Item 1.01. Entry into a Material Definitive Agreement.

On July 28, 2006, Storm Cat Energy Corporation (“Storm Cat”) and Storm Cat Energy (USA) Corporation (“Storm Cat (USA)”), a wholly owned subsidiary of Storm Cat, entered into a Credit Agreement (the “US Credit Agreement”), with JPMorgan Chase Bank, N.A., as Global Administrative Agent, and the Lenders party thereto. Additionally, on July 28, 2006, Storm Cat entered into a Credit Agreement (the “Canadian Credit Agreement”), with JPMorgan Chase Bank, N.A., Toronto Branch as Canadian Administrative Agent, JPMorgan Chase Bank, N.A., as Global Administrative Agent, and the Lenders party thereto. The US Credit Agreement and the Canadian Credit Agreement are collectively referred to herein as the “Credit Agreements” or the “Senior Credit Facility.”

Storm Cat may borrow up to an aggregate principal amount of U.S.\$250,000,000 under the Senior Credit Facility that may be allocated between each of the Credit Agreements depending on the respective borrowing base under each such Credit Agreement. Storm Cat did not borrow any funds at the time of execution of the Senior Credit Facility. The Senior Credit Facility is available to provide funds for the exploration, development and/or acquisition of oil and gas properties and for working capital and other general corporate purposes. The Credit Agreements provide for a semi-annual evaluation of the borrowing base, which has been set initially at U.S.\$11,000,000, that will be determined as a percentage of the discounted present value of Storm Cat’s oil and natural gas reserves.

Each loan under the Senior Credit Facility bears interest at a base rate or a Eurodollar rate, as requested by Storm Cat, plus an applicable percentage based on Storm Cat’s usage of the facility. The applicable margin above the base rate ranges from 0% to 0.50% and the applicable margin above the Eurodollar rate ranges from 1.25% to 2.00%, in each case depending on Storm Cat’s usage under the credit line. In addition, Storm Cat will pay a commitment fee quarterly in arrears ranging from 0.30% to 0.50% per annum on the total amount of the unused commitments. Interest on funds drawn will be paid monthly with the principal due on the maturity date, July 28, 2010.

The Senior Credit Facility contains affirmative and negative covenants (including limitations on indebtedness, liens, investments, loans and advances, dividends, distributions and redemptions, sales and leasebacks, nature of business, hedging agreements, leases, mergers, use of proceeds of loans and letters of credit, ERISA compliance, discount of receivables, sale of oil and gas properties, environmental matters, transactions with affiliates, subsidiaries, and negative pledge agreements, in each case subject to carveouts and/or baskets mutually agreed upon by the parties) that are customary for a facility of this nature. The Senior Credit Facility also contains customary representations and warranties (including those relating to corporate existence, financial condition, litigation, absence of defaults, authority and enforceability, approvals, use of proceeds and letters of credit, ERISA, taxes, title to property, no material misstatements, Investment Company Act status, subsidiaries, location of business and offices, defaults, environmental matters, compliance with laws, insurance, hedging agreements, restriction on liens, material agreements, and solvency) and customary events of default (including those relating to monetary defaults, covenant defaults, cross defaults and bankruptcy events). The Senior Credit Facility contains two financial covenants: (1) Storm Cat will not permit its Current Ratio (defined as consolidated current assets plus unused availability under the Global Borrowing Base divided by consolidated current liabilities excluding the current portion of the Credit Agreements) as of the last day of any fiscal quarter, commencing with the fiscal quarter ending December 31, 2006, to be less than 1.0 to 1.0, and (2) Storm Cat will not permit its ratio of consolidated Total Funded Debt to consolidated EBITDA (calculated quarterly at the end of each fiscal quarter, with such quarter EBITDA to be annualized by multiplying by four (4)) as of the end of any fiscal quarter, commencing with the fiscal quarter ending December 31, 2006, to be greater than (a) 3.50 to 1.00 for the fiscal quarters ending December 31, 2006 and March 31, 2007, (b) 3.00 to 1.00 for the fiscal quarter ending June 30, 2007 and for each fiscal quarter thereafter.

Storm Cat and the subsidiary guarantors have also executed and delivered certain other related agreements and documents pursuant to the Senior Credit Facility, including facility guaranty agreements, pledge agreements, and a mortgage. The obligations of Storm Cat and its operating subsidiaries under the Senior Credit Facility are secured by a first priority security interest in favor of the Global Administrative Agent for the benefit of the lenders, in Storm Cat’s

and such subsidiaries' material tangible and intangible assets, and proved reserves, among other things.

On August 1, 2006, Storm Cat announced the closing of its new Credit Facility in a news release that is filed as Exhibit 99.1 to this Current Report on Form 8-K and incorporated herein by reference.

The foregoing is qualified in its entirety by reference to the U.S. Credit Agreement and the Canadian Credit Agreement, conformed copies of which are attached hereto as Exhibits 10.1 and 10.2, respectively, and incorporated herein by reference.

Item 2.02. Results of Operations and Financial Condition.
