ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL RESULTS

On March 5, 2015, U.S. Physical Therapy, Inc. (the "Company") reported its results for the fourth quarter and year ended December 31, 2014. In addition, the Company announced that its board of directors declared a quarterly dividend of \$.15 per share to holders of record of common stock as of the close of business on March 20, 2015 payable on April 3, 2015. A copy of the press release is attached hereto as Exhibit 99.1.

While the Company intends to declare dividends in subsequent quarters, any future dividends will be at the discretion of the Company's board of directors after taking into account various factors, including general economic and business conditions, tax considerations, the Company's strategic plan, the results of operation and financial condition of the Company, the acquisition and expansion plans of the Company, any contractual, legal or regulatory restrictions on the payment of dividends, and such other factors as the board considers relevant.

In accordance with General Instruction B.2 of Form 8-K, the information in this Current Report on Form 8-K, including the exhibits, shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

ITEM 7.01 REGULATION FD DISCLOSURE

Although the Company's new patient referrals thus far in 2015 have been good, the severe winter weather in many parts of the country in January and February negatively affected the number of patient visits by more than 16,000 with an estimated negative earnings impact of \$.05 to \$.07 per share. After allowing for that, management currently expects the Company's earnings from continuing operations attributable to common shareholders for the year 2015 to be in the range of \$22.3 million to \$22.9 million in net income and \$1.80 to \$1.86 in diluted earnings per share. Please note that management's guidance range represents projected earnings from existing operations only and excludes future acquisitions. The annual guidance figures will not be updated unless there is a material development that causes management to believe that earnings will be significantly outside the given range.

ITEM 8.01 OTHER EVENTS

See Item 2.02 above. On March 3, 2015, the Company announced a dividend of \$.15 per share to holders of record of its common stock as of the close of business on March 20, 2015 payable on April 3, 2015.
