05.01 COMMENTS ON THE COMPANY S PERFORMANCE FOR THE QUARTER
(Convenience Translation into English of original previously issued in Portuguese)

EXPRESSED

1 Business Context

Aracruz Celulose S.A. ("Aracruz", "Company" or "Parent Company") -- based in Aracruz, in the State of Espírito Santo (ES), with plants located in the States of ES, Bahia (BA) and Rio Grande do Sul (RS) -- was founded in 1967 and is engaged in the production and sale of bleached short-fiber eucalyptus pulp. The pulp is produced from reforested timber tracts, mainly from the Company s own forests, with an installed production capacity of 3,010 thousand tons per annum. Of this total, 2,130 thousand tons are turned out from the mill in Barra do Riacho (ES), 430 thousand tons from the RS mill and 450 thousand tons relating to its 50% stake in Veracel Celulose S.A. (Veracel), which runs the mill located in Eunápolis, BA that has total installed production capacity of 900 thousand tons per year.

In September 2007, work was concluded on the project for modernizing one of the production lines at the unit in Barra do Riacho - ES. As a result, this unit s production capacity will be increased by 200 thousand tons per year as from October, 2007, as soon as the learning curve is overcome.

Aracruz owns 50% of the capital stock of Veracel, with the other half held by the Swedish-Finnish group Stora Enso.

The Company s operations are integrated with those of its Subsidiaries, jointly-held and affiliated concerns, which operate in: (i) the distribution of products on the international market [Aracruz Trading S.A., Aracruz Celulose (USA), Inc., Aracruz Trading International Commercial and Servicing Limited Liability Company (Aracruz Trading International Ltd.) and Riocell Limited], (ii) port services (Portocel - Terminal Especializado de Barra do Riacho S.A.), (iii) forestation and reforestation of eucalyptus trees, under a loan for use agreement (Mucuri Agroflorestal S.A.), (iv) the manufacture of solid wood products (Aracruz Produtos de Madeira S.A.), (v) performance of consulting services and international trading activities (Ara Pulp - Comércio de Importação e Exportação, Unipessoal Ltda.) and (vi) pulp production (Veracel).

Based on the increase in the performance of port services to third parties and to the associated company Veracel, the need arose to carry out work to expand, revamp and enhance the Barra do Riacho Private Terminal. The Company s subsidiary Portocel contracted financing in the total amount equivalent to US\$ 50 million, which in Brazilian currency corresponds to R\$ 104 million [Note 13(c)], to be invested in Phase 1 of the expansion project, which is expected to be concluded in May of 2008, with start-up of operations slated for June of that same year.

Aracruz expects to obtain final approval from stockholders for expansion of the Guaíba Unit in 2007 or at the beginning of 2008. The initial stage of land purchases and forest formation has already been approved by the Board of Directors and over half the lands in view have already been purchased or committed. Total investment for the Guaíba expansion is estimated at approximately US\$ 2 billion. The project should be concluded by 2010, adding 1.3 million tons of pulp per year to the current production capacity, raising total annual production at that unit to 1.8 million tons.

05.01 COMMENTS ON THE COMPANY'S PERFORMANCE FOR THE QUARTER

The consolidation procedures for the balance sheet and the statements of income reflect the sum of the balances of assets, liabilities, income and expenses accounts, together with the following eliminations: (i) stakes in capital, reserves and retained earnings (deficit) against investments, (ii) balances of intercompany current accounts and other assets and/or liabilities, (iii) effects of significant transactions, (iv) separate reporting of participation of minority shareholders in results and stockholders' equity of the controlled companies and (v) elimination of unrealized profits among Group companies.

In accordance with Brazilian Securities Commission (CVM) Instruction 247/96, the Company proportionately consolidated its interest in Veracel, since it is jointly controlled (50%) under the terms of the shareholders agreement.

Summary financial statements of Veracel, as proportionally consolidated by Aracruz, are as follows:

	September 30, 2007	June 30, 2007

- b) In order to enhance the quality of the information provided to the market, Aracruz is presenting, as additional information, the Statement of Cash Flow and the Statement of Value Added.

The Statement of Cash Flow was prepared in accordance with Pronouncement NPC-20, of the Brazilian Institute of Independent Auditors - IBRACON, reflecting transactions involving cash and cash equivalents of the Company, other than for securities with maturities above 90 days. This statement is divided into operating, investing and financing activities.

The Statement of Value Added, prepared in accordance with Pronouncement NPC-3.7 of the Federal Accounting Council - CFC, presents the result of the operations from the point of view of generation and distribution of value added, where the four main beneficiaries of the value generated by the activities of the Company are: employees, government, the community and third party and shareholders' capital.

3 Marketable Securities

As of September 30, 2007 and June 30, 2007, the marketable securities recorded in the consolidated balance sheet chiefly comprise Certificates of Deposit (CDs) denominated in Reals, placed overseas with leading financial institutions, through the Company's subsidiary Aracruz Trading International Ltd. the original maturities of which are less than 90 days.

4 Short-term Investments

As of September 30 and June 30, 2007, the Company had units of ownership (quotas) in two exclusive private investment funds as well as investments in Certificates of Bank Deposit (CDBs) with original maturities of more than 90 days. The funds are mainly comprised of CDs and other securities and yields linked to the CDI (Certificate of Interbank Deposit) rate. These funds and investments are maintained at leading Brazilian financial institutions, with final maturities between October of 2007 and April, 2011. The securities included in the portfolio of the exclusive funds feature daily liquidity and are marked to market on a daily basis, without loss of principal and interest accrued through the date of redemption. The Company considers such investments as securities held for trading.

These exclusive funds do not entail significant financial obligations. Any obligations are limited to the service fees paid to the asset management companies employed to execute investment transactions, audit fees and other general and administrative expenses. There are no consolidated assets of the Company that are collateral for these obligations and the creditors of the funds do not have recourse against the general credit of the Company.

05.01 COMMENTS ON THE COMPANY'S PERFORMANCE FOR THE QUARTER

As described in Note 1, the jointly owned company Veracel started up its production during 2005 and its sales have the required synergy with the Parent Company's international distribution network.

The remaining balance of R\$ 24,603 refers to deferred tax credits resulting from accumulated tax losses for income tax purposes and negative results for CSLL purposes at Aracruz, linked to the assessment notice regarding offset of BEFIEX tax losses [Note 18(f)].

- (ii) The income tax and social contribution deferred on temporary differences are stated at net value. The principal temporary effect refers to the effect of credit exchange variation calculated for the current year (system for calculating tax and social contribution on a cash basis - exchange effects).
- (iii) Since the promulgation of Complementary Law No. 87 on September 13, 1996, the Company's Espírito Santo mill has been accumulating ICMS (State Value Added Tax - VAT) credits, resulting from its predominantly export activity. The Company has the legal right, not contested by the tax authorities, to claim those credits from the State. However, due to the fact that the negotiations underway with the State in this regard have not permitted a reasonable estimate of the period for resolution of this matter, the Company has been recording a provision for losses of 100% of such ICMS credit balances recorded in the accounting books in relation to the unit in the State of Espírito Santo (ES).

The amount of R\$ 8,208 at Aracruz not covered by the provision for loss chiefly refers to ICMS credits of the Guaíba Unit, in the State of Rio Grande do Sul (RS), which the Company has been offsetting in the normal course of its operations.

9 Advances to Suppliers - Forest Producer Program

The Forestry Producer Program is a partnership with rural producers, initiated in 1990 in the State of Espírito Santo and expanded to other states, such as Bahia, Minas Gerais, Rio Grande do Sul and, more recently, Rio de Janeiro. The Program encourages the planting of commercial forests of eucalyptus trees, in respect of which the Company provides technology, technical support, materials and financial resources, depending on the type of contract, in order to ensure supply of wood for pulp production. As of September 30, 2007, advances of funds amounted to R\$ 228,514 (Consolidated R\$ 250,596), compared with R\$ 222,631 (Consolidated R\$ 243,294) as of June 30, 2007, which will be recovered against the delivery of the wood by the producers.

10 Investements (a) Parent Company

* - The difference between the loss for the quarter and the equity results relates to the tax incentive booked under shareholders equity in the amount of R\$ 829.

- (i) As part of the plan for capitalization of Veracel, during the third quarter of 2007 capital increases were made in the amount of R\$ 15,124 (second quarter of 2007 R\$ 17,991).
- (ii) The effect of the exchange exposure of overseas investments is recorded under the heading "Equity pick-up" and the method adopted for translating overseas investments is the current exchange rate.
- (iii) The goodwill paid on the acquisition of Veracel, in the total amount of R\$ 50,305, was based on the market value of the assets, lands and forests and on estimated future profitability of the business. The goodwill relating to the forests and estimated future profitability of the forestry business, in the amount of R\$ 40,564, was fully amortized through March 31, 2006, according to the depletion and utilization of planted eucalyptus areas. In the latter case, the amortization is appropriated to the cost of forest- growing and is recognized in income in the year in which the trees are felled. The goodwill on the lands, in the amount of R\$ 9,741, will remain pending amortization until such time as the respective assets are realized.

Of the goodwill of R\$ 839,305 arising on the acquisition of Riocell S.A. in 2003, R\$ 276,422 was allocated principally to fixed assets, while the unallocated portion of R\$ 562,883 (future profitability of the business) was transferred to deferred charges (Note 12).

(b) Consolidated

The consolidated balance of stakes in affiliated and subsidiary companies, in the amount of R\$ 19,74 (R\$ 19,373 as of June 30, 2007), represents Aracruz s share in its affiliated company Aracruz Produtos de Madeira S. A. The portion of the goodwill relating to the market value of the assets is allocated to property, plant and equipment in the consolidated financial statements (proportional consolidation of Veracel).

11 Property, Plant and Equipment

- (*) Depletion of forests, based on formation and maintenance costs and the area cut down each month, appropriated to the cost of pulp production in an amount that excludes the portions that will benefit future forests.

(a) Loans from BNDES (Stockholder)

In December, 2006, Aracruz signed a financing agreement with its stockholder, the Brazilian Development Bank (BNDES - Banco Nacional de Desenvolvimento Econômico and Social), in the total amount of R\$ 595,869, to be amortized in the period from 2014 to 2016, of which R\$ 465,128 has already been released, subject to interest varying between 7.69% and 8.64% per annum.

As of September 30, 2007, the Parent Company had financings in the total amount of R\$ 699,514 (R\$ 605,188 as of June 30, 2007), not including interest, contracted from its stockholder BNDES, subject to interest varying between 7.64% and 10.5% p.a., to be amortized in the period between 2007 and 2016.

With the exception of the agreement signed in December of 2006, the financings granted by BNDES are guaranteed by mortgages, in varying degrees, of the industrial unit in the State of Espírito Santo and by Company lands and forests, as well as by a statutory lien on financed machinery and equipment.

As regards Veracel, as of September 30, 2007 BNDES financings amount to R\$ 601,201 (R\$ 634,487 as of June 30, 2007), not including interest, which varies from 7.0% to 9.74%, to be amortized in the period from October 2007 to February of 2014. These amounts refer to the 50% share held by Aracruz in Veracel.

(b) Export credit note

In May 2006 the Company s subsidiary Portocel - Terminal Especializado de Barra do Riacho S. contacted an Export Credit Note operation in the amount of R\$ 104 million (US\$ 50 million), with interest equivalent to 100% of the CDI rate, semi-annual installments and payments of the principal between June 2008 and December of 2013, in order to expand port facilities. Also linked to this operation was the contracting of a DI x US\$ swap transaction, with the same maturity terms and transformation of the interest rate into exchange variation + 5.985% p. a.

(c) Export prepayment operations

As of September 30, 2007, Aracruz had prepayment operations contracted with various banks in the total amount of US\$ 1,671,560, with interest varying between 5.73% p. a. and 6.34% p. a. , with semi- annual payments and maturities of principal between March 2012 and June of 2016.

14 Financial Instruments (CVM Instruction No. 235/95) (a) Risk management

Edgar Filing: ARACRUZ CELLULOSE S A - Form 6-K

Aracruz and its subsidiaries operate internationally and are exposed to market risks from changes in foreign exchange rates and interest rates. The exposure of the Company to liabilities denominated in U. S. Dollars does not represent risk from an economic and financial point of view, given that exchange variances arising from the future settlement in local currency of foreign currency denominated liabilities are offset by exchange variances in the opposite direction arising from operating income, as almost all sales are exported.

Further in terms of protection of export operations, derivative financial instruments are also used by Aracruz to mitigate the exchange risks, the position of which as of September 30, 2007 was zeroed, whereas on June 30, 2007 it was represented by 11,000 future dollar contracts through the Brazilian Futures Market (BM&F). During the third quarter of 2007, this derivative financial instrument had a positive yield of R\$ 51.4 million (R\$ 19 million in the third quarter of 2006).

As regards interest rate exposure, certain derivative financial instruments are used to manage interest rate risk, the position of which as of September 30, 2007, is represented by 13,080 future DI contracts through the BM&F (compared with 19,735 future DI contracts as of June 30, 2007) and an outstanding amount of R\$ 2.4 million to be paid. During the third quarter of 2007, these derivative financial instruments yielded negative results of R\$ 49.5 million.

During the third quarter interest rate/dollar (TJLP x US\$) swap operations were carried out with notional amount R\$ 579,778 as of September 30, 2007, with maturity set for April 16, 2010. Through the end of third quarter 2007, such operations posted marked-to-market results of R\$ 40,562 (R\$ 31,435 net of accrued withholding income tax - IRRF).

(b) Market value

The estimated market values were determined using available market information and other appropriate valuation methodologies. Accordingly, the estimates presented herein are not necessarily indicative of amounts that the Company could realize in the market.

The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated market value amounts.

The estimated market values of the Company's financial instruments as of September 30, 2007 can be summarized as follows:

	Parent Company		Consolidated	
	Book	Market	Book	Market
Assets				
Cash and cash equivalents	67,352	67,352	75,273	75,273

The market value of the financial assets and short- and long-term financings, when applicable, has been determined using current rates available for operations on similar terms, conditions and remaining maturities.

15 Stockholders Equity (a) Capital and reserves

As of September 30 and June 30, 2007, the Company's authorized capital stock is R\$ 2,871,781, represented by 1,032,554 thousand registered shares, without par value, comprising 455,391 thousand common shares, 38,022 thousand Class A preferred shares and 539,141 thousand Class B preferred shares. The Class A stock may be converted into Class B stock at any time. The conversion rate is 1:1 (one Class A share for one Class B share). Shares of capital stock issued by Aracruz are held in custody at Banco Itaú S. A.

On April 24, 2007, the Extraordinary General Meeting (EGM) of Aracruz Stockholders approved a capital increase in the amount of R\$ 1,017,274, without issuance of new shares of stock, by incorporating the portion of Revenue Reserves, pursuant to Paragraph 1 of Article 169 and Article 199 of the Brazilian Corporation Law (Law No. 6404/76).

The market values of the common and Class A and Class B preferred shares, based on the last quotation prior to the closing date for the third quarter of 2007, were R\$ 15.80, R\$ 13.92 and R\$ 13.44 per share, respectively.

05.01 COMMENTS ON THE COMPANY S PERFORMANCE FOR THE QUARTER

In accordance with the Company s Bylaws, preferred shares do not vest voting rights, but have priority on return of capital in the event of liquidation of the Company. The preferred shares are entitled to a dividend that is 10% higher than that attributed to each common share, albeit without priority in terms of receiving same. Without prejudice to such right, the Class A preferred shares are assured priority in receiving a minimum annual dividend of 6% of their share of the capital stock.

To enhance understanding, the Company presents below a table showing the rights, privileges and conversion policy with respect to its shares:

	Common Shares	Class A Preferred Shares	Class B Preferred Shares
Voting Rights	Yes	· No, except in the event of non-payment of dividends for three (3) consecutive years. In this case, the preferred stock-holders shall retain such voting rights until such time as the past-due dividends are paid.	· No, except in the event of non-payment of dividends for 3 (three) consecutive years. In this case, the preferred stockholders retain such voting rights until such time as the past-due dividends are paid.
Privileges	None	· Priority in reimbursement of capital in the event of liquidation of the Company; · Right to receive a dividend that is 10% higher than that paid to each common share; · Priority in receiving a minimum dividend of 6% p.a., calculated based on the amount of the capital represented by such shares and divided equally among them.	· Priority in reimbursement of capital in the event of liquidation of the Company; · Right to receive a dividend that is 10% higher than that paid to each common share.
Conversion Characteristics	None	May be converted into Class B preferred shares at any time, at the discretion of the stockholder, who has to cover the respective costs of this. Conversion rate: 1:1.	Cannot be converted into either Class A preferred shares or common shares.

05.01 COMMENTS ON THE COMPANY S PERFORMANCE FOR THE QUARTER

(b) Dividends and interest on capital invested

Stockholders are assured by the Company s Bylaws of a minimum annual dividend equivalent to 25% of the Parent Company s net income, adjusted by any increases or decreases in the reserves, as defined in applicable corporate legislation.

As permitted by Law No. 9249 of December 26, 1995, during the first, second and third quarters of 2007, as well as during the year 2006, Aracruz Management elected to pay interest on capital invested to its stockholders. This interest is calculated on the reported stockholders equity and is limited to the daily variation in the Long-Term Interest Rate - TJLP, amounting to R\$ 76,000 (R\$ 77,000 in the second quarter of 2007).

Based on Aracruz s operating cash generating capacity and in addition to the interest on capital invested already declared, the Annual General Meeting (AGM) of Stockholders, also held April 24, 2007, decided to distribute dividends for the year 2006 in the amount of R\$ 167,000, which represents R\$ 168.82 per batch of one thousand Class A and B preferred shares and R\$ 153.47 per batch of one thousand common shares.

(c) Treasury stock

At a meeting held June 3, 2005, the Aracruz Board of Directors -- in the manner provided by item XIV, Article 16, of the Company's Bylaws, as well as Articles 1 and 8 of CVM Instruction No. 10 of February 14, 1980 -- authorized the Executive Officers Committee to trade shares issued by the Company itself up to the limit of 15 million Class A and Class B preferred shares. The Company's aim is to maintain such shares as treasury stock and subsequently dispose of and/or cancel these shares, without decreasing the capital stock.

As of September 30, 2007, the Company held 483 thousand common shares and 1,483 thousand Class B preferred shares as treasury stock, the market value of which as of that date was R\$ 15.80 and R\$ 13.44, respectively, per batch of one thousand shares.

16 Employee Postretirement Benefit Plan - ARUS

The Aracruz Employee Pension Fund ARUS (Fundação Aracruz de Seguridade Social) is a private pension fund which operates in the form of a multi-sponsor fund on a non-profit basis. In September 1998, the previously existing pension plan was substituted by a defined contribution system for retirement (Arus Retirement Plan).

The Company sponsors ARUS and its total contribution during the third quarter of 2007 was approximately R\$ 1,543 (2006 - R\$ 1,455).

Should the Company withdraw from sponsoring the Retirement Plan, its commitment to the Arus Retirement Plan, made under Resolution No. CPC 06/88 (issued by the Brazilian Supplementary Retirement Benefits Council), is totally covered by the assets of the Defined Contribution Plan.

05.01 COMMENTS ON THE COMPANY'S PERFORMANCE FOR THE QUARTER**17 Insurance Coverage**

In view of the nature of its activities, the Company has adopted the policy of contracting insurance coverage to meet its requirements, taking into account the classic differences in risks (manufacturing plant, forests and port). Based on systematic risk analyses, together with modern insurance techniques, the Company purchases insurance coverage in accordance with the maximum possible loss concept, which corresponds to the maximum amount subject to destruction in a single event.

As of September 30, 2007, the Company's assets were insured against losses for a total amount of approximately US\$ 700,000, corresponding to the maximum limit of indemnity per event.

18 Provision for Contingencies and Legal Obligations Being Disputed in Court

The juridical situation of Aracruz Celulose S.A. and its Subsidiaries, jointly controlled and affiliated companies includes labor, civil and tax suits. Based on the representation of external legal counsel, Management believes that the appropriate legal procedures and steps taken in each situation are sufficient to preserve the stockholders' equity of the Company and all its Subsidiaries, jointly controlled and affiliated companies, without additional provisions for loss on contingencies besides the amount recorded as of September 30, 2007. The breakdown of the balance of the provision for contingencies and legal obligations being disputed in court is presented as follows, on a Consolidated basis, as of September 30 and June 30, 2007:

	September 30, 2007		
	Deposit in court	Amount provided	Total, net

(a) Labor

The most significant labor claims are in respect of alleged salary losses due to inflation indices and economic plans imposed by past governments, fines of 40% of the accrued severance pay scheme (Guarantee Fund for Length of Service - FGTS) and claims for additional compensation for alleged hazardous/unhealthy working conditions.

As of September 30, 2007, the Company maintained provisions in the total amount of approximately R\$ 30,600 (Consolidated - R\$ 35,400), in order to cover any unfavorable decisions in the labor area, as well as deposits in court in the amount of R\$ 12,400 (Consolidated - R\$ 18,700).

(b) Brazilian Social Security Institute - INSS

In March 1997, the Company received assessment notices from the Brazilian Social Security Institute - INSS relating principally to accommodation allowances. The inspectors took the view that the subsidized rentals constituted savings for employees and, hence, indirect salary benefits (remuneration in kind). As a consequence, the INSS inspectors argued, this process results in underpayment of the corresponding social security contributions. The Company filed a suit for declaratory judgment to challenge such assessments, with a view to cancellation of the notices, which amount to approximately R\$ 16,000. The Superior Court of Justice (STJ) has already decided one of the suits, with results that favor the arguments defended by the Company.

As of September 30, 2007, the Company s deposits in court in relation to this case amounted to approximately R\$ 22,500. Based on the advice of its legal counsel, as drawn up in a formal legal opinion, indicating that the likelihood of loss in this case is remote, no provision has been established for any unfavorable decisions.

05.01 COMMENTS ON THE COMPANY'S PERFORMANCE FOR THE QUARTER

(c) PIS/COFINS

The Company disagrees with the legitimacy of the claim for these taxes and filed for a court injunction against the changes in the bases for calculation of PIS and COFINS, as well as the increase in the COFINS rate, imposed by Law No. 9718/98. A preliminary injunction was issued in favor of the Company in November of 2001. Due to unfavorable court decisions for other taxpayers in similar lawsuits, on August 29, 2003 the Company decided to withdraw part of claims filed, and chose to adhere to the PAES program – special payment in installments, in the amount of \$ 56,241 – created by Law No. 10684/2003, the current balance of which is approximately R\$ 55,700, and maintained only the claims regarding exchange differences.

Notwithstanding the petition for waiver, in view of the decision rendered by the Federal Supreme Court (STF), which ruled that the change in the basis for calculation of the PIS and COFINS is unconstitutional, the Parent Company filed for a Restraining Order to ensure its right not to pay over the PAES installments relating to such modification, and the petition was granted. The amount relating to the PAES installments that were not paid as a result of the cited court order, for the months from July 2006 through September 2007, is roughly R\$ 9,100, already updated according to the Long-Term Interest Rate (TJLP) rate.

The amount at stake relating to exchange variation for the period from February 1999 to September 2003 is approximately R\$ 91,400 as of September 30, 2007 (R\$ 163,200 as of June 30, 2007), already adjusted to current price levels based on the SELIC interest rate, which is appropriately reflected in the provision for contingencies and legal obligations being disputed in court.

Based on the opinion of its legal counsel, in September 2007 the Company reversed the amount of approximately R\$ 73,800 of the provision relating to the incidence of such taxes on exchange variation revenues, in view of the unenforceability thereof, as provided by Article 150, paragraph 4, of the Brazilian National Tax Code (CTN).

(d) Social Contribution on Net Income (CSLL) – Non-incidence on export revenues

In September 2003 the Company obtained a restraining order that give it the right not to pay Social Contribution on Net Income (CSLL) generated by export sales, as well as the right to recognize the amounts of tax credits previously offset in this regard, adjusted by the SELIC rate, in the amount of R\$ 222,500 as of September 30, 2007 (R\$ 212,000 as of June 30, 2007), for which it maintains a provision. The Company is awaiting a decision on the appeal filed by the Federal Government.

(e) IRPJ – Deductibility of Social Contribution on Net Income (CSLL)

On June 29, 2005, the Company was assessed relating to deductibility of CSLL from taxable income for Corporate Income Tax (IRPJ) purposes for fiscal years 2000 and 2001, the existing provision for which as of June 29, 2005, was supplemented by the amount of R\$ 3.6 million, bringing the total to R\$ 38 million.

Page: 27

05.01 COMMENTS ON THE COMPANY'S PERFORMANCE FOR THE QUARTER

In July 2005, in view of the existing case law, the Company decided to pay over the assessed amount, although it recalculated the basis for calculation thereof, arriving at the amount of R\$ 24.4 million. The Company filed an administrative challenge to the balance of the amount assessed, such that the requirement to pay the tax credit has been suspended and, in addition, it has maintained the lawsuit questioning the cited deductibility.

(f) IRPJ/CSLL – Full offset of accumulated tax losses and negative results

Also on June 29, 2005, the Parent Company was assessed regarding full offset of accumulated tax losses (NOL s) for IRPJ purposes and negative results for CSLL purposes for fiscal years 2000 and 2001, as well as relating to the full offset, in fiscal year 2000, of the tax loss generated during the period it enjoyed the export tax benefit known as the BEFIEX [Note 18(e)]. Aracruz challenged the assessment notice at the administrative level, but it was upheld. The Company appealed this administrative decision and is awaiting judgment.

In July 2006, a court decision was rendered denying the Company the right to fully offset the IRPJ accumulated tax losses and negative CSLL results, a decision that has already been appealed. Even so, in order to avoid a fine, the Parent Company has made payment of the amount of R\$ 49.3 million.

The amount of the provision set up, relating to the period in which the Parent Company enjoyed the BEFLEX benefit as of September 30, 2007, is approximately R\$ 66,400 (R\$ 65,800 as of June 30, 2007).

(g) ICMS

On October 20, 2006, the Company received assessment notices from the Espírito Santo State Treasury Secretary in the amount of R\$ 75.8 million, dealing basically with failure to comply with accessory obligations and unduly taking credits for the State Value-Added Tax on Circulation of Goods and Services (ICMS) on assets for use in operations, supplies and fixed assets. The Company elected to make payment of part of the amount assessed and challenged the amount of R\$ 75.5 million, out of which a portion at stake amounting to R\$ 11.6 million has already been judged favorable to the interests of Aracruz. Based on the opinion of its external legal counsel, which ranked the probability of loss in court as being somewhere between remote and possible, no provision has been set up to cover any unfavorable decisions in this case.

(h) Other tax cases

Based on the opinion of its external legal counsel, the Company further maintains a provision for other tax contingencies where the likelihood of loss is ranked as probable, in the total amount of R\$ 28,600 (R\$ 40,600 Consolidated, relating to tax and civil cases involving the Subsidiaries and jointly controlled company). For these other contingencies, the Company has on deposit in court the amount of approximately R\$ 22,700 (Consolidated R\$ 23,100).

05.01 COMMENTS ON THE COMPANY S PERFORMANCE FOR THE QUARTER

19 Tax Incentives - ADENE

Since Aracruz is located within the geographic area of ADENE (Agency for the Development of the Northeast) and inasmuch as Decree No. 4213 of April 16, 2002 recognized pulp and paper sector as a priority in the development of the region, the Company claimed and was granted the right by the Federal Revenue Service (SRF) in December of 2002 to benefit from reductions in corporate income tax and non-refundable surcharges on adjusted operating profits for plants A and B (period from 2003 to 2013) and plant C (period from 2003 to 2012). This right was granted after ADENE approved the respective reports.

On January 9, 2004, the Company received Official Letter No. 1406/03 from the Extrajudicial Administrator of the former Northeast Development Agency (SUDENE), informing that pursuant to re-examination by the Juridical Consultancy of the Ministry for Integration as regards the coverage of the cited incentive granted, it considered that it was inappropriate for Aracruz to enjoy the benefit previously granted and accrued, which caused revocation thereof.

During fiscal years 2004 and 2005, notifications with the objective of annulling the related tax benefits were issued by ADENE and repeatedly challenged and/or contested by the Company, although so far no definitive court decision has been issued in relation to the merits of the case.

Nevertheless, in December 2005 an Assessment Notice was drawn up against the Company by the SRF, in which the latter government agency required payment back to public coffers of the amounts of the tax incentives used so far, plus interest, albeit without imposition of any fines, for a total amount of R\$ 211 million. The Company filed a challenge against this assessment, the grounds for which were accepted at the first administrative level. Aracruz appealed the latter decision and is presently awaiting judgment on such appeal.

Company Management, in conjunction with its legal counsel, believes that the decision to cancel the ADENE tax benefits in December 2005 is incorrect, both with respect to the benefits used and in relation to the remaining period. As regards the benefits used through 2004 (R\$ 142,858 as of December 31, 2004, recorded under Capital Reserve), Management believes, based on the opinion of its legal counsel, that the requirement to pay the tax has no substantive basis, given that the Company used the benefits strictly within legal parameters and in conformity with acts carried out by the SRF and Reports issued by the ADENE. With respect to the rest of the benefit periods, which extend through 2012 (mill C) and 2013 (mills A and B), respectively, Management and its legal counsel believe it is illegal to revoke benefits that were granted on condition of compliance with pre-established conditions (implementation, expansion or modernization of an industrial undertaking), and that such acquired rights to enjoy same are ensured until the end of the periods set forth in the Law and in the administrative acts granting the benefits

Notwithstanding its firm conviction as to the solid grounds for its rights, in light of the series of events that occurred in the years 2004 and 2005, indicating intent on the part of ADENE and SRF to cancel the tax benefits, the Company decided to adopt a conservative approach and interrupt the recording of the tax benefits as from 2005, until such time as a definitive court decision is reached.

The probability of loss, both in relation to the tax benefits already taken through 2004 as well as regarding those that have not yet been used as from 2005, is ranked as possible by Management and its legal counsel.

21 Commitments

(a) Supply of chemical products

Linked to the sale of the electro-chemical plant to Canexus Química Brasil Ltda. (Canexus) in 1999, the Company and Canexus signed a long-term contract for the supply of chemical products by Canexus, which was revised in 2002 to include additional volumes. Under the clause of this contract guaranteeing the purchase of minimum volumes, the Company is committed to buying a conservatively projected volume of chemical products. Volumes purchased by the Company in addition to the agreed-upon minimum for a given year may be compensated with lower volumes acquired in subsequent years. For purchases in volumes below those agreed upon, the Company has to pay the utility margin provided by the contract. The Company has these volume commitments until 2008, under the amendment to the contract signed in 2002.

(b) Supply of wood

The Company signed a contract with Suzano Papel e Celulose S. A. for a loan of 1,700 thousand m³ of eucalyptus wood, which was received through September of 2005. The remaining balance as of September 30, 2007 is 1,500 m³ of eucalyptus wood and, based on its present forest formation costs, the Company has booked the amount of R\$ 15,898 under liabilities. The contract calls for return of an equivalent volume on similar operating conditions between 2007 and 2009.

05.01 COMMENTS ON THE COMPANY'S PERFORMANCE FOR THE QUARTER

(c) Indian Communities - Terms of Settlement

Edgar Filing: ARACRUZ CELLULOSE S A - Form 6-K

In first half 1998, the Company and the Associations of Indian Communities entered into Terms of Settlement (TAC s) whereby both parties recognized the legitimacy of Administrative Rulings Nos. 193, 194 and 195, all dated March 6, 1998, issued by the Federal Ministry of Justice, which determined the enlargement of the Indian reservation by 2,571 hectares of land belonging to the Company. Aracruz committed itself to a financial aid program to be implemented through social, agricultural, educational, shelter and health projects, up to an amount of approximately R\$ 13,500 (historical amount), monetarily restated each month by one of the official inflation indices (General Market Price Index IGP-M or Consumer Price Index IPC) or such other index as may replace them in the future, whichever is greater. The amount of this financial assistance was to be disbursed over a 20-year period, conditioned to the accomplishment of certain clauses and terms.

Despite the TAC s in force, during the year 2005 members of the Associations of Indian Communities invaded some forestry areas and the Company s industrial premises. Although Aracruz had obtained provisional measures for reinstatement of its ownership of the invaded areas, at end of the year the Indians still occupied approximately 11,000 hectares of land to which the Company is legally entitled. Since the invasion represented breach of the TAC s by the Indian communities, the Company -- after having notified the communities themselves, the National Indian Foundation - FUNAI and the Federal Public Prosecutor -- suspended all commitments to the Indian communities under the TAC s as of May 2005.

Through May of 2005, in relation to the time the TAC s were being complied with, the Company had donated the amount of R\$ 9,597 to the Associations of Indian Communities.

On February 17, 2006, FUNAI published Decisions Nos. 11 and 12 in the Official Federal Gazette (D.O.U.), approving the conclusion of a working group set up by FUNAI Administrative Ruling No. 1299/05, which recommended expansion of the current Indian reserves by about 11,000 hectares, comprised almost entirely of lands owned by Aracruz. The working group identified such lands as being traditionally occupied by the Indian communities. As it was confident of the legitimacy of its rights, the Company filed a challenge to such Decisions on June 19, 2006. At the beginning of 2007, the Federal Ministry of Justice, which has the authority to resolve the issue, returned the administrative proceedings to FUNAI, determining that more in-depth studies should be conducted with a view to preparing an appropriate proposal that satisfies the interests of both parties to the dispute .

On August 27, 2007, through Administrative Rulings Nos. 1463 and 1464, the Ministry of Justice accepted the conclusions of the working group instituted by FUNAI Administrative Ruling No. 1299/05 and ordered expansion of the current Indian reserves by 11,000 hectares, of which 98% (about 10,700 hectares) corresponds to lands owned or legally possessed by Aracruz. The Ministry of Justice emphasized, nevertheless, that all the eucalyptus wood planted in the area, around 6,800 hectares of forest, will be harvested by the Company by way of indemnity for the improvements it has made, as recognized by the federal authorities. Moreover, as from September 18, 2007, all the parties involved began negotiations aimed at establishing a timetable for harvesting of the wood, as well as in order to grant Aracruz legal assurance against future demarcation of land in the northern region of the State of Espírito Santo.

Company's management responsible for the financial, accounting, and operational areas as to the principal criteria adopted in the preparation of the Quarterly Financial Information; and (b) review of the information and subsequent events that have or might have a significant effect on the financial position and operations of the Company and its subsidiaries.

3. Based on our special review, we are not aware of any material modifications that should be made to the Quarterly Financial Information referred to in paragraph 1 above, for it to be in conformity with the accounting practices adopted in Brazil, applied in accordance with the standards laid down by the Brazilian Securities Commission (CVM) specifically applicable to the disclosure of mandatory Quarterly Financial Information.
4. Our special review was conducted for the purpose of issuing a report on the Quarterly Financial Information referred to in paragraph 1 taken as a whole. The supplementary information related to the statements of cash flows and value added for the quarter ended September 30, 2007 are presented for the purpose of allowing additional analyses and are not required as part of the basic Quarterly Financial Information. These statements were subjected to the review procedures described in paragraph 2 above, and based on our special review, are fairly stated, in all material respects, in relation to the Quarterly Financial Information taken as a whole.
5. The balance sheet as of June, 2007 (Company and Consolidated) and the accompanying statements of income and supplementary cash flow and value-added for the quarter and nine-month period ended September 30, 2006, presented for comparison purposes, were examined by us and our unqualified special review reports thereon were issued July 5, 2007 and October 5, 2006, respectively.
