**Item 2.02. Results of Operations and Financial Condition.**

On August 27, 2008, FuelCell Energy, Inc. ("FuelCell") issued a press release announcing its financial results and accomplishments as of and for the three and nine months ended July 31, 2008. A copy of FuelCell's press release is attached to this report as Exhibit 99.1 and incorporated herein by reference.

**Item 8.01. Other Events.**

In July of 2008, FuelCell entered into a contract change order with The Linde Group which adjusted scheduled power plant deliveries beyond December 31, 2008 due to Linde's customer requirements. Production will not begin on this contract until the federal investment tax credit ("ITC") is extended beyond 2008. As a result of this contract modification, FuelCell has adjusted its backlog to exclude the Linde contract and related service agreement pending the outcome of ITC legislation. This is an adjustment of previously reported backlog of approximately \$11.8 million of product sales and \$5.3 million of long-term service agreements.

As of July 31, 2008, FuelCell's product sales backlog totaled approximately \$100.7 million, including approximately \$15.2 million related to long-term service agreements.
