Item 2.02 Results of Operations and Financial Condition.

In a review of the Form 10-Q for the Quarter ended June 30, 2006 prior to filing with the Securities and Exchange Commission, the Company reclassified a gain on the early extinguishment of debt to conform with APB 26, Early Extinguishment of Debt. The reclassification did not affect net income or earnings per share for the quarter.

The gain of approximately \$407,000 was included as a credit to "Interest Expense on Borrowed Funds" in the Company's second quarter press release dated July 20, 2006. As a result of the reclassification, "Interest on Borrowed Funds" was increased by \$407,000 and other non-interest income was increased by the \$407,000 to conform with APB 26 reporting requirements on the early extinguishment of debt. The reclassification also resulted in new totals reported on the Consolidated Statement of Income for "Total Interest Expense", "Net Interest Income" and "Net Interest Income After Provision for Loan Losses".

This reclassification also changed certain metrics shown on the Analysis of Net Interest Earnings that accompanied the press release. The cost of borrowed funds increased to 5.11%, the total cost of funds increased to 3.48% and the net margin declined 8 basis points to 3.61%.

A copy of the Company's second quarter press release that was dated on July 20, 2006 has been updated to reflect the reclassification of the \$407,000 in the text of the release and in the Consolidated Statements of Income and Analysis of Net Interest Earnings that accompanied the release. The updated press release is attached hereto as Exhibit 99.1.

Item 9.01 Financial Statements and Exhibits.
