**Item 1.01. Entry into a Material Definitive Agreement.**

On October 8, 2014, America's Car-Mart, Inc., a Texas corporation (the "Company"), and its subsidiaries, Colonial Auto Finance, Inc., an Arkansas corporation ("Colonial"), America's Car Mart, Inc., an Arkansas corporation ("ACM"), and Texas Car-Mart, Inc., a Texas corporation ("TCM"), entered into Amendment No. 5 to the Amended and Restated Loan and Security Agreement ("Agreement"), dated as of March 9, 2012, by and among the Company, Colonial, ACM, TCM and a group of lenders.

Amendment No. 5 to the Agreement (the "Amendment") amends the Company's \$145 million credit facility (\$200 million including the option to request revolver commitment increases for up to an additional \$55 million). The Amendment extends the term of the Company's revolving credit facilities to October 8, 2017.

The Amendment provides for a new pricing tier for determining the applicable interest rate, based on the Company's consolidated leverage ratio for the preceding fiscal quarter, and provides for a 0.125% increase in each of the three existing pricing tiers for determining the applicable interest rate. The current applicable interest rate under the Amendment is generally LIBOR plus 2.375%. Borrowings are secured primarily by accounts receivable and inventory of the respective subsidiaries. The Amendment enhances the advances available to Colonial on its accounts receivable by adding advances at rates ranging from 45% to 50% on medium-term and long-term vehicle contracts, in addition to existing Colonial advance rates of up to 55% for all other contracts. The effect of the changes results in additional borrowing availability to support the Company's growth.

The Amendment also amends one of two alternative distribution limitations related to repurchases of the Company's stock. With respect to such limitation, the Amendment (i) resets the \$40 million aggregate limit on repurchases beginning with the effective date of the Amendment (updated from March 9, 2012), (ii) redefines the aggregate amount of repurchases to be net of proceeds received from the exercise of stock options, and (iii) changes the requirement that the sum of borrowing bases combined minus the principal balances of all revolver loans after giving effect to such repurchases be equal to or greater than 30% (increased from 25%) of the sum of the borrowing bases. The Amendment does not change the alternative distribution limitation that allows Company stock repurchases so long as the aggregate amount of such repurchases does not exceed 75% of the consolidated net income of the Company measured on a trailing twelve month basis; provided that immediately before and after giving effect to the stock repurchases, at least 12.5% of the aggregate funds committed under the credit facilities remain available.

The Amendment required a closing fee of \$217,500 and an arrangement fee of \$32,500.
