RECENT EVENTS

On February 9, 2007, the Company issued and sold \$86 million of its secured convertible notes (the Notes) to Prencen Lending LLC (Prencen Lending) and Watershed Capital Partners, L.P. and Watershed Capital Institutional Partners, L.P. (together, Watershed) (the Transaction). \$76 million in aggregate principal amount of the Notes were issued to Prencen Lending in exchange for \$76 million in principal amount of the Prior Notes (as defined below) pursuant to a Third Amended and Restated Securities Purchase Agreement (the Prencen Securities Purchase Agreement) dated as of February 9, 2007, among the Company, Prencen Lending and Prencen LLC (Prencen) and \$10 million in aggregate principal amount of the Notes were issued and sold to Watershed pursuant to a Securities Purchase Agreement, dated as of February 9, 2007 among the Company and Watershed (the Watershed Securities Purchase Agreement and together with the Prencen Securities Purchase Agreement, the Securities Purchase Agreements).

Pursuant to the Prencen Securities Purchase Agreement, the Company redeemed \$15 million in principal amount of the Company s senior secured convertible notes (the Prior Notes), paid \$4,372,077 in accrued interest on the Prior Notes and \$6,464,000 in redemption fees and the remaining \$76 million in principal amount of the Prior Notes was surrendered and cancelled in exchange for the \$76 million in principal amount of secured convertible notes issued pursuant to the Prencen Securities Purchase Agreement as required by our secured lenders. There are no material differences between the terms of the Prior Notes and the Notes. The cash proceeds from the sale of the Notes to Watershed and the Company s first and second lien credit facilities were subsequently or will be applied to satisfy the \$95 million cash portion of the purchase price required to be paid in connection with the purchase by the Company and its wholly owned subsidiaries, Ascendia Brands Co., Inc., and Lander Intangibles Corporation, of the *Calgon*[®] and *the healing garden*[®] brands and certain brand-related assets from Coty Inc. and certain of its affiliates (the Coty Transaction), to refinance approximately \$13 million of the Company s indebtedness, to pay approximately \$9 million of transaction costs and expenses incurred in connection with the Coty Transaction and the first, second and third lien financings, and for general corporate purposes.

The Notes are secured by a third lien on substantially all of the Company s and its domestic subsidiaries assets and are guaranteed by all of the Company s subsidiaries. The Notes mature on December 30, 2016 (subject to certain put and call rights described below) and will accrue interest at the rate of 9% per annum (subject to increase to up to 15% upon the occurrence or non-occurrence of certain events). Interest will be capitalized.

Any portion of the balance due under the Notes will be convertible at any time, at the option of the holder(s), into our Common Stock (the Conversion Shares) at a price of \$0.42 per share (subject to certain anti-dilution adjustments), provided that a holder may not, except in accordance with the terms of the Notes, convert any amounts due under the Notes if and to the extent that, following such a conversion, such holder and its affiliates would collectively beneficially own more than 9.99% of the aggregate number of shares of our Common Stock

outstanding following such conversion. In addition, the Company may require the exchange of up to \$40 million in principal amount of the Notes then outstanding for shares of a newly created series of convertible preferred stock on terms acceptable to the Company and the holders of a majority in principal amount of the Notes, for a 15% exchange fee, payable in cash, if necessary to maintain the Company's stockholder equity at the level required pursuant to the continued listing requirements of the American Stock Exchange (the "AMEX"), on which our Common Stock is listed.

At any time after the eighth anniversary of the issuance of the Notes, the Company may at its option redeem, or any holder may require the Company to redeem, all or any portion of the balance outstanding under the Notes at a premium of 7%. The Notes are redeemable by the holder(s) of at least a majority in principal amount of the Notes at any time upon the occurrence of an event of default or by any holder upon a change in control of the Company (as defined in the Notes), at a premium of 25% and 20%, respectively.

The Notes rank pari passu with each other and junior to the Credit Agreement dated as of February 9, 2007, among the Company, its domestic subsidiaries signatory thereto, certain lenders, and Wells Fargo Foothill, Inc. ("WFF"), as arranger and administrative agent (the "Credit Agreement"), and the Second Lien Credit Agreement dated as of February 9, 2007 among the Company, its domestic subsidiaries signatory thereto, the lenders signatory thereto, WFF, as collateral agent, and Watershed Administrative, LLC, as administrative agent (the "Second Lien Credit Agreement").

At the Closing, the Company entered into a Registration Rights Agreement (the "Registration Rights Agreement") in favor of Watershed, Prencen and Prencen Lending with respect to the Conversion Shares, the Warrant Shares (as defined in the Registration Rights Agreement), the Preferred Conversion Shares (as defined in the Registration Rights Agreement) and any of our Common Stock currently held or subsequently acquired by Watershed, Prencen or Prencen Lending (the "Registrable Securities"). Under the Registration Rights Agreement, the Company is required to file a registration statement with respect to the Registrable Securities by June 30, 2007 and to use its best efforts to have such registration statement declared effective not later than 60 days thereafter (or 90 days after the filing deadline if the registration statement is subjected to a full review by the United States Securities and Exchange Commission (the "SEC")). The Registration Rights Agreement contains certain fees for the failure to comply with such deadlines or to maintain the effectiveness of the registration statement. In addition, Prencen, Prencen Lending and Watershed were granted demand and piggyback registration rights on terms set forth in the Registration Rights Agreement.

On August 2, 2006 the Company issued to Prencen Series A Warrants for 3,053,358 shares of Common Stock at an exercise price of \$2.10 per share (the "Series A Warrants") and Series B Warrants for up to 3,000,000 shares of Common Stock at exercise prices ranging from \$1.15 per share to \$1.95 per share, based upon a formula set forth in the Series B Warrants and, based upon such formula, subsequently fixed at 2,000,000 shares of Common Stock at an exercise price of \$1.35 per share (the "Series B Warrants" and together with the Series A Warrants, the "Warrants"). The Warrants may not, except in accordance with the terms of the Warrants, be exercised if and to the extent that, following such exercise, the holder and all affiliates of the holder would collectively beneficially own more than 9.99% of the aggregate

number of shares of the Company's Common Stock outstanding following such exercise. The Warrant Shares are the shares of the Company's Common Stock into which the Warrants are exercisable. The issuance of the Warrants and the related transactions were described in an Information Statement that was furnished on September 11, 2006 to all stockholders of the Company pursuant to Section 14(c) of the Securities Exchange Act of 1934, as amended (the Exchange Act).

On December 26, 2006 and December 29, 2006, respectively, the Company issued to Prencen 300 shares of its Series B Convertible Preferred Stock and 30 shares of its Series B-1 Convertible Preferred Stock (collectively, the Preferred Stock). Each share of Preferred Stock is convertible into shares of the Company's Common Stock. The Preferred Stock may not be converted if and to the extent that following such conversion, the holder and all affiliates of the holder would collectively beneficially own more than 9.99% of the aggregate number of shares of the Company's Common Stock outstanding following such conversion. The Preferred Conversion Shares are the shares of the Company's Common Stock into which the Preferred Stock is convertible. The issuance of the Preferred Stock and the related transactions were described in an Information Statement that was furnished on April __, 2007 to all stockholders of the Company pursuant to Section 14(c) of the Exchange Act.

The above description does not purport to be a complete statement of the parties' rights and obligations under the Notes, the Securities Purchase Agreements, the Registration Rights Agreement, the Credit Agreement and/or the Second Lien Credit Agreement. The issuance of the Notes and the Transaction were described in an Information Statement that was furnished on April __, 2007 to all stockholders of the Company pursuant to Section 14(c) of the Exchange Act.

Prencen, Prencen Lending and Watershed have acknowledged and agreed that the Conversion Shares will not be issued in an amount in excess of the number of shares that may be permitted under the AMEX rules, until such issuances have been approved by the Company's stockholders (and, to the extent that the Company's authorized capital is insufficient to enable the Company to issue Conversion Shares, they have agreed that the Conversion Shares will not be issued in excess of the amount currently reserved for issuance by the Company and available for issuance under the Company's charter until the approval of an amendment to the Company's certificate of incorporation to increase the number of authorized shares to such amount as is necessary to enable the conversion of the Notes into Conversion Shares).

AMENDMENTS TO THE CERTIFICATE OF INCORPORATION

Increase in Authorized Shares of Common Stock. In connection with the Transaction and the fact that the Company's authorized capital is insufficient to enable the Company to issue all of the Conversion Shares, the Company is required to amend its Certificate of Incorporation to increase the number of authorized shares of Common Stock to enable the conversion of the Notes into Conversion Shares.

The Company's Certificate of Incorporation currently authorizes 225,000,000 shares of common stock and 1,000,000 shares of preferred stock. As of April __, 2007, the record date for the determination of stockholders who are entitled to receive this Information Statement: (i) there

were 41,779,840 shares of our Common Stock issued and outstanding; (ii) there were 78,376,348 shares of our Common Stock were reserved for issuance pursuant to stock option plans and stock option agreements and warrants; (iii) there were 330 shares of the Preferred Stock issued and outstanding, each of which is convertible into 6,666.66 shares of our Common Stock or an aggregate of 2,200,000 shares of our Common Stock; and (iv) the Notes were outstanding, convertible into an aggregate of 204,761,905 shares of our Common Stock; *provided, however*, that a holder of shares of the Preferred Stock and holders of the Notes may not, except in accordance with the terms thereof, convert any of the shares of Preferred Stock or amounts due under the Notes if and to the extent that, following such a conversion, such holder and its affiliates would collectively beneficially own more than 9.99% of the aggregate number of shares of our Common Stock outstanding following such conversion. Therefore, as of the record date, there were not a sufficient number of shares of Common Stock available in order to permit the conversion of the Notes. Therefore, Prencen Lending and Watershed required, as a condition to the Transaction, that the Company's Certificate of Incorporation be amended to increase the number of authorized shares of Common Stock.

In addition to the shares of our capital stock that we need to authorize in connection with the Transaction, including those shares of Common Stock that are issuable in connection with any conversion of the Preferred Stock and the Notes, our Board of Directors believes that it is in our best interests that we have the flexibility to issue additional shares of our Common Stock as needs may arise without further stockholder action, unless required by applicable law, regulation, listing requirements or the Company's charter. We seek to provide this flexibility through management of our authorized shares of capital stock.

Except for the Conversion Shares, the Warrant Shares and the Preferred Conversion Shares, and except for currently outstanding employee stock options and warrants, we currently have no agreements, understandings, or plans for the issuance or use of the additional shares of our preferred stock or Common Stock proposed to be authorized. The availability of the additional shares of our Common Stock will enhance our flexibility in connection with possible future actions, such as corporate mergers, acquisitions of businesses, property or securities, stock dividends, stock splits, financings and other corporate purposes. Our Board of Directors will decide whether, when and on what terms the issuance of shares of our capital stock may be appropriate in connection with any of the foregoing purposes, without the expense and delay of a special meeting of stockholders or an action by written consent and the requisite information statement. All newly authorized shares of our Common Stock would have the same rights as the currently authorized shares, including the right to cast one vote per share and to participate in dividends when and to the extent declared and paid. Holders of our Common Stock do not have preemptive rights to purchase additional shares of our Common Stock and are not entitled to cumulative voting for the election of our Board of Directors.

A. Dilutive Effect of Additional Common Stock

Any future issuance of our capital stock could have a dilutive effect on earnings per share and on stockholders' equity and voting rights. Generally, the American Stock Exchange limits the amount of shares we can issue without stockholder approval in transactions other than public offerings. However, through public or private offerings, our Board of Directors would have the

ability to issue shares of our Common Stock authorized under our Certificate of Incorporation, which could have a further dilutive effect.

Furthermore, future sales of substantial amounts of our Common Stock, or the perception that these sales might occur, could adversely affect the prevailing market price of our Common Stock or limit our ability to raise additional capital.

B. Possible Anti-Takeover Effects

The increase in our authorized capital stock could be construed as having anti-takeover effects. The availability of a significant amount of authorized but unissued shares of our Common Stock could be used by our Board of Directors to make more difficult or discourage an attempt to obtain control of the Company by means of a merger, tender offer, proxy contest or other means. Consequently, our Board of Directors could use these additional shares of our Common Stock to create voting or other impediments or to discourage persons seeking to gain control of us. Such shares of our Common Stock also could be privately placed with purchasers favorable to our Board of Directors in opposing such action. The existence of the additional authorized shares could have the effect of discouraging unsolicited takeover attempts. The issuance of new shares of our Common Stock also could be used to dilute the stock ownership of a person or entity seeking to obtain control of us should our Board of Directors consider the action of such entity or person not to be in the best interest of our stockholders.

In addition, the Company's current Certificate of Incorporation provides our Board of Directors with the authority to issue preferred stock and to determine the preferences, limitations and relative rights of shares of preferred stock and to fix the number of shares constituting any series and the designation of such series, without any further vote or action by our stockholders. The preferred stock could be issued with voting, liquidation, dividend and other rights superior to the rights of our common stock. The potential issuance of preferred stock may delay or prevent a change in control of the Company, discourage bids for the Common Stock at a premium over the market price, and adversely affect the market price and the voting and other rights of the holders of our Common Stock.

No Class Vote. Pursuant to the Securities Purchase Agreements, the Company is required to amend its Certificate of Incorporation to provide that the number of authorized shares of Common Stock may be increased or decreased (but not below the number of shares of Common Stock then outstanding) by the affirmative vote of the holders of a majority of the outstanding voting securities of the Company entitled to vote thereon. Under Section 242(b)(2) of the Delaware General Corporation Law, any increase or decrease in the aggregate number of authorized shares of any class of capital stock, including the Common Stock, would require approval of the holders of the outstanding shares of such class of capital stock unless the certificate of incorporation provides for an increase or decrease by the affirmative vote of the holders of a majority of the outstanding voting securities entitled to vote thereon irrespective of Section 242(b)(2) of the Delaware General Corporation Law. As a consequence of this amendment, the holders of the Preferred Stock, as well as the holders of any other then outstanding voting securities of the Company, shall have the right to vote in connection with any future increase or decrease in the number of authorized shares of Common Stock. Accordingly, it is possible that holders of a majority of the outstanding shares of Common Stock may vote to

approve, or may vote not to approve, a future amendment to the Company's charter increasing or decreasing the number of authorized shares of Common Stock, and such charter amendment would nevertheless not be approved, or approved, as the case may be, as a consequence of the vote of holders of the outstanding voting capital stock of the Company.

No Cram Down. Pursuant to the Credit Agreement, the Second Lien Credit Agreement and the Securities Purchase Agreements, the Company is required to amend its Certificate of Incorporation to eliminate Article VII thereof which relates to a Delaware court's ability to order a special meeting of the Company's creditors if the Company becomes insolvent. In such a meeting, the creditors would vote on a compromise or settlement arrangement between the creditors and the Company. It is inconsistent with current Delaware corporate practice to include such a compromise and settlement provision in a certificate of incorporation. Additionally, there is doubt concerning the constitutionality of whether non-resident creditors can be required to attend or be bound by such a court imposed meeting of creditors. Accordingly, Article VII of the Certificate of Incorporation will be eliminated. The Board of Directors of the Company does not anticipate that the elimination of Article VII will have any affect on the Company's governance, business, operations or prospects. Article VII of the Company's charter, which is being eliminated, provides as follows:

ARTICLE VII

BINDING COMPROMISES

Whenever a compromise or arrangement is proposed between the Corporation and its creditors or any class of them and/or between the Corporation and its stockholders or any class of them, any court of equitable jurisdiction within the State of Delaware may, on the application in a summary way of the Corporation or of any creditor or stockholder thereof or on the application of any receiver or receivers appointed for this corporation under the provisions of Section 291 of Title 8 of the Delaware Code or on the application of trustees in dissolution or of any receiver or receivers appointed for the Corporation under the provisions of Section 279 of Title 8 of the Delaware Code, order a meeting of the creditors or class of creditors, and/or of the stockholders or class of stockholders of the Corporation, as the case may be, to be summoned in such manner as the said court directs. If a majority in number representing three-fourths in value of the creditors or class of creditors and/or of the stockholders or class of stockholders of the Corporation, as the case may be, agree to any compromise or arrangement and to any reorganization of the Corporation as a consequence of such compromise or arrangement, the said compromise or arrangement and the said reorganization shall, if sanctioned by the court to which the said application has been made, be binding on all the creditors or class of creditors, and/or on all the stockholders or class of stockholders, of the Corporation, as the case may be, and also on the Corporation.

The Written Consent was signed by persons who, as of the execution date, collectively owned approximately 55% of the Company's Common Stock, namely Dana Holdings, LLC, MarNan, LLC, Franco S. Pettinato, Edward J. Doyle, Brian J. Geiger, Robert Enck, William C. Acheson, John D. Wille, Andrew W. Sheldrick and Paul Taylor. Edward J.

Doyle is a director of the Company, and Franco S. Pettinato, John D. Wille and Andrew W. Sheldrick are executive officers. Dana Holdings, LLC is an affiliate of Joseph A. Falsetti, a director and executive officer of the Company. As of the date upon which the Written Consent was signed, each share of Common Stock was entitled to one vote, each share of Series B Preferred Stock was entitled to 6,666.66 votes, and each share of Series B-1 Preferred Stock was entitled to 6,666.66 votes, in each case, on most matters (including the approval of the actions set forth herein), with the consequence that the persons signing the Written Consent collectively accounted for approximately 52% of the aggregate votes entitled to be cast. Notwithstanding the immediately preceding sentence, any holder of the Series B Preferred Stock or Series B-1 Preferred Stock shall not have the right to exercise voting rights with respect to shares of Series B Preferred Stock or Series B-1 Preferred Stock, respectively, to the extent that giving effect to such voting rights would result in such holder and its affiliates being deemed to beneficially own more than 9.99% of the aggregate number of shares of our Common Stock outstanding after giving effect to such exercise. (For further information, please refer to the Table of Beneficial Ownership, *infra*.) No payment was made to any person in consideration of their executing the Written Consent.

The form of the Certificate of Amendment of the Certificate of Incorporation of the Company, the terms of which were approved by our board of directors and the holders of more than a majority of the voting power of our outstanding Capital Stock, is attached hereto as Exhibit A.

Stockholder approval is required for the amendments to the Company's charter set forth above. As discussed above, we have obtained stockholder approval by written consent and the Written Consent will become effective on the twentieth (20th) day following the date on which this Information Statement is first sent or given to our stockholders, or as soon thereafter as is reasonably practicable. Copies of the forms of Written Consent executed in connection with the stockholder approval are attached hereto as Exhibit B.

NO APPRAISAL OR DISSENTERS' RIGHTS

Under the Delaware General Corporation Law, our stockholders are not entitled to any dissenters' rights or appraisal of their shares of Common Stock in connection with the approval of the actions described in this Information Statement.

NO ACTION IS REQUIRED

No other votes are necessary or required. This Information Statement is first being mailed or given to stockholders on or about April __, 2007. In accordance with the Exchange Act, the Written Consent and the approval of the matters described in the Written Consent and this Information Statement will become effective twenty (20) calendar days following the mailing of this Information Statement, or as soon thereafter as is reasonably practicable.
