the Notes involve risks not associated with conventional debt securities. We urge you to consult your investment, legal, tax, accounting and other advisors before you invest in the Notes. You may access these documents on the Securities and Exchange Commission (the “SEC”) website at www.sec.gov as follows (or if that address has changed, by reviewing our filings for the relevant date on the SEC website):

Prospectus dated September 7, 2018:

<https://www.sec.gov/Archives/edgar/data/1000275/000121465918005973/l96181424b3.htm>

Prospectus Supplement dated September 7, 2018:

<https://www.sec.gov/Archives/edgar/data/1000275/000121465918005975/f97180424b3.htm>

Product Prospectus Supplement ERN-EI-1 dated September 7, 2018:

<https://www.sec.gov/Archives/edgar/data/1000275/000114036118038044/form424b5.htm>

Our Central Index Key, or CIK, on the SEC website is 1000275. As used in this terms supplement, “we,” “us,” or “our” refers to Royal Bank of Canada.

Royal Bank of Canada has filed a registration statement (including a product prospectus supplement, a prospectus supplement, and a prospectus) with the SEC for the offering to which this terms supplement relates. Before you invest, you should read those documents and the other documents relating to this offering that we have filed with the SEC for more complete information about us and this offering. You may obtain these documents without cost by visiting EDGAR on the SEC website at www.sec.gov. Alternatively, Royal Bank of Canada, any agent or any dealer participating in this offering will arrange to send you the product prospectus supplement, the prospectus supplement and the prospectus if you so request by calling toll-free at 1-877-688-2301.

P-4 RBC Capital Markets, LLC

Notes Linked to the EURO STOXX 50® Index

HYPOTHETICAL RETURNS

The examples set out below are included for illustration purposes only. The hypothetical Percentage Changes of the Reference Asset used to illustrate the calculation of the Payment at Maturity (rounded to two decimal places) are not estimates or forecasts of the Initial Level, the Final Level or the level of the Reference Asset on any trading day prior to the Maturity Date. All examples assume that a holder purchased Notes with an aggregate principal amount of \$1,000 and that no market disruption event occurs on the Valuation Date.

Example 1 — Calculation of the Payment at Maturity where the Percentage Change is negative.

Percentage Change: -10%

Payment at Maturity: In this case, even though the Percentage Change is negative, you will receive the principal amount of your Notes at maturity.

In this case, on a \$1,000 investment, a -10% Percentage Change results in a Payment at Maturity of \$1,000.00, a 0.00% return on the Notes.

Example 2 — Calculation of the Payment at Maturity where the Percentage Change is positive.

Percentage Change: 10%

Payment at Maturity: $\$1,000 + (\$1,000 \times 10\%) = \$1,000 + \$100.00 = \$1,100.00$

On a \$1,000 investment, a 10% Percentage Change results in a Payment at Maturity of \$1,100.00, a 10.00% return on the Notes.

Notes Linked to the EURO STOXX 50® Index

SELECTED RISK CONSIDERATIONS

An investment in the Notes involves significant risks. Investing in the Notes is not equivalent to investing directly in the Reference Asset. These risks are explained in more detail in the section “Additional Risk Factors Specific to the Notes,” beginning on page PS-4 of the product prospectus supplement. In addition to the risks described in the prospectus supplement and the product prospectus supplement, you should consider the following:

You May Not Earn a Return on Your Investment – The payment you will receive at maturity will depend on whether the level of the Reference Asset increases from the Initial Level to the Final Level. If the level of the Reference Asset decreases from the Initial Level to the Final Level (or if the level of the Reference Asset is unchanged), you will not receive any positive return on the Notes and you will only receive the principal amount.

The Notes Do Not Pay Interest and Your Return May Be Lower than the Return on a Conventional Debt Security of Comparable Maturity – There will be no periodic interest payments on the Notes as there would be on a conventional fixed-rate or floating-rate debt security having the same maturity. The return that you will receive on the Notes, which could be zero, may be less than the return you could earn on other investments. Even if your return is positive, your return may be less than the return you would earn if you bought a conventional senior interest bearing debt security of Royal Bank. As a result, your investment in the Notes may not reflect the full opportunity cost to you when you consider factors, such as inflation, that affect the time value of money.

Payments on the Notes Are Subject to Our Credit Risk, and Changes in Our Credit Ratings Are Expected to Affect the Market Value of the Notes – The Notes are Royal Bank’s senior unsecured debt securities. As a result, your receipt of the amount due on the maturity date is dependent upon Royal Bank’s ability to repay its obligations at that time. This will be the case even if the level of the Reference Asset increases after the Trade Date. No assurance can be given as to what our financial condition will be at the maturity of the Notes.

There May Not Be an Active Trading Market for the Notes—Sales in the Secondary Market May Result in Significant Losses – There may be little or no secondary market for the Notes. The Notes will not be listed on any securities exchange. RBCCM and other affiliates of Royal Bank may make a market for the Notes; however, they are not required to do so. RBCCM or any other affiliate of Royal Bank may stop any market-making activities at any time. Even if a secondary market for the Notes develops, it may not provide significant liquidity or trade at prices advantageous to you. We expect that transaction costs in any secondary market would be high. As a result, the difference between bid and asked prices for your Notes in any secondary market could be substantial. The stated payment by Royal Bank, including the potential repayment of principal, only applies if you hold the Notes to maturity. Sales prior to maturity could result in a loss on your investment.

You Will Not Have Any Rights to the Securities Included in the Reference Asset – As a holder of the Notes, you will not have voting rights or rights to receive cash dividends or other distributions or other rights that holders of securities included in the Reference Asset would have. The Final Level will not reflect any dividends paid on the securities included in the Reference Asset, and accordingly, any positive return on the Notes may be less than the potential positive return on those securities.

The Initial Estimated Value of the Notes Will Be Less than the Price to the Public – The initial estimated value set forth on the cover page and that will be set forth in the final pricing supplement for the Notes does not represent a minimum price at which we, RBCCM or any of our affiliates would be willing to purchase the Notes in any secondary market (if any exists) at any time. If you attempt to sell the Notes prior to maturity, their market value may be lower than the price you paid for them and the initial estimated value. This is due to, among other things, changes in the level of the Reference Asset, the borrowing rate we pay to issue securities of this kind, and the inclusion in the price to the public of the underwriting discount and the estimated costs relating to our hedging of the Notes. These factors, together with various credit, market and economic factors over the term of the Notes, are expected to reduce the price at which you may be able to sell the Notes in any secondary market and will affect the value of the Notes in complex and unpredictable ways. Assuming no change in market conditions or any other relevant factors, the price, if any, at which you may be able to sell your Notes prior to maturity may be less than your original purchase price, as any such sale price would not be expected to include the underwriting discount and the hedging costs relating to the

Notes. In addition to bid-ask spreads, the value of the Notes

P-6 RBC Capital Markets, LLC

Notes Linked to the EURO STOXX 50® Index

determined for any secondary market price is expected to be based on the secondary rate rather than the internal funding rate used to price the Notes and determine the initial estimated value. As a result, the secondary price will be less than if the internal funding rate was used. The Notes are not designed to be short-term trading instruments. Accordingly, you should be able and willing to hold your Notes to maturity.

The Initial Estimated Value of the Notes on the Cover Page and that We Will Provide in the Final Pricing Supplement Are Estimates Only, Calculated as of the Time the Terms of the Notes Are Set – The initial estimated value of the Notes will be based on the value of our obligation to make the payments on the Notes, together with the mid-market value of the derivative embedded in the terms of the Notes. See “Structuring the Notes” below. Our estimates are based on a variety of assumptions, including our credit spreads, expectations as to dividends, interest rates and volatility, and the expected term of the Notes. These assumptions are based on certain forecasts about future events, which may prove to be incorrect. Other entities may value the Notes or similar securities at a price that is significantly different than we do.

The value of the Notes at any time after the Trade Date will vary based on many factors, including changes in market conditions, and cannot be predicted with accuracy. As a result, the actual value you would receive if you sold the Notes in any secondary market, if any, should be expected to differ materially from the initial estimated value of your Notes.

An Investment in the Notes Is Subject to Risks Relating to Non-U.S. Securities Markets – Because foreign companies or foreign equity securities included in the Reference Asset are publicly traded in the applicable foreign countries and are denominated in euros, an investment in the securities involves particular risks. For example, the non-U.S. securities markets may be more volatile than the U.S. securities markets, and market developments may affect these markets differently from the U.S. or other securities markets. Direct or indirect government intervention to stabilize the securities markets outside the U.S., as well as cross-shareholdings in certain companies, may affect trading prices and trading volumes in those markets. Also, the public availability of information concerning the foreign issuers may vary depending on their home jurisdiction and the reporting requirements imposed by their respective regulators. In addition, the foreign issuers may be subject to accounting, auditing and financial reporting standards and requirements that differ from those applicable to U.S. reporting companies.

The securities included in the Reference Asset are issued by companies located within the Eurozone, which is and has been undergoing severe financial stress, and the political, legal and regulatory ramifications are impossible to predict. Changes within the Eurozone could have a material adverse effect on the performance of the Reference Asset and, consequently, on the value of the Notes.

Inconsistent Research – Royal Bank or its affiliates may issue research reports on securities that are, or may become, components of the Reference Asset. We may also publish research from time to time on financial markets and other matters that may influence the levels of the Reference Asset or the value of the Notes, or express opinions or provide recommendations that may be inconsistent with the purchasing or holding the Notes or with the investment view implicit in the Notes or the Reference Asset. You should make your own independent investigation of the merits of investing in the Notes and the Reference Asset.

Market Disruption Events and Adjustments – The payment at maturity and the Valuation Date are subject to adjustment as described in the product prospectus supplement. For a description of what constitutes a market disruption event as well as the consequences of that market disruption event, see “General Terms of the Notes—Market Disruption Events” in the product prospectus supplement.

You Will Be Required to Include Income on the Notes Over Their Term Based Upon a Comparable Yield, Even Though You Will Not Receive Any Payments Until Maturity – The Notes are considered to be issued with original issue discount. You will be required to include income on the Notes over their term based upon a comparable yield, even though you will not receive any payments until maturity. You are urged to review the section entitled “Supplemental Discussion of U.S. Federal Income Tax Consequences” and consult your own tax advisor.

Notes Linked to the EURO STOXX 50® Index

INFORMATION REGARDING THE REFERENCE ASSET

All disclosures contained in this terms supplement regarding the Reference Asset, including, without limitation, its make-up, method of calculation, and changes in its components, have been derived from publicly available sources. The information reflects the policies of, and is subject to change by, STOXX Limited, as the sponsor of the Reference Asset (“STOXX”). STOXX, which owns the copyright and all other rights to the Reference Asset, has no obligation to continue to publish, and may discontinue publication of, the Reference Asset. The consequences of STOXX discontinuing publication of the Reference Asset are discussed in the section of the product prospectus supplement entitled “General Terms of the Notes—Unavailability of the Level of the Reference Asset.” Neither we nor RBCCM accepts any responsibility for the calculation, maintenance or publication of the Reference Asset or any successor index.

The Reference Asset was created by STOXX Limited, a subsidiary of Deutsche Börse AG. Publication of the Reference Asset began in February 1998, based on an initial index level of 1,000 at December 31, 1991.

Composition and Maintenance

The Reference Asset is composed of 50 component stocks of market sector leaders from within the 19 EURO STOXX® Supersector indices, which represent the Eurozone portion of the STOXX Europe 600® Supersector indices. The composition of the Reference Asset is reviewed annually, based on the closing stock data on the last trading day in August. The component stocks are announced on the first trading day in September. Changes to the component stocks are implemented on the third Friday in September and are effective the following trading day. Changes in the composition of the Reference Asset are made to ensure that the Reference Asset includes the 50 market sector leaders from within the Reference Asset.

The free float factors for each component stock used to calculate the Reference Asset, as described below, are reviewed, calculated, and implemented on a quarterly basis and are fixed until the next quarterly review.

The Reference Asset is also reviewed on an ongoing monthly basis. Corporate actions (including initial public offerings, mergers and takeovers, spin-offs, delistings, and bankruptcy) that affect the Reference Asset composition are announced immediately, implemented two trading days later and become effective on the next trading day after implementation.

Calculation of the Reference Asset

The Reference Asset is calculated with the “Laspeyres formula,” which measures the aggregate price changes in the component stocks against a fixed base quantity weight. The formula for calculating the Reference Asset value can be expressed as follows:

$$\text{Reference Asset} = \frac{\text{Free float market capitalization of the Reference Asset}}{\text{Divisor}}$$

The “free float market capitalization of the Reference Asset” is equal to the sum of the products of the price, the number of shares, the free float factor and the weighting cap factor for each component stock as of the time the Reference Asset is being calculated.

The Reference Asset is also subject to a divisor, which is adjusted to maintain the continuity of the Reference Asset values across changes due to corporate actions, such as the deletion and addition of stocks, the substitution of stocks, stock dividends, and stock splits.

Notes Linked to the EURO STOXX 50® Index

License Agreement

We have entered into a non-exclusive license agreement with STOXX providing for the license to us and certain of our affiliated or subsidiary companies, in exchange for a fee, of the right to use indices owned and published by STOXX (including the Reference Asset) in connection with certain securities, including the Notes offered hereby. The license agreement between us and STOXX requires that the following language be stated in this document: STOXX has no relationship to us, other than the licensing of the Reference Asset and the related trademarks for use in connection with the Notes. STOXX does not:

- sponsor, endorse, sell, or promote the Notes;
- recommend that any person invest in the Notes offered hereby or any other securities;
- have any responsibility or liability for or make any decisions about the timing, amount, or pricing of the Notes;
- have any responsibility or liability for the administration, management, or marketing of the Notes; or
- consider the needs of the Notes or the holders of the Notes in determining, composing, or calculating the Reference Asset, or have any obligation to do so.

STOXX will not have any liability in connection with the Notes. Specifically:

- STOXX does not make any warranty, express or implied, and disclaims any and all warranty concerning: the results to be obtained by the Notes, the holders of the Notes or any other person in connection with the use of the Reference Asset and the data included in the Reference Asset;
- the accuracy or completeness of the Reference Asset and its data;
- the merchantability and the fitness for a particular purpose or use of the Reference Asset and its data;
- STOXX will have no liability for any errors, omissions, or interruptions in the Reference Asset or its data; and
- Under no circumstances will STOXX be liable for any lost profits or indirect, punitive, special, or consequential damages or losses, even if STOXX knows that they might occur.

The licensing agreement between us and STOXX is solely for their benefit and our benefit, and not for the benefit of the holders of the Notes or any other third parties.

**SUPPLEMENTAL DISCUSSION OF
U.S. FEDERAL INCOME TAX CONSEQUENCES**

The following is a general description of the material U.S. tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of the Notes should consult their tax advisors as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of the U.S. of acquiring, holding and disposing of the Notes and receiving payments under the Notes. This summary is based upon the law as in effect on the date of this document and is subject to any change in law that may take effect after such date.

The following section supplements the discussion of U.S. federal income taxation in the accompanying prospectus and prospectus supplement and it supersedes the discussion of U.S. federal income taxation in the accompanying product prospectus supplement. It applies only to those holders who are not excluded from the discussion of U.S. federal income taxation in the accompanying prospectus. This discussion applies only to holders that will purchase the Notes upon original issuance and will hold the Notes as capital assets for U.S. federal income tax purposes. Further, this discussion does not address the tax consequences applicable to any holders under section 451(b) of the U.S. Internal Revenue Code of 1986, as amended (the “Code”).

You should consult your tax advisor concerning the U.S. federal income tax and other tax consequences of your investment in the Notes in your particular circumstances, including the application of state, local or other tax laws and the possible effects of changes in federal or other tax laws.

NO STATUTORY, JUDICIAL OR ADMINISTRATIVE AUTHORITY DIRECTLY DISCUSSES HOW THE NOTES SHOULD BE TREATED FOR U.S. FEDERAL INCOME TAX PURPOSES. AS A RESULT, THE U.S. FEDERAL INCOME TAX CONSEQUENCES OF AN INVESTMENT IN THE NOTES ARE UNCERTAIN. BECAUSE OF THE UNCERTAINTY, YOU SHOULD CONSULT YOUR TAX ADVISOR IN DETERMINING THE U.S. FEDERAL INCOME TAX AND OTHER TAX CONSEQUENCES OF YOUR INVESTMENT IN THE NOTES, INCLUDING THE APPLICATION OF STATE, LOCAL OR OTHER TAX LAWS AND THE POSSIBLE EFFECTS OF CHANGES IN FEDERAL OR OTHER TAX LAWS.

We will not attempt to ascertain whether any of the entities whose stock is included in the Reference Asset would be treated as a “passive foreign investment company” within the meaning of Section 1297 of the Code, or a “U.S. real property holding corporation,” within the meaning of Section 897 of the Code. If any of the entities whose stock is included in the Reference Asset were so treated, certain adverse U.S. federal income tax consequences could possibly apply to a holder. You should refer to any available information filed with the SEC and other authorities by the entities whose stock is included in the Reference Asset and consult your tax advisor regarding the possible consequences to you in this regard, if any.

Royal Bank intends to treat any interest with respect to the Notes, as determined for U.S. federal income tax purposes, as from sources within the U.S.

We intend to take the position that the Notes will be treated as debt instruments subject to the special tax rules governing contingent payment debt instruments for U.S. federal income tax purposes. Under those rules, the amount of interest you are required to take into account for each accrual period will be determined by constructing a projected payment schedule for the Notes, and applying the rules similar to those for accruing original issue discount on a hypothetical noncontingent debt instrument with that projected payment schedule. This method is applied by first determining the yield at which we would issue a noncontingent fixed rate debt instrument with terms and conditions similar to the Notes (the “comparable yield”) and then determining a payment schedule as of the issue date that would produce the comparable yield. A projected payment schedule with respect to a note generally is a series of projected payments, the amount and timing of which would produce a yield to maturity on that note equal to the comparable yield. This projected payment schedule is solely for tax purposes and will consist of the Payment at Maturity. These rules will generally have the effect of requiring you to include amounts as income in respect of the Notes prior to your receipt of cash attributable to that income.

The amount of interest that you will be required to include in income during each accrual period for the Notes will equal the product of the adjusted issue price for the Notes at the beginning of the accrual period and the comparable yield for

P-11 RBC Capital Markets, LLC

Notes Linked to the EURO STOXX 50[®] Index

the Notes for such period. The adjusted issue price of the Notes will equal the Notes' original offering price plus any interest deemed to be accrued on the Notes (under the rules governing contingent payment debt instruments).

To obtain the comparable yield and projected payment schedule for your Note, you should call RBC Capital Markets, LLC toll free at 1-877-688-2301. You are required to use such comparable yield and projected payment schedule in determining your interest accruals in respect of your Notes, unless you timely disclose and justify on your federal income tax return the use of a different comparable yield and projected payment schedule.

The comparable yield and projected payment schedule are not provided to you for any purpose other than the determination of your interest accruals in respect of the Notes, and we make no representations regarding the amount of contingent payments with respect to the Notes.

If the contingent payment on the Notes becomes fixed on a day that is more than 6 months before the payment is due, applicable Treasury regulations provide that you should make adjustments to the prior and future interest inclusions in respect of your Notes over the remaining term for the Notes in a reasonable manner. You should consult your tax advisor as to what would be a "reasonable manner" in your particular situation.

You will recognize gain or loss on the sale or maturity of the Notes in an amount equal to the difference, if any, between the amount of cash you receive at such time and your adjusted basis in the Notes. In general, your adjusted basis in the Notes will equal the amount you paid for the Notes, increased by the amount of interest you previously accrued with respect to the Notes (in accordance with the comparable yield for the Notes).

Any gain you recognize on the sale or maturity of the Notes will be ordinary interest income. Any loss you recognize at such time will be ordinary loss to the extent of interest you included as income in the current or previous taxable years in respect of the Notes, and thereafter, capital loss. The deductibility of capital losses is limited.

Backup Withholding and Information Reporting. Payments made with respect to the Notes and proceeds from the sale of the Notes may be subject to a backup withholding tax unless, in general, the holder complies with certain procedures or is an exempt recipient. Any amounts so withheld generally will be refunded by the Internal Revenue Service ("IRS") or allowed as a credit against the holder's U.S. federal income tax, provided the holder makes a timely filing of an appropriate tax return or refund claim.

Reports will be made to the IRS and to holders that are not exempted from the reporting requirements.

Non-U.S. Holders. The following discussion applies to non-U.S. holders of the Notes. You are a non-U.S. holder if you are a beneficial owner of a Note and are for U.S. federal income tax purposes a non-resident alien individual, a foreign corporation, or a foreign estate or trust.

Except as discussed below, payments made to a non-U.S. holder, and any gain realized on the sale or maturity of the Notes, generally should be exempt from U.S. federal income and withholding tax, subject to generally applicable exceptions set forth in the rules exempting "portfolio interest" from U.S. withholding tax, provided that (i) the holder complies with applicable certification requirements, which certification may be made on Form W-8BEN or W-8BEN-E (or a substitute or successor form) on which the holder certifies, under penalties of perjury, that the holder is not a U.S. person and provides its name and address, (ii) the payment or gain is not effectively connected with the conduct by the holder of a U.S. trade or business, and (iii) if the holder is a non-resident alien individual, the holder is not present in the U.S. for 183 days or more during the taxable year of the sale or maturity of the Notes. In the case of (ii) above, the holder generally should be subject to U.S. federal income tax with respect to any income or gain in the same manner as if the holder were a U.S. holder and, in the case of a holder that is a corporation, the holder may also be subject to a branch profits tax equal to 30% (or such lower rate provided by an applicable U.S. income tax treaty) of a portion of its earnings and profits for the taxable year that are effectively connected with its conduct of a trade or business in the U.S., subject to certain adjustments. Payments made to a non-U.S. holder may be subject to information reporting and to backup withholding unless the holder complies with applicable certification and identification requirements as to its foreign status.

Table of Contents

- (1) On March 28, 2008, we distributed all of our interest in PMI to our stockholders in a tax-free distribution. We have reflected the results of PMI prior to the distribution as discontinued operations in the statement of earnings data. On March 30, 2007, we distributed all of our remaining interest in Kraft on a pro-rata basis to our stockholders in a tax-free distribution. We have reflected the results of Kraft prior to the Kraft distribution date as discontinued operations in the statement of earnings data.
- (2) Amounts related to PMI as of December 31, 2007 and 2006 and Kraft as of December 31, 2006 have been excluded and reflected as discontinued operations.
- (3) Financial services assets and liabilities are unclassified in accordance with industry practices. The financial services long-term debt of \$500 million matures in July 2009.

UNAUDITED PRO FORMA COMBINED CONDENSED FINANCIAL INFORMATION

We, Armchair Merger Sub, Inc., our indirect wholly-owned merger subsidiary, and UST have entered into an agreement and plan of merger, dated as of September 7, 2008, which was amended October 2, 2008, pursuant to which our merger subsidiary will be merged with and into UST, with UST surviving as our indirect wholly-owned subsidiary.

The unaudited pro forma combined condensed financial information is based upon the historical consolidated financial statements and notes thereto of Altria and UST and has been prepared to illustrate the effect of our proposed acquisition of UST. The unaudited pro forma combined condensed financial information gives effect to the November offering and the application of the net proceeds therefrom to fund a portion of the consideration to be paid in connection with our proposed acquisition of UST. The unaudited pro forma combined condensed financial information, however, does not give effect to the completion of this offering and the application of the net proceeds therefrom, as described under Use of Proceeds. We expect that the \$5,080 million of expected short-term borrowings under our new 364-day bridge loan facility reflected in note (4) under Notes to Unaudited Pro Forma Combined Condensed Financial Statements will be reduced by an amount equal to the net proceeds (after expenses) from this offering and that our long-term debt correspondingly will be increased by the aggregate principal amount of the notes sold in this offering.

The Pro Forma Combined Condensed Balance Sheet set forth below has been computed assuming our proposed acquisition of UST had been consummated at September 30, 2008. The Pro Forma Combined Condensed Statements of Earnings set forth below have been computed assuming our proposed acquisition of UST had been consummated on January 1, 2007.

In connection with the merger, each outstanding share of UST's common stock, other than those held by UST, Altria or our merger subsidiary, and other than those shares with respect to which appraisal rights are properly exercised and not withdrawn, will be converted into the right to receive \$69.50 in cash, or the per share merger consideration, without interest. The pro forma combined condensed financial statements presented herein give effect to our acquisition of all of the outstanding shares of UST (148.4 million), restricted stock (0.5 million), restricted stock units (0.3 million) and stock awards (0.1 million) at September 30, 2008 in exchange for the right to receive the per share merger consideration in cash. Additionally, each stock option outstanding and unexercised at September 30, 2008 (2.6 million) is assumed to be cancelled in exchange for the right to receive the difference between the exercise price for such option and the per share merger consideration in cash. Therefore, the acquisition is reflected as:

the payment of \$10,373 million in cash for the outstanding shares of UST common stock, restricted stock, restricted stock units and stock awards; and

the payment of \$89 million in cash in connection with the cancellation of the UST stock options calculated based on the excess of the per share merger consideration over the weighted average exercise price per stock option (\$35.31);
for an aggregate consideration of \$10,462 million, also referred to herein as the purchase price.

The pro forma combined condensed financial statements assume total financing of \$11,000 million by Altria through a combination of the net proceeds from the November offering (\$5,920 million) and drawdowns on our new 364-day bridge loan facility (\$5,080 million) which, for purposes of the pro forma financial information, have been assumed will be used to fund the purchase price, fees associated with our new bridge loan facility (\$125 million), fees associated with our former bridge loan agreement (\$25 million), our estimated transaction costs (\$66 million), the funding of UST's non-qualified pension plans (\$161 million) due to change in control provisions of such plans, and the contractually required early retirement of UST's revolving credit facility (\$40 million). We intend to refinance the borrowings under our new bridge loan facility with additional publicly issued notes, or issue such notes in advance of any such borrowings to finance a portion of the purchase price.

Table of Contents

Because our proposed acquisition of UST will close after December 31, 2008, the transaction has been reflected assuming that it will be accounted for under the acquisition method in accordance with Statement of Financial Accounting Standards (SFAS) No. 141 (revised 2007), Business Combinations, or SFAS 141R, which replaces SFAS No. 141, Business Combinations.

Under the acquisition method, the total estimated purchase price is calculated as described in Note 3 to these pro forma combined condensed financial statements. In accordance with SFAS 141R, the assets acquired and the liabilities assumed have been measured based on various preliminary estimates. These estimates are based on key assumptions of the acquisition, including prior acquisition experience, benchmarking of similar acquisitions and historical data. Because these pro forma combined condensed financial statements have been prepared based on preliminary estimates, the actual amounts recorded for the acquisition may differ from the information presented. These estimates are subject to change pending further review of the assets acquired and liabilities assumed. A final determination of the recognition and measurement of the identified assets acquired and liabilities assumed will be based on the actual net tangible and intangible assets and liabilities of UST that will exist on the date of the closing of our proposed acquisition of UST.

For purposes of measuring the estimated fair value, where applicable, of the assets acquired and the liabilities assumed as reflected in the unaudited pro forma combined condensed financial information, we have used the guidance in SFAS No. 157, Fair Value Measurements, which establishes a framework for measuring fair values.

The Pro Forma Combined Condensed Statements of Earnings do not reflect future events that may occur after the completion of our proposed acquisition of UST, including the potential realization of operating cost savings, or restructuring or other costs relating to the integration of the two companies nor do they include any other non-recurring costs related to the acquisition. The combined condensed pro forma financial statements were prepared in accordance with the regulations of the SEC and are not necessarily indicative of the financial position or results of operations that would have occurred if the acquisition had been completed on the dates indicated, nor are they indicative of the future operating results or financial position of the combined company.

The accompanying pro forma combined condensed financial data should be read in conjunction with the historical financial statements and the accompanying notes of Altria included in our September 30, 2008 Quarterly Report on Form 10-Q filed with the SEC on November 3, 2008, the historical financial statements and the accompanying notes of Altria included in our Current Report on Form 8-K filed with the SEC on September 8, 2008 and the historical financial statements and the accompanying notes of UST, which are filed as exhibits to our Current Report on Form 8-K filed with the SEC on November 4, 2008.

Table of Contents**Notes to Unaudited Pro Forma Combined Condensed Financial Statements**

1. Reflects an adjustment of \$131 million to record UST's inventory at its estimated fair value. Altria's assumed fair value of UST's inventory may change after the closing of the acquisition. Altria's pro forma fair value adjustment to inventory is based on UST's inventory at September 30, 2008, as well as fair value adjustments to inventory in recent acquisitions of companies with assets similar to UST. In addition, as Altria sells the acquired inventory, its cost of sales will reflect the increased valuation of UST's inventory, which will temporarily reduce Altria's gross margins until such inventory is sold. This is considered a non-recurring adjustment and as such is not included in the Pro Forma Combined Condensed Statements of Earnings.
2. Reflects an adjustment of \$97 million to record UST's property, plant and equipment at its estimated fair value. Altria's assumed fair value of UST's property, plant and equipment may change after the closing of the acquisition. Altria's pro forma fair value adjustment to property, plant and equipment, net, equals 20% of historical net book value, which was derived based on adjustments recorded in recent acquisitions of other companies with assets similar to UST.
3. The computation of the total purchase price, excess of purchase price over the net tangible book value of net assets acquired and the resulting net adjustment to goodwill are as follows (in millions):

Total cash consideration for outstanding stock	\$ 10,311
Estimated cash consideration for restricted stock, restricted stock units and stock awards	62
Estimated cash consideration for stock options	89
 Total estimated purchase price	 10,462
 Net book value of UST Inc. net assets acquired	 (356)
Less: UST Inc. goodwill acquired	(28)
Less: UST Inc. intangible assets acquired	(55)
 Net tangible book value of UST Inc.'s net assets acquired	 (439)
 Excess purchase price over net tangible book value of net assets acquired	 10,901
Adjustments to goodwill related to:	
Inventory	(131)
Property, plant and equipment	(97)
Deferred income tax liability - short-term	57
Deferred income tax liability - long-term	3,446
Identifiable intangible assets	(9,886)
Increased projected benefit obligation for non-qualified pension plans	50
UST Inc.'s short-term debt	(6)
UST Inc.'s long-term debt	6
 Total adjustments	 (6,561)
 Gross adjustment to goodwill	 4,340
Less: UST Inc. goodwill acquired	(28)
 Net adjustment to goodwill	 \$ 4,312

Edgar Filing: ROYAL BANK OF CANADA - Form FWP

For the purpose of preparing the pro forma financial information, certain of the assets acquired and liabilities assumed have been measured at their estimated fair values as of September 30, 2008. These estimates are subject to change pending further review of the fair values of the assets acquired and the liabilities assumed. A final determination of fair values will be based on the actual net tangible and

S-22

Table of Contents

intangible assets and liabilities of UST that will exist on the date of the closing of the acquisition. Accordingly, the fair values of the assets and liabilities included in the table above are preliminary and subject to change pending additional information that may become known to Altria and UST. An increase in the fair value of inventory, property, plant and equipment or any identifiable intangible assets will reduce the amount of goodwill in the combined condensed financial information, and may result in increased depreciation and/or amortization expense.

A preliminary fair value estimate of \$408 million relates to amortizable intangible assets acquired, primarily consisting of customer relationships. Amortization related to the fair value of amortizable intangible assets, taken over an average life of 20 years, is reflected as a pro forma adjustment to the Pro Forma Combined Condensed Statements of Earnings.

A preliminary fair value estimate of \$9,478 million relates to UST trade names. Altria management took many factors into consideration including the history of the trade names and future cash flows in coming to the determination that the assets have indefinite lives. Therefore, in accordance with SFAS No. 142 Goodwill and Other Intangible Assets, trade names will not be amortized but instead will be tested for impairment at least annually.

4. Reflects the issuance of the notes in the November offering (\$6,000 million), net of unamortized debt discounts (\$37 million), and expected borrowings of \$5,080 million under a new bridge loan facility to fund the total estimated purchase price. The borrowings also reflect fees associated with the new bridge loan facility (\$125 million), fees associated with the former bridge loan agreement (\$25 million), estimated Altria transaction costs (\$66 million), the funding of UST's non-qualified pension plans (\$161 million) due to change in control provisions of such plans, and the contractually required early retirement of UST's revolving credit facility (\$40 million). Net proceeds from the November offering and borrowings from the new bridge loan facility in excess of the total funding required for the acquisition are reflected in cash and cash equivalents. The fees associated with the new bridge loan facility and \$43 million of fees associated with the issuance of the notes in the November offering are reflected in other current assets and other assets, respectively, as deferred debt issuance costs. The estimated Altria transaction costs and the fees associated with the former bridge loan agreement are reflected as a reduction to stockholders' equity. Debt discounts related to the issuance of the notes in the November offering are reflected as a reduction to long-term debt. Altria intends to issue additional notes to the public to refinance the new bridge loan facility or issue such notes in advance of any such borrowings to finance a portion of the purchase price.
5. Represents the estimated deferred income tax liability, based on an estimated U.S. Federal statutory tax rate of 35.0% multiplied by the fair value adjustments made to assets acquired and liabilities assumed, excluding goodwill. These amounts are reflected on the Pro Forma Combined Condensed Balance Sheet as \$3,446 million of deferred income taxes and \$57 million of accounts payable and other accrued liabilities.
6. Represents the estimate of the increase in amortization and depreciation expense related to the fair value adjustment of certain intangible assets, primarily consisting of customer relationships, and the fair value adjustment to UST's property, plant and equipment.

The increase in amortization expense is based on a fair value adjustment to certain intangible assets, primarily customer relationships. These definite life intangible assets are amortized over their weighted average estimated useful life which Altria estimates to be 20 years. The determination of useful life was based upon various accounting studies, historical acquisition experience, economic factors and future cash flows of the combined company. In addition, Altria considered the relative stability of the current UST customer base.

Table of Contents

The increase in depreciation expense is based on a 20% increase in the book value of UST's property, plant and equipment due to purchase accounting and is allocated between cost of sales, and marketing, administration and research costs based on Altria's historical allocation of depreciation expense.

7. Represents the increase/decrease in interest expense related to the amortization of the fair value adjustment of UST's debt over the estimated remaining life of such debt.
8. Reflects the estimated investment earnings as a result of Altria's required funding of UST's non-qualified pension plans due to change in control provisions of such plans. The estimated investment earnings were calculated based on UST's historical assumptions related to returns on plan assets.
9. Represents the increase in interest expense, using an assumed weighted average interest rate of approximately 10%, related to a combination of the notes in the November offering and borrowings under the new bridge loan facility.

The interest rate on the new bridge loan facility may not be reflective of the borrowing rates applicable to any additional notes that Altria may issue. Altria's weighted average interest rate includes fees related to the notes issued in the November offering and its new bridge loan facility, as well as the amortization of the debt discount on such notes. Some of these fees are required to be paid assuming that the new bridge loan facility is not refinanced within a specified time frame following the closing of the acquisition. Altria intends to refinance a portion of the new bridge loan facility with additional publicly issued notes that would reduce the requirement to pay these fees. In addition, the new bridge loan facility and the notes issued in the November offering include terms that would result in additional fees and/or higher interest rates if Altria's credit rating is downgraded.

Actual interest rates for this transaction can vary from the 10% assumed rate. The effect of a 0.125% change in interest rates would result in a \$14 million change in interest expense on a pre-tax basis.

10. For purposes of this pro forma information, the U.S. Federal statutory tax rate of 35.0% has been used for all periods presented. This rate is an estimate and does not take into account any possible future tax events that may result for the ongoing company.

Table of Contents

DESCRIPTION OF NOTES

The following description of the particular terms of the notes, which we refer to as the notes, supplements the description of the general terms and provisions of the debt securities set forth under Description of Debt Securities in the attached prospectus. The attached prospectus contains a detailed summary of additional provisions of the notes and of the indenture, dated as of November 4, 2008, among Altria, PM USA and Deutsche Bank Trust Company Americas, as trustee, under which the notes will be issued. The following description supersedes the description of the debt securities in the attached prospectus, to the extent of any inconsistency. Terms used in this prospectus supplement that are otherwise not defined will have the meanings given to them in the attached prospectus. In this Description of Notes section, references to Altria, the company, we, us and our are only to Altria Group, Inc. and not its subsidiaries.

Certain Terms of the 7.125% Notes due 2010

The notes due 2010 are a series of debt securities described in the attached prospectus, and will be senior debt securities, initially issued in the aggregate principal amount of \$775,000,000, and will mature on June 22, 2010.

The notes will bear interest at the rate of 7.125% per annum from December 22, 2008, payable in arrears on June 22 and December 22 of each year, commencing June 22, 2009, to the persons in whose names the notes are registered at the close of business on the preceding June 7 or December 7, each a record date, as the case may be. Interest will be computed on the basis of a 360-day year consisting of twelve 30-day months.

Subsidiary Guarantee

The notes will be guaranteed by PM USA. The attached prospectus contains a detailed description of the guarantee and the related guarantee agreement that PM USA will enter into in connection with its guarantee of the notes. See Description of Guarantees of Debt Securities in the attached prospectus.

In addition to the Events of Default set forth in the indenture, the following will constitute an Event of Default with respect to the notes:

PM USA or a court takes certain actions relating to bankruptcy, insolvency or reorganization of PM USA; and

PM USA's guarantee with respect to the notes is determined to be unenforceable or invalid or for any reason ceases to be in full force and effect except as permitted by the indenture and the guarantee agreement, or PM USA repudiates its obligations under such guarantee.

See Description of Debt Securities Events of Default in the attached prospectus.

General

We may, without the consent of the holders of the notes, issue additional notes having the same ranking and the same interest rate, maturity and other terms as the notes, except for the public offering price and issue date. Any additional notes having such similar terms, together with the applicable notes, will constitute a single series of notes under the indenture. No additional notes may be issued if an event of default has occurred with respect to the notes.

In some circumstances, we may elect to discharge our obligations on the notes through full defeasance or covenant defeasance. See Description of Debt Securities Defeasance in the attached prospectus for more information about how we may do this.

Table of Contents

The notes will not be entitled to any sinking fund and will not be redeemable prior to maturity, except upon the occurrence of certain tax events described under Redemption for Tax Reasons below.

Interest Rate Adjustment

The interest rate payable on the notes will be subject to adjustments from time to time if either Moody's or S&P or, in either case, any substitute rating agency (as defined below under Repurchase Upon Change of Control Triggering Event) thereof downgrades (or subsequently upgrades) the debt rating assigned to the notes, in the manner described below.

If the rating from Moody's (or any substitute rating agency thereof) of the notes is decreased to a rating set forth in the immediately following table, the interest rate on the notes will increase such that it will equal the interest rate payable on the notes on the date of their issuance plus the percentage set forth opposite the ratings from the table below:

Moody's Rating*	Percentage
Ba1	0.25%
Ba2	0.50%
Ba3	0.75%
B1 or below	1.00%

* Including the equivalent ratings of any substitute rating agency.

If the rating from S&P (or any substitute rating agency thereof) of the notes is decreased to a rating set forth in the immediately following table, the interest rate on the notes will increase such that it will equal the interest rate payable on the notes on the date of their issuance plus the percentage set forth opposite the ratings from the table below:

S&P Rating*	Percentage
BB+	0.25%
BB	0.50%
BB-	0.75%
B+ or below	1.00%

* Including the equivalent ratings of any substitute rating agency.

If at any time the interest rate on the notes has been adjusted upward and either Moody's or S&P (or, in either case, a substitute rating agency thereof), as the case may be, subsequently increases its rating of the notes to any of the threshold ratings set forth above, the interest rate on the notes will be decreased such that the interest rate for the notes equals the interest rate payable on the notes on the date of their issuance plus the percentages set forth opposite the ratings from the tables above in effect immediately following the increase. If Moody's (or any substitute rating agency thereof) subsequently increases its rating of the notes to Baa3 (or its equivalent, in the case of a substitute rating agency) or higher, and S&P (or any substitute rating agency thereof) increases its rating to BBB- (or its equivalent, in the case of a substitute rating agency) or higher the interest rate on the notes will be decreased to the interest rate payable on the notes on the date of their issuance. In addition, the interest rates on the notes will permanently cease to be subject to any adjustment described above (notwithstanding any subsequent decrease in the ratings by either or both rating agencies) if the notes become rated A3 and A- (or the equivalent of either such rating, in the case of a substitute rating agency) or higher by Moody's and S&P (or, in either case, a substitute rating agency thereof), respectively (or one of these ratings if the notes are only rated by one rating agency).

Each adjustment required by any decrease or increase in a rating set forth above, whether occasioned by the action of Moody's or S&P (or, in either case, a substitute rating agency thereof), shall be made independent of

Table of Contents

any and all other adjustments. In no event shall (1) the interest rate for the notes be reduced to below the interest rate payable on the notes on the date of their issuance or (2) the total increase in the interest rate on the notes exceed 2.00% above the interest rate payable on the notes on the date of their issuance.

No adjustments in the interest rate of the notes shall be made solely as a result of a rating agency ceasing to provide a rating of the notes. If at any time fewer than two rating agencies provide a rating of the notes for a reason beyond our control, we will use our commercially reasonable efforts to obtain a rating of the notes from a substitute rating agency, to the extent one exists, and if a substitute rating agency exists, for purposes of determining any increase or decrease in the interest rate on the notes pursuant to the tables above (a) such substitute rating agency will be substituted for the last rating agency to provide a rating of the notes but which has since ceased to provide such rating, (b) the relative rating scale used by such substitute rating agency to assign ratings to senior unsecured debt will be determined in good faith by an independent investment banking institution of national standing appointed by us and, for purposes of determining the applicable ratings included in the applicable table above with respect to such substitute rating agency, such ratings will be deemed to be the equivalent ratings used by Moody's or S&P, as applicable, in such table and (c) the interest rate on the notes will increase or decrease, as the case may be, such that the interest rate equals the interest rate payable on the notes on the date of their issuance plus the appropriate percentage, if any, set forth opposite the rating from such substitute rating agency in the applicable table above (taking into account the provisions of clause (b) above) (plus any applicable percentage resulting from a decreased rating by the other rating agency). For so long as only one rating agency provides a rating of the notes, any subsequent increase or decrease in the interest rate of the notes necessitated by a reduction or increase in the rating by the agency providing the rating shall be twice the percentage set forth in the applicable table above. For so long as none of Moody's, S&P or a substitute rating agency provides a rating of the notes, the interest rate on the notes will increase to, or remain at, as the case may be, 2.00% above the interest rate payable on the notes on the date of their issuance.

Any interest rate increase or decrease described above will take effect from the first day of the interest period during which a rating change requires an adjustment in the interest rate. If Moody's or S&P (or, in either case, a substitute rating agency thereof) changes its rating of the notes more than once during any particular interest period, the last change by such agency will control for purposes of any interest rate increase or decrease with respect to the notes described above relating to such rating agency's action.

If the interest rate payable on the notes is increased as described above the term "interest," as used with respect to the notes, will be deemed to include any such additional interest unless the context otherwise requires.

Repurchase Upon Change of Control Triggering Event

If a change of control triggering event occurs, unless we have exercised our option to redeem the notes as described under "Redemption for Tax Reasons" below, we will be required to make an offer (the "change of control offer") to each holder of the notes to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder's notes on the terms set forth in such notes. In a change of control offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of notes repurchased, plus accrued and unpaid interest, if any, on the notes repurchased to, but not including, the date of repurchase (a "change of control payment").

Within 30 days following any change of control triggering event or, at our option, prior to any change of control, but after public announcement of the transaction that constitutes or may constitute the change of control, a notice will be mailed to holders of the notes describing the transaction that constitutes or may constitute the change of control triggering event and offering to repurchase such notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed (a "change of control payment date"). The notice, if mailed prior to the date of consummation of the change of control, will state that the change of control offer is conditioned on the change of control triggering event occurring on or prior to the change of control payment date.

Table of Contents

On the change of control payment date, we will, to the extent lawful:

accept for payment all notes or portions of notes properly tendered pursuant to the change of control offer;

deposit with the paying agent an amount equal to the change of control payment in respect of all notes or portions of notes properly tendered; and

deliver or cause to be delivered to the trustee the notes properly accepted together with an officers certificate stating the aggregate principal amount of notes or portions of notes being purchased.

The paying agent will promptly mail to each holder of properly tendered notes the change of control payment for the notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new note equal in principal amount to any unpurchased portion of any notes surrendered; provided that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess of that amount.

We will not be required to make a change of control offer upon the occurrence of a change of control triggering event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements set for an offer made by us, and the third party repurchases all notes properly tendered and not withdrawn under its offer. In addition, we will not repurchase any notes if there has occurred and is continuing on the change of control payment date an event of default under the indenture, other than a default in the payment of the change of control payment upon a change of control triggering event.

To the extent that we are required to offer to repurchase the notes upon the occurrence of a change of control triggering event, we may not have sufficient funds to repurchase the notes in cash at such time. In addition, our ability to repurchase the notes for cash may be limited by law or the terms of other agreements relating to our indebtedness outstanding at the time. The failure to make such repurchase would result in a default under the notes.

We will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a change of control triggering event. To the extent that the provisions of any such securities laws or regulations conflict with the change of control offer provisions of the notes, we will comply with those securities laws and regulations and will not be deemed to have breached our obligations under the change of control offer provisions of the notes by virtue of any such conflict.

For purposes of the change of control offer provisions of the notes, the following terms will be applicable:

Change of control means the occurrence of any of the following:

- (1) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or more series of related transactions, of all or substantially all of our assets and the assets of our subsidiaries, taken as a whole, to any person, other than to our company or one of our subsidiaries;
- (2) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of our outstanding voting stock or other voting stock into which our voting stock is reclassified, consolidated, exchanged or changed, measured by voting power rather than the number of shares;
- (3) we consolidate with, or merge with or into, any person, or any person consolidates with, or merges with or into, us, in any such event pursuant to a transaction in which any of our outstanding voting stock is converted into or exchanged for cash, securities or other property, other than any such transaction where the

Table of Contents

shares of our voting stock outstanding immediately prior to such transaction constitute, or are converted into or exchanged for, a majority of the voting stock of the surviving person or any direct or indirect parent company of the surviving person immediately after giving effect to such transaction;

- (4) the first day on which a majority of the members of our Board of Directors are not continuing directors; or
- (5) the adoption of a plan relating to our liquidation or dissolution (other than our liquidation into a newly formed holding company).

Notwithstanding the foregoing, a transaction will not be deemed to involve a change of control if (i) we become a direct or indirect wholly-owned subsidiary of a holding company and (ii) (A) the direct or indirect holders of the voting stock of such holding company immediately following that transaction are substantially the same as the holders of our voting stock immediately prior to that transaction or (B) immediately following that transaction no person (other than a holding company) is the beneficial owner, directly or indirectly, of more than 50% of the voting stock of such holding company.

The definition of "change of control" includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of our assets and the assets of our subsidiaries, taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of our assets and the assets of our subsidiaries, taken as a whole, to another person or group may be uncertain.

"Change of control triggering event" means the occurrence of both (1) a change of control and (2) a ratings event.

"Continuing directors" means, as of any date of determination, any member of our Board of Directors who (1) was a member of such Board of Directors on the date the notes were issued or (2) was nominated for election, elected or appointed to such Board of Directors with the approval of a majority of the continuing directors who were members of such Board of Directors at the time of such nomination, election or appointment (either by a specific vote or by approval of our proxy statement in which such member was named a nominee for election as a director, without objection to such nomination).

"Fitch" means Fitch Ratings Ltd., a subsidiary of Fimalac, S.A., and its successors.

"Investment grade" means a rating equal to or higher than Baa3 (or the equivalent) by Moody's; a rating equal to or higher than BBB- (or the equivalent) by S&P or Fitch; and the equivalent investment grade credit rating from any replacement rating agency or rating agencies selected by us.

"Moody's" means Moody's Investors Service, Inc., a subsidiary of Moody's Corporation, and its successors.

"Person" has the meaning given thereto in Section 13(d)(3) of the Exchange Act.

"Rating agencies" means (1) each of Moody's, S&P and Fitch; and (2) if any of Moody's, S&P or Fitch ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a substitute rating agency.

"Ratings event" means the notes cease to be rated investment grade by each of the rating agencies on any day within the 60-day period (which 60-day period will be extended so long as the rating of the notes is under publicly announced consideration for a possible downgrade by any of the rating agencies) after the earlier of (1) the occurrence of a change of control and (2) public notice of the occurrence of a change of control or our intention to effect a change of control.

Table of Contents

S&P means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc., and its successors.

Substitute rating agency means a nationally recognized statistical rating organization within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act selected by us (as certified by our Chief Executive Officer or Chief Financial Officer) as a replacement agency for Moody's, S&P or Fitch, or all of them, as the case may be.

Voting stock means, with respect to any specified person (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date, the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

Payment of Additional Amounts

We will, subject to the exceptions and limitations set forth below, pay to the beneficial owner of any note who is a non-United States person (as defined below) such additional amounts as may be necessary to ensure that every net payment on such note, after deduction or withholding by us or any of our paying agents for or on account of any present or future tax, assessment or other governmental charge imposed upon or as a result of such payment by the United States or any political subdivision or taxing authority of the United States, will not be less than the amount provided in such note to be then due and payable. However, we will not pay additional amounts if the beneficial owner is subject to taxation solely for reasons other than its ownership of the note, nor will we pay additional amounts for or on account of:

- (a) any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the existence of any present or former connection (other than the mere fact of being a beneficial owner of a note) between the beneficial owner (or between a fiduciary, settlor, beneficiary or person holding a power over such beneficial owner, if the beneficial owner is an estate or trust, or a member or shareholder of the beneficial owner, if the beneficial owner is a partnership or corporation) of a note and the United States, including, without limitation, such beneficial owner (or such fiduciary, settlor, beneficiary, person holding a power, member or shareholder) being or having been a citizen or resident of the United States or treated as being or having been a resident thereof;
- (b) any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the beneficial owner (or a fiduciary, settlor, beneficiary or person holding a power over such beneficial owner, if the beneficial owner is an estate or trust, or a member or shareholder of the beneficial owner, if the beneficial owner is a partnership or corporation) (1) being or having been present in, or engaged in a trade or business in, the United States, (2) being treated as having been present in, or engaged in a trade or business in, the United States, or (3) having or having had a permanent establishment in the United States;
- (c) any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the beneficial owner (or a fiduciary, settlor, beneficiary or person holding a power over such beneficial owner, if the beneficial owner is an estate or trust, or a member or shareholder of the beneficial owner, if the beneficial owner is a partnership or corporation) being or having been with respect to the United States a personal holding company, a controlled foreign corporation, a passive foreign investment company or a foreign private foundation or other foreign tax-exempt organization, or being a corporation that accumulates earnings to avoid United States federal income tax;
- (d) any tax, assessment or other governmental charge imposed on a beneficial owner that actually or constructively owns 10% or more of the total combined voting power of all of our classes of stock that are entitled to vote within the meaning of Section 871(h)(3) of the Internal Revenue Code of 1986, as amended, or the Code;

Table of Contents

- (e) any tax, assessment or other governmental charge that is payable by any method other than withholding or deduction by us or any paying agent from payments in respect of such note;
- (f) any gift, estate, inheritance, sales, transfer, personal property or excise tax or any similar tax, assessment or other governmental charge;
- (g) any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment in respect of any note if such payment can be made without such withholding by at least one other paying agent;
- (h) any tax, assessment or other governmental charge that is imposed or withheld by reason of a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later;
- (i) any tax, assessment or other governmental charge imposed as a result of the failure of the beneficial owner to comply with applicable certification, information, documentation or other reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of a note, if such compliance is required by statute or regulation of the United States as a precondition to relief or exemption from such tax, assessment or other governmental charge;
- (j) any tax, assessment or other governmental charge imposed by reason of the failure of the beneficial owner to fulfill the statement requirements of Section 871(h) or Section 881(c) of the Code; or
- (k) any combination of items (a), (b), (c), (d), (e), (f), (g), (h), (i) and (j).

In addition, we will not pay additional amounts to a beneficial owner of a note that is a fiduciary, partnership, limited liability company or other fiscally transparent entity, or to a beneficial owner of a note that is not the sole beneficial owner of such note, as the case may be. This exception, however, will apply only to the extent that a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership, limited liability company or other fiscally transparent entity, would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment. The term **beneficial owner** includes any person holding a note on behalf of or for the account of a beneficial owner.

As used herein, the term **non-United States person** means a person that is not a United States person. The term **United States person** means a citizen or resident of the United States or, a corporation or partnership created or organized in or under the laws of the United States or any political subdivision thereof, an estate the income of which is subject to United States federal income taxation regardless of its source, a trust subject to the primary supervision of a court within the United States and the control of one or more United States persons as described in Section 7701(a)(30) of the Code, or a trust that existed on August 20, 1996, and elected to continue its treatment as a domestic trust. **United States** means the United States of America (including the states and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction (including the Commonwealth of Puerto Rico).

Redemption for Tax Reasons

We may redeem the notes prior to maturity in whole, but not in part, on not more than 60 days' notice and not less than 30 days' notice at a redemption price equal to the principal amount of the notes plus any accrued interest and additional amounts to the date fixed for redemption if:

as a result of a change in or amendment to the tax laws, regulations or rulings of the United States or any political subdivision or taxing authority of or in the United States or any change in official position

Table of Contents

regarding the application or interpretation of such laws, regulations or rulings (including a holding by a court of competent jurisdiction in the United States) that is announced or becomes effective on or after December 22, 2008, we have or will become obligated to pay additional amounts with respect to the notes as described above under Payment of Additional Amounts, or

on or after December 22, 2008, any action is taken by a taxing authority of, or any decision is rendered by a court of competent jurisdiction in, the United States or any political subdivision or taxing authority of or in the United States, including any of those actions specified in the bullet point above, whether or not such action is taken or decision is rendered with respect to us, or any change, amendment, application or interpretation is officially proposed, which, in any such case, in the written opinion of independent legal counsel of recognized standing, will result in a material probability that we will become obligated to pay additional amounts with respect to the notes,

and we in our business judgment determine that such obligations cannot be avoided by the use of reasonable measures available to us.

If we exercise our option to redeem the notes, we will deliver to the trustee a certificate signed by an authorized officer stating that we are entitled to redeem the notes and the written opinion of independent legal counsel if required.

Book-Entry Notes

We have obtained the information in this section concerning The Depository Trust Company, or DTC, Clearstream Banking, *société anonyme*, or Clearstream, and Euroclear Bank S.A./N.V., as operator of the Euroclear System, or Euroclear, and the book-entry system and procedures from sources that we believe to be reliable, but we take no responsibility for the accuracy of this information.

The notes will be offered and sold in principal amounts of \$2,000 and integral multiples of \$1,000. We will issue the notes in the form of one or more permanent global notes in fully registered, book-entry form, which we refer to as the global notes. Each such global note will be deposited with, or on behalf of, DTC or any successor thereto, as depository, or Depository, and registered in the name of Cede & Co. (DTC's partnership nominee). Unless and until it is exchanged in whole or in part for notes in definitive form, no global note may be transferred except as a whole by the Depository to a nominee of such Depository. Investors may elect to hold interests in the global notes through either the Depository (in the United States) or through Clearstream or Euroclear, if they are participants in such systems, or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositories, which in turn will hold such interests in customers' securities accounts in the depositories' names on the books of DTC.

DTC advises that it is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to the provision of Section 17A of the Exchange Act. DTC holds securities that its participants, or DTC Participants, deposit with DTC. DTC also facilitates settlement of securities transactions among the DTC Participants, such as transfers and pledges in deposited securities through electronic computerized book-entry changes in accounts of the DTC Participants, thereby eliminating the need for physical movement of securities certificates.

Direct DTC Participants, or DTC Direct Participants, include securities brokers and dealers, banks and certain other organizations. DTC is owned by members of the financial industry. Access to DTC's book-entry system is also available to others, such as banks, securities brokers and dealers that clear through or maintain a custodial relationship with a DTC Direct Participant, either directly or indirectly (we refer to the latter as DTC Indirect Participants).

Table of Contents

Purchases of the notes under DTC's book-entry system must be made by or through DTC Direct Participants, which will receive a credit for the notes on the records of DTC. The ownership interest of each actual purchaser of the notes, which we refer to as the beneficial owner, is in turn to be recorded on the DTC Participants' records. Beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings from the DTC Direct or DTC Indirect Participant through which the beneficial owner entered into the transaction. Transfers of ownership interests in the global notes will be effected only through entries made on the books of DTC Participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the global notes, except in the event that use of the book-entry system for the notes is discontinued.

Upon the issuance of a registered global note, DTC will credit, on its book-entry registration and transfer system, the DTC Participants' accounts with the respective principal or face amounts of the notes beneficially owned by the DTC Participants. Any dealers, underwriters or agents participating in the distribution of the notes will designate the accounts to be credited. Ownership of beneficial interests in a registered global note will be shown on, and the transfer of ownership interests will be effected only through, records maintained by DTC, with respect to interests of DTC Participants, and on the records of DTC Participants, with respect to interests of persons holding through DTC Participants.

To facilitate subsequent transfers, all global notes deposited by DTC Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of the global notes with DTC and their registration in the name of Cede & Co. or such other nominee effect no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes; DTC's records reflect only the identity of the DTC Direct Participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The DTC Participants will remain responsible for keeping account of their holdings on behalf of their customers.

So long as DTC, or its nominee, is the registered owner of a registered global note, DTC or its nominee, as the case may be, will be considered the sole owner or holder of the notes represented by the global note for all purposes under the indenture. Except as described below, owners of beneficial interests in a global note will not be entitled to have the book-entry notes represented by the notes registered in their names, will not receive or be entitled to receive physical delivery of notes in definitive form and will not be considered the owners or holders of the notes under the indenture. Accordingly, each person owning a beneficial interest in a global note must rely on the procedures of DTC for that global note and, if that person is not a DTC Participant, on the procedures of the DTC Participant through which the person owns its interest, to exercise any rights of a holder under the indenture. The laws of some jurisdictions may require that some purchasers of notes take physical delivery of these notes in definitive form. Such laws may impair the ability to own, transfer or pledge beneficial interests in a global note.

We will make payments due on the notes to Cede & Co., as nominee of DTC, in immediately available funds. DTC's practice upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that global note, is to immediately credit the DTC Participants' accounts in amounts proportionate to their respective beneficial interests in that global note as shown on the records of the Depository. Payments by DTC Participants to owners of beneficial interests in a global note held through DTC Participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in street name, and will be the responsibility of those DTC Participants. Payment to Cede & Co. is our responsibility. Disbursement of such payments to direct participants is the responsibility of Cede & Co. Disbursement of such payments to the beneficial owners is the responsibility of DTC Direct and DTC Indirect Participants. None of Altria, the trustee or any other agent of ours or any agent of the trustee will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the global notes or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

Table of Contents

Clearstream has advised us that it is a limited liability company organized under Luxembourg law. Clearstream holds securities for its participating organizations, or Clearstream Participants, and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. Clearstream is registered as a bank in Luxembourg, and as such is subject to regulation by the *Commission de Surveillance du Secteur Financier*. Clearstream participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is available to other institutions that clear through or maintain a custodial relationship with a Clearstream Participant. Distributions with respect to the global notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Euroclear advises that it was created in 1968 to hold securities for participants of Euroclear, or Euroclear Participants, and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries.

Euroclear is operated by Euroclear Bank S.A./N.V., or the Euroclear Operator, under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation, or the Cooperative. All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks, securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator is regulated and examined by the Belgian Banking and Finance Commission. Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law. These Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to the global notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the terms and conditions of Euroclear, to the extent received by the U.S. depository for Euroclear.

Global Clearance and Settlement Procedures

Initial settlement for the notes will be made in immediately available funds. Secondary market trading between the participants in the Depository will occur in the ordinary way in accordance with the Depository's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Table of Contents

Cross-market transfers between persons holding directly or indirectly through DTC on the one hand, and directly or indirectly through Clearstream or Euroclear Participants, on the other, will be effected in DTC in accordance with the DTC rules on behalf of the relevant European international clearing system by its U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering interests in the notes to or receiving interests in the notes from DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream Participants and Euroclear Participants may not deliver instructions directly to DTC.

Because of time-zone differences, credits of interests in the notes received in Clearstream or Euroclear as a result of a transaction with a Depository Participant will be made during subsequent securities settlement processing and will be credited the business day following the DTC settlement date. Such credits or any transactions involving interests in such notes settled during such processing will be reported to the relevant Euroclear or Clearstream Participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of interests in the notes by or through a Clearstream Participant or a Euroclear Participant to a Depository Participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

Notices

Notices to holders of the notes will be sent by first class mail, postage prepaid, to the registered holders at the physical addresses as they appear in the security registrar for the notes.

Trustee, Paying Agent and Security Registrar

Deutsche Bank Trust Company Americas, as trustee under the indenture, will also be the paying agent and security registrar with respect to the notes.

Table of Contents

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following summary describes generally the material United States federal income and, in the case of non-United States Holders (as defined below), estate tax considerations with respect to your acquisition, ownership and disposition of a note if you are a beneficial owner of such note. Unless otherwise indicated, this summary addresses only notes purchased at original issue for their original offering price, and held by beneficial owners as capital assets, and does not address all of the United States federal income and estate tax considerations that may be relevant to you in light of your particular circumstances or if you are subject to special treatment under United States federal income tax laws (for example, if you are an insurance company, tax-exempt organization, financial institution, broker or dealer in securities or currencies, trader in securities that elects to use the mark-to-market method of accounting for your securities holdings, person subject to the alternative minimum tax, United States expatriate, person that holds notes as part of an integrated investment (including a straddle), controlled foreign corporation, passive foreign investment company, or corporation that accumulates earnings to avoid United States federal income tax). If a partnership holds notes, the tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. A partner of a partnership holding our notes should consult its own tax advisor regarding the tax consequences of the acquisition, ownership and disposition of our notes. This summary does not address special tax considerations that may be relevant to you if you are a partner of a partnership holding our notes. This summary also does not discuss any aspect of state, local or non-United States taxation, or any United States federal tax considerations other than income and estate taxation.

This summary is based on current provisions of the Code, Treasury regulations, judicial opinions, published positions of the United States Internal Revenue Service, or the IRS, and all other applicable authorities, all of which are subject to change, possibly with retroactive effect. This summary is not intended as tax advice.

We urge prospective investors in notes to consult their tax advisors regarding the United States federal, state, local and non-United States income and other tax considerations of acquiring, holding and disposing of notes.

United States Holders

This discussion applies to you if you are a United States Holder. For this purpose, a United States Holder is a beneficial owner of a note that is:

a citizen or individual resident of the United States;

a corporation, or other entity treated as a corporation for United States federal income tax purposes, created or organized in, or under, the laws of, the United States or any political subdivision of the United States;

an estate, the income of which is subject to United States federal income taxation regardless of its source;

a trust, if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust; or

a trust that existed on August 20, 1996, and elected to continue its treatment as a domestic trust.

Payments of Interest

Payments of interest on a note generally will be taxable to you as ordinary interest income at the time the interest accrues or is received, in accordance with your method of accounting for tax purposes.

In certain circumstances, we may be obligated to pay additional interest as a result of adjustments to the ratings assigned to the notes. See Description of Notes Interest Rate Adjustment. The obligation to make

Table of Contents

these payments may implicate the provisions of the Treasury regulations relating to contingent payment debt instruments. We intend to take the position that the possibility, as of the date the notes are issued, of the payment of such additional amounts does not result in the notes being treated as contingent payment debt instruments under the applicable Treasury regulations. Our determination is not, however, binding on the IRS, which could challenge this position. If such challenge were successful, you might be required to accrue income on the notes in excess of stated interest, and would be required to treat as ordinary income rather than capital gain any income realized on the taxable disposition of a note. In the event a contingent payment actually occurs, it would affect the amount and timing of the income you will recognize. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

Sale, Exchange, Redemption or Disposition of a Note

Upon the sale, exchange, redemption or other taxable disposition of a note, you will recognize gain or loss attributable to the difference between the amount you realize on such sale, exchange, redemption or other taxable disposition of the note (other than amounts, if any, attributable to accrued but unpaid stated interest) and your adjusted tax basis in the note. Your adjusted tax basis in a note will equal the cost of the note to you on the date of acquisition.

Gain or loss realized upon the sale, exchange, redemption or other taxable disposition of a note generally will be capital gain or loss and will be long-term capital gain or loss if, at the time of the sale, exchange, redemption or other taxable disposition, you have held the note for more than one year. The maximum tax rate on ordinary income for taxpayers that are individuals, estates or trusts currently is higher than the maximum tax rate on long-term capital gains of such persons. The distinction between capital gain or loss and ordinary income or loss also is relevant for purposes of the limitation on the deductibility of capital losses.

Backup Withholding and Information Reporting

Unless you are an exempt recipient such as a corporation or financial institution, a backup withholding tax and certain information reporting requirements may apply to payments we make to you of principal of and interest on, and proceeds of the sale or exchange before maturity of, a note. Currently, the applicable backup withholding tax rate is 28%. Backup withholding and information reporting will not apply to payments that we make on the notes to exempt recipients, such as corporations or financial institutions, that establish their status as such, regardless of whether such entities are the beneficial owners of such notes or hold such notes as a custodian, nominee or agent of the beneficial owner. However, with respect to payments made to a custodian, nominee or agent of the beneficial owner, backup withholding and information reporting may apply to payments made by such custodian, nominee or other agent to you unless you are an exempt recipient and establish your status as such.

If you are not an exempt recipient (for example, if you are an individual), backup withholding will not be applicable to payments made to you if you:

have supplied an accurate Taxpayer Identification Number (usually on an IRS Form W-9);

have not been notified by the IRS that you have failed to properly report payments of interest and dividends; and

in certain circumstances, have certified under penalties of perjury that you have received no such notification and have supplied an accurate Taxpayer Identification Number.

However, information reporting to the IRS will be required in such a case.

Any amounts withheld from a payment to you by operation of the backup withholding rules will be refunded or allowed as a credit against your United States federal income tax liability, provided that any required information is furnished to the IRS in a timely manner.

Table of Contents

Non-United States Holders

This discussion applies to you if you are a non-United States Holder. A non-United States Holder is a beneficial owner of a note that is neither a United States Holder nor a partnership (or other entity treated as a partnership for United States federal income tax purposes).

Payments of Interest

If you are a non-United States Holder of notes, payments of interest that we make to you will be subject to United States withholding tax at a rate of 30% of the gross amount, unless you are eligible for one of the exceptions described below.

Subject to the discussion of backup withholding below, no withholding of United States federal income tax will be required with respect to payments we make to you of interest provided that:

you do not actually or constructively own 10% or more of the total combined voting power of all classes of our stock entitled to vote within the meaning of Section 871(h)(3) of the Code;

you are not a controlled foreign corporation that is related to us through stock ownership; and

you have provided the required certifications as set forth in Section 871(h) and Section 881(c) of the Code.

To satisfy these certification requirements, you generally will be required to provide in the year in which a payment of interest occurs, or in one of the three preceding years, a statement that:

is signed by you under penalties of perjury;

certifies that you are the beneficial owner and are not a United States Holder; and

provides your name and address.

This statement generally may be made on an IRS Form W-8BEN or a substantially similar substitute form and you must inform the recipient of any change in the information on the statement within 30 days of such change. Special certification rules apply to non-United States Holders that are pass-through entities rather than corporations or individuals.

If you are engaged in a United States trade or business and interest received by you on a note is effectively connected with your conduct of such trade or business (and, under certain income tax treaties, is attributable to a United States permanent establishment you maintain), you will be exempt from the withholding of United States federal income tax described above, so long as you have provided an IRS Form W-8ECI or substantially similar substitute form stating that interest on the note is effectively connected with your conduct of a trade or business in the United States. In such a case, you will be subject to tax on interest you receive on a net income basis in the same manner as if you were a United States Holder. If you are a corporation, effectively connected income may also be subject to a branch profits tax at a rate of 30% (or such lower rate as may be specified by an applicable income tax treaty).

If you are not eligible for relief under one of the exceptions described above, you may nonetheless qualify for an exemption from, or a reduced rate of, United States federal withholding tax under a United States income tax treaty. In general, this exemption from, or reduced rate of, tax applies only if you provide a properly completed IRS Form W-8BEN or substantially similar form claiming benefits under an applicable income tax treaty.

Table of Contents

Sale, Exchange, Redemption or Disposition of Notes

You generally will not be subject to United States federal income tax on any gain realized upon your sale, exchange, redemption, or other taxable disposition of notes unless:

the gain is effectively connected with your conduct of a trade or business within the United States (and, under certain income tax treaties, is attributable to a United States permanent establishment you maintain); or

you are an individual, you hold your notes as capital assets, you are present in the United States for 183 days or more in the taxable year of disposition and you meet other conditions, and you are not eligible for relief under an applicable income tax treaty.

Gain that is effectively connected with your conduct of a trade or business within the United States generally will be subject to United States federal income tax, net of certain deductions, at the same rates applicable to United States persons. If you are a corporation, the branch profits tax also may apply to such effectively connected gain. If the gain from the sale or disposition of your notes is effectively connected with your conduct of a trade or business in the United States but under an applicable income tax treaty is not attributable to a permanent establishment you maintain in the United States, your gain may be exempt from United States tax under the treaty. If you are described in the second bullet point above, you generally will be subject to United States tax at a rate of 30% on the gain realized, although the gain may be offset by some United States source capital losses realized during the same taxable year.

Backup Withholding and Information Reporting

The amount of interest we pay to you on notes will be reported to you and to the IRS annually on an IRS Form 1042-S even if you are exempt from the 30% withholding tax described above. Copies of the information returns reporting those payments and the amounts withheld may also be made available to the tax authorities in the country where you are resident under provisions of an applicable tax treaty or agreement.

In addition, backup withholding tax (currently at a rate of 28%) and certain other information reporting requirements may apply to payments we make to you of principal of and interest or premium (if any) on, and proceeds of your sale or exchange before maturity of, a note. Backup withholding and the additional information reporting will not apply to payments we make to you if you have provided under penalties of perjury the required certification of your non-United States Holder status as discussed above (and we do not have actual knowledge or reason to know that you are a United States Holder) or if you are an exempt recipient, such as a corporation or a financial institution.

If you sell or redeem a note through a United States broker or the United States office of a foreign broker, the proceeds from such sale or redemption will be subject to information reporting, and backup withholding will be required, unless you provide a withholding certificate or other appropriate documentary evidence establishing that you are not a United States Holder to the broker and such broker does not have actual knowledge or reason to know that you are a United States Holder, or you are an exempt recipient eligible for an exemption from information reporting and backup withholding. If you sell or redeem a note through the foreign office of a broker who is a United States person or a United States controlled person, the proceeds from such sale or redemption will be subject to information reporting unless you provide to such broker a withholding certificate or other documentary evidence establishing that you are not a United States Holder and such broker does not have actual knowledge or reason to know that such evidence is false, or you are an exempt recipient eligible for an exemption from information reporting. For this purpose, a United States controlled person is:

a non-United States person 50% or more of whose gross income for certain specified periods is effectively connected with the conduct of a trade or business in the United States;

Table of Contents

a foreign partnership that at any time during its taxable year is more than 50% owned (by income or capital interest) by United States persons or engaged in the conduct of a United States trade or business; or

a controlled foreign corporation for United States federal income tax purposes.

In circumstances where information reporting by the foreign office of such a broker is required, backup withholding will be required only if the broker has actual knowledge that you are a United States Holder.

Any amounts withheld from a payment to you by operation of the backup withholding rules will be refunded or allowed as a credit against your United States federal income tax liability, if any, provided that you timely file a United States federal income tax return with the IRS claiming such refund or credit.

Estate Tax

A note held by an individual who at the time of death is a non-United States Holder will not be subject to United States federal estate tax as a result of such individual's death, provided that such individual does not actually or constructively own 10% or more of the total combined voting power of all classes of our stock entitled to vote within the meaning of Section 871(h)(3) of the Code and provided that the interest payments with respect to such note are not effectively connected with such individual's conduct of a United States trade or business. The maximum federal estate tax rate is being reduced over an eight-year period that began in 2002. The tax will be eliminated for estates of decedents dying after December 31, 2009, but, in the absence of legislation, the federal estate tax provisions in effect immediately prior to 2002 will be restored for estates of decedents dying after December 31, 2010.

Table of Contents**UNDERWRITING**

Subject to the terms and conditions set forth in the terms agreement dated the date of this prospectus supplement, which incorporates by reference the underwriting agreement, dated as of November 4, 2008, each of the underwriters named below has severally agreed to purchase, and we have agreed to sell to each underwriter, the principal amount of notes set forth opposite the name of each underwriter below.

Underwriters	Principal Amount of 7.125% Notes due 2010
Barclays Capital Inc.	\$ 96,875,000
Citigroup Global Markets Inc.	96,875,000
Deutsche Bank Securities Inc.	96,875,000
Goldman, Sachs & Co.	96,875,000
HSBC Securities (USA) Inc.	96,875,000
J.P. Morgan Securities Inc.	96,875,000
Santander Investment Securities Inc.	96,875,000
Scotia Capital (USA) Inc.	96,875,000
Total	\$ 775,000,000

The underwriting agreement provides that the obligations of the underwriters to purchase the notes included in this offering are subject to approval of certain legal matters by counsel and to certain other conditions. The underwriters are obligated to purchase all of the notes if they purchase any of the notes.

We have been advised by the underwriters that the underwriters propose initially to offer the notes to the public at the public offering price set forth on the cover page of this prospectus supplement and may offer the notes to certain dealers at the public offering price less concessions not in excess of 0.15%. The underwriters may allow, and these dealers may reallow, concessions not in excess of 0.075% of the principal amount of the notes on sales of the notes to certain other dealers. After the initial offering of the notes to the public, the underwriters may change the public offering price and concessions.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

Per 7.125% Note due 2010	Paid by Altria
	0.250%

In connection with the offering of the notes, Barclays Capital Inc., Citigroup Global Markets Inc., Deutsche Bank Securities Inc., Goldman, Sachs & Co., HSBC Securities (USA) Inc., J.P. Morgan Securities Inc., Santander Investment Securities Inc. and Scotia Capital (USA) Inc. or their respective affiliates may purchase and sell the notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the stabilizing underwriters of a greater number of the notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

Any of these activities may cause the price of the notes to be higher than the price that otherwise would exist in the open market in the absence of such transactions. These transactions may be effected in the over-the-counter market or otherwise and, if commenced, may be discontinued at any time. Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters make any representation that any of the underwriters will engage in such transactions, or that such transactions, once begun, will not be discontinued without notice.

Table of Contents

We estimate that our total expenses of this offering, excluding underwriting discounts, will be approximately \$350,000.

Certain of the underwriters and their affiliates have performed certain investment banking, advisory or general financing and banking services for us and our affiliates from time to time, for which they have received customary fees and expenses. The underwriters and their affiliates may, from time to time, engage in transactions with and perform services for us and our affiliates in the ordinary course of their business. Certain of the underwriters and their affiliates have been or are lenders in connection with our credit facilities or dealers in connection with our commercial paper programs. These companies receive standard fees for their services. Each of the representatives of the underwriters or their affiliates and certain of the other underwriters is a participant in various capacities in one or more of our existing credit facilities. Affiliates of the underwriters are expected to be lenders under our new 364-day bridge loan facility. The commitment letter for our new 364-day bridge loan facility requires that commitments under such agreement be reduced by an amount equal to 100% of the net proceeds from any specified capital markets financing transaction (such as the November offering and this offering), as more particularly described below, and that we pay an amount equal to 100% of the net proceeds from such capital markets financing transaction to repay a corresponding amount of outstanding borrowings under such agreement at the end of the interest period applicable to the outstanding borrowings (but in any event, no more than 60 days after the receipt by us of such net proceeds). As of December 15, 2008, there were no borrowings outstanding under our new 364-day bridge loan facility. The commitments under our new 364-day bridge loan facility will be reduced by an amount equal to the net proceeds (after expenses) from this offering.

We have agreed to indemnify the underwriters against certain liabilities, including certain liabilities under the Securities Act of 1933, as amended.

It is expected that delivery of the notes will be made against payment therefor on or about December 22, 2008, which is the second business day following the date of this prospectus supplement (such settlement cycle being referred to as T+2). Purchasers of notes should be aware that the ability to settle secondary market trades of the notes effected on the date of pricing and the next succeeding business day may be affected by the T+2 settlement.

The notes are new issues of securities with no established trading market. We do not intend to list the notes on any securities exchange or to include them in any automated quotation system. We cannot assure you that the notes will have a liquid trading market. We have been advised by the underwriters that they intend to make a market in the notes, but they are not obligated to do so and may discontinue such market-making at any time without notice.

Table of Contents

OFFERING RESTRICTIONS

The notes are offered for sale in those jurisdictions in the United States, Europe, Asia and elsewhere where it is lawful to make such offers.

Each of the underwriters has severally represented and agreed that it has not offered, sold or delivered and it will not offer, sell or deliver, directly or indirectly, any of the notes, or distribute this prospectus supplement or the attached prospectus or any other offering material relating to the notes, in or from any jurisdiction except under circumstances that will result in compliance with the applicable laws and regulations thereof and that will not impose any obligations on us except as agreed to with us in advance of such offer, sale or delivery.

In particular, each underwriter has severally represented and agreed that:

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State, which we refer to as the Relevant Implementation Date, it has not made and will not make an offer of notes to the public in that Relevant Member State prior to the publication of a prospectus in relation to the notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of notes to the public in that Relevant Member State at any time:

- (i) to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;
- (ii) to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than 43,000,000 and (3) an annual net turnover of more than 50,000,000, as shown in its last annual or consolidated accounts;
- (iii) to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the representatives for any such offer; or
- (iv) in any other circumstances which do not require the publication of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of notes to the public in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

Each underwriter has also severally represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act of 2000, or FSMA) received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to us; and (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom;

Edgar Filing: ROYAL BANK OF CANADA - Form FWP

(a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any notes other than (i) to persons whose ordinary business is to buy or sell shares or debentures (whether

S-43

Table of Contents

as principal or agent); or (ii) to professional investors as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong and any rules made under that Ordinance; or (iii) in other circumstances which do not result in the document being a prospectus as defined in the Companies Ordinance (Cap. 32) of Hong Kong or which do not constitute an offer to the public within the meaning of that Ordinance; and (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to notes which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors as defined in the Securities and Futures Ordinance and any rules made under that Ordinance; and

this prospectus supplement has not been registered as a prospectus with the Monetary Authority of Singapore under the Securities and Futures Act, Chapter 289 of Singapore, or the Securities and Futures Act. Accordingly, it may not offer or sell the notes or make the notes the subject of an invitation for subscription or purchase nor may it circulate or distribute this prospectus supplement or any other document or material in connection with the offer or sale or invitation for subscription or purchase of any notes, whether directly or indirectly, to any person in Singapore other than (a) to an institutional investor pursuant to Section 274 of the Securities and Futures Act, (b) to a relevant person, or any person pursuant to Section 275(1A) of the Securities and Futures Act, and in accordance with the conditions specified in Section 275 of the Securities and Futures Act, or (c) pursuant to, and in accordance with the conditions of, any other applicable provision of the Securities and Futures Act.

Each of the following relevant persons specified in Section 275 of the Securities and Futures Act which has subscribed or purchased notes, namely a person who is:

- a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor;

should note that shares, debentures and units of shares and debentures of that corporation or the beneficiaries' rights and interest in that trust shall not be transferable for 6 months after that corporation or that trust has acquired the notes under Section 275 of the Securities and Futures Act except:

- (i) to an institutional investor under Section 274 of the Securities and Futures Act or to a relevant person, or any person pursuant to Section 275(1A) of the Securities and Futures Act, and in accordance with the conditions, specified in Section 275 of the Securities and Futures Act;
- (ii) no consideration is given for the transfer; or
- (iii) by operation of law; and

the notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (Law No. 25 of 1948, as amended; the FIEL), and it will not offer or sell any notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEL and any other applicable laws, regulations and ministerial guidelines of Japan.

Table of Contents

DOCUMENTS INCORPORATED BY REFERENCE

The SEC allows us to incorporate by reference into this prospectus information that we file with the SEC. This means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is an important part of this prospectus, and information that we file later with the SEC will automatically update and supersede any inconsistent information in this prospectus and in our other filings with the SEC.

We incorporate by reference the following documents that we previously filed with the SEC (other than information in such documents that is deemed not to be filed), all of which are filed under SEC File No. 1-08940:

our Annual Report on Form 10-K for the year ended December 31, 2007 (including the portions of our Definitive Proxy Statement on Schedule 14A, filed with the SEC on April 24, 2008, incorporated by reference therein);

our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2008, June 30, 2008 and September 30, 2008; and

our Current Reports on Form 8-K filed with the SEC on January 30, 2008, February 1, 2008, February 4, 2008, February 5, 2008, February 15, 2008, March 3, 2008, March 28, 2008, April 3, 2008, April 29, 2008, May 28, 2008, June 5, 2008, September 8, 2008 (three Form 8-K filings), October 3, 2008, October 16, 2008, October 28, 2008, November 4, 2008 and November 10, 2008.

These documents contain important information about our business and our financial performance.

We also incorporate by reference any future filings we make with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, on or after the date of the filing of the registration statement and prior to the termination of the offering, all of which will be filed under SEC File No. 1-08940. Our future filings with the SEC will automatically update and supersede any inconsistent information in this prospectus.

LEGAL MATTERS

The validity of the notes and guarantees will be passed upon for us by Hunton & Williams LLP, New York, New York, and for the underwriters by Simpson Thacher & Bartlett LLP, New York, New York. Simpson Thacher & Bartlett LLP will rely upon Hunton & Williams LLP as to matters of Virginia law. Sutherland Asbill & Brennan LLP, Washington, D.C., is also representing us with respect to United States federal tax laws.

EXPERTS

The consolidated financial statements and managements assessment of the effectiveness of our internal control over financial reporting (which is included in the Report of Management on Internal Control over Financial Reporting) incorporated in this prospectus supplement by reference to our Current Report on Form 8-K, dated September 8, 2008, and the financial statement schedule incorporated in this prospectus supplement by reference to our Current Report on Form 8-K, dated June 5, 2008, have been so incorporated in reliance on the reports of PricewaterhouseCoopers LLP, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.

The consolidated financial statements of UST appearing in our Current Report on Form 8-K, dated November 4, 2008, for the year ended December 31, 2007, have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their report thereon, included therein, and incorporated in this prospectus supplement by reference. Such consolidated financial statements are incorporated in this prospectus by reference in reliance upon such report given on the authority of such firm as experts in accounting and auditing.

ABOUT THIS PROSPECTUS

This prospectus is part of an automatic shelf registration statement that we filed with the Securities and Exchange Commission, or the SEC, as a well-known seasoned issuer as defined in Rule 405 under the Securities Act of 1933, as amended, or the Securities Act. By using an automatic shelf registration statement, we may, at any time and from time to time, sell debt securities, which may or may not be guaranteed, and warrants to purchase debt securities under this prospectus in one or more offerings in an unlimited amount. As allowed by the SEC rules, this prospectus does not contain all of the information included in the registration statement. For further information, we refer to the registration statement, including its exhibits. Statements contained in this prospectus about the provisions or contents of any agreement or other document are not necessarily complete. If the SEC's rules and regulations require that an agreement or document be filed as an exhibit to the registration statement, please see that agreement or document for a complete description of these matters.

This prospectus provides you with a general description of the securities we may offer. Each time we use this prospectus to offer securities, we will provide you with a prospectus supplement that will describe the specific amounts, prices and terms of the securities being offered. The prospectus supplement may also add, update or change information contained in this prospectus. Therefore, if there is any inconsistency between the information in this prospectus and the prospectus supplement, you should rely on the information in the prospectus supplement.

To understand the terms of our securities, you should carefully read this document and the applicable prospectus supplement. Together, they provide the specific terms of the securities we are offering. You should also read the documents we have referred you to under **Where You Can Find More Information** below for information on our company, the risks we face and our financial statements. The registration statement and exhibits can be read at the SEC's website or at the SEC as described under **Where You Can Find More Information**.

References in this prospectus to Altria, the company, we, us and our refer to Altria Group, Inc. and its subsidiaries, unless otherwise specified unless otherwise required. References to PM USA refer to Philip Morris USA Inc., a wholly-owned subsidiary of Altria.

References herein to \$, dollars and U.S. dollars are to United States dollars, and financial data included or incorporated by reference herein have been presented in accordance with accounting principles generally accepted in the United States of America.

WHERE YOU CAN FIND MORE INFORMATION

We are a public company subject to the information and reporting requirements of the Securities Exchange Act of 1934, as amended, or the Exchange Act. Pursuant to the requirements of the Exchange Act, we file annual, quarterly and current reports, proxy statements and other information with the SEC. Our SEC filings are available to the public over the Internet at the SEC's website at www.sec.gov or at our website at www.altria.com (as noted below, the information contained in, or that can be accessed through, our website is not a part of this prospectus or part of any prospectus supplement). You may also read and copy any document we file with the SEC at its public reference room at 100 F Street, N.E., Washington, D.C. 20549. In addition, you can inspect reports and other information we file at the office of the New York Stock Exchange, Inc., 20 Broad Street, New York, New York 10005.

You may also obtain copies of this information at prescribed rates by writing to the Public Reference Section of the SEC at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the operation of the public reference room.

Table of Contents

Our SEC filings are available at the office of the New York Stock Exchange. For further information on obtaining copies of our public filings at the New York Stock Exchange, you should call (212) 656-3000.

DOCUMENTS INCORPORATED BY REFERENCE

The SEC allows us to incorporate by reference into this prospectus information that we file with the SEC. This means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is an important part of this prospectus, and information that we file later with the SEC will automatically update and supersede any inconsistent information in this prospectus and in our other filings with the SEC.

We incorporate by reference the following documents that we previously filed with the SEC (other than information in such documents that is deemed not to be filed), all of which are filed under SEC File No. 1-08940:

our Annual Report on Form 10-K for the year ended December 31, 2007 (including the portions of our Definitive Proxy Statement on Schedule 14A, filed with the SEC on April 24, 2008, incorporated by reference therein);

our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2008, June 30, 2008 and September 30, 2008; and

our Current Reports on Form 8-K filed with the SEC on January 30, 2008, February 1, 2008, February 4, 2008, February 5, 2008, February 15, 2008, March 3, 2008, March 28, 2008, April 3, 2008, April 29, 2008, May 28, 2008, June 5, 2008, September 8, 2008 (three Form 8-K filings), October 3, 2008, October 16, 2008, October 28, 2008 and November 4, 2008.

These documents contain important information about our business and our financial performance.

We also incorporate by reference any future filings we make with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, on or after the date of the filing of the registration statement and prior to the termination of the offering, all of which will be filed under SEC File No. 1-08940. Our future filings with the SEC will automatically update and supersede any inconsistent information in this prospectus.

You may obtain a free copy of these filings from us by telephoning or writing to us at the following address and telephone number:

Altria Group, Inc.

FORWARD-LOOKING AND CAUTIONARY STATEMENTS

Some of the information included or incorporated by reference in this prospectus and the applicable prospectus supplement contains forward-looking statements. You can identify these forward-looking statements by use of words such as strategy, expects, continues, plans, anticipates, believes, will, estimates, intends, projects, goals, targets and other words of similar meaning. You can also identify them that they do not relate strictly to historical or current facts.

We cannot guarantee that any forward-looking statement will be realized, although we believe we have been prudent in our plans and assumptions. Achievement of future results is subject to risks, uncertainties and inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. You should bear this in mind as you consider forward-looking statements and whether to invest in or remain invested in our securities. In connection with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, we have identified important factors in the documents incorporated by reference that, individually or in the aggregate, could cause actual results and outcomes to differ materially from those contained in any forward-looking statements made by us; any such statement is qualified by reference to these cautionary statements. We elaborate on these and other risks we face in the documents incorporated by reference. You should understand that it is not possible to predict or identify all risk factors. Consequently, you should not consider risks discussed in the documents incorporated by reference to be a complete discussion of all potential risks or uncertainties. We do not undertake to update any forward-looking statement that we may make from time to time except in the normal course of our public disclosure obligations.

Table of Contents

THE COMPANY

General

We are a Virginia holding company incorporated in 1985. Our wholly-owned subsidiaries include Philip Morris USA Inc., or PM USA, which is engaged in the manufacture and sale of cigarettes and other tobacco products in the United States, and John Middleton Co., which is engaged in the manufacture and sale of machine-made large cigars and pipe tobacco. Philip Morris Capital Corporation, another wholly-owned subsidiary, maintains a portfolio of leveraged and direct finance leases. In addition, we held a 28.5% economic and voting interest in SABMiller plc at September 30, 2008.

On September 8, 2008, we announced that we had entered into an agreement and plan of merger with UST Inc. and Armchair Merger Sub, Inc., our indirect wholly-owned subsidiary. Under the terms of the merger agreement, Armchair Merger Sub will be merged with and into UST, with UST surviving as our indirect wholly-owned subsidiary. The proposed merger is subject to certain conditions.

Our principal executive offices are located at 6601 West Broad Street, Richmond, Virginia 23230, our telephone number is (804) 274-2200 and our website is www.altria.com. The information contained in, or that can be accessed through, our website is not a part of this prospectus or any prospectus supplement.

PM USA was incorporated in Virginia in 1919. Its principal executive offices are located at 6601 West Broad Street, Richmond, Virginia 23230 and its telephone number is (804) 274-2000.

Other

We are a legal entity separate and distinct from our direct and indirect subsidiaries. Accordingly, our right, and thus the right of our creditors and stockholders, to participate in any distribution of the assets or earnings of any subsidiary is subject to the prior claims of creditors of such subsidiary, except to the extent that claims of our company itself as a creditor may be recognized. As a holding company, our principal sources of funds, including funds to make payment on the debt securities, are from the payment of dividends and repayment of debt from our subsidiaries. Our subsidiaries have no obligation to pay any amounts due pursuant to the debt securities, other than PM USA through its guarantees, if any, of the debt securities. Our principal wholly-owned subsidiaries currently are not limited by long-term debt or other agreements in their ability to pay cash dividends or to make other distributions with respect to their common stock.

RISK FACTORS

Our business is subject to uncertainties and risks. You should carefully consider and evaluate all of the information included and incorporated by reference in this prospectus, including the risk factors incorporated by reference from our most recent annual report on Form 10-K and subsequent quarterly reports on Form 10-Q, as well as any risk factors we may describe in any subsequent periodic reports or information we file with the SEC. It is possible that our business, financial condition, liquidity or results of operations could be materially adversely affected by any of these risks.

USE OF PROCEEDS

Unless we otherwise state in the applicable prospectus supplement, we intend to use the net proceeds from the sale of the debt securities and debt warrants and the net proceeds, if any, from the exercise of debt warrants, for general corporate purposes. General corporate purposes may include repayment of debt, additions to working capital, capital expenditures, investments in our subsidiaries, possible acquisitions and the repurchase, redemption or retirement of securities, including shares of our common stock. The net proceeds may be temporarily invested or applied to repay short-term or revolving debt prior to use.

Table of Contents

We expect to issue long-term and short-term debt from time to time. The nature and amount of our long-term and short-term debt and the proportionate amount of each can be expected to vary from time to time as a result of business requirements, market conditions and other factors.

RATIOS OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical ratios of earnings available for fixed charges to fixed charges for the periods indicated. Earnings available for fixed charges represent earnings from continuing operations before income taxes, including interest capitalized and distributed income of our less than 50% owned affiliates, but excluding fixed charges, amortization of capitalized interest and undistributed earnings of our less than 50% owned affiliates. Fixed charges represent interest expense, amortization of debt discount and expenses, and capitalized interest, plus that portion of rental expense estimated to be the equivalent of interest. This information should be read in conjunction with the consolidated financial statements and the accompanying notes incorporated by reference in this prospectus.

	Nine Months Ended September 30,	Year Ended December 31,				
	2008	2007	2006	2005	2004	2003
Ratios of earnings to fixed charges	18.7(a)	9.5(b)	7.6(b)	5.7(b)	5.7(b)	5.2(b)

- (a) Reflects Philip Morris International Inc., or PMI, as a discontinued operation. On March 28, 2008, we completed the spin-off of PMI to our stockholders. Following the spin-off, we do not own any shares of PMI stock. Interest incurred and the portion of rent expense deemed to represent the interest factor of PMI have been excluded from fixed charges in the computation. Including these amounts in fixed charges, the ratio of earnings to fixed charges would have been 11.8 for the nine months ended September 30, 2008.
- (b) Reflects PMI and Kraft Foods Inc., or Kraft, as discontinued operations. On March 30, 2007, we completed the spin-off of our remaining interests in Kraft to our stockholders. Following the spin-off, we do not own any shares of Kraft stock. Interest incurred and the portion of rent expense deemed to represent the interest factor of PMI and Kraft have been excluded from fixed charges in the computation. Including these amounts in fixed charges, the ratio of earnings to fixed charges would have been 5.9, 3.8, 3.0, 3.1 and 2.9 for the years ended December 31, 2007, 2006, 2005, 2004 and 2003, respectively.

DESCRIPTION OF DEBT SECURITIES

The debt securities covered by this prospectus will be our direct unsecured obligations. The debt securities will be issued in one or more series under an indenture, dated as of November 4, 2008, among us, PM USA and Deutsche Bank Trust Company Americas, as trustee.

This prospectus briefly describes the material indenture provisions. Those descriptions are qualified in all respects by reference to the actual text of the indenture. For your reference, in the summary that follows, we have included references to section numbers of the indenture so that you can more easily locate these provisions. In cases where portions of the summary are taken from more than one section of the indenture, we have referred only to the section of the indenture that is principally applicable to that part of the summary. A copy of the indenture is filed as an exhibit to the registration statement of which this prospectus is a part. See [Where You Can Find More Information](#) for information on how to obtain a copy. You should also refer to the Trust Indenture Act of 1939, or the Trust Indenture Act, certain terms of which are made part of the indenture by reference.

The material financial, legal and other terms particular to debt securities of each series will be described in the prospectus supplement relating to the debt securities of that series. The prospectus supplement relating to the debt securities of the series will be attached to the front of this prospectus. The following briefly summarizes the

Table of Contents

material provisions of the indenture and the debt securities, other than pricing and related terms that will be disclosed in an accompanying prospectus supplement. The prospectus supplement will also state whether any of the terms summarized below do not apply to the series of debt securities being offered. You should read the more detailed provisions of the indenture, including the defined terms, for provisions that may be important to you. You should also read the particular terms of a series of debt securities, which will be described in more detail in the applicable prospectus supplement.

Prospective purchasers of debt securities should be aware that special United States federal income tax, accounting and other considerations not addressed in this prospectus may be applicable to instruments such as the debt securities. The prospectus supplement relating to an issue of debt securities will describe these considerations, if they apply.

Capitalized terms used below are defined under **Defined Terms**. In this **Description of Debt Securities** section, references to **we**, **us** and **our** refer only to Altria Group, Inc. and not its subsidiaries.

General

The debt securities will rank equally with all of our other unsecured and unsubordinated debt. The indenture does not limit the amount of debt we may issue under the indenture and provides that additional debt securities may be issued up to the aggregate principal amount authorized by a board resolution. In addition, the indenture does not limit our ability or the ability of our subsidiaries to incur additional debt. We may issue the debt securities from time to time in one or more series with the same or various maturities, at par, at a discount or at a premium. The prospectus supplement relating to any debt securities being offered will include specific terms relating to the offering, including the particular amount, price and other terms of those debt securities. These terms will include some or all of the following:

the title of the debt securities;

any limit upon the aggregate principal amount of the debt securities;

the date or dates on which the principal of the debt securities will be payable or their manner of determination;

if the debt securities will bear interest:

the interest rate or rates;

the date or dates from which any interest will accrue;

the interest payment dates for the debt securities; and

the regular record date for any interest payable;
or, in each case, their method of determination;

the place or places where the principal of, and any premium and interest on, the debt securities will be payable;

Edgar Filing: ROYAL BANK OF CANADA - Form FWP

the period or periods within which, the price or prices at which, the currency or currency unit in which and the terms on which any of the debt securities may be redeemed, in whole or in part at our option, and any remarketing arrangements;

the terms on which we would be required to redeem, repay or purchase debt securities required by any sinking fund, mandatory redemption or similar provision; and the period or periods within which, the price or prices at which, the currency or currency unit in which and the terms and conditions on which the debt securities will be so redeemed or purchased in whole or in part;

if denominations other than \$1,000 or any integral multiple of \$1,000, the denominations in which the debt securities will be issued;

Table of Contents

the portion of the principal amount of the debt securities that is payable on the declaration of acceleration of the maturity, if other than their entire principal amount; these debt securities could include original issue discount, or OID, debt securities or indexed debt securities, which are each described below;

any trustees, paying agents, transfer agents, registrars, depositaries or similar agents with respect to the debt securities;

currency or currency units in which the debt securities will be denominated and payable, if other than U.S. dollars;

whether the amounts of payments of principal of, and any premium and interest on, the debt securities are to be determined with reference to an index, formula or other method, and if so, the manner in which such amounts will be determined;

whether the debt securities will be issued in whole or in part in the form of global debt securities and, if so, the depositary, if any, for the global debt securities, whether permanent or temporary (including the circumstances under which any temporary global debt securities may be exchanged for definitive debt securities);

whether the debt securities will be convertible or exchangeable into other of our or another company's securities and the terms and conditions of any such conversion or exchange;

whether debt securities will be entitled to the benefits of any guarantee of PM USA, and if so, the terms and conditions of such guarantee;

any special tax implications of the debt securities, including whether and under what circumstances, if any, we will pay additional amounts under any debt securities held by a person who is not a United States person for tax payments, assessments or other governmental charges and whether we have the option to redeem the debt securities which are affected by the additional amounts instead of paying the additional amounts;

the form of the debt securities;

whether and to what extent the debt securities are subject to defeasance on terms different from those described under the heading Defeasance ;

if the debt securities bear no interest, any dates on which lists of holders of these debt securities must be provided to the trustee;

any addition to, or modification or deletion of, any event of default or any covenant specified in the indenture; and

any other specific terms of the debt securities. (Section 301)

We may issue debt securities as OID debt securities. OID debt securities bear no interest or bear interest at below-market rates and are sold at a discount below their stated principal amount. If we issue OID debt securities, the prospectus supplement will contain the issue price of the debt securities and the rate at which and the date from which discount will accrete.

Edgar Filing: ROYAL BANK OF CANADA - Form FWP

We may also issue indexed debt securities. Payments of principal of, and any premium and interest on, indexed debt securities are determined with reference to the rate of exchange between the currency or currency unit in which the debt security is denominated and any other currency or currency unit specified by us, to the relationship between two or more currencies or currency units, to the price of one or more specified securities or commodities, to one or more securities or commodities exchange indices or other indices or by other similar methods or formulas, all as specified in the prospectus supplement.

Table of Contents

We may issue debt securities other than the debt securities described in this prospectus. There is no requirement that any other debt securities that we issue be issued under the indenture. Thus, any other debt securities that we issue may be issued under other indentures or documentation containing provisions different from those included in the indenture or applicable to one or more issues of the debt securities described in this prospectus. (Section 301)

Guarantee

If the applicable prospectus supplement relating to a series of debt securities provides that those debt securities will have the benefit of the guarantee by PM USA, payment of the principal, premium, if any, and interest on those debt securities will be guaranteed on an unsecured, unsubordinated basis by PM USA. The guarantee of debt securities will rank equally in right of payment with all of the unsecured and unsubordinated indebtedness of PM USA. See [Description of Guarantees of Debt Securities](#) below.

Consolidation, Merger or Sale

Under the indenture, neither we nor PM USA may consolidate with or merge into any other corporation or convey or transfer our respective properties and assets substantially as an entirety to any person unless:

the corporation formed by such consolidation or into which we or PM USA, as applicable, are merged or the person which acquires by conveyance or transfer our or PM USA's, as applicable, properties and assets substantially as an entirety is a corporation organized and existing under the laws of the United States, any state thereof or the District of Columbia and expressly assumes, by a supplemental indenture, payment of the principal of and any premium and interest (including any additional amounts payable) on all the debt securities and the performance of every covenant of the indenture, or the guarantee of any series of debt securities, on the part of us or PM USA, as the case may be, to be performed;

after giving effect to the transaction, no Event of Default with respect to any series of debt securities, and no event which, after notice or lapse of time or both, would become an Event of Default, will have happened and be continuing;

the successor corporation assuming the debt securities agrees, by supplemental indenture, to indemnify the individuals liable therefor for the amount of United States federal estate tax paid solely as a result of such assumption in respect of debt securities held by individuals who are not citizens or residents of the United States at the time of their death; and

we or PM USA, as the case may be, deliver to the trustee an officers' certificate and an opinion of counsel, each stating that the consolidation, merger, conveyance or transfer and the supplemental indenture comply with these provisions. (Section 801)

The successor corporation will assume all of our or PM USA's, as applicable, obligations under the indenture and, in the case of PM USA, any guarantee agreement relating to any outstanding debt securities that are entitled to the benefits of any guarantee of PM USA, as if such successor were an original party to the indenture or such guarantee. After assuming such obligations, the successor corporation will have all of our or PM USA's, as applicable, rights and powers under the indenture or such guarantee. (Section 802)

Table of Contents

Waivers Under the Indenture

Under the indenture, the holders of more than 50% in principal amount of the outstanding debt securities of any particular series, may on behalf of the holders of all the debt securities of that series:

waive our compliance with certain covenants of the indenture; and (Section 1009)

waive any past default under the indenture, except:

a default in the payment of the principal of, or any premium or interest on, any debt securities of that series; and

a default with respect to a covenant or provision of the indenture which itself cannot be modified or amended without the consent of the holder of each affected debt security of that series. (Section 513)

Events of Default

When we use the term "Event of Default" in the indenture with respect to a particular series of debt securities, we mean any of the following:

we fail to pay any installment of interest on any debt security of that series for 30 days after payment was due;

we fail to make payment of the principal of, or any premium on, any debt security of that series when due;

we fail to make any sinking fund payment when due with respect to debt securities of that series;

we fail to perform, or breach, any other covenant or warranty in respect of any debt security of that series contained in the indenture or in such debt securities or in the applicable board resolution under which such series is issued and this failure or breach continues for 90 days after we receive written notice of it from the trustee or holders of at least 25% in principal amount of the outstanding debt securities of that series;

we or a court take certain actions relating to bankruptcy, insolvency or reorganization of our company; or

any other event of default that may be specified for the debt securities of the series or in the board resolution with respect to the debt securities of that series. (Section 501)

The supplemental indenture or the form of security for a particular series of debt securities may include additional Events of Default or changes to the Events of Default described above. The Events of Default applicable to a particular series of debt securities will be described in the prospectus supplement relating to such series.

A default with respect to a single series of debt securities under the indenture will not necessarily constitute a default with respect to any other series of debt securities issued under the indenture. A default under our other indebtedness will not be a default under the indenture. The trustee may withhold notice to the holders of debt securities of any default, except for defaults that involve our failure to pay principal or any premium or interest, if it determines in good faith that the withholding of notice is in the interest of the holders. (Section 602)

Edgar Filing: ROYAL BANK OF CANADA - Form FWP

If an Event of Default for any series of debt securities occurs and continues (other than an Event of Default involving our bankruptcy, insolvency or reorganization), either the trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may require us upon notice in writing to us, to repay immediately the entire principal (or, in the case of (a) OID debt securities, a lesser amount as may be provided in those OID debt securities or (b) indexed debt securities, an amount determined by the terms of those

Table of Contents

indexed debt securities), of all the debt securities of such series together with accrued interest on the debt securities.

If an Event of Default occurs which involves our bankruptcy, insolvency or reorganization, then all unpaid principal amounts (or, if the debt securities are (a) OID debt securities, a lesser amount as may be provided in those OID debt securities or (b) indexed debt securities, an amount determined by the terms of those indexed debt securities), of all the debt securities of such series together with accrued interest on the debt securities) and accrued interest on all debt securities of each series then outstanding will immediately become due and payable, without any action by the trustee or any holder of debt securities. (Section 502)

Subject to certain conditions, the holders of a majority in principal amount of the outstanding debt securities of a series may rescind a declaration of acceleration if all Events of Default, other than the failure to pay principal or interest due solely because of the declaration of acceleration, have been cured or waived. (Section 502)

Other than its duties in case of an Event of Default, the trustee is not obligated to exercise any of its rights or powers under the indenture at the request, order or direction of any holders, unless the holders offer the trustee reasonable indemnity. (Section 507) The holders of a majority in principal amount outstanding of any series of debt securities may, subject to certain limitations, direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any power conferred upon the trustee, for any series of debt securities. (Section 512)

The indenture requires us to file each year with the trustee, an officer's certificate that states that:

the signing officer has supervised a review of our activities during such year and performance under the indenture; and

to the best of his or her knowledge, based on the review, we comply with all conditions and covenants of the indenture. (Section 1005)

A judgment for money damages by courts in the United States, including a money judgment based on an obligation expressed in a foreign currency, will ordinarily be rendered only in U.S. dollars. New York statutory law provides that a court shall render a judgment or decree in the foreign currency of the underlying obligation and that the judgment or decree shall be converted into U.S. dollars at the exchange rate prevailing on the date of entry of the judgment or decree. If a court requires a conversion to be made on a date other than a judgment date, the indenture requires us to pay additional amounts necessary to ensure that the amount paid in U.S. dollars to a holder is equal to the amount due in such foreign currency or currency unit. (Section 515)

Notwithstanding the foregoing, the indenture provides that, to the extent elected by us, the sole remedy for an Event of Default relating to the failure to comply with the reporting obligations in the indenture will, for the first 120 days after the occurrence of such an Event of Default, consist exclusively of the right for holders of each series of debt securities with respect to which we elect to pay additional interest to receive additional interest on the debt securities of that particular series at an annual rate equal to 0.25% of the principal amount of the debt securities of such series. If we so elect, this additional interest will accrue on all outstanding debt securities with respect to which we elect to pay additional interest from and including the date on which the Event of Default relating to the failure to comply with the reporting obligations in the indenture first occurs to but not including the 120th day thereafter (or such earlier date on which such Event of Default is cured or waived by holders as provided above). On such 120th day (or earlier, if the Event of Default relating to the reporting obligations under the indenture is cured or waived by holders as provided above prior to such 120th day), the additional interest will cease to accrue and, if the Event of Default relating to reporting obligations under the indenture has not been cured or waived prior to such 120th day, the debt securities will be subject to acceleration as provided above. The provisions of the indenture described in this paragraph will not affect the rights of holders of debt securities in the event of the occurrence of any other Event of Default. If we do not elect to pay the additional interest upon an

Table of Contents

Event of Default in accordance with this paragraph, the debt securities will be subject to acceleration as provided above.

In order to elect to pay the additional interest on the debt securities in accordance with the immediately preceding paragraph, we must notify all holders of debt securities of such series and the trustee and paying agent of such election on or before the close of business on the date on which such Event of Default first occurs. (Section 502)

Payment and Transfer

We will pay the principal of, and any premium and interest on, debt securities at the place or places that we will designate for such purposes. We will make payment to the persons in whose names the debt securities are registered on the close of business on the day or days that we will specify in accordance with the indenture. We will pay the principal of, and any premium on, debt securities only against surrender of those debt securities. Any other payments will be made as set forth in the applicable prospectus supplement. Holders may transfer or exchange debt securities at the corporate trust office of the trustee or at any other office or agency, maintained for such purposes, without the payment of any service charge except for any tax or governmental charge. (Section 307)

Restrictive Covenants

The indenture includes the following restrictive covenants:

Limitations on Liens

The indenture limits the amount of liens that we or our Subsidiaries may incur or otherwise create, in order to secure indebtedness for borrowed money, upon any Principal Facility or any shares of capital stock that any of our Subsidiaries owning any Principal Facility has issued to us or any of our Subsidiaries. If we or any of our Subsidiaries incur such liens, then we will secure the debt securities and, in the case of liens upon any Principal Facility owned or leased by PM USA, then PM USA will secure the guarantee of the debt securities to the same extent and in the same proportion as the debt that is secured by such liens. This covenant does not apply, however, to any of the following:

in the case of a Principal Facility, liens incurred in connection with the issuance by a state or political subdivision thereof of any securities the interest on which is exempt from federal income taxes by virtue of Section 103 of the Internal Revenue Code of 1986, as amended, or any other laws or regulations in effect at the time of such issuance;

liens existing on the date of the indenture;

liens on property or shares of capital stock existing at the time we or any of our Subsidiaries acquire such property or shares of stock (including acquisition through merger, share exchange or consolidation) or securing the payment of all or part of the purchase price, construction or improvement thereof incurred prior to, at the time of, or within 180 days after the later of the acquisition, completion of construction or improvement or commencement of full operation of such property for the purpose of financing all or a portion of such purchase or construction or improvement; or

liens for the sole purpose of extending, renewing or replacing in whole or in part the indebtedness secured by any lien referred to in the foregoing three bullet points or in this bullet point; *provided, however*, that the principal amount of indebtedness secured thereby shall not exceed the principal amount of indebtedness so secured at the time of such extension, renewal or replacement, and that such extension, renewal or replacement shall be limited to all or a part of the property that secured the lien so extended, renewed or replaced (plus improvements on such property).

Table of Contents

Notwithstanding the foregoing, we and/or any of our Subsidiaries may create, assume or incur liens that would otherwise be subject to the restriction described above, without securing debt securities issued under the indenture equally and ratably, if the aggregate value of all outstanding indebtedness secured by the liens plus the value of Sale and Leaseback Transactions does not at the time exceed 5% of Consolidated Net Tangible Assets. (Section 1007)

At September 30, 2008, our Consolidated Net Tangible Assets was \$11.1 billion.

Sale and Leaseback Transactions

A Sale and Leaseback Transaction by us or any of our Subsidiaries of any Principal Facility is prohibited unless, within 180 days of the effective date of the arrangement, an amount equal to the greater of the net proceeds of the sale of the property leased pursuant to the Sale and Leaseback Transaction or the fair value of the property at the time of entering into the Sale and Leaseback Transaction as determined by our board of directors (value) is applied by us to the retirement of non-subordinated indebtedness for money borrowed with more than one year stated maturity, including our debt securities, except that such sales and leasebacks are permitted to the extent that the value thereof plus the other secured debt referred to in the penultimate paragraph above in the subsection entitled Restrictive Covenants Limitations on Liens does not at the time exceed 5% of our Consolidated Net Tangible Assets. (Section 1008)

There are no other restrictive covenants in the indenture. The indenture does not require us to maintain any financial ratios, minimum levels of net worth or liquidity or restrict the incurrence of indebtedness, the makeup of asset sales, the payment of dividends, the making of other distributions on our capital stock or the redemption or purchase of our capital stock. Moreover, the indenture does not contain any provision requiring us to repurchase or redeem any debt securities or debt warrants or modify the terms thereof or afford the holders thereof any other protection in the event of our change of control, any highly leveraged transaction or any other event involving us that may materially adversely affect our creditworthiness or the value of the debt securities or debt warrants.

Defined Terms

We define Consolidated Capitalization as the total of all the assets appearing on our most recent quarterly or annual consolidated balance sheet, less (a) current liabilities, including liabilities for indebtedness maturing more than 12 months from the date of the original creation thereof, but maturing within 12 months from the date of such consolidated balance sheet, and (b) deferred income tax liabilities appearing on such consolidated balance sheet. (Section 101)

We define Consolidated Net Tangible Assets as the excess over current liabilities of all assets appearing on our most recent quarterly or annual consolidated balance sheet, less (a) goodwill and other intangible assets and (b) the minority interests of others in Subsidiaries. (Section 101)

We define Principal Facility as any facility, together with the land upon which it is erected and fixtures comprising a part thereof, used primarily for manufacturing, processing or production and located in the United States, owned or leased pursuant to a capital lease by us or any Subsidiary, that has a gross book value (without deduction of any depreciation reserve) on the date as of which the determination is being made exceeding 2% of Consolidated Capitalization. (Section 1007)

We define a Sale and Leaseback Transaction as the sale or transfer of a Principal Facility now owned or hereafter acquired with the intention of taking back a lease of the property, except a lease for a temporary period of less than three years, including renewals, with the intent that the use by us or any Subsidiary will be discontinued on or before the expiration of such period. (Section 1008)

We define Subsidiaries as any corporation of which at least a majority of all outstanding stock or other interests having ordinary voting power in the election of directors, managers or trustees (without regard to the

Table of Contents

occurrence of any contingency) thereof is at the time, directly or indirectly, owned or controlled by us or by one or more Subsidiaries or by us and one or more Subsidiaries. (Section 101)

Global Securities

We may issue the debt securities in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary identified in the applicable prospectus supplement.

We may issue the global securities in either temporary or permanent form. We will describe the specific terms of the depositary arrangement with respect to a series of debt securities in the applicable prospectus supplement. We anticipate that the following provisions will apply to all depositary arrangements.

Once a global security is issued, the depositary will credit on its book-entry system the respective principal amounts of the individual debt securities represented by that global security to the accounts of institutions that have accounts with the depositary. These institutions are known as participants.

The underwriters for the debt securities will designate the accounts to be credited. However, if we have offered or sold the debt securities either directly or through agents, we or the agents will designate the appropriate accounts to be credited.

Ownership of beneficial interests in a global security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depositary's participants or persons that may hold through participants. The laws of some states require that certain purchasers of securities take physical delivery of securities. Those laws may limit the market for beneficial interests in a global security.

So long as the depositary for a global security, or its nominee, is the registered owner of a global security, the depositary or nominee will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the indenture. Except as provided in the applicable prospectus supplement, owners of beneficial interests in a global security:

will not be entitled to have securities represented by global securities registered in their names;

will not receive or be entitled to receive physical delivery of debt securities in definitive form; and

will not be considered owners or holders of these debt securities under the indenture.

Payments of principal of, and any premium and interest on, the individual debt securities registered in the name of the depositary or its nominee will be made to the depositary or its nominee as the registered owner of that global security.

Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests of a global security, or for maintaining, supervising or reviewing any records relating to beneficial ownership interests, and each of us and the trustee may act or refrain from acting without liability on any information provided by the depositary. (Section 308)

We expect that the depositary, after receiving any payment of principal of, and any premium and interest on, a global security, will immediately credit the accounts of the participants with payments in amounts proportionate to their respective holdings in principal amount of beneficial interest in a global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a global security will be governed by standing customer instructions and customary practices, as is now the case

Table of Contents

with securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of such participants.

Debt securities represented by a global security will be exchangeable for debt securities in definitive form of like tenor in authorized denominations only if:

the depository notifies us that it is unwilling or unable to continue as the depository and a successor depository is not appointed by us within 90 days;

we deliver to the trustee for securities of such series in registered form a company order stating that the securities of such series shall be exchangeable; or

an Event of Default has occurred and is continuing with respect to securities of such series.

Unless and until a global security is exchanged in whole or in part for debt securities in definitive certificated form, it may not be transferred or exchanged except as a whole by the depository.

You may transfer or exchange certificated debt securities at any office that we maintain for this purpose in accordance with the terms of the indenture. We will not charge a service fee for any transfer or exchange of certificated debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge that we are required to pay in connection with a transfer or exchange. (Section 305)

Registration of Transfer

You may effect the transfer of certificated debt securities and the right to receive the principal of, and any premium and interest on, certificated debt securities only by surrendering the certificate representing those certificated debt securities and either reissuance by us or the trustee of the certificate to the new holder or the issuance by us or the trustee of a new certificate to the new holder.

We are not required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before the day we transmit a notice of redemption of the debt securities of the series selected for redemption and ending at the close of business on the day of the transmission; or

register the transfer of or exchange any debt security so selected for redemption in whole or in part, except the unredeemed portion of any debt security being redeemed in part. (Section 305)

Exchange

At your option, you may exchange your debt securities of any series, except a global security, for an equal principal amount of other debt securities of the same series having authorized denominations upon surrender to our designated agent.

We may at any time exchange debt securities issued as one or more global securities for an equal principal amount of debt securities of the same series in definitive form. In this case, we will deliver to the holders new debt securities in definitive registered form in the same aggregate principal amount as the global securities being exchanged.

The depository of the global securities may also decide at any time to surrender one or more global securities in exchange for debt securities of the same series in definitive form, in which case we will deliver the

Table of Contents

new debt securities in definitive form to the persons specified by the depositary, in an aggregate principal amount equal to, and in exchange for, each person's beneficial interest in the global securities.

Notwithstanding the above, we will not be required to exchange any debt securities if, as a result of the exchange, we would suffer adverse consequences under any United States law or regulation. (Section 305)

Defeasance

Legal Defeasance

Unless otherwise specified in the prospectus supplement, we can legally release ourselves from all of our obligations, with certain limited exceptions, on any series of debt securities. This is called legal defeasance. In order to achieve legal defeasance:

we must deposit, or cause to be deposited, in trust for the benefit of all holders of that series of debt securities an amount of cash in the currency or currency unit in which that series of debt securities is payable, direct obligations of the government that issued the currency in which that series of debt securities is payable or a combination thereof that will generate sufficient cash to make interest, principal, premium and any other payments on that series of debt securities on their due date or redemption date;

we have delivered to the trustee an opinion of counsel confirming that (1) we have received from, or there has been published by, the U.S. Internal Revenue Service a ruling or (2) since the issuance date of the debt securities, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that holders of the debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the legal defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the legal defeasance had not occurred;

no Event of Default or event that with the giving of notice or passage of time, or both, would become an Event of Default shall have occurred and be continuing at the time of the deposit described above and no Event of Default described in the fifth bullet point under "Events of Default" shall have occurred and be continuing on the day after the date of such deposit;

such defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument to which we are a party or by which we are bound; and

we have delivered to the trustee an officers' certificate and an opinion of counsel in each stating that all conditions precedent provided for or relating to the legal defeasance have been complied with.

Covenant Defeasance

Unless specified in the prospectus supplement, we can make the same type of deposit described above under "Defeasance - Legal Defeasance" and be released from the restrictive covenants on any series of debt securities. This is called covenant defeasance. In order to achieve covenant defeasance:

we must deposit, or cause to be deposited, in trust for the benefit of all holders of that series of debt securities an amount of cash in the currency or currency unit in which that series of debt securities is payable, direct obligations of the government that issued the currency in which that series of debt securities is payable or a combination thereof that will generate sufficient cash to make interest, principal, premium and any other payments on that series of debt securities on their due date or redemption date;

Edgar Filing: ROYAL BANK OF CANADA - Form FWP

we have delivered to the trustee an opinion of counsel confirming that holders of the debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the covenant

Table of Contents

defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the covenant defeasance had not occurred;

no Event of Default or event that with the giving of notice or passage of time, or both, would become an Event of Default shall have occurred and be continuing at the time of the deposit described above and no Event of Default described in the fifth bullet point under Events of Default shall have occurred and be continuing on the day after the date of such deposit;

such defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument to which we are a party or by which we are bound; and

we have delivered to the trustee an officers certificate and an opinion of counsel in each stating that all conditions precedent provided for or relating to the covenant defeasance have been complied with.

If we accomplish covenant defeasance, the following provisions, among others, of the indenture and the debt securities would no longer apply:

our promises previously described under Restrictive Covenants Limitation on Liens;

our promises previously described under Restrictive Covenants Sale and Leaseback Transactions;

the events of default relating to breach of such covenants, described under Events of Default; and

certain other covenants applicable to the series of debt securities and described in the prospectus supplement. (Sections 402-404)

Payments of Unclaimed Moneys

Moneys deposited with the trustee or any paying agent for the payment of principal of, or any premium and interest on, any debt securities that remain unclaimed for two years will be repaid to us at our request, unless the law requires otherwise. If this happens and you want to claim these moneys, you must look to us and not to the trustee or paying agent. (Section 409)

Supplemental Indentures Not Requiring Consent of Holders

Without the consent of any holders of debt securities, we, PM USA and the trustee may supplement the indenture, among other things, to:

pledge property to the trustee as security for the debt securities;

reflect that another entity has succeeded us or PM USA and assumed our or PM USA s covenants and obligations under the debt securities and the indenture and, in the case of PM USA, any guarantee in respect of the debt securities;

cure any ambiguity or inconsistency in the indenture or in the debt securities or make any other provisions necessary or desirable, as long as the interests of the holders of the debt securities are not adversely affected in any material respect;

Edgar Filing: ROYAL BANK OF CANADA - Form FWP

establish the form and terms of any series of debt securities as provided in the indenture;

add to our or PM USA s covenants further covenants for the benefit of the holders of debt securities, and if the covenants are for the benefit of less than all series of debt securities, stating which series are entitled to benefit;

Table of Contents

add any additional event of default and if the new event of default applies to fewer than all series of debt securities, stating to which series it applies;

change the trustee or provide for an additional trustee;

reflect the release of PM USA with respect to its guarantee of any series of debt securities under the terms of the indenture and the provisions of the applicable guarantee agreement; or

modify the indenture in order to continue its qualification under the Trust Indenture Act or as may be necessary or desirable in accordance with amendments to that Act. (Section 901)

Supplemental Indentures Requiring Consent of Holders

With the consent of the holders of more than 50% in aggregate principal amount of the debt securities of each series then outstanding that would be affected by a modification of the indenture, the indenture permits us, PM USA and the trustee to supplement the indenture or modify in any way the terms of the indenture or the rights of the holders of the debt securities of such series. However, without the consent of each holder of all of the debt securities affected by that modification, we, PM USA and the trustee may not:

modify the maturity date of, or any installment of principal or interest on, any debt security, or reduce the principal of, or premium on, or change the stated final maturity of, any debt security;

in the case of any debt securities that are entitled to the benefits of any guarantee of PM USA, release PM USA from any of its obligations under such guarantee otherwise than in accordance with the terms of the indenture and the applicable guarantee agreement;

reduce the rate of or change the time for payment of interest on any debt security or, in the case of OID debt securities, reduce the rate of accretion of the OID;

change any of our obligations to pay additional amounts under the indenture;

reduce or alter the method of computation of any amount payable upon redemption, repayment or purchase of any debt security by us, or the time when the redemption, repayment or purchase may be made;

make the principal or interest on any debt security payable in a currency other than that stated in the debt security or change the place of payment;

reduce the amount of principal due on an OID debt security upon acceleration of maturity or provable in bankruptcy or reduce the amount payable under the terms of an indexed debt security upon acceleration of maturity or provable in bankruptcy;

impair any right of purchase at the option of any holder of debt securities;

Edgar Filing: ROYAL BANK OF CANADA - Form FWP

reduce the right of any holder of debt securities to receive or sue for payment of the principal or interest on a debt security that would be due and payable at the maturity thereof or upon redemption; or

reduce the percentage in principal amount of the outstanding debt securities required to supplement the indenture or to waive any of its provisions. (Section 902)

A supplemental indenture that modifies or eliminates a provision that has been included solely for the benefit of the holders of one or more series of debt securities will not affect the rights under the indenture of holders of other series of debt securities.

Table of Contents

Redemption

The specific terms of any redemption of a series of debt securities will be contained in the prospectus supplement for that series. We must send notice of redemption to the holders at least 30 days but not more than 60 days prior to the redemption date. The notice will specify:

the redemption date;

the redemption price;

the place or places of payment;

the CUSIP or ISIN number of the debt securities being redeemed;

in the case of partial redemption, the principal amount being redeemed;

whether the redemption is pursuant to a sinking fund; and

that on the redemption date, interest, or, in the case of OID debt securities, original issue discount, will cease to accrue. (Section 1104)

On or before any redemption date, we will deposit an amount of money with the trustee or with a paying agent sufficient to pay the redemption price. (Section 1105)

If less than all the debt securities are being redeemed, we may select the particular series to be redeemed; if less than all the debt securities of a series are being redeemed, the trustee shall select the debt securities to be redeemed using a method it considers fair and appropriate. (Section 1103) After the redemption date, holders of debt securities which were redeemed will have no rights with respect to the debt securities except the right to receive the redemption price and any unpaid interest to the redemption date. (Section 1106)

Concerning the Trustee

Deutsche Bank Trust Company Americas is the trustee under the indenture. Deutsche Bank Trust Company Americas or its affiliates makes loans to and performs certain other services for us and certain of our subsidiaries and affiliates. Among other services, Deutsche Bank Trust Company Americas or its affiliates provide us and our affiliates with investment banking and cash management services and investment custody account services, and participate in our credit facilities and those of our affiliates.

Governing Law

The laws of the State of New York govern the indenture and will govern the debt securities. (Section 112)

DESCRIPTION OF DEBT WARRANTS

We may issue debt warrants in registered certificated form for the purchase of debt securities. We may issue debt warrants separately or together with any debt securities offered by any prospectus supplement. If issued together with any debt securities, debt warrants may be attached to or separate from such debt securities. Debt warrants will be issued under debt warrant agreements to be entered into between us and a bank or trust company, as debt warrant agent, all as set forth in the prospectus supplement relating to the particular issue of debt warrants. The debt warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with

Edgar Filing: ROYAL BANK OF CANADA - Form FWP

any holders or beneficial owners of warrants. A form of debt warrant agreement, including a form of debt warrant certificate, reflecting the particular terms and provisions of a particular issue of debt warrants, will be filed with the SEC in connection with the offering

Table of Contents

and incorporated by reference in the registration statement of which this prospectus is a part. See [Where You Can Find More Information](#) for information on how to obtain copies of any form of debt warrant agreement that has been filed. A summary of certain provisions of the debt warrant agreements and debt warrant certificates follows. You should read the more detailed provisions of the forms of debt warrant agreement and debt warrant certificate and any additional terms relating to the particular issue of debt warrants, which will be described in detail in the applicable prospectus supplement, for additional information before you buy any debt warrants.

General

The prospectus supplement will describe the terms of the debt warrants offered thereby, the debt warrant agreements relating to such debt warrants and the debt warrant certificates representing such debt warrants, including the following:

the offering price;

the designation, aggregate principal amount and terms of the debt securities purchasable upon exercise of the debt warrants;

if applicable, the designation and terms of the debt securities with which the debt warrants are issued and the number of debt warrants issued with each such debt security;

if applicable, the date on and after which the debt warrants and the related debt securities will be separately transferable;

the principal amount of debt securities purchasable upon exercise of one debt warrant and the price at which such principal amount of debt securities may be purchased upon such exercise, and any provisions for changes to or adjustments in the exercise price;

the date on which the right to exercise the debt warrants will commence and the date on which such right will expire;

the maximum or minimum number of warrants which may be exercised at any time;

United States federal income tax consequences;

the identity of the debt warrant agent; and

any other terms of the debt warrants.

Debt warrant certificates may be exercised, and those that have been issued separately or, if issued together with debt securities, once detachable, may be exchanged for new debt warrant certificates of different denominations and may be presented for registration of transfer at the corporate trust office of the debt warrant agent or any other office indicated in the applicable prospectus supplement. A debt warrant certificate that is not immediately detachable from a debt security may be exchanged or transferred only with the debt securities to which it was initially attached, and only in connection with the exchange or transfer of such debt securities. Debt warrants for the purchase of debt securities will be in registered form only.

Exercise of Debt Warrants

Edgar Filing: ROYAL BANK OF CANADA - Form FWP

Each debt warrant will entitle its holder to purchase for cash such principal amount of debt securities at such exercise price as will in each case be set forth in, or calculable from, the applicable prospectus supplement relating to the debt warrants. Each holder of a debt warrant may exercise it at any time up to 5:00 p.m., New York City time, on the debt warrant expiration date set forth in the applicable prospectus supplement. After such time, or such later date to which such debt warrant expiration date may be extended by us, unexercised debt warrants will be void.

Table of Contents

DESCRIPTION OF GUARANTEES OF DEBT SECURITIES

PM USA, which currently guarantees the indebtedness that Altria has incurred or may incur under substantially all of Altria's existing debt instruments, may issue guarantees with respect to the debt securities. Any guarantees will be issued under the indenture and a guarantee agreement to be entered into by PM USA in favor of the trustee. A form of guarantee agreement is filed as an exhibit to the registration statement of which this prospectus is a part. A summary of certain provisions of the guarantee follows. The guarantee agreement reflecting the terms and provisions of a particular guarantee of a series of debt securities will be filed with the SEC in connection with the offering. See "Where You Can Find More Information" for information on how to obtain copies of any form of guarantee agreement that has been filed. You should read the more detailed provisions of the indenture and the guarantee agreement and any additional terms relating to the particular series of debt securities to which the guarantee relates, which will be described in detail in the applicable prospectus supplement, for additional information before you buy guaranteed debt securities.

General

Any guarantees issued under this prospectus for the benefit of holders of the underlying debt securities will include the following terms and conditions, plus any additional terms as specified in the accompanying prospectus supplement.

The guarantees will provide that PM USA will unconditionally guarantee the punctual payment when due, whether at stated maturity, by acceleration or otherwise, of the principal of, premium, if any, and interest on the underlying debt securities ("Obligations"), according to the terms of the debt securities and as more fully described in the indenture.

Subject to the termination, release and amendment provisions described below, the liability of PM USA under the PM USA guarantees shall be absolute and unconditional irrespective of:

any lack of validity, enforceability or genuineness of any provision of the indenture, the debt securities or any other agreement or instrument relating thereto;

any change in the time, manner or place of payment of, or in any other term of, all or any of the Obligations, or any other amendment or waiver of or any consent to departure from the indenture;

any exchange, release or non-perfection of any collateral, or any release or amendment or waiver of or consent to departure from any other guarantee, for all or any of the Obligations; or

any other circumstance that might otherwise constitute a defense available to, or a discharge of, Altria or PM USA.

The Obligations of PM USA under its guarantee of the debt securities will be limited to the maximum amount as will not, after giving effect to such maximum amount and all other contingent and fixed liabilities of the PM USA that are relevant under Bankruptcy Law, the Uniform Fraudulent Conveyance Act, the Uniform Fraudulent Transfer Act or any similar federal or state law to the extent applicable to the guarantee, result in the PM USA's obligations under the guarantee constituting a fraudulent transfer or conveyance. For purposes hereof, "Bankruptcy Law" means Title 11, U.S. Code, or any similar federal or state law for the relief of debtors.

An Event of Default with respect to the underlying debt securities will constitute an event of default under the indenture and the applicable guarantee agreement, and will entitle the holders of the debt securities or the trustee to accelerate the obligations of PM USA under the indenture and the applicable guarantee agreement in the same manner and to the same extent as Altria's obligations under the indenture.

Termination

PM USA will be unconditionally released and discharged from the obligations under the guarantee upon the earliest to occur of:

the date, if any, on which PM USA consolidates with or merges into us or any successor to us;

Table of Contents

the date, if any, on which we or any successor to us consolidates with or merges into PM USA;

payment in full of the Obligations; and

the rating of our long-term senior unsecured debt by Standard & Poor's Rating Services of A or higher.

Amendment

Except as provided above under Description of Debt Securities Supplemental Indentures Requiring Consent of Holders above, PM USA may amend the guarantee at any time for any purpose without the consent of the trustee or any holder of debt securities entitled to the benefits of PM USA's guarantee. If such amendment adversely affects the rights of any holder of a series of debt securities entitled to the benefits of the guarantee, the prior written consent of the trustee, acting on the written direction of the holders of more than 50% in aggregate principal amount of such series of debt securities, will be required. If such amendment adversely affects the rights of the trustee, the prior written consent of the trustee will be required.

PLAN OF DISTRIBUTION

We may sell the securities offered pursuant to this prospectus in any of the following ways:

directly to one or more purchasers;

through agents;

through underwriters, brokers or dealers; or

through a combination of any of these methods of sale.

We will identify the specific plan of distribution, including any underwriters, brokers, dealers, agents or direct purchasers and their compensation in a prospectus supplement.

LEGAL MATTERS

The validity of the securities offered by this prospectus and any prospectus supplement will be passed upon for us by Hunton & Williams LLP, New York, New York, and for any underwriters, agents or dealers by Simpson Thacher & Bartlett LLP, New York, New York. Simpson Thacher & Bartlett LLP will rely upon Hunton & Williams LLP as to matters of Virginia law. Sutherland Asbill & Brennan LLP, Washington, D.C., is also representing us with respect to United States federal tax laws.

EXPERTS

The consolidated financial statements and managements' assessment of the effectiveness of our internal control over financial reporting (which is included in the Report of Management on Internal Control over Financial Reporting) incorporated in this prospectus by reference to our Current Report on Form 8-K, dated September 8, 2008, and the financial statement schedule incorporated in this prospectus by reference to our Current Report on Form 8-K, dated June 5, 2008, have been so incorporated in reliance on the reports of PricewaterhouseCoopers LLP, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.

The consolidated financial statements of UST appearing in our Current Report on Form 8-K, dated November 4, 2008, for the year ended December 31, 2007, have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their report thereon, included therein, and incorporated in this prospectus by reference. Such consolidated financial statements are incorporated in this prospectus by reference in reliance upon such report given on the authority of such firm as experts in accounting and auditing.
