SECTION 5 - CORPORATE GOVERNANCE AND MANAGEMENT

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On February 19, 2015, the board of directors (the "Board") of the Company received the resignation of Ali Rahimtula as a director of the Company. Effective February 26, 2015, the Board accepted the consent to act of Jerry Aiken and appointed Mr. Aiken as a director of the Company.

Jerry Aiken

Mr. Aiken (age 72) has more than 44 years of experience in mineral exploration involving base metals, precious metals, and industrial minerals. He has been involved in project generation, geologic mapping, geochemical evaluation, drill program supervision, and regional program management throughout the western United States, Canada, Mexico, South America and parts of Europe.

Since 2006, Mr. Aiken has been working as a consulting geologist involved in the evaluation of mineral properties and the writing and reviewing of Canadian Securities Administrators National Instrument 43-101 technical reports and PFS/FS technical reports. Prior to beginning work as a consulting geologist, Mr. Aiken worked for 29 years for US Borax (Rio Tinto Exploration) ("Borax") in Tucson, Arizona and Valencia, California. Before focusing his career in borates, potash and lithium he worked for five years for ASARCO Exploration beginning in 1970. Mr. Aiken has conducted and implemented exploration programs for borates, potash, lithium and other industrial minerals.

Edgar Filing: PASSPORT POTASH INC - Form 8-K

A review of Mr. Aiken's potash experience, beginning in the mid-1970s, shows that he has evaluated several potash holdings and mines located in the Carlsbad district, New Mexico, and the Paradox Basin, Utah. His experience in that regard resulted in his evaluating the brine potential in the Paradox Basin.

Subsequent to his work in the Paradox Basin, Mr. Aiken evaluated potash projects in the South American Alta Plano and a number of brine projects for potash and other industrial minerals. In addition to his potash evaluation, several 'hard rock' projects were evaluated by Mr. Aiken in both South America, (Argentina) and North America (both in the US and Canada).

Mr. Aiken graduated in 1966 with a Bachelor of Science degree in Geology from Western Michigan University. He also completed coursework in the Masters Program in Exploration Geology from the University of Idaho. Mr. Aiken is a Registered Professional Geologist in the State of Washington.

As a consequence of the resignation of Mr. Rahimtula and the appointment of Mr. Aiken, the Board and Executive Officers of the Company are now comprised of the following:

- 2 -

<u>Name</u>	<u>Position</u>
