Gilat Chief Executive Officer and Chairman of the Board Amiram Levinberg said, "This quarter we shipped approximately 30% more in VSAT units than last quarter. In addition, this is the first quarter that we have shipped more SkyEdge VSATs than Skystar 360E. Some of these shipments are part of transactions that include the provision of bundled equipment, solutions and services, all in line with our corporate strategy of progressing upward on the value chain in project implementation. The consideration underlying some of these agreements is not included in our revenues for this quarter and has increased our backlog.
