Information to be included in the report

Item 1.01. Entry into a Material Definitive Agreement

ABX Air, Inc. and DHL Network Operations (USA), Inc. ("DHL") are parties to an ACMI Service Agreement, dated August 15, 2003. Under the Agreement, ABX Air provides air cargo transportation services to DHL on a cost plus basis. The Agreement has an initial term of seven years. However, upon prior notice, DHL can terminate specific aircraft, add to, delete or modify the air routes ABX Air operates for DHL under the Agreement.

ABX Air and DHL are also parties to a Hub and Line-Haul Services Agreement, dated August 15, 2003, pursuant to which ABX Air provides staff to conduct package handling, package sorting, warehousing, as well as airport facilities and equipment maintenance services for DHL, also on a cost plus basis.

ABX Air reported today that it has been notified by DHL that 21 ABX aircraft (11 DC-9s and 10 DC-8s) will be released from dedicated service for DHL under the ACMI Service Agreement, effective in August 2006.

ABX Air had reported in November 2004 that DHL intended to remove 26 (16 DC-9s and 10 DC-8s) of the aircraft that ABX Air operates on DHL's behalf by the end of 2005 under the ACMI Service Agreement, some of which would be replaced by newer, larger, and more fuel efficient Boeing 767 aircraft.

Seven aircraft (three DC-9s and four DC-8s) have been removed from active service since that November 2004 announcement. The planned August 2006 reduction of 21 aircraft will bring to 28 the total number of aircraft released from service under the ACMI Service Agreement since November 2004. During the same period, ABX Air has added four Boeing 767 freighter aircraft into the DHL network.

Item 7.01. Regulation FD Disclosure

On July 25, 2006, the Company issued a press release regarding the release of the aircraft described in Item 1.01. A copy of this press release is attached hereto as Exhibit 99.
