LITIGATION UPDATE

On November 9, 2016, Plaintiff Jonathan Raul (“Plaintiff”) filed a Class Action Complaint for Violations of Sections 14(a) and 20(a) of the Securities Exchange Act of 1934 (“Complaint”) captioned *Raul v. Mitchell*, et al., No. 2:16-cv-00194-KS-MTP (S.D. Miss.). The Complaint alleged that The First Bancshares Inc.’s (“First Bancshares” or the “Company”) Preliminary Proxy Statement (Schedule 14A) and Amendments thereto filed with the SEC on October 25, 2016, November 18, 2016, and November 25, 2016, and the Definitive Proxy Statement (Schedule 14A), filed with the SEC on November 28, 2016 (“Definitive Proxy Statement”), contained misstatements and omissions in their disclosures regarding the issuance of additional shares of First Bancshares’s common stock. On November 28, 2016, Plaintiff filed a Motion for a Preliminary Injunction to enjoin the special shareholders meeting of First Bancshares to be held on December 29, 2016 (“Special Meeting”), during which the shareholders will be asked to approve the conversion of its Mandatorily Convertible Nonvoting Noncumulative Preferred Stock, Series E (“Series E Preferred Stock”) into additional shares of First Bancshares’s common stock.

First Bancshares believed that the Complaint was without merit and that no further disclosure was required to supplement the Definitive Proxy Statement under any applicable rule, statute, regulation or law. However, to avoid the costs, risks and uncertainties inherent in litigation, on December 16, 2016, the parties reached an agreement pursuant to a Memorandum of Understanding to provide certain additional disclosures, all of which are set forth below. The Memorandum of Understanding outlines the terms of the parties’ agreement in principle to settle and dismiss all claims which were or could have been asserted in the Complaint. Pursuant to the terms of the Memorandum of Understanding, Plaintiff has withdrawn his Motion for Preliminary Injunction and has agreed to dismiss his case with prejudice. The Plaintiff has indicated that he may seek an award of attorneys’ fees in connection with this matter. The parties have not reached an agreement on the anticipated application by Plaintiff’s counsel for an award of attorneys’ fees at the time of this filing.

The settlement will not affect the timing of the Special Meeting.

Capitalized terms used herein but not otherwise defined herein have the meanings ascribed to those terms in the Definitive Proxy Statement.

SUPPLEMENTAL DISCLOSURES

In the Memorandum of Understanding with respect to the settlement of the Complaint described above, First Bancshares agreed to make these supplemental disclosures to the Definitive Proxy Statement. These supplemental disclosures should be read in conjunction with the Definitive Proxy Statement, which should be read in its entirety.

Without conceding in any way that the disclosures below are either material or required, First Bancshares has agreed to make the following supplemental disclosures:

The following disclosure supplements the Definitive Proxy Statement before the last sentence of the first paragraph on p. 4:

“The Company and management considered other alternatives to raise capital, but ultimately exercised their business judgment and concluded that the Private Placement was the desired approach at this time. Following consultation with the Company’s financial advisors, the Company determined that the Private Placement was the most effective method for raising capital under the current circumstances.”

The following disclosure supplements the Definitive Proxy Statement at end of the section entitled “Pro Forma Financial Information” on p. 7:

Dilution

To further help your understanding of the financial impact of the Private Placement related to Proposal No. 1, we are providing the following table which sets forth the tangible book value impact of the Private Placement if Proposal No. 1 is approved, as well as the impact that the approval of Proposal No. 1 may have on our current common stockholders ownership percentage of the Company.

	As of	As Adjusted if Proposal No. 1 is
	September 30, 2016	Approved
		(As of September 30, 2016)
Tangible common equity	\$79,939,000	\$139,826,495
FBMS common stock outstanding	5,428,017	8,991,397
Tangible book value per share of FBMS common stock	\$14.73	\$15.55
Ownership of current FBMS common stockholders	100.0%	60.4%

As demonstrated by the table above, the Company expects the approval of Proposal No. 1 to be accretive to the tangible book value of the Company's common stock but dilutive to the Company's current common stockholders in terms of their pro forma ownership of the Company prior to the Private Placement.

The following disclosure supplements the Definitive Proxy Statement at the end of the section entitled "Pro Forma Financial Information" on p. 7 and immediately before the section entitled "Series E Preferred Stock Terms and Provisions" on p. 8:

Use of Proceeds from the Private Placement

The Company estimates that the net proceeds from the sale of the shares of Series E Preferred Stock will be between \$59,000,000 and \$60,000,000, after deducting placement agent fees and expenses related to the capital raise, legal and accounting fees and including the filing of this proxy statement and related documents with the SEC.

We intend to use the net proceeds from the sale of the Series E Preferred Stock to finance all or a portion of the Iberville Bank Acquisition and pay related expenses, to support our capital ratios in connection with the Iberville Bank Acquisition and the acquisition of Gulf Coast Community Bank ("Gulf Coast Acquisition"), and for general corporate purposes. If the Iberville Bank Acquisition is not completed we will use the proceeds of the shares of Series E Preferred Stock from this offering for general corporate purposes to support our growth strategy, which may include organic growth, funding acquisition opportunities, *de novo* branching into new markets or other organic expansion of our business.

The Private Placement was not conditioned upon the successful completion of the Iberville Bank Acquisition, the Gulf Coast Acquisition or any other transaction. Accordingly, even if the Iberville Bank Acquisition does not occur, we will have no obligation to offer to repurchase any or all of the shares of Series E Preferred Stock sold in the Private

Placement. In the event the Iberville Bank Acquisition does not occur, our management will retain broad discretion in the allocation of the net proceeds of the Private Placement. The precise amounts and timing of our use of the net proceeds will depend upon market conditions and the availability of other funds, among other factors. From time to time, we may engage in additional capital financings as we determine appropriate based upon our needs and prevailing market conditions. These additional capital financings may include the sale of other securities.

The following disclosure supplements the Definitive Proxy Statement at the end of the section entitled “The Securities Purchase Agreements” on p. 10:

Purchasers

The table below lists the Purchasers and other information regarding the stock ownership of each of the Purchasers. The second column lists the number of shares of Series E Preferred Stock owned by each Purchaser as of October 31, 2016.

None of the Company’s financial advisors in the Private Placement participated in the Private Placement, nor, to the knowledge of the Company, are any of the Company’s financial advisors related parties to any Purchaser.
